world views & practices & beliefs with respect to health regimens & marine-related activities & their role in learning & teaching of school science, rural villagers, Trinidad & Tobago, 7647

Health Attitudes—Chapters

Adulthood and aging: Transitions in health and health cognition, 12302
American Indian and Alaska Native populations in the United States: An overview, 9071
Asian American health and disease: An overview of the issues, 7659
Healing practices, 2453
Promoting health among Black American populations: An overview, 9072
Strategies for health education: Theoretical models, 2548
Tips for working with Asian American populations, 9083
Tips for working with Hispanic populations, 9078

Health Behavior—Serials

accuracy of self-reported health behaviors & risk factors related to cancer & cardiovascular disease, general population, 37769
adult religiosity, longevity & physical health & health behaviors & psychological well being & SES & social support, male vs female Ss from LA. M. Terman's 70-yr Life Cycle Study, 28562
affect & outcome expectations & self efficacy & behavioral intentions, prediction of health related risk behavior, 35–75 yr olds following 1st myocardial infarction, 34595
age & gender, preventive health behaviors & risk taking, adults 18–55 yr old & older, 31829
alcohol policy analysis & alcohol policy actors in Hungary, 8743
application of chronic disease risk index, assessment of lifestyle & development of chronic diseases & mortality & cancer incidence, 18+ yr olds, 19 yr follow up , 38458
assessment of wellness in terms of spirituality & self- regulation & work & recreation & love & friendship, Native vs non-Native American 9th vs 10th vs 11th vs 12th grade students, 38864
association between perceived family criticism & health behaviors & role of negative affect, family medicine patients, 12277
association of health beliefs & heath behaviors with attitudes about HIV immunization, 13–18 yr old adolescent health clinic clients, 12377
association of race & sex & maintenance of alcohol use & cigarette smoking avoidance, Black vs White 5th graders, 3 yr study, 17336
attitudes about causes & treatment of common diseases & relation to health behaviors, noninstitutionalized Black vs Hispanic vs non-Hispanic White American men & women 75+ yrs old, 31879
behavioral health risk factors & health care utilization, 18–99 yr old veterans receiving primary medical care, 9092
Big Five personality traits & health behavior & reporting of health problems, 75–84 yr olds, 20917
breast & cervical cancer screening practices, American Indian & Alaska Native women 18–65+ years, implications for prevention & control, 38446
breast cancer screening attitudes & practices, Russian immigrant females (mean age 49.3 yrs), Israel, 25362
cardiovascular disease knowledge & risk reducing behaviors, adults, 9059
cardiovascular disease prevention TV & print media campaign, health information seeking & interpersonal communication & effects on health knowledge & orientation, community residents, 3 yr study, 26927
central adiposity & cardiovascular reactivity & mental-stress induced BP & heart rate & body composition & metabolic syndrome & health practices, 52–79 yr old African Americans, 17015
challenges faced in primary-care-based recruitment strategies & interventions, physical activity, sedentary 35–75 yr olds , 38457
changes in vigorous & moderate exercise participation, 1st yr college students, 1 yr study, 5805
characteristics of maintenance of long-term weight loss & risk factors for weight regain, successful weight losers (mean age 45.6 yrs), 1-yr prospective study, 15455
characteristics of maintenance of long-term weight loss & risk factors for weight regain, successful weight losers (mean age 45.6 yrs), 1-yr prospective study, correction, 28645
church-based health behavior intervention program using social cognitive theory, at risk populations from rural lower socioeconomic groups, 18896
clinical implications for concept of response shift in health-related quality of life, implications for physician–patient relationship, 28623
coexisting cognitive vs exercise-limiting morbidities, obese 0.6–22.3 yr olds, 21432
cognitions concerning body perception & illness behavior & health, patients with somatization syndrome &/or hypochondriasis, 1948
cognitive & social & environmental & demographic predictors of health promoting behaviors, 16–19 yr old rural African American & white females, 2499
combat exposure & PTSD symptoms & health behaviors as predictors of self-reported physical health, 50–85 yr old male military veterans, 24102
comprehension regarding immunization promotion activities & use of immunization services, aware vs partially aware vs unaware mothers with at least 1 child under 5 yrs, Mexico, 31836
courage in a variety of lingering threats to well-being, individuals (age range 14–94 yrs old), 36118
culture & attitudes about cervical cancer screening & health behavior, 18–40 yr old American Indian women, 38463
cynical hostility & functional social support, males vs females, implications for psychosocial vulnerability model of hostility-related disease risk, 22016
demographic & lifestyle characteristics, problem behaviors & health risks, 12–15 yr old street youth, 975
development of measure of health salience, health concerns & health motivation & relation to other health beliefs & behavior, 35–45 yr old premenopausal & menopausal women, 3348
diet & cigarette & alcohol use & amount of exercise & obesity as measures of unhealthy lifestyle, middle-aged schizophrenic patients, 24246
differences in self-reported health behaviors, 19–67 yr old public health professionals vs support staff in county health departments, 19184
disease risk behaviors during major life transition, men vs women 14–21 yrs old, 31823
educational attainment level, motivational factors affecting dietary intake choices, adults, 25371
effect of having usual physician on patient health behaviors, 25–74 yr olds, 28661
effect of negative emotion on health & health behaviors, 33011
effectiveness of strategies of message about need to perform mammography screening & mammography performance as marker for other health-related behaviors & perceptions, 50–74 yr old females, 22096
effectiveness of Wessex Healthy Schools Award intervention in changing health promotion policy & practice & in influencing health-related knowledge & attitudes & behavior, secondary school students, 28939
employment & social support & marital status & education & societal expectation to care for family, health & health care use & attitudes, Vietnamese- vs Anglo-Australian women, 25352
evaluation of community based skin cancer prevention program, skin cancer prevention attitudes & knowledge & behavior, parents, 3 yr study, 25353
evaluation of health promoting community-level programs & secular trends in risk factors & health behaviors, 18956
evidence for & against association between light drinking & reduced mortality & confounding effects of diet & social class & social isolation & health status, implications for health behavior, 7763
executive dysfunction & resistiveness to physical care, male nursing home patients with dementia (aged 65–100 yrs), 24848
external reinforcement strategies, internal motivation & health behavior change, 2529
facilitators & barriers to daily exercise activities, 35–50 yr old Black females, 18880
facilitators of & barriers to & strategies for exercise, 35–50 yr old females, implications for nursing interventions aimed at decreasing sedentary behavior, 5804
factor structure & relationship between perceived barriers of & participation in vigorous physical activity, 9th & 11th graders, 30213
family solidarity & health behaviors, 25–74 yr olds, 14151
fatalism & risky health practices, Southerners vs Midwesterners, 9041
forming implementation intentions to eat healthily, eating behavior & bad eating habits, college students, 26412
frequency & intensity of positive & fear of negative covert consequences, prediction of exercise & seat belt use & consumption of healthy foods or their unhealthy alternatives, college students, 38442
frequency of health conditions & behavioral risk factors & preventive health practices & sexual behaviors & drug use, 18–65 yr olds in Harlem, 1992–94, 22094
gain- vs loss-framed messages, interest & intentions to use screening vs prevention behaviors, college students , 37116
gender & socioeconomic variables, food & dietary health opinions & practices, 15+ yr olds, Norway, 17635
general vs cancer-specific anxiety & adherence to breast self-examination, 17–77 yr old women with family history of breast cancer, 15441
health & prevalence of emotional distress & physical illnesses, social workers, 9368
health & psychosocial concerns & risk behaviors, rural 9th–11th graders, 23779
health behavior & perceptions & interventions to improve compliance with antihypertensive medication, African-American stroke patients, 38404
health behavior & quality of work life & factors related to organizational effectiveness, lumber company employees, implications for work-site health promotion efforts, 35653
health behavior in daily living, 5–12 yr olds, 935

health behaviors & lifestyles of family dementia caregivers, wives vs daughters, 25472
health behaviors during school to work or further education transition,15–16 yr olds, 2444
health beliefs & practices & alcohol consumption, males vs females, 4699
health care access & cigarette smoking & change in smoking status, male vs female African-American vs White adults, 7 yr study, 4697
health concerns & barriers to & facilitators of health behavior change, blue-collar females, implications for developing health promotion interventions, 2542
health control beliefs & objective & subjective health & health behavior, 65–94 yr olds, 11184
health education program, knowledge of & intentions to get & actual use of Pap smear as screen for cervical cancer, 18–91 yr old women from Lumbee tribe, 9043
health promotion & disease detection & monitoring behavior & coping style, 31–72 yr olds, 12291
health promotion counseling, health promoting behaviors, 20–83 yr old family home caregivers, 6 mo followup, 25330
health protective/risk factors, adolescents , 36705
health quality of life & response shifts, 24–64 yr old peer telephone supporters vs supported adults with multiple sclerosis, 28203
health related behavior & cancer screening, 17–55+ yr old lesbians, 25364
health risks associated with weight loss & obesity & alternative prevention treatment approach emphasizing enhancement of overall health & well being & normal eating patterns, 35118
health status & behaviors & health care utilization of bereaved parents (aged 32–61 yrs) following violent deaths of their 12–28 yr old children, 2.5 yr prospective study , 37161
health-endangering behavior risk & self-esteem, resilient vs nonresilient 7th–9th graders, 2 yr study, 846
health-enhancing behaviors & attitudes & breastfeeding, 17–45 yr old mothers with children 3 yrs or younger, 25359
health-promoting behaviors & hormone therapy self-efficacy, quality of life, 45–84 yr old female users vs nonusers of hormones, 31816
health-promoting behaviors, 20–91 yr old Black vs White caregivers of impaired elders, 31979
health-related actions in response to fatigue complaints, 25–65+ yr olds with fatigue, 11818
healthy behavior & values & social influences & decision to quit smoking, unemployed or vocationally trained 16–20 yr olds, 36796
hostility & weight status & weight cycling & dieting behaviors & nutrition attitudes, 5 yr longitudinal study, 20895
impact of dieting on mood & self-esteem & cognition & eating behavior & general psychological well being & alternative nondieting approaches toward eating, 35140
impact of factors on dietary behaviors, male vs female & Black vs White 4th graders, application of social cognitive theory framework, implications for children's nutrition education , 22087
importance of dietary habits & leisure time exercise & smoking & alcohol consumption & body mass index on self-ratings of health, 18–75 yr olds, 28644
individual factors related to dietary behavior & perceived susceptibility to cardiovascular disease & high blood cholesterol, 30–64 yr old females, 25341
induced mood, condom use intention & food choice, 18–41 yr olds, implications for theory of reasoned action to health related behavior, 19795
interactions with lay health advisors, mammography attitudes & behavior, African American females aged 50 yrs & older, 18860
intergenerational transmission, health-risk behaviors & health-risk lifestyles, adolescents & their parents, 33936
intervention components of Women & Infants Demonstration Project, 18891
intervention to challenge fashion advertisement credibility, body image attitudes & behaviors, college students, 4394
knowledge & attitudes & practices regarding personal protection measures to prevent arthropod-related diseases & nuisance bites, US Army soldiers, 2503
knowledge of & attitudes toward immunization & coverage, Chinese parents of 2-yr-olds & immunization providers in high vs low quality service delivery areas, 38466
knowledge of physician prescriptions & adherence to treatment, 6–10 yr olds with cystic fibrosis and their mothers, 38409
labeling- & commitment- & enactment-stage variables & other psychosocial correlates of condom use, heterosexuals, application of AIDS Risk Reduction model, 7754
level of health-related fear arousal & message order & persuasion, adherent vs unconverted students, implications for mass media health communications, 20420
life stage & substance use & health behaviors, African American adults previously assessed at age 12–17 & 18–23 & 26–31 yrs, 21300
mass media campaign for promotion of eating more fruits & vegetables, attitudes & consumption, 20+ yr olds, 5788
media attention & social institutional response, drunk driving behavior, 1978–96, 30115
methodological & assessment approaches for measurement of response shift in longitudinal health-related quality of life research, 27347
methodological problems in adaptation of Health Behavior in School aged Children study, elementary & junior high & high school students, Indonesia, 17189
midlife females perceptions of their changing bodies within Western cultural context & relation to health care, 40–53 yr old females, 23916
model of correlates predicting maintenance of regular exercise, 17–69 yr olds with long-term mobility impairments, 14908
model of health risk taking behaviors from decision-making perspective, 24009
mortality & health services utilization & health behavior, cohort of 65+ yr olds, 40 mo prospective study, 12364
nutrition-related cardiovascular health education program, nutrition-related knowledge & attitudes & behavior, adult ESL students, 9045
nutritional attitudes & practices, 18–74 yr olds, 14289
optimism & other beliefs about own sunbathing risk & relation to sunbathing behaviors, beach residents vs visitors, Tenerife, 25337
perceived sleep quality & associated behavioral & social & psychological factors among 15 yr olds, 11 & 13 & 15 yr old Finnish students, 26951
personal vs social responsibility for health & health behavior, 18782
personality & risky health behavior & perceived susceptibility to health risks, adults, 11240
personality factors & perceived health competence & health status, prediction of health behaviors, adults (aged 65–96 yrs), 22100
personality, preventive health behavior & comparative optimism about future health problems, 18–40 yr old university students, 18864
prenatal health behaviors & family background & work status, descriptions of babies & self as mother, 24–34 yr olds in 4th mo of pregnancy, 5832
prevalence of injection-related HIV risk behaviors, adult Mexican-American vs Puerto Rican vs African-American drug injectors, 1767
prevalence of lifetime rape & associated health risk behaviors, female college students in the US, implications for rape prevention, 14652
processes of change & pros & cons of smoking, prediction of progressive movements through stages of change, smokers, 1 & 2 yr followups, prospective analysis of transtheoretical model, 23941
progression through transtheoretical model stages of condom use, 18–77 yr old females, 1 yr longitudinal study, 2498
psychiatric provider practice management companies & economic & policy issues in behavioral health care delivery, 31898
psychosocial factors & sun protection attitudes & knowledge, sun protective behaviors on weekdays vs weekends, 7th vs 9th vs 11th graders in large vs small schools , 18847
psychosocial influences on job choice & sexually transmitted disease/HIV-related protective practices & attitudes & typologies, 17–33 yr old Indonesian female full-time commercial sex workers, 37024
rationale for widespread adoption of standardized health risk behavior survey, adult populations, commentary, 9938
rationale for widespread adoption of standardized health risk behavior survey, adult populations, 9937
reasons for no prenatal care & health behaviors & perceived & actual neonatal outcomes, urban mothers, New Mexico, 18863
recreational physical activity & sedentary behavior, risk of cholecystectomy, women 40–65 yrs old, 10 yr follow-up, 35134
relationship between exercise & behavioral indicators of nutritional risk, older adults living in rural areas (mean age 75.5 yrs), 18877
relationship of BP & health behaviors & religiosity, 35–80 yr old females, 5792
relationship of health behaviors & physical activity, male vs female 18–29 yr olds, 5793
religious importance & attendance & affiliation, unintentional & intentional injury & substance use & lifestyle, high school students , 7554
reporting of health-protective behaviors & substance use & sexual behaviors using computer-assisted self-interview vs written self-administered questionnaire, 13–20 yr olds, 22910
risk profile & reproductive cancer preventive practices, 35+ yr old Russian immigrant females living in Israel, 28649
risky sexual behavior & condom use, 18–45 yr old urban women engaging in health promoting behavior & attending a family planning clinic in the US, 25349
role of phase-specific optimistic self-beliefs in self-regulatory goal attainment vs threat appraisal processes in the adoption & maintenance of health behaviors, 18889
role of physical activity & demographic characteristics in clustering of health behavior, 16–25 vs 35–45 vs 50–65 yr olds, 22088
safe-driving &/vs health-maintenance behavior trends, 1985–95, US, 29234
school environment & teacher & peer support, tobacco & alcohol use & physical activity & dental hygiene & nutritional intake & seat belt & bicycle helmet use, primary through high school students, 38874
self-care & health related practices & status, outpatients with schizophrenia, 24261
self-care behaviors during pregnancy, 15–43 yr old females, 2507
self-efficacy & outcome expectations & dental health value, prediction of dental plaque preventive oral hygiene behavior, 22–72 yr olds, 25372
self-presentational motives, potentially unhealthy behavior, college students, 33897
short-term health education intervention, knowledge & beliefs & health behaviors, pre-menopausal 45 yr olds, 5798
silencing behaviors & transitions to self-advocating action, 21–55 yr old females with HIV/AIDS, 1976
social comparison as mediator of significant life events & response shift in health behavior, 27345
social control & health behavior change & psychological distress, adults, 7871
social inequality & behaviors or lifestyles as determinants of health, male vs female adults, 20876
social mobility & health related behaviors, adolescents, 17347
sociocultural factors, efficacy of health behavior models of breast cancer screening, African American females, 25320
sociodemographic & health-related behavior & medical condition predictors of onset of mobility or ADL difficulty or improvement to no difficulty, 70–85+ yr olds, 2 yr follow-up, 998
sociodemographics & malaria knowledge & attitudes, use of Permethrin Impregnated Bednets, rural households, Benin, 38461
stage distribution of 10 health risk behaviors & their interrelationships, under 50–75+ yr old HMO members, application of Transtheoretical Model of behavior change , 35145
stage of exercise adoption & practice of other health behaviors, university employees, 38445
stage-matched tailored educational intervention, mammography use, 40–74 yr old females, 2525
staged approaches to health behavior change & health promotion, 25355
stages of change & related health behaviors in smokers forced to quit, Air Force recruits in basic military training, 7764
strength of relationship between spiritual health & health-promoting behaviors, home fitness equipment company employees, 18892
stress & coping strategies & self esteem & health outcomes of depression & drug use & sexual risk behaviors, impoverished 18–65 yr old male vs female African Americans or Latinos, 8016
stress & emotional & other psychosocial & biobehavioral contributions to health & illness & relation to health behavior & psychology, 15378
style of anger expression & emotional expressivity & Big Five personality traits & somatic complaints & self-reported health behaviors, college students & 25–57 yr old community residents, 35138
sun avoidance practices,non-Hispanic White adults, implications for skin cancer health education, 25340
Sun Smart educational intervention, sun protective awareness & behavior & intentions to wear protective hats/clothing, 10–12 yr olds, 22089
suntanning behaviors & health knowledge & effectiveness of educational leaflet for changing knowledge & beliefs, 16–19 yr old females, 25329
techniques for gaining access to underresearched populations & implications for women's health research, 25323
testosterone level, health risk behavior & indicators of disease & overall health, males in the military who served vs did not serve in Vietnam, 1965–71, 14385
The Wellness Guide, wellness knowledge & attitudes & behavior, female clients of California Women, Infants & Children Supplemental Nutrition Program, longitudinal study, 5803
theoretical model for integration of response shift into health-related quality of life research, 26289

time–space analysis of family health care decision making & utilization & health behaviors, 18–59 yr old females, 18897
tobacco smoking & alcohol use & caffeine consumption & interpretation of symptoms, 19–88 yr olds self medicating for upper gastrointestinal symptoms, 31764
trends in health behavioral risk, 18–60+ yr old American Indians & Alaska natives, 37143
use of & attitudes toward injections & government health care system, adults, Uganda, 2437
use of Patient Exit Interview in assessment of physician-delivered counseling interventions for health behavior changes & smoking cessation, patients in primary care clinic, 12370
variable vs process theoretical approaches to personality psychosocial factors associated with risky vs health-protective behavior, 18848
weight loss and/or fitness for health improvement & reduction of body weight, persons with obesity, implications for paradigm shift, 35143
wellness approach focused on healthy lifestyle & positive attitude to health & self care & weight standards for prevention of weight gain & reduction of risk factors, obese patients , 35125

Health Behavior—Books

The psychology of well being, 25378

Health Behavior—Chapters

Adolescent development and health, 10752
Asian American health and disease: An overview of the issues, 7659
Evaluating functional and behavioral health, 32710
Information no one else knows: The value of self-report, 36099
Methodological issues in adult health psychology, 12306
Models, theories, and principles of health promotion with multicultural populations, 9069
Modernization, psychosocial factors, insulin, and cardiovascular health, 7140
Problem solving on health-related tasks of daily living, 20677
Psychology applied to health, 12296
Strategies for health education: Theoretical models, 2548
Tips for working with American Indians and Alaska native populations, 9077

Health Care Administration [See Also Hospital Administration]—Serials

collaborative model of state-provided assessment & policy development & assurance in Missouri's Disability Epidemiology & Health Project, 22077
ethical & organizational issues related to enteral tube feeding, patients with dementia, 8671
Functional Analysis of Care Environments Recording & Measurement System approach to person-based information for outcomes & resource management in mental health care, 31871
implementation of outcomes management model of treatment using Functional Analysis of Care Environments Recording & Measurement Systems at Menninger Clinic, 31880
issues in restructuring the clinical practice procedure standards, 31896
leadership collaboration to change organizational values & shift to health promotion approach in continuing & home care program, managers & staff & clients, 25468
provision of hospice care in bureaucratized health care system, hospice personnel & clients, 2635

Health Care Administration [See Also Hospital Administration]—Chapters

Ethical issues in the clinical management of older adults with personality disorder, 27755
Public policy administration and the psychologist, 38665
Thinking horses, not zebras, 37619
University hospital administration, 38930

Health Care Costs—Serials

acute ambulatory- & hospital-billed charges & health care utilization, patients with multiple sclerosis, 5 yr study, 38501
American Medical Association proposal for health care insurance & policy & financing & employee benefits reforms , 38478
clozapine utilization & cost trends, outpatients with schizophrenia or schizoaffective disorder, commentary, 8939
clozapine utilization & cost trends, outpatients with schizophrenia or schizoaffective disorder, commentary reply, 8924
consent & unit & national costs of implementing Bournewood Judgement regarding dementia patients admitted to psychiatric wards, England, 25502
cost & utilization of health care, 18–56 yr old women with vs without histories of sexual abuse &/vs physical &/vs emotional abuse and/or neglect during childhood, 28680
cost benefit ratio of nootropic drug treatment, patients with Alzheimer's disease, 9022
cost-effectiveness of donepezil vs no treatment, Swedish patients with Alzheimer's disease, 35088
cost-effectiveness of psychotherapy vs medication alone vs combined treatment provided by psychiatrist or split treatment with psychologist or social worker using managed care & Medicare fee schedules, 12394
cost-effectiveness of substance abuse & drug-abuse treatment interventions & implications for policy making, 28781
costs & consequences & media impact, weight control & eating disorders, 35135
costs & recent progress & future possibilities of major disorders of brain, European countries, 2069
costs associated with different severities of Alzheimer's disease, patients with Alzheimer's disease & their caregivers, 11941
costs of historical approach vs needs based vs diagnosis based hypothetical investigatory/treatment models of disease management, patients with dementia, 9127
costs vs savings in lost earnings & treatment costs, adults with depression treated by general medical vs mental health specialists, 6 & 12 mo followups, 8746
day treatment vs enhanced standard methadone care, efficacy & cost, opioid dependent patients, 6 mo followup , 9225
decision model for cost effectiveness in treatment of acute episode of schizophrenia & subsequent maintenance, 5821
depressive symptoms & health costs, Veterans Administration medical or surgical inpatients over 60 yrs old, 15469
diagnosis & mental health care utilization & cost, mental health inpatient vs outpatient enrollees , 31888
Disability-Adjusted Life Year as measure of health status & consideration of direct & indirect & social costs & economic burden of psychiatric disorders in health economics, 14415
disabled family member, health care utilization & expenditure patterns for disabled & other family members without disabilities, 18–65+ yr olds, 22112
drug therapies & resulting shift in burden of care & costs, Alzheimer's disease patients, 25193
economic costs & service utilization, 60+ yr old Medi-Cal recipients with Alzheimer's disease or related dementias, 38494
effectiveness & cost & new models of substance user treatment & reasons why treatment does or does not work & role of health care staff in influencing quality & outcome of treatment, 9245
epidemiology & patterns of care & prognostic factors & economic impact of Alzheimer's disease, elderly, 1976–1997, 8600
estimated developmental & implementation & per eligible employee costs of standard vs enhanced employee assistance program, employees at various work sites, 5459
exercise status & health care costs, high vs low users of health care services & exercisers vs nonexercisers & participants (mean age 42.57 yrs) vs nonparticipants of wellness program, 4 yr study, 12358
expenses incurred for examinations & drugs & specialist consultations before diagnosis, patients with probable Alzheimer's disease, 8994
feasibility of telepsychiatry system to link psychiatrists to patients at rural community mental health center, commentary reply, 12427
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, commentary, 12388
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, 2587
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, commentary, 12423
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, commentary, 12425
financial impact of capitated contracts with Utah Medicaid on community mental health centers, 18981
geographic approach to mental health policy development & planning & funding, 2567
government policy of mental health capitation, 6–17 yr olds under Medicaid Program, 12429
health benefits & health cost savings of cat & dog ownership, 16 yr old & older owners & nonowners of pets, Australia, 20877
health care cost impact of feeding a phenylalanine-restricted diet, 30–50 yr olds with previously untreated phenylketonuria, 11962
health care costs & utilization before vs after definitive diagnosis & treatment, 19–55 yr olds diagnosed with nonepileptic psychogenic seizures, 1943
health related quality of life & depression severity & medical cost outcomes, patients receiving recommended vs less than recommended level of antidepressant treatment, 9132
identification of Alzheimer's disease solely from Medicare records, Medicare claims cases known to have some form of dementia, implications for prevalence estimates & claims reimbursement, 3 yr study, 11922
impact of psychiatric inpatient units attached to community mental health centers on costs & use of public & private health care & other resources, adults with serious mental illness, 12 mo study, 28250
increased HMO market share, decreased expenditures, patients covered by medicare's fee-for-service plan, 1990–1994, 12380
intensive vs standard case management, hospitalization & costs, patients with psychosis, 12392
managed care perspective of the cost of treating mental illnesses, 15468
maternal & childhood & other short-run costs of smoking, implications for HMOs & employers , 14213
medical costs of antidepressant drug overdose & risk of suicide & toxicity of antidepressants, patients with major depression, 5663
medical utilization & costs, clients (mean age 36 yrs) with panic disorder vs social phobia, 2580
mental health policy, issues of financial risk from expenditures, 5475
methodological framework for cost-benefit & cost-effectiveness analysis of drug abuse treatment services & economic model of addict choice & drug markets, 2682
methods of cost-effectiveness analysis in the evaluation of new antipsychotic treatment & implications for schizophrenia treatment & health care policy decision-making, 15320
monetary incentive/disincentive wellness & health promotion program, health & health behaviors & claim costs, hospital employees, 4 yr study, 29082
monitoring & counseling by general practitioner vs dietician, clinical & cost outcomes of nutritional counseling, 25–65 yr olds with hypertension vs type 2 diabetes vs obesity, 22106
mortality rate & cost-effectiveness of methadone maintenance as method of substance abuse treatment, 25 yr old injecting heroin addicts, 32026
outpatient therapy &/vs medication vs no treatment, hospital costs & use, HMO participants with anxiety or depression or adjustment disorder, commentary, 8729
outpatient therapy &/vs medication vs no treatment, hospital costs & use, HMO participants with anxiety or depression or adjustment disorder, commentary reply, 8719
patterns of health care costs, adults with depression &/or substance abuse, 12397
per diem & per annum & per patient costs & number of hospital days & disorder type, privately insured 19–65+ yr old psychiatric patients, 1993 vs 1995, 25494

effectiveness of telephone mammography program, lower income & minority females (aged 50 yrs & older), 6 mo & 2 yr followups, 2495
effectiveness of Wessex Healthy Schools Award intervention in changing health promotion policy & practice & in influencing health-related knowledge & attitudes & behavior, secondary school students, 28939
enablement as key element of Ottawa Charter on Health Promotion & UN International Convention on Rights of the Child & as core element of child-health promotion programs, 12353
evaluation of an education program for the early detection of cancer, detection of cancer symptoms & anxiety levels & patients' & doctors' delay, 40+ yr old community inhabitants living in Sweden, 31832
evaluation of health promoting community-level programs & secular trends in risk factors & health behaviors, 18956
evaluations of legislation & educational campaigns & interventions promoting rear seat use, proportions of children using rear seats in motor vehicles, 16250
factors affecting & promotion of health & healthy eating, 14–60 yr old & older island residents, Scotland, 5800
federal nursing centers & community health promotion, 9040
Food for Heart Program of nutrition & dietary counseling by public health nurses to lower blood cholesterol, residents of rural South at risk for heart disease, 28639
Groningen Active Living Model & behavioral change strategies, stimulating physical activity, sedentary 55–65 yr olds, 38464
health concerns & barriers to & facilitators of health behavior change, blue-collar females, implications for developing health promotion interventions, 2542
health promotion & disease detection & monitoring behavior & coping style, 31–72 yr olds, 12291
health promotion basis of disease understanding & accidents & knowledge & safety practices during activities of daily living, patients with epilepsy, implications for occupational therapy, 35361
health promotion counseling, health promoting behaviors, 20–83 yr old family home caregivers, 6 mo followup, 25330
health promotion in an urban primary health care nursing center, 9047
health promotion intervention, 65+ yr olds discharged from hospital to home care for chronic medical conditions, 22 wk & 1 yr followup, 18876
health promotion interventions for teenagers in general practice, 25375
health promotion teams for improvement of psychosocial work environment, factory workers (mean age 43.1 yrs), 12894
health promotion vs disease prevention models of school-based eating disorder prevention programs, 19374
health-promoting behaviors & hormone therapy self-efficacy, quality of life, 45–84 yr old female users vs nonusers of hormones, 31816
HIV intervention, abstinence & condom use & HIV risk intentions & perceptions & other risk behaviors, 15–18 yr olds, 1 yr study, Namibia, 9058
HIV testing & counseling, changes in sexual behavior & condom use, 18–70 yr old heterosexual males attending sexually transmitted disease clinics, 1993–97 study, India, 2491
implementation & evaluations of participatory action research project for HIV prevention education with lesbians & bisexual females, 2538
importance of research on social ties for health promotion, 35144
individual & organizational & health characteristics & availability of & participation in worksite health promotion programs, 18–55+ yr old employees, 3013
intervention components of Women & Infants Demonstration Project, 18891
knowledge of & attitudes & self-reported practice towards promoting regular physical activity, general practitioners, 28640
links between health promotion & social justice, implications for health education, 5811
living in area offering community-based long term intervention program, exposure to health care professional advice to quit smoking, 25–64 yr old males vs females, Finland, 12411
mailed reminders, influenza immunizations, individuals aged 65+ yrs, 12375
mass media campaign for promotion of eating more fruits & vegetables, attitudes & consumption, 20+ yr olds, 5788
medicalization & tyranny of physical appearance in adolescence & menopause & disempowering age stereotypes & race & ethnicity as influences on exercise & health promotion across lifespan, females, 2543
message framing in highlighting potential gains vs loss in promotion of sunscreen use as cancer prevention behaviors, 18 yrs & older beach goers, 12355
monetary incentive/disincentive wellness & health promotion program, health & health behaviors & claim costs, hospital employees, 4 yr study, 29082
on pneumococcal immunization low-literacy educational brochure, patient participation in health-care & patient–physician communication, inner-city elderly African Americans (mean age 63 yrs), 35129
organizing principles of organizational health psychology practice & implementation of organizational health center for organizational health & individual well-being, industrial organization, 16154
Pap & cancer screening rate & cancer knowledge & use & satisfaction with health services before vs after participation in health maintenance project, 20–60+ yr old Alaska Native women, 38527
participation & leadership in community based youth health promotion programs, participants & staff, 25361
perceived ownership of ElderCARE community coalition activities & its health promotion program, coalition members, 18955
perceived role of occupational therapists & therapy in health promotion work with elderly, occupational therapists, Wales, 35360
perceived sustainability of community-based heart health promotion interventions, 22–77 yr olds, 2522
perceptions of constraints & responsibilities for health promotion & of clients' responses to health education, 25–40 yr old primary health care nurses & midwives, Jordan, 2782
personal attributes & self & family sport participation & significant other influence on occupational choice, university students planning career in health promotion, 6353
physical & mental health effects of working in child welfare & health promotion & protection strategies, female workers, 9355
pilot health promotion program, weight gain & physical activity following marriage & social support provided by partner, couples, 22083
positive & negative factors influencing vegetable & fruit consumption & ideas for promoting their consumption, 20–45 yr old parents with children less than 12 yrs old, 22109
prevalence & patient & visit characteristics associated with provision of exercise counseling, community family physicians, 38460
primary care physician education & public awareness campaign about urinary incontinence, help seeking behavior & treatment, 65+ yr olds & primary care physicians, 9020
process evaluation of the recruitment of lay health advisors for sexually transmitted disease prevention, 38443
Project DIRECT community intervention for health promotion & outreach & care, African Americans with diabetes, 2604
psychology & health promotion, 2532
recall & perceived credibility of expert- vs spiritual pastor-oriented nutrition education computer-tailored bulletins, 18 yr old & older rural African American church members, 2 yr followup, 18853
risky sexual behavior & condom use, 18–45 yr old urban women engaging in health promoting behavior & attending a family planning clinic in the US, 25349
role of health promotion research in diffusion & institutionalization of effective health interventions, 18882
role of M. Foucault's philosophy in ethics of health promotion, 5787
sexual education & health promotion program, sexual knowledge, adolescent & adult females with mental retardation , 18969
social & community & preventive interventions on health psychology efforts toward violence & health promotion & competence across lifespan, 15389
stage-matched tailored educational intervention, mammography use, 40–74 yr old females, 2525
staged approaches to health behavior change & health promotion, 25355
story/dialogue method for health promotion knowledge development & program evaluation, 18869
strength of relationship between spiritual health & health-promoting behaviors, home fitness equipment company employees, 18892
The Wellness Guide, wellness knowledge & attitudes & behavior, female clients of California Women, Infants & Children Supplemental Nutrition Program, longitudinal study, 5803
theoretical insights in development of new sex education program, 6170
theoretical models & techniques for promotion of active lifestyle in sedentary patients, physicians as agents of behavior change, 5807
treatment strategies for promoting & reclaiming sexual health, 15103
use of reminder letters for Pap tests & mammography screening & patient compliance, adult females, 35146
usefulness of Grounded Theory to highlight cultural relevance in attitudes about health screening & pain perception, American Indian women, implications for health behavior change interventions, 36091
worksite health promotion intervention, tobacco smoking & cessation, male vs female blue collar workers, 2.5 yr follow up, 5791

Health Promotion—Books

Promoting health in multicultural populations: A handbook for practitioners, 9062

Health Promotion—Chapters

American Indian and Alaska Native populations in the United States: An overview, 9071
Assessing needs and planning, implementing, and evaluating health promotion and disease prevention programs among Asian American population groups, 9068
Behavioral medicine interventions with older adults, 5814
Controlling other sexually transmitted diseases, 31854
Cross-cultural concepts of health and disease, 9073
The cultural assessment framework, 9074
EAP and wellness collaboration, 25872
Health promotion in Latino populations: A sociocultural model for program planning, development, and evaluation, 9065
Health promotion in the context of culture, 9079
Health promotion planning in African American communities, 9063
Health promotion planning in Pacific Islander population groups, 9084
Health Promotion, 12378
HIV prevention for the general population, 31856
Insights for HIV prevention from industrialized countries' experiences, 31861
Intervening in blood supply and use systems: HIV testing, 31853
Intervention research for future HIV prevention: Design and implementation considerations, 31855
Interventions for adolescents, 31851
Interventions for commercial sex workers and their clients, 31859
Interventions for injecting drug users, 31849
Interventions for workers away from their families, 31857
Models, theories, and principles of health promotion with multicultural populations, 9069
Planning health promotion and disease prevention programs in multicultural populations, 9081
Postexposure prophylaxis: A community member's perspectives, 31148
Prevention and promotion models of intervention for strengthening aging families, 31573
Promoting access to care in early psychosis, 31414

Promoting health among Black American populations: An overview, 9072
Promoting health in African American populations: A case study, 9087
Promoting health in Pacific Islander populations: Case studies, 9088
Tips for the practioner, 9082
Tips for working with African American populations, 9076
Tips for working with American Indians and Alaska native populations, 9077
Tips for working with Asian American populations, 9083
Tips for working with Hispanic populations, 9078
Tips for working with Pacific Islander populations, 9075
Why computerized life-style assessment is good for business, 6283

Health Psychology [See Health Care Psychology]

Health Screening [See Also Cancer Screening, HIV Testing, Physical Examination]—Serials
attitudes toward carrier status & utilization of carrier & prenatal testing, relatives of individuals with cystic fibrosis, 11796
candidate measures & trade-offs in screening & determination of potency of client risk factors for clinical & policy significance, 29415
dependence severity & motivation to change drinking behavior & demographics, 18–64 yr old patients of hospital questionnaire screening for alcohol disorders vs routine physician referral, 12-mo study, 9236
development & validity of adolescent version of Questionnaire of Eating and Weight Patterns, screening for binge eating disorder, 10–18 yr olds, 32698
empirical adequacy of theory of planned behavior in Pap smear use intentions, 18–83 yr old African American vs Latina females, 28637
expenses incurred for examinations & drugs & specialist consultations before diagnosis, patients with probable Alzheimer's disease, 8994
experience of predictive tests for Alzheimers Disease & genetic counseling process & life planning & psychological issues, individual at risk for Alzheimers Disease, 12369
factor structure of Obsessive Compulsive Drinking Scale & subscale distinctiveness & internal consistency & predictive validity & differentiation, alcohol dependent patients, 36028
gain- vs loss-framed messages, interest & intentions to use screening vs prevention behaviors, college students , 37116
genital tract infections & contraceptive choices, 14–44 yr old females with positive vs negative Papanicolaou smear results, 15449
health status & screening & attendance for general health care, adults with Down's syndrome, 1885
HIV testing & counseling, changes in sexual behavior & condom use, 18–70 yr old heterosexual males attending sexually transmitted disease clinics, 1993–97 study, India, 2491
interest in & receipt of DNA testing, family members at risk for Fragile X Syndrome, 11776
knowledge of tuberculosis & attitudes & tuberculosis test return rates, iv drug users, 18887
managed care approach to screening for anxiety & depression, 30–90 yr old females with breast cancer, 9935
medical evaluation & reporting of child physical & emotional abuse, 24432
medical interview as vehicle for disclosure of child sexual abuse, 25387
Pap & cancer screening rate & cancer knowledge & use & satisfaction with health services before vs after participation in health maintenance project, 20–60+ yr old Alaska Native women, 38527
perceptions & comfort level with new triennial Pap smear screening guidelines, 20–69 yr old females, 25366
prevalence of occult sleep apnea & periodic limb movement revealed by polysomnography screening, recruited older adults with insomnia, implications for psychological treatments for insomnia, 28036
scores on Millon Behavioral Health Inventory Life Threat Reactivity Scale, prediction of cardiac mortality & personality traits, patients awaiting heart transplantation, 5 yr followup, 9880
serum lipid screening, Vietnam veterans with chronic PTSD, 12916
use & accurate interpretation of questionnaire in screening for mental disorders, psychiatrists & other mental health professionals, 15466
validity & reliability of wellness inventory, graduate students less that 54 yrs old, 18783

Health Screening [See Also Cancer Screening, HIV Testing, Physical Examination]—Chapters
Medical assessment and management and the organization of medical services, 14954

Health Service Needs—Serials
adoption experiences & concerns & service needs 3–5 vs 13–15 mo after placement, adoptive parents of children aged 1 yr 5 mo to 6 yrs 7 mo with prenatal substance exposure, 37572
age differences in health care needs & use patterns, older adults with HIV, 1975
assessment of community & health services needs of & utilization by inner city youth, 14–19 yr olds & parents & community leaders & service agency providers, 9151
attitudes toward need for assistive services, use of social & medical services, Black vs White vs Hispanic family caregivers of elderly patients with dementia, 25471
characteristics & treatment needs, not-guilty-by-reason-of-insanity vs voluntary patients in public psychiatric hospitals, implications for social work practice, 12485
clinical needs assessment following 1995 Oklahoma City bombing, middle & high school students in need of formal evaluation for posttraumatic response symptoms, 28647
culture & mental health services, quality of life & unmet needs, adults with schizophrenia, 8744
current needs & trends & risks in community-based care in mental health & long-term care, older persons with severe mental disorders, 35159
decision processes & support needs, family caregivers of patients with dementia, 22224
development & reliability of INTERMED, classification method for assessing health service needs, patients, 15477
drug exposure during gestation, developmental functioning & health & caregiving needs & visits by biological parents & case dispositions, 0–15 mo olds in family foster care, 12449
efficacy of matching drug treatment services to client needs, 18–59 yr old drug abusers in community-based programs, 6 mo followup, 25528
estimates on current & future need for drug abuse treatment, marihuana users, 25523
family-centered interdisciplinary community-based assessment & consultation model, children with special health needs, implications for role & training of speech pathologists & audiologists, 22186
gap between mental health service need & utilization, school based mental health program, children in psychiatric outpatient clinic vs in elementary or high school, erratum, 12738
harmony & balance & other concepts shared by traditional folk healing & contemporary health care systems, 9000
issues in health care decision making, adults without decision-making capacity, implications for health care professionals, 18937
issues in research into mental health needs & views of Irish immigrants as ethnic minority, Great Britain, commentary, 27136
issues in research into mental health needs & views of Irish immigrants as ethnic minority, Great Britain, commentary & reply, 11988
mental health care needs & ethical dilemmas, rural residents with mental illness & substance abuse, 18929
met & unmet needs & satisfaction with services, patients in PRISM Psychosis Study in intensive vs standard community service, commentary, 15534
model of staffing needs based on workload, VA outpatient mental health clinics, commentary, 9106
model of staffing needs based on workload, VA outpatient mental health clinics, commentary, 9090
model of staffing needs based on workload, VA outpatient mental health clinics, commentary reply, 9128
mortality risk & sociodemographic factors & mental disorders & subjective health status & need for care, community sample of 85 yr olds & older, 34041
motivation & social context & health needs, female adolescent sex workers (aged 13–18 yrs), Puerto Rico, 23924
multidisciplinary assessment of mental health service needs, mentally disordered offender patients in North London medium & maximum secure hospitals, 38573
nature & prevalence of behavior difficulties & need for specialist care in long-term elderly care settings, nurses & carers in NHS long-stay wards vs nursing homes vs residential facilities, 28725
need for & factors affecting description & classification of mental health services across countries, Europe, 9120
need for individual &/vs neighborhood risk factors in predictive mental health needs assessment models, 18–65+ yr olds, 5460
need for mandatory legislation to enhance services, people with disabilities, Nigeria, 18911
perceived physical or psychological/emotional or socially urgent need for out-of-hours care, general practitioners serving inner-city patients requesting out-of-hours services, 18954
perception of met needs, parents of 2–12 yr olds in pediatric units of hospitals, 38560
predictors of additional service use following treatment for major depression, 13–18 yr olds, 14479
predisposing & enabling & need components, community-based services use & type of assistance received, homeless 18 yr olds & older, 2 yr study, 18980
proposal of transformed developmental guidance counseling service delivery model for mental health needs of at-risk youth, 3003
psychiatric & physical needs & need for development of specific diversion programs, 10–17 yr old offenders, 18105
rehabilitation needs, outpatients with epilepsy, 5823
report from Camberwell Needs for Care Survey on treatment of psychiatric disorder in the community, Ss with mental disorders, 18474
revised epilepsy needs document for the UK, 9097
self identified needs & patterns of service use, 50–78 yr old grandparent caregivers, 11032
social functioning & community psychiatric care needs, 17–58 yr olds with schizophrenia or paranoid psychosis assessed for 15 yrs after 1st hospitalization, 14593
sociodemographic characteristics & need for treatment & help-seeking attitudes, healthy vs treated vs untreated depressed 15–64 yr olds, 21091
socioeconomic & psychosocial & racial/demographic factors related to increased need for social work services, mixed parentage children, Britain, 22162
socioeconomic deprivation & perceived doctor availability, perceptions of medical urgency, patients attending general practices, 18951
strategies for improving mental health, Maori, New Zealand, 15470
use of & need for mental health services, 13–17 yr old urban youth, 2 yr followup, 38507
validity & clinical use of INTERMED, classification method of assessing health service needs, outpatients with back pain, 15430
viability & use of SF-36 health-related quality of life questionnaire, screening for need for social work assessment of psychosocial needs, 65 yr old & older primary care patients, 9872

Health Service Needs—Chapters
Aging, 2452
Counseling teen fathers, 34844
Dementia and public policy considerations, 12432
The great Hanshin-Awaji earthquake: Adapted strategies for survival, 12964
Health care for adolescent girls, 22156
Interfaces between substance abuse treatment and other health and social systems, 35348
Morbidity, medication, and functional limitations in very old age, 10943
The need for psychotherapists in the Northern Province (South Africa), 34835

Health Service Utilization [See Health Care Utilization]

Hearing Acuity [See Auditory Acuity]

Hearing Aids [See Also Cochlear Implants]—Serials
acoustic effects of 1- & 2- & 3-mm vents, in-the-ear & in-the-canal & completely-in-the-canal hearing aid shells, adults, 32067
early & lifelong hearing aid use, perception of vibrotactile speech stimuli, deaf 18–45 yr olds, 2463
effectiveness of Compensate for Loudness by Analyzing Input-signal Digital Hearing Aid, adults (mean age 73.6 yrs) with hearing loss, 9019
English language & grammar achievement, prelinguially deaf children with vs without cochlear implants vs hearing aids, 18469
hearing aid fitting & treatment compliance, caregiver-identified problem behaviors, 71–89 yr olds with Alzheimer's disease & hearing loss, 18834
hearing aid use & length of use & degree of hearing loss, pure tone frequency, loudness category levels, hearing impaired 24–56 yr olds, 34709
judgements of appearance & personality & assertiveness & achievement of same-race 10–12 yr old males with vs without hearing aids, Black vs White female college students, 20854
speech intelligibility in noisy environments, 12–77 yr old patients with 1- or 2-microphone hearing aids, 22287
temporal vs spatio-temporal vibrotactile displays of fundamental voice frequency, speech perception, normal-hearing 20–29 yr olds & hearing impaired 19–30 yr olds, 2663
test–retest reliability of preference judgments of artificially processed & hearing-aid transduced speech, normal hearing 18–25 yr olds vs hearing impaired 22–57 yr olds & males vs females , 34713
Widex Senso vs analogue hearing aids, hearing thresholds, first-time hearing aid users with hearing losses, 28226

Hearing Disorders—Serials
age & degree of hearing loss, growth of distortion product otoacoustic emissions at 2 kHz, 7–87 yr olds with sensorineural hearing loss, 8702

age & hearing loss, ability to discriminate & identify vowel sounds, 23–24 yr olds vs 71–77 yr olds with normal hearing vs 69–74 yr olds with cochlear implants, 8698
age & hearing loss, auditory temporal processing of speech vs nonspeech sounds, 18–40 vs 65–76 yr olds, 18457
age-related adaptation in distortion product otoacoustic emission, 2 strains of young adult vs old mice, 23408
amplification vs proportional frequency compression of speech, speech recognition, 16–78 yr olds with sensorineural hearing loss, 34712
analysis of cry vocalizations, newborns & infants with vs without hearing impairments, implications for early detection, 31365
attention to & weight of target tone embedded in broadband signal, 21–75 yr old hearing-impaired vs normal-hearing listeners, 15058
audiovestibular functions in family with low-frequency sensorineural hearing impairment linked to chromosome 4p16, 28231
auditory training & signal enhancement procedures & linguistic cognitive interventions for management, children with central auditory processing disorders, 38632
biophysical/physiological & psychophysical & clinicopathological approaches to analysis of cochlear prosthetic implant function, implications for treatment of sensorineural hearing loss, 34710
carbamazepine, Lyme disease-induced hyperacusis, 33 & 35 yr old women, 11804
career development & vocational maturity, 13–18 yr old students with hearing impairments, implications for prevocational programs, 5444
clarity of peak clipped vs compression limited signals, normally hearing vs hearing impaired 7–9 vs 10–12 vs 16–50 yr olds , 8707
clinical applications for evoked otoacoustic emissions for identification of retrocochlear pathologies, persons with hearing loss, implications for infantile autism and learning disorders, 35879
clinical decision theory in prediction of response tests for conductive hearing loss, 2–10 yr olds, 15066
clinical value of diagnostic trends on behavioral & electrophysiological tests, children with auditory processing deficits associated with learning difficulties, 35877
communication capacity & hearing-aid benefit & intrapersonal requisites & evaluation of afferent & central & efferent model of communication, 22–44 yr old patients with hearing impairment, 34699
communication factors contributing to vocational adaptation, hearing impaired workers, Philippines, 5451
communication partner attitudes toward speakers' acknowledgement of disability & personality during social interaction, 19–22 yr olds with hearing impairments, implications for counseling, 18451
consonant recognition & degree of spectral resolution of speech stimulus, 45–70 yr olds with sensorinueral hearing loss, 31370
disordered complex sound processing, 37945
effectiveness of Compensate for Loudness by Analyzing Input-signal Digital Hearing Aid, adults (mean age 73.6 yrs) with hearing loss, 9019
effects of cochlear hearing loss on auditory brainstem response test specificity & false positive rate in retrocochlear assessment, patients referred for auditory brainstem response screening, 28239
etiology of & risk indicators for hearing impairments, 7 yr olds, 8703
factors associated with aggression & violence, deaf & hard-of-hearing people, 24891
graphical method for determination of speech intelligibility index for monaural listening & evaluation of disability, persons with hearing impairment, 35876
hearing aid fitting & treatment compliance, caregiver-identified problem behaviors, 71–89 yr olds with Alzheimer's disease & hearing loss, 18834
Hearing in Noise Test list equivalency for speech in quiet vs in 65 dBA noise with noise at 0 vs 90 vs 270 degrees azimuth, 60–70 yr olds with sensorineural hearing loss, 6567
just-audible & just-objectionable levels in perception of microphone noise in hearing instrument, hearing impaired adults , 8701
linear amplification vs multichannel compression, speech comprehension in backgrounds with spectral vs temporal dips, adults with cochlear hearing loss (mean age 77.9 yrs), 8704
loudness perception & frequency discrimination, 37–56 yr olds with cochlear hearing loss, 2117
low intelligence & hearing & vision impairment, boys with disproportionate head circumference vs children with mental retardation vs healthy children & their mothers, 37235
low vs high-frequency noise, cubic distortion product otoacoustic emissions vs inferior colliculus auditory EP measures of outer hair cell functioning & hearing loss, young vs aged chinchillas, 495
measures of auditory-visual integration in nonsensical speech recognition, 41–76 yr olds with moderate-to-deeply sloping hearing impairments, 2113
mechanisms & prevention of noise-induced hearing loss, 21625
model of pure-tone loudness perception, adults with cochlear hearing loss, 34708
monotonic vs dichotic musical interval identification, complex tone pitch perception, 61–74 yr olds with high-frequency cochlear hearing loss, 34697
need for data on prevalence of speech & language & hearing disorders & impact of public health & school interventions, 2969
otitis media with effusion caused conductive hearing loss & reversible binaural hearing impairment & short & long term effect on hearing & brain, ferrets, 36439
parental reports & diagnoses for otitis media & related hearing impairments, full- & pre-term infants, 27-mo prospective study, 21623
paternal absence vs presence, socio-emotional & language & academic outcomes, deaf & hard of hearing 3.6–7.0 yr olds, 5440
perceptions of hearing difficulties & comprehension of verbal language & identification of nonverbal communication, day & residential treatment staff for intellectually disabled adults, 12419
performance of optimal bandpass filtering in identification of click evoked otoacoustic emissions, full-term neonates & babies at risk for hearing impairment, 20519
performance on Communication Profile for Hearing Impaired, male vs female 65–93 yr olds with mild to moderate hearing loss, 31362
physiological changes in adult auditory system & auditory learning & deprivation & recovery & hearing impairment & relation to motor system plasticity & pathology, commentary, 6817
pitch discrimination & auditory thresholds & frequency & loudness factors & age differences, 22–32 yr old normal vs 36–70 yr old hearing disordered listeners, 18450
pulse rates & stimulus duration & measures of speech-perception performance & auditory deprivation & experience & gap-detection thresholds, early-deafened cochlear-implant 9.3–21.5 yr olds , 15403
recruitment of auditory cortex by long-term cochlear electrostimulation, congenitally deaf cats, implications for hearing acquisition in prelingually deaf infants, 33166
reliability of adaptive categorical loudness measure, normal & hearing impaired 12–81 yr olds, 19702
sex, auditory brainstem response latency estimated cochlear filter times, 19–60 yr olds with mild–moderate cochlear hearing loss, 2112
simulation of monaural & binaural amplification at several signal-to-noise ratios, nonsense syllable recognition, normal vs hearing-impaired listeners, 15054
syllabic compression & expansion of temporal envelope, speech intelligibility & speech & music sound quality, 17–75 yr olds with normal vs sensorineurally impaired hearing, 21635
temporal integration of loudness, 32–72 yr olds with hearing impairments of primarily cochlear origin, 24876
temporal vs spatio-temporal vibrotactile displays of fundamental voice frequency, speech perception, normal-hearing 20–29 yr olds & hearing impaired 19–30 yr olds, 2663
time delay before target stimulus & context-related vs -neutral vs -unrelated vs traditional stimulus sentence presentation, speech perception, 19–87 yr olds with severe to profound hearing impairment, 24880
toluene, assessment of frequency of hearing deficit, rats, 23531
unilateral auditory temporal resolution deficit & assessment & word recognition in noise & reverberation & time-compression conditions, 21 yr old female with unilateral hearing loss, 34711
use of neural networks for determination of accurate diagnostic performance of measurements of retrocochlear pathology, adults with unilateral vestibular schwanomas, 19495
verbal & nonverbal auditory stimulus duration & other parameters & interstimulus interval, verbal & nonverbal memory & serial recall, 6–7 vs 9–10 yr olds with vs without hearing loss, 24882
visual vs hearing vs sensory impairment & subsequent functional dependence & mortality, community-dwelling 55–74 yr olds, 31367
white noise masking, auditory signal localization & detection, 52–74 yr old males with hearing disorders vs normal adults receiving low-pass-filtered auditory stimuli, 24884
Widex Senso vs analogue hearing aids, hearing thresholds, first-time hearing aid users with hearing losses, 28226
within group differences, children with some degree of hearing loss, implications for service delivery, 15055
Hearing Impaired (Partially) [See Partially Hearing Impaired]
Hearing Measures [See Speech and Hearing Measures]
Heart [See Also Heart Valves, Heart Ventricles, Myocardium]—Serials
immobilization stress, effect of antiallergic drug cromolyn vs corticosterone releasing hormone antagonist, coronary mast cell immunochemistry, male rats, 604
organization based management training seminar, level of organizational support for employee heart health, management personnel, 2504
Heart Attacks [See Heart Disorders]
Heart Beat [See Heart Rate]
Heart Disorders [See Also Angina Pectoris, Arrhythmias (Heart), Myocardial Infarctions]—Serials
affective disturbance & cognitive distortion & errors, functional impairment & response to stress of illness, adults with heart disorders before vs after outpatient cardiac rehabilitation, 25507
age, knowledge of mortality risks & perceived general risk & personal risk & control & preventability of coronary heart disease & breast & colon & lung cancer, 41–95 yr old females, 25286
alcohol consumption & coronary heart disease & stroke, 1207
anger as risk factor for coronary heart disease, men vs women & self- vs spouse ratings of Spielberger's State-Trait Anger Expression Inventory & other nonprojective personality measures, 5296
anger, 49-65 yr old males at risk for heart disease, 9 yr study, Wales, 29950
approach vs avoidance coping strategies, anxiety & depression & well-being, 32–74 yr old patients with coronary heart disease, 1 yr study, 34600
association between hostility & retrospective descriptions of interactions between male twins & prediction about correlates of hostility, implications for models of hostility & health, 5297
biological & psychological risk factors for coronary heart disease, 15–30 yr olds, Finland, 12 yr followup, 24760
cardiac autonomic control & pathogenic BP variability & psychological & behavioral risk factors in psychophysiologic model of coronary artery disease & acute coronary syndromes, 11861
cardiac event, drug treatment for depression, 50–79 yr old cardiac patients, 28507
changes in daily hassles & life events & coping & type A behavior, biological & lifestyle risk factors for coronary heart disease, 27 yr olds, 2 yr study, 12290
changes in quality of life & affective disturbances during cardiac rehabilitation & individual differences in trait anxiety & defensiveness & noncompliance, cardiac patients (mean age 58.8 yrs), 19034
clinical & demographic characteristics & other factors mediating relationship between coronary heart disease & cognitive impairment, 67–65+ yr old community dwelling males vs females, 21516
cognitive-behavioral hostility-reduction intervention, hostility & resting BP, adult male coronary heart disease patients, 2 mo followup, 24764
congenital heart disease, emotional development & family relations, adolescents, implications for psychological intervention, 18334
congestive heart failure & cognitive impairment, 65–95 yr olds, 1390
coronary risk factors following coronary artery bypass surgery, female patients, 1 yr followup, 28105
cultural consonance in lifestyle vs conventional SES measures, risk of coronary heart disease, 25–65 yr old African Americans, 8582
depression & physician vs self-ratings of physical functioning & dyspnea, male vs female outpatients with clinically stable heart failure, 8589
depressive symptoms vs vital exhaustion as psychosocial risk indicators for coronary artery disease, 16+ yr olds, 8586
dysrhythmia after initiation of clozapine treatment, 44 yr old male with chronic schizophrenia, 15352
EEG response to enforced darkness reminiscent of night driving, Type A behavior, professional drivers with ischemic heart disease vs hypertension , 5287
effect of exercise training on quality of life, patients (mean age 65.6 yrs) with chronic heart failure, 2430
effectiveness in risk factor modification of & patient response to & physician willingness to adopt computerized coronary risk profiles, physicians & their 30–74 yr old patient, 3–6 mo followup, 2514
efficacy & tolerability & safety of paroxetine vs nortriptyline, 18 yr olds & older outpatients with major depression & ischemic heart disease, 27616
epidemiological evidence of similar clinical patterns in Type A behavior & coronary artery disease & mood disorders, 21068
evaluation of media campaign for education on cardiopulmonary resuscitation for cardiac arrest, 18–74 yr olds, 17170

exercise training & spouse overprotectiveness, improvement in self efficacy during cardiac rehabilitation, 30–70 yr old coronary patients, 38582
experiences of fathers of infants hospitalized for severe congenital heart disease, 23–40 yr old men, 23903
feasibility of diet intervention, cholesterol level, hypercholesterolemic low-income patients (mean age 56.7 yrs), 5290
fluoxetine & fluvoxamine, cardiac side effects, patients with depression (aged 45 yrs & older), erratum, 18743
health education & stress management programs, cardiac rehabilitation, coronary heart disease patients, 35289
help intended communication & adjustment, married couple following 62 yr old husband's recovery from heart attack, 23887
Holter system & medical algorithms in monitoring of electrocardiography in study of cardiac rhythm, healthy school children & children with organic heart pathology, 18333
joint hypermobility syndrome & mitral valve prolapse, adults (mean age 38.5 yrs) with panic disorder with vs without agoraphobia, 1643
lab-induced mental stress, relationship between high vs low emotional responsivity & transient myocardial ischemia, 36–74 yr olds with coronary artery disease , 28106
left side cradling preference, 24 yr old mother with dextrocardia, 8517
long-term prevalence & severity of emotional disability & suffering from recurrent & intrusive recollections of cardiac arrest, 24–90 yr old cardiac arrest survivors, followup study, 24767
major depression, self-maintenance & instrumental activities of daily living as measures of functional status, inpatients with coronary artery disease, 14991
major vs minor vs no depression, daily functioning, 45–79 yr olds with coronary heart disease, 1-yr followup, 28112
metabolic syndrome levels, caregivers with vs without coronary heart disease who cared for spouses with Alzheimers disease, 15–18-mo follow-up, 1999
mild vs clinical depression at entry into behaviorally oriented coronary rehabilitation & prevention program, lifestyle changes & rehabilitation & prevention, adults, 3 yr study, 22248
moderate drinking, vital exhaustion & coronary heart disease, Japanese vs native-born males living in Britain, 1197
nursing interventions & patient care in rehabilitation teams, nurses & cardiac patients & caregivers, 15426
objects of & intensity of fear regarding coronary arteriography, patients before vs after procedure (mean age 60.5 yrs), 31791
perceived social support & trait hostility as predictors of depressive symptoms 1 mo postdischarge, 36–93 yr old coronary artery disease patients, 8490
perceptions of illness experiences, peri- & postmenopausal women with coronary heart disease, 28107
personality functioning & adjustment difficulties, 13–18 yr old heart transplant recipients with congenital vs acquired heart conditions, 35080
plasma norephinephrine & BP & heart rate at rest & in response to orthostatic challenge as indicators of altered autonomic nervous system activity, coronary heart disease Ss with vs without depression, 14386
positive & negative aspects of social relationships & fibrinogen in risk for coronary heart disease, 20–43 yr old healthy adult females, 11849
premorbid & postsurgical psychiatric disorders & psychotropic medication & neurologic events & management & mortality, 16–73 yr old Novacor or Abiomed cardiac ventricular support patients, 28109
prevalence of depression & anxiety & differences in sleeping patterns, 45–68 yr old male patients before vs after coronary artery bypass surgery, 6 mo followup, 31784
prevalence of mitral valve prolapse, 6–18 yr olds with anxiety disorders, 24346
prevalence of neurological abnormalities & behavioral & learning problems, 4–13 yr old children with dextrotransposition of great arteries, 1995
private prayer in spiritual coping, psychological adjustment, 40–80 yr olds following coronary bypass surgery, 2461
psychological stress, 30–68 yr olds awaiting heart transplantations, 2489
relations between biological & psychosocial risk factors, adult males (mean age 56.8 yrs) with ischemic heart disease, 8588
relationship between coronary heart disease risk factors & exercise adoption, government employees (mean age 39 yrs) participating in a worksite lifestyle screening program, 18852
role of resistance training in heart disease, 2425
self efficacy as predictor of disease management, 60–93 yr old females with heart disease, 18328
sertindole as a high affinity antagonist of the human cardiac potassium channel & acquired long QT syndrome, cloned human cardiac potassium channels of human ether-a-go-go-related gene & Kv1.5 , 4252
survey of US Air Force flight surgeons on training for & uses of clinical preventive services using coronary heart disease as an indicator, 38366
survival rate & health-related quality of life, males vs females with congestive heart failure, 1 yr study, 5285
use of teamwork in cardiopulmonary resuscitation, nursing personnel, 15419
use of tricyclic vs selective serotonin reuptake inhibitors in treatment of depression in patients with heart disease, 38301
validity of Spanish version of Structured Interview, assessment of Type A behavior, 29–68 yr old male heart patients with vs without coronary disease , 19616

Heart Disorders [See Also Angina Pectoris, Arrhythmias (Heart), Myocardial Infarctions]—Chapters

The validity of bodily symptoms in medical outpatients, 36100

Heart Rate—Serials

2-wks of daily sessions of cocaine self-administration, diurnal rhythms of heart rate & core temperature, rats, 33496
alcohol, intentional learning of emotionally salient verbal stimuli & heart rate, 18–30 yr old male social drinkers, 20266
ambulatory BP & heart rate on work vs nonwork days during luteal vs follicular phase of menstrual cycle, 25–50 yr old female registered nurses, 22307
analgesic & respiratory & heart rate effects of cannabinoid and opioid agonists, rhesus monkeys, 4286
assessment of heart rate & anxiety & coping strategies as adaptation to examination stress, 1st vs 2nd yr medical students, 2743
association between continuous performance tests & heart rate variability, 7.5–12 yr old males with ADHD, 14812
behavioural & physiological & heart rate response to noises during handling, beef heifers, 10368
behavioural reactions & HR during handling manipulations, foals & young Konik horses reared in forest reserve vs conventional stable, 10324
BP & HR responses during naturally occurring interpersonal interactions involving verbal communication, traffic enforcement agents, implications for reactivity hypothesis of cardiovascular disease, 10506
cardiac responsiveness during performance of attention task, hyperactive vs nonhyperactive 7–12 yr olds with pervasive developmental disorder not otherwise specified, 34422
caution in behavior & heart rate during gambling task, female college students with self-reported high vs low shyness, 30479
daily repeated social separation, temporal changes in the pituitary adrenocortical & sympathoadrenomedullar axes & heart rate & behavior, 6 mo old castrated male pigs , 26721
differential behavior assessed by heart rate, fetuses of diabetic vs nondiabetic mothers, 27994
effect of visual biofeedback on heart rate control in multielement design, 25 yr old female, 4083
EKG data–heart rate dynamics, male vs female withdrawal-free alcohol dependent adults (mean age 40 yrs), 21305
electro-acupuncture & running, blood pressure & heart rate & nociceptive thresholds, rats, 7008
electrodermal activity & heart rate & subjective & behavioral arousal & prevailing mood & depression, 33–58 yr old males, 4047
errors in heart rate estimation in psychophysiological studies & solution which corrects cardiotachometer data offline, 4066
frequency of gambling & sensation-seeking & subjective arousal & heart rate during win vs lose gambling, female fruit machine gamblers, 16995
heart beat perception & medication effects, male vs female patients with depressive vs somatoform vs personality disorders, 20994
heart rate & blood pressure variability at rest & anxiety, hyper vs normotensive adults, 8590
heart rate & respiratory sinus arrhythmia & pre-ejection period & T-wave amplitude (cardiac activity) during sleep onset, adults, 20194
heart rate & salivation & eating & craving & negative affect, 20–70 yr old female self-reported chocolate addicts, 11304
heart rate & subjective estimates of dependence of intensity of emotional feeling on need intensity & probability of its satisfaction, 18–45 yr olds, 4068
heart rate changes to approach of dominant monkey & tension reduction function of allogrooming, female macaques, 10298
heart rate variability at rest & during mental stress, 46–79 yr old coronary artery disease patients with high vs low depressed mood score, 14989
hostile attributes, ambulatory BP & heart rate & mood, 30–45 yr olds, 7153
hostile attributes, ambulatory BP & heart rate & mood, 30–45 yr olds, correction, 17009
hunger vs satiety motivation state & familiarity with stimulus, behavioral & autonomic responses to artificial & food-related odors, neonates, 26948
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, 26712
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, commentary, 26725
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, commentary, 26709
low vs high parasympathetic tone, regulation of homeostasis, fetuses between 36 & 40 wks gestation, implications for behavioral development, 26936
medial prefrontal lesions, appetitive Pavlovian conditioned jaw movements & heart rate, rabbits, 16768
midline thalamic nucleus lesioning, classical eyeblink & heart rate conditioning, rabbits, 7029
modulation of skin conductance response & electrodermal activity preceding aversive stimulus, heart rate & risk for drug dependency, 16–18 yr old males, 14761
perceived exertion ratings & heart rate measures of activity intensity on simulated occupational tasks, adult males , 17005
perceived vs actual alcohol intake, subjective anxiety & heart rate & cognitions, 21–60 yr olds with social phobia, 30778
perceptions about heartbeat, actual heartbeat counting performance, patients (mean age 71.3 yrs) with cardiac pacemakers, 19706
physical restraint stress, heart rate variability as measure of active vs passive coping style, laying hens from high- vs low-feather-pecking lines, 13673
physical rocking intervention, spontaneous head & mouth & body movements & heart rate, mentally & physically handicapped 15.4–26.8 yr olds, 5911
physical vs psychological stressors, electrocardiogram readings vs pulse when measuring heart rate & reactivity, 18–35 yr old Ss, 26722
plasma norephinephrine & BP & heart rate at rest & in response to orthostatic challenge as indicators of altered autonomic nervous system activity, coronary heart disease Ss with vs without depression, 14386
presentation of false heart-rate feedback, performance of 2 common heartbeat-detection tasks, male college students, 26699
prior chronic cold induced stress, mean arterial blood pressure & heart rate & behavioral responses to restraint & formalin, male rats, 4023
psychological stress & endogenous estrogen, plasma homocysteine & heart rate & blood pressure, 40–63 yr olds, implications for role of stress in cardiovascular disease, 29970
pulse rate & BP & cardiovascular reactivity in natural school setting, 7–10 yr olds, 26932
risk of predation from dogwhelks, heart rate & behavioral responses, mussels, 36362
security of attachment, behavioral inhibition & heart rate & respiratory sinus arrhythmia, 4.5 yr olds, 26949
self talk & systematic desensitization of non-acrophobic elevator phobia, heart rate & fear & elevator usage, 11 yr old female, 8814
social isolation & suppressed anger & depressive symptoms & other psychosocial factors & heart rate variability, 30–65 yr old women, 10515
startling tones, HR & skin conductance & eyeblink reactivity, females with PTSD, 21182
state anxiety, vagal control of heart rate, 50–69 yr olds with major depression, 21116
subjective thresholds & subliminal psychodynamic stimuli, anxiety & heart rate, male vs female college students, commentary reply, 4054
temperamental traits, ERPs & heart rate deceleration response & reaction time, 19–25 yr old females, 10511
use of target heart rates during exercise & perception of traditional heart rate chart vs newly developed heart rate guide, college students, 4761
visual & tactile contact with boa constrictor, heart rate or systolic or diastolic BP, 18–35 yr olds, 20221

Heart Rate Affecting Drugs [See Also Caffeine, Epinephrine, Theophylline, Verapamil]—Serials

amiodarone-induced delirium, 54 yr old man treated for congestive heart failure & atrial fibrillation , 28583
digoxin & immunization against endogenous digitalis like factors, voluntary selection of ethanol & conditioned place preference, male rats, 20258
prior chronic cold induced stress, mean arterial blood pressure & heart rate & behavioral responses to restraint & formalin, male rats, 4023

Heart Surgery—Serials
aspirin vs other drug treatments, plasma catecholamines & mood, patients with heart transplant vs coronary bypass vs as yet treated heart disease, 38430
characteristics of caregivers & effect of patient's sex & age on their experience of receiving that care, cardiac surgery patients in recovery, 28719
coronary risk factors following coronary artery bypass surgery, female patients, 1 yr followup, 28105
incidence & pathophysiology & etiology & risk factors, delirium after cardiac surgery, elderly patients, 38434
interviewing for quality of life & physical & emotional health & social well-being & reactions to supportive care, 43–77 yr olds after coronary bypass surgery patients, 1 yr followup, 31775
intraoperative cerebral microembolic signals & postoperative neuropsychological deficit, patients with cardiac valve replacement vs coronary artery bypass grafting, 2467
neurocognitive functioning & perceived cognitive abilities, patients (mean age 61 yrs) undergoing coronary artery bypass grafting, 19015
non-pharmacologic pain management, coronary bypass patients, 25298
optimism & self esteem components of cognitive adaptation theory as predictor of new coronary events, 31-80 yr old patients treated with percutaneous transluminal coronary angioplasty, 6 mo followup, 31792
personality functioning & adjustment difficulties, 13–18 yr old heart transplant recipients with congenital vs acquired heart conditions, 35080
predictors of poor psychological outcome after coronary bypass graft surgery, adult patients, 15412
preoperative clinical & demographic characteristics & life stressors & social support & surgery outcome, depressive syptomatology, coronary artery bypass graft patients (mean age 65.3 yrs), 35102
presurgical physical vs mental components of health-related quality of life as predictors of 6-mo mortality, patients who underwent coronary artery bypass graft surgery , 18837
prevalence of depression & anxiety & differences in sleeping patterns, 45–68 yr old male patients before vs after coronary artery bypass surgery, 6 mo followup, 31784
psychosocial functioning, patients after cardiac transplantation vs artery bypass graft vs awaiting transplantation, 2482
structural modeling analysis of anxiety & depression & personality & background factors, 28–78 yr old patients undergoing coronary artery bypass graft surgery, longitudinal study, 12321
Heart Transplants [See Organ Transplantation]
Heart Valves—Serials
joint hypermobility syndrome & mitral valve prolapse, adults (mean age 38.5 yrs) with panic disorder with vs without agoraphobia, 1643
Heart Ventricles—Serials
neighborhood- & family-level SES & hostility & cardiovascular reactivity & left ventricular mass, Black vs White children & adolescents, 11858
Heartbeat [See Heart Rate]
Heat Effects—Serials
adenosine kinase inhibitors, acute thermal nociception, mice, 20318
appropriateness of international heat stress standards for use in tropical agricultural environments in developing countries, 18–25 yr olds, applications to agricultural work, 22744
coding with high-velocity fan during rest pauses, heat stress during simulated firefighting activity, 22–42 yr old firefighters, 10495
early sensitization to tonic heat, 17–77 yr old chronic pain patients with musculoskeletal/back pain or headache, 21469
heat pain thresholds as function of assessment method & rate of rise, adult males vs females, 16457
heat, emotions & behavior, normal Ss, 33003
heat-lamp-induced sleep latencies & q-tip & odor-bottle olfactory stimuli in method for testing odor detection & discrimination, food-deprived 1 day old chicks, 33035
heat/capsaicin sensitization model of hyperalgesia in response to nociceptor stimulation, 23–32 yr olds, 23012
increased water temperature & predation threat, choice of shoal size, female guppies, 36301
intracellular calcium levels & heat threshold & heat responses, nociceptors, rats, 29817
method for quantifying critical thermal maximum as measure of upper limit of temperature tolerance for use in heat-escape behavior studies, rats with experimentally induced hyperthermia, 3392
moderate & transient temperature increases & endogenous adenosine, excitatory synaptic transmission in hippocampal A1 receptors, rats, 16973
mood & coping & acute dental pain, thermal pain onset & tolerance, male vs female dental patients (mean age 35.6 yrs) experiencing pain due to acute irreversible pulpitis, 37745
neonatal thermotaxis, reversal in learning head-turning operant for warming reinforcer, 1 vs 5 vs 11 day old rats in cool environment, 13401
nerve growth factor, thermal hyperalgesia & neutrophil accumulation, rats, 628
painful heat stimulation of hand skin, motor cortex excitability, adults, 33307
peripheral conduction velocities of cold & warm & paradoxical heat sensations, 18–36 yr olds, 16951
postnatal capsaicin pretreatment & C-fiber reduction, developmental changes in pain responses to nociceptive heat, mice, 33214
systemic & spinal & supraspinal L-arginine & nitric oxide & cyclic guanosine monophosphate pathway & glutamate induced thermal hyperalgesia, male mice, 26767
tramadol, thermal nociceptive thresholds & formalin induced hyperalgesia, male rats, 4105
vanilloid receptor subtype 1 as capsaicin-receptor homologue in high threshold for noxious heat, cells from human & animals, 16994
Hebephrenic Schizophrenia—Serials
cortical sulcal enlargement, brain morphology, 18–65 yr old patients with catatonic vs hebephrenic vs paranoid schizophrenia, 34180
Heels (Anatomy) [See Feet (Anatomy)]
Height (Body) [See Body Height]
Helicopters—Serials
simulated helicopter flight & optokinetic cervico reflex, 23–50 yr old male military helicopter pilots , 7028
spatial disorientation & night vision device-guided helicopter flight accidents, 3146
Help Seeking Behavior [See Also Health Care Seeking Behavior]—Serials
ambivalent or avoidant attachment style, social support network orientation effect on help-seeking from teacher or mentor, academically at risk college students, 19331
awareness & attitudes toward mental disorders & help-seeking sources & practices, 30–83 yr old rural community residents, Ethiopia, 35113
beliefs about help seeking, caregiving experience & caregiver burden, family caregivers (aged 37–86 yrs) of patients with Alzheimer's disease, 25475
caregiver attitudes & use of community services, caregiver wives (mean age 72 yrs) of community dwelling dementia care recipients, 25453
chronicity & help-seeking behavior, 18+ yr old marital vs acquaintance vs stranger sexual assault female survivors, 37483
cooperative work in side-by-side vs shared screen visual information vs speech -only dialogues, comprehension efficiency, novice-expert pairs, 39032
cross cultural differences in sociodemographic & attitudinal variables predictive of & overall willingness to seek help, young adult university students & recent graduates, Hungary vs Israel vs US, 1303
demographic characteristics & diagnostic differences & treatment-seeking behavior, 21–78 yr old participants in anxiety support groups in Durham & Dallas, 25268
demographics & help seeking & internal locus of control & material resources & parental behavior, stable vs lowered educational expectations, 8th graders, 6-yr study, 25785
Eastern & Western medicine, illness cognition & help-seeking behavior in Singapore , 1098
experience of childhood abuse & attempts at disclosure & help seeking, adult child abuse survivors (aged 25–55 yrs), 21256
frequency & orientation of help-eliciting communications & puzzle-solving ability, male vs female 3.2–5.3 yr olds, 30138
future directions for research on caregiver attitudes toward & beliefs about & perceptions of service use, 22959
help seeking behavior & contacts & utilization of formal & informal health & social services, 18–98 yr old urinary incontinence sufferers vs non-sufferers, 25407
level of disability & mitigation by social & instrumental support & perceptions of network's helpfulness, depressive symptoms, 65 yr olds & older, 24228
mood influence on verbal communication of request formulations, students, 20858
no vs immediate &/vs delayed formal or Alcoholics Anonymous treatment selection & depression & drinking related outcomes, persons with drinking problems, 1 & 3 & 8 yr follow ups, 28785
panhandling as dramaturgical routines to gain attention & interest of passersby, homeless persons, 17446
perceived group stereotypicality & perceived group dispersion, judgments & help seeking behavior, White males, 7843
perceived reasons for classroom help-avoidance & help-seeking behaviors in math class, 10–12 yr olds, 9509
perceptions of & desire to seek assistance from self vs other oriented help-providers, college students, 1245
perceptions of appropriate & inappropriate child rearing practices & help seeking preferences for children at risk, Jewish immigrant parents, Israel, 20760
personal & contextual achievement goals & help seeking during problem solving, 4th–5th graders, 9525
preferred characteristics of potential school based adult helpers & perceived barriers to seeking help, White 9th graders, 2951
primary care physician education & public awareness campaign about urinary incontinence, help seeking behavior & treatment, 65+ yr olds & primary care physicians, 9020
proximal vs distal factors associated with on-line perceptions of support helpfulness, 19–76 yr old married couples, 20718
psychological problems & stress & demographics, self-reported formal & informal help seeking, college students, 22563
relationship between attribution of psychiatric illness & use of mental health services, urban Chinese college students, 31866
role of primary care providers in identification & treatment of depression for patient help-seeking patterns, 18–75 yr old females visiting primary care clinics for low-income families, 34134
role of sociodemographic characteristics & type & severity of personal problems in help-seeking from African American ministers & use of other professional help sources, adult African Americans, 8730
sex & power & social norms, use & quality of verbal strategies in seeking help & impression of help seeker in organizations, undergraduates & hospital personnel, 33895
sociodemographic characteristics & need for treatment & help-seeking attitudes, healthy vs treated vs untreated depressed 15–64 yr olds, 21091
struggle with child's chronic illness & sources of strength & social & professional support resources, family of 17 yr old boy with Sturge-Weber syndrome, 28212
temporal & weather factors & lunar phases & crisis intervention center telephone service utilization & similarity with cycles in suicide rates, callers, 28708
willingness to seek help & professional commitment & advancement, social workers (mean age 37.6 yrs), 32130
Help Seeking Behavior [See Also Health Care Seeking Behavior]—Chapters
Motivation for behavior change and treatment among substance abusers, 21358
Resolving alcohol and drug problems: Influences on addictive behavior change and help-seeking processes, 21359
Helping Behavior [See Assistance (Social Behavior)]
Helplessness [See Also Learned Helplessness]—Serials
aging & cultural & individual motivation, perception of control, older persons, 23822
perceived control, patterns of health service use, 66–98 yr old patients with arthritis, 25304
solvable vs unsolvable discrimination tasks, experience of uncertainty, high school students, test of information-processing model of helplessness prediction , 26986
Helplessness [See Also Learned Helplessness]—Chapters
A relational diathesis model of hostile-helpless states of mind: Expressions in mother–infant interaction, 36859
Spiritual surrender: A paradoxical path to control, 23860
Helplessness (Learned) [See Learned Helplessness]
Hematologic Disorders [See Blood and Lymphatic Disorders]
Hematoma—Serials
child abuse vs accidents vs disease as cause of subdural hematomas & main clinical features at presentation, children under 2 yrs of age, 10 yr study, 1997
etiological evidence via CT & MRI of subcortical hematoma in right occipital lobe, 62 yr old male with amnestic syndrome, 18397
presenting symptoms & surgical treatment of 71-yr-old female with Gerstmann's syndrome resulting from chronic subdural hematoma, 5372
Hemianopia—Serials
differential pupillary constriction & awareness in blindsight, 41-yr-old male with hemianopia, 34688
patterns of hysterical hemianopia, inpatients, 1938
personal report of hemianopia due to occipital infarct & neurological functioning & visual hallucinations, 63 yr old male professor of neurology, 34616
saccadic strategies, 5–16 yr olds with hemianopia, 1944
saccadic strategies, 5–16 yr olds with hemianopia, commentary reply, 31069
saccadic strategies, 5–16 yr olds with hemianopia, commentary, 31043
shape perception & deficits of visual consciousness vs visual function, 24 yr old male and 50 yr old female with homonymous right hemianopias, 5445

temporal cuing, residual visual discrimination, 40 yr old male with right field blindsight, 15061
visual perception of motion & luminance & color, 49 yr old with hemianopia, 31290
Hemiopia [See Hemianopia]
Hemiplegia—Serials
etiology of anosognosia for hemiplegia, 4 51–81 yr olds with pontine infarction, 31216
predictability of peer problems based on IQ & neurological severity & visibility & parent- & teacher-rated adjustment, 6–8 yr olds with hemiplegia in mainstream education, 3 yr follow up, 18448
predictive validity of Halstead Category Test as cognitive-ability correlate of motor-function recovery in upper-limb hemiplegia, 27–82 yr old stroke survivors, 29355
side of body with increased muscular tension, visual vertical judgment in standing posture & side of displaced judgments, hemiplegic 51–76 yr olds vs normal 53–87 yr olds, 31253
Hemispherectomy—Serials
linguistic & nonlinguistic visuospatial abilities, 20-yr-old female with left hemispherectomy as a result of Sturge-Weber syndrome, 8644
Hemispheric Specialization [See Lateral Dominance]
Hemodialysis—Serials
development & reliability & validity of Compliance Rating Scale, chronic hemodialysis patients, 26205
mania associated with renal failure & its treatment with hemodialysis, 67 yr old female, 9034
perceptions of experiences, patients receiving hemodialysis for end stage renal disease, 1933
social support from family & health care workers & dietary management, 44.6–69.8 yr old hemodialysis patients, 38421
social support from family & health care workers & dietary management, 44.6–69.8 yr old hemodialysis patients, commentary, 38418
Hemoglobin—Serials
nutritional additive containing polyunsaturated fatty acids, intraerythrocytic metabolism & hemoglobin affinity for oxygen & adaptation to exercise, 19–21 yr old athletes, 16989
sex & season, glycosylated hemoglobin levels, adult patients with seasonal affective disorder, 21100
Hemophilia—Serials
child's clinical characteristics & parental emotional reactions, childrearing practices, 0–12 yr old males with hemophilia & their mothers, 21449
health related quality of life, patients with severe hemophilia, 11802
Hemorrhage [See Also Cerebral Hemorrhage, Hematoma]—Serials
frequency & duration of amnesia & size of ventricles, patients following perimesencephalic hemorrhage, 2035
PTSD, patients with liver cirrhosis who survived variceal hemorrhage, 24338
topographical disorientation, 70-yr-old female with hemorrhage in right medial parietal lobe, 2091
Hemp (Cannabis) [See Cannabis]
Henmon Nelson Tests Mental Ability [See Intelligence Measures]
Hepatic Disorders [See Liver Disorders]
Hepatitis—Serials
attitudes toward parenting style & child's competence, 25–43 yr old parents with healthy children & children with hepatitis B virus, 21470
attitudes towards & rates of hepatitis B vaccination, men aged 18–37 who have sex with men in a college town, 12368
clinical features & course & prognostic factors, survivors vs nonsurvivors with severe alcoholic liver injuries, 21308
clinicopathological changes after abstinence, heavy drinkers with chronic hepatitis induced by alcohol with or without hepatitis G virus, 21344
hepatitis B vaccination, anti-HIV-1 seropositive former iv heroin addicts in methadone maintenance treatment, 32029
hepatitis induced by therapy with maprotiline & opipramol, 61 yr old male with depression, 5606
incidence & risk factors for depression from interferon therapy, patients (mean age 49.9 yrs) with hepatitis C, 6 mo prospective study, 28608
incidence of HIV & herpes & hepatitis & urethritis & proctitis & epididymitis, 12 mo follow-up study, HIV-negative men who have sex with other men , 1962
persistent manic depressive illness induced by interferon-alfa treatment for hepatitis C, 40 yr old male, 9029
prevalence & incidence rate of HIV & hepatitis B & C, drug users on methadone maintenance treatment, 1919
prevalence of hepatitis C virus, injecting drug users with short injecting histories vs users after expansion in harm reduction programs, 31960
sensitivity to & diagnosis of akathisia during interferon-alpha therapy, 48 yr old female with hepatitis, 22055
seroprevalence of HIV & hepatitis B & syphilis & engagement in commercial sex with men & other risk behaviors, 15–70 yr old male transvestite sex workers, Pakistan, 24682
seroprevalence of HIV & hepatitis C virus & intravenous drug usage & unsafe sexual behaviors & self-mutilation & tattoos, methamphetamine- vs solvent- vs alcohol-dependent patients, Japan, 27888
sociocultural perspective on processes of self redefinition following diagnosis, 26–48 yr olds with hepatitis C, 18260
validity of self-reported hepatitis B serostatus, adult drug users, 11611
Hereditary Disorders [See Genetic Disorders]
Heredity [See Genetics]
Hermaphroditism—Serials
complex delusional misidentification syndrome of delusional hermaphroditism, case report of a 44 yr old man demonstrating Fregoli syndrome & environmental reduplication, 27543
development of psychopathology, 2–27 yr olds with intersex conditions treated through sex assignment & genital organ correction & parent counseling & child psychotherapy, comment, 15075
issues in gender identity problems & sex reassignment & clinical management, 27 yr old man with penile agenesis, 1926
social structure & bi-directional pattern of sex change, coral dwelling gobies, 396
sperm exchange during mating, hermaphroditic flatworms, 4011
Hermeneutics—Serials
critical hermeneutics perspective on HIV infection risk, human females, Thailand, 8561
hermeneutic vs scientific approach toward Rorschach assessment & reliability & validity of Rorschach instrument resulting from both approaches , 19590
hermeneutics of interpersonal understanding &/vs psychotherapeutic empathy, 34794
personality correlates of religious constructs assessed by hermeneutic application of five-factor model, middle school students (mean age 14.63 yrs), 20694
relevance of hermeneutics & intersubjectivity to interpretation of psychoanalytic dialogue, 5586
representational–computational vs hermeutic–dialogical approaches to human cognition & communication, 6445
Hermeneutics—Books
Interpreting interpretation: The limits of hermeneutic psychoanalysis, 21836
Hermeneutics—Chapters
Ambiguity is of the essence: The relevance of hermeneutics for psychoanalysis, 5595
Hermeneutics and rhetoric: A seen but unobserved relationship, 4345
Qualitative research: A matter of hermeneutics and the sociology of knowledge, 22986
What can management researchers learn from Donald T. Campbell, the philosopher? An exercise in hermeneutics, 25934
Heroin—Serials
acquisition rate of cocaine & heroin self-administration, male vs female rats, 23541
alterations of T-lymphocyte proliferative responses & immunophenotypic markers on lymphoid cells, 20–40 yr old male heroin addicts & heroin withdrawal Ss, 5078
axis I & axis II psychiatric comorbidity, adult male heroin using prisoners vs psychiatric hospital patients, 30873
beta-funaltrexamine, dose–effect curves for heroin self-administration, male rats, comparison with alteration of [3H]DAMGO binding, 709
cocaine &/vs heroin self-administration, nucleus accumbens extracellular dopamine concentration, male rats, 7204
contingent infusions of heroin vs RU 51599, sensitization of motor activity, rats, 707
decade of birth & sex, age of initiation to heroin use, heroin users, Australia, 1791
discriminative stimulus effects of cocaine/heroin speedball effect, male rhesus monkeys, 4230
efficacy & risks associated with diamorphine treatment, persons with heroin dependence, 25141
flupenthixol &/vs quadazocine, self administration of cocaine & heroin speedballs, rhesus monkeys, implications for polydrug abuse treatment, 33450
heroin & cocaine usage patterns, methadone patients, 1792
lamotrigine, naloxone-precipitated opiate withdrawal, heroin-dependent 29–41 yr olds, 2696
mathematical analysis of changes in incidence of heroin/cocaine use, Switzerland, 1979–97, application of compartment model, 21317
medical consequences of alcohol & opiate & heroin abuse, patients with HIV, 28081
methadone maintenance & dose vs naltrexone vs drug-free program, retention in treatment, heroin users , 2684
naloxone dosages, heroin self-administration response rates, morphine dependent male rats, 29983
naloxone, heroin-seeking & reinforcement, male rats, 711
nociceptin & dose, heroin self administration & locomotor activity, male rats, 4291
patterns & correlates of injecting vs smoking routes of heroin use, Indochinese vs Caucasian heroin users (mean age 26 yrs), Australia, 11641
presentation & differential diagnosis & treatment with trihexylphenidyl & clinical & MRI course, 19 yr male with severe extrapyramidal syndrome with oculogyric crises following intranasal heroin abuse, 18417
prevalence & course of benzodiazepine abuse, heroin abusers in methadone maintenance treatment, prospective 1 yr study, 25522
quality of life, heroin dependent patients, before vs 1 yr after start of methadone maintenance treatment, 2685
reinforcement value of heroin/cocaine combination in progressive ratio schedule of drug reinforcement, male rats, 657
repeated heroin administration, extracellular opioid peptide levels in globus pallidus/ventral pallidum, freely moving rats, 726
self administered cocaine vs cocaine & heroin, breaking points in progressive ratio reinforcement schedule, male rats, implications for polydrug abuse & treatment, 4253
use of lemon juice as heroin solvent, injection drug users, Spain, 21334
Heroin—Chapters
Criminal justice responses to adult substance abuse, 15660
Heroin Addiction—Serials
alternate-day buprenorphine dose, precipitated withdrawal, female 34 yr old opiate addict , 12516
decade of birth & sex, age of initiation to heroin use, heroin users, Australia, 1791
dose-related reinforcing effects of hydromorphone, abstinent vs nonabstinent heroin addicted 18–50 yr olds during outpatient buprenorphine maintenance, 38607
drug injection & other HIV-risk taking behaviors, heroin & methamphetamine users, 18090
effectiveness of methadone maintenance for heroin addiction, treatment implications, 5935
efficacy & risks associated with diamorphine treatment, persons with heroin dependence, 25141
hepatitis B vaccination, anti-HIV-1 seropositive former iv heroin addicts in methadone maintenance treatment, 32029
hyperbolic vs exponential discounting functions to choices of immediate vs delayed monetary & drug rewards, heroin addicts (mean age 34.5 yrs), 27861
impulsiveness & discount rates for delayed monetary rewards, 31–42 yr old heroin addicts, 11625
laterality as possible diagnostic indicator of drug dependency, 17–21 yr old heroin addicts, 1759
mortality rate & cost-effectiveness of methadone maintenance as method of substance abuse treatment, 25 yr old injecting heroin addicts, 32026
prevalence of heroin dependence & somatic health & social & psychiatric status at time imprisonment & personality traits & cognitive functioning, smoke- vs injection-heroin-dependent prisoners, 27838
Heroin Addiction—Chapters
Millie's story: Motherhood, heroin, and methadone, 34384
Herpes Genitalis—Serials
complete suppression of recurrent herpes labialis during treatment with lithium, 44-yr-old woman, 35075
Herpes Simplex—Serials
associated movement disorders & antiviral therapy & prognosis, children with herpes simplex virus encephalitis, 1934
caffeine & acyclovir, herpes simplex virus type I-induced paresthesia, male rats, 4269
efficacy & safety of gabapentin, 40–90 yr olds with postherpetic neuralgia, 9030
gene transfer into neurons by herpes simplex-based vectors for molecular & cellular analysis of animal behavior & models of neurological diseases, 33169
incidence of HIV & herpes & hepatitis & urethritis & proctitis & epididymitis, 12 mo follow-up study, HIV-negative men who have sex with other men , 1962
interleukin-6 & herpes simplex virus type 1, behavior & immunopathology, adults, 34534
neuropathic mechanisms & use of tricyclic antidepressants & anticonvulsants & local anesthetics & clonidine & NMDA-antagonists & opioids in treatment of postherpetic neuralgia, 38393
socioeconomic & demographic characteristics & sexual behavior & history of sexually transmitted diseases, risk for herpes simplex virus type 2, 18–76 yr old female sex workers, 14923
sphenopalatine ganglion blockade, bradycardia from sinus arrest during exacerbation of postherpetic trigeminal neuralgia, 64 yr old female with systemic lupus erythematosus, 15425

work rehabilitation, 28 yr old female with amnesia following herpes simplex encephalitis, 12549
Heterogeneity of Variance [See Variance Homogeneity]
Heterosexual Interaction [See Male Female Relations]
Heterosexuality—Serials
attitudes about condoms & HIV risk behavior, 24–49 yr old heterosexuals in different types of relationships & occupations , 18878
attitudes toward heterosexuals, 18–25 yr old homosexuals, 17530
differences between & expectations of romantic relationships, 21–58 yr old homosexual vs heterosexual males, 33832
heterosexual dominance in Cultural Context Model for treating domestic violence, couples, 28343
heterosexual transmission of HIV, men &/vs women, 5273
identification & magnitude of spontaneous otoacoustic emissions, male vs female heterosexuals vs homosexuals vs bisexuals, 16544
internalization of sociocultural norms & body image, 18–58 yr old heterosexual vs lesbian females, 1168
minority stress theory applied to direct & indirect experiences of workplace heterosexism, gay & lesbian & bisexual adults, 16127
pregnancy vs disease prevention as motivations for condom use, heterosexual 17–25 yr olds, 33836
prevalence of resistance relating across sexuality, heterosexual vs homosexual African American professional women, 7736
relationship quality & outcomes, gay vs lesbian cohabitating vs heterosexual married couples, 5 yr study, 4615
sexual orientation & penile size, 18+ yr old homosexual vs heterosexual males, 23923
stress & stress management strategies, lesbian vs heterosexual females (aged 19–67 yrs), 31819
Heterosexuality—Chapters
Dominant discourse in heterosexual relationships: Inhibitors or facilitators of interpersonal commitment and relationship stability?, 37090
Queering the center by centering the queer: Reflections on transsexuals and secular Jews, 24001
Heterozygotic Twins—Serials
age & cohort differences in cognitive ability, 41–84 yr old monozygotic &/vs dizygotic twins reared apart vs together, 10 yr study, 866
age & cohort differences in cognitive ability, 41–84 yr old monozygotic &/vs dizygotic twins reared apart vs together, 10 yr study, commentary, 889
concordance rates of motor syndromes & other symptoms, 34–90 yr old monozygotic & 12 57–87 yr old dizygotic twin pairs with Parkinson's disease, 8-yr follow-up, 31334
concordance rates of schizophrenia diagnostic classifications, 22–65 yr old monozygotic & dizygotic twins , 17918
epidemiology & genetics of suicidality, 27–89 yr old mono- vs dizygotic twin pairs, 5055
genetic & environmental contributions to verbal memory, monozygotic vs dizygotic male twin pairs, 36276
genetic & environmental factors in migraine, monozygotic vs dizygotic twins with migraine with aura, 18287
genetic & environmental influences on diet, monozygotic & dizygotic twins reared apart & spouses, 3811
genetic & environmental influences, coping styles, pairs of monozygotic & dizygotic twins, 30487
genetic factors in adult & childhood sleeptalking & psychopathology, 33–60 yr old monozygotic & dizygotic twin pairs, 4872
genetic vs environmental risk factors for the characteristic concerns about weight & shape of bulimia nervosa, 30–45 yr old mono- & dizygotic female twins, 5169
genetics, between-person variation of perceptual asymmetry scores on face processing task, 6–53 yr old monozygotic vs dizygotic twin pairs, 33260
individual genetic & environmental influences, episodic memory, same-sex fraternal & identical twins aged 80+ yrs & older, 23814
interchangeability of big five personality traits from behavior genetics viewpoint vs indicator used, monozygotic vs dizygotic twins, 7918
left-handedness in twins vs singletons & incidence of & concordance for left-handedness in monozygotic vs dizygotic twins, 33252
Heuristic Modeling—Serials
clinical symptoms & features & age & sex & zygosity in Cox hazard model of risk for major depression in co-twin, twins with lifetime history of major depression, implications for genetic liability, 17872
heuristic approach to degraded object recognition of characters in sampled imaging system, Os responding to character pairs of blur & sample spacing, 19720
heuristic approach to stimulus control, 36078
heuristic personality model used to compare research approaches to study of impulsive aggression, 4762
heuristic problem-solving model on ethical use of power in psychotherapy, psychologists, 15812
preference for heuristic representativeness or statistical conjunction in Linda conjunction problem, college students, 10096
probability heuristic model for syllogistic reasoning, college students, 16574
Heuristic Modeling—Chapters
Assessment of pain and response to treatment in older adults, 32587
The heuristic-systematic model in its broader context, 16617
Individual differences in reasoning and the heuristics and biases debate, 10168
Hibernation—Serials
changes in histamine neuronal systems during hibernation, golden-mantled ground squirrels , 13645
High Risk Populations [See At Risk Populations]
High School Diplomas [See Educational Degrees]
High School Equivalency [See Adult Education]
High School Graduates—Serials
early expectations, occupational achievement, high school graduates, 12 yr study, 22580
High School Students—Serials
academic capabilities & hobbies & extracurricular reading & occupational interest & coursework & educational expectations & outcomes, high school students gifted in spatial ability vs mathematics, 2991
access & motivation & curriculum integration & labeling & funding as emerging issues in computer based solutions for teaching, secondary students with learning disabilities, 29011
accounts of gender equity project in high school science class, 2852
achievement motivation & conceptualizations of education & opportunity & future, Black 11th grade students, South Africa, 32277
attitudes toward mathematics & mathematics teaching, Mexican-American high school students, 22543
attitudes toward science & environment, 9th graders, implications for science & environmental education, 38869
career development & vocational maturity, 13–18 yr old students with hearing impairments, implications for prevocational programs, 5444
career exploration & decision making self efficacy, 11th & 12th graders from urban vs suburban high schools, 35521
characteristics that distinguish heavy vs occasional users vs nonusers of cigarettes & marijuana, high school seniors, 21339
conceptualizations of nature, 9th grade science students, 22530
counselor attitudes of etiology & incidence & sex differences in perpetrator & victimization in nonconsensual sex & sexual abuse & harassment & contact at school, 24–69 yr old high school counselors, 19180
demographic & parental characteristics & personality traits & participation in high school activities, choice of high school remembrance role, 9th through 12th graders, 35525
development & implementation & outcomes of Hollywood High School Career Academy, high school students, 38811
drug abuse prevention program, cigarette & alcohol & marijuana & hard drug use, 14–19 yr old at risk high school students, 1 yr follow up, erratum, 2874
drug abuse prevention program, cigarette & alcohol & marijuana & hard drug use, 14–19 yr old at risk high school students, 1 yr follow up, 6163
establishment of descriptive database & inclusive & verifiable definition of aggression for teachers with aggressive students, special & regular education teachers & support personnel, 8249
ethnic & academic identity compatibility, high achieving Puerto Rican high school students, 35508
expression of their relationship to & place & understanding of prenatal testing in human genetics class, female high school sophomores, 2949
gendered strategies, college aspirations & academic success, low-income Black high school students, 35509
habitus & race & class, social climate, Black high school females attending predominantly White school, 35526
HIV/AIDS knowledge levels & prior education & sex & ethnicity, 9th vs 12th graders, 38451
knowledge about AIDS prevention & intention to use & attitude toward & actual condom use & sexual history, 16–18 yr old secondary school students vs school dropouts, 35153
learning & study strategies, female Singaporean 9th graders vs US 9th graders, 9465
learning styles & personality types, African American male high school vs college students & 6th vs 11th graders & Black vs White male high school students, implications for science education, 19303
part-time employment during school year & tobacco & alcohol & other drug use, Black vs White male vs female high school students, 36826
patterns & behaviors predictive of drug use, high school students, Mexico, 1808
patterns of academic functioning & mental health from 2nd grade to middle school & transition to high school, 8th graders, 10 yr study, 19309
personality characteristics & eating behaviors & attitudes, high school athletes vs nonathletes, 21408
planning & use of art therapy in school counseling of adolescents, secondayr school counselors, 19369
rates of violence exposure & perpetration, male Army recruits vs adolescents from suburban & inner city high schools, 24394
school structure & context, participation in extracurricular activities & athletics, high school students, 28992
sex & ethnicity, mathematics course taking, high school students, 2906
sex, science achievement, senior high school students, United Arab Emirates, 1987/88–1996/97, 28962
student vs family vs school characteristics, school attendance & absenteeism, high school students, 2941
tobacco & other substance use, male vs female Black vs White vs Hispanic high school students, 915
validity of College Majors Finder compared with Self-Directed Search, postgraduation career guidance, high school juniors & seniors, 6274
High School Students—Chapters
The distribution of consumption of alcohol and marihuana, 18096
Epidemiology of substance abuse in adolescence, 14224
High School Teachers—Serials
attributions for racism in schools, White elementary & middle & high school teachers in Midwestern school district, 32190
factors in attrition, secondary school agriculture teachers, Botswana, 15852
perceptions of parent-school relationship, elementary vs middle vs high school teachers, implications for school psychology practice, 35466
school demographics & curriculum & teacher characteristics & preparation & certification, high school psychology teachers with vs without psychology major, commentary, 22404
shared teaching assignments in mathematics & professional development, high school teachers, 2829
High Schools—Serials
acceptability of curriculum based vs staff in-service vs schoolwide student screening program for prevention of adolescent suicide, high school principals, 22412
anthropological investigation of class & race & gender in Black high school, 33743
hodgepodge grading practices, middle & high school students & teachers, 12683
implementation & institutionalization of comprehensive youth suicide prevention program in public high schools, high school students, 10 yr followup, 16029
presentation of metallic bonding in 1974–98 Act for Education vs General Act for the Education System compliant high school chemistry textbooks, Spain , 25723
school structure & context, participation in extracurricular activities & athletics, high school students, 28992
times & locations of violent events in high schools, 9th–12th graders & teachers, 19325
Higher Education [See Also Graduate Education, Postgraduate Training, Undergraduate Education]—Serials
approaches to representation in science & engineering & technology in higher education during the past 20 yrs, adult females, 35592
assignments developed & used in undergraduate & graduate science teacher education classes, feminist science & teacher educators, 2871
college year status & sex & career education courses, career beliefs & career decision making, college students, 25854
cultural importance of university & potential as trophy & weapon in culture wars & protection through historical accumulation of multiple functions & acceptance of ambiguity of cultural role, 10955
description & evaluation of Gonzaga University's behaviorally-based program for teachers in special education, undergraduate & graduate students & faculty, 19159
ecological restoration field work in environmental education classes, ecological behavior & environmental attitudes, college students, 25719
effectiveness of Information Retrieval Exercise in linking education & work, lecturer & business students, 22455
erosion of idea of campus as sacrosanct & emergence of class differences, 10952
ethical concerns in accommodation of students with learning disabilities in higher education, commentary, 2975
ethical concerns in accommodation of students with learning disabilities in higher education, commentary, 2965

ethical concerns in accommodation of students with learning disabilities in higher education, commentary, 2962
ethical concerns in accommodation of students with learning disabilities in higher education, 2806
ethical concerns in accommodation of students with learning disabilities in higher education , 2808
higher education, creative thinking abilities, 1st & 4th yr education students, Japan, 22456
implementation of supported education program as component of comprehensive rehabilitation strategy, individuals with psychiatric disabilities, 19042
individual changes in learning strategies in higher education, freshman & advanced university students tested after the 1st & 3rd semesters, 28974
information about subsidies provided by public vs private colleges, estimates of total cost & judgment of cost reasonableness, college students & elementary & secondary teachers, 38778
issue of merit in higher education & avoidance of larger tensions such as role experts in setting content & performance standards & unifying purpose of articulate judgment in higher education, erratum, 19313
issue of merit in higher education & avoidance of larger tensions such as role of experts in setting content & performance standards & unifying purpose of articulate judgment in higher education, 12692
moral & religious & identity development in Christian liberal arts environment, 3 1/2 yr study, 17450
organizational change & teamwork in health care & higher education, 16136
power structures & guidelines for aiding decision-making in higher education committees, faculty members, 9393
problem-based vs lecture based learning in pharmacology course, university medical students, 15857
role of institutions of higher education in shaping culture & recent criticisms & challenge of new millenium, 10953
social & cultural factors affecting & attitudes toward & experiences with employment in higher education, 24–46 yr old Latina counselors in student affairs, 35421
structure & focus of & changes in feminist attitudes & identity & self esteem & occupational attitudes & psychological development in students after taking college-level women's studies classes, 35530
subjective experiences & coping with threatened identity during transition to programmes of professional higher education, mature female students in social work & health care education , 35397
suggestions for overcoming bureaucratic reluctance to change & improving faculty retention policies, higher education leadership, 6115
supported education intervention for engagement in post secondary education, goal-setting & attainment, 17–75 yr olds with psychiatric disabilities , 28746
supported education program for psychosocial rehabilitation, 17–75 yr olds with psychiatric disability, 9216

Higher Education [See Also Graduate Education, Postgraduate Training, Undergraduate Education]—Books

The full-time faculty handbook, 9407
Generation 1.5 meets college composition: Issues in the teaching of writing to U.S.–educated learners of ESL, 25747
Learning and studying: A research perspective, 6222
Mass media education in transition: Preparing for the 21st century, 36692
Worlds apart: Acting and writing in academic and workplace contexts, 17165

Higher Education [See Also Graduate Education, Postgraduate Training, Undergraduate Education]—Chapters

Contingent literacy: The social construction of writing for nonnative English–speaking college freshmen, 25805
Diversity in higher education, 9462
Employee assistance programs in higher education: The Ohio State University Faculty and Staff Assistance Program, 25884
New learning approaches: Conceptualizing the learning–teaching interaction, 9538
Student advising, 9573
Supervision in educational settings, 25652
Technology: Computers, distance learning, and the virtual university, 9464

Higher Order Conditioning—Serials

effects of conditioned suppression & compound conditioning, degree of latent inhibition, male rats, 23200
quinpirole, acquisition of second-order fear conditioning, rats, 10630

Highway Safety—Serials

analysis & model of safety & total driving costs of warning sign installations in traffic , 35769
cellular phone-related tasks & cognitive load, ability to detect car ahead decelerating & brake RT, 20–29 yr old drivers, safety implications, 35770
compensatory driving strategy & increased driving risk in drivers less than 25 yrs vs 35–55 yr olds vs 65+ yrs & concordance for psychotropic drug use in older married couples, 3197
delayed licensure, motor vehicle crash involvement, teenage drivers, Louisiana vs Mississippi vs Florida, 16252
driver compliance with stop signs at pedestrian crosswalks on university campus, drivers, 20904
driving while fatigued & motor vehicle fatalities 1981-present at a large private university, college students, 12980
evaluation of effectiveness of graduated driver licensing programs & nighttime restrictions, motor vehicle crashes & fatalities & injuries, young drivers, 16240
evaluations of legislation & educational campaigns & interventions promoting rear seat use, proportions of children using rear seats in motor vehicles, 16250
human interactive personal contact vs passive video presentation vs interactive kinetic model, motivation to use correctly positioned head restraints, drivers, 3199
in-car tutoring system to indicate deviation from normative driving behavior, law-abiding driving behavior, 30–45-vs 60–75-yr-olds, 12972
limited quantity & quality of evaluation studies, effects of licensing & occupant interventions to prevent motor vehicle injuries, 13166
literature reviews based on database searches, objective outcome studies of motor vehicle injury interventions, 16248
perceptions of influence of family & friends on decision to stop driving & perceptions of friends & family on influencing that decision & effects of decision, 71–98 yr olds, 9709
perceptions regarding role in assessing driving abilities of rural elders & influence on elders' decision to stop driving, 28–56 yr old rural nurses, 9708
places where seated in passenger vehicles when fatal crashes occurred, dead or surviving children, US, 16241
prevalence & characteristics of red light running crashes, US, 35775
prevalence & effect of traffic police presence on unsafe bus driving & stopping & passenger embarking & disembarking behaviors, bus drivers & passengers at city intersections, Pakistan, 26010
production costs of road safety TV commercials, self-reported future intentions to comply with advocated road safety behavior, adolescents & adults, 16239
professional privilege & management of noncompliant patients with epilepsy who ignored medical advice not to drive & legal charges, professionals trained in law & medicine, 8607
safe-driving &/vs health-maintenance behavior trends, 1985–95, US, 29234
self-enhancement bias in perceptions of own vs others' driving speed & skill, drivers, 3202
study design & report of effect sizes & suitability for meta analyses & systematic literature reviews, studies of interventions to reduce alcohol-related car crashes & injuries, 16254
use of motor vehicle seatbelts, nursing faculty & students, 22085
vehicle impoundment, driving behavior, suspended & unlicensed drivers vs repeat offenders, 1 yr followup, 12974

Hindbrain [See Also Cerebellum, Medulla Oblongata, Pons]—Serials

genetic & molecular evolution of development & early hindbrain pattern formation, bilateral animals, 438

Hinduism—Serials

feminist perspective on caste & gender basis of & patriarchal & Hinduistic interests underlying psychoanalysis, India, 34925
role of spirituality & religion & mental health, India, implications for cross-cultural mental health treatment, 31387

Hinduism—Chapters

Understanding and treating Hindu patients, 1079

Hippies [See Subculture (Anthropological)]

Hippocampal Commissure [See Fornix]

Hippocampus—Serials

(–)deprenyl, hippocampal neuronal survival after kainic acid insult & locomotor activity, male rats, animal model of neuronal death, implications for treatment of neurodegenerative diseases, 13737
192 IgG-saporin lesions of cholinergic input to hippocampus, blocking of conditioning to additional CS in Pavlovian appetitive conditioning paradigm, male rats, 36400
5-HT agonist 8-OH-DPAT modulation of median raphe nucleus, hippocampal EEG & GABAergic interneuron & principal cell activity, freely behaving rats, 20349
5-HT1A receptor antagonist WAY 100635, impairment in spatial discrimination learning from blockade of hippocampal NMDA receptors, male rats, 33374
8-Br-cAMP or norepinephrine or SKF38393 administration, memory & reversal of KN-62 induced amnesia in hippocampus CA1 or amygdala regions in avoidance task, male rats, 10535
ability of selective Group III metabotropic glutamate receptor agonist to inhibit lateral perforant path evoked responses in dentate gyrus, hippocampal slices from rats following kindling, 29816
activity stress, hippocampal dendritic atrophy, male rats, 3875
activity-regulated c-fos gene expression in evaluation of differentiated involvement of hippocampus vs amygdala in training & performance of two-odor learning, rats , 470
acute & chronic ethanol & withdrawal, neural excitability associated with NMDA receptor function in hippocampus, rats, 756
acute & chronic stress, serotonin 1A messenger RNA expression in hippocampus, rats, 17004
acute surgical preparations, dentate gyrus population spike amplitude & excitatory post-synaptic potential, adult male Long Evans rats, 36486
age & duration of past depression & hippocampal volume, 23–86 females with recurrent major depression, 24224
age at onset & duration & behavioral changes & neurologic deficit & hippocampal atrophy & other clinical characteristics, patients with frontotemporal dementia vs Alzheimer's disease, 31302
age, hippocampal processing of fear conditioning & spatial memory of radial maze, male rats, 6974
age-related decrease of expression of GAP-43 & synaptophysin in hippocampal formation, 24 mo old male mice physically trained vs not trained since 3 mo of age vs 3 mo old untrained male mice, 597
alterations in hippocampal microtubule-associated protein-2 during consolidation of contextual memory, rats, 13600
alterations in hippocampal neuronal & GABA functions, patients with schizophrenia, 34144
anesthetization vs free movement, dentate gyrus population spike amplitude & excitatory post-synaptic potential, adult male Long Evans hooded rats, 36493
antioxidants vitamin E & beta-carotene, ethanol induced neurotocity in embryonic hippocampal cultures, rats, 15421
atropine vs glutamatergic antagonist HA-966, novelty preference, male rats with lesioned temporal & lateral entorhinal cortices & hippocampal perforant path, 13569
autoradiographic comparison of binding to glutamate receptor sub-types in hippocampus & forebrain regions, food-storing marsh tits vs non-food-storing blue tits, 7089
behavioral patterns & ERP-assessed recognition memory, 25–83 yr olds with focal prefrontal vs hippocampal lesions, 18428
bilateral hippocampal damage, retrograde vs anterograde memory loss, adult male 36 & 53 yr olds, implications for hippocampus memory role model, 37859
bilateral hippocampal lesions, reward thresholds & maximal response rates during ventral tegmental electrical self-stimulation, male rats, animal-motivation model, 13553
bilateral hippocampal vs neocortical lesions, trace eyeblink conditioning, male rats, 13599
bilateral neurotoxic lesions & entorhinal & perihinal cortices, neocortical & hippocampal glucose hypometabolism, adult male baboons, implications for Alzheimers disease, 33228
buspirone & amygdaloid vs hippocampal lesions, black-white compartment box exploration & food carrying, rats, 656
CA1 & dentate gyrus & intersynaptic communication, young adult animals, 33250
cannabinoid receptor activation, learning & memory models of long term potentiation & long term depression in hippocampal slices, mice, 29828
change in density of pyramidal neurons and nonpyramidal neurons in sector CA2 of hippocampus, deceased 24–94 yr olds with schizophrenia vs manic depression, commentary reply, 21022
change in density of pyramidal neurons and nonpyramidal neurons in sector CA2 of hippocampus, deceased 24–94 yr olds with schizophrenia vs manic depression, commentary, 21050
changes in membrane fatty acids & delta-9 desaturase in hippocampus with aging, senescence-accelerated mice, 36432
chronic & acute nicotine treatment & withdrawal & mecamylamine pretreatment, preproenkephalin A mRNA levels in striatum & hippocampus, male rats, 4172
chronic ethanol intake with vs without withdrawal, spatial reference & working memory & neurodegeneration in hippocampal formation, male rats, 20324
chronic nimodipine, spatial learning & long term potentiation in hippocampal dentate gyrus, young male rats, 7218
chronic social stress, hippocampus-mediated vs hippocampus-independent working memory & urinary cortisol, male tree shrews, 10522

cognitive enhancer T-588, cholinergic activity & potassium ions in hippocampal CA1 neurons, male rats, 30014
combined subicular & cingulate cortical vs hippocampal lesions, thalamic training-induced neuronal activity during discriminative avoidance learning, male rabbits, 481
computational model of binding & binding-error detector circuitry & recruitment by long-term potentiation as hippocampal analog of episodic memory formation, 29853
conjunctive representation vs saliency enhancement view of contextual fear conditioning after hippocampal damage, rats, 36456
conscious awareness & learning & memory, animals & patients with hippocampal damage, 34623
conventional vs excitotoxic NMDA lesions of hippocampal vs fimbria–fornix, prepulse inhibition of startle response & open-field activity, male rats, 36451
corticosteroid induced hippocampal damage, neuroendocrine abnormalities & cognitive & memory impairment in mood disorders, 34095
dentate gyrus–hilus system as latent-attractor neural network in computational connectionist model of spatial context-dependent place representation, 32485
development of memory & socioemotional behavior after hippocampal damage incurred in infancy or in adulthood, monkeys, implications for origin of psychosis, 29765
dietary restriction, vulnerability of hippocampal neurons to excitoxicity, knockin mice that express the AD-linked M146V PS1 mutation, implications for treatment of AD, 36471
differences in spatial firing fields & hippocampus maps in environment containing 2 visually identical regions, rats, 518
discrimination vs reinforcement in FI operant conditioning, behavioral outcomes & in vivo microdialysis measurement of hippocampal dialysate acetylcholine concentration, rats, 23201
disproportion in distribution of grey & white matter & neuropsychological functioning, patients with temporal lobe epilepsy with hippocampal sclerosis, 11872
disturbance of signal interaction between entorhinal cortex & dentate gyrus relation to memory as hypothesis for pathogenesis of schizophrenia, 30695
diurnal modulation of long-term potentiation in hippocampus, male hamsters, 33350
diversity & localization of neuronal nicotinic receptors in CA1 interneurons of hippocampus, rats, 20069
EEG firing patterns during experience, reactivation of hippocampal cell assemblies during quiet wakefulness vs slow wave vs REM sleep & memory trace, male rats, 20114
effect of selective 5-HT-releasing agents on extracellular 5-HT concentration in dorsal hippocampus, rats, implications for development of novel antidepressants with short onset of action, 30055
effects of electrophysiology of hippocampus CA1 neuron, prenatal ethanol exposure, rats, 13616
enriched vs standard environments, short-term memory for event durations & astrocytes in hippocampus & frontal cortex & corpus callosum, old vs young male adult rats, 19955
episodic & spatial memory processing in hippocampal neuronal activity, rats, 16956
escapable vs inescapable electric tailshocks, extracellular 5-HT in ventral hippocampus & periaqueductal gray, male rats, 4015
excitotoxic hippocampal lesions, acquisition & reversal of simple & conditional discrimination learning, male rats, 10439
excitotoxic lesions of septal nuclei, spatial memory & flexibility of hippocampal single-unit representations, male rats, 26615
excitotoxic lesions of ventral hippocampus &/vs neonatal medial prefrontal cortex, MK-801 induced hyperlocomotion & apomorphine induced stereotypies, adult male rats, animal model of schizophrenia , 487
experience-dependent hippocampal activation, excitatory synaptic transmission after induction of long term potentiation, rats, 3944
experimental epilepsy induced by hippocampal vs amygdala-injected tetanus toxin, food related & other neophobic responses, male rats, 13564
extensive neurotoxin lesions of hippocampus, path integration & homing in total darkness, rats, 10388
fimbria-fornix lesions, ability to use spatial relationships among intramaze stimuli in water-maze learning, male rats, 3905
fluoxetine, hippocampal serotonin N-acetyltransferase messenger RNA content, male rats, antidepressant implications, 13826
functional imaging of hippocampal system functioning & fit with neuropsychological data on declarative memory, 20080
functional MRI-assessed hippocampal formation & dysfunction, patients aged more than 65 yrs with normal vs declining memory vs probable Alzheimer's disease, 21605
functional organization of hippocampus & role in spatial learning & memory performance, aged & young vs aged rats, commentary, 507
functional organization of hippocampus & role in spatial learning & memory performance, aged & young vs aged rats, commentary reply, 522
functional organization of hippocampus & role in spatial learning & memory performance, aged & young vs aged rats, commentary, 508
functional role of hippocampus & adjacent medial temporal lob structure, memory & learning, amnesia patients (aged 41–55 yrs) with brain damage, 34615
galanin pretreatment, effects scopolamine vs novel environmental exposure on extracellular acetylcholine release in ventral hippocampus, male rats, 17107
gating of auditory evoked potentials in brainstem reticular nucleus & medial septal nucleus & hippocampus & auditory cortex, awake freely moving male rats, 23335
glial cell loss in hippocampus, alcoholics, 11626
head direction, hippocampus nerve cell firings, rhesus macaques, 36494
hippocampal & amygdaloid interactions in the nucleus accumbens, 26597
hippocampal angiotensin receptor subtype, spatial learning & memory, male rats , 20161
hippocampal EEG & behavior before vs after afterdischarge with vs without reversible inactivation of medial septum via muscimol, free moving male rats, 29911
hippocampal formation role in loft fidelity & landmark navigation, hippocampal lesioned homing pigeons, 5 yr study, 7090
hippocampal ibotenic acid lesions, contextual learning & fear conditioning, inbred DBA/2 vs C57BL/6 mice, 343
hippocampal involvement in spatial & working memory, patients with unilateral temporal lobe epilepsy with right or left focus, 37805
hippocampal lesions & subsequent inability to use navigational maps, use of learned or memorized landmarks in homing behavior, pigeons, 10413
hippocampal lesions, acquisition of & strategies used to learn serial feature negative vs positive conditional vs nonconditional discriminations & activity levels & behavior, male rats, 20105
hippocampal lesions, acquisition of place response & pliancy in response alterations in Morris water maze, male rats, 36407
hippocampal lesions, learning of negative patterning task, pigeons, 16901
hippocampal lesions, spatial operant discrimination, pigeons, 33085
hippocampal metabolic activity & recent- vs long-term memory store, mice, 29684
hippocampal overexpression of C-terminal fragments of beta-amyloid precursor protein, synaptic transmission recovery after hypoxia, transgenic mice, 36485
hippocampal pituitary volume ratio & measurement of reciprocal neuroendocrine alteration, male adults (mean age 44.5 yrs) with alcohol dependence, 34343
hippocampal system, timing of conditioned eyeblink responses & acquiring & extinguishing responses within temporal discrimination task, bitemporal amnesic patients, 11919
hippocampal theta & irregular field activity, pontine neuron cell firings, male Long Evans rats, 36488
hippocampal volume reduction & genetic risk, patients with schizophrenia with pregnancy & birth complications, 34192
hippocampal volume reduction, patients with schizophrenia vs affective psychosis, 11448
hippocampal-anterior thalamic axis & perirhinal-medial dorsal thalamic system in episodic memory & anterograde amnesia, 26 comments & reply included, 28114
hippocampal/amygdala volumes & disease chronicity & age of onset & cognitive performance, 65+ yr old unipolar depressive patients, 24193
hippocampectomy, development & recovery of conditioned reflex to time, rats with vs without initial training, 528
hippocampus & allothetic vs idothetic cues as navigation strategies, female rats with fimbria-fornix ablations, 20158
hippocampus & learning & memory & association of discontiguous events in terms of temporal &/or spatial positioning & computational framework, animals, 3939
hippocampus activation & retrieval of object location in fixed vs shifted array conditions, undergraduates, 23318
histochemical distribution of endogenous glucagon-like peptide-1 amide in hippocampus, memory impairment, rats with beta-amyloid protein (1-40) infused into lateral cerebroventricle, 36599
homeobox gene Lhx5, hippocampal development, mice, 20164
ibotenate lesions of hippocampus, spatial learning & contextual fear conditioning, male mice, 7031
ibotenic acid lesions of ventral hippocampus, chronic nicotine-induced spatial working memory, female rats, 10433
identical boxes connected by hidden door, hippocampal place cells pattern separation ability, male Wistar rats, 36497
imipramine & ECT, activity of calcium/calmodulin dependent protein kinase II in hippocampus, male rat brains, 23343
impaired phosphorylation of cyclic adenosine monophosphate response element binding protein in hippocampus, 63–93 yr old patients with dementia of Alzheimer's type, 24859
incorporation of path-integrator capability into combined Taxon-Affordances Model & World Graph model of hippocampus-based spatial navigation, rats, 32491
infusion of nicotine into dorsal hippocampus, anxiety, male rats, 23562
injections of mineralocorticoid &/vs glucocorticoid receptor antagonists in hippocampus & blocking by adrenalectomy or dexamethasone, corticosterone levels & anxiety behavior, rats, 3818
insulin treatment, spatial vs nonspatial water maze learning and hippocampal synaptic plasticity assessed by long term potentiation, male rats with vs without streptozotocin induced diabetes, 3990
integrin-associated protein, memory processing & retention & hippocampal long-term potentiation, integrin-associated protein-deficient mice, 36308
intra-ventral hippocampal vs medial prefrontal cortical picrotoxin, prepulse inhibition & reversal by haloperidol, male rats, implications for validity of animal model of schizophrenia, 26787
intrahippocampal beta amyloid protein, operant responding, male rats, implications for Alzheimer's disease, 10635
intrahippocampal infusion of metabotropic glutamate receptor antagonist MCPG, memory of context vs tone specific conditioned fear, rats, 10577
intrahippocampal serotonin & norepinephrine neurotransmission & anxiety in elevated plus maze, male transgenic TGR(mREN2)27 vs SPRD rats, 26650
involvement of hippocampus in path integration in novel environment, rats with lesions to hippocampus with vs without overlying cortex, 29800
KB-R7943, blocking of aspartate & glycine-elicited currents through NMDA channels in acutely isolated rat hippocampal neurons, 33487
large vs small ventral vs dorsal hippocampal lesions, visual discrimination in radial maze, male C57BL/6 vs DBA2 inbred mice, 33239
lesioning of fasciculus retroflexus fiber bundle, spontaneous sleep–wake stage variations of frontal cortex & hippocampus & REM, rats, 3933
lesions of epiphysis &/vs hippocampus, stress response to conflict & forced swimming, male rats, 7021
lesions of hippocampal formation or perirhinal cortex, allocentric spatial working memory, male rats, 7046
lesions of hippocampal structure with vs without extrahippocampal destruction, delayed-match vs nonmatch-to-sample, male rats, 10416
lesions of hippocampus vs area parahippocampalis, negative patterning & delayed spatial alternation, homing pigeons, 29839
living environment, hippocampus neurogenesis, female C57BL/6 mice, 36426
location & movement & directional selectivity of hippocampal neuron action potential discharges, restrained awake male rats passively displaced on mobile robot, 471
locomotor activity & synaptophysin immunoreactivity in dentate gyrus & hippocampus, prepulse inhibition-impaired isolation-reared rats, model for development of neurodevelopmental diseases, 23361
long & short-term potentiation in neocortical L-II/III vs hippocampal CA1 pyramidal cells, rats, 29773
long term potentiation & saturation of synaptic weights in hippocampus, learning & memory, 29832
maternal exposure to human influenza virus, expression of synaptosome-associated protein 25 kDa in septotemporal vs medial vs dorsal hippocampus, neonatal mice, 3840
maturation of couplings between septal & hippocampal & ventral tegmental regions & extinction of, learned behavior, rats, 36441
mechanisms of long-term depression in hippocampal interneurons, rats, 33222
mechanisms underlying regulation of brain-derived neurotrophic factor & functional consequences of altered neurotrophic factor expression in response to long-term ECT , 543
medial or lateral perforant path lesions, hippocampal function in place learning & fear conditioning to context processes, male rats, 20096

memantine & (+)MK-801, restoration of long-term potentiation following Mg ion reduction, hippocampal slices from male rats, implications for learning & memory in neurodegenerative diseases, 36557
memory impairments associated with hippocampal vs parahippocampal-gyrus atrophy, patients with Alzheimer's disease, erratum, 8639
metabotropic glutamate receptor inhibition, hippocampal long term potentiation & spatial learning, male rats, 20074
method for measuring hippocampus & amygdala & entorhinal cortex on MRI, 3855
model of hippocampal PET activations of episodic memory encoding & retrieval, 7069
model- & scale-independent performance of hippocampal CA3 network architecture & neuromodulatory analogs of memory function, neuropathological implications, 32500
moderate & transient temperature increases & endogenous adenosine, excitatory synaptic transmission in hippocampal A1 receptors, rats, 16973
modulation of perirhinal cortex neuronal firing by cholinergically mediated hippocampal theta activity, male rats, 502
molecular & cellular & hippocampal substrates of place learning , 515
morphology & neuronal phenotypes of hippocampal formation in schizophrenia, 14592
MRI analysis of abnormalities in N-acetyl-aspartate & creatine plus phosphocreatine & choline compounds in hippocampus & dorsolateral prefrontal cortex, schizophrenic Ss & unaffecting siblings, 14539
MRI assessment of hippocampal activity during delayed cued recognition & memory of linguistic material, adults, 26579
MRI volumes of hippocampus & amygdala, 26–59 yr olds with Down's syndrome with or without dementia, 18158
MRI-based hippocampal volume readings as predictor of Alzheimer's disease, 60–89 yr olds with mild cognitive impairment, longitudinal study (mean 32.6 mo), 18383
myristoylated alanine-rich C kinase substrate & related protein expression & distribution in hippocampus & dorsolateral prefrontal cortex, suicide victims, 11546
neonatal excitotoxic lesions of ventral hippocampus, locomotor activity & stress-induced dopamine levels in nucleus accumbens, male rats, 29771
neonatal hippocampal damage, rats, heuristic animal model of etiology & pathophysiology of schizophrenia, 23329
neonatal ibotenic lesion of ventral vs dorsal hippocampus, social behavior & anxiety, rats, animal model of schizophrenia, 26576
network model of cellular mechanisms of gamma to beta frequency shift in neuronal oscillations induced in hippocampal slices by tetanic stimulation, rats, 10490
neuroanatomy & morphology of hippocampal formation & spatial memory role & comparison to mammal hippocampus, songbirds, 13595
neurofibrillary tangles in neocortex & hippocampus & entorhinal cortex & amygdala, postmortem 62–103 yr olds with questionable vs mild vs moderate Alzheimer's disease, 31239
neuromagnetic responses in hippocampus during motor reaction to auditory cue within multimodal stimulation, 25–50 yr olds, 29865
neurophysiological aspects of reminiscence, implications for role of hippocampus, 496
neuroprotective agents piracetam & GM1 during withdrawal from alcohol, hippocampal cholinergic fiber network & intrinsic cholinergic neurons, male rats, 33368
nicotine in dorsal hippocampus, anxiety in social interaction test, male rats, 7190
norepinephrine release in hippocampus during spontaneous alternation task performance, male rats, 20334
novelty & pain, behavior & hippocampal cholinergic activation, male vs female rats, 13527
object discrimination learning embedded within unique contexts, rhesus monkeys with hippocampal lesions, 7037
odor exposure & stress inhibition in granule neuron proliferation of dentate gyrus during postnatal period, neural development, rat pups, 3926
open environment size & barriers, spatial firing patterns of subicular vs hippocampal place cells, male rats, 29852
optic flow input to hippocampal formation from accessory optic system in path integration, pigeons, 26654
paired-pulse stimulation during quiet waking vs slow-wave sleep vs REM sleep vigilance states, dentate granule cell modulation, male rats at 15 vs 30 vs 90 days old, 20077
plasticity of hippocampal synaptic pathways during afferent activation reproducing the pattern of the theta rhythm, 20112
positron emission tomography research on human memory in hippocampus, learning vs retrieval & novelty detection & depth of processing, 23311
postnatal hippocampal lesions, behavioral stimulation with apomorphine & latent inhibition, rats, animal model of schizophrenia, 20103
postnatal maternal separation during stress hyporesponsive period, adrenocortical response to novelty, adult rats, 3681
posttraining intrahippocampal vs intracaudate glutamate, memory enhancement in visible vs hidden platform task in water maze, male rats , 17081
potential adverse effects of glucocorticoids on brain/hippocampal functions, humans & animals, implications for PTSD, 23523
potential role of serotonin in regulation of hippocampal neurogenesis & functional significance of adult-generated hippocampal neurons, 26542
prenatal stress, glucocorticoid secretion & hippocampal development in postnatal period, 3924
prenatal X-irradiation, hippocampal development, 6 wk old rats, 16931
presence of corticohippocampal route from ventromedial temporal areas to CA1, macaques, implications for visuospatial processes, 23344
presynaptic cholinergic & neurotrophin markers in hippocampus & basal forebrain during assessment of spatial learning ability, young vs old male rats, 3923
prion disease homogenate targeted to hippocampus, passive avoidance learning & memory & locomotor activity, C57BL/6J mice , 16896
pyramidal neuron size in hippocampus & correlates with total cell count & degree of cell disarray, schizophrenic probands, 34161
quanitification of dilute connectivity & storage function in neural network model of hippocampal associative memory, 32496
radial maze vs platform maze vs water maze, test of cognitive ability & hippocampal morphology & neurotrophin expression, aged rats, 19947
randomization of initial network state, transitive inference learning in computational model of hippocampal CA3 region, 32513
real-time tracking of memory formation in rhinal cortex vs hippocampus , patients with temporal lobe epilepsy, commentary, 34675
real-time tracking of memory formation in rhinal cortex vs hippocampus, patients with temporal lobe epilepsy, 34626
reduced mastication by cutting off upper molars, spatial learning & memory & hippocampal neuron density, aged senescence-prone mice, implications for senile dementia risk, 23339
reduced volume of hippocampus & parahippocampal gyrus, patients with 1st episode vs chronic schizophrenia, 27701
relationship among traumatic emotional stress & hippocampal injury & memory loss & traumatic dissociative amnesia, animals & humans, implications for sex abuse victims, 33343
relationship between deprivation of nerve growth factor & density of M1 receptors in hippocampus, juvenile rats, 13583
release of dopamine in nucleus accumbens during development & realization of an emotional conditioned response, male rats with lesions to hippocampal formation, 3907
repeated restraint stress & subsequent CA3 dendritic hippocampal atrophy, fear conditioning, male rats, 36406
reversible inactivation of dorsal hippocampus, context retrieval of fear memory, rats, 36421
role of cannabinoids & CB1 in GABA networks & subcellular location of CB1 & effects of CB1 agonist & antagonist on hippocampal GABA release, male rats, implications for cognitive functions, 20109
role of D1 & D2 receptors & hippocampal input to the nucleus accumbens, foraging for food in radial-arm maze, male rats, 26774
role of delta-9-THC & cannabinoid receptors in hippocampus in short-term memory interference, 33414
role of hippocampal formation & perirhinal cortex in visual recognition memory, male rats, 10466
role of hippocampal place cell system & distal and configural information in spatial mapping & navigation, rats, 505
role of hippocampal system in general mapping of antecedents to actions & arbitrary visuospatial mapping as example of declarative knowledge in nonhuman primates, 20159
role of hippocampus & prefrontal cortex in effects of cholecystokinin B agonist on memory task, rats & mice, 29850
role of hippocampus in long-term spatial memory, 76 yr old amnesic male patient, 29651
role of rostral & caudal hippocampus & related medial temporal lobe structures in episodic memory encoding & retrieval, 26–36 yr olds, 20090
scopolamine methylbromide vs hydrobromide, conditioned trace jaw movement responses & hippocampal activity, rabbits, 13813
selective ibotenate lesions of hippocampus vs hippocampal ablation, sensitivity to effects of unsignaled UCS on CS–UCS training, male rats, 16895
self-stimulation, excrescence density in apical dendrites of hippocampal CA3 neurons, adult male rats, 3898
sense of time in temporo-septal engram shift computer model of hippocampal memory, 33226
sexual dimorphism in morphology of hippocampal formation & role of androgens in development of sex differences in granule cell layer, A/J vs testicular feminization mutant vs wildtype C57/BL6J mice, 29862
short- & long-term effects of transcranial magnetic stimulation on synaptic transmission & hippocampus reactivity to afferent stimulation, male rats, implication for treatment of affective disorders, 16972
simultaneous self-organization of place & direction selectivity in neural model of self-localization as analog of rat hippocampus, 32492
spatial & spisodic memory processing in hippocampal neuronal activity, rats, commentary, 16942
spatial coordinate system used by spatial view cells in hippocampus via electrophysiological recordings, male monkeys, 23380
spatial memory encoding & retrieval, male rats given chronic icv vs acute intrahippocampal infusions of NMDA antagonist D-AP5 vs ibotenate hippocampus & dentate lesions, 20151
spatial working memory, male rats with lesions of medial or lateral entorhinal cortex vs pre- vs parasubiculum, 7064
spatiotemporal dynamics of transcription factor cAMP responsive element-binding serine 133 phosphorylation during hippocampal long-term potentiation, rats, 26641
specific dopamine uptake inhibitor GBR 12783, inhibitory avoidance learning & hippocampal acetylcholine release, male rats, 724
speed of spontaneous vs subthalamic locomotor region vs posterior hypothalamus electrically induced locomotion & frequency of hippocampal theta rhythm, male rats, 3982
stress & glucocorticoids & excitatory amino acid neurotransmitters & NMDA receptors, hippocampal plasticity & atrophy & related disorders, 21580
stress & sertraline, regulation of cholecystokinin mRNA expression in the hippocampus & cerebral cortex, rats, 23507
suramin, hippocampal apyrase activity & inhibitory avoidance learning, rats, 20263
synthesis of elemental & configural theories of processing systems & role of hippocampus & neuropsychology in learning theory, 23131
systemic ionotropic glutamate receptor modulation of 5-HT-6 & 5-HT-7 receptor mRNA expression in striatum & hippocampal formation, male rats, schizophrenia etiology implications, 30008
task retention & consolidation in water-maze & passive-avoidance sequential learning & time-dependent modulation of neural cell adhesion molecule polysialylation on dentate neurons, male rats, 26624
temporally graded retrograde amnesia of fear & further increase in level of context fear relative to tone fear & generality of hippocampal hyperactivity, female rats after hippocampal lesion, 10390
timing of spatial location signals in hippocampal vs subicular cells, freely moving rats, implications for path integration , 20187
training in Morris water maze, activation of mitogen-activated protein kinase cascade in CA1/CA2 subfield of dorsal hippocampus, rats, implications for long-term spatial memory, 16898
transient forebrain ischemia, mRNAs encoding brain derived neurotrophic factor in hippocampus & cerebral cortex & mediation by NMDA & non NMDA type glutamate receptors, rats, 3932
type A vs B personality, blood flow in hypothalamus & hippocampus, 23–40 yr old females, 7043
unilateral hippocampal lesion at birth vs in adulthood, contralateral long-term potentiation, adult vs newborn rats, 3934
vasopression in hippocampal slices following pretraining, excitation & inhibition phase of conditioning, rats, 29818
ventral subiculum lesions, Pavlovian fear conditioning, male rats, 16927
virtual vs real translocation task, activity of hippocampal formation & parahippocampal gyrus neurons during allocentric spatial processing, monkeys, 16974
Wnt-1 expression in hippocampus, postmortem brains of 45–73 yr old schizophrenic patients, 30735

Hippocampus—Books

Beyond the cognitive map: From place cells to episodic memory, 26656

The hippocampal and parietal foundations of spatial cognition, 29875
Hippocampus—Chapters
Amnesia and neglect: Beyond the Delay-Brion system and the Hebb synapse, 29882
Animal models of medial temporal lobe amnesia: The myth of the hippocampus, 36475
Dissociation of exteroceptive and idiothetic orientation cues: Effect on hippocampal place cells and place navigation, 29879
Hierarchical organization of cognitive memory, 29883
Hippocampal and parietal contribution to topokinetic and topographic memory, 29878
Hippocampal and parietal involvement in human topographical memory: Evidence from functional neuroimaging, 29465
Hippocampal synaptic plasticity: Role in spatial learning or the automatic recording of attended experience?, 29884
The hippocampus and spatial memory in humans, 31104
Memory reprocessing in corticocortical and hippocampocortical neuronal ensembles, 29887
Parietal cortex and hippocampus: From visual affordances to the world graph, 29877
Representation of allocentric space in the monkey frontal lobe, 29885
The representation of space in the primate hippocampus, and its role in memory, 29889
Right medial temporal-lobe contribution to object–location memory, 31354
Robotic and neuronal simulation of the hippocampus and rat navigation, 29880
Separating hippocampal maps, 29888
Variable place-cell coupling to a continuously viewed stimulus: Evidence that the hippocampus acts as a perceptual system, 29890
Visuospatial processing in a pure case of visual-form agnosia, 31353
Hips—Serials
delirium-causing factors, cognitively intact vs previously cognitively intact hip-fractured elders who became delirious postoperatively, 20984
effectiveness of nursing & medical intervention program to prevent & treat delirium in elderly patients treated for femoral neck fractures, 38490
multidisciplinary teamwork with elderly patients with hip fracture, hospital staff, 15431
statistical association of mental distress & risk of hip fracture & use of tranquilizers or sedatives or hypnotics, 50–101 yr old females, 3 yr followup, 24696
Hips—Chapters
Gender differences in adrenal and gonadal responses to inflammatory agression, 28058
Hiring [See Personnel Selection]
Hispanics [See Also Mexican Americans]—Serials
6 mo methadone maintenance response & outcome, African American & Hispanic adults, 19072
acculturation & ethnic identity in bicultural orientation, Hispanic college students, 29004
acculturation to Hispanic vs American culture, self-perceived competence in school & peer & family life spheres, 12–22 yr old Latino immigrants, 4467
age & educational achievement & educational aspirations & parent's education & protective & risk factors, frequency & quantity of drug use, male vs female Latino 9th & 10th graders, 17337
aggressive anger expression, Mexican- vs White non-Hispanic 7th–12th graders, 7501
alcohol & drug usage & acculturation & depression, 18–32 yr old male Puerto Rican vs Dominican vs Colombian immigrants, US, 4603
APOE allele & low educational level & head trauma history & other risk factors, White Hispanic vs non-Hispanic adults with Alzheimer's disease, 11895
asthma status & sociodemographic characteristics, lay definitions of asthma & barriers to care, 13–89 yr old innercity residents of predominantly Puerto Rican community, 37784
at home teaching strategies to teach school-related knowledge & skills, 7–19 yr old siblings of 5.9 yr old Puerto Rican American kindergartner, 22470
attitudes toward childbearing & desired family size, 18–50 Latina women with vs without high school education, 14155
awareness & use & satisfaction with special educational & therapeutic & specialized health care services, Latino parents of young children with disabilities, 15071
Chicano psychology & lessons from the 1998 national conference, 10995
common & unique factors to drug use among White & Hispanic youth, 11640
concepts & definitions of rape & sexual abuse, 22–55 yr old Mexican women, 30825
counterfactual or hypothetical events vs repeated or habitual events as resources for argumentation in conversational narratives, Salvadoran immigrants, 7286
cultural differences in patterning & situational variability in mother–infant interactions, middle-class Anglo vs Puerto Rican mothers & their 12–15 mo olds, 27202
culturally competent family mediation practice, Latino families, 32553
current & future directions & issues of heterogeneity of ethnicity & language & acculturation & age & education in practice of neuropsychology & measurement of cognition, Hispanics , 32684
definition & presence of mentor & mentorship relationship characteristics, urban Latino high school sophomores, 17373
depressive symptomatology, Mexicans vs Latino immigrants vs Puerto Ricans, 21098
development & validation of simpatía scale for use in drug treatment, measure of agreeableness & respect for others & politeness, Hispanic opioid users, 77
development & validity & reliability of & normative data on multiple neuropsychological measures, 16–70 yr old Hispanics, 32685
ethnic & academic identity compatibility, high achieving Puerto Rican high school students, 35508
evaluation of Holland's hexagonal model of vocational interests, male &/vs female Chicano/Latino college students, 22562
fears & influence of SES & gender, 7–9 yr old Hispanics vs Whites, 842
gender & family ideologies & race/ethnicity, involvement in child rearing, African American vs Hispanic vs White fathers of 5–18 yr olds, 33791
general framework for assessment & counseling of Cuban & Mexican American & Puerto Rican clients, 2152
grandmother & partner involvement & support & level of acculturation, adjustment, Puerto Rican adolescent mothers, US, 20555

psychogenic & neurological basis of global amnesia triggered by repressed Holocaust memories, 65 yr old female concentration camp survivor, 28147
PTSD characteristics & symptom severity & psychiatric status, 58–75 yr old Holocaust survivors and their 31–45 yr old children, commentary, 30790
survivor characteristics & experience, 54–92 yr old Holocaust survivors in long stay psychiatric setting, 9210
Holocaust Survivors—Chapters
Chantal Akerman: Splitting, 26883
Parental PTSD as a risk factor for PTSD, 24360
Holtzman Inkblot Technique—Serials
exposure to violent vs nonviolent film vs verbal description, level of violent fantasy in inkblot responses, male vs female high school students, 14011
Homatropine [See Alkaloids]
Home Accidents—Serials
inter-rater reliability of Westmead Home Safety Assessment when used during home visits, occupational therapists, 16298
relationship between alcohol consumption patterns & car & work & sports & home accidents, 15–24 vs 25–34 vs 35–44 vs 45–54 vs 55–64 yr olds, 34380
Home Birth [See Midwifery]
Home Care—Serials
assessment & adaptation of home environment to patient needs, elderly patients with dementia, 9698
assessment of training needs, carers of persons with dementia, 25478
attitudes toward adult care homes & care by families, Black vs White elderly (aged 65 yrs & older) & caregivers, 27101
automated telephone system for monitoring functional status, 61–98 yr old home care clients, 22215
caregiver burden & nutritional status & weight loss, community dwelling patients with probable Alzheimers disease, 1 yr prospective study, 8629
caregiving & adaptive context & home care outcomes, 18–75 yr olds requiring total parenteral nutrition & their 40–76 yr old family caregivers, replication of Caregiving Effectiveness Model, 22223
caregiving & employment, female caregivers, 31975
caregiving burden & mastery & satisfaction & impact & depressed mood & utilization of home health care, 29–88 yr old family caregivers for functionally impaired older adults, 25474
clinical outcomes & patient & caregiver satisfaction & costs of Home Hospital vs standard acute hospital services, 65+yr old acutely ill patients, 25400
concerns & support needs, informal carers of cancer patients receiving palliative care, 18991
construct validity of Alberta Assessment & Placement Instrument, 65–98 yr old long-term care clients admitted vs not admitted to home care, 1 yr retrospective followup, Canada, 2634
construction of narratives on attitudes & life experiences & attitudes & caregiver burden, coping strategies, caregivers of mentally ill family members, 38550
demographics & type of services & satisfaction & outcomes of coordinated interdisciplinary home-based neurorehabilitation program, 1–40+ yr olds with brain injuries, 6 & 12 mo followup, 35255
determinants of strain & correlations with level of impairment, Swedish 40–87 yr old caregivers of 80+ yr old dependent relatives, 31976
effects of noninstitutional care policy on home care service strategies & work characteristics & motivation, Finnish home care staff & social welfare & primary health care administrators, 19182
evaluative criteria used in deciding preferences for formal & informal in-home care services, elderly adults (aged 60–95 yrs), 22226
experiences & characteristics in coresident caregiving of aging parents, daughters vs daughters-in-law & their husbands as caregivers, 15568
experiences & stresses of providing palliative home care to relative with HIV &/or AIDS, 31–65 yr old family caregivers, 5886
experiences in caring for relatives with serious mental illness in home setting, 29–70 yr old family caregivers, Hong Kong, 2633
factors affecting decision to care for child at home vs seek out-of-home placement, families of 15 mo to 9 yr olds with severe disabilities, 25401
gender & home vs nursing home care, grief states of anxiety & sadness & anger & guilt, 51 to over 80 yr old spousal caregivers of demented partners, 28673
guidelines for understanding mandatory abuse reporting issues, psychiatric home care nurses, 25682
health promotion intervention, 65+ yr olds discharged from hospital to home care for chronic medical conditions, 22 wk & 1 yr followup, 18876
history of mental retardation & emphasis on institutional vs home or community settings, 8450
home hospitalization service vs general medical ward management, mortality & length of stay & cognitive functional status, over 65 yr old acute stroke patients, 9179
home vs outpatient-based rehabilitation, clinical & social & quality of life outcomes, patients suffering from chronic schizophrenia, 25410
home-based family intervention program outcomes, low-SES African Americans & Latinos caring for family member with mental disorders, 35166
household responses & caregiving, patients with HIV & family members, India, 15556
identification & classification of interventions used in crisis-oriented vs long-term psychiatric home care, psychiatric nurses, 31867
length-of-use distribution of admission to home health agencies, elderly, 15559
measurement of burden in home-based palliative care of terminally ill patients, family members & caregivers, research review, 5881
perception of quality of life, elderly living in nursing homes vs at home, 9141
physical problems & home care intervention, psychological status, caregivers of cancer patients (mean age 62.3 yrs), 3- & 6-mo followups , 25470
physical space & programs of & research activity in day care center, persons with dementia or Alzheimers disease & disturbing behavior cared for at home, 9113
preference vs utilization of long term care, stroke patients, 2555
prevalence of intellectual disability & residential vs home care, 4 yr olds & under–75 yr olds & older, 37698
professional & caregiver workload & satisfaction with transmural home care program, nurses & caregivers of terminal cancer patients, 5885
professional activities & ethical concerns, social workers in field of home care , 12443
professional roles & regulations & skills requirements & case assignment in & marketing strategies for psychiatric home care, social workers , 12442
psychoeducational nursing intervention to manage behavioral problems of persons with Alzheimer's disease & related dementias, caregivers' affective responses, home caregivers, longitudinal study, 18902
psychosocial factors that promote or restrict home deaths, cancer patients living in different municipalities, 31982
risk factors for lack of recovery of independent functioning in activities of daily living, 65+ yr olds receiving home nursing after hospital discharge for acute medical illness , 15562
service use & costs of community-based at-home care, physically &/or mentally frail 75–85 yr olds, implications for policy makers, 14095
supportive telephone outreach interventional strategy, hospital discharged elderly patients in home-care during crisis, 31865
videophone effectiveness, functional independence, elderly home healthcare participants with vs without videophones, 15567
Home Care—Books

prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, comment, 21269
process & difficulties in literature review on health visiting, 22212
psychiatric home nurse followup, readmission rates, depressed patients, 34090

Home Visiting Programs—Chapters

Home-visiting intervention for families of children who experience growth delay, 15552

Homebound—Serials

Breakaway social support program, caregivers of homebound or chronically ill patients, 22210

Homeless [See Also Homeless Mentally Ill]—Serials

age, motives, 17–70 yr old community volunteer caregivers to humans vs animals in homeless shelters, 15528
aging & etiology & sustenance of & model for explanation of homelessness, 50 yr olds & older, 14082
alcohol & drug abuse & dependence & mental disorders, 18–68 yr old homeless males, Germany, 18042
attachment & family background & parenting style & separation & loss & social network & support, residential vs homeless Ss aged 15–24, 23837
attitudes toward individuals who are homeless, nursing students & faculty vs public, 12614
boundaries to & strategies of communicating social identity to their community members, 13–21 yr old street persons , 1220
case management & cognitive therapy in comprehensive housing program to prevent homelessness, formerly homeless & at risk mentally ill adults, 35160
characteristics & experiences, homeless single men vs single women vs women with children, 10961
characteristics of target population & community services for model of housing intervention program, 19–63 yr olds with mental illness &/or drug abuse at risk for homelessness, 35164
child experiences & personal background & intentions & content of projects providing assistance & care, urban street children under 18 yrs old, Kenya, 27081
childhood history of foster or out-of-home placement care & child abuse & adult risk factors, placement of children in foster or out-of-home care, homeless mothers, 37524
client satisfaction with residential facilities & treatment outcomes, male homeless veterans with drug & psychiatric problems, 19452
comparison of methods for assessment of mental disorders, homeless & poor adults, 11315
critique of recent service-intensive shelter programs & policies & impact on depression, homeless mothers, 15517
demographic & lifestyle characteristics, problem behaviors & health risks, 12–15 yr old street youth, 975
depression & anxiety & problem behaviors, homeless vs non-homeless children aged 6 yrs & older from low-income & single-parent families, 7990
domestic violence & criminal justice responses & homelessness, female victims, 1169
drug use patterns, sexual & injection related HIV risk behaviors, runaway or homeless or street youth, 5077
dyadic case management as strategy for prevention of homelessness, adults with alcohol & drug dependence, 6 & 12 mo followup, 35232
dysfunction & human capital & disaffiliation & cultural identification & economic resource variables & exit from homelessness & stability of housing, homeless adults, 5 & 15 mo followups, 10965
effectiveness of homelessness prevention intervention program using therapeutic community principles & methods, 17–47 yr old drug abusing females & their children, 35239
ethnographic study of humiliation & status enhancement through management of emotions & stigmatized identity & established relationships with regular givers, panhandlers, 23834
experience in transitional housing program, 55 yr old homeless male with bipolar disorder & alcoholism, 35262
factors influencing initiation of drug & alcohol use & social & health consequences of use, 18–50 yr old homeless women using drugs &/vs alcohol vs no drug or alcohol use, 30274
family background & psychological adjustment & victimization on the streets, homeless 13–21 yr olds who ran away vs were thrown out by parents vs were removed from home by authorities, 11542
family background & street lifestyle & economic factors, substance use, male homeless youth (mean age 18.86 yrs), 34340
family environments, 12–17 yr old homeless adolescents residing in shelters vs housed adolescents, 14167
family satisfaction & stress reduction & other service needs in outdoor camp program, 17–41 yr old homeless mothers , 25444
group counseling intervention, reduction of familial conflicts & interpersonal problems-solving skills, 10–17 yr olds & their 33–38 yr old mothers living in homeless shelter, 25079
group membership & service use behavior, homeless clients, 35238
health status & risk-taking behaviors & access to health care, homeless adolescents, 4474
home-based family intervention program outcomes, low-SES African Americans & Latinos caring for family member with mental disorders, 35166
homelessness as lifestyle, homeless males, 1057
house demolition, mental health, adult & child victims & witnesses, 1037
individual & social factors in & state of research on HIV transmitssion, homeless adolescents, implicatins for prevention, 37796
influence of parenting style & home background on running away from home, Cameroon street children, 18108
living in transition housing vs emergency shelters vs doubled-up arrangements, social support, low-income housed vs homeless mothers with a child in Head Start, 1123
longevity of homelessness, strategies of identity maintenance, shelter users, 27120
mental health service & substance abuse treatment collaborative program to prevent homelessness, persons with mental illness &/or drug & alcohol abuse who are at risk for homelessness, 35188
model of health care used by Boston HIV Adolescent Provider & Peer Education Network for Services Program, homeless & at-risk & HIV-positive 12–24 yr olds, 5857
narrative account of teaching students to gather research on homelessness in locales of rural Iowa, 10964
Northern vs Southern hemisphere views on & strengths & empowerment & difficulties of street children, Africa, commentary, 4566
Northern vs Southern hemisphere views on & strengths & empowerment & difficulties of street children, Africa, commentary reply, 4564
Northern vs Southern hemisphere views on & strengths & empowerment of street children, Africa, 4563

panhandling as dramaturgical routines to gain attention & interest of passersby, homeless persons, 17446
parenting as protective process for school success, 6–11 yr old African Americans & their parents from homeless families , 14164
parenting characteristics & attachment security, homeless vs low-income housed 16–42 yr old mothers & their 11–20 mo olds, 30340
perceptions of effects of homelessness & shelter life on family relationships, formerly homeless 19–52 yr old mothers of 6 mo to 16 yr old children, 4636
policy & research issues related to homelessness, 10963
prediction of DSM-III-R diagnoses from Youth Self-Report scores, homeless 13–21 yr olds, 35948
predisposing & enabling & need components, community-based services use & type of assistance received, homeless 18 yr olds & older, 2 yr study, 18980
preferences in research topics on homeless veterans, consumers vs providers, 25976
prevalence of axis I disorders, low-income housed vs homeless 15–58 yr old mothers, 1444
prevalence of HIV & related risky behaviors, disadvantaged 12–21 yr olds in state institution for homeless & offenders, 14974
Project H.O.M.E homelessness prevention intervention program, 18–60+ yr olds with mental disorders &/or substance abuse who are at risk for homelessness, 35224
psychohistory of childhood homelessness in times of social change, 1850–1990s Russia & USSR, 30271
psychosocial stressors, behavior problems & development of mental illness, homeless 6–12 yr olds in mother-headed families, 10894
quantity & types & timing of stressful life events & perception of causality on current life situation, homeless adults, 10867
rate of & extent to which homelessness is associated with clinical & criminal involvement factors, clients (mean age 34.62 yrs) of psychiatric probation & parole service, 11301
residential stability after participation in Pathways Supported Housing Program vs linear residential treatment program, 19–68 yr old homeless, 12458
risk factors associated with homelessness, individual women vs women as part of a family living in homeless shelters, 20689
risk factors for homelessness, 20–52 yr old recent participants in residential treatment program for low-income substance abusers, 18061
service components, retention in substance abuse treatment programs, homeless clients with alcohol/drug problems, 38618
service utilization patterns, homeless & runaway Black & White & Hispanic & Asian 13–23 yr olds, erratum & reprint, 25433
sex & age & background & delinquency & victimization, street children in Ethiopia vs Latin America, 34284
similarities & differences between project sites of Collaborative Program to Prevent Homelessness, persons at risk for homelessness, 35229
social networks & characteristics associated with risky behaviors, runaway & homeless 14–21 yr olds, 14002
social support & preventive health behavior & childhood & adulthood victimization, risky drug use & sexual behavior, homeless African-American vs Latina women (mean age 33.2 yrs), 31123
social support networks & homelessness, injection drug users, 5.2 mo followup, 1787
sociodemographic & drug use & diagnostic correlates, homeless 17–60 yr old inpatients with dual diagnosis, 14405
sociodemographic & familial & victimization & peer & externalizing & internalizing behavior factors in prediction of suicidal behavior, homeless & runaway 12–21 yr olds, 21277
sociodemographic & psychological characteristics & risky sexual & drug-use behaviors & childhood abuse & adult victimization, homeless females vs their intimate partners, AIDS prevention implications, 27122
sociodemographics & family problems & victimization & internalizing & externalizing & attempted suicide & suicidal ideation, homeless & runaway 12–21 yr olds, application of life course theory, 8296
subtypes, homeless mentally ill substance abusers, implications for therapeutic community treatment, 32030
transitional shelter services, reintegration & self-sufficiency, homeless families, 5870
untreated sexual addiction & probability of relapse, homeless &/or individuals from criminal justice system &/or who have had multiple treatment experiences, 17786
utility of methods for obtaining probability samples & sample characteristics & differences, homeless 18–71 yr olds from Buffalo vs Detroit, 9999
validity & reliability of Interpersonal Support Evaluation List & Social Network Interview, assessment of social support, homeless & poor adults, 9811

Lives in the balance: A profile of homeless youth in New York City, 30152
The psychological predicament of women on welfare, 27417

Homeless Mentally Ill—Serials
characteristics of & implementation of case management with Access to Community Care and Effective Services and Supports program, homeless clients with mental disorders, 31948
client–case manager alliance & client characteristics, client outcomes, homeless persons with severe mental illness, 9159
demographic characteristics & symptom level & global functioning & substance use & other risk factors, prediction of homelessness following hospital discharge, inpatients with schizophrenia, 21152
homeless outreach programs, client–staff boundaries & professional ethics & staff safety, outreach staff, 32135
improvements to access to disability benefits, homeless persons with mental illness (mean age 42.4 yrs), 2 yr study, 25456
level of collaboration between agencies providing community services to homeless persons with comorbid psychiatric & substance use disorders, 9149
outcomes & cost analysis of modified therapeutic community, homeless mentally ill chemical abusers, 12 mo followup, erratum, 38524
outcomes & costs analysis of modified therapeutic community, homeless mentally ill chemical abusers, 12 mo follow up, 18963
placement in individual apartments vs staffed group homes, subsequent homelessness, formerly homeless patients with severe mental illness, 18-mo study, 21029
severity of substance abuse & social functioning & legal problems & violent victimization & medical problems & depression & anxiety, male vs females with schizophrenia or schizoaffective disorder, 7989
social relationships, homeless mentally ill attending assertive community treatment with vs without community workers vs outpatient therapy vs drop-in centers vs brokered case management, 9150
sociodemographic & clinical characteristics & social support, use of outpatient medical & mental health & substance abuse & multiple services, homeless adults with serious mental illness, 12 mo study, 18921
sociodemographic profiles & psychiatric dual diagnosis & psychological symptoms, homeless mentally ill with chemical abuse in therapeutic community treatment, 9250
symptomatology & perceived level of social support within hours of psychiatric emergency service arrival, homeless vs domiciled psychiatric patients, 37295

Homeless Mentally Ill—Chapters
Neuropsychiatry and the homeless, 24118
A perspective on voluntary and involuntary outreach services for the homeless mentally ill, 31932

Homemaking [See Household Management]

Homeostasis—Serials
21 hrs of sleep deprivation, slow-wave activity & slow wave sleep on recovery night & sleep spindles & homeostatic process, 22–53 yr olds with sleep-maintenance insomnia, 3959
alcohol drinking & growth hormone & slow wave sleep, humans, implications for alcoholism treatments, 30021
circadian & homeostatic influences on sleep, squirrel monkeys after different sleep deprivation durations, 13637
constancy of food deprivation across retention period, loss of tolerance to amphetamine induced hypophagia, male rats, 36568
low vs high parasympathetic tone, regulation of homeostasis, fetuses between 36 & 40 wks gestation, implications for behavioral development, 26936
plasticity & anatomy of serotonergic neurons in integrating external sensory & motor systems & homeostasis of neural tissue, 26540

Homeostasis—Books
The physiological basis of behaviour: Neural and hormonal processes, 33173

Homeostasis—Chapters
Pain and stress: A new perspective, 14950

Homesickness—Serials
coping strategies & personality styles & chronicity of homesickness, 17–31 yr old females, 20617
DSM-III-R & ICD-10 personality disorder features, 18–80 yr old females with chronic or episodic homesickness, 5000
health status & mood & cognition & saliva cortisol & social activities, homesick vs homesick-prone vs recovered vs non-homesick female 18–79 yr olds, 29971
perceived social support & mental health & homesickness, 19–30 yr old college students , 27388
prevalence & intensity & progression & predictors & behavioral correlates & sequelae of homesickness at summer camp, 8–16 yr old females, 20950
validity & reliability & cultural sensitivity of Homesickness and Contentment Scale as measure of emotional adjustment to culture shock, Chinese & Korean college students , 6662

Homework—Serials
homework & television viewing & extracurricular & other structured-group activities & employment & academic achievement, 6th–12th graders, 28960
homework centers, culture & academic achievement, Tongan secondary school students & their parents, New Zealand, 9474
perceived effectiveness of strategies for improvement of home–school communication about homework for students with disabilities, general education teachers, 38890
racial & ethnic differences in motivation for educational achievement as shown by number of hrs devoted to homework, 10th graders, 2 yr followup, 35511
recommendations for improving communication between teachers & parents concerning homework for students with disabilities, 22–65 yr old special education teachers, 35542
relationship between perceptions of home & school partnership & grades in French & time spent on homework, 14 & 16 yr old general education students vs 14–19 yr old special education students, 29018
responses to & amount of & time spent assisting with homework, gifted kindergarten–6th grade students & their parents, 25803
role & impact on outcome of homework assignments in cognitive therapy & methods for enhancing adherence, patients with depression, 38069
use of systematic procedures for homework assignments & cognitive-behavior therapy, practicing psychologists , 38015

Homework—Books
Alternatives to domestic violence: A homework manual for battering intervention groups, 21801
Brief adolescent therapy: Homework planner, 15166
Brief child therapy: Homework planner , 15167
Brief couples therapy homework planner, 12105

Homework—Chapters
"Only connect": Sequencing assignments in the beginning writing classroom, 15931

Homicide [See Also Genocide, Infanticide]—Serials
access to entry-level jobs & economic deprivation in inner cities, homicide rates, Blacks &/vs Whites, 1838
access to guns, suicide or homicide or accidental death, children aged 0–15 yrs, 37481
alcohol consumed prior to murder-suicide vs suicide, 5007
alcohol outlet density, alcohol availability & homicide rates in New Orleans urban neighborhoods, 21264

Homosexuality (Attitudes Toward)—Serials

internalized homophobia & shame & self-esteem, 22–65 yr old gay men, 33831
attitude toward gay or lesbian couple seeking to adopt 5-yr-old child, 31–77 yr old psychologists, 25662
attitudes toward homosexuality & people with AIDS & stigmatization, AIDS prevention efforts, African Americans, 18303
attitudes toward homosexuality & sexual prejudice, AIDS-related stigma & attitudes toward AIDS, adults, 18305
attitudes toward homosexuality in 19th & 20th century British psychiatry & psychoanalysis & behavioral sciences, 30359
conservatism & values as predictors of negative stereotypes of gay men & lesbians, males vs females, 20913
definition of homophobia as attitude of aggression or anxiety or revulsion vs phobia, 35–45 yr old heterosexual males with & without childhood sexual trauma, 17955
development & factor analysis & reliability & discriminant & convergent validity of Attitudes Regarding Bisexuality Scale, heterosexual & bisexual & lesbian & male homosexual 15–61 yr olds, 23931
dominant discourses across race & gender & sexual orientation & class & ability, implications for counseling, 10990
exposure to information on biological component of male homosexuality & memory & religiosity, attitude change, male vs female college students who had vs had not declared a college major, 19334
feminist dilemmas about homophobia & racism & paternalism in the psychotherapy of low-income clients, 38747
formation & maintenance of & susceptibility to & methods for combating stereotypes, marriage & family therapists working with homosexual clients, 19189
gay historical criticism & context of homophobic oppression in F. O. Matthiessen's "American Renaissance", 4317
gender stereotypes & perceived homosexuality & perceptions of gender role characteristics, college student, 33841
homophobia, 22–41 yr old medical students at beginning of class on human sexuality, 19154
impact of parental & in-law disapproval on gay relationships, male homosexual couples, 7753
knowledge & attitudes about AIDS & homophobia, medical students, implications for medical & patient education, 19181
minority stress theory applied to direct & indirect experiences of workplace heterosexism, gay & lesbian & bisexual adults, 16127
Muslim attitudes toward the teaching of homosexuality as an acceptable alternative lifestyle, commentary reply, 19247
Muslim attitudes toward the teaching of homosexuality as an acceptable alternative lifestyle, commentary, 19240
professional silence & need for increased sensitivity to sexual-minority issues & strategies for enhancing lives of gay & lesbian & bisexual individuals, social scientists, 23933
religious orientation & Fundamentalism & antihomosexual sentiment, 18–24 yr olds, 23852
responses & feelings & stigmatized role to social justice involvement with wearing pink triangle pin in support of gay rights in teaching social issues in university setting, college students, 20792
sex, AIDS knowledge & fear & homophobia, Black vs White vs Hispanic 18–56 yr old college students, 35155
sexual identity construction & reconstruction, lesbian members of Exodus International ex-gay ministries, 27250
sexuality & social attitudes as correlates of perceived erotic value of & attitudes toward lesbianism, 17–33 yr old heterosexual college males, 30369
stereotypes of gay men & heterosexual attitudes toward parenting ability & distress & problems & custody reassignment of sons adopted by gay male couples, college students, 30361
suggestions for understanding diversity & promoting tolerance toward lesbian & gay & bisexual students in secondary schools, 25844
tendencies of social distancing from lesbians & effect on expression of sexist beliefs & self-identification as a feminist, heterosexual females , 14280
willingness to engage in interpersonal relationship with lesbian or child of gay parent, heterosexual college students, 20791

Homosexuality (Attitudes Toward)—Chapters

Constructing knowledge: Educational research and gay and lesbian studies, 6114
Fantasizing women in the Women's Studies classroom: Toward a symptomatic reading of negation, 4670
A generational and theoretical analysis of culture and male (homo)sexuality, 4692

Homovanillic Acid—Serials

clozapine, homovanillic acid & 5-HIAA & MPHG & cortisol & prolactin in plasma &/or urine & psychopathology scores, males with schizophrenia (mean age 33.3 yrs), 2332
haloperidol withdrawal, HVA & MHPG levels & use as biological markers for psychosis, 20–63 yr old male patients with schizophrenia or schizoaffective disorder, 21912
homovanillic acid concentrations in CSF, smokers vs nonsmokers with PTSD, 8176
HVA & 5-HIAA & MHPG CSF metabolite values & relation to life history & behavior, 40–140 mo old male vs female anubis & hybrid baboons, 20202
hypothalamic pituitary adrenal axis hormones, plasma homovanillic acid levels, healthy 22–54 yr olds, 13798
Kraepelin arithmetic test-induced mental stress, plasma HVA decrease, male 20–34 yr olds with schizophrenia, 14583
plasma homovanillic acid, healthy 1st degree relatives of individuals with schizophrenia, 21122
relationship of cerebrospinal HVA concentrations & HVA/5-HIAA ratios & HVA/MHPG ratios, 19–72 yr old suicide attempters, 37460

Honesty—Serials

individual & organizational costs of dishonest use of effective social influence principles, 12931
survey context manipulation & perceptions of risk & loss & truthfulness of reporting to sensitive survey questions, 18–45 yr old females, 36088
understanding & inference of veracity & speaker informedness, 3.6–6.5 yr olds, 10792
understanding of truth vs lies & competence to take oath on witness stand in court, 4–7 yr olds, 13947
undiscovered deception & deceiver's distrust & perceived honesty of recipient, dyads, 1263

Hong Kong—Serials

15-yr outcome & patterns of Chinese patients with schizophrenia, Hong Kong, 4948
characteristics of childhood sexual abuse, female child & adolescent victims, Hong Kong, 21262
demographic characteristics & epidemiology of suicide attempters, 10–24 yr olds, Hong Kong, 1995, 1744
depression & anxiety, older Asian & Asian American adults , 14453
development of Carer Assessment Scale, assessment of needs of family carers of stroke patients, nurses & family carers, Hong Kong, 5882
empowerment & cooperation & competition in manager–employee relationship, managers & employees, Hong Kong, 3057
experiences in caring for relatives with serious mental illness in home setting, 29–70 yr old family caregivers, Hong Kong, 2633
model of work–family conflict & life satisfaction & involvement, Hong Kong employees aged less than 30–50+ yrs, comparison with US employees, 35627
perceptions of attributes of the ideal child, Chinese parents in Hong Kong, 20759
psychosocial stressors & demographic correlates & prevalence of depressive symptoms, 14–17 yr old adolescents, Hong Kong, comparison with Canadian Ss, 27636
satisfaction with & expectations & desires in patient relationships with physicians, Hong Kong, 31806
sex, competitiveness & intimate same-sex friendships, 13–19 yr olds, Hong Kong, 17326
systemic perspective on separation & divorce adjustment, families, Hong Kong, 15535
wants & needs regarding organizational response to work & job satisfaction & family relations, 23–60 yr old female university employees, Hong Kong, 20781
wife abuse patterns, 18–74 yr old females, Hong Kong, 27824

Hope—Serials

conceptual model of hope in context of health & illness, 18–84 yr old healthy adults vs nurses vs adults with chronic & life threatening illnesses, 18271
construct analysis of hope & will & ways & self-efficacy & optimism & general well-being constructs on Hope scale, 17–50 yr olds, 19599
critical attributes & antecedents & outcomes in content analysis of concept of hope in nursing, 9093
high vs low hope, problem solving ability & coping with stressful academic & interpersonal situations, college students, 2935
newly diagnosed cancer & sex & age & diagnosis & time point in treatment, hopefulness & hopelessness & hoped-for objects, adolescents (12–21 yrs old) receiving treatment, 37798
relationship between concepts of enduring & suffering & uncertainty & hope, 24032
use of Hope Scale scores pre- vs post-treatment for assessment of treatment effectiveness & effects of humor on test scores, 18–56 yr olds, 28264

Hope—Books

Finding hope in the age of melancholy, 8126

Hope—Chapters

Evoking hope, 25046
Hope as a psychotherapeutic foundation of common factors, placebos, and expectancies, 12072

Hopelessness—Serials

Beck's & hopelessness theories of depression & negative cognitive style as predictor of depression, Temple-Wisconsin Cognitive Vulnerability to Depression project, 21066
cognitive therapy, hopelessness & cognitive flexibility & tolerance of anxiety/negative affect & sensitivity to social expectations, 28 yr old suicidal female with depression & anxiety, commentary, 31527
cognitive vulnerability & hopelessness & suicidality, college students, 2.5 yr study, 5004
depression & hopelessness & quality of life & role of HIV symptoms, 26–66 yr old HIV-infected male homosexuals with vs without pain, 8555
dysfunctional cognitions & poor problem solving, prediction of hopelessness, depressed outpatients, implications for assessment & prevention of suicidality, 34096
factorial structure of Beck Hopelessness Scale & relationship between hopelessness & psychosocial variables, nonclinical 18–91 yr olds, Japan, 57
hopelessness & locus of control, 18–74 yr olds with motor conversion disorder, 24683
hopelessness & optimism & suicidal ideation, college students, US vs Ghana, 27364
interrelations among hopelessness & loneliness & self-esteem & personality, 15–18 yr old Russian male delinquents, 37608
level of hopelessness, geriatric outpatients with major depression who responded to drug treatment & with/vs without history of suicide attempts or suicide ideation, 1732
model of reproductive potential & benefit or cost to kin as predictors of depression & hopelessness & suicidal ideation & behavior, college students, 21229
newly diagnosed cancer & sex & age & diagnosis & time point in treatment, hopefulness & hopelessness & hoped-for objects, adolescents (12–21 yrs old) receiving treatment, 37798
perfectionism, stress & psychological symptoms & hopelessness & adjustment, college students, 37149
relationship between hopelessness & Five Factor model of personality variables, undergraduate students, implications for construct validity of Beck Hopelessness Scale, 14334
scales for measuring current & worst suicide ideation & Beck Hopelessness Scale, prediction of suicide risk, psychiatric outpatients, 10 yr study, 19608
social problem solving abilities, hopelessness & depression & suicidal risk, college students vs general & suicidal psychiatric inpatients, 7991
social support & coping style & hopelessness, quality of life, 24–71 yr olds infected with HIV, 12 yr study, 28082
symptom component of hopelessness theory of depression, college students, 4902

Hopelessness—Chapters

Beck Depression Inventory and Hopelessness Scale, 26178

Hormone Therapy—Serials
administration of adrenal steroid hormone dehydroepiandrosterone, declarative memory & attention after exposure to stress, 59–81 yr olds, 5681
age & cognitive abilities & health beliefs & other factors, judgments about Estrogen Replacement Therapy as menopause treatment, 20–79 yr old females, 22076
attitudes toward & influences on decision to take hormone replacement therapy, 20–69 yr old females, implications for physicians, 31787
cognitive & neuroendocrine response to estrogen, 66–89 yr old postmenopausal women with probable Alzheimer's disease, 25301
cognitive function & never vs past vs current postmenopausal use of estrogen, women aged 65 yrs & older, 38431
conjoint analysis of structure & pattern of patient–consumer preference for treatment attributes, medical decision making, parents of 4–15 yr olds needing growth augmentation therapy, 5774
dosage & withdrawal & psychosexual side effects of testosterone therapy, 21–40 yr old males, 12268
efficacy & safety of short-term estrogen therapy, aggressive behavior, elderly patients with mild-to-moderate dementia, 38414
efficacy of dehydroepiandrosterone treatment, 33–53 yr olds with major depression, 18752
estradiol treatment, verbal & spatial memory & mood, postmenopausal women, 31712
estrogen replacement therapy, Alzheimer's disease, postmenopausal females, 18439
estrogen replacement therapy, improved cognitive functioning, postmenopausal females reporting cognitive impairment, 1 yr followup, 28415
estrogen replacement therapy, risk of developing Alzheimer's disease, 28–94 yr old females, 16 yr longitudinal study, correction, 5750
estrogen therapy with vs without progesterone, mood & physical symptoms, postmenopausal females, 28427
factors contributing to & process of decision making about hormone replacement therapy, menopausal 46–58 yr old females, 28601
fluoxetine with vs without estrogen replacement therapy, females over vs under 45 yrs old with major depression, 34959
health-promoting behaviors & hormone therapy self-efficacy, quality of life, 45–84 yr old female users vs nonusers of hormones, 31816
hormone replacement therapy with vs without psychological support, symptoms, menopausal 45–55 yr olds, 5455
hormone replacement therapy, cognitive function & mood, 45–65 yr old postmenopausal females, 12188
hormone replacement therapy, physical & psychosocial functioning, 50 yr old & older chronically stressed postmentopausal dementia caregivers, 15428
melatonin treatment, children & adolescents with sleep–wake cycle disturbances, 35087
neuroendocrine aspects of & hormonal therapy for emotional disorders associated with temporolimbic epilepsy, 15011
patient evaluation procedure & combined use of testosterone replacement & sex therapy, female patients with sexual dysfunction, 15073
physiological androgen replacement with methyltestosterone, sexual energy, 43–49 yr old menopausal females with hypoactive sexual desire disorder, 28621
protective role of educational attainment & age in relation between oral estrogen replacement therapy & cognitive function, nondemented 65+ yr old women, 4–6 yr study, 21923
psychosocial variables & habit & facilitating conditions & clinical & demographic factors, intentions & use of hormones with menopause, 45–61 yr old pre & peri & postmenopausal females, 35094
role of reproductive hormones in temporolimbic epilepsy & use of hormonal therapy for males & females with temporolimbic epilepsy, 15012
selective estrogen receptor modulator raloxifene hydrochloride, cognitive function & mood, 45–75 yr old postmenopausal females, 1 yr study, 10633
somatostatin infusion, somatotrope responsiveness to growth hormone-releasing hormone, 16–23 yr old female patients with anorexia nervosa, 12175

Hormone Therapy—Chapters
Case six: Does "nonjudgmental" care include prescribing hormones?, 31716
Deviations in growth and pubertal development and their treatment: How consistent are patient's and physician's outlooks?, 25319
Hormone replacement and oral contraceptive therapy: Do they induce or treat mood symptoms?, 24235
Short stature: Does it matter? A review of the evidence, 24742

Hormones [See Also Adrenal Cortex Hormones, Adrenal Medulla Hormones, Cholecystokinin, Corticotropin Releasing Factor, Epinephrine, Glucagon, Gonadotropic Hormones, Insulin, Melatonin, Pituitary Hormones, Progestational Hormones, Sex Hormones, Thyroid Hormones]—Serials
adipocyte hormone leptin icv vs food restriction, food intake & body weight & energy expenditure & other metabolic indices, male rats, 13832
administration of adrenal steroid hormone dehydroepiandrosterone, declarative memory & attention after exposure to stress, 59–81 yr olds, 5681
age & hormonal status, grooming & motor activity, female rats during estrous cycle, 29943
amisulpride vs flupenthixol, anterior pituitary & adrenal hormone secretion & treatment response, male vs female patients with schizophrenia, 12182
amylin &/vs cholecystokinin, inhibition of food intake, male mice, 4104
anandamide vs methanandamide vs WIN 55212-2, serum hormones & respiration rate & pain sensitivity, castrated male calves, implications for cannabinoid receptor role in stress response, 26866
behavioral adaptability & emotional states & reproductive hormone levels & biological irregularities of menstrual cycle, females, 4790
central administration of gastrin, food intake & feeding behavior & satiety & serum corticosterone & pecking behavior & food passage, neonatal chicks, 29928
circulating ovarian hormones & alcohol distribution & elimination, female vs male rats , 13708
clozapine vs olanzapine vs haloperidol, body weight & leptin plasma levels, psychiatric inpatients, 12197
cognitive & general mental health assessment & estrogen & progestins, postmenopausal women, 90
corticosterone or testosterone, corticotropin-releasing hormone & arginine vasopressin mRNA expression & stress-induced adrenocorticotropic hormone release, male rats with adrenalectomy vs gonadectomy, 26649
dysregulation of corticotropin & cortisol response after corticotropin releasing hormone stimulation, outpatients with bipolar disorder, 34135
erythropoietin, erythrocyte cell membrane properties, maze learning performance, 21-mo-old male rats, 10649
fluoxetine, 5-HT type 1A receptor function & hypothermic & hormone responses to ipsapirone challenge, healthy 22–63 yr olds, 20322
galanin, EEG measured REM sleep & nocturnal hormone secretion, healthy male 20–30 yr olds, comparison with effects of sleep deprivation on depression, 16977
gender differences in presentation & management of social anxiety disorder & hormones & neurotransmitter systems, implications for pregnancy, 21196
gender differences in sympathoadrenal activity during rest & in response to foot shock stress, rats, 4012
gender- & season-specific hormonal & behavioral & coloration responses to social interactions with conspecifics, resident male lizards, 29741
hormonal changes, parental behavior, p. cambelli vs p. sungorus male hamsters, 20019
hormone transfer theory & stereotyped toy play, opposite- vs same-sex dizygotic twins, 4496
hypothalamic pituitary adrenal axis hormones, plasma homovanillic acid levels, healthy 22–54 yr olds, 13798
impact of capture & subsequent release, immune & hormone & behavior responses & health, free-ranging rhesus monkeys, 23465
lower body negative pressure in long-term spaceflight, endocrine status & hormone changes, 52 yr old male astronaut, 7134
maternal deprivation, chronic anxiety & neuroendocrine parameters in hypothalamo–pituitary–adrenal axis, male vs female rats, 20253
mood states & urinary stress hormone output in psychosocial stress, menstrual cycle adequacy, human females (mean age 31.6 yrs), 33329
nocturnal hormone secretion & sleep EEG several months after injury, 19–36 yr old males with severe traumatic brain injury, comparison with depressed patients, 31223
nocturnal profiles of serum leptin levels, 23–71 yr olds with depression, 8088
ovarian development & juvenile hormone synthesis in regulation of reproduction in colonies, bumblebee dominant workers, 13435
partner familiarity, behavioral & hormonal responses to separation & reunion in novel environment, periadolescent rats, 23433
plasma cortisol & prolactin & oestrogen & progesterone & thyroxine & TSH & depressive symptoms, pregnant vs postpartum women, 4901
plasma leptin levels, female patients with anorexia nervosa of restricting vs purging subtypes, 27979
population density, steroid hormone levels & male-like aggressive behavior, female mice, 4026
postnatal maternal separation during stress hyporesponsive period, adrenocortical response to novelty, adult rats, 3681
protective & damaging effects of stress hormones on body, 10518
seasonal variations in plasma testosterone & oestradiol & dihydrotestosterone & corticosterone, territorial aggression, female mountain spiny lizards, 20045
serotonin reuptake inhibitor-induced syndrome of inappropriate secretion of antidiuretic hormone, 78–89 yr old female patients, 21876
sex & ovariectomy with vs without estradiol &/vs progesterone supplementation, cocaine induced behavioral sensitization, inbred Fischer 344 & Lewis vs outbred Sprague-Dawley rats, 20371
socially & spatially restricted housing, hormonal & immunological reactivity, beagles, animal model of chronic stress, 20225
somatostatin infusion, somatotrope responsiveness to growth hormone-releasing hormone, 16–23 yr old female patients with anorexia nervosa, 12175
steroid hormone levels & cognition & memory & mood during vs after pregnancy, females (mean age 33 yrs), erratum, 23450
steroid hormone levels & cognition & memory & mood during vs after pregnancy, females (mean age 33 yrs), 10508
steroid hormones & verbal & visual & semantic memory & concentration & attention & language fluency & mood, males vs females (average age 72.1 yrs), 4516
stress associated with capture & living in captivity, hematological & immunological & hormonal response, female rhesus monkeys, 2 yr study, 26511
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta-carboline norharman, 23–60 yr olds with mental retardation & stereotyped &/or self-injurious behavior, commentary, 34474
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta-carboline norharman, 23–60 yr olds with mental retardation & stereotyped behavior &/or self-injurious behavior, 11724
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta–carboline norharman, 23–60 yr olds with mental retardation & stereotyped &/or self-injurious behavior, commentary reply, 34478
territorial behavior & hormone levels, pied flycatchers in deciduous vs coniferous forests, 608
tropisetron with vs without 1-(2,3-dimethoxy-4-iodophenyl)-2-aminopropane vs 8-OH-DPAT & m-chlorophenyl-biguanide, lordosis, ovariectomized female rats primed with estradiol & progesterone, 4209
use of hormonal measures for diagnostic & research purposes in perimenopausal depression & premenstrual syndrome, 1541
various doses of analogs of C-terminal fragment of arginine-vasopressin, dynamics of development of a conditioned active avoidance response, male rats, 20381

Hormones [See Also Adrenal Cortex Hormones, Adrenal Medulla Hormones, Cholecystokinin, Corticotropin Releasing Factor, Epinephrine, Glucagon, Gonadotropic Hormones, Insulin, Melatonin, Pituitary Hormones, Progestational Hormones, Sex Hormones, Thyroid Hormones]—Books
Hormones, health, and behavior: A socio-ecological and lifespan perspective , 7139
The neuroendocrine regulation of behavior, 7098

Hormones [See Also Adrenal Cortex Hormones, Adrenal Medulla Hormones, Cholecystokinin, Corticotropin Releasing Factor, Epinephrine, Glucagon, Gonadotropic Hormones, Insulin, Melatonin, Pituitary Hormones, Progestational Hormones, Sex Hormones, Thyroid Hormones]—Chapters
Beyond the "blues": Hypotheses about postpartum reactivity, 14520
Modernization, psychosocial factors, insulin, and cardiovascular health, 7140

Horses—Serials
ability to discriminate between gray & other colors, horses, 10286
ability to discriminate between gray & other colors, horses, erratum, 23215
behavior & communication of feral populations, African wild ass in arid vs mesic habitat, 20 & 1 mo study , 390
behavior during routine health & therapeutic procedures, mammoth asses , 413
behavior modification to decrease head tosses while having necks clipped & to disassociate clippers with aversive stimulus, ponies, 16758
behavioral ecology & spatial distribution & social organization, feral asses of Volcano Alcedo, 392
behavioural reactions & HR during handling manipulations, foals & young Konik horses reared in forest reserve vs conventional stable, 10324
cortisol & beta-endorphin levels, stereotypic behavior, horses, 20210

daytime activities at pasture, adult donkeys & foal, 363
feeding behavior & types of feed consumed & kicking during group feeding, domestic donkeys, 355
legume/orchard grass hay vs grass hay, chewing activity, domestic donkeys , 395
mother-offspring social relationships, domestic donkeys, 370
natal separation, behavior in pre-harem formation stage, male Misaki feral horses, 10328
neophobia, maternal behavior, donkey, 377
observational learning from trained demonstrator & acquisition of operant response during novel motor pattern task, riding horses & ponies, 10277
sexual behavior, domesticated donkeys breeding under controlled or free range management systems, 375
social organization & behavior, African & Asiatic Wild Asses, 382
social organization & reproductive patterns & sexual behavior, free-ranging donkeys, 386
social organization, feral donkeys, St. John Island, comparison with populations in Death Valley & Ossabaw Island, 409
social rank & initiation of herd movements, individual water consumption & drinking frequency, female Przewalski horses in semireserve, 410
variations in social organization, feral asses in arid vs mesic habitats, 391
Hospice—Serials
academic & on-the-job training & professional & personal experiences in preparation for practice in oncology settings, hospice social workers, 12593
art & music therapy, pain management & symptom control in hospice care, dying patients, 25477
attitudes toward & experiences with assisted suicide, hospice volunteers vs public, 28721
barriers to use of hospice services before late terminal stages of illness, caregivers & physicians of terminally ill patients & hospice staff & volunteers, 18987
children's hospice & Treasure Weekend & bereavement support services, 5–16 yr olds who experienced the death of a sibling, 18992
issues in prison hospice care, federal & state prison medical facilities, 9176
perceptions of dying patients' quality of life, hospice patients vs staff vs caregivers, 28715
phenomenological methodology evaluation of hospice day care service, 50–86 yr olds with cancer, 25469
provision of hospice care in bureaucratized health care system, hospice personnel & clients, 2635
psychosocial factors that promote or restrict home deaths, cancer patients living in different municipalities, 31982
responses to acupuncture for symptom & pain management, hospice patients, 1 year study, 18762
satisfaction with services provided by social work staff of hospice, primary caregivers of deceased patients, 28714
Hospital Addiction Syndrome [See Munchausen Syndrome]
Hospital Administration—Serials
academic & personal criteria used & actual & projected changes in process used to select residents, hospital program directors, 15764
professional change & disciplinary refocusing in face of organizational change from traditional to programmatic hospital structures, social workers, 32080
Hospital Admission [See Also Psychiatric Hospital Admission]—Serials
admission process of psychotic adolescents (aged 14–17 yrs) to the hospital, 35273
admission related factors associated with migration to intermediate care facility in another county or state, older nursing home residents, 25487
Bournewood court case of informal hospital admission, persons with mental disorders unable to consent to treatment or voluntary hospital admission, United Kingdom, 29259
demographic & clinical characteristics, frequent users of inpatient mental health program in community hospital, 12481
demographic factors & hospitalization & Alzheimer's disease status & medical comorbidity, 65–85+ yr olds in community aging project, 1996–97, 21526
depot antipsychotics, number of hospital admissions & affective episodes & length of hospital stay, 30–70 yr olds with bipolar affective disorder, 31674
first hospital admission rates, 15–65 yr old males with schizophrenia or affective disorders or paranoid states or non-organic psychoses, Scotland, 1980–1995, 30606
nurse case management, quality of life & satisfaction with care & functional status & hospital admission & length of stay & emergency readmission, patients aged 70 yrs old & older, 35275
probability & frequency of hospital admissions & length of hospital stay, patients with physical disorders with vs without comorbid psychiatric disorders, 19024
psychiatric illness, length of stay & patterns of admission, AIDS patients hospitalized for medical illnesses, 5854
seasonality of hospital admissions, patients with schizophrenia , 12486
sex, objective & subjective quality of life, 18–59 yr olds with schizophrenia at first admission to hospital, 8152
symptoms as risk factors for hospital readmission, psychiatric inpatients with bipolar or schizoaffective disorders, 24158
variables associated with high levels of expressed emotion or expressed emotion subscales at admission, relatives of patients with acute episode or relapse into schizophrenia, 3.8–9 mo study, 11402
Hospital Attendants [See Attendants (Institutions)]
Hospital Discharge [See Also Psychiatric Hospital Discharge]—Serials
clozapine, reduction of psychotic symptoms & violent behavior & rate of discharge, inpatients with schizophrenia, 28416
Cumulative Illness Rating Scale vs Nursing Severity Index, discharge from postacute geriatric facility, derivation (mean age 74.9 yrs) vs validation cohort (mean age 73.2 yrs), retrospective study, 32700
demographics & drug use history & urine toxicology & detoxification medication & admission day, self-discharge against medical advice, adult patients in hospital drug detoxification unit, 35272
factors in transitions between care settings, adults (mean age 77.97 yrs) with dementia, 18906
Family Assessment Device scores & premature discharge from opiate withdrawal program, 17–34 yr old opiate misusers, 15631
impact of new demands of assistance on caregiver depression, cohort family members of 55 yr old & older patients with high vs low needs for assistance before hospital discharge, 15561
impediments to quality of post-hospital support resources in housing & daily activity & psychiatric treatment, 13–98 yr old psychiatric inpatients, 35276
integrated inpatient mental illness–chemical dependency program vs standard psychiatric treatment, postdischarge change at 2 mo, patients with mental illness & substance abuse problems, 18 mo study, 22240
physical functions & activity performance & further care needs at time of discharge & placement & physician decision motives, 44–90 yr old stroke patients, 15597
risk factors for lack of recovery of independent functioning in activities of daily living, 65+ yr olds receiving home nursing after hospital discharge for acute medical illness , 15562
specialized staff nursing, hospital length of stay & mortality, 18–99 yr old discharged patients, 9199
spiritual belief, clinical outcome after hospital admission, cardiac & gynecology hospitalized patients, 9 mo followup, 22238
use of health services, depressed vs nondepressed elderly patients after hospital discharge, 12 mo study, 8105
Hospital Environment—Serials
historical development of the Comprehensive Pediatric Care Unit at the Lucile Salter Packard Children's Hosp, implications for pediatric psychiatry, 35180
influence of patient preferences & local health system characteristics on home vs hospital place of death , 1014
perception of meaning of work & challenges regarding clinical decision making & personal control & maintaining professional standards, nurses employed in state psychiatric hospitals, 12617
perception of meaning of work & coping with challenges regarding clinical decision making & personal control & maintaining professional standards, nurses employed in state psychiatric hospitals, 12618
physical & psychosocial environments & issues, social worker & nursing consultant & renal patients, 22048
rehabilitation model for behavioral shaping & supportive & family & milieu therapies & medications, case series of adolescents with severe somatoform disorders, 34744
typology of patient demographic & institutional characteristics & inmate–institution fit, inmates & pretrial detainees admitted to forensic psychiatric hospital, 25560
use of clinical pathways in the treatment of anorexia nervosa in adolescents in hospital settings, 35179
Hospital Environment—Chapters
Environmental aspects of infant health and illness, 11828
Medical settings and suicide, 8314
Hospital Programs [See Also Psychiatric Hospital Programs]—Serials
audit of revised occupational therapy service with open-door inpatient-only groups, service changes & accessibility & nursing staff involvement, hospital acute mental health unit, 32058
characteristics of referrals to & operation of hospital deliberate self-harm service, patients, 32003
clinical outcomes & patient & caregiver satisfaction & costs of Home Hospital vs standard acute hospital services, 65+yr old acutely ill patients, 25400
community hotline & other strategies used in hospital based outpatient suicide prevention program for adolescents & young adults, 25499
demographic & clinical characteristics, frequent users of inpatient mental health program in community hospital, 12481
development & implementation & evaluation of smoking cessation group, inpatients with chronic mental illness (mean age 33 yrs), 25538
development of genitourinary medicine service with medical & psychological protocols for management of physical & psychological reactions to sexual assault, female assault victims, 25396
effectiveness of cognitive–behavior therapy vs supportive counseling & psychoeducation as adjunct to standard inpatient hospital care & medication, inpatients with acute schizophrenic episode, 25395
experience of ward rounds, carers of persons with dementia, 25490
factors related to responsiveness to multicomponent in-hospital smoking cessation intervention, general hospitalized smokers, 12529
home hospitalization service vs general medical ward management, mortality & length of stay & cognitive functional status, over 65 yr old acute stroke patients, 9179
hospital outcome measures for 1 yr before vs 1 yr after assertive community treatment (ACT) program registration, 18–65 yr olds with persistent & severe mental illness, 22193
inpatient intervention program to manage poor adherence to medical regimens in children & adolescents, 35271
inpatient psychoanalytically oriented treatment program, treatment compliance & recurrence of attempts,16–21 yr olds with history of suicide attempts or thoughts of suicide, 25498
integrated inpatient mental illness–chemical dependency program vs standard psychiatric treatment, postdischarge change at 2 mo, patients with mental illness & substance abuse problems, 18 mo study, 22240
interprofessional working in ethnographic approach to emergency hospital care services, health professionals, 22232
outcome evaluation package and outcome report of integrated day-hospital program, patients (mean age 38.8 yrs) with substance use disorder & comorbidity, 3- & 6- & 12-mo followups, 22258
staff perceptions of psychiatric services in general hospitals, hospital doctors & nurses, 15594
substance abuse consultation service in hospital setting, length of stay & total cost & reimbursement & readmission & appropriateness of care, patients with medical & substance abuse diagnoses, 22233
Hospital Programs [See Also Psychiatric Hospital Programs]—Books
New developments in emergency psychiatry: Medical, legal, and economic, 31913
Hospital Psychiatric Units [See Psychiatric Units]

Hospitalization [See Also Commitment (Psychiatric), Hospital Admission, Hospital Discharge, Psychiatric Hospitalization]—Serials
alternative child care arrangements & hospitalization experiences, behavior problems, 3–5-yr-olds from female-headed single parent families , 10891
clinician & site continuity of health care, future hospitalization, 0–64 yr old Medicaid patients, 2573
conceptualization of health & illness & competence for consent & guidelines for practitioner communication regarding treatment & hospitalization & health promotion, children, 28571
development of handicap scale for elderly, assessment of hospital treatment outcomes, 76–95 yr olds, 25500
diagnosis & mental health care utilization & cost, mental health inpatient vs outpatient enrollees , 31888
differences in therapy sessions in home vs hospital rehabilitation, 60 yrs & older male stroke patients, 2676
effectiveness of patient-based voucher system for brief hospitalization, 31-yr-old male with schizophrenia & polysubstance & borderline personality disorders in community based management, 31889
efficacy of Mental Impairment Evaluation & Treatment Service model of inpatient treatment, people with intellectual disability & challenging behavior, 19028
gender & racial-ethnic differences in extent & cost of hospitalization for mental illness, 10–19 yr olds, 22235
genetic & environmental factors, self-rated health & hospitalization patterns, 75 yr old and older twins, 14081
hospital admission as pseudo-patient to assess feasibility of unobtrusive participant observation of culture & social dynamics of doctors & nurses & patients & relatives, adult male, Ghana, 2656
improvement of current difficulties in 13 quality of life areas, reductions in hospitalization & incarceration, clients in assertive community treatment program, 38526

incidence & symptoms of PTSD & factors associated with symptom development & disorder, 8–17 yr olds hospitalized following acute physical injury, 1 mo study, 27720
inpatient vs outpatient substance abuse treatment, treatment outcomes, substance abusers, 38609
intensive vs standard case management, hospitalization & costs, patients with psychosis, 12392
level of satisfaction of inpatient care delivered at VA hospitals, patients with psychiatric vs nonpsychiatric diagnoses, implications for assessing quality of care, 22686
levels of grief & satisfaction with hospital care following miscarriage, 18–45 yr old females, 35281
needs of parents of 6 wk to 4 yr olds with Acquired Brain Damage during hospitalization, 25501
new statewide data on child & adolescent morbidity & hospitalizations & subsequent development of community based mental health strategy for manic depressive disorder:, 18974
olanzapine, agitation & states of psychosis, 64-yr-old male hospitalized for pancreatitis & cholelithiasis, 21859
overt & covert aspects of competency evaluations on consultation-liaison service, patients referred for competency assessment, 12487
perceptions & experiences of & communication with caregivers during pregnancy & birth & hospital stay, 20–51+ yr old Hmong females, Australia, 35056
poor geographic accessibility to ambulatory mental health services & likelihood of being hospitalized, veterans, 16178
prevalence of anxiolytic & hypnotic drug use during hospitalization, patients in medical & gynecological & surgical departments of general hospitals, 5680
psychiatric history & referral type & current coping, assignment to inpatient or outpatient treatment, adult psychiatric emergency room patients, 38576
risk for attempted suicide after hospitalization, formerly hospitalized 12–18 yr old psychiatric patients, 5 yr study, 25493
risk-adjustment length of stay in VA vs private sector facilities, hospitalized veterans, 9211
service utilization & cost of community vs hospital care, discharged state hospital patients (mean age 46 yrs), 3 yr followup, 25408
sociodemographic & clinical & familial factors predicting delay between onset of psychotic symptoms & 1st hospitalization, 16–59 yr old psychiatric inpatients, 8083
STARBRIGHT WORLD, perceptions of pain intensity & pain aversiveness & anxiety, 9–19 yr old hospitalized children, 22129

Hospitalization [See Also Commitment (Psychiatric), Hospital Admission, Hospital Discharge, Psychiatric Hospitalization]—Chapters

Contemporary practice of inpatient psychotherapy, 18549
Managed care disovers the talking cure, 15268

Hospitalized Patients—Serials

adjunctive fluoxetine, eating behavior & weight phobia, 14–24 yr old females hospitalized with anorexia nervosa, 38315
age, suicidal ideation, 50+ yr old depressed inpatient suicide attempters vs nonattempters, 37457
antisocial personality disorder, predictor of baseline severity, inpatient & outpatient substance abusers, 30872
before vs after managed-care downsizing of state mental health facilities, client characteristics, assaultive psychiatric inpatients, 32005
brain volume abnormalities & disease severity, moderately vs severely ill male patients with schizophrenia, 11428
case law development in use of restraint & seclusion, institutionalized patients with mental disabilities, implications for legal & mental health care professionals, 35814
characteristics & treatment needs, not-guilty-by-reason-of-insanity vs voluntary patients in public psychiatric hospitals, implications for social work practice, 12485
characteristics & use of typical vs atypical antipsychotics in treatment of agitation & aggression, psychiatric inpatients, 21871
clinical characteristics of delirium, 70+ yr old hospitalized patients, 11321
clinical classification of the psychopathology of suicidal intent, inpatient suicides in a large mental hospital, 37510
cognitive & psychosocial development & parent–child interactions & coping style, reactions & adjustments & role of music therapy, hospitalized preschool age children, 28559
cognitive functioning & age & sex & living arrangements, suicidal behavior, 50+ yr old inpatients with major depression, 37516
comorbid mood disorders, treatment response, female inpatients with borderline personality disorder, 1666
course & status of cognitive & functional impairment, 65 yr old & older chronically institutionalized inpatients with schizophrenia, 30-mo followup, 11416
demographic & clinical characteristics, hospitalized males vs females with eating disorders, 18171
demographic & psychological & chronic & acute illness characteristics & symptom burden, seriously ill hospitalized patients, 21455
demographic characteristics & symptom level & global functioning & substance use & other risk factors, prediction of homelessness following hospital discharge, inpatients with schizophrenia, 21152
development & psychometric evaluation of Environment–Behavior Interaction Code, measurement of social environmental antecedents of disruptive behavior, elderly residents of dementia care units, 32654
diagnostic comorbidity & clinical correlates of PTSD, 11.1–18.3 yr old psychiatric inpatients, 19017
discriminant validity of Geriatric Depression Scale, identification of suicidal ideation, 60–95 yr old male patients in psychiatric hospital & nursing home, 1734
efficacy & side effects of olanzapine, hospitalized 6–11 yr olds with various psychiatric diagnoses who had failed previous medication trials, 8917
evaluation of substitution of immediate-release valproic acid for divalproex sodium, 18–73 yr old psychiatric inpatients, 2396
experiences & emotional & developmental impact of & phases of psychotherapy for Munchausen syndrome by proxy, hospitalized 6 yr old female , 5017
extent of parasuicide & patient psychiatric & psychosocial profiles & drug overdose, 11–16 yr olds hospitalized after attempted suicide, Northern Ireland, 24400
factors influencing placement recommendations, hospitalized patients (mean age 36 yrs) with chronic mental illness, 19019
frequency & timing & pattern of operationalized disruptive behaviors, hospitalized older VA patients, 28727
intensive outpatient methadone & psychosocial treatment program, retention & abstinence & health/social outcomes, heroin addicts hospitalized for other illnesses, 38593
level of satisfaction of inpatient care delivered at VA hospitals, patients with psychiatric vs nonpsychiatric diagnoses, implications for assessing quality of care, 22686
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30629
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30634
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30615
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30620
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30635
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70 yr old & older hospitalized patients , 11326
nutritional status at hospital admission & subsequent mortality & functional dependence & nursing home use, hospitalized medical patients (mean age 80.3 yrs), 22236
patient demographic & clinical characteristics & degree of staff criticism & rejection, inpatients with treatment-resistant schizophrenia & staff treating them, 32139
perceived curative factors in & outcomes of inpatient cognitive therapy based treatment program, 17–38 yr old patients with schizophrenia & other long-term mental illnesses, 9209
perceptions of treatment for drug & alcohol dependence, 22–51 yr old inpatients, 25513
perspectives on causes of institutionalism, psychiatric inpatients & staff, 22243
predictive models of interrelationship between predisposing & precipitating factors for delirium, hospitalized medical patients aged 70 yrs & over, 37853
process of abuse disclosure during hospital stay, 18–45 yr old female abused eating disordered patients, 24647
psychiatric hospitalization experiences, contemporary children & adolescents receiving inpatient treatment vs adult females institutionalized between 1840–1945, 9206
psychoanalytic aspects of & nurse–therapist collaboration in intensive inpatient treatment & therapeutic community, mothers & their infants & children in severe child abuse cases , 5898
psychoanalytic observations & impressions of patients in long- stay dementia unit, male & female residents, 32010
psychological effects of cancer, diagnosis of affective & anxiety disorders, patients, 34808
relationship between incidence of ulcers & urinary tract infections resulting in hospital stays & substance abuse, 13–65 yr old inpatients with spinal cord injury, 2669
reliability & factor structure of Behavioural Assessment Scale, language & mobility & physical independence & occupation & orientation & social integration, psychiatric 60-97 yr old patients, 32690
reliability & validity of Delirium Severity Scale, inpatients (aged 55 yrs & older) with delirium , 66
religiosity & religious coping & spiritual injury, activities of daily living & mobility & health & depression & life satisfaction, 29–86 yr old medical rehabilitation inpatients, 4 mo study, 38585
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, reply, 21089
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, reply, 21090
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, commentary , 21072
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, commentary, 21097
self-esteem & dysfunctional beliefs, full vs partial remission, non-psychotic major depressive inpatients, 2 yr followup , 30655
short term withdrawal from benzodiazepines, subjective sleep quality, hospitalized geriatric patients, 38293
social support as predictor of long-term survival, deceased schizophrenic inpatients, commentary, 15602
social support as predictor of long-term survival, deceased schizophrenic inpatients, 15588
sociodemographic variables & psychiatric history & insight into symptoms & other factors, violence prediction, inpatients with schizophrenia or schizoaffective disorder, 30694
spiritual belief, clinical outcome after hospital admission, cardiac & gynecology hospitalized patients, 9 mo followup, 22238
stability of diagnoses at hospital admission & characteristics of frequently readmitted patients, psychiatric inpatients, 5-yr study, 2650
standard treatment with vs without motivational interviewing, adherence to outpatient treatment, psychiatric & dually diagnosed inpatients, 38577
suitability of US Pharmacopoeic Dispensary Information drug leaflets as education tool, urban psychiatric inpatients, 35284
symptoms & treatment & social & family characteristics & health care setting & referrals & assistance from palliative care support team, palliative care patients hospitalized in French hospital, 18925
use of propranolol in treatment of aggressive behavior, chronically aggressive hospitalized 20–41 yr olds with mental disorder or mental retardation, 31692
validity of CAGE & MAST screening questionnaires vs disguised assessment using Trauma Scale, detection of hazardous alcohol consumption, 18–64 yr old surgical & medical general hospital inpatients, 8376
validity of explicit & differentially weighted explicit & structured implicit process-of-care criteria, quality assessment, veterans with diabetes or heart failure or lung disease, 32569

Hospitalized Patients—Chapters

Behavioral strategies for helping hospitalized children, 14429
The inpatient management of suicidality, 8312

Hospitals [See Also Psychiatric Hospitals]—Serials

advertisement design features & characteristics, preferences for hospital advertisements, 15–65+ yr olds, 6408
alcohol abuse & dependence prevalence estimates in general hospital across wards & intake months & reduction of sample selection bias, 18–64 yr old inpatients, 37568
clinical mental health & community-service activities for lower-income & underinsured patients, teaching vs nonteaching hospitals operating psychiatric residency programs, 35283
development of standard satisfaction questionnaire, satisfaction with HIV service provision in National Prospective Monitoring System hospitals, patients with HIV, 26130
end of life decision making & care, hospitalized dying patients (aged 27–86 yrs & older), implications for assessment of suitability for palliative care, 12480
hospitals' current practice in conducting pelvic & rectal examinations, psychiatric patients, 25503
hospitals' current practice in conducting pelvic & rectal examinations, psychiatric patients, commentary, 38563
level of asthma control & management, Black inner city 2–6 yr olds visiting emergency room for asthma exacerbations & accompanying adult, 2647

market-level hospital & physician resources, small area variation in hospital use, hospital market communities in Michigan, 7-yr study, 15585
multidisciplinary teamwork with elderly patients with hip fracture, hospital staff, 15431
overall satisfaction & satisfaction with perceived waiting times & information delivery & expressive quality of staff, emergency department patients in academic vs community hospital , 9213
rationale & performance implications of hospital organizational change, 39007
reorganization & managed patient–centered primary care, veterans health administration hospitals, implications for psychologist, 32015
single-session groups in hospital settings, implications for social workers, 15527
stage of change model approach to alcohol & drug addiction in medical settings, 5937
typology of users of institutional respite care, caregivers & patients (aged 64–84 yrs), 1 yr study, 12471
validity of hospital mortality rates as measure of quality of care, 9212
validity of hospital mortality rates as measure of quality of care, erratum, 15601
written substance abuse policies, large teaching hospitals, 14746

University housing: Planning issues in urban areas, 29217
Hue—Serials
area-ratio of non-annular test figure to inducing figure, simultaneous hue contrasts in Koffka-ring type patterns, undergraduates, 3466
element arrangement patterns differing in hue & luminance, perceived texture segregation, adults, 36167
hue memory & discrimination, 3–6 vs 9–11 vs 22–30 yr olds, implications for young children's difficulty in color naming, 881
prediction from current Munsell spacing assessments of principal hue components alpha perceived in each color j, adults, 13202
principal hue curves & color difference, 32817
ratio model for suprathreshold hue-increment detection, 36174
viewing parameters, perceived color differences, adults, 32811
Human Animal Interaction [See Interspecies Interaction]
Human Biological Rhythms—Serials
18-hr duty schedules & knowledge of clock time & exposure to 24-hr social schedules, circadian rhythms, 20–40 yr old male submarine crew members, 22689
age & sex & chronotype, sleep–wake habits, under 24–over 55 yr olds, 4063
age & testing at preferred vs nonpreferred times, false memories in free recall, 18–25 vs 60–90 yr olds, 6908
arcuate nucleus, daily rhythms of food intake & food anticipatory activity, rats, 36437
biorhythm theory, 4042
circadian rhythm characteristics of pineal hormone melatonin & individual differences in circadian type & mood, 18–36 yr olds, 20234
circadian type & age & workload, social & emotional & sleep disturbances & adaptation to shiftwork, nurses & industrial workers, test of mid-range process model, 25948
circaseptennian pattern of birth-year distribution, 19 founders of statistical sciences , 4010
clozapine, neutropenia & circadian rhythm of white blood cells, 3- yr-old male with paranoid schizophrenia, 28391

correlation between circadian type & cognitive ability, 17–34 yr old US Air Force recruits, 33995
daily variation of melatonin secretion, patients with senile dementia of Alzheimer's type & disturbed sleep-waking, 15027
day & nighttime quiet sleep respiration rates & sex & birth weight & maternal age & education & delivery mode & cognitive development, 1–2 day olds, 6 mo followup , 4404
demographic characteristics & caregiving periods & diurnal variations in active sleep & wakefulness, very-low-birth-weight preterm infants at 33 vs 35 wks old, 13892
developent of sleep & wake & temperature & melatonin & feeding circadian rhythms from birth to 6 mo old & influence of photic & non-photic factors on initiation of entrainment, male infant, 23659
direction of travel across time zones, athletic performance, 1996 football season archival data from visiting NCAA college teams, 25972
distractibility at or near peak vs nonpeak cognitive performance times, 17–20 yr old evening vs 63–75 yr old morning-type persons, 6855
diurnal & sex differences & relationship to selected physiological & psychological variables, pain thresholds, men & women with mean ages of 20.4 & 20.5 yrs, 29933
diurnal changes in mood & attention & working memory in morning vs evening, 20–33 yr old college students, 13168
diurnal variation in & temporal resolution of fusion & order threshold in auditory system, 24–31 yr olds, 16542
diurnal variations in & response to perceived failure in cognitive task involving negative feedback, patients with unipolar or bipolar depression, 11377
diurnal variations of tonic electrodermal activity & arousal, 36489
extraversion & neuroticism & psychoticism, circadian cortisol rhythm, adults, 26720
illumination of upper vs lower visual fields, melatonin suppression, 24–38 yr olds, 20205
lateralized temporal variations in tactile discrimination, 12–25 yr old male Kenyan Maasai shepherds, 23426
lateralized ultradian rhythms of tactile discrimination of left vs right hand, right-handed male adults (mean age 30 yrs), 23427
manipulation of pacemaker of hypothesized internal clock, undergraduates, 23435
mathematical modeling of internal oscillations of attending to events with complex rhythms in theory of attentional dynamics, college students, 10230
melatonin & resetting response of circadian pacemaker to light, 18–29 yr old males, 20214
melatonin with vs without antipsychotics, 30 yr old male & 43 yr old female with jet lag & de novo psychosis, 28445
melatonin, circadian rest-activity rhythm & daytime sleepiness & mood, 72 & 75 yr old women with Alzheimer's disease, 5748
molecular biology & role of suprachiasmatic nuclei & effects of antidepressants, circadian rhythm & REM sleep & sleep–wake cycle disturbances in depression, 24196
morning vs evening light treatment, 25–61 yr old patients with winter depression, 2423
nighttime-eating syndrome, timing of eating & mood & awakening patterns vs circadian profiles & blood chemical levels, individuals with eating disorders, 34496
nocturnal exposure of light to nasal vs other areas of retina, melatonin suppression, 21–31 yr olds, implications for circadian rhythm, 20219
nocturnal sweating & temperature before & after recovery & impact of REM sleep on sweat rates, 27–68 yr old depressed patients, 37302
predictive validity of Basic Language Morningness Scale measured by morning vs night study time, college students, 36022
psychological responses to exercise performed in morning vs afternoon, healthy males, 4049
race & stress & social integration & parental status & social support & hostility, nighttime BP dipping, Black vs White 23–48 yr olds, 23462
regular transcendental meditation practice, hypothalamo-hypophyseal-adrenal axis diurnal rhythms for ACTH & cortisol & beta-endorphin, 19–40 yr olds, 4045
salivary cortisol & behavioral responses to physical examination & relation to home sleep/wake activity, 7–15 wk olds, 7408
secretion of sex steroid & circadian rhythm & sleep, 20199
shifting of light–dark cycles to produce circadian adaptation to night shift work, 20197
sleep & activity rhythms, circadian phase, blind 19–72 yr olds, 34705
sleep & circadian rhythms & fatigue & mood & nutrition & physical symptoms, flight crewmembers from long- vs short haul & overnight operations, 6420
sleep & circadian rhythms & nutrition & subjective fatigue during short-haul operations, male flight crewmembers (mean age 43.0 yrs), 6416
sleep architecture & HR variability & response to sodium lactate challenge, patients with nocturnal vs daytime panic attacks, 24344
sleep deprivation, auditory attention in the evening vs late night vs morning vs afternoon & decision-making performance with vs without time pressure, 20–49 yr old males, 17002
sleep patterns & circadian adaptation & fatigue & mood & caffeine & food consumption & physical symptoms in overnight cargo flight operations, crewmembers (mean age 37.6 yrs), 6419
sleep/wake cycle & circadian adaptation & fatigue & mood & physical symptoms & nutrition in long-haul operations, male flight crewmembers (mean age 52.7 yrs), 6418
synchrony in circadian arousal periods & time of testing, problem solving performance, 18–25 vs 60–75 yr olds, 16596
time of day & age, cognitive performance, 20–78 yr olds, 10083
time of day for timed bright light & negative air ionization treatment, 18–59 yr olds with seasonal affective disorder, 2428
time of day, cognitive task performance, college students with high vs low impulsivity , 7913
variability & stability & continuity of sleep–wake behavior & subjective sleep quality & circadian rhythmicity, 18–26 vs 59–74 yr old males, 29934

Human Biological Rhythms—Books

Bodily rhythms and states of awareness, 19894

Human Biological Rhythms—Chapters

Fatigue and biological rhythms, 12818

Human Channel Capacity—Serials

cognitive capacity, errors in & learning & generalization & mastery of modified American Sign Language verb-agreement & context & path-of-motion grammar, college students , 23683
aging, time- & event-based prospective memory & cognitive load during on-going concurrent activities, 18–22 vs 55–81 yr olds, 23809
aircraft head-up display & task cognitive load & forward looking infra-red imagery, ocular accommodation response & task performance, college students, 26354
brain activation & pupil response as selective visual attention & speech-related motor program selection & cognitive load indicators during overt & covert performance of Stroop Color-Word task, adults, 20078
cellular phone-related tasks & cognitive load, ability to detect car ahead decelerating & brake RT, 20–29 yr old drivers, safety implications, 35770
cognitive load & activation of positive vs negative theft perpetrator stereotype, judgment recall of details & guilt finding & severity of adjudication, undergraduates, 16286
cognitive load, social categorization in category confusion paradigm, 18–35 yr olds, 26410
cognitive resources & stereotype maintenance & inconsistent target information, college students, 30469
cognitive science concepts of learning & analogy & capacity, implications for cognitive development, 4429
concurrent cognitive processes, stuttering & inhalation & speech timing, 23–52 yr olds who stutter, 14883
depressed mood, capacity-demanding memory & attentional functioning, patients (mean age 50.2 yrs) with multiple sclerosis, 24775
development of channel & sequence effects of contextual knowledge, empathic saccuracy, college students, 33970
discourse function & processing cost, processing of noun-phrase anaphors & reading time, college & graduate students, test of informational load hypothesis, 36207
discovery-learning-based exploration practice vs worked-examples practice, cognitive load & domain knowledge in database program learning, college students, 28947
effect of presentation of instructional materials on working memory size, management of split-attention & redundancy in multimedia instruction, trade apprentices &/or company trainees, 32347
ERP correlates of visual short-term memory for low-load vs high-load digit recognition in delayed matching-to-sample RT task, adults, 279
information available in graphic displays & task difficulty & working-memory load & organization of information, ability to keep track of rapidly changing information, college students, 29215
management of cognitive resources to reduce cognitive load during spelling acquisition in text production, 2nd graders, implications for learning spelling, 15945
memory loading task difficulty & EEG, 18–25 yr old males, 29922
memory scanning cues, capacity for motoric response preparation in parallel with initiation & maintenance of lateralized contingent negative variation, 18–45 yr olds, 13614
mental workload, size & shape of visual field, 22–44 yr olds, 19748
perceptual load, visual selective attention, 19–30 vs 65–79 yr olds, 7609
physiological characteristics of capacity constraints in working memory, 18–39 yr olds, 16902
predictive validity of computer model of operator mental workload & situational awareness in simulated air-to-ground combat, 20–32 yr olds, 29
requirements for memory search & phonological vs spatial resources, processing temporal information in interval production with concurrent nontemporal task, 20–30 yr olds, 29597
suppression vs nonsuppression instructions following viewing of distressing vs neutral stimuli, attentional capacity during word identification task, high vs low anxiety undergraduates, 16584
task complexity vs qualitative differences in cognitive demands, selective attention in color-block vs color-word versions of Stroop test, younger vs older adults, 17403
two-stage model of comprehension for high vs low cognitive load & yea-saying acquiescence in self descriptive assessments, undergraduates, implications for self-report measurements, 27377
unimanual vs bimanual vs dual task conditions, attentional processing capacity in performance on 2 motor tasks, 27–55 yr olds with schizophrenia, 30708
use of autonomic components to improve cardiovascular assessment of mental workload in flight simulation task, 44–58 yr old commercial pilots, 12967
use of cognitive load paradigm to investigate adequacy of popular resource-based vs fit-based explanations of stereotyping, high school & college students, 26403
voice vs keypad-controlled navigation structures with different degree of cognitive load in voice messaging service, 19–57 yr olds with high vs low spatial ability, 20408

Human Channel Capacity—Chapters

Investigating the paths between working memory, intelligence, knowledge, and complex problem-solving performances via Brunswik symmetry, 10170
Psychological aspects of workload, 3133

Human Computer Interaction—Serials

age, subjective experience of stress & workload & bodily discomfort during data entry vs information retrieval vs accounts balancing computer work, 20–75 yr olds, 6414
automated grading of homework & tests in statistics courses using active server pages, 25739
automatic reasoning & help & human errors in using an operating system, intelligent help systems, 32474
behavioral issues in use of interactive computers, general users, 35735
cognitive modeling scheme for task analysis, estimated vs actual task time & mental workload on computer editing task, 22–26 yr olds, 13286
cognitive psychology perspective on formal analysis of user complexity of interactive systems, 35787
cognitive theory application for computer use & training, computer-task performance, older vs younger adults, 33704
computational model for taking initiative to provide unrequested information in responses & answers to Yes-No questions, adults, 32468
computer mouse design, carpal tunnel pressure & wrist posture during dragging & pointing tasks, 22–45 yr olds, 39035
computer system learning by exploration & efficacy of user exploration interface via think-aloud method, college students, 30085
computerized lexical database which provides quantitative descriptors about the relations between orthography & phonology for French monosyllabic words, 26017
cooperative work in side-by-side vs shared screen visual information vs speech -only dialogues, comprehension efficiency, novice-expert pairs, 39032
cost of performing problem-solving operation, level of planning & solution length, adults, implications for user interface design, 10126
cyclic interaction and its base in human–computer interaction & application to cognition & cognitive psychology, 3553
defining & extending & analyzing behavioral representations & state in human–computer interaction using time-tree model, 39030
design repository & supporting tool environment in integration of accessibility guidelines into user interface development, people with disabilities, 37215
design requirements in user interface modeling as complement to use case modeling in system development , 19460
determination of problem domain categories in requirements engineering programs, software engineers, 3186
development & evaluation of interactive health communication applications, application developers, 12282
developments & problems in computer based emergency operating procedures & framework for usability specification in systems emergencies, 35741

dialogue constraints in home banking application, overall transaction time, models, 12947
dialogue planning algorithm for mixed initiative dialogue in acoustic user interfaces to databases, 32469
differences in knowledge representation & interface structure of information system, 18–25 yr old Chinese vs American users, implications for design of computer interfaces, 19462
discourse & cross-workplace information movement in technology mediated collaborative problem solving, implications for human–computer interaction, 3183
distinction of work vs enabling actions in human computer interaction & methodological importance of application to complex systems such as geographic information systems, 6421
downward-tilting computer keyboard tray, wrist & seated posture & self-assessed musculoskeletal discomfort, professional office workers, 39034
effects of textual & situational factors on macrostructural construction & organization of computer-presented multiple text passages, college students, 29576
efficiency of mixed- vs non-mixed-initiative dialogue in computer simulated route-finding tasks, 32470
evaluation of computer interviewing system on same computer vs other methods, positive vs negative evaluation & response variances, college students, 30460
evaluation of interactive health communication applications, health care providers & purchasers, 12283
existence of internet addiction & characteristics of excessive internet use , 22720
experientialism & metaphors, conceptual formation & development of interactive systems, 32433
experimental comparison of usability evaluation methods & application to human–computer interaction theory & practice, commentary, 6542
experimental comparison of usability evaluation methods & application to human–computer interaction theory & practice, 6537
experimental comparison of usability evaluation methods & application to human–computer interaction theory & practice, commentary reply, 6538
exposure to Internet pornography & individual differences, attitudes towards women, male college students, 30352
face-to-face vs computer-mediated communication, truthfulness of exchange & performance expectation & variability & frustration & problem solving, groups & leaders, 30393
factor analytic approach to exploring constructs underlying computer & Internet addiction, college students (ages 16–67 yrs), 24098
factors & conditions associated with optimal flow experience of activities while using World Wide Web, adults, 29236
framework for human computer interaction design in support of instruction in qualitative reasoning, medical students, 9440
guide to data logging of user actions in event-driven applications for software assessment & behavioral experiments, 36073
guidelines on user-interface design for self service & public information kiosk systems , 19465
human computer interaction schema & method for classifying claims for reuse in interaction systems design, 19488
human- vs automation-directed invocation of adaptive automation of a dynamic control decision-making task based on secondary task workload measurement, 21–23 yr olds, 35740
human- vs computer-adjusted warning thresholds, 18–28 yr olds in simulated driving task, 16223
incidental computer use, confidence with computer use, college students, 4358
individualization of user models in computer systems, 35791
interacting cognitive subsystems theory for representing cognitive activity & complex tasks in human–computer interaction, 32466
interactive computer based interviews in medical practice, patients, 12289
interactive computer-simulated vicarious exposure to elevator phobia, young adult patients with agoraphobia, 37404
issues in Turing's analysis of computation & theories in cognitive architecture, 3208
lack of specific correspondence between attitude & outcome measurement, attitudes toward computer use & actual computer use, college students, 4390
Layered Protocol Theory & Perceptual Control Theory concepts & use in analysis & design of human-machine interfaces, 29204
Layered Protocol Theory & Perceptual Control Theory processes applied to General Protocol Grammar dialogue, 29209
learning & teaching in synchronous collaborative environment, teachers & undergraduate & postgraduate students, 25733
levels of automation & degree of human vs computer control, human/system performance & situated awareness & workload in computer-based cognitive control task, undergraduate students, 12994
mental representations formed during program comprehension & maintenance, expert procedural vs object-oriented software programmers (mean age 30 yrs), 10090
mixed-initiative delegation-based interaction between computer users & system agents, 32467
mode confusion & error during interaction with automated flight control systems & modeling language for specification of complex control systems, pilots, 26007
mouse experience in computer performance, right & left-handers with right-handed mouse experience vs left-handers with left-handed mouse experience, handedness theory implications, 13258
numerical computerized model for evaluation of layout of graphical user interface screens, search time & screen preferences, computer users, 9697
online methods in discourse comprehension research & analysis of learner–hypermedia interaction, 29455
perceptual control theory analysis of user behaviors & facilitating computer interfaces, novice users, 29205
PERCOLATe procedure for perceptual control theory-based task analysis, 29206
physiological oculomotor changes during immersion in virtual environment, 19–56 yr olds wearing head mounted displays, 12948
postural stability measurement before & after immersion in virtual reality/virtual environment, college students, implications for safety activities in driving or operating machinery, 12943
potential risks & benefits of interactive health communication applications, information & emotional & decision support & behavior change services, health care consumers, 12281
prevention & public health & interactive health communication applications, 12287
public attitudes & reactions toward phone-based interface for automated call direction, adults, 20410
reasons for not using computer systems, humans, 35736
responses to autopilot malfunctions & effect of auditory warning, 20–72 yr old pilots, 26005
risks & benefits of computer & Internet use, children & adolescents, commentary, 10740
state-transition model of relationship between user & environment at each stage of human—computer interaction, 20409
taxonomy of error types for failure analysis & risk assessment of human-computer systems, 9694
technique of interactive syntax-directed iconic languages in human–computer interfaces, 22754
technology acceptance model in attitudes to computing technologies, college students, 35738
traffic signs, speed of navigation on World Wide Web, IBM summer interns & staff, 22753
training & analysis of use of Programmable User Model Instruction Language for description & analysis of interface designs, human–computer interaction students & software engineers, 3182
trends in psychological research in computer-mediated communication field, Russia, 20406
understand ability of software languages in development of interactive computer systems support, 32434
usability & usefulness of software user coach for SKIPPER program & visual metaphor, performance on manpower-planning task, users, 19487
use of & attitudes toward email as work tool for communication, organizational employees, 9693
use of sound & graphics to improve usability of standard graphical menus & other human–computer interfaces, 22730
user interface affordance in planning representation & artificial intelligence model of acting in environment, 39049
user's & computer's personality & control over outcome, attribution of responsibility to self vs computer for failed vs successful outcomes in human computer interaction, college students, 6410
user-tailored model of mixed-initiative dialogue in framework of intelligent information retrieval systems, adults, 32473
visual cues, apparency & contingencies in single panel & pull-down menus in computerized path-finding task, low vs high spatial visualization ability college students, 6409
visual formalism & design & evaluation of human–computer interfaces in context-customized systems, 6430
voice vs keypad-controlled navigation structures with different degree of cognitive load in voice messaging service, 19–57 yr olds with high vs low spatial ability, 20408
ZOG system in human machine communication, 35792

Human Computer Interaction—Books
The invisible computer: Why good products can fail, the personal computer is so complex, and information appliances are the solution, 6413

Human Computer Interaction—Chapters
Animation in user interfaces designed for decision support systems: The effects of image abstraction, transition, and interactivity on decision quality, 32475
Client/server system success: Exploring the human side, 32462
Developing and evaluating conversational agents, 22759
The emergence of hypertext and problem solving: An experimental investigation of accessing and using information from linear versus nonlinear systems, 32464
An empirical investigation into factors relating to the adoption of executive information systems: An analysis of EIS for collaboration and decision support, 32463
Group support systems, power, and influence in an organization: A field study, 32465
Human–computer interaction: The psychology of augmented human behavior, 22724
Interactive media: A means for more meaningful advertising?, 19455
Scaling problems in the design of work spaces for human use, 22741
Scaling the web: A Parasocial Interaction Scale for World Wide Web sites, 16403
Virtual teams versus face-to-face teams: An exploratory study of a web-based conference system, 30087

Human Courtship [See Also Social Dating]—Serials
differences between & expectations of romantic relationships, 21–58 yr old homosexual vs heterosexual males, 33832
jealousy & gender differences & emotional reaction to sexual infidelity during courtship, college students, 4683
level of child care, mating efforts, fathers of biological vs stepchildren, Tanzania, 27203
nonverbal courtship communication & motion energy detection, young adults, Germany vs Japan, 30403
risky relationship issues & experiences, affective responses, 19–42 yr old college students, 33875

Human Courtship [See Also Social Dating]—Books
The development of romantic relationships in adolescence, 36834

Human Development [See Also Adolescent Development, Adult Development, Childhood Development]—Serials
adolescent background & self concept & adult achievement, personal sense of mastery, 27–31 yr old African American males followed from ages 14–18 yrs , 17359
age & working memory, 6–57 yr olds, 23668
Big Five personality traits & correlations with life course variables, male college students, 45 yr study, 20944
change in construct of general deviance in transition from adolescence to adulthood, 7th–9th graders, 16 yr study, 24471
clinical course & psychosocial correlates of unipolar depression, 17–18 yr old females, 5 yr study, 27621
cognitive & adaptive & neuropsychological functioning, 14–16 yr olds with fetal alcohol syndrome, 8373
conceptual model & outcome measurement of palliative care based on life cycle/developmental model of human experience in critical transitions, 16366
critique of psychoanalytic developmental models of human sex & gender, 37196
critique of psychoanalytic developmental models of human sex & gender, implications for psychoanalysis, 37191
Darwinian & postmodern discussion of psychoanalytic developmental models of human sex & gender, 37197
definitions & methods & facilitative conditions for & teaching process & personal experiences in developing wisdom, 22–40 yr old Tibetan Buddhist monks, 17453
developmental action inquiry research approach, personal & organizational & social scientific developmental paths, 29142
developmental evolutionary perspective of social dominance in humans, 10733
developmentally-based life skills approach to mental health counseling, contributions of D. K. Brooks, 34783
evaluation of Human Development Index's ability to measure quality of human capital component of nation's competitiveness, 16300
evolutionary perspective of human developmental sex differences, 30228
goals & content & format of undergraduate course on non-traditional families & life span development, 22448
importance of 1st 3 yrs of life to development, editorial, 36709
importance of developmental perspective in psychiatry & psychopathology & lack of developmental focus in DSM, 9779
individual & collective representation & roles of culture & individual agency in development, preschoolers, commentary, 4462

individual & collective representation & roles of culture & individual agency in development, preschoolers, commentary, 4488
individual & collective representation & roles of culture & individual agency in development, preschoolers, 4486
influence of computer technology on families across life course, 12992
K. F. Reigel's contributions to diversity & multiculturalism in biological & psychological & cultural-historical developmental progressions, 25735
life span theory of development based on concepts of primary & secondary control, reply, 26938
life span theory of development based on concepts of primary & secondary control, critique, 26935
maternal sensitivity during infancy & subsequent life events & relation to attachment representation at early adulthood, prematurely born children followed prospectively from birth to age 18 yrs, 20547
medicalization & tyranny of physical appearance in adolescence & menopause & disempowering age stereotypes & race & ethnicity as influences on exercise & health promotion across lifespan, females, 2543
mental disorders & diagnosis & DSM-IV & medical model vs developmental model & relation to counselor training, comment, 37226
mental disorders & diagnosis & DSM-IV & medical model vs developmental model relation to counselor training, comment reply, 37227
metapsychological perspective on development of capacity to be alone, 24061
model for defining developmental stages in drawing of geometrical objects, 2–43 yr olds, 36772
mothering & caregiving & social & cultural contexts of attachment & interpersonal functioning across life span, 13993
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7277
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7278
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary reply, 7273
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7275
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of the self & personhood, 7274
mythical vs historical concepts of time & implications of narratives, meaning of human life & fabric of self- & personhood, commentary, 7276
nature & functions of curiousity in development of self & object relations & in interaction with world & as schizoparanoid form, individuals in psychoanalysis, 18649
neural plasticity & human development, 23660
normative life span development & personal future goals, 12–15 yr olds, followup study, 17357
overview of transpersonal psychology & its impact on future interdisciplinary investigation of spirituality & educational theory & human development & social values, 29307
peer group interventions, developmental processes & problem behaviors & delinquency, high risk youth, 31542
progression of simulation/games through human development & suggestions for adult training, 20431
psychoanalytic perspective of the development & evolution of divided attentional processes & total awareness, 27445
qualitative developmental analysis of comprehensive school guidance programs for kindergarten through grade 12, 32323
quantitative genetic theory & behavioural genetic methodology for study of human development & developmental psychology, 23657
reciprocal relevance & influence of transactional analytic dynamics & spirituality in human development & therapeutic practice as viewed through family prisms, 24990
self-appraisal of having lived up to intellectual abilities at mid-life & relation to life satisfaction & retrospective life choices 1 & 3 decades later, gifted adults (mean age 49 yrs) , 20436
semiparametric group-based model of developmental trajectories, 26267
social structure & individual decision making & human development, theory of desistance from crime, ex-offenders, implications for crime prevention, 22293
studying & understanding resilience outcomes, 20+ yr longitudinal study of high vs low risk adolescents, 13890
tempo of maturation, females from dysfunctional families, Poland , 30125
temporal discounting of monetary rewards, children vs young vs older adults, 23653
test of T. E. Moffitt's typology of offenders, male vs female stable early-starters vs adolescence-limited vs adult-starters vs discontinuous offenders followed from childhood to age 30 yrs , 24564
theory & research on lifespan psychology & lifespan ontogeny & allocation of developmental resources & intellectual functioning, 13885
theory of transpersonal psychiatry, 31575
time estimation assessed by temporal generalization & bisection tasks, 5–99 yr olds, 23658
trends in quality of life & well-being as assessed by Human Development Index, India, 1971 & 1981 & 1991, 13891
use of novelistic genres as a model for studying relationship between developing subject & relationship to others in theories of human development , 17318
W. R. Bion's basic assumption behavior of groups & the biogenetic hypothesis, 7810

Human Development [See Also Adolescent Development, Adult Development, Childhood Development]—Books

Alcohol and alcoholism: Effects on brain and development, 14766
Animal models of human emotion and cognition, 36302
Attachment disorganization, 36838
The changing nature of pain complaints over the lifespan, 31088
Culture, socialization and human development: Theory, research and applications in India, 36716
Death, hope and sex: Steps to an evolutionary ecology of mind and morality, 35842
The evolution of mind, 890
Evolution of the psyche, 10749
Evolutionary principles of human adolescence, 23670
Handbook of attachment: Theory, research, and clinical applications, 20446
Handbook of counseling boys and adolescent males: A practitioner's guide, 34825
Hormones, health, and behavior: A socio-ecological and lifespan perspective , 7139
Human development (7th ed.), 30149
Human development across the lifespan (4th ed.), 26955
Identity's architect: A biography of Erik H. Erikson, 19562
Intimacy in crisis: Men and women in crisis through the life cycle and how to help, 20850
Leisure experiences and human development: A dialectical interpretation, 25973
Life-span development (7th ed.), 30147
Lives in time and place: The problems and promises of developmental science, 36717
Measuring environment across the life span: Emerging methods and concepts, 13905
Racial and ethnic identity in school practices: Aspects of human development, 20629
Time to listen to children: Personal and professional communication, 20627

Human Development [See Also Adolescent Development, Adult Development, Childhood Development]—Chapters

Activity revisited as an explanatory principle and as an object of study: Old limits and new perspectives, 22821
Adapative and maladaptive pathways in development: A quantitative genetic perspective, 13511
An alternative path to exceptionality: Prenatal effects of teratogenic substances on developmental processes, 28059
Beliefs about purpose: On the origins of teleological thought, 33637
Conceptual frameworks for viewing health and illness, 12307
Considering the role of development in self-regulation, 37135
Context, modularity, and the cultural constitution of development, 7347
Cross-cultural research in the sociohistorical tradition, 7348
Cultural change and human development, 13916
Delinquency, 34421
The development of creativity, 7566
Developmental consequences of early exposure to alcohol and drugs, 13909
The developmental genetics of intelligence, 30206
Developmental psychopathology and child psychotherapy, 37254
Early attachment and later development, 20478
The encoding of distance: The concept of the zone of proximal development and its interpretations, 7363
Environments in developmental perspective: Theoretical and operational models, 13910
Epidemiology of human development, 7143
Ethnic identity development and multicultural education, 22548
Evolution and creativity, 10167
Evolutionary psychology: A new paradigm for psychological science, 9785
Experience and plasticity in brain structure: Possible implications of basic research findings for developmental disorders, 37935
The family roots of aggression and violence: A life span perspective., 5067
Growing up male: The development of mature masculinity, 33602
Human development and ehtnic identity, 20647
Human development in the age of the Internet: Conceptual and methodological horizons, 13925
Humor, the transitional space, and the therapeutic process, 21843
The individual–society antinomy revisited: Productive tensions in theories of human development, communication, and education, 7366
Internal working models in attachment relationships: A construct revisited, 20458
Interpersonal and cognitive pathways into the origins of attributional style: A developmental perspective, 11393
Jack Kerouac: The pulse of memory, 13920
The learning society: A human development agenda, 26965
Measurement of the physical environment as stressor, 16236
The nature and nurture of vocational interests, 19397
Normative development: The ontogeny of attachment, 20473
Paradigms, development, decision making, and the New Careering, 29072
Peace through economic and social development, 1052
Peer relationships and children's understanding of peace and war: A sociocultural perspective, 26963
Personality, subject and human development: The subjective character of human activity, 23804
Persons and representation: Why infant imitation is important for theories of human development, 17220
Population health and human development, 26964
Post-traumatic stress disorders in children and adolescents, 21215
Poverty and health across the life span, 11821
The psychology of interests, 19400
Psychosocial factors and psychoneuroimmunology within a lifespan perspective, 26959
Reading disabilities, 18156
The rise of the metamind, 33050
School-to-work transitions and postmodern values: What's changing in Canada?, 16058
The self-concept and friendships of students with learning disabilities: A developmental perspective, 19364
Sex and mating: Sexual strategies, trade-offs, and strategic pluralism, 10750
Social and contextual issues in interventions with children and families, 37250
Social cognition and a psychological approach to the art of life, 33949
Social software for a learning society: Relating school and work, 26972
Society verus context in individual development: Does theory make a difference?, 10756
Stability and change in vocational interests, 19401
Theories and methods in developmental psychology, 13921
Turner syndrome: Potential hormonal and genetic influences on the neurocognitive profile, 31108
The violent child and adolescent, 34336
Vygotsky's dynamic systems, 7365
Vygotsky: The social negotiation of semiotic mediation, 7361

Human Factors Engineering—Serials

1- vs 2-person weight lifting situations & degree of asymmetry & origin–destination configuration of weight lifting condition, spine loading characteristics, 21–35 yr old male college students, 39038
age & luminance, print legibility in homes & offices & public places, 20–89 yr olds, 26931
application & prototype of ecological interface design in aviation engineering systems status displays, 39046
application of cognitive ergonomics framework to control room design of advanced technologies, 16221
application of Stevens Power Law in quantification & prediction of effects of auditory warnings to facilitate perceived urgency, 12946
attitudes on utility of cross-cockpit linkages & autoflight systems, commercial pilots, 3198
classroom furniture design, on-task behavior & sitting positions, 9–10 yr olds, 19464
cognitive simulation model for representation of driving knowledge, drivers, 12969
design & development & reliability & accuracy of ergonomic methodology in evaluation of legality of bowling actions in cricket, cricketer with investigated unorthodox bowling action , 36079
design & test parameters & validity of tire striking test & physiological responses & performances, 29–46 yr old fire fighters, 9817
development of task-complete activity-oriented user interfaces, front-line tasks & user characteristics, 35745
downward-tilting computer keyboard tray, wrist & seated posture & self-assessed musculoskeletal discomfort, professional office workers, 39034

electromyographic data in ergonomic modifications & in upper extremity muscle groups during work processing tasks, 19–47 yr old personnel in meat packing plant, 19463
ergonomic working condition intervention, occupational health, personnel using video display terminals, 35739
evaluation of ergonomic criteria in design negotiation requirements & management for large-scale engineering projects, engineering designers, 19467
formal organization vs designer perceptions & ergonomics criteria in design requirements for & management of human factors in large-scale projects, personnel in engineer design companies, 19466
heated automobile seat, thermal comfort, adult males, 19461
human judgment of load heaviness modeled in cognitive engineering approach to setting limits in manual lifting tasks, 12951
human- vs automation-directed invocation of adaptive automation of a dynamic control decision-making task based on secondary task workload measurement, 21–23 yr olds, 35740
implementation & evaluation of corporate-wide multi-step problem solving ergonomics program, multi-division apparel manufacturing company, 12893
information available in graphic displays & task difficulty & working-memory load & organization of information, ability to keep track of rapidly changing information, college students, 29215
integration of users into engineering functional design for reliable human–machine systems, 39039
interdisciplinary model to determine impact of organizational ergonomics on work effectiveness in concurrent engineering, employees of electronic component manufacturing companies, 16032
interface pressure & car seat driving discomfort, middle-aged male vs female drivers, 12945
mathematical model for human sensibility ergonomics in product design, 12952
menstrual cycle phases, manual handling performance & heart rate & perceived exertion, 18–32 yr old females, 36500
natural goals & operators & methods & selection rules Language for Assembly model, prediction of assembly time, 18–32 yr old males who assembled pseudo-printed circuit boards, 13252
neutral forearm position of computer mouse, reduction of pain intensity & frequency, visual display unit operators experiencing pain, 35737
numerical computerized model for evaluation of layout of graphical user interface screens, search time & screen preferences, computer users, 9697
participation in & usability of virtual environments & applied ergonomics & design, adults, 12955
physical ergonomics & awareness of problems in design for virtual reality usage, users with head-mounted displays & hand-held input devices, 12953
presentation of different visual depth cues, effects of binocular disparity &/vs motion parallax on task performance, Os, implications for the design of telepresence systems, 35744
probabilistic applications in structural specification in construction industry, 6412
quantitative & qualitative methods in product development & evaluation of functional clothing in climatic chamber tests vs field tests, fishermen, 3188
reformulation of temporal classification criteria for collaborative systems, 12941
relationship among personality/psychological factors & health status & job demands & objective ergonomic features, 24–60 yr old video display terminal operators, 25906
resource management behaviors & human factors evaluation of Aerial Gunner Scanner Simulator & integrated networked simulation in combat mission training research, aircrews & instructors & students, 6376
rubber glove thickness & glove material on slippery & non-slippery surfaces, performance time & grip force, 18–25 yr olds, 39036
social & organizational analysis of human factors & error in requirements engineering, 35748
theory of activity perspective of situational awareness, 12942
tire pressure & vertical load, coefficient of rolling resistance during cycling locomotion & simulated cycling performance, 32-yr-old male cyclist, 39033
Top Event Prevention Analysis as method used to formulate safety case for complex & potentially hazardous facility in which component classification plays a role, 6351
training to optimize ergonomics at visual display unit workplace, 22–59 yr old employees, 22732
use of sound & graphics to improve usability of standard graphical menus & other human–computer interfaces, 22730
visual display unit positioning procedure, individual adjustment to comfortable position to display unit relative to eyes, directory-assistance operators, 16220
work redesign, psychosocial work climate & upper extremity pain & musculoskeletal disorders, assembly workers in repetitive motion jobs, 32435

Human Factors Engineering—Books

Handbook of aviation human factors, 12987
The history of human factors and ergonomics, 16224
Human performance and ergonomics, 22723

Human Factors Engineering—Chapters

Developing and evaluating conversational agents, 22759
Engineering psychology and ergonomics, 22728
Ergonomics, 3134
Human engineering for quality of life, 22736
Measuring constraints to inhabitant activities, 35754
Processes underlying human performance, 12956
Psychology applied to product design, 12938
Research implications of universal design, 35752
Scaling problems in the design of work spaces for human use, 22741

Human Females [See Also Battered Females, Daughters, Female Criminals, Mothers, Sisters, Widows, Wives, Working Women]—Serials

acceptability of voluntary HIV testing & counseling in developing countries, pregnant females, Africa & Thailand, 9037
acute tryptophan depletion, mood changes, 18–30 yr old females with multigenerational family history of major affective disorder, 11359
Afrocentric-feminist therapeutic approach, African American female clients, 34816
age at first receiving contraceptive information, risk-related sexual behaviors, 18–23 yr old never-married females, 25335
age of onset for binge eating & purging, 13–17 yr old females, 4 yr study, 1902
age, factors associated with physical activity, 18–75 yr old females, 31838
AIDS & HIV risk & personal risk status knowledge, 58–67 yr old females, 28090
alcohol habits, Swedish women, 3 12 yr intervals between 1968–1993, 1194
analysis of medicalization & empowerment themes in experiences of diagnosis & treatment, 19–66 yr old females with depression, 21079
anger expression & perceived mutuality in partner relationships, depression, female 18–54 yr olds, 4733
antepartum alcohol consumption, females with negative alcohol screens, 1196
antisocial personality disorder & psychopathy, females with cocaine dependency, 24101
anxiety & cognitive problem solving, 12–17 yr old females with disruptive behavior disorders, 8262
appointment & training & credibility as leader, empowerment & influence on group performance in masculine task, token female leaders, 4666
assertiveness skills, coital & noncoital sexual activity, 13–19 yr old females, 33669
assessment of eating disorders in females, 1890
attitudes toward & influences on decision to take hormone replacement therapy, 20–69 yr old females, implications for physicians, 31787
attitudes toward benevolent vs hostile sexism, female college students , 4654
attitudes toward childbearing & desired family size, 18–50 Latina women with vs without high school education, 14155
attitudes toward treatment of women with chronic pelvic pain, gynecologists & general practitioners, 5714
binge eating prevalence, 18–85 yr old females, 18180
biological basis of female sexuality & sexual dysfunction, 5212
bone mineral density & cognitive function, women aged 65 yrs & older, 6 yr study, 37783
caffeine, vasovagal reactions during blood donation, female college student 1st-time blood donors, 23579
cancer & cancer screening behavior & beliefs & attitudes & knowledge, 21–60 yr old Cambodian & Vietnamese females, US, 18883
capitalism of medical politics & patriarchy of sexual politics, women's health care, 5835
career choice & aspirations, Mexican American females, mean age 16.5 yrs, 30237
characteristics & factor structure of PTSD symptoms, nontreatment seeking 30–50 yr old female substance abusers, 21349
characteristics & impact of practitioner sexual misconduct & experience with subsequent professional help, 30–85 yr old female victims of health care & clergy professionals, 18001
characteristics of females in chemical dependency programs, 19087
characteristics of women-only vs mixed-gender residential or outpatient Los Angeles county drug abuse treatment programs, 38608
chart recorded psychiatric or substance use diagnoses, Ss giving birth in California in 1992, 24090
child & adolescent sexual abuse as risk factor for teen pregnancy & prosecution of predatory adult males & role of health care professionals with sexually abused teenage females & rape, comment, 11533
child & adolescent sexual abuse as risk factor for teen pregnancy & prosecution of predatory adult males & role of health care professionals with sexually abused teenage females & rape, comment, 11573
child & adolescent sexual abuse as risk factor for teen pregnancy & prosecution of predatory adult males & role of health care professionals in supporting sexually abused teenage females, 5018
child & adolescent sexual abuse as risk for teen pregnancy & consent ability & prosecution of predatory adult males & role of health care professionals with sexually abused teenage females, comment , 11521
child & adolescent sexual abuse as risk for teen pregnancy & prosecution of predatory adult males & role of health care professionals with sexually abused teenagers & consanguineous parentage, comment, 11572
child sexual abuse & major depression & possible role of other types of maltreatment in development of major depression, 17.4–57.2 yr old low income females, 11306
childhood psychological traits & conditions, eminent African American females, 33965
childhood sexual &/or physical abuse, risk of sexual victimization & PTSD, 18–27 yr old females, 1727
childhood sexual abuse, dissociation, 18–55 yr old female outpatients in therapy, 27774
chocolate pudding sugar & fat content, perception of sweetness intensity & pleasantness & caloric density & fillingness & hedonic responses, females , 3437
chronicity & help-seeking behavior, 18+ yr old marital vs acquaintance vs stranger sexual assault female survivors, 37483
cigarette smoking & alcohol consumption & recent screening mammograms, 50–80+ yr old females, 17535
clinical characteristics, 21–55 yr old females with PTSD with vs without substance dependence , 21186
clinical course & psychosocial correlates of unipolar depression, 17–18 yr old females, 5 yr study, 27621
cocaine use vs abuse vs dependence, 22–62 yr old female monozygotic vs dizygotic twins, 1784
cognitive function & never vs past vs current postmenopausal use of estrogen, women aged 65 yrs & older, commentary, 38420
cognitive function & never vs past vs current postmenopausal use of estrogen, women aged 65 yrs & older, 38431
cognitive mechanisms in personal/group discrimination discrepancy perceptions, adult females, 37164
cognitive-behavioral therapy vs supportive psychotherapy plus antidepressant medication or placebo vs medication alone, predictors & processes of change, 18–45 yr old females with bulimia nervosa , 28265
community & family & school & peer & individual risk factors & structural model of developmental patterns in antisocial behavior, female 11–17 yr olds, 24466
comprehensive evaluation of women participating in research studies on mental health, 1452
concepts & definitions of rape & sexual abuse, 22–55 yr old Mexican women, 30825
conditions & factors & methods that empower women & mothers for social action & health promotion movements, meta-analysis of 40 cases from industrial & less-industrialized nations, 37000
consensus on definitions & diagnostic criteria & standardized clinical assessment procedures & interdisciplinary collaborative efforts to study women's mental health, 1458
constellations of & participation in marriage & employment & grandmother & care provider & volunteer roles, depressive symptoms, 55–64 yr old African American vs White females, 34098
content analysis of depiction of roles of women in prime time TV programs, 1967–1998, 23643
course & mechanisms & treatments of mild unipolar mood disorders & affective conditions specific to female, 1556
cultural factors in mathematics education & shortage of professionals, females, Papua New Guinea, 28945
cultural myths & psychological processes in minimization or denial of female-perpetrated child sexual abuse, 18106
culture- & sex-specific small group intervention program, disease risk reduction, Black vs Mexican American 14–45 yr old females with nonviral sexually transmitted diseases, 12374
degree of past & current memory for childhood sexual abuse, 17–56 yr old female survivors in therapy, 14668

demographic differences & efficacy of standard & innovative HIV prevention interventions, crack cocaine-using rural vs urban females, 18875
depressive symptoms as risk factor for cognitive decline, elderly females without dementia, 4 yr followup, 21119
description & evaluation of reproductive health counseling for adolescent females, 40–61 yr old nurses, 18871
desired sexual qualities in self & husband, changes in experienced sexual response, female 38–56 yr old participants in midlife health survey, 4660
development & details of Women's Action for Mental Health project for working class women with mental health difficulties run by women who have experienced similar issues, England, 22169
dietary practices & physical activity patterns, American Indian females, 17636
differences in health care utilization & satisfaction with sex-specific care, 19–29 vs 30–39 vs 40+ yr old enlisted women vs officers in active duty vs reserve vs guard during Persian Gulf War, 12418
discourse schemas on postmodern perspectives on relationships & sexuality & reproduction, adolescent females, 14019
displacement experience, Iranian females, 20682
driving behavior & sociodemographic characteristics & motor vehicle accidents, cohort data for 18–23 vs 45–50 yr old female drivers, Australia, 29228
drug use & sexual risk taking & psychopathology & social networks in model of causal pathways & relationship between sexual abuse history & HIV risk, human females, 14970
drugs used to treat male erectile disorders & alternative medicines, pharmacological treatment of women's sexual disorders & difficulties in desire & arousal & orgasm, 15278
early maternal loss, grief & attachment style with companion animals, females, 37160
eating disorder symptomology & risk factors in 17–25 yr old women, Russia vs England, 24663
eating habits & self-esteem & body-esteem, Scottish 10–18 yr olds female students, 929
effectiveness of & satisfaction with group program focusing on safety & self-care, women with history of childhood sexual abuse, 6- mo followup study, 21797
effects & psychosocial consequences of armed conflict on girls & women addressed by G. Machel study, 7626
efficacy of sexual assault prevention programs on college campuses with women, 34418
emotions & psychiatric signs & attitudes & satisfaction with decision regarding choice of abortion or relinquishment of custody of child, hospitalized female 19–61 yr olds, 27557
empirical adequacy of theory of planned behavior in Pap smear use intentions, 18–83 yr old African American vs Latina females, 28637
employment & gender relations in family lives & how immigration experiences affect gendered perceptions of work, Guatemalan & Salvadoran female immigrants (mean ages 31.5 & 31 yrs), 7739
employment & social support & marital status & education & societal expectation to care for family, health & health care use & attitudes, Vietnamese- vs Anglo-Australian women, 25352
employment status & length of maternity leave & role quality as predictors of mental health, female homemakers vs part-time vs full-time employees, 1 yr post-delivery, 4656
employment status & personality factors, perceptions & expectations of own aging & accommodation profiles, 45–65 yr old female university graduates, 33671
endogenous levels of dehydroepiandrosterone sulfate & depressed mood, 50–90 yr old postmenopausal women, 23808
enrollment rates for mammography screening, 40 yr old & older Asian-American women, 31842
ephedrine abuse, female athletes, 1773
epidemiological & etiological & cultural factors in depression, Puerto Rican women, 30671
estrogen replacement therapy, Alzheimer's disease, postmenopausal females, 18439
estrogen replacement therapy, improved cognitive functioning, postmenopausal females reporting cognitive impairment, 1 yr followup, 28415
estrogen replacement therapy, risk of developing Alzheimer's disease, 28–94 yr old females, 16 yr longitudinal study, correction, 5750
ethnographic approach to perceptions of female–male relationships, 25–32 yr old Black female regulars at local gangsta rap club, 37064
evolutionary & developmental factors & stressful family environment & masculinity traits & low mate value, sociosexual variation & casual sex, 25–35 yr old noncollege females, 30363
executive attentional abilities & performance of complex instrumental activities of daily living vs activities of daily living, 70–80 yr old cognitively intact & high functioning older women, 36877
experience of feminist member/founder of Women in Black Against War working with female survivors of war, former Yugoslavia, 28304
experience of loss & other life situations & events, onset & maintenance of drug use, inner-city African American women, 34374
experience of war violence, female refugees of former Yugoslavia, 14112
experiences & perceptions & expectations when communicating with medical providers, abused Latina & Asian female immigrants, 1724
experiences of ways of coping with depression, 23–60 yr old females in rural communities, 21106
experiences with contraceptive methods & preferences for effectiveness & secrecy & return to fertility & side effects, women of reproductive age, Cambodia, 35104
experiences working with women's organizations & own trauma involved in providing feminist counseling of female war victims, former Yugoslavia, 28292
exposure to feminism through women's studies course, feminist consciousness, female college students, 12706
expression of their relationship to & place & understanding of prenatal testing in human genetics class, female high school sophomores, 2949
externalizing vs internalizing, development of adjustment problems, 10 yr old females, 14 yr study, 24478
facilitators & barriers to daily exercise activities, 35–50 yr old Black females, 18880
factors affecting attrition, female doctoral candidates & recent graduates (aged 21–57 yrs), 38876
factors influencing initiation of drug & alcohol use & social & health consequences of use, 18–50 yr old homeless women using drugs &/vs alcohol vs no drug or alcohol use, 30274
factors that influence recovery from eating disorders, 22–24 yr old female college students, 6-yr study, 21416
familial assistance, females who are widowed or estranged from their husband, Nepal, 20725
female bodily curvaceousness vs normal vs over- vs underweightedness, perception of career competence & reproductive potential, college students, 17513
female employment & political participation & economic status & reproductive rights & cause specific death rates & days of activity limitation & male & female mortality, 18+ yr olds, US, 14403
female gender & key economic & development indicators, prevalence of common mental disorders, India & Zimbabwe & Chile & Brazil, 36946
female gender as risk factor for & gender differences in prevalence & incidence rates of Alzheimer's disease & other dementias, 37916
female labor force participation rate & time & age & marriage & divorce rates, suicides rate, male vs female 15–75 yr olds & older, 18 countries, 1953–1992, 1036
female perpetrators of child sexual abuse, 24421
feminist approach to impact of leisure on experiences of menopause & midlife, female 47–52 yr olds, 36710
feminist perspective on effects of culture of normalization on & oppressive nature of sex education, females with learning difficulties, 34470
feminist post-structuralist position as framework for understanding female friendships & relationships, 27237
feminist post-structuralist position as framework for understanding female friendships & relationships, commentary, 27238
feminist poststructuralist form of discourse analysis for experiences with & views of condoms & obstacles in initiating condom use, 22–43 yr old females, implications for feminist research, commentary, 27236
feminist poststructuralist form of discourse analysis for experiences with & views of condoms & obstacles in initiating condom use, 22–43 yr old females, implications for feminist research, 27229
feminist psychology perspective on historical context for development of attachment theory & application to motherhood & women's role in child care, 14195
feminist psychology view on history & evolution & criticisms of attachment theory, implications for children's & women's development & child care debate, 13887
fluoxetine with vs without estrogen replacement therapy, females over vs under 45 yrs old with major depression, 34959
frequency & impact of experience as victim of indecent exposure & perceived exposer dangerousness & current fear of sexual crime, adult females, 37607
future directions for studies of women's mental health including reproduction-related dysphorias, 1521
gang involvement & risks of victimization, 12–17 yr old active female gang members, 1833
gender & enthnocultural issues in clinical research & diagnosis & treatment, females & minority group members with PTSD, 8165
gender differences in schizophrenia, implications for the evaluation of females, 1574
gender-related differences in alcohol-related problems & alcohol-induced illness, implications for diagnostic evaluation of alcohol & drug abuse problems in females, 1795
genetic factors & past-year stressful life events, trajectory of & liability for depression, prepubertal & pubertal male vs female twins, 14502
grounded theory analysis of becoming demoralized & feeling betrayed, previously depressed women (aged late teens to mid-50s), 21084
group therapy model of coping, satisfaction & treatment acceptability & mental health & psychological adjustment & process measures, female metastatic cancer patients, 28351
gynecological & reproductive & sexual health, 18 yr old & older HIV-positive Latina vs Asian/Pacific Islander vs African vs European vs Native American females, 6 mo study , 28089
health & nutritional status & health care seeking behavior, postpartum females from Bangladesh urban slum, 16077
health concerns & barriers to & facilitators of health behavior change, blue-collar females, implications for developing health promotion interventions, 2542
high-level exercise & starvation, psychopathology, female patients with eating disorder (mean age age 27.2 yrs), 37708
historical & content analysis of dreams during late Archaic period in ancient Greece, females, 1379
history of childhood abuse & mental health problems & medical problems, 18–35 yr old & older Latinas, implications for substance abuse treatment, 30561
HIV risk behaviors, female sex workers who do vs do not attend syringe exchange programs, 28646
HIV status & acculturation, sexual risk taking, 18–50 yr old HIV positive vs negative Latinas, 28066
HIV–AIDS & risk among African American females & adolescents, 8564
hormone replacement therapy, cognitive function & mood, 45–65 yr old postmenopausal females, 12188
hostility toward other women vs men, self esteem & personal satisfaction & happiness & intimacy, female college students, 4647
incidence of PTSD & socioemotional adjustment, 13–22 yr old incarcerated females, 1681
individual change & differences in negative mood, 60 yrs old & older vs 80 yr old & older females, 33709
inducer vs accelerator theories of relation between suicide attempts and HIV seropositive status, adult females (mean age 39.3 yrs), 1989
influences on reporting abortion, 14–21 yr old females, 9136
insidious or physically traumatic symptom onset, resting state regional cerebral blood flow, female patients with fibromyalgia vs non-patients with fibromyalgia vs healthy controls, 37740
integrated biomedical & cultural & psychosocial approach to counseling menopausal women , 31443
intergenerational changes in construction & reconstruction of Indian identity, 15–76 yr old Navajo females, 4597
Internet based cognitive restructuring, maladaptive career beliefs, adolescent females, 34868
interpersonal/marital stress, disease activity, married females with rheumatoid arthritis, 5255
interplay of agency & social constraint in social psychological construction of gender identification, female 25–38 yr old self-described tomboys, 1170
interview accounts of psychosocial health & experience of distress, 20–89 yr old females, Wales vs Ghana, 20783
iron status & depression, premenopausal 20–45 yr old females, 24200
issues in use of valproic acid, female psychiatric patients of childbearing age, 2344
issues in women's well-being at midlife, 1173
judgments regarding fairness of division of housework, adult females, 23873
knowledge & use & choice of & attitudes toward modern contraceptive methods, women, Russian Federation, 4673
knowledge level for premenstrual syndrome & reports of symptoms, healthy 20–40 yr old women with 6th grade level of formal education, 14910
life history & satisfaction & suicidal intent, older women, 1696
lifelong productivity, female researchers on L. Terman's longitudinal study of genius, 35564
lifespan & personal characteristics, female creative writers, 797
light therapy, hot flushes, 35 yr old female with seasonal affective disorder, 21984

limitations of current mainstream approaches & new perspectives for understanding depression in women, 21110
long-term effects, 17–79 yr old female victims of childhood sexual abuse, 17990
low executive cognitive functioning & difficult temperament & aggressive & nonaggressive forms of antisocial behavior, 14–18 yr old females with conduct disorder, 1694
low income, health, unattached mid-30 to 70+ yr old females with disabilities who were living in housing co-operative, 8 mo study, Canada, 1421
major issues in & organizational & individual responses to better utilize females in management, 16081
meaning of illness experiences & symptom descriptions, female patients with biomedically undefined musculoskeletal pain, 28030
meaning of living, 35–50 yr old women living with fibromyalgia, 34566
media exposure & acculturation, attitudes toward body type & propensity toward eating disorders, Cuban-American female 18–25 yr olds, 21419
medicalization & tyranny of physical appearance in adolescence & menopause & disempowering age stereotypes & race & ethnicity as influences on exercise & health promotion across lifespan, females, 2543
menstrual cycle phase & task effect, BP recovery from acute stress, normotensive Black vs White females (mean age 33 yrs), 20244
menstrual cycle, sexual functioning, 23–45 yr old females, 37015
mental health problems, women with history of intimate partner violence, 27775
messages received about marriage while growing up & messages given about marriage to own children, adult Black females , 30310
metaphors in talk of depressed women in psychotherapy, 21096
methodological characteristics of research literature on group psychotherapy with female incest survivors, 31558
midlife females perceptions of their changing bodies within Western cultural context & relation to health care, 40–53 yr old females, 23916
model of female talent development based on experiences of gifted women, 35561
mood symptoms & daytime ambulatory BP, 20–79 yr old Black female elder caregivers vs noncaregivers, 22219
movement disintegration & extended membership & gender doctrine in communal religions, priorities, female former religious group members, 36923
multifaceted empowerment program, HIV risk behavior, 18–40 yr old & older Latina immigrant females at risk for HIV infection, 15447
narratives of personal change in community activism, 35–62 yr old females, implications for personal change in health education, 17518
nature of sexual behaviors, women with borderline personality disorder, 17966
need for cultural & historical diversity & subjectivity in psychoanalytic conceptions of sexuality for lesbians & heterosexual females , 4803
negative mood, dysfunctional attitudes, adult females vulnerable vs not vulnerable to depression, 4917
negotiation of multiple roles, 35–53 yr old female graduate students, 2958
one stop clinics vs conventional arrangements in diagnosis of symptomatic breast problems, female adults, 11791
outdoor experiential & adventure-based programs led by school counselors, facilitation of identity formation, female adolescents, 25834
outdoor walking exercise program, cardiorespiratory function & flexibility & mood, female 60–75 yr olds, South Korea, 25369
ovulatory phase of menstrual cycle, EEG activity during cortical information processing & mental relaxation, 21–33 yr old women, 32915
pain perception across the menstrual cycle, human females, 29941
paradox of loss & happiness in postpartum depression over transition to motherhood, 21–41 yr old females, longitudinal study, 21101
partner condom use, 10–25 yr old females with sexual transmitted diseases, 21490
patient evaluation procedure & combined use of testosterone replacement & sex therapy, female patients with sexual dysfunction, 15073
patterns of sexual behaviors, 15–20 yr old females, 20572
perceived control over & strategies for coping with hot flushes, menopausal women, 29965
perceived effectiveness of & benefits & barriers associated with intention to use female condoms, 18–35 yr old male vs female African-Americans, 18854
perceived gender identity in relation to popular media & TV & magazines, female 7th–9th graders in single-gender junior high school program, 25790
perceived or actual alcohol intake, perceived self-efficacy for avoiding HIV, females (aged 21–30 yrs), 37039
perceived risks & options & familial relational considerations, decision to sue, 18–49 yr old women who were sexually harassed, 32527
perceived social pressure & externality & instrumentality & career orientation, 18–23 yr old females, 22579
perception of nice guys & dating preferences & sociosexual orientation, 18–25 yrs old females , 37017
perceptions & comfort level with new triennial Pap smear screening guidelines, 20–69 yr old females, 25366
perceptions of "Ms" courtesy title, college students, 1978 vs present, replication, 4747
perceptions of obstetricians & midwives & student midwives & nurses & husbands during perinatal period, pregnant 20–35 yr olds, 20912
perspectives on teaching elementary science methods to females, male science teacher vs female coresearcher, 2864
physical & mental health & war-related trauma & human rights concerns & conditions & attitudes toward women's human rights, 17–70 yr old females, Afghanistan, commentary, 14203
physical & mental health & war-related trauma & human rights concerns & conditions & attitudes toward women's human rights, 17–70 yr old females, Afghanistan, commentary reply, 14198
physical & psychological dysfunctions associated with diagnosis of vulvodynia, adult females, 30581
physical health indicators, 15 yr old & younger–65 yr old & older Latina vs White women, 31039
political self characterization, 30–70 yr old female physicians, US, 22354

drug use & HIV related sexual risk behaviors, adult female inmates, 18103
drug use & HIV risk behaviors, drug using migrant farm workers (mean age 35 yrs) on DelMarVa Peninsula, 18058
drug use & sexual risk taking & psychopathology & social networks in model of causal pathways & relationship between sexual abuse history & HIV risk, human females, 14970
drug use patterns, sexual & injection related HIV risk behaviors, runaway or homeless or street youth, 5077
economic methods for measuring the quality of life associated with HIV infection, 37788
effectiveness of drama for communicating HIV/AIDS information & effect on HIV/AIDS knowledge & attitudes toward persons with AIDS, 15–45 yr olds, 28652
effectiveness of HIV/AIDS interventions on drug use & needle risk behaviors, 17+ yr old out-of-treatment injection drug users, 2492
effectiveness of partner notification for locating & referring & medically evaluating partners to newly detect & treat HIV & other sexually transmitted diseases, US, 37764
effectiveness of patient-led partner referral program, patients with sexually transmitted diseases, Central African Republic, 28697
effects of HIV infection on parenting & family relationships & issues in family counseling, clients from sub-Saharan Africa, 31560
efficacy & effectiveness issues in the National Institute on Drug Abuse Cooperative Agreement for HIV/AIDS intervention for out-of-treatment drug users , 2528

efficacy & tolerability of nefazodone, male HIV-seropositive outpatients with major depressive disorder, 12 wk study, 18678
efficacy of combination of antidepressant drug & group cognitive psychotherapy, 26–54 yr old gay males with major depression or dysthymic disorder & AIDS or symptomatic HIV infection, 1-yr followup, 28254
empirical & theoretical evidence for feasibility & desirability of targeted preventive interventions, adults with HIV/AIDS, 25311
enhanced care & support vs regular health services, sexual risk taking, newly diagnosed HIV-positive adults, 38491
epidemiology & course & everyday impact & associated features & pharmacological treatment of neurocognitive complications of HIV disease , 24746
epidemiology & diagnosis & treatment & psychosocial care, HIV & AIDS & psychiatric symptoms & AIDS dementia, 28070
epidemiology of HIV/AIDS & role of school psychologist, children & adolescents & young adults, 28087
ethical & legal issues in duty to warn third parties of client's HIV+ status & related interventions, psychologists, 15817
experiences & stresses of providing palliative home care to relative with HIV &/or AIDS, 31–65 yr old family caregivers, 5886
experimental manipulation of interviewer- vs self-administered interviews concerning HIV related sexual & drug use behaviors, 12–49 vs 50–64 vs 65+ yr olds, 1980
factors affecting marital stability following HIV notification, divorced or separated vs intact HIV discordant couples, northern Thailand, 37794
factors associated with sexual behavior & risk while on vacation, gay males, implications for HIV prevention, 28068
family structure & parenting challenges, 19–62 yr old African vs European American vs Latina mothers infected with HIV, 28084
finding meaning in response to an HIV-related stressor & changes in immune status & health, HIV-seropositive men aged 27–50 yrs, 2- to 3-yr follow-up, 8551
fluidity of racial identification, intervention to promote change in at risk behavior, Brazilians at high risk for HIV/AIDS & who use cocaine , 2541
frequency & predictors of condom use for HIV prevention, low-income women (median age 25 yrs), 31822
full day vs half day vs brief workshop training model, HIV/AIDS knowledge & attitudes & practice dimensions, mental health providers treating patients with HIV/AIDS, 19160
global vs physical vs social contact with HIV/AIDS patients, attitudes toward HIV/AIDS patients, 22–59 yr old health care workers, 25669
glutamate levels in CSF, patients with HIV-1 associated dementia complex, 37790
group cognitive behavioral stress management & changes in mood & perceived stress, plasma dehydroepiandrosterone sulfate level & ratio to cortisol level, HIV-seropositive males, 10-wk study, 25289
group-based cognitive-behavioral stress management intervention for treatment & secondary prevention of HIV/AIDS, HIV+ homosexual males & poor African American females, 22036
guidelines for mental health care & pain management & pharmacotherapy, patients with HIV associated dementia or myelopathy or neuropathy or myopathy, 5839
gynecological & reproductive & sexual health, 18 yr old & older HIV-positive Latina vs Asian/Pacific Islander vs African vs European vs Native American females, 6 mo study , 28089
health & social services utilization & changes in HIV drug & sex risk behaviors, adult drug injectors & crack smokers, cross sectional data 1 yr prior to & 1 & 2 yrs after Ryan White Title I funding, 25383
health services utilization & coping behavior & parenting skills & future plans for child care, 23–54 yr old HIV-positive mothers, 11835
health status & socioeconomic characteristics & knowledge & use of HIV-related resources, HIV-infected males vs females, 8554
hepatitis B vaccination, anti-HIV-1 seropositive former iv heroin addicts in methadone maintenance treatment, 32029
heterosexual transmission of HIV, men &/vs women, 5273
highly active antiretroviral therapy, cerebral metabolite abnormalities, HIV-cognitive motor complex patients with dementia, 38372
history of contact with people living with AIDS, attitudes toward HIV/AIDS & people with AIDS, 15–54 yr olds from 4 provinces, Thailand, 5276
HIV epidemic & mathematical model of impact on demographic structure of population, Thailand, commentary, 5271
HIV epidemic & mathematical model of impact on demographic structure of population, Thailand, 5275
HIV infection & AIDS prevention among injection drug users, 12354
HIV infection & risk-taking behavior within jail system & effects on community health, incarcerated males & females, implications for health care workers, 21502
HIV intervention program for sexually transmitted diseases, treatment outcomes, female sex workers, Bolivia, 3 yr study , 2513
HIV intervention, abstinence & condom use & HIV risk intentions & perceptions & other risk behaviors, 15–18 yr olds, 1 yr study, Namibia, 9058
HIV needle risk behaviors & drug use in injection drug users, crack-smoking vs non-crack smoking adults, 37552
HIV prevention & sexual risk behavior & role of sex ideologies & sexual scripts in sexual life of youth, 15452
HIV prevention interventions for male prison inmates & females who visit prison inmates, 15690
HIV prevention videos, condom use self-efficacy & sexual behavior & dating relationships, 17–24 yr olds, 3 mo followup, 18888
HIV risk & protective factors, sexual behavior, 18–25 yr old Asian & Pacific Islander men who have sex with men, 31117
HIV risk assessment & transmission prevention counseling styles, physicians with HIV+ patients, 35420
HIV risk behavior & social & cognitive factors, transgendered females vs homosexual or bisexual males vs heterosexual females, 28075
HIV risk behaviors & likelihood of testing for HIV status & repeated testing, Ss before & after entering methadone maintenance treatment, 1979
HIV risk behaviors, female sex workers who do vs do not attend syringe exchange programs, 28646
HIV risk behaviors, transsexual vs non-transsexual male inmates, 11842
HIV risk factors & detection & prevention of transmission & treatment & barriers to care, patients with serious mental illness, implications for role of public mental health systems, 21052
HIV risk factors, rural patients (mean age 39.6 yrs) vs urban patients (mean age 40.3 yrs) with severe mental illness, 17811
HIV risk reduction intervention project, sexual risk behavior, 17–44 yr old low-income sexually transmitted disease clinic patients, 9053
HIV risk reduction intervention, HIV knowledge & attitudes & sex risk behaviors & intentions, 15–18 yr olds, Namibia, 28633
HIV risk-taking behavior & knowledge level, patients with schizophrenia, 11415
HIV risky sexual behavior & anti-condom biases & AIDS related information & knowledge & perceptions & attitudes, 16–24 yr olds, 21505
HIV serum antibodies, patients with psychotic disorders, implications for retrovirus hypothesis in schizophrenia & bipolar disorder, 14450
HIV sexual risk behaviors & condom use, 15 yr olds & older, Spain, 7747
HIV status & acculturation, sexual risk taking, 18–50 yr old HIV positive vs negative Latinas, 28066
HIV testing & counseling, changes in sexual behavior & condom use, 18–70 yr old heterosexual males attending sexually transmitted disease clinics, 1993–97 study, India, 2491
HIV-related expectancies &/or AIDS-related bereavement, prediction of onset of symptom onset, previously asymptomatic 18–50 yr old HIV-positive gay males , 24750
HIV-related knowledge & attitudes & risk behavior, 13–19 yr old mothers, 8552
HIV-related risk acts & T-cell counts & HIV symptoms & emotional distress & coping style, HIV+ 14–23 yr olds with vs without current or lifetime history of amphetamine use, 28078
HIV-related stigma, HIV testing & care for HIV+ persons & disclosure decisions, 18301
HIV/AIDS education program, HIV/AIDS knowledge & condom use attitudes & behaviors, 17–42 yr old low income Black mothers of school aged children, 3 mo follow up, 2490
HIV/AIDS knowledge & beliefs & at-risk behaviors, Chinese-American 12–82 yr olds living in a US community, 11836
HIV/AIDS risk behaviors & knowledge level, 12–18 yr olds with substance use vs psychiatric disorders, 14389
HIV–AIDS & risk among African American females & adolescents, 8564
household responses & caregiving, patients with HIV & family members, India, 15556
illness attitudes & related stigma, health care response & delivery, homosexual men & injecting drug users & other people with AIDS or HIV, 18304
impact & consequences of HIV/AIDS on families & societies, middle aged & older adults, 1987
impact of HIV infection on couple relationship, discordant heterosexual couples in early stages of illness, 18318
impact of pet ownership on depression & role of social support, gay & bisexual males with vs without HIV, 18316
impact of religious activity on depressive symptoms & optimism, 18–45 yr old African Americans with vs without HIV, 18298
implementation & evaluations of participatory action research project for HIV prevention education with lesbians & bisexual females, 2538
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, commentary, 31810
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, 12320
in utero exposure to zidovudine, growth & immunologic & cognitive/developmental & cardiac & other outcomes, uninfected children born to HIV-infected mothers, longitudinal study, commentary reply, 31782
incidence of HIV & herpes & hepatitis & urethritis & proctitis & epididymitis, 12 mo follow-up study, HIV-negative men who have sex with other men , 1962
incorporation of emerging HIV-related antiviral therapies & mental health care & psychosocial & adjustment & biomedical concerns into assessment & psychotherapy practice, 15381
individual & geographical differences in HIV risk & risk reduction after rehabilitation, patients in outpatient methadone vs drug-free drug treatment modalities, 11 US cities, 35354
individual & social factors in & state of research on HIV transmitssion, homeless adolescents, implicatins for prevention, 37796
inducer vs accelerator theories of relation between suicide attempts and HIV seropositive status, adult females (mean age 39.3 yrs), 1989
injected & crack cocaine & heroin use & spread of HIV & AIDS in South America & Caribbean, 24744
injection-related risk behaviors in regards to HIV transmission, Netherlands, 28085
interaction of addictions & mental illness & HIV, outpatient therapist's guidelines for dual & triple diagnosis assessment & treatment planning & monitoring progress, 38520
interactive vs didactic methods of teaching HIV risk assessment interview skills, medical residents, 5270
intimate partner relationships & sexual self-image, HIV seropositive adults, 8553
involvement in & motivation for unprotected bareback sexual activity & bug chasing, HIV-positive & -negative gay males , 11524
knowledge & attitudes & beliefs & practices regarding HIV & AIDS, 18–60 yr olds, Kuwait, 18297
knowledge & attitudes & practices related to HIV/AIDS, sex workers (mean age 22 yrs), Cambodia, 31131
knowledge & practices & training needs & attitudes to collaboration, 22–82 yr old traditional healers vs 25–48 yr old formal health workers caring for people with HIV, Zambia, 32127
knowledge & practices concerning screening & diagnosing & preventing tuberculosis among HIV infected persons, physicians, 18773
knowledge & psychosocial factors & behavioral risk factors associated with acquisition of sexually transmitted disease & HIV, 13–17 yr old urban high school students, 36784
knowledge of & adherence to combination antiretroviral therapies, low-income 18–29 yr olds vs 29–52 yr olds with HIV/AIDS, 31789
knowledge of & behavior regarding & attitudes toward HIV home testing kits, college students, 8560
legal management of HIV-related stigma & relation to HIV-testing behavior & protective privacy laws & psychosocial factors related to stigma, 19522
level of knowledge & understanding of AIDS-related Pneumocystis Carinii Pneumonia treatment therapy, male heterosexual vs nonheterosexual prisoners with HIV , 38432
lexipafant tolerability & safety, patients with HIV-associated cognitive impairment, 10 wk study , 28079
long-term support groups for HIV- & AIDS-affected children, 5559
mail surveys vs interviews for evaluating HIV counseling & testing sites, 22904
management & trade union responses to & integrated approach for HIV prevention in mining industry, 23-yr-old South African migrant worker, 28626
maternal depressive symptoms, maternal HIV status & child depressive symptoms, mothers with vs without HIV & their 6–11 yr olds, 4838
meanings & contexts & sexual cultures & HIV in Cambodia, 13–26 yr olds, 28083
measurement & nature & consequences of stressful life events, homosexual HIV-positive males, 18312

medical consequences of alcohol & opiate & heroin abuse, patients with HIV, 28081
mental processing & motor abilities & neurodevelopmental outcomes, HIV Type 1-infected infants of non-drug-using mothers, 2-yr prospective study, 11833
methadone maintenance treatment, HIV risk behaviors, individuals (mean age 38.5 yrs) with cocaine dependence and abuse, 9242
methamphetamine use, sexual & injection HIV risk behaviors, out of treatment iv drug users (aged 17–72 yrs), 30899
migration & ethnicity & environment, HIV risk factors, sexually active 16–72 yr old females living in bateyes, Dominican Republic, 1970
model & dynamics of community involvement in drug abuse & HIV research, drug users & prostitutes, 8017
model of collective peer-youth & professional services targeted for adolescents with or at high-risk for HIV/AIDS, 5710
model of health care used by Boston HIV Adolescent Provider & Peer Education Network for Services Program, homeless & at-risk & HIV-positive 12–24 yr olds, 5857
model of health services & peer support & education & training used by Health Initiatives for Youth, youth with or at risk for HIV, 5819
model of HIV health & mental health & peer support services provided by Indiana Youth Access Project, gay & lesbian & bisexual youth, 5858
mother & child psychosocial adjustments with HIV-infected vs. non-infected mothers, 37789
National Institute on Drug Abuse Cooperative Agreement for HIV/AIDS interventions for out-of-treatment drug users, 2508
National Institute on Drug Abuse Cooperative Agreement standard vs enhanced intervention for HIV/AIDS risk, drug use & condom use & number of sex partners, noninjecting drug users, 2494
needle & drug solution & paraphernalia sharing, iv drug users, implications for HIV risk, 1796
neuropsychological & neurological & otolaryngological & auditory & olfactory status, HIV-positive adults, 5264
operationalization & measurement of self-efficacy in relation to HIV-risk reduction research, 1978
opportunity for HIV/AIDS prevention in criminal justice & drug treatment settings, drug users (mean age 36 yrs) in rural Kentucky, 18858
outreach & peer support & health services in integrated care model used by Children's Hospital Los Angeles program, youth with & at high risk for HIV, 5847
palliative care in assessment & management of pain, patients with HIV/AIDS, 14969
partner communication about HIV & alcohol & condom use, male vs female undergraduates, 31128
passages in accommodation to HIV & status transitions & socially stigmatized identity, 21–60 yr old gay men, 34585
perceived or actual alcohol intake, perceived self-efficacy for avoiding HIV, females (aged 21–30 yrs), 37039
perception of life expectancy, mental representations of social partners, healthy 18–88 yr olds vs HIV-negative vs -positive asymtomatic vs -positive symptomatic gay men, 1972
perceptions of HIV/AIDS & factors influencing high-risk sexual behavior, 20–49 yr old mine workers, 5269
perceptions of risk of HIV transmission through oral sex, HIV patients (aged 22–66 yrs) and health professionals (aged 33–54 yrs), 38450
persistent or recurrent major depressive disorder, HIV positive vs negative IV drug users with vs without history of major depressive disorder, 11292
personal characteristics & attitudes toward legalization of physician assisted suicide for patients with HIV, family physicians & general practitioners who do vs do not care for HIV/AIDS clients, 38715
personal social networks & HIV status, 24–60 yr old female drug users on methadone, 8348
personality characteristics & psychopathology, 19–34 yr old treatment seeking HIV+ pregnant drug dependent women , 8381
physician-perceived drug use & patient clinical & psychosocial factors, prescription of antiretroviral drugs, 30–37 yr old HIV infected former vs active injection drug users, France, 15586
plasma HIV RNA & CD4 lymphocytes, HIV-associated dementia & sensory neuropathy, male HIV seropositive adults (mean age 33.5 yrs), 10 yr study, 11830
possibility of HIV transmission, unprotected intercourse, HIV-positive homosexual males, 8557
predictors of outpatient medical appointment attendance, 18–58 yr old outpatients in public hospital ambulatory care HIV clinic, 7 mo study, 28685
preliminary validation of Schedule of Attitudes Toward Hastened Death, 25–67 yr olds with HIV/AIDS, implications for assisted suicide debate, 6661
presence vs absence & interpretation of symptoms, initiation of HIV testing & medical care, 50–68 yr olds, 37793
prevalence & incidence rate of HIV & hepatitis B & C, drug users on methadone maintenance treatment, 1919
prevalence of HIV & related risky behaviors, disadvantaged 12–21 yr olds in state institution for homeless & offenders, 14974
prevalence of HIV infection, hospitalized patients, Tanzania, 14968
prevalence of injection-related HIV risk behaviors, adult Mexican-American vs Puerto Rican vs African-American drug injectors, 1767
prevalence of peripheral neuropathy, HIV-seronegative vs HIV-seropositive iv drug users, 30867
prevalence of psychiatric disorders & contribution of demographics & substance use & social strain & social support in predicting psychiatric risk, HIV positive vs negative African Americans, 28074
prevalence of traumatic stressors meeting criterion for PTSD & effect on clinical progression of HIV, HIV+ 18–45 yr old African American females, 34584
prevention & peer counseling & outreach & education service model used by YouthCare, youth with or at high risk for HIV, 5853
prevention & referral & health & support service model used by Teenage Access Project, 10–21 yr old disadvantaged & HIV-positive & at risk females, 5852
prior abusive relationships, self image & self care, low income White females with HIV, 30823
process & influencing factors & consequences of disclosing HIV infection, 21–51 yr old HIV positive Asian/Pacific Islander females, 28067
processes & management of & adjustment to diagnosis disclosure, 18–65 yr old family caregivers of 6–12 yr old children with perinatally acquired HIV disease, 21501
programmatic integration of pediatric psychology & primary care services for neurodevelopmental/neuropsychological evaluation, children infected with HIV, 38469
providers' & evaluators' experiences in developing & implementing project promoting HIV prevention, low income females from different ethnicities at urban American Indian clinic, 15514
psychoeducational group intervention, depression & anxiety & trauma symptoms, HIV/AIDS infected & affected female inmates (mean age 31.5 yrs), 14972
psychological & behavioral characteristics, 18–59 yr old gay & bisexual males who do vs do not intend to use antiretroviral post-exposure prophylaxis to prevent HIV infection, 5265
psychological distress & coping behavior, male partners (mean age 37 yrs) of gay men with HIV related disease, 21500
psychosexual concerns & sexual risk behaviors, HIV-infected persons aged less than 29–50+ yrs old, implications for HIV prevention, 31837
psychosocial & behavioral factors, high-risk sexual behavior, 20–58 yr olds with HIV/AIDS in rural areas, 31125
psychosocial & HIV infection status, mental health, HIV+ vs HIV- homosexual men, 11831
psychosocial adaptation & perception of symptoms, 50–68 yr olds with HIV, 28080
psychosocial factors & stages for condom use, inner-city women at-risk for HIV, 7756
psychosocial factors influencing & perceptions of long-term nonprogression of disease, HIV-positive 24–59 yr olds, 34579
psychosocial variables & sexual & drug risk behavior, HIV positive vs negative African vs European American male partners of HIV positive females, 28071
public opinion about condoms for HIV prevention, 18–65+ yr olds from rural state, 1993–1998, 31846
rate & drug use & sexual correlates of HIV seropositivity & self-selection for HIV testing, out of treatment drug users, 5072
rationale & implementation of social work group & establishment of community & surrogate family ties & exploration of family & parenting & health issues, HIV positive mothers, 15395
reasons behind reluctance to care for HIV & AIDS patients, nurses & doctors, 28882
reduce the number of items in HIV/AIDS-Targeted Quality of Life measurement & psychometric properties vs Medical Outcomes study HIV Health Survey psychometric properties, 36013
relation between policresulen vaginal suppository use & mucosal disruption & risk of HIV transmission, female commercial sex workers, Thailand, 5266
relationship between religiosity & affective & immune status, HIV-seropositive mildly symptomatic gay males, 11844
relationship violence & HIV status & ethnicity, psychological distress & dysfunction & adjustment, HIV positive vs negative African vs European American vs Latina females, 28064
relationship with primary health care provider, beliefs & intentions concerning zidovudine therapy during pregnancy, 19–45 yr old HIV-infected women at risk for pregnancy, 38428
reliability & validity of HIV-risk Screening Instrument & effect of confidentiality on disclosure of HIV risk behaviors, primary care vs blood donor vs methadone vs STD clinic patients, 5263
reliability of Parent Disclosure Interview, information about parental disclosure of HIV status, 24–47 yr old mothers with HIV infection, 31130
reliability of self-report of sexual behavior, male couples of discordant HIV status, 23925
religious coping & behavior aspects of religiosity, anxiety & depression & immune & affective status, mildly symptomatic HIV-seropositive African-American women (ages 18–45 yrs), 28088
repetition of mother–infant dyad & process of dying, 43 yr old HIV-positive male in psychoanalysis , 31120
representation in research on neurological or neuropsychological complications of HIV/AIDS, females, 1988–97, 11834
residential detoxification for substance abusers with HIV/AIDS, 15637
revival experiences & uncertainty, 26–59 yr olds with HIV or AIDS who were once reconciled to their death & now experience renewed health after dramatic treatment responses, 18299
risk & prevalence of Mycobacterium tuberculosis & tuberculosis incidence & mortality, & relation to HIV 212 countries, 1997, 34543
risk & protective personality & familial & peer related psychosocial factors, coping ability, female iv drug users with vs without HIV, 27462
risk behaviors for HIV & age of initiation into drug use, injection drug users, 18034
risk factors & prevalence of HIV infection, 18–50+ yr old English male prison inmates, 34582
risk factors for HIV incidence, 18–80 yr old out-of-treatment drug users, 6 mo follow up, 1770
risk for violent victimization & HIV, females with schizophrenia & co-occurring substance use disorders, 37224
risk of HIV infection, 16+ yr old female sex workers, Thailand, 2 yr followup at 3 mo intervals , 1983
risky sexual behavior & condom use, 18–45 yr old urban women engaging in health promoting behavior & attending a family planning clinic in the US, 25349
role of & information acquisition for school counselors about AIDS & HIV & sex educational resources for AIDS prevention program planning for at risk adolescents, 19371
role of depression in disease progression, HIV-positive women with moderate to severe immunosuppression, 2 yr study study, 18319
role of detailed clinical observation & neuropsychiatric organizing paradigm in diagnosis & treatment, 27-yr-old HIV-1 positive male with delirium & aphasia & mania & complex partial seizure disorder, 21504
role of health care in HIV/AIDS prevention, persons with HIV, 2515
role of social workers in screening & retention & patient adherence & interventions & services & psychosocial interventions for clients in HIV/AIDS clinical trials, 35246
safe clozapine treatment of HIV-associated psychosis combined with stavudine & lamivudine, 34 yr old man who developed neutropenia with zidovudine & lamivudine, 5617
self-efficacy & self-disclosure of HIV-positive serostatus to sex partners, HIV seropositive males & females , 18308
self-identified needs, 18–55 yr old poor females with HIV, implications for nursing, 21499
semantic vs repetition priming, facilitation of motor response to lexical stimuli, HIV+ patients with vs without cognitive impairment, 28072
seroprevalence of HIV & hepatitis B & syphilis & engagement in commercial sex with men & other risk behaviors, 15–70 yr old male transvestite sex workers, Pakistan, 24682
seroprevalence of HIV & hepatitis C virus & intravenous drug usage & unsafe sexual behaviors & self-mutilation & tattoos, methamphetamine- vs solvent- vs alcohol-dependent patients, Japan, 27888
sex, HIV status of relationship partners & economics & emotional distress & coping & substance abuse, high risk sexual behavior, adults with HIV (mean age 37.2 yrs), 31126
sexual behavior & risk assessment, 18–54 yr old HIV positive males, 1986
sexual behavior before vs after knowledge of infection risk & associations with clinical & demographic characteristics, heterosexual couples serodiscordant for HIV, 8562
sexual behaviors & social & cultural contexts of such behavior, gay men prior to HIV seroconversion vs HIV-negative gay men, 7752

sexual networking & regimes, risk of HIV/AIDS epidemic, married vs single males, Bangladesh, implication for AIDS prevention , 2
sexual risk taking & HIV/AIDS & unintended pregnancy risk, adolescents, implications for prevention program planning, 25376
short vs long term memory tasks requiring automatic vs retrieval & organizational processes, cerebral blood flow & brain activation, HIV plus males with vs without minor cognitive motor disorder, 21507
silencing behaviors & transitions to self-advocating action, 21–55 yr old females with HIV/AIDS, 1976
social & behavioral circumstances as indirect risk measures for HIV transmission & opiate drug use, 18–51 yr old opiate users, 9239
social & psychological & spiritual & medical & financial & vocational impacts, people with HIV/AIDS, implications for rehabilitation counseling practice, 1981
social psychological factors related to HIV & AIDS issues, gay & homosexually active Asian men living in western countries, 18315
social stigma & HIV/AIDS knowledge & sexual risk taking, sexually active heterosexual 18–20 yr olds, 22011
social support & coping style & hopelessness, quality of life, 24–71 yr olds infected with HIV, 12 yr study, 28082
sociodemographic characteristics & drug-using behaviors & HIV risk & HIV seroprevalence, chronic drug users from rural vs urban areas in Florida, 18310
sociodemographic characteristics & knowledge of & attitudes toward HIV/AIDS & risk behavior & vulnerability to HIV infection, male homosexual & bisexual 18–49 yr olds, 37795
sociodemographic factors & HIV/STD knowledge & attitudes & risk behavior, 12–21 yr old Hmong-Americans, 31132
somatic delusions & psychogenic polydipsia, 25 yr old female with HIV, 14973
sources of family & caregivers' support, 50+ yr old minority caregivers of HIV infected persons, 2638
stigma & perceived quality of life & coping behavior, 18–44 yr old HIV positive mothers, implications for health care professionals, 14967
stimulant drug treatment as an HIV prevention tool, cocaine & methamphetamine abusers, 9251
stochastic simulation model of spread of HIV in social networks, injecting drug users, 5268
stories as narrative maps of HIV community & identity & selfhood & citizenship, adults with HIV, 11841
stress & social support & depressive symptoms, progression of infection, HIV-infected gay males (mean age 30.3 yrs), 21503
stressful negative life events & pessimism & natural killer cell cytotoxicity & T cytotoxic/suppressor cell percentage, Black HIV-positive females at risk for cervical cancer, 8491
subcortical N-acetylaspartate & choline metabolites, HIV-positive patients with vs without cognitive impairment & clinical symptoms, 18311
substance use during adolescence & HIV risk behavior among young adults, 19–21 yr olds with vs without college education, 20610
suicide ideation & attempts as stage in coping process after notification of HIV infection & relation to hope & resilience, homosexual & bisexual males, 11839
support from family of origin & barriers to social support, 21–73 yr old male homosexuals with HIV, 34583
support group, 9–13 yr olds whose mothers are living with HIV, 15399
support groups for family & friends of someone living with HIV/AIDS, 15397
survey vs focus group assessment of HIV attitudes & knowledge, adolescents (mean age 15.9 yrs), 32760
symptom interpretations & attributions, adherence to multidrug antiviral medications, 50–68 yr olds with HIV infection , 18838
telephone-delivered coping intervention for persons living with HIV/AIDS in rural areas, 24909
test of interactive computerized Comprehensive Health Enhancement Support System, quality of life & frequency & duration & cost of medical service use & social support, HIV+ patients, 12280
testosterone therapy, libido & mood & energy & appetite & weight, HIV-positive male 26–62 yr olds with or without hypogonadism, 12339
theoretical models used to guide National Institute on Drug Abuse's Cooperative Agreement research & HIV drug & sexual risks intervention efforts, 2539
transtheoretical model variables related to contraceptive & condom use, 15–44 yr old females with or at risk for HIV in community & facility based settings, 5797
trauma & substance use & HIV knowledge & attitudes & risk behavior, 18–75 yr old urban American Indian females, 6 mo study, implications for HIV prevention, 28086
treatment & counseling & outreach & behavioral health care service model used by Walden House Young Adult HIV Project, 13–25 yr olds with or at high risk for HIV/AIDS, 5841
treatment issues, 22–46 yr old HIV+ Black Africans, England , 36936
treatment of drug addiction & HIV risk behaviors, 16–42 yr old drug addicts, Peoples Republic of China, 8550
treatment unit resources & support & client HIV risk, HIV prevention practices, outpatient substance abuse treatment units, 1988–1995, 28687
use of AVERT mathematical model to estimate impact of HIV preventive intervention on number of new HIV infections, cohort study, Cameroon, 2527
use of avoidance coping & active coping in prediction of disease progression, gay males with HIV infection, 7 yr prospective study, 11837
use of coping strategies in psychological adaptation to HIV, HIV patients (aged 23–45 yrs), 21506
use of HIV risk behavioral surveillance surveys for detecting trends in HIV & sexually-transmitted disease related behaviors & impact of prevention efforts, at risk populations, Asia & Africa, 2518
volume & cost of medications used for pediatric HIV & AIDS infections, 1991–1992, US, 9117
willingness to participate in HIV vaccine efficacy trials, HIV-1-negative homosexual men & male & female injecting drug users & women at heterosexual risk, 5267
women's contextual & cultural issues in HIV/STD prevention research, overview of special issue on HIV/AIDS & ethnic minority women & families & communities, 28076

Human Immunodeficiency Virus [See Also Acquired Immune Deficiency Syndrome]—Books

The alcohol and drug wildcard: Substance use and psychiatric problems in people with HIV, 17790
Childhood trauma and HIV: Women at risk, 11846
Coping with HIV infection: Psychological and existential responses in gay men, 31139
Preventing HIV in developing countries: Biomedical and behavioral approaches, 31847
Psychosocial and public health impacts of new HIV therapies, 31138
Social networks, drug injectors' lives, and HIV/AIDS, 24751

Human Immunodeficiency Virus [See Also Acquired Immune Deficiency Syndrome]—Chapters

AIDS and addictions, 4861
Attributions and emotions among people with AIDS in Uganda, 34587
Behavioral interventions in developing nations, 31860
Behavioral research needs and challenges of new treatments: AIDS as a chronic illness, 31145
Case eight: Family and culture in HIV care for a Latino adolescent, 31415
Combination antiretroviral chemotherapy: Shifting paradigms and evolving praxis, 31143
Combination antiretroviral therapies for HIV: Some economic considerations, 31146
Emerging biomedical interventions, 31858
Ethical issues in the use of new treatments for HIV, 31141
The global HIV/AIDS pandemic: Trends and patterns, 31149
HIV prevention for the general population, 31856
HIV, AIDS, and pain, 14975
The HIV–mental health challenge, 18320
In their own words: Communication and the politics of HIV education for transgenders and transsexuals in Los Angeles, 9089
Insights for HIV prevention from industrialized countries' experiences, 31861
Intervening in blood supply and use systems: HIV testing, 31853
Intervention research for future HIV prevention: Design and implementation considerations, 31855
Interventions for adolescents, 31851
Interventions for commercial sex workers and their clients, 31859
Interventions for injecting drug users, 31849
Interventions for men who have sex with men, 31850
Interventions for workers away from their families, 31857
Mental health implications of new HIV treatments, 31142
Neuropsychiatry of human immunodeficiency virus infection, 24752
Perceptions of condoms and barriers to condom use along the Trans-Africa highway in Kenya, 9064
Postexposure prophylaxis: A community member's perspectives, 31148
Practical prevention issues, 31144
Promoting health in African American populations: A case study, 9087
Redefining categories of risk and identity: The appropriation of AIDS prevention information and constructions of risk, 8392
Reducing HIV risk behaviors of drug-involved women: Social, economic, medical, and legal constraints, 8393
Scapegoating and political discourse: Representative Robert Dornan's legislation of morality through HIV/AIDS, 8571
Stigma, secrecy, and isolation: The impact of HIV/AIDS on women in an Australian study, 8568
Supportive-expressive group therapy for cancer and HIV patients, 14933
Treatment adherence to HIV medications: The achilles heel of the new therapeutics, 31147
The use of psychosocial models for guiding the design and implementation of HIV prevention interventions: Translating theory into practice, 31862

Human Information Processes [See Cognitive Processes]

Human Information Storage—Serials

acquisition of knowledge of sublexical print & sound correspondences from reading experience, 6–7-yr-olds, 20525
activation of medial temporal lobe & hemispheric lateralization influences on meaning & novelty during memory encoding, 20119
age & cognitive status & encoding, word-stem completion priming, young vs old adults vs Alzheimer's disease patients, 8626
age, encoding & use of information in recall & recognition of remember- vs forget-cues & pictures in intentional forgetting task, 2–9 graders & college students , 874
aging, retrieval of orthographic knowledge, 17–23 vs 60–71 vs 73–88 yr olds, 6913
alcohol intoxication, selective effects on automatic & effortful memory, males (mean age 22.2 yrs), implications for neurobiology, 17113
application of H. Bergson's analysis of humor resulting from mechanical movement to depth perception & visual illusions & knowledge retrieval as components of information-processing model of mind, 26301
attentional & structural constraints on visual encoding & memory storage, college student Os, 32818
attentional encoding in perceptual implicit memory for previously attended & unattended words in word-stem completion or perceptual fluency tasks, college students, 16576
attitude structure & processing motivation, memory for attitude-relevant information, meta-analytic test of hypothesized congeniality effect, 6903
automatic & conscious processes for control of pre-encoded material in category production tasks, individuals with schizophrenia, 17897
avoidant encoding style & impaired memory for trauma cues, female survivors of childhood sexual abuse with vs without PTSD, 1712
biofeedback-entrained cortical polarization, positive vs negative slow-wave amplitudes in direct-memory retrieval of multiplication facts, adults, 3978
biological process oriented physiological phenomenological characterization of consciousness & information processing, 313
bodily asymmetries, saliency & retrieval & accessibility of spatial relationship information from spatial mental models, 19798
brain localization of phonological storage subsystem & A. D. Baddeley & G. Hitch's model of working memory, 36250
brand name's suggestiveness & decision task, brand information encoded & recalled, college students, 39026
changes in neural function & regional cerebral blood flow mediating differences in performance of verbal recognition tasks, 20–29 vs 62–79 yr olds, 13560
cognitive effort in encoding, recollective vs perceived known experience in recognition memory, college students, 10186
cognitive load & reduced mental control, depressive thinking thought suppression, depressive vs nondepressive vs at-risk college students, 8123
coherent motion detection & letter positioning performance in lexical decision & RT task, adults with good vs poor detection ability, 3428
color vs object advance information for German noun phrase, RT in initiation of articulation of noun phrase, college students, 16667
complexity of source passage encoding & amount of information about analogy in target passage & number of source passages, memory & inference for target passage, 19–77 yr olds, 10085
comprehension & mental representation when designing small software programs using procedural C vs object-oriented C++ programming languages, novice programmer college students, 29612
confabulation with preserved memory verification & impaired memory search abilities, 40 yr old female patient with brain damage, 24796
consciously controlled & automatic memory processing, memory impairment, adults with multiple sclerosis, 37906

context & novel/unlexicalized metaphorical vs literal vs dead/unlexicalized word use, semantic decision & retrieval time, college students, 29555
cross-modal naming, RT to & accessing & processing of & integration into implicit agent information in lexical representation of sentences with passive vs intransitive verbs, college students, 29580
cueing effects of relational vs item-specific information after enacted vs non-enacted encoding of short sentences, 17–41 yr olds, 23143
decoding vs acoustic analysis for acoustic differentiation of fear vs anger vs sadness vs joy in female voice, 18–35 yr old females, 23063
deep processing functions & blocking at encoding, enhancement of recollection of true vs false memories, college students, 10217
detection & retrieval of correctly vs incorrectly spelled words & repeated vs unrepeated misspelled letters, 17–23 vs 62–85 yr olds, implications for Note Structure theory of language processing, 13293
development of visuospatial & classification ability & mental representations of between spatial relationship, 6–7 mo-olds, 36760
diazepam, dual task performance & attentional resource depletion to explain memory impairment, 18–26 yr old college students, 4157
diazepam, proactive interference & list discrimination in temporal context encoding impairment, healthy adults, 4156
direct & indirect memory measures for assessment of advertising information processing, adults, conceptual framework for performance pattern interpretation , 6681
distinctiveness heuristic & suppression of false recognition in pictorial encoding, older vs younger adults, 10214
divided attention & time course, automatic & consciously controlled components of memory, young (mean age 20 yrs) vs old (mean age 73 yrs) adults, 19864
divided attention, encoding or retrieval on recall or task performance, males with alcoholic Korsakoff syndrome & patients with amnesias of varying etiologies, 18354
divided visual field & time course & context, lexical retrieval of semantic features of unambiguous nouns in cerebral hemispheres, college students, 23125
early occipito-parietal activity related to encoding & retrieval of verbal information, 19–30 yr olds, 33262
ease in recalling 3 vs 8 stereotyped traits, stereotypicality of subsequent judgment, male vs female college students with low vs intermediate vs high level of prejudice regarding women's sex roles, 20778
encoding & false recognition memory impairment, 54 yr old male patient with left frontal lobe damage, 24837
encoding of threat-related vs neutral words by naming color of word vs naming color & word vs reading words, implicit memory performance, high- vs low-trait anxious volunteers, 13357
equal cerebral hemispheric pictorial stimuli processing, role of hemispheres in semantic vs episodic memory, college students, test of Hierarchical Encoding/Retrieval Asymmetry model, 26634
ERPs during retrieval of new vs previously heard vs previously judged words from source memory, 18–26 yr olds, 13630
estrogen, hemisphere asymmetries & other aspects of brain activation patterns during encoding & storage & retrieval during verbal vs nonverbal working memory tasks, postmenopausal 33–61 yr olds, 17098
event-related brain potentials during recognition of ordinary & bizarre action phrases following verbal & subject-performed encoding conditions, college students, 23095
examination of maternal & child health rotation's learning environment from perspective of cognitive psychology & identification of cognitive demands placed on residents, 1st yr residents, 15747
exposure to disparaging humor about men or lawyers as target groups, changes in stereotype & attitude extremity & accessibility, male & female undergraduate students, 27390
false memory paradigm, categorical vs associative arrangement & representation in semantic lexicon, college students, 29538
genetic research & link between genes & intelligence & cognitive ability & information processing & brain functioning, 23287
gyral MEG response to silent reading of Kanji characters vs meaningless figures as measure of neural semantic processing, native speakers of Japanese vs German, 3866
HAL computational model for representations of famous vs ordinary proper names vs common nouns in common semantic space & relation to information storage & processing, 26385
iconic gesturing, lexical access & search for & retrieval of rare words in tip of the tongue phenomenon, college students, 10173
individual differences in ability to encode affective communications of sympathy & pride & seduction through facial expression & personality traits, 62 undergraduates, 20860
inferential processing vs lexical encoding of passive vs intransitive verb phrases within sentences, cognitive processing of implicit agency, adults, 29579
inquiry vs reflective instruction, acquisition & transfer of Logo computer programming knowledge, 2nd & 5th graders, 15878
insufficient activation or increased inhibition & common or separate lexicons, tip-of-the-tongue phenomenon, 20–35 yr old bilingual Farsi & English speakers, 16629
integration cost component & memory cost in sentence processing mechanism & available computational resources in Syntactic Prediction Locality Theory , 3542
interference with visual memory, college students, 32972
intuitions & assumptions about distribution of faces & location of typical face in Euclidean multi-dimensional 'face space' in human face processing , 3533
language encoding & partial activation of irrelevant lexicon & eye movements to distractor objects, bilingual speakers of English & Russian, 23152
learning retina encoder with tunable spatiotemporal functions & perception-based dialog in retinally implanted visual prosthesis, 29487
left–right orientation of face profile on coin, visual memory & mental imagery representation & object recognition, adults, 36264
lexical diffusion & phonological & etymological & grammatical change as support for connectionist model of mental lexicon & English word information storage, 30103
lexical retrieval of simple & morphologically complex words, 24 yr old with Broca's aphasia with severe agrammatic speech & phonological dyslexia, 28181
long vs short delays & blocking of trials, RT of retrieval from secondary memory in memory scanning task, college students, 13362
lorazepam, facilitation of & interference with retrieval of semantic items stored in explicit episodic memory, healthy 18–21 yr olds, 26769
manipulation of structural variables & density of connections among associates & concreteness of words, accuracy of cued recall performance, college students, 23132
mathematical model to characterize interactions in images as related to processes of image encoding by visual system, 32733
meaning-based vs form-based control of number agreement retrieval in speech, adults, 17150
mechanical dimensions of word priming processes in mental lexicon structure & retrieval & lexical access, 29552
memory aids & encoding limitations & retrieval failure in recall & recognition of child's vaccination, parents, 10 wk followup, 10199
memory conjunction errors, ERP & behavioral performance & neuropsychological data as evidence for faulty encoding vs retrieval, 21–39 vs 66–88 yr olds, 23151
mental lexica estimated by semantic associations with sound-related vs not-sound-related words as measure of verbal concept knowledge organization, deaf vs hearing college students, 28232
mental representation in terms of feature-based vs atomistic theories of lexical concept formation & classification, brain-injured patients with semantic deficits, 31209
mental rotation task with letters vs digits presented normally vs mirror-reversed, response preparation assessed by errors & RT & ERPs & lateralized readiness potential, adults, 3544
micro-language learning, knowledge & informed decisions in designing new languages, humans, 35793
Middle Age theories of stored mental representations of & cognitive processes in perceived objects or events, 150
model of hippocampal PET activations of episodic memory encoding & retrieval, 7069
model of physiological mechanisms used for recognition/coding of slow temporal patterns, 33208
morphemic activation & morphologically-based parsing & representational processing of ambiguous & novel English compound words, college students, 29578
morphological processing of visually presented Finnish words, college students, 17149
motoric vs semantic/control cues, motoric encoding of objects viewed in pictures & memory for pictures, Alzheimer's disease patients, 31240
naturally occurring & experimentally induced tip-of-the-tongue experiences, 18–24 vs 60–74 vs 80–92 yr olds, 30124
nature of phonological encoding during spoken word retrieval, college students, implication for 2-stage sequential model of encoding, 26411
nature of phonological encoding during spoken word retrieval, undergraduates, implications for 2-stage sequential model of encoding, 10143
network model of retinotopic coding & neural grouping in tilt illusion, 32505
network model of sequence processing & short-term information storage by cortico-basal ganglia-thalamic neural circuitry, 32487
neuroanatomical correlates of encoding & retrieval in episodic memory task, adult males, 7054
neuroanatomy associated with retrieval of semantic & episodic memories, 21–38 yr olds, 7094
nicotine, improvement in word recall & lexical association & role of effortful processing, 20–44 yr old minimally deprived smokers, 4259
nonlinear dendritic processing & object knowledge encoding & storage & retrieval in multimodular associative memory networks , 32493
noun syllabic structure & sublexical properties & priming paradigm, phonological encoding & word & picture naming, humans, 29595
noun's grammatical gender benefits as prime, reaccess to that information, college students, 36668
novel motion- & disparity-based visual stimuli with 2- vs 3-dimensional shape cues, matching 3-dimensional stored representations in object recognition task, human Ss, 32839
object recognition, 74 yr old patient who suffered major right hemisphere stroke, implications for global vs local object representation, 14984
objects learned at general vs specific level of categorization, visual encoding & perceived changes in objects, university students, 22993
obligatory encoding of spatial location of words during automatization, adults, 6912
organization of behaviors by Big Five personality traits in person memory, college students, 29629
organizational vs distinctive processing/encoding during cued recall & category production, college students, 26402
oscillatory short term memory buffer model to account for Sternberg human memory search data & serial position effects, 6910
passivity vs joystick use in virtual environment, spatial memory vs object memory vs object location memory, college students, 10178
past elemental or configural learning, coding of novel compound stimuli, undergraduates, 32980
patterns of brain activation during verbal episodic retrieval, 55–67 yr olds with Alzheimer's disease, 24778
perceptual interference, item-specific encoding, college students, 6915
perceptual vs semantic encoding attributes & speaking rate & fundamental frequency & voice, explicit word recognition, older vs younger adults, 29650
phonological & perceptual factors, short term olfactory coding & memory, 18–22 yr olds, 297
phonological encoding & word stress, 15–40 yr old stutterers vs nonstutterers, 27985
phonology & derivational morphology, novel word acceptability & associative processes & verbal memory cluster structure, college students, 29531
physiological characteristics of capacity constraints in working memory, 18–39 yr olds, 16902
prediction of retrieval in face matrix learning task, patients with right posterior vs right frontal brain lesions, 18437
prefrontal & medial temporal activation during word encoding, remembered vs forgotten experiences, Ss, 3938
prefrontal cortex activity in maintenance vs manipulation of information held in working memory, 19–32 yr old males, 36256
preposition acquisition & first usage & semantic representation, 1.5–3.5 yr-olds learning Bristol dialect of British English, 30186
priming & lemma access during anaphoric lexical access, incidental lexeme activation & reading errors, native English-speaking adults, 29598
priming & recollection & intentional retrieval, humans, 289
process & consequences of retrieval-induced forgetting in social cognition, college students, 30457
production of imagery & other strategies, assessment of deficits in associative memory, older (mean age 70 yrs) vs younger adults (mean age 19.8 yrs), 7596
properties of cortical areas for memory storage & processing for neural network model, 35802
qualitative vs quantitative problem representation, collaborative problem solving, 10th grade dyads, 15942
quanitification of dilute connectivity & storage function in neural network model of hippocampal associative memory, 32496
recall of object-specific actions & multi-step event sequences over 5 wks, 9 mo olds, 10762
recollection vs familiarity during word recognition task, ERPs, 22–34 yr olds , 19849
regular vs randomized sentences & nouns vs prepositions & assimilation in salience, recall, 18–22 yr olds, 23140

relationship between confabulation & source memory & executive functions, patients (mean age 74.7 yrs) with Alzheimer's disease, 24797
relevance of hierarchies to information processing of biology from hypertext, undergraduates, 13309
retrieval cues, odor sensitivity & identification, 64 vs 82 yr olds with vs without early Alzheimer's disease, 8641
role of contextual representation in online semantic interpretation of prenominal adjectives, college students, 26408
role of encoding & retrieval processes in producing gist-based false recognition to pictorial stimuli, old vs young adults, 19851
role of implicitly inferred information (mental models) from explicit stimulus information in explanation of conjunction effects & probability judgments, college students, 11146
role of rostral & caudal hippocampus & related medial temporal lobe structures in episodic memory encoding & retrieval, 26–36 yr olds, 20090
RT of mental rotation or memory scanning in single-task situations, college students, test of bottleneck theory of human information processing, 23096
self teaching of phonological vs orthographical presentations of pseudowords, accuracy of pseudoword recognition & spelling & naming, 7–8 yr olds, 10796
self-reported encoding strategy & facial recognition & general memory skills in eyewitness identifications, college students, 10127
semantic priming for new word associations & storage in semantic memory & perceptual identification during study vs lexical decision after study, college students, 32969
sequential computer simulation of phonology-syntax relationship in speech & tip-of-the-tongue states in human information storage, 32459
shallow vs deep encoding instructions, same-different discrimination task performance & negative priming, undergraduates, 183
simultaneous processing of multiple words & morphological properties of compound word mental representation & assumptions contained in interactive activation model of word recognition, 29532
speed of access to declarative memory & application & acquisition of procedural memory, 18–47 yr olds with closed head injuries, 15045
stimulus image information & object complexity & preferred intrinsic object representation, stimulus encoding & object recognition discrimination thresholds, adult Ss, 13170
stimulus onset asynchrony, visual encoding, college students, 19729
stimulus perception interference, recall for high- vs low-imageability words, undergraduates, test of compensatory-processing hypothesis, 285
storage & executive processes, frontal lobes , 16948
strategic vs nonstrategic learning, automatic & strategic retrieval of structure knowledge, college students, 13359
structural vs semantic knowledge for visual classification & recognition of biological objects, 75-yr-old male with category-specific visual agnosia, 28175
study time of words at encoding, degree of retrieval support during free recall vs recognition in episodic memory, 75–96 yr old Alzheimer's disease patients with vs without depression, 34624
surface orienting vs conceptual encoding, memory for subject performed vs standard verbal learning tasks, 36249
symbolic & representational processes & default inflection in pluralizing regular vs irregular vs novel masculine nouns, native Hebrew-speaking college students, 33541
text vs outline vs graphic organizer vs concept map word displays, spatial vs verbal format of representation in memory, college students, 6922
time delay & interference, encoding & recall of backgammon positions, 19–31 vs 58–65 yr old experienced backgammon players, 20528
top-down vs location-based visuospatial information inhibition in visual marking & cognitive mapping of & selective attention & reaction time to moving vs static stimuli, 18–33 yr olds, 32834
type of aphasia & level of abstraction & length of icon sequence, learning of iconic encoding in recall task, 56–75 yr olds with anterior vs posterior aphasias, 5305
universal development of emotion lexicon in the world's languages & uniformity of sequence of naming emotion categories across cultures, 27289
use specificity & cognitive skill representation, information transfer, college students, implications for production-system model of information processing, 6861
validity of Hemispheric Encoding/Retrieval Asymmetry model in short- & long-term memory, normal 18–30 yr olds, 26578
verb frequency & morphological transparency & inflection, word recognition & mental organization/representation, 14-50 yr old developmentally language impaired francophones, 30948
visual stimulation with negative priming paradigms, inhibitory processes in selective attention to location vs identity of probe, 6–12 vs 18–22 vs 60–86 yr olds, 36767
visuospatial encoding of movement patterns, college students, 32959
word frequency thresholds & effects of inflected whole word vs stem-cluster morphological components in representation & storage, college students, 29559
words & pictorial stimuli & analogous encoding & retrieval conditions over repeated trials, recognition vs recall hypermnesia, college students, test of alternative retrieval pathways hypothesis, 32965
words vs nonwords of short vs long spoken duration, pauses & speed of memory search & trace redintegration processes in verbal memory span, college students, 10104
working memory limitations, reading rate for effective prose recall, college students &/vs older adults, 36226

Human Information Storage—Books

At play in the fields of consciousness: Essays in honor of Jerome L. Singer, 13376
Dynamic memory revisited, 36280
Essentials of human memory, 23156
Memory, 19872

Human Information Storage—Chapters

Children's understanding of complex stories: Issues of representation and assessment, 33636
Emotion and memory: Implications for self-report, 36105
The memories of states: How the brain stores and retrieves traumatic experience, 24357
A model of bilingual representation and its implications for second language acquisition, 827
Modes of conscious representation and their exploration through psychotherapy, 13377
Opioid modulation of ventral pallidal inputs, 26877
Remembering what happened: Memory errors and survey reports, 36114
The role of decoding in learning to read, 15912
The role of gesture and mimetic representation in making language the province of speech, 33567
The role of metacognitive processes in the regulation of memory performance, 3606
Storage and reproduction of music, 16623
Stroop interference in bilinguals: The role of similarity between the two languages, 260
Temporal representation and event dating, 36102

Human Machine Systems—Serials

application & prototype of ecological interface design in aviation engineering systems status displays, 39046
behavioral issues in use of interactive computers, general users, 35735
cognitive psychology perspective on formal analysis of user complexity of interactive systems, 35787
cognitive systems & cognitive system engineering in human machine systems, 35786
control systems simulated model of kinesthetically & visually controlled arm movement, 29207
development of task-complete activity-oriented user interfaces, front-line tasks & user characteristics, 35745
human error & information systems failure in case of London ambulance service computer aided despatch system, 35777
in-car tutoring system to indicate deviation from normative driving behavior, law-abiding driving behavior, 30–45- vs 60–75-yr-olds, 12972
incorporation of guidance function into flight management systems & operational procedure model of vertical guidance in flight automation, 26013
incorporation of stimulus-driven & brain-driven conventional behavioral models & inclusion of characteristics of organism's surroundings in perceptual control theory-based model, 29202
individualization of user models in computer systems, 35791
influence of escalators on perception of speed & social relations & communication, Hong Kong, 20690
information requirements for use of automated diagnostic systems for prediction & mitigation of in-flight mechanical system emergencies, air crew personnel, 26006
integration of speech & camera control in message transfer TV conferencing, college students, 9695
integration of users into engineering functional design for reliable human–machine systems, 39039
Layered Protocol Theory & Perceptual Control Theory concepts & use in analysis & design of human-machine interfaces, 29204
Layered Protocol Theory & Perceptual Control Theory processes applied to General Protocol Grammar dialogue, 29209

levels of automation & degree of human vs computer control, human/system performance & situated awareness & workload in computer-based cognitive control task, undergraduate students, 12994
linguistic synthesis with fuzzy logic controller to convert heuristic control rules stated by human operator, 35800
micro-language learning, knowledge & informed decisions in designing new languages, humans, 35793
mode confusion & error during interaction with automated flight control systems & modeling language for specification of complex control systems, pilots, 26007
perceptions of ADHD & conduct & oppositional & learning disorders in development of computer-based teacher training system, novice or experienced special educators & special school head teachers, 9397
perceptual control theory-based computer model of collective behavior, 29210
PERCOLATe procedure for perceptual control theory-based task analysis, 29206
social context & classification & analysis of human error in computer supported cooperative work environments, 35746
system performance & driver opinion of in-vehicle advanced traveler information systems vs written instructions, 19–80 yr olds, 29229
taxonomy of error types for failure analysis & risk assessment of human-computer systems, 9694
usability & usefulness of software user coach for SKIPPER program & visual metaphor, performance on manpower-planning task, users, 19487
ZOG system in human machine communication, 35792

Human Machine Systems—Books

Advances in neural information processing systems 11: Proceedings of the 1998 conference, 29238
Generating natural language descriptions with integrated text and examples, 9710
Human performance and ergonomics, 22723
Human/technology interaction in complex systems, Vol. 9, 22763
Neural networks, 16257

Human Machine Systems—Chapters

Aerospace psychology, 22752
Beyond error: The language of coordination and stability, 22725
Cognition in human–machine systems: Experiential and environmental aspects of adaptation, 22726

Human Machine Systems Design—Serials

application & prototype of ecological interface design in aviation engineering systems status displays, 39046
application of cognitive ergonomics framework to control room design of advanced technologies, 16221
cognitive systems & cognitive system engineering in human machine systems, 35786
concept & human-computer design applications of perceptual control theory, 29208
design & development of CLUE system for evaluation of computer network-based learning courseware, 35478
design & use of VRUSE questionnaire in evaluation of attitudes & perceptions of virtual reality system usage & interface, 12950
design repository & supporting tool environment in integration of accessibility guidelines into user interface development, people with disabilities, 37215
design requirements in user interface modeling as complement to use case modeling in system development , 19460
determination of problem domain categories in requirements engineering programs, software engineers, 3186
development & porting of stochastic vs rule-based component for natural language understanding in human–machine communication, 3205
developments & problems in computer based emergency operating procedures & framework for usability specification in systems emergencies, 35741
dialogue constraints in home banking application, overall transaction time, models, 12947
evaluation of ergonomic criteria in design negotiation requirements & management for large-scale engineering projects, engineering designers, 19467
experiences & views of different forms of user participation in system development, computer consultants to different sized companies, 39037
experientialism & metaphors, conceptual formation & development of interactive systems, 32433
formal organization vs designer perceptions & ergonomics criteria in design requirements for & management of human factors in large-scale projects, personnel in engineer design companies, 19466
framework for human computer interaction design in support of instruction in qualitative reasoning, medical students, 9440
guidelines on user-interface design for self service & public information kiosk systems , 19465
human computer interaction schema & method for classifying claims for reuse in interaction systems design, 19488

integration of users into engineering functional design for reliable human–machine systems, 39039
interface design assessment approach & depth of processing, pressurized water reactor operating situation, 22721
Layered Protocol Theory & Perceptual Control Theory concepts & use in analysis & design of human-machine interfaces, 29204
Layered Protocol Theory & Perceptual Control Theory processes applied to General Protocol Grammar dialogue, 29209
modern glass aircraft cockpit functional interface design for improvement of human performance in high technology & automation usage, 39048
modular or contextual knowledge representation analysis & integrated instructional design theory & methodology for information analysis & goals for automated instructional systems, 19484
multiagent simulation tool for modeling activities of groups in different locations & physical environment of objects & documents & computer systems, employees, 9712
numerical computerized model for evaluation of layout of graphical user interface screens, search time & screen preferences, computer users, 9697
participation in & usability of virtual environments & applied ergonomics & design, adults, 12955
perceptual control theory analysis of user behaviors & facilitating computer interfaces, novice users, 29205
physical ergonomics & awareness of problems in design for virtual reality usage, users with head-mounted displays & hand-held input devices, 12953
social & organizational analysis of human factors & error in requirements engineering, 35748
statistical methods for defining user groups & organizing information in computerized public access systems, college students & administrative staff & teachers , 35747
training & analysis of use of Programmable User Model Instruction Language for description & analysis of interface designs, human–computer interaction students & software engineers, 3182
understand ability of software languages in development of interactive computer systems support, 32434
use of financial information system & expert vs novice performance on system subsets & potential for system design, financial dealers, 6426
use of learner centered design in educational computing systems, 9507
user participation & developer interaction in task-based & cooperative software design & analysis, adults, 32436
vergence & accommodation demands in development of visual systems & exposure to virtual reality & stereo displays, adults & children, implications for visual problems, 12954

Human Machine Systems Design—Books

Cognitive work analysis: Toward safe, productive, and healthy computer-based work, 19485
Human/technology interaction in complex systems, Vol. 9, 22763
The invisible computer: Why good products can fail, the personal computer is so complex, and information appliances are the solution, 6413

Human Machine Systems Design—Chapters

Activity theory, transformation of work, and information systems design, 12778
Developing and evaluating conversational agents, 22759
Enhancing human performance in technology-rich environments: Guidelines for scenario-based training, 22737
Ergonomics, 3134
Human-centered automation for air traffic control: The very idea, 22739
Human–computer interaction: The psychology of augmented human behavior, 22724
Implications of decision-making research for decision support and displays, 3163
Modeling human performance during system design, 22735
Scaling problems in the design of work spaces for human use, 22741
User-oriented design analysis of a virtual environment training system, 22734

Human Males [See Also Brothers, Fathers, Husbands, Male Criminals, Male Delinquents, Sons, Widowers]—Serials

abortion attitudes & view of abortion as female issue, level of male involvement in abortion decisions, college students, 11059
acoustic correlates of glottal vibratory patterns in speech, male 19–71 yr olds, 33550
adolescent background & self concept & adult achievement, personal sense of mastery, 27–31 yr old African American males followed from ages 14–18 yrs , 17359
African-centered group intervention to help African American men cope with stress of societal racism & oppression, 18595
aggression, perceptions of acquaintance rape, 17–24 yr old males, 24468
alcohol & drug abuse & dependence & mental disorders, 18–68 yr old homeless males, Germany, 18042
analysis of interactive decision making factors considered during games, male coaches of youth ice hockey, 13278
behavioral group approaches to sex therapy focusing on interpersonal &/vs sexual problems, sexually dysfunctional single males, comment, 9003
changes in sexual behavior, cohort of HIV+ & HIV- males who use injection drugs, 4 yr study, 21306
childhood exposure to parental dyadic aggression & unskilled parenting, aggression toward female partners in young adulthood, at-risk males, 833
chronic hypoxia, psychomotor skills, experienced male climbers (age 24–37 yrs), 36199
cigarette smoking, natural killer cytotoxic activity, depressed adult males, 21086
cigarette smoking, natural killer cytotoxic activity, depressed adult males, commentary, 21087
cluster analysis of masculinity ideology, male college students, 1172
cognitive behavioral self-help manual, 23 yr old male with atypical anorexia nervosa, 28325
cognitive-behavioral hostility-reduction intervention, hostility & resting BP, adult male coronary heart disease patients, 2 mo followup, 24764
common personality traits using the NEO-Personality Inventory, males with spinal cord injuries, 35907
comorbid tic disorders, disorder course & outcome, 6–17 yr old males with ADHD, 4-yr follow-up, 34441
coping skills & needs & role development & task provision & utilization of & gaps in services, 33–70 yr old male caregivers of females with Alzheimer's disease, 38547
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, 8266
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, commentary, 24456
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, commentary, 24454
definition & prevalence & correlates & sequelae & management, sexual abuse, males under 19 yrs old, commentary reply, 24427
dextroamphetamine, suppression of P50 component of auditory ERP, 21–36 yr old healthy males, implications for pathophysiology in schizophrenia, 36582
discourse analysis of perpetrator gender in accounts of male violence against females in professional & popular literature , 11554
effectiveness & acceptability of occupational therapy guidelines to alleviate gender role strain, 27–48 yr old males with traumatic brain injury, 12550
effectiveness of psychotherapy for male sexual dysfunction, 24998
examined whether from January 1982–January 1983 men left feminizing occupations, 16126
experience of emotional & physical abuse in heterosexual dating relationships & psychological distress, 18–50 yr old undergraduate males, 8290
experiences of grief, 17–56 yr old males whose partners miscarried, 18278
factor structure of Index of Sexual Narcissism & it's composite & subscale scores relation to other various sexual constructs, 18–22 yr old males, 35971
factor structure of Male Role Norms Scale, male college students, 4769
factors influencing testicular self-examination practices & knowledge of testicular cancer, 18–25 yr old male university students, 28094
factors involved in frequency of condom use, 15–49 yr old males, 14207
familiarity & attitudes toward female condom, heterosexual 18–38 yr old males, 17528
family & school behaviors & presence of conduct disorder, 13–17 yr old Black males with vs without biological father absence, implications for prevention & school counseling, 37503
family of origin aggression & aggression across relationship types, 17–23+ yr old males, 30490
first hospital admission rates, 15–65 yr old males with schizophrenia or affective disorders or paranoid states or non-organic psychoses, Scotland, 1980–1995, 30606
frequency of nonparaphilic hypersexual behaviors, males with sexual impulsivity disorder (mean age 36.8 yrs), 37760
frontal lobe deficits as measured by neuropsychological tests, men who commit domestic violence, 11517
gender-based stereotyping of males as hypoemotional, counselors & counselors in training & college students, 36998
health & labor force exit & reentry, 55–69 yr old males, 38942
hegemonic masculinity & gender role changes & advance of women in psychological & sociopolitical approach to crisis in male mental health, 4648
HIV risk behaviors, transsexual vs non-transsexual male inmates, 11842
impact of arrest on job stability, young White males, US, longitudinal study , 1827
incorporating gender role strain perspective in assessing & treating cognitive distortions, men, 25052
interpersonal psychotherapy with men who experience gender role conflict, 12032
involvement in extramarital sexual relations & social rank & social norms, related attitudes & behavior, 51 yr old men, 30367
learning styles & personality types, African American male high school vs college students & 6th vs 11th graders & Black vs White male high school students, implications for science education, 19303
lipid levels & age & drug use & exercise & obesity, emotional distress, male 18–24 yr old college students, 29967
male therapists gender role conflict & client's sexual orientation & emotional expression, clinical judgments about male clients, 33–87 yr old male therapists, 9369
marital status & perception of ideal family size, Francophone males, Niger & Burkina Faso & Senegal, implications for survey methodology, 11019
masculinity & hegemony & negative stereotypes, Chinese American males (aged from mid 20s–mid 40s), 36996
maternal smoking during pregnancy & risk of criminal behavior among adult male offspring, Northern Finland, 1966 birth cohort, 24568
MCMI-III, extent & nature of psychopathology, male batterers (mean age 32 yrs), 13064
MCMI-III, extent & nature of psychopathology, male batterers (mean age 32 yrs), erratum, 35939
measure & cognitive processing aspects of sexual self-schemas, male undergraduates & 27–77 yr olds, 14291
Men's Advice Network for working class unemployed men experiencing psychological distress, England, 22181
model & typology of & sociocultural influences on bisexuality, bisexual males, 4681
mood & emotions, ambulatory BP, normotensive or borderline hypertensive male 18–25 yr olds, 20238
mutuality & reciprocity & accommodation in relationships, abusive males & their female partners in therapy for psychological abuse, 28350
perceptions of community resources & constraints, 11–15 yr old African American males, 3- & 5-yr followup , 35226
personal experience & professional perspectives on impact of disability on sexuality, males, 21005
perspectives on social forces & health beliefs in & perceived barriers to & patterns of male health-seeking behavior, 39–64 yr old family physicians, 12346
physical attractiveness, time spent with family or kin & in reproductive strategies, 18–75 yr old males, 14337
potentially harmful drinking as measured by Alcohol Use Disorders Identification Test, 16–17 vs 18–21 vs 22–24 yr old males, 37563
prolonged unemployment early in working life, later health & socioeconomic circumstances, 33 yr old men, Great Britain, 22581
psychiatric comorbidity, hospitalized male veterans with anorexia nervosa or bulimia or eating disorders not otherwise specified, 18191
psycho-discursive practices & strategies involved in negotiating & constructing hegemonic masculinity, 20–64 yr old males, 33822
psychological & pharmacological effects of alcohol, ability of sexually coercive & noncoercive Ss to discriminate when female wants partner to stop sexual advances, 21–29 yr old male college students, 21253
psychosocial variables & sexual & drug risk behavior, HIV positive vs negative African vs European American male partners of HIV positive females, 28071
pubertal timing & self-reported delinquency, 13.9–15.1 yr old males, 18115
rates of identification & treatment of mental disorders, unconvicted male remand prisoners, 9281
reproduction in mental health practice of social construction & representation of Black male Otherness vs White male ideal self, mental health professionals & patients & carers & students & lecturers , 17473
respondent conditioning using sexually explicit vs neutral stimuli, sexual arousal, implications for behavior therapy strategies, 18–20 yr old males, 15200
responses to care given by male student nurses during & after birth, 20–40 yr old mothers, 18924
self & peer perceptions of dyadic interactions, aggressive vs nonaggressive 4th & 7th grade males, 4483
serum testosterone level & criminal behavior, male patients with schizophrenia or personality disorders, 30632
serum total cholesterol & depression & suicide, 50–69 yr old males, 5–8 yr study, 34046
sexual assault of males in late adolescence, implications for school counselors & secondary education professionals, 8268

sexual behavior & behavior problems, 5–11 yr old males at risk for conduct disorder, 15 mo followup, 18005
sexuality & social attitudes as correlates of perceived erotic value of & attitudes toward lesbianism, 17–33 yr old heterosexual college males, 30369
short & long term effectiveness of theoretically driven rape prevention intervention, male 18–29 yr old college students, 8264
sildenafil with or without behavioral therapy, 46 & 54 yr old males with erectile dysfunction, 37973
testosterone level, health risk behavior & indicators of disease & overall health, males in the military who served vs did not serve in Vietnam, 1965–71, 14385
testosterone levels, performance on spatial tasks, males (mean age 22.42 yrs), 36461
traditional vs intermediate vs liberal orientations toward marriage & family roles, adult males, 27187
treatment program for men who batter their female partners, Latin America, 11965
vocational interests, middle aged males with traumatic spinal cord injury, 18411

Human Males [See Also Brothers, Fathers, Husbands, Male Criminals, Male Delinquents, Sons, Widowers]—Chapters

Abused boys and adolescents: Out of the shadows, 34323
Counseling African American male youth, 34847
Counseling anxious male youth, 34235
Counseling depressed boys, 34137
Counseling substance-abusing young males, 34393
Counseling the juvenile offender, 34419
Cultural competence: The key to working with African-American adolescent males, 14432
A cultural critique of current practices of male adolescent identity formation, 33604
Friendship patterns among urban adolescent boys: A qualitative account, 22991
Growing up male: The development of mature masculinity, 33602
Helping mentally retarded boys and their families, 34484
Hispanic American boys and adolescent males, 34831
Male career development in the formative years, 33596
Multiple risk factors for multiproblem boys: Co-occurrence of delinquency, substance use, attention deficit, conduct problems, physical aggression, covert behavior, depressed mood, and shy/withdrawn behavior, 5065
Promoting life skills for adolescent males through sport, 33686
A shifting standards perspective on the complexity of gender stereotypes and gender stereotyping, 1177
Therapeutic issues and strategies in group therapy with older men, 31574

Human Mate Selection—Serials

acquisition of new sex partners & concurrency in mathematical models for prediction of spread of sexually transmitted disease , 5250
age preferences in mate selection, couples applying for marriage, 17479
conceptions of ideal mate & allowance for deviations from ideal in potential partners, male vs female college students (mean age 18.9 yrs), 7856
contextual & procedural determinants of partner selection, college students, 30465
educational equality & reproductive freedom, preference for resource-acquisition characteristics in mates, males vs females, 30408
evolutionary environment vs contemporary social structure, sex role differences & mate selection preferences, adults, reanalysis of cross cultural research, 20828
Freud's Oedipus complex vs Westermarck hypothesis & role of sociobiological evidence in incest & male sexual selection & mate choice, 30551
in-class simulation to experience matching phenomenon & issues of mate selection & social exchange & related psychological concepts, students, 22434
perception of nice guys & dating preferences & sociosexual orientation, 18–25 yrs old females , 37017
physical attractiveness &/or social dominance of same-sex individual, self-assessment of desirability in mate selection, male vs female college students, 33887
physical symmetry & degree of sociosexual orientation restriction, competition tactics for attainment of date with attractive opposite-sex interviewer, adult heterosexual males vs females, 11074
preference for dating hypothetical male described as dominant vs nondominant vs no description, female college students , 30397
relationship vs partner ideals in romantic relationships, college students, application of social–cognitive & evolutionary perspectives, 11115
withholding age in personal advertisements for mate, females vs males, 14249

Human Mate Selection—Books

Entrancing relationships: Exploring the hypnotic framework of addictive relationships, 30425

Human Mate Selection—Chapters

Sex and mating: Sexual strategies, trade-offs, and strategic pluralism, 10750
Social influences on human assortative mating, 33914

Human Migration [See Also Refugees]—Serials

acculturation strategies & cognitive performance, 7–12 yr old first vs second generation migrant children, Netherlands, 30140
behavioral inconsistencies in migration & mobility decision-making based on social psychological theories of human behavior, US, 1985–89, 23951
consequences of migration & transnational community formation for communities & ethnic identity, Japanese Peruvians, US & Japan & Peru, 20704
coping behavior & marital quality, married couples living under threat of forced relocation, Golan Heights, 17491
critical examination of biopsychosocial paradigm of travelling psychosis, migrant workers, Peoples Republic of China, 1602
cultural mapping & parenting practices, recent African migrant families, 23889
dynamic model of & state variables & environmental parameters related to dispersal in land-based economy, human males, 30529
ecofeminist perspective on global migration & health, implications for nursing, 9125
expansion of storefront church ministry as ethnic niche in urban North communities during Great Migration from South, African Americans, 1099
functional differentiation & migration & risks of exclusion in nation-state segmentation of political system, evolution of citizenship, 7711
generational & migration-related changes in gender & marriage, 15–50 yr old females & their sisters or sisters-in-law from Mexican transnational community, Mexico & US, 20699
interrelationship between family & decision to migrate for labor & better economics, child domestic workers, Manila , 10728
logit model analysis of Mexico-to-US & US-to-Mexico migration, Mexican immigrants, 17 yr study, 20706
migration & ethnicity & environment, HIV risk factors, sexually active 16–72 yr old females living in bateyes, Dominican Republic, 1970
migration, wanting &/vs owning manufactured products & necessities & consumerism, nonmigrant kin of migrants or returned migrants, Turkey, 32420
predictors of self-rated adjustment & psychiatric morbidity, 15+ yr old recent Chinese migrants, New Zealand, 13989
regional migration & origin, religiosity, adults, 4583
relocation, social & emotional & academic functioning, elementary & high school students from military families, 25826
residential instability & emotionality & family conflict, behavior problems & depression & peer & cognitive competence & quality of sibling relations, 2.7–5.6 yr olds in Head Start & older siblings, 36963
role of social identity & integration & health attitudes & coping behavior, suicide, Irish migrants in Great Britain, 30821
transborder experiences & grassroots political strategies & activism, indigenous migrant workers from state of Oaxaca, Mexico & US, 20683
urban black family patterns, contextual conditions of metropolitan level distress, 0–14 yr olds in southern migrant vs northern born families, 11021
village formation in frontier area & village political unit & role of economic & political factors in intrarural migration & outsider acceptance, migrating farmers, Mexico, 20688

Human Migration [See Also Refugees]—Books

American odyssey: Letters and journals 1940–1947, 22316
Crime and immigrant youth, 21381

Human Migration [See Also Refugees]—Chapters

Population growth and international migration at the end of the 20th century, 27126
When surveys fail: An alternative for data collection, 36107

Human Nature—Serials

ideal free distribution theory of animal behavioral ecology applied to empirical study of human competition for money, adults , 16455
interplay of science & stories in the study of humans, 16288
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1460
theoretical approach to concept of mental illness based on Aristotle's human function argument, 1470
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1455
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary reply, 1469
theoretical approach to concept of mental illness based on Aristotle's human function argument, commentary, 1484

Human Nature—Books

Death, hope and sex: Steps to an evolutionary ecology of mind and morality, 35842
Revealing the secrets of the human life: New knowledge for new millennium, 33740
A sociobiology compendium: Aphorisms, sayings, asides, 3814
Three seductive ideas, 802

Human Nature—Chapters

Motives, 1293
Neonatal imitation: Existence, mechanisms and motives, 17199
On the affective nature of human nature: A neurobiologist's reflections, 35843
One hundred years of rationality assumptions in social psychology, 23963
Psychological approaches to mental illness, 17800
Social cognitive theory of personality, 17711

Human Potential Movement [See Also Assertiveness Training, Consciousness Raising Groups, Encounter Group Therapy, Gestalt Therapy, Sensitivity Training, Transactional Analysis]—Serials

process protocols & leadership skills & member preparation & stages of small group dream work, 18634
use of dream work in personal growth groups, graduate counseling students, 18636

Human Potential Movement [See Also Assertiveness Training, Consciousness Raising Groups, Encounter Group Therapy, Gestalt Therapy, Sensitivity Training, Transactional Analysis]—Books

The place of confluent education in the human potential movement: A historical perspective, 6036

Human Resources [See Personnel Management]

Human Rights [See Also Civil Rights]—Serials

advocates & sceptics & personalists & governmentalists & human rights attitudes & shared meaning system regarding the 30 Articles of the Universal Declaration of Human Rights, students in 35 countries, 10946
children's & parents' individual rights in context of societal expectations & societal role of parenthood, 27207
commonalities between human rights & psychotherapy, 31420
culturally appropriate psychological interventions & universal rights of children as dilemmas in United Nation's Impact of Armed Conflict on Children study, 8714
economic & other bases of population overgrowth & need for restriction of reproductive rights vs subsistence rights, 35758
enablement as key element of Ottawa Charter on Health Promotion & UN International Convention on Rights of the Child & as core element of child-health promotion programs, 12353
ethical & human rights issues in mental health research & recommendations of National Bioethics Advisory Commission, 22373
evolving role of physicians in humanitarian relief activities & mental health effects of war & recent documentation of health consequences of human rights violations, 32157
findings & implications of United Nation's study on Impact of Armed Conflict on Children within framework of children's human rights, 9740
human rights perspective on domestic violence, Latinos, 21258
interdisciplinary social academic movement to monitor & improve policy & promote cultural understanding of & improve safety & welfare & health, children, 14109
issues in protecting the rights & welfare of human research subjects, 36077
legal protection in psychiatry through jurisprudence of European Commission of Human Rights, 3227
offspring perspective on psychosocial & human rights & ethical aspects of medically-assisted birth of orphans planned by individuals whose spouse died prior to conception, 32158
physical & mental health & war-related trauma & human rights concerns & conditions & attitudes toward women's human rights, 17–70 yr old females, Afghanistan, commentary reply, 14198
physical & mental health & war-related trauma & human rights concerns & conditions & attitudes toward women's human rights, 17–70 yr old females, Afghanistan, commentary, 14203
prosecution of gender-related crimes in Rwanda, 9722
regime change & human rights violations & state repression & level of democracy, 137 countries, 33-yr study, 11052

Human Rights [See Also Civil Rights]—Books

Sexual abuse of children: A human rights perspective, 39084

Human Rights [See Also Civil Rights]—Chapters

Drug abuse and the law: Prosecution or persecution?, 18095
The moral imperative to suicide, 11595
The natural logic of rights and obligations, 26423
Trauma of world policing: Peacekeeping duties, 29292

Human Sex Differences [See Also Sex Linked Developmental Differences]—Serials
test–retest reliability, assessment of perceived health, male vs female 30–64 vs 65–74 vs over 75 yr olds, 22020
absence of visual & auditory P300 reduction, male vs female alcoholics with vs without depression, 37566
acceptance & attributions of male vs female lonely vs nonlonely target, self-concept, lonely vs nonlonely college students, 17672
accounts of gender equity project in high school science class, 2852
acculturation, illicit drug use, male vs female Mexican-origin 18–59 yr olds living in urban vs rural California, 8384
accuracy & efficacy of academic factors & peer rejection & aggression & withdrawal & other social factors as predictors of adolescent antisocial behaviors, male vs female 3rd–5th graders, 7 yr study, 34288
accuracy of academic gender stereotypes, male vs female college students, 30353
achievement goal orientations & attributional style & well-being & persistence following failure, male vs female 7–12 yr olds with ADHD, 27917
acoustic qualities of sex & individual identity in running speech, male vs female speakers, 33540
ADHD & conduct disorder & gender, substance use & abuse, 17-yr-old twins & their mothers, 37626
admission to residential therapeutic communities, HIV risk behaviors, male vs female adolescent drug abusers, 32037
Adolescent-School Problems (A-Sch) vs WISC-III subtests & Immaturity (IMM) scale of MMPI-A vs WISC-III subtests & A-Sch vs IMM, prediction of cognitive & academic performance of males vs females, 16376
adoption vs genetic link to mother only through artificial insemination, target child evaluation & attributions, male vs female college students, 17680
adult religiosity, longevity & physical health & health behaviors & psychological well being & SES & social support, male vs female Ss from LA. M. Terman's 70-yr Life Cycle Study, 28562
affective reactions after vs toward risky single-occasion drinking, 18–54 yr old male vs female undergraduates, 2 wk followup, 30378
age & education & gender corrected scores, ability of Halstead-Reitan Neuropsychological Battery to differentiate participants, 37–44 yr olds with brain lesions, implications for scoring, 102
age & ethnicity & gender & education level, awareness & knowledge of physical activity & health report, adults, 31833
age & ethnicity & sex & SES & experience of living with interstitial cystitis, adults, 21475
age & gender & education level norms for Mini Mental State Examination, 20–79 yr olds, 27520
age & gender & group acceptance & friendship interactions & communication & perceptions, 8–10 yr old vs 11–13 yr old girl/girl vs boy/boy dyads, 36819
age & gender & race & type of abuse or neglect,0–7 yr old victims of abuse, 1990–96, 37491
age & gender & social class & GPA, generationally distinguishing values & goals & importance of life domains, male vs female & White vs non-White college students ages 18–25 yrs, 14003
age & gender & topic, use of color in drawings as indication of emotional response, 4–14 yr old mental health outpatients, 38357
age & gender differences in social relations conceptualized as social network & support & relational strain, 25 vs 50 vs 60 vs 70 yr olds, Denmark, 17332
age & gender, experience & consequences of life stress, 8–12 vs 13–18 yr olds, 23783
age & gender, preventive health behaviors & risk taking, adults 18–55 yr old & older, 31829
age & occupation & religious & cultural affiliations & traditions & sex, second sight & other psychic experiences, 18–96 yr olds, Scotland &/vs Australia & England & Israel & US & Wales, 29670
age & self-reported vs observed behaviors & type of risk taking behavior, males vs females, meta analysis, 17324
age & serum alpha-1-acid glycoprotein concentrations, 18–87 yr old male vs female inpatients with unipolar major depression or bipolar disorder, 37340
age & sex & ability, prediction of individual differences in memory changes, 28–36 vs 55–87 yr olds, 16 yr study, 6925
age & sex & academic achievement, self concept of academic ability, 13–17 yr olds, 6210
age & sex & Black vs White vs Hispanic vs other ethnicity, drinking & driving risks, 12–80 yr olds, 8356
age & sex & chronotype, sleep–wake habits, under 24–over 55 yr olds, 4063
age & sex & computer experience as correlates of computer anxiety, high school students to older Ss, 27360
age & sex & education & ethnicity & marital status & apolipoprotein E genotype & memory complaints, risk for depressive symptoms, non-demented community-dwelling elderly (mean age 75.2 yrs), 30667
age & sex & grade level & demographic characteristics & bullying, primary & secondary school pupils, 28980
age & sex & hypnotizability & interrogative suggestibility & dissociation & compliance & self-reported psychological distress & personality traits, early memory reports, college students, 36265
age & sex & marital status continuity vs change & psychological well-being, 19–65 yr olds, 1987–93, 1124
age & sex & organizational tenure, quality of leader–member exchanges & work attitudes & well-being, 21–60 yr old academic institution administrative employees, 25903
age & sex & parental involvement, perceived distance from & involvement with God & God's gender & involvement in problematic situations, 4–10 yr olds, 33652
age & sex & teaching programs, changes in phonological & visual memory, kindergarten students, 7 yr study, 22430
age & sex in development of temporal & acoustic changes during speech development, 5–17 yr olds vs adults , 13944
age & sex of child, correlations between siblings & mothers & their offspring for cardiovascular disease risk, 2–15 yr old siblings & their 22–51 yr old mothers, 18331
age & sex specific characteristics such as alcoholism & depression & violence, 16–77 yr olds with schizophrenia who committed suicide, Finland, commentary reply, 1699
age & sex specific characteristics such as alcoholism & depression & violence, 16–77 yr olds with schizophrenia who committed suicide, Finland, commentary, 1738
age & sex, Dutch version of Harter's Self-Perception Profile for Children, 4th & 5th & 6th graders, 3304
age & sex, effects of socioeconomic & psychological resources on physical & mental health, 18–84 yr old Israelis, 10737
age & sex, general sense of control over life & rehearsal of negative emotions & emotional inhibition & aggression & impulsiveness aspects of emotional control, 19–92 yr olds, 30234
age & sex, judgment of importance & satisfaction of & wrongfulness of not helping & sacrificing for distant & close others, 12–23 yr olds, 936
age & sex, level of savings for retirement & number of savings vehicles utilized, adults, 7600
age & sex, morphology of corpus callosum, children & adolescents, longitudinal study, 23651
age & sex, performance on phonetically cued word fluency task, 18–81 yr olds, 6843
age & sex, pharmacokinetics of desipramine, 6–17 yr old patients, 12157
age & sex, psychological distress ratings, 17–93 yr old Russian-born immigrants to Israel, 14139
age & sex, risk factors for suicide attempts, rural adults, Spain, 30930
age & sex, symptomatology & comorbidity of generalized anxiety disorder, clinically referred 7–18 yr olds, 21180
age & sex, thanking behavior in retail service encounters, Caucasian vs African American service personnel & customers, 37074
age & sex, time spent TV viewing vs in other activities, cohorts of 2–5 & 4–7 yr olds, 3 yr study, 23655
age differences & stimulus sex, empathic response, male vs female 13–16 yr olds, 951
age vs sex vs education level during verbal vs nonverbal task, error patterns on verbal & rule induction tasks, 54–89 yr olds, 13291
age, change in prediction ability in ball catching, male vs female 5–12 yr olds with vs without developmental coordination disorder, 1855
age, comorbidity differences in ADHD subtypes & oppositional behavior & conduct & affective disorders, male vs female 3–18 yr olds, 24594
age, incidence of fractures, male vs female children and adults with intellectual disability with vs without epilepsy, 1880
age, setting-specific prevalence variations in psychotropic treatment with desipramine vs imipramine vs methylphenidate, 5–14 yr old male vs female Medicaid vs HMO enrollees, 8965
age-18 dysphoric symptoms, emotional distress & psychological adjustment, 23 yr old males vs females, 1518
agency & communion & cardiovascular reactivity during marital interaction, husbands vs wives, 1132
alcohol & drug use & use of emergency room vs primary care services, male vs female Black vs Hispanic vs White respondents, 31870
alcohol dehydrogenase genotypes, self-reported alcohol consumption & symptoms of alcohol dependence, male vs female 18–34 yr olds, 15 yr study, 1809
alcohol drinking patterns & serum carbohydrate-deficient transferrin & gamma-glutamyl transferase levels, male vs female adults evaluated 1 yr after alcoholism treatment, 1756
alcohol expectancies & social anxiety & stress, alcohol consumption, male vs female college students, 20805
alcohol intoxication & sensation seeking, gambling choices as measure of preference reversal effect, male vs female social drinkers, 30485
alcoholism and other maladaptive behavior tendencies, male vs female athletes vs nonathletes, 20956
alexithymia & hypochondriasis & psychological distress, males vs females who frequently attend primary health care, 27528
alternation learning and obsessive-compulsive disorder (OCD) symptom severity, male OCD patients, 37417
analogy creation, retention of factual knowledge of protein synthesis on traditional vs nontraditional assessments, male vs female 8th graders, 12666
analysis of anger scripts in heterosexual relationships from relational schema perspective focusing on interpersonal experience of anger & sequencing of anger events, male vs female college students, 11114
analysis of descriptions of male vs female TV characters, sex bias in language, regular vs irregular viewers of popular TV program, 7744
anger & hostility & aggressive behavior & somatic complaints, male vs female young adults with & without regular substance use, Australia vs India vs US, 22015
anger as risk factor for coronary heart disease, men vs women & self- vs spouse ratings of Spielberger's State-Trait Anger Expression Inventory & other nonprojective personality measures, 5296
anthropological investigation of class & race & gender in Black high school, 33743
anxiety & alcohol abuse, hospitalized male vs females with major depression, 4907
anxiety & performance, male vs female musicians (aged 17–29 yrs), 17671
anxiety, academic performance, 6th grade males vs females, 32255
applicant sex & job characteristics, gender-based hiring decisions, undergraduates , 6287
article types & frequency of publications for male vs female authors of school psychology journals, 19138
associations of somatic complaints with depression & anxiety & conduct & oppositional defiant disorders & ADHD, 9–16 yr old males vs females, 27467
asymmetry & size of Broca's area & Planum temporal & corpus callosum & relation to language & speech regions, male vs female 23–31 yr olds, 26637
attentional variations & aging & sex & hearing, auditory evoked ERP components, 20–77 yr olds, 23407
attitudes & experiences of sexual harassment, active-duty male vs female military personnel, 34273
attitudes & involvement in gang related illegal activities, male vs female gang adolescents (aged 13 yrs & younger to 15 yrs & older), 34400
attitudes toward & rationale for paternal child support obligations, 21–94 yr old males vs females, 7687
attitudes toward obesity & perceptions of care, male vs female nurses & obese vs nonobese patients, 5164
attitudes toward persons with disabilities, Black vs White males vs females, 18252
attitudes toward residing in high vs low quality institutions, male vs female 62–89 yr olds, 36890
attitudes toward role of female in workplace & child care, male vs female 20–53 yr old Mexican Americans, 4652
attitudes toward sex roles & Christianity, male vs female 13–15 & 16–18 yr olds, 4573
attitudes toward short-term crowding & invasion of personal space, male vs female automatic teller machine users, 32444
attitudes toward teacher ethnicity & bilinguality & gender, 9–17 yr old multi-ethnic students in English-only or bilingual & English language development classes, 2944
attitudes toward victims of bullying & role of empathy in bullying others, male vs female young vs adult prisoners, 11529
attributions of male & female traits of ingroup & outgroup members, male vs female college students, 20780
attributions of responsibility & confidence level in coerced sex case with male plaintiff prior to & following group deliberations, mock jurors in male vs female dominated juries, 32539
atypical & psychotic features & age at onset & comorbidity & duration & severity & recurrences & chronicity of disorder, male vs female outpatients with bipolar II or unipolar depression, 27579
autobiographical memory for childhood emotional experiences, male vs female 3rd–11th graders & college students, 10765

awareness of causing suffering to an animal & sex of person causing suffering, judgments of cruelty of person & what happened & anger or sadness as response, male & female 18–54 yr olds, 1700
baseline differences in substance use & psychiatric functioning variables, 21–69 yr old male vs female alcoholics with vs without social phobia, 27883
bereavement-related traumatic grief & anxiety & depression, mental & physical health outcomes, widows vs widowers, 17813
best-fit & indicated types on Myers-Briggs Type Indicator, White vs Black female vs male college students, 16325
Big Five personality traits & disgust sensitivity, male vs female college students, 14301
binge eating & substance use behaviors & attitudes & mental health, male vs female 10–20 yr olds, 34505
biological markers of major depression, males vs females with major depression, United Arab Emirates, 1500
body dissatisfaction & physical attractiveness & body mass, males vs females at 13 vs 15 vs 18 yrs old , 14039
body esteem & self esteem, Black vs White males vs females, 27373
body mass index & perceived control over eating, level of life satisfaction, male vs female 20–74 yr olds, 1319
body scent & bilateral symmetry, attractiveness, 17–53 yr old men vs women, 30419
boundary rules, ability to express concerns about negative behavior & characteristics of friend's romantic partner, male vs female college students, 1239
brain activation during language comprehension task, male vs female adults, 16911
brain atrophy & morphology, reality distortion & psychomotor functioning, hospitalized males vs females with schizophrenia, 14563
caffeine containing energy drink, cognitive performance on simple vs go no go RT tasks, males (mean age 22.5 yrs) vs females (22 yrs), 4228
candidate gender, assessments of 1988–1992 US Senate candidates, US citizens, 17509
canine gender, social responses to men vs women, dogs in captivity, 10369
care-based moral reasoning, male vs female 10–13 yr olds, Canada vs Norway, 20609
career & salary expectations, male vs female college freshmen vs seniors, 2948
career intervention, career decision making self-efficacy & career indecision, male vs female high school juniors, 4 wk followup , 25839
career satisfaction, male vs female family-physician educators, 2787
categories of possible selves & self esteem, male vs female 14–19 yr olds, 4481
changes in marital status, alcohol use trajectories, male vs female White vs Black vs Hispanic 14–21 yr olds, 6-yr study, 7765
characteristic patterns & configurations of Minnesota Multiphasic Personality Inventory-2, 17–63 yr old male vs 18–60 yr old female offenders, 19625
characteristics & experiences, homeless single men vs single women vs women with children, 10961
characteristics of caregivers & effect of patient's sex & age on their experience of receiving that care, cardiac surgery patients in recovery, 28719
characteristics of physical environment & age & sex, cooperative behavior, 3–5 yr olds, 20602
characterization of chronically ill in children's fiction, males vs females, 20999
child appraisal, interparental violence & child adjustment, male vs female 8–11 yr olds from violent families, 8269
child gender, parents' commitment to gender equity & related public policies, mothers vs fathers, 30346
child sex & SES & maternal sex role orientation, warmth of fathering & father involvement & task sharing, families with male vs female children, Korea, 11048
child's understanding of mind & parental emotional expression & disciplinary style, male vs female preschoolers (mean age 43 mo), 26983
childbearing & menstrual cycle & menopause & bipolar mood disorder in females & comorbidity of bipolar mood disorder with thyroid disorder or migraine headaches in males vs females, 1508
childhood or adolescent history of physical & emotional & sexual abuse & neglect & social desirable responding, male vs female 17–48 yr olds of Asian vs European ancestry, Canada, 11548
childhood psychiatric disorders & emotional disturbance, adolescent outcomes & disorders & functioning, male vs female 7–11 yr olds, 5–7 yr followup, 11319
childhood psychiatric disorders, prevalence & timing of substance use & abuse, 9–13 yr old boys vs girls, 30564
children as agents of socialization by rewarding gender-consistent styles among peers, males vs females, 4478
chronic strain & perceived mastery & ruminative coping, vulnerability to depressive symptoms, male vs female 25–75 yr olds, 1 yr study, implications for women's perceived environmental control, 37325
clinical features, male vs female patients with panic disorder with agoraphobia, 8207
clozapine vs fluphenazine, brain metabolism patterns, male vs female schizophrenia patients , 38224
clozapine, body weight, male vs female patients with chronic schizophrenia, 21862
cognitive performance on neuropsychological assessments, male vs female schizophrenic patients, commentary, 37346
cognitive performance on neuropsychological assessments, male vs female schizophrenic patients, commentary reply, 37364
collaborative group vs traditional classroom methods of solving addition & subtraction problems & ability level, strategy change & execution of procedures, male vs female Primary 6 pupils, 22429
college year status & sex & career education courses, career beliefs & career decision making, college students, 25854
comparability of rewards for research productivity, male vs female doctoral-level biochemists & earth scientists & physicists & physiologists, 1970s, 6288
complementary & opposite qualities for classification & synthesis in personal differences & sex relatedness, 14329
conceptions of ideal mate & allowance for deviations from ideal in potential partners, male vs female college students (mean age 18.9 yrs), 7856
conduct disorder & peer pressure, prediction of illicit drug use, boys vs girls aged 12–17, 34339
conservatism & values as predictors of negative stereotypes of gay men & lesbians, males vs females, 20913
construct validity of Physical Self Perception Profile, male vs female physical education college students, 17665
consumer knowledge & satisfaction & product involvement & perceived risk, clothing brand loyalty, female vs male consumers, South Korea, 25993
content analysis of explanations for decisions in identity–intimacy dilemma scenarios, female vs male 15–18 yr olds, 7519
continuity & change of friendship networks, male vs female 6th vs 8th vs 10th graders, 4471
coping strategies & self-esteem, male vs female 7–12th graders, 27035
coping with infertility, males vs females in heterosexual married couples, 34553
correctional officers' preference for work in male vs female state prisons, implications for theory of gendered organizations, 35364
couples therapy intervention for bridging gender differences in communication & need for separateness/togetherness & role taking & intimacy, married couple in mid-30s, 34892
critique of psychoanalytic developmental models of human sex & gender, 37196
critique of psychoanalytic developmental models of human sex & gender, implications for psychoanalysis, 37191
cross gender group test reliability, revised Eysenck Personality Questionnaire subscales, males vs females, application of bootstrapping methodology , 11218
cross-national & gender differences in response styles on Kirton Adaption-Innovation Inventory, college students, Canada vs Japan, 32613
CSF thyrotropin-releasing hormone, male vs female patients (mean age 39.8 yrs) with depression, implications for neurobiology & treatment of depression, 30663
cuddliness & activity level, male vs female neonates, 30218
cultural & occupational background & sex, negotiation style, adults, 12 countries, 6497
cultural & social factors in prevalence of depression, male vs female primary care patients, 14 countries, 27610
cultural beliefs about gender difference & inequality & corresponding gender identities as both products & producers of gender organization of interaction, 37003
culture & sex, use of direct vs indirect refusals of sexual advances in dating relationships, Japanese international vs American college students, 30402
cumulative effects of alcohol dosing on laboratory aggression, men vs women (mean age 30.3 yrs), 20801
current or anticipated parenthood, cohabitation & remarriage, formerly married males vs females with vs without children, 33767
cynical hostility & functional social support, males vs females, implications for psychosocial vulnerability model of hostility-related disease risk, 22016
Darwinian & postmodern discussion of psychoanalytic developmental models of human sex & gender, 37197
decade of birth & sex, age of initiation to heroin use, heroin users, Australia, 1791
delayed response task, spatial working memory, male vs female schizophrenics (mean age 35.5 yrs), 37377
demographic & child determinants of parental investment, fathers vs mothers, 33781
demographic & clinical characteristics, hospitalized males vs females with eating disorders, 18171
demographic & psychosocial & health status & personality correlates of amount & type of exercise & relationship to health care utilization, elderly male vs female Ss with osteoarthritis, 1921
demographic & psychosocial characteristics & presenting psychopathology & age at time of adoption, male vs female adopted children & adolescents attending psychiatric outpatient services, 30626
demographic & self reported variables related to entering communal living self help drug/alcohol recovery program, females with vs without children vs males, 22259
demographic characteristics & dementia severity & comorbid psychiatric & behavioral symptoms & physical disability & general health, mortality, elderly males vs females with Alzheimer's disease, 31230
demographics & antisocial symptomatology & drug history & axis I comorbidity & index treatment, males vs females with antisocial personality disorder or antisocial behavior in adulthood, erratum, 11289
depressed mood, 12–20 yr old males vs females, role of intensified gender socialization, 7558
depression & physician vs self-ratings of physical functioning & dyspnea, male vs female outpatients with clinically stable heart failure, 8589
desipramine, buprenorphine- vs methadone-maintained opioid-dependent cocaine-abusing 20–53 yr old males vs females, 35004
desirable doctor profile, perceptions of personal attributes developed by time of qualification, male vs female medical graduates, 15777
development & situational structure of scales to measure stage of change & sex differences in confidence in safer sex & temptation for unprotected sex constructs, college students, 22906
development of reaction, pain of inoculation, male vs female under 7 yrs old & their mothers, 33625
developmental pattern of attitudes & beliefs of toward school subject competency & gender stereotypes & parent/child attitude relationship, male vs female K–6th grade students, 35500
deviant behavioral correlates & prospective predictors of violent victimization, male vs female 18–20 yr olds, 2-yr followup, Norway, 18008
dieting & eating patterns & food-related nurturance & parental control & social context of eating & body weight & self-perception, 12 yr old males vs females, 17333
dieting awareness & perceived self-worth, male vs female 8 yr olds, 928
differences in conversations & during decision making between same gender & cross gender friends, 18–21 yr olds, 4723
differences in sexual strategies & inhibitory abilities as predicted by parental investment theory, females vs males, 27198
different cultures vs skill specialization account of sex differences in comforting & emotional support, 17–50 yr olds, 17574
differential test functioning analysis of Sexual Experiences Questionnaire—Department of Defense for measurement of sexual harassment, male vs female military personnel , 32634
diffuse noxious inhibitory controls & activation of supraspinal pain modulation systems, males vs females, 19701
dimensionality of male role variables of psychological agency & traditional male role attitudes & masculine gender role stress, 25–53 yr old males vs females, 4661
dimensions of environmental competence & developed scale to measure dimensions, male vs female college students, 35864
discourse analysis of negative self-concept, 23–57 yr old males vs females with major depression , 21078
discrepancy between own vs other's ideal standards, relational self-regulation & dysphoria, male vs female undergraduates , 1534
disease & demographic factors & sex, cognitive functioning & academic achievement & learning problems, children with insulin-dependent diabetes mellitus, 28026
disease risk behaviors during major life transition, men vs women 14–21 yrs old, 31823
diurnal & sex differences & relationship to selected physiological & psychological variables, pain thresholds, men & women with mean ages of 20.4 & 20.5 yrs, 29933
dominance-related aggressiveness, variance in Aggreeableness & low Emotional Stability vs Hostility & high Emotional Stability, male vs female undergraduates, evolutionary implications, 14298
drinking perceptions & behaviors, male vs female African American vs Haitian 14–23 yr olds, 36824
dynorphin peptide dosages, opioid receptor-mediated serum prolactin, male vs female 25–48 yr olds, 7223

dysfunctional attitudes & vulnerability to depression, male vs female symptomatic vs asymptomatic college students, 14 wk study , 4906
dyslexia & sex & brain imaging, 21398
early androgen experience & sex-typed activities & interests, male vs female 9–19 yr olds with congenital adrenal hyperplasia, 14889
early risk factors for & predictors of depressive symptomatology, male vs female 18 yr olds followed since age 5, longitudinal study, 30662
ease in recalling 3 vs 8 stereotyped traits, stereotypicality of subsequent judgment, male vs female college students with low vs intermediate vs high level of prejudice regarding women's sex roles, 20778
eating & dieting behavior & eating disorders, 17–50 yr old male vs female Australian vs Swaziland university students, 18188
eating disorder subtype & comorbid psychiatric disorders & individual psychopathology & perception of family functioning, male vs female adolescents referred to eating disorder program, 21409
ecological & risk-factor examination of sexual activity, 12–17 yr old male vs female European vs African vs Latino Americans, usefulness of data from mostly European American sample, 4490
economic approach to analysis of work-related stress, male vs female workers, implications for demand/control theory, 16107
educational equality & reproductive freedom, preference for resource-acquisition characteristics in mates, males vs females, 30408
effect of body fat distribution & breast size on judgments of female attractiveness & age & desirability, male vs female British undergraduate students, 4651
effects of close social relationships, older married men vs women, 1212
effects of mood & age & gender on the decision process, 12–18 yr olds vs 21–46 yr olds, 23697
EKG data–heart rate dynamics, male vs female withdrawal-free alcohol dependent adults (mean age 40 yrs), 21305
emotion talk between friends, same- vs mixed-gender pairs, 7783
emotional attention & intensity & expressivity & self-reported attachment style, male vs female 18–24 yr olds, 14324
emotional closeness, mothers & their male vs female 4–5 yr olds, 4630
emotional expression & body image & self esteem, male vs female 5th vs 8th vs 12th graders, 4492
emotional expressivity & self-regulation, 6-mo old males vs females & their mothers , 7555
emotional grief responses after death of spouse, men vs women receiving hospice services, 28720
emotions & cognitive skills, male vs female 20–50 vs 65–94 yr olds, 36902
employee gender & single- vs dual-earner marital type & parental status, job opportunities requiring relocation & perceptual processes of personnel decision makers, married employees, 29061
employment status, male vs female substance abuse treatment clients, 2 yr study, 32053
English vs Cebuano language response & sex & spontaneous self-concept, Filipino secondary school students, test of cultural accommodation hypothesis, 10888
epidemiology of Alzheimer's disease & schizophrenia & alcoholism & mood & anxiety disorders in men vs women & effects of estrogens on neural function, commentary, 17787
estimated multi-faceted IQ score for self vs parents vs siblings, males vs females (mean age 21.73), Great Britain vs Hawaii vs Singapore , 17662
ethnic differences in attempted suicide rates & methods, South Asian vs White vs Black vs other ethnic group women vs men, 37443
ethnic/racial & sex differences, preference for & affective meaning of natural environments, Black vs White vs Hispanic college students, 39017
ethnicity & prosocial vs antisocial coping, acquisition of social support & psychological distress, male vs female 17–60 yr old & older postal workers, 6316
ethnicity & sex, drug use & refusal of drug offers & drug offer processes, African American vs Mexican American vs White American 7th graders, 20439
etiology of individual differences in general cognitive ability, monozygotic vs same- vs opposite-sex dizygotic twin pairs, 7910
etiology of political intolerance in men vs women, data collected from the 1987 Freedom & Tolerance National Survey & the General Social Survey, 14180
evoked brain activity during visual information processing of mental arithmetic vs language task, male vs female 19–29 yr olds, 13625
evolutionary hypotheses for sex differences in prevalence rates of depression, 8111
evolutionary perspective of human developmental sex differences, 30228
evolutionary vs belief based hypotheses about sex differences in jealousy as function of emotional vs sexual infidelity, US vs Japanese vs Korean undergraduates, 14205
expectations for retirement & relationship with gender & current work attitudes & leisure experiences, personnel (aged 40 yrs & older), 16105
experiences of & reactions to sexual coercion, male vs female college students, 4679
experiences of alienation & gender & ethnicity & religion & self-esteem & undesirable behaviors & education, 13–15 yr old British adolescents, 979
experiences of silencing or loss of voice & future aspirations & values regarding gender, male vs female early adolescent students, 38871
experimenter gender & testing context & marital status, marital expectations, male vs female college students, 36952
exposure to cocaine cues, skin temperature & resistance & heart rate & self reported drug states & negative moods, male vs female cocaine dependent outpatients, 18073
exposure to dissimilar exemplars of ingroup vs outgroup subtypes, perceptions & context sensitivity of sex subtypes, college students, 14193
exposure to psychological job demands & work control & workplace social support & physical job demands & hazardous work, excess male mortality, employed males vs females, 1970–80 & 1980–86, 32403
extradyadic sexual behavior & fantasies & romantic attachments & flirting & social activities, unfaithfulness & jealousy in hypothetical dating relationships, male vs female college students, 33911
extrinsic rewards as form of reinforcement, achievement motivation, male vs female 6–7 yr olds, 33667
facial features & proportions & hair color correlation between P300 evoked potential peak & average attractiveness rating of male & female face images, 18–25 yr old men vs pre- vs postovulatory women, 13619
facial movements & crying & pain inducing routine hospital procedures, normal delivery vs caesarian birth & male vs female neonates, 23687
factor analysis of antisocial behavior, male vs female 6th & 8th graders, 17358
factor structure & validity of Temptation & Restraint Inventory, prediction of drinking restraint, male adults (mean age 23 yrs) vs female adults (mean age 22.5 yrs), 34347
factor structure of Bulimic Investigatory Test, assessment of bulimic symptoms, male vs female 12–17 yr olds, 26156
factors leading to or barring dual contraceptive use to prevent pregnancy & HIV infection, adult African American males vs females, 37026
factors predicting & rates of suicidal behavior, male vs female 8–17 yr old psychiatric outpatients, 5057
familial support perception, male vs female adults victims of intrafamilial vs extrafamilial childhood sexual abuse, 21267
family adversity & severity of behavior problems in kindergarten, prevalence of elementary academic failure, 5–11 yr old boys vs girls, 6 yr longitudinal study, 19302
family history & gender & age, P300 electroencephalographic potentials, 15–20 yr olds with conduct disorder problems, 27758
family history of pain & current pain experience & awareness of pain in others, male vs female 18–51 yr olds, 5220
family structure & functioning, Black men vs women aged 65–96 yrs, 30317
father &/vs mother physical child abuse, prediction of child aggressive behavior, male vs female college-age children & their parents , 37493
father's knowledge of adoption & parental fitness & presence of a maternal caregiver & other influencing factors, custody decision in contested adoption cases, male vs female undergraduates, 26048
fear of success & demographic & familial & personal-motivational & socio-cultural dimensions, male vs female medical school students, 4657
fears & influence of SES & gender, 7–9 yr old Hispanics vs Whites, 842
felt obligation & parental caregiving, male vs female 17–25 yr olds vs their 36–60 yr old parents, 4622
female gender as risk factor for & gender differences in prevalence & incidence rates of Alzheimer's disease & other dementias, 37916
female labor force participation rate & time & age & marriage & divorce rates, suicides rate, male vs female 15–75 yr olds & older, 18 countries, 1953–1992, 1036
female vs male voice recordings in high level military aircraft cockpit noise, intelligibility & automatic speech recognition, 3150
femininity, influence of persuasive speech, male vs female undergraduates, 37075
feminist perspective on issues of gender & culture in children's competence, 26929
feminist perspective on issues of gender & culture in children's competence, commentary, 26928
feminizing vs masculinizing dimorphism, perceptions of Caucasian vs Japanese male vs female facial attractiveness, adults, Japan vs Scotland, 4755
form of aggression & opponent's gender, beliefs about aggression, college students, 17599
frequency & length of hospital readmission, male vs female 19–78 yr old psychiatric patients in contact with community mental health service, 38521
frequency & orientation of help-eliciting communications & puzzle-solving ability, male vs female 3.2–5.3 yr olds, 30138
frequency & psychological & health & job related outcomes of sexual harassment, male vs female military personnel, 34291
frequency of personality disorders, male vs female depressed outpatients, 17859
frequency of stress-induced hyperphagia vs hypophagia & snack vs meal-type food intake & effect of dieting status, male vs female college students, 29960
friendship vs nonfriendship, aggressive behavior & reconciliation, male vs female 6 & 7 yr olds, relation to nonhuman primates, 10836
functional outcome as measured by ability to work or return to school after injury, 5–65 yr old males vs females with severe traumatic brain injury, 5349
functioning & daily life patterns, 70–103 yr old males vs females , 7620
gender & age differences, alcohol intoxication vs violent behavior, 12–20 yr old Norwegian students, 27814
gender & age of onset, patients with chronic schizophrenia with periodic vs systematic catatonia, 8156
gender & attachment style & relationship satisfaction, issues of closeness & distance in dating relationships, 17–37 yr old couples, 37053
gender & body image & depressive symptoms, low-income African American (mean age 12.5 yrs), 33973
gender & body image & social interaction, college students, 37163
gender & body image, Black vs White 18–30 yr olds, 11235
gender & class, parental goals & roles & discipline, Black vs White families, 30341
gender & collaborative construction of relational jealousy, same vs opposite sex friends & romantic partners , 37078
gender & computer-mediated communication, decision making, college students (mean age 20.8 yrs), 27279
gender & cultural differences in attitudes toward ethics of information disclosure in HIV & cancer scenarios, medical residents, 12621
gender & culture & future orientation, Druze vs Jewish 9th & 12th graders, 4498
gender & ethnic differences & beliefs about tobacco smoking, 10–15 yr old African Americans & Hispanics & European Americans, 30380
gender & facilitative vs nonfacilitative speech style of confederates, speaking time & interruptions & minimal responses & looking away during conversation, male vs female college students, 20832
gender & health status & knowledge & concerns & mental & physical symptom levels & illness behaviors, long term use of health services, 18–90 yr olds, 22 yr study, 22127
gender & Holland type as moderators of validity & interpretive utility of Skills Confidence Inventory, employed adults, 115
gender & isolation & work patterns & stress, old age psychiatrists, 38707
gender & marital satisfaction, husbands vs wives, 4620
gender & occupational identities & perceptions of own masculinity vs femininity, 20–54 yr old male vs female police officers, 16120
gender & physical attractiveness of suicide attempter, ratings on justification of suicide attempt & emotional adjustment & liking of suicide attempters, 18–48 yr old males vs females, 8293
gender & power & relationships in peer sexual harassment, adolescent victims & perpetrators, 21236
gender & psycho-existential distress & problem behavior, 18–77 yr olds , 37108
gender & race & grade differences, coping behavior, gifted 6th–10th graders, 6271
gender & race & SES & pubertal development & smoking initiation, African-American & White adolescents at 3rd–4th through 8th–9th grades, 926
gender & racial-ethnic differences in extent & cost of hospitalization for mental illness, 10–19 yr olds, 22235
gender & sociocultural factors in psychopharmacological & psychotherapeutic treatment of depression, 18472

prevalence of codependency, 23–73 yr old male vs female helping professionals, 19209
prevalence of depression, 13–22 yr old male vs female adolescents, Peoples Republic of China, 11368
prevalence of depression, male vs female widowed adults aged 55–85 yrs, 30691
prevalence of detected cases & psychiatric comorbidity, male vs female hospitalized military veterans with eating disorders, 18192
prevalence of exposure to premilitary vs military traumatic events & event type & PTSD symptoms, male vs female active duty soldiers, 6378
prevalence rates & epidemiology of psychiatric disorders, male vs female sentenced inmates vs male remanded inmates, New Zealand, 27905
process & outcome satisfaction & objective performance & perceptions of relational behavior using different forms of communication media in conflict resolution, male vs female undergraduates, 36660
professional vs personal/peer relations context, gender & social identity of self vs ideal person, females vs males, 14302
progression from field dependent to independent cognitive style & locus of control, male vs female 9–10 vs 12–13 yr olds, 13948
psychiatric sequale & risk factors for suicidal ideation, male vs female friends of suicide victims, 6.3 yr followup, 11557
psychological & biological & social & physical environmental variables, physical activity, male vs female 4th–12th graders, implications for health promotion & behavior change, 23665
psychological & psychiatric symptomatology, male vs female childhood sexual abuse survivors (aged 17–57 yrs), 24418
psychological & social predictors of change in physical activity level as a function of amount of body fat, male vs female 9 yr olds , 13902
psychopathic traits & somatization symptoms in male vs female college students, 37293
psychopathology & functional impairment, male vs female 7–13 yr old Black vs White vs Hispanics with social phobia, 24321
psychosocial factors & suicide attitudes, suicidal ideation, Caucasian vs African American vs Hispanic 16 yr olds from low income neighborhoods, application of developmental perspective, 14684
psychosocial risk & protective factors associated with attempted suicide, 15–24 yr old male vs female Inuit youth, 1707
pupil & tutor developed personal learning planning, learning & achievement, male vs female Year 9 students, 1 yr follow up, 22507
quantity of spontaneous vs elicited & passive sharing behavior among peers, male vs female Indian vs Chinese 4 yr olds, 10874
questions asked in small group decision making, male vs female undergraduates, 17571
race & age & sex differences, work group development & performance & processes, 3092
race & gender & educational level, Boston Naming Test scores, African American vs Caucasian male vs female 18–59 yr olds, 25
race & motivation & drug use identity, male vs female drug users, 1754
race & sex & general racial attitude, case opinions & guilt judgments during jury selection vs after closing arguments vs after jury verdict in O. J. Simpson trial, African Americans & Whites, 33916
race & sex, importance placed on selected job & organizational & diversity & recruiter factors during job search process, job-seeking MBA candidates, 12797
racial & gender differences in demographic & admission-related variables & diagnosis & treatment during hospitalization & at discharge, public hospital psychiatric patients, South Africa, 28735
rape attitudes, 21–40 yr old male vs female medical students, 15766
rape awareness workshop attendance, acceptance of rape myths, male vs female college students, 31828
rates of exposure to initial opportunities to try drugs, probability of transition to drug use, male vs female 12 yr olds & older, 1979–94, 36828
recognition memory patterns for words & faces, male vs female schizophrenia patients with active vs withdrawn syndromes vs who were in symptom remission, 24258
relation between SES & alcohol consumption & alcohol-related problems & problem drinking, 16–69 yr old males vs females, 11645
relational vs couple identity vs biological sex, relationship thinking & relationship satisfaction, 18–59 yr old married vs unmarried couples, 37045
relationship between age at time of abuse discovery & psychological distress, male vs female 8–15 yr old victims of sexual abuse, 17989
relationship between gender-stereotypical traits & drinking behavior & problem drinking, positive & negative measures of masculinity & femininity, male vs female college students, 21354
relationship between self-estimated & psychometrically measured IQ, male vs female college students, 30497
relationship between sex role attitudes & occupational position & earnings, 18 yr old & older males vs females, 33818
relationship between sociodemographic characteristics & satisfaction, male vs female military veterans using Dept of Veterans Affairs health care, 25981
relationship between visual & haptic imagery of movement & influence of sex & type of image on vividness of movement imagery, college students, 3427
relationship of health behaviors & physical activity, male vs female 18–29 yr olds, 5793
relationships among salivary testosterone & mood & selective attention to threat, healthy men vs women (mean age 22 yrs), 29945
relative earnings, marital disruption, husbands vs wives, 4614
reliability & validity of Canadian French adaptation of Agoraphobic Cognitions Questionnaire vs American & Dutch versions & gender differences, male & female Ss with agoraphobia & undergraduates, 29396
reliability of Oxford Happiness Inventory & score correlations with Eysenck's personality dimensions, male vs female college students, 6585
religiosity & religious belief & relationship & sexual satisfaction, married male vs female 20–60 yr olds & older, 4625
religious affiliation & participation & theological dissimilarities & domestic violence, males vs females, 8255
reoffending risk factors & effectiveness of combined vs gender-specific risk assessment instruments, 8–16 yr old male vs female juvenile offenders on probation, 9886
repeat prescription of hypnotics, male vs female 16–85+ yr olds, 15357
repeated smoked cocaine self-administration, plasma concentrations & heart rate & BP & subjective ratings of drug desire, male vs female 26–43 yr olds, 29994
reporting of heterosexual female sexual initiation & aggression, males vs females , 23921
representation in research on neurological or neuropsychological complications of HIV/AIDS, females, 1988–97, 11834
residence location & suicide rates & religious practice, males vs females, Ireland, 27787
response to lidocaine, males vs females assessed in pressure- pain paradigm, 4255
resting arousal & sensation seeking & musical genre preference, male vs female college students , 30510
retention of test items showing differential item functioning, measurement quality & validity of aptitude tests, Black vs White male vs female high school students, longitudinal study, 15944
right unilateral vs bilateral & high vs low dosage of ECT, female vs male patients with major depressive disorder (mean age 55.9 yrs), commentary reply, 12260
right unilateral vs bilateral & high vs low dosage of ECT, female vs male patients with major depressive disorder (mean age 55.9 yrs), commentary, 12266
risk & protective factors & psychopathology, rural American Indian vs White 12–17 yr old males vs females, implications for risk reduction interventions, 30611
risk of developing eating disorders, 6th–10th grade male vs female students in Appalachia , 18183
risk of school failure & gender & interpersonal skills & initiative & dependability, work ethic, 14–19 yr 9th grade students, 15970
risk taking &/or sensation seeking, male vs female college students categorized as social vs probable/pathological gamblers, 21260
role of ethnicity & gender & community & culture in shaping accounts of personal relationships, 16–18 yr olds from multi-cultural East London, 20586
role of gender & curricular choice in differential prediction of tertiary-academic performance from high school GPA & aptitude test performance, 1st yr university students, 3 yr study, 28963
role of gender & pattern of friendship ties in triad interactions, 3rd–5th graders, 7521

role of individual processes & age & sex differences in prosocial & moral development, adolescents, 14004
roles of breast-feeding & wet-nursing in sex-biased investment in children, England, 1600–1800, retrospective study, 17471
satisfaction with health care services, male vs female patients, Indonesia, 21641
satisfaction with pay & co-workers, male vs female university faculty vs staff members, 38996
seasonal birth patterns, 17–21 vs 22–39 yr old male vs female alcoholics in Army treatment program, 21323
secure vs fearful vs preoccupied vs dismissing attachment styles, coping with stress & psychological symptoms & distress, male vs female college students, 24023
self assessed health & likelihood of experiencing functional impairments in activities of daily living, 60–85+ yr old males vs females, 14384
self discrepancy theory of effects of developmental shifts & socialization on & individual & sex differences in own vs other standpoints & internalization processes in self-regulation, 27385
self esteem & perceived control in performance & social domain, blame of failure on discrimination, Black vs White vs male vs female college students, 33996
self esteem, anger expression, male vs female college students, 20930
self reported narratives describing token resistance to sex, male vs female college students, 1187
self-acceptance & locus of behavior control & level of creative thinking ability, 13–14 yr old males vs females, 7930
self-concept discrepancy & attributional style, coping with failure, male vs female 10th graders, 36821
Self-Monitoring Scale, prediction of academic & social integration, high vs low self-monitoring male vs female 17–53 yr olds, 7899
self-report & sleep index measures of tobacco withdrawal following nicotine replacement therapy, adult males vs females, 19091
sertraline or paroxetine, sexual functioning, women vs men with dysthymia or chronic major depression or double depression, commentary, 21864
sertraline or paroxetine, sexual functioning, women vs men with dysthymia or chronic major depression or double depression, reply, 21939
service type & use of male vs female employee vs service manager as advertising spokesperson, attitudes toward ad, 18–45 yr old business students vs 18–65+ yr old workers , 6406
severe physical & sexual violence victimization by peers & power beliefs, male vs female 14–20 yr old high school students, 1674
severe stress & clinical levels of depression & anxiety, male vs female strictly-orthodox Jews, 8065
severe stress & clinical levels of depression & anxiety, male vs female strictly orthodox Jews, commentary, 8054
severity of substance abuse & social functioning & legal problems & violent victimization & medical problems & depression & anxiety, male vs females with schizophrenia or schizoaffective disorder, 7989
sex & academic achievement, general self-concept, elementary school students, 9478
sex & academic self concept & attitudes & expectations & values & goals in goal vs expectancy-value theories, effort & science achievement, 15–16 yr old males vs females, 15935
sex & acceptance of disability, 18–59 yr olds with disabilities, 19102
sex & acculturation & sociodemographic characteristics, alcohol use & AIDS-related sexual behavior, Hispanic adults, 9050
sex & acute stressors experienced during competition, use of coping strategies, male vs female 15.8–20.3 yr old skilled competitive athletes, 9651
sex & age & coarticulation, Swiss German vowel formant pattern vocalization, 5–13 yr olds vs adult speakers, 36670
sex & age & diagnostic characteristics & prevalence of previous & new cases of psychiatric hospitalization, 0–17 yr olds, Finland , 19025
sex & age & education differences & sexually transmitted disease knowledge & beliefs & condom use attitudes & behaviors, clinic attenders with sexually transmitted diseases, South Africa, 28077
sex & age & groups involved in & reaction to bullying behaviors, adult vs young offenders, 17996
sex & age & race, alcohol consumption & dependence, adults, 34359
sex & age & training in judo, aggressiveness, judo students, 32407
sex & age differences in brain activity & personality & intelligence, 15–71+ yr old females & males, application of arousability theory, 1347
sex & age, endorsement of undesirable vs desirable expectancies toward alcoholic vs non-alcoholic beverage, 2nd & 3rd graders, 882
sex & age, exercise orientation, college students & professional conference attendees & jury pool members, 20958
sex & age, nasalence characteristics, 9–85 yr old speakers of Western Canadian English vs French, Canada, 4373
sex & age, pay expectations, 3rd–5th & 8th–10th & college students, 924
sex & age, referrals to psychological counseling, college students & staff & faculty, 8764
sex & anticipatory planning & work & family role characteristics, decision to retire, 58–64 yr old married full time workers, 2 yr followup, 1015
sex & apolipoprotein E genotype, beta-amyloid deposition & accumulation in frontal & entorhinal cortex, autopsied 39–97 yr olds with Alzheimer's disease or other neurological disorders, 5360
sex & attitudes toward verbal communication ability & toward stutterers, 10th & 11th graders, 5185
sex & cardiovascular reactivity, pain appraisal, 20–55 yr old unmedicated individuals with hypertension, 24768
sex & career progression & social support & perceived success & gender roles & family status variables, managerial career success, MBAs, 16082
sex & cognitions about martial standards & communication patterns, marital adjustment, married couples, 17483
sex & collective vs relational interdependence, college students, 30400
sex & concerns about chronic weight & cessation-related weight gain & weight status & dropout during cessation as predictors of relapse to smoking, 18–66 yr olds in smoking cessation program, 5934
sex & cross cultural differences in historical knowledge & school grades, 9th graders, 35518
sex & cross cultural differences in possible self as parent scores, undergraduates, Canada vs Italy vs Japan, 27354
sex & decision framing as gain vs loss, supplier choice, buyers in price &/or quality based purchasing scenarios, 39027
sex & developmental level, coping skill acquisition in adolescence, 10851
sex & dynamics of involuntary childlessness, couples, 2 yr study, 31082
sex & estrogen use in females, cognitive function with age, 65–95 yr old males vs females, longitudinal study, 10914
sex & ethnic identity & culturally related anxiety, Navajo college students (mean age 25.7 yrs), 10987
sex & ethnicity & grade level & health risk status, preferences for provider gender & sharing physician with parents & parental presence during examinations & confidentiality of care, 5th–12th graders, 35175
sex & ethnicity & health services utilization, sensitivity of CAGE vs TWEAK in screening for alcohol problems, white vs black vs Hispanic adults vs adults from other minority groups, 32632
sex & ethnicity & traditional question & response activity vs partnership building in family-oriented physician communications, 2nd & 3rd yr residents & patients, 28613
sex & ethnicity, interpersonal nature of relationship as an influence on sexual timetables, 18–25 yr old White & African & Asian American & Latino youths, 14005
sex & ethnicity, mathematics course taking, high school students, 2906
sex & ethnicity, response patterns to cognitive screening test developed to predict educational placement & academic performance, African American vs Hispanic vs White preschoolers & kindergartners, 29422
sex & exposure to gender stereotyped music video imagery, sexual attitudes, college students, 27375
sex & family type, associations among family relationships & antisocial peers & externalizing behaviors, male vs female 10–18 yr olds, 37477
sex & fraternity-sorority affiliation & classification & religion & academic major, victim blaming tendency toward individuals with AIDS, college students, 28073
sex & gender schematicity & speaker & partner sex, interpretations of conversational backchannels & questions, Os, test of 2-cultures & dominance theories of gender-linked language differences, 1230
sex & genetic & environmental influences & ADHD etiology, 3–18 yr old twin & sibling pairs, test of polygenic multiple threshold & constitutional variability models, 11699
sex & grade level & ethnicity, associations between violence & internalizing symptoms & externalizing behavior & long-term outcome, 6th vs 8th vs 10th graders, 17833
sex & grade level, interpretation of everyday phenomena involving light & sight, 9th & 10th grade students, 28972
sex & gun control laws, suicide & homicide mortality rate, adults, Canada, 1969–1976 vs 1978–1985, Canada, commentary reply, 17999
sex & gun control laws, suicide & homicide mortality rate, adults, Canada, 1969–1976 vs 1978–1985, commentary, 17980
sex & handedness & season of birth, 18–25 yr olds, 16928
sex & high vs low IQ group & treatment, mathematics achievement & creativity, 3rd graders, 25740
sex & human & social capital & organizational context factors, performance & role concerns, publicly traded corporation directors, 29055
sex & impact of amount & division of household labor, psychological distress, 18–65 yr old males vs females, 4 yr study, 14190
sex & income, reported frequency of hearing jokes about Clinton–Lewinsky controversy, 27219
sex & level of collective self-esteem, motivation to engage in ingroup distorting evaluations, male vs female college students, 30454
sex & levels & determinants of job satisfaction, 16–65 yr old employed persons, China, erratum , 3088
sex & levels of physical punishment & hostility & own parents' disciplinary behavior, working vs middle class parents of 4–7 yr olds, Northern Ireland, 17503
sex & marital & minority status, prevalence of tobacco use, college students, 20809
sex & marital & parental status & sibling availability, confiding & companionship & emotional & instrumental sibling support networks, 55 yr olds & older , 7665
sex & marital status & orientation, individual differences concerning beliefs about talk based on functional approach, 18–72 yr olds, 17667
sex & marital status & spousal employment & parental status, time-based & strain-based family-to-work & work-to-family interrole conflicts, adults (mean age 31.7 yrs), 7669
sex & marital vs family therapy treatment modality, pretherapy goals & ability to successfully introduce therapeutic topics in initial therapy session, male vs female clients, 18615
sex & menstrual cycle differences & subjective effects, 20–45 yr old crack cocaine users, 27881
sex & mood states, daily physical symptoms & illness behavior, 25–64 yr old primary health care patients, 38435
sex & own & parents' birth order, frequency of contact with maternal vs paternal grandparents & aunts & uncles, college students, 27183
sex & perceived pubertal timing, body image & self esteem & depression, Black vs White vs Asian vs Hispanic 12–17 yr olds, 33590
sex & perception & nature & approval of choice in employment status in model of psychosocial development, college students , 4476
sex & personality & behavioral & temperamental risk factors for later disordered eating, 7th–10th graders, 24659
sex & personality & power relationship & frequency & severity of harassment behavior & victim response, rating of workplace situation appropriateness & sexual harassment judgment, undergraduates, 34276
sex & professional status, attitudes toward rape victims, 18–65 yr old undergraduates vs counselor trainees vs mental health professionals, 37522
sex & pubertal progress, development of depressive symptoms, 12–14 yr olds originally assessed at ages 10–12 yrs, 27604
sex & punishment avoidance & expectations of affective change, excessive alcohol consumption, college students, 8253
sex & race & factors contributing to happiness, Blacks vs Whites, 14136
sex & race & socioeconomic status, emotional references in conversations about school experiences, mother–child dyads , 4633
sex & race & weight & smoking status & dose & age at 1st assay, prediction of steady state clozapine plasma concentration, patients with schizophrenia, 2378
sex & race or ethnicity, selection for undergraduate pilot & navigator training, 17–24 yr old Air Force Academy & ROTC applicants, 6379
sex & race, organizational decision making process & interpersonal & group dynamics, employees at a pro-feminist & progressive organization, 37001
sex & race/ethnicity & trends in opportunity for & progression to actual use of marihuana & cocaine & heroin & hallucinogens, 12+ yr olds, 1979–1994, 21353
sex & sadomasochistic arousal, college students, 5016
sex & season, glycosylated hemoglobin levels, adult patients with seasonal affective disorder, 21100
sex & seizure severity & academic achievement, children with epilepsy (mean age 14.5 yrs) vs asthma (mean age 14.2 yrs), 4 yr followup, 34533
sex & self-monitoring & perceived control & friendships, social vs emotional loneliness, African American college students, 11196
sex & SES & ethnicity & stress & other demographic & psychosocial factors, depressive symptoms, 5th–12th graders, 34130

sex & SES & prior achievement & attitude & parental involvement, participation in advanced mathematics in 8th vs 9th vs 10th vs 11th vs 12th grade, junior high & high school students, 38843
sex & SES, coping strategies, 11–13 vs 14–16 vs 17–19 yr old secondary students, implications for school facilitation of reflection on coping skills, Australia , 19327
sex & sex role, self-estimates of multiple intelligences, adults, 33967
sex & sick leave history & other predictors of work stress compensation claims & return to work, welfare workers, 25901
sex & situation, normative evaluations of same- vs cross-gender expressions of intimacy vs friendship-challenging behavior, college students (mean age 20.5 yrs), 17601
sex & size & fiber composition of anterior commissure, postmortem brains of individuals with schizophrenia, 21138
sex & skill in spatial transformation task & vocabulary, 4–6 yr olds, 23773
sex & skill level, visuoperceptual speed, karate practitioners, 3517
sex & sleep deprivation, flight performance & mood & recovery sleep, fatigued aviators , 7146
sex & teachers' beliefs regarding mathematics education, male vs female student achievement & beliefs & behaviors, 22409
sex & thinking vs feeling preference on Myers-Briggs Type Indicator, mathematics achievement, 12th graders, 25767
sex & training & specialty, intimate partner abuse screening & intervention practices, primary care physicians (mean age 46 yrs), 30839
sex &/or age of illness onset, frequency of hallucinations, drug-free schizophrenic vs schizoaffective inpatients (mean age 32.3 yrs) in acute episodes, 24287
sex as etiological measure of heritability vs environmental influence in aggressive & nonaggressive antisocial behavior, 7–16 yr old twin pairs, 14001
sex differences & APOE genotype, AD, 35–79 yr olds with Down syndrome, 27962
sex differences & approval of employed vs unemployed expectant parents, college students, 4638
sex differences & attitudes & emotional responses to negative evaluative feedback from mothers vs fathers vs same vs opposite sex peers, college students, 4659
sex differences & early disease course, patients with schizophrenia, 12 yr study, 4942
sex differences & menstrual cycle effects, encoding of positions occupied by & assignment of relative locations to objects & integration of both in spatial memory task, 18–57 yr olds , 10523
sex differences & patterns of relationship violence, adults, 27792
sex differences & relationship closeness, perceptions of condom introducers, Mexican American vs White 18–50 yr olds, 4672
sex differences & sexual beliefs, sexual intercourse in past year, White vs Black 13–17 yr olds in rural AFDC families, 4466
sex differences in epidemiology & disease course & adverse medical consequences & psychiatric comorbidity of marijuana use & abuse & dependence, 14736
sex differences in general intelligence, high school graduates, Estonia, 17643
sex differences in incidence & age of onset of schizophrenia, males & females followed between 16 & 28 yrs of age, 21153
sex differences in neural actions of gonadal hormones on nonreproductive brain structures & processes & ovarian steroid influences, implications for dementing & affect illnesses, 494
sex differences in perceived controllability for traits relevant to desirability to mates, adults, 1225
sex differences in self-concept dimensions, 1st–12th graders, 7 countries, 23792
sex differences in suicide rates, 65+ yr olds, 24397
sex of subjects & experimenter on susceptibility to motion sickness, 18–26 yr olds, 36127
sex ratio of country & level of development & suicide & homicide rates, 70 nations, 1980, 5033
sex roles & romance initiation strategies & mate selection & relationship goals, 16–29 yr old males vs females, 20787
sex stereotypes of occupations & segregation of employment, college students, erratum, 27225
sex stereotypes of occupations & segregation of employment, college students, 14191
sex steroids, different aspects of sleep, animals & human males vs females, 33326
sex, affective links between body & self-perceived attractiveness & self-esteem, 17–36 yr olds, 34003
sex, AIDS knowledge & fear & homophobia, Black vs White vs Hispanic 18–56 yr old college students, 35155
sex, alcohol drinking expectations & attitudes, 6th graders, 7515
sex, answers to constructed-response reading items in expository text, 7th vs 10th graders, 9944
sex, auditory brainstem response latency estimated cochlear filter times, 19–60 yr olds with mild–moderate cochlear hearing loss, 2112
sex, body size, adults (aged 18–24 yrs) vs media portrayals, 1950s–1990s, 23644
sex, career progress & development of mentoring relationships & salary attainment, African-American graduates of historically Black university, 9574
sex, choice RT task requiring verbal response to spatial location target stimulus, 19–34 yr olds, 10081
sex, classroom friendship choices, African- & European-American elementary school students, 3 yr study, 15965
sex, clinical pain ratings, chronic back pain & facial pain & mixed pain patients & surgery candidates, 8513
sex, competitiveness & intimate same-sex friendships, 13–19 yr olds, Hong Kong, 17326
sex, constructed response reading items, papers of 7th & 10th grade students, 9943
sex, continuity or change in friendships with casual vs closest friends, Ss tested at age 59–79 & 73–93 yrs, 14 yr study, 36886
sex, demographic & employment & drug use & mental & medical & criminal & psychosocial & sexual risk taking differences at intake & follow-up, opiate abusers in methadone maintenance, 21301
sex, depression & self-defeating & self-destructive behaviors as predictors of suicidal ideation, 18–60 yr olds, 17994
sex, diagnosis & treatment of client's suspected repressed childhood sexual abuse, therapists, 2790
sex, differences in drug use, rural vs urban 12th graders, 18041
sex, differences in neuropsychology & cognitive processes & gray & white matter volume & CSF, healthy 18–45 yr olds, 20104
sex, disgust sensitivity & self-assessed fears to common indigenous animals, 14–79 yr olds, 14293
sex, EEG during a mental rotation task, male vs female students, 36453
sex, employer-supported training & education, MBA students, 12872
sex, faculty-student interactions & perceptions of classroom environment & interaction patterns, male vs female college students & instructors, 12703
sex, feelings at time of personal loss & length & completeness of recovery, 55–85+ yr old survivors, 17402
sex, gender bias & perceptions of hypothetical male vs female head coach, 15–18 yr old male vs female track & field athletes, 7509
sex, income level, male vs female pharmacists, analysis of human capital & gender stratification theories, 14124
sex, jealousy as function of rival's physical attractiveness & dominance as perceived in facial photographs, college students, 1219
sex, leadership style & job stress & mental health in male vs female dominated industries, managers, 38974
sex, loneliness & social support & perceived relationship with God, 18–22 yr olds, 33924
sex, motivation for going to medical school, students (mean age 22.1 yrs) after 1 mo of classes, 25802
sex, neurobehavioral laterality indices across motor & sensory & language vs spatial & verbal vs spatial memory domains, patients with schizophrenia (mean age 33.9 yrs), 14574
sex, neuropsychological factors & cerebral blood flow patterns in grammatical & reading tasks, adults, 3862
sex, objective & subjective quality of life, 18–59 yr olds with schizophrenia at first admission to hospital, 8152
sex, occurence of mental disorder & psychopharmacological treatment, 8053
sex, olfactory quality discriminationin obsessive compulsive disorder, outpatients, 37400
sex, parent-child sexuality communication, parents of preschool aged children & preadolescents, 30225
sex, perception of evidence in recovered memory civil trial, 20–63 yr old, community members serving as jurors, 32524
sex, perception of horizontal vs vertical in tangible displays, male vs female college students, 23097
sex, perceptions of gender roles in family & society & occupational sex-typing & gender identity, 14–15 yr old kibbutz members vs urban dwellers , 939
sex, perceptions of justice-outcome relationships in work environment, adults, 12846
sex, performance of hands-on activities & science attitudes over the school year, 5–8th graders in performance-based science classrooms, 2950
sex, performance on categories of biological labeling errors, Caribbean 11th grade students, implications for science teachers, 32301
sex, performance on multiple-choice & constructed response mathematics items in context of high school graduation test, 11th graders, 12684
sex, performance on Swedish SAT, students originally tested in 1980, 22504
sex, personality attributes, male vs female medical students, 22357
sex, phonological processing of matched letter strings & unfamiliar words & access to pronunciations of familiar words, college students, 16594
sex, prevalence of alcohol-related problems & partner abuse, White vs Black vs Hispanic couples (18+ yrs old), 37555
sex, psychiatric comorbidity, cocaine using opiate addicts in methadone maintenance program, 9241
sex, psychoactive substance dependency & other characteristics, 17–77 yr old suicide victims, 14463
sex, reasoning about & justifications for military intervention, male vs female college students, 1171
sex, relationship between personality & self-concept & academic attainment, 16–19 yr old students, 29002
sex, research productivity, male vs female scientists, 9307
sex, science achievement, senior high school students, United Arab Emirates, 1987/88–1996/97, 28962
sex, self-differentiation, spouses, 4784
sex, self-efficacy & application of theory of planned behavior in career decision-making process & willingness to pursue sex-atypical careers, 5th-form students, 38940
sex, sex-role orientation & conversation topic, endorsement of traditional gender-role attitudes & behaviors in intimate relationships, 17–57 yr old dating couples, 33909
sex, smoking cessation across study sites & treatments & time of relapse, smokers (mean age 42.6 yrs) who participated in trials of nicotine patch, 6 mo followup, 28788
sex, social loafing, male vs female college students, Japan, 30410
sex, support for conventional vs unconventional political activities, pro-life activists, 1175
sex, toy choice in structured play session, male vs female 1 vs 3 vs 5 yr olds, 17376
sex, treatment prescription & chronic pain adaptation & coping, cancer vs non-cancer patients, 34593
sex, use of traditional folk healing beliefs as helping & coping strategies, 17–80 yr old African Americans, 9054
sex, writing self-beliefs, 3rd–5th graders, 10789
sex-role identity & gender, occupational sex role stereotypes, White South African high school students (mean age 15 yrs), 908
sexual activity in adolescence prior to coital intercourse, 18–25 yr old male vs female college students, 14043
sexual history & physical attractiveness of potential partner, interpersonal attraction & interaction & perceived risk & strength of intention to engage in safe sex, male vs female 17–38 yr olds, 20786
sexy male or female advertisement models, attitudes toward & recall of advertisement & brand name, male vs female undergraduates, 6391
similarities & differences in presentations for treatment assessment, female vs male physicians with substance use disorder, 8365
similarities & differences of supervising & being supervised by males vs females & ethics & fairness in supervision, male & female family therapy supervisors & therapists in training, 15730
smoking history & prepulse inhibition of acoustic startle, males vs females, analysis of data from past 12 yrs , 36465
social change, ability of Thematic Apperception Test-Deprivation/Enhancement measure & Bem Sex Role Inventory to differentiate gender identity, male vs female 17–20 yr olds, 29330
social cognitive theory of gender role development & differentiation, 36786
social desirability & gender-role ideology & acceptance of rape myths, male vs female 17–50 yr olds, 4664
social inequality & behaviors or lifestyles as determinants of health, male vs female adults, 20876
social inequality in self rated health & limiting long standing illness & psychological distress & respiratory symptoms & height & obesity, male vs females, 33 yr longitudinal study, 14408
social stress, ACTH & cortisol levels & other measures of pituitary & adrenal responses, 18–32 yr old females in luteal vs follicular phase of menstrual cycle vs users of oral contraception vs males, 13671
social support & perception of future opportunity & education & career aspirations, male vs female 9–12th grade students, 17386
social support & psychological distress, male vs female 35–55 yr olds, 14606
social support, loneliness & depressive symptoms & bereavement outcome, widows vs widowers, 17493
social-evaluative stress, self-reported & behavioral anxiety & physiological arousal & task performance, male vs females (mean age 21.2 yrs), 20222

sociodemographic characteristics & prevalence of drinking & perceptions of alcohol related problems, male vs female Punjabis living in Canada, 17538
socioeconomic & demographic factors associated with suicide & role of gender, adults aged 65 yrs old & older, British Columbia, 11 yr study, 1671
socioeconomic factors & tobacco smoking patterns, male vs females aged less than 65 yrs, Estonia vs Latvia vs Lithuania, 20812
socioeconomic status & demographic & attitudinal & interactional characteristics, marital disruption, husbands vs wives, 7688
sociolinguistic significance of apology routines within community context via analysis of Creole word sore usage, males vs females living in Bislama, 27297
sound pressure levels, vocal formant frequencies & formant amplitudes, 4–30 yr old males vs females, 33551
sources of national data for monitoring patterns & trends in health differences, males vs females, Britain, 14391
spatial abilities & spatial activities, male vs female technology vs social science college students, 3478
spatial ability in Lego block play task, male vs female 9 yr olds, 4421
squatting vs standing & urban vs rural locations & eye contact & rapport, tipping, male vs female restaurant waitstaff, 4717
stability of emotional aspects of marital interaction, husbands vs wives, 4 yr study, 23879
stability of peer rejection, male & female 8–11 yr olds, 2 yr study, 27074
statistical estimation of expected number of annual prison suicides based on age & gender & opioid dependence, 15–54 yr old inmates, England & Wales & Scotland, 27777
status & power & height, sex of partner with hand on top, handholding heterosexual couples, 4716
stereotype threat & math performance, males vs females, 10142
strength of evidence & juror sex & attributions from sex stereotyping & judgments of work-related sex discrimination, college students, 20855
stress & coping strategies & self esteem & health outcomes of depression & drug use & sexual risk behaviors, impoverished 18–65 yr old male vs female African Americans or Latinos, 8016
structural equation modeling of effects of economic stress on marital quality, 36 yr old men vs women in married vs cohabiting relationships, 1120
student gender & IQ & math performance & teacher's experience & training, attitudes toward computers, gifted 3rd graders & their teachers, Jordan, 29001
student gender & major & gender schema & professor gender, assessment of faculty characteristics & teaching style & effectiveness, college students, 28902
student–physician gender differences, evaluation of physician supervisors after 4-wk clinical clerkship, 3rd yr medical students, 28848
subjective thresholds & subliminal psychodynamic stimuli, anxiety & heart rate, male vs female college students, commentary reply, 4054
substance use, risky sexual behavior, male vs female adolescents, 18 mo study, 14730
substantiation of Child Protective Services reports, male vs female victims of sexual abuse, 38522
supervisors' support, Filipino vs Canadian managerial women with men or women as supervisors , 6294
survival rate & health-related quality of life, males vs females with congestive heart failure, 1 yr study, 5285
take out drops on cigarette filter as aid in smoking cessation, exposure to nicotine & carbon monoxide & cigarette draw & EEG & cardiovascular results, male vs female smokers, 5938
target sex & number of heterosexual relationships & level of sexual activity, judgment of target behavior, male vs female college students, test of sexual double standard, 1185
target speaker chronological age of 60–69 vs 70–79 vs 80+ yrs & sex & vocal characteristics, perceptions of vocal age & stereotypes of older adults, young adult listeners, 33922
teacher vs peer vs self-rating of academic & psychosocial competence, male vs female primary & secondary teachers & male vs female elementary vs secondary students, Greece , 19329
temporal information processing of durations in range of seconds vs milliseconds, male vs female undergraduates, 219
test of T. E. Moffitt's typology of offenders, male vs female stable early-starters vs adolescence-limited vs adult-starters vs discontinuous offenders followed from childhood to age 30 yrs , 24564
time use & activity level & age, male vs female 70–103 yr olds, 36892
tobacco & other substance use, male vs female Black vs White vs Hispanic high school students, 915
total testosterone & IQ as measured by Cattell's Culture Fair Intelligence Test & other measures of fluid intelligence, 18–22 yr olds, 7155
traditional vs flexible assembly line work, psychological & physiological stress responses, male vs female workers, 12901
translation & standardization of Differential Aptitude Test & Primary Mental Abilities, assessment of sex differences in cognitive ability, students, 1979–1995, 32715
treatment history & outcomes, male vs female drug rehabilitation clients, 32033
type & seriousness of health/mental health conditions reported in response to question about chronic illness, males vs females in late 30s & 50s, 14407
type of job transition & level of support & perception of career barriers, 19–66 yr old male vs female employees, 25855
types of social support as predictors of psychiatric morbidity, cohort of British male vs female 35–55 yr old civil servants, prospective study, 4891
typology of alcohol dependence subtypes based on relative genetic & environmental loading, male vs female White vs Black vs Hispanic alcoholic adults, 1781
unemployment & suicide, 15–44 yr old males & females, England & Wales, 1921–95, 34271
use of antidepressants or neuroleptics or antiepileptic or anxiolytic or hypnotic or other psychotropic drugs, male vs female 15–90+ yr old suicides, commentary, 27804
use of antidepressants or neuroleptics or antiepileptic or anxiolytic or hypnotic or other psychotropic drugs, male vs female 15–90+ yr old suicides, 14675
use of VA health & mental health care services, male vs female veterans, 6370
validity & accurate prediction of therapist ratings in MMPI—2 content scale constructs & structure, male vs female outpatients (mean age 33.16 yrs), 9870
validity & reliability of use of English film clips for assessment of affective reactivity, male vs female 19–42 yr old German college students, 14306
validity of items in Mathematics as a Male Domain scale of Fennema-Sherman Mathematics Attitude Scales, 22509
validity of Personal Growth Initiative Scale & relation to ways of growing & gender role orientation, males vs females (mean age 19.01 yrs), 9846
variable pronoun usage in speech, males vs females, 33564
variation in frequency & location of sulcal boundaries of Heschl's gyrus in volumetric MRI scans, right vs left handed male vs female 5–12 vs 18–65 yr olds, 3877
verbal & nonverbal & contextual cues, perceptions of impaired judgment & coercion & sexual consent & appropriateness of sexual intercourse & rape, male vs female college students , 14208
verbal & semantic memory & vocabulary & other neuropsychological deficits, male vs female elderly adults with Alzheimer's disease, 31286
verbal & visuospatial ability, sex differences in episodic memory, 20–40 yr old males vs females, 32780
verbal vs nonverbal introduction of condom into initial sexual encounter vs no condom control by male, perceptions of male condom proposer, male vs female college students, 11069
vertical brow & head movement photographed face poses, speeded gender categorization of faces, 15–55 yr olds posing for photographs & college students, 32793
victim's age & sex & observer's sex, attribution of responsibility for extrafamilial child sexual abuse to victim & nonoffending parents, college students, 8245
viewing sexist vs nonsexist TV ads, body satisfaction, 18–35 yr old male vs female university students, 26924
vocational & relationship stressors & identity formation, mental health, 15–24 yr olds, 3 yr study, 27036
volunteer motivations & comparison to adult & college student volunteers, male vs female medical school student, 22342
withholding age in personal advertisements for mate, females vs males, 14249
women's dependence & family ties to men & degree of similarity in gender-related attitudes, males vs females, 7735
women's status & gender differences & distribution of power & choice of union type & nature of male–female relationship, fertility, Costa Rica, 11061
women's vs men's interruptions in conversations, meta-analysis, 4646
worksite health promotion intervention, tobacco smoking & cessation, male vs female blue collar workers, 2.5 yr follow up, 5791

Humor, the transitional space, and the therapeutic process, 21843
The psychoanalysis of humor and humor in psychoanalysis, 20970
This scherzo is [not] a joke, 20973
Winnicott's laughter, 20976
Hungary—Serials
blood group prevalence among completed vs attempted suicides, Hungary, 1991, 18022
factors involved in completed suicides, Hungary, 30862
history & change & professional status of psychoanalytic thought & child psychotherapy, Russia & Hungary, 5487
marriage & divorce & birth & death & suicide rates, death rate from liver cirrhosis, US vs Hungary, 5223
Hungary—Books
Stereotypes during the decline and fall of communism, 17618
Hungary—Chapters
Drug users as scapegoats in Hungary?, 5104
Hunger—Serials
before- & after-meal hunger & thirst & meal size & macronutrient & energy intake, identical & fraternal same- & mixed-sex adult twin pairs, 33176
clonidine, food intake & hunger & satiety & sedation, healthy 21–30 yr olds, 647
consumption of soup preload with maltodextrin, food intake & hunger & fullness ratings during lunch, male 20–28 yr olds, 4086
dependence of fin digging on sex of parent & brood stages & satiation, chiclids, 3790
exposure to prenatal famine, patients with schizophrenia, Netherlands, 4944
hunger, chocolate craving, chocolate cravers vs noncravers, 16996
hunger, food attitudes, college students, 17003
locus & extent of subjective hunger sensations, college students, 29927
satiation vs hunger, foraging responses to visual and/or vibratory cues from prey, wolf spiders tested as immatures & adults, 10341
subjective hunger sensation & anxiety & depression, obese elderly, 8465
Huntingtons Chorea [See Huntingtons Disease]
Huntingtons Disease—Serials
(-)-OSU6162 on dopaminergic system, 50 yr old female with Huntington's disease, 38318
cerebral blood flow velocity during cognitive stimulation, patients with Huntington's disease, 8621
clinical features of depression & dementia & akinetic rigid syndrome & atypical cortical atrophy in neuroimaging findings, 58 & 61 yr old females with Huntington's disease, 5344
cognitive function, adult males with multiple sclerosis vs Huntington's disease vs cortical dementia, 1389
differential involvement of frontosubcortical circuits, neuropsychiatric symptoms, adults with Huntington's disease vs progressive supranuclear palsy, 2054
importance of neuropsychological assessment & review of family history for proper diagnosis, 56-yr-old male with Huntington's disease, 31052
individual & family counseling & peer support groups & advocacy as social work interventions for individuals who pre-symptomatically tested positive for Huntington's disease, 8722
longitudinal decline in cognitive or psycho- or oculomotor function, presymptomatic gene or non-gene carriers at risk for Huntington's disease, 3+ yr follow up, 24821
measurement of residual function & compensatory resource allocation using functional MRI, 48-yr-old male with Huntington's Disease with dementia & parietofrontal atrophy, 18366
motor learning through motor imagery & possible involvement of basal ganglia, Parkinson's vs Huntington's disease patients, 24860
neuropsychological correlates & treatment issues of Huntington's disease, 5348
olfactory function & dementia, Alzheimer's vs Huntington's disease patients vs persons with Down syndrome vs APOE4 allele, 21587
phonemic clustering & switching during word-list generation, 15–64 yr olds with Huntington's disease, 5-yr study, 34672
relationship between GluR6 gene & age of onset, 3–75 yr olds with Huntington's disease, 37763
response selection deficits in discrimination & reversal & shift learning, patients with early-stage clinically symptomatic Huntington's disease, 37868
retrieval & response latencies of semantic memories, patients with Alzheimer's disease (mean age 75.1 yrs) &/vs Huntington's disease (mean age 47.2 yrs), 24844
risperidone, abnormal involuntary movements & psychiatric symptoms, patients with Huntington's chorea, 12159
risperidone, psychosis, 55 yr old female with Huntington's disease, 2359
striatal dopamine levels, susceptibility of striatal neurons to 3-nitropropionic acid induced toxicity, female rats, animal model of Huntington's disease , 7084
types & frequencies of criminal convictions, adults with Huntington's disease & their nonaffected first degree relatives, 2042
use of microdialysis to compare effects of chemical lesioning on neurotransmitter release, male rats, animal model of neurodeterioration in Huntington's disease, 33473
Huntingtons Disease—Chapters
Prognostications and predispositions, 28062
Husbands—Serials
association of wives' & husbands' alcohol use & working & childrearing & age & marital happiness & SES, spouses, 20799
burden & quality of life & coping methods, 64–92 yr old husband caregivers of their 68–90 yr old wives with Alzheimer's disease, 22222
gender & marital satisfaction, husbands vs wives, 4620
husband vs wives resources & marital dissolution, examination of the wive's independence hypothesis & the husband's income hypothesis, 4629
husband's aggressive-behavior-causing expectancies concerning effects of alcohol & drinking patterns & marital violence, newlywed couples, 1-yr study , 11635
husband's vs wife's drinking habits, spousal drinking behavior, 18–29 yr old newlywed couples, 1 yr follow up, 17540
predictors of perceptions of responsibility & punishment of abusive & violent husbands, engaged 17–35 yr old males, 8263
relative earnings, marital disruption, husbands vs wives, 4614
variables impacting marital power relations & anticipated dependence on one's spouse, elderly husbands, 20722
Hybrids (Biology)—Serials
preferences for odors of consubspecific vs heterosubspecific members of opposite sex, male vs female Mus musculus domesticus vs musculus vs hybrid mice , 3690
sexual selection perspective of unidirectional hybridization, male & female animals, 26536
Hydrocephaly—Serials
cognitive visual functioning, 5–17 yr olds with hydrocephalus, 24813
etiology with congenital vs infantile onset, persistent motor control & strength & balance & gait & posture & fine motor skills, 5–15 yr olds with hydrocephalus, 11897

shunt for congenital hydrocephalus in spina bifida vs aqueductal stenosis, neuropsychologic & adaptive functioning & presence of nonverbal learning disabilities observed in childhood, adults, 18824
symptoms & etiology & diagnosis & surgical treatment of dementia resulting from normal pressure hydrocephalus & use of phase-contrast CSF MRI for patient screening, 31249
Hydrocephaly—Chapters
Congenital hydrocephalus as a model of neurodevelopmental disorder, 31094
Language development in atypical children, 24643
Hydrocortisone—Serials
acute administration of hydrocortisone, 5-HT receptor function, 18–40 yr old males, 732
aggression & other aspects of temperament, salivary cortisol assessed mid morning & afternoon at home & in childcare setting, male vs female 3–5 yr 6–8 yr olds, 23455
aggression, cortisol & prolactin responses, adult males with high vs low aggression & psychoticism, 11294
biochemical markers & self-estimated psychiatric health & posttraumatic symptoms, 34–59 yr old rescue workers, 34199
blood cortisol responses to carbon dioxide-induced panic, patients with panic disorder with vs without agoraphobia vs healthy Ss, 24343
burnout & perceived stress, HPA dysregulation as measured by early morning free cortisol levels after awakening & after dexamethasone suppression, teachers (mean age 42 yrs), 13679
cardiovascular & cortisol responses to standardized stress test, Lithuanian vs Swedish 50-yr-old men , 13674
changes in gonadal & adrenal hormones & cortisol & body weight & comparison to socially housed animals, breeding readiness, individually housed male vs female squirrel monkeys, 13647
child cortisol reactions to parent–child conflict, vulnerability for internalizing behavior problems, 5–11 yr olds & their 23–32 yr old mothers, 7324
cholecystokinin agonist pentagastrin, dose dependent ACTH/cortisol release & anxiety/panic symptoms & cardiovascular response, 18–45 yr olds, implications for hypothalamic-pituitary-adrenal axis, 33357
chronic burnout & somatic arousal & salivary cortisol levels, 20–64 yr old blue-collar workers, 29118
chronic social stress, hippocampus-mediated vs hippocampus-independent working memory & urinary cortisol, male tree shrews, 10522
corticotropin releasing hormone & cortisol & depression & conduct disorder symptoms, pregnant 13–19 yr olds assessed during pregnancy & postpartum, 17836
cortisol & adrenal androgens & dehydroepiandrosterone & & 17-alpha-hydroxyprogesterone, adults with major depression vs chronic fatigue syndrome, 27626
cortisol & beta-endorphin levels, stereotypic behavior, horses, 20210
cortisol activity before & after public speaking stressor & positively activating & humorous video & during resting condition, healthy 20–30 yr old males, 10507
cortisol secretion across menstrual cycle, 21–46 yr old females with vs without premenstrual depression, 8508
CSF corticotropin-releasing hormone levels & adrenocortical activity, 23–49 yr old combat veterans with PTSD, errata , 24319
CSF corticotropin-releasing hormone levels & adrenocortical activity, 23–49 yr old combat veterans with PTSD, 17929
depressive symptomatology & plasma cortisol release in response to strenuous physical exercise, post-menopausal females, implications for role of hypothalamic-pituitary-adrenal axis, 13682
depressiveness & anxiety & perceived stress & self-efficacy as moderators of relationship between physiological exercise stress & growth hormone & cortical & testosterone secretion, 17–26 yr old males, 23459
dysregulation of corticotropin & cortisol response after corticotropin releasing hormone stimulation, outpatients with bipolar disorder, 34135
extraversion & neuroticism & psychoticism, circadian cortisol rhythm, adults, 26720
gastrointestinal symptomatology & plasma prolactin & cortisol levels & patterns during neutral & stress interviews, 24–50 yr olds with functional dyspepsia, 21466
group cognitive behavioral stress management & changes in mood & perceived stress, plasma dehydroepiandrosterone sulfate level & ratio to cortisol level, HIV-seropositive males, 10-wk study, 25289
harassment, cardiovascular and salivary cortisol stress reactivity and recovery, 18–33 yr old males vs females, 10512
health status & mood & cognition & saliva cortisol & social activities, homesick vs homesick-prone vs recovered vs non-homesick female 18–79 yr olds, 29971
hydrocortisone, learning & memory & executive function, 21–44 yr old males, 33515
hypercortisolemia, post-ECT recovery from confusion, depressed geriatric patients, 12121
hyponeophagia vs eating in feeding test & urine & serum cortisol as fear or stress correlates, blue & silver foxes, 13467
individual differences in social competence & salivary cortisol response measured before vs 20 vs 35 min after self presentation task, 7 yr olds, implications for socio-emotional development , 17374
induced success or failure, self-esteem & free cortisol stress response, adults, 20936
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22038
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22071
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, comment reply, 22069
low dose oral hydrocortisone, symptoms & global wellness & depression & mood, 18–55 yr olds with chronic fatigue syndrome, implications for role of hypothalamic pituitary adrenal axis, commentary, 22049
maternal soothing & everyday distress, cortisol & behavioral stress responses, infants, 13895
minor physical anomalies & dermatoglyphic asymmetries & cortisol levels, adolescents with schizotypal personality disorder vs other personality disorders, 17967
mirtazapine, growth hormone vs prolactin vs cortisol secretion, 20–35 yr old healthy males, 30019
mood state & anxiety & cortisol & secretory immunoglobulin in hindmilk, lactating mothers, 20236
naloxone vs nalmefene, ACTH & cortisol responses as measures of hypothalamic-pituitary-adrenal axis activation, 22–72.5 yr olds, implications for treatment of alcoholism, 743
naloxone, adrenocorticotropin & cortisol release, outpatients with depression, 27584
novel open field environment vs restraint stress, scent marking & cortisol levels, male bushbabies, 23268
physostigmine before & after chronic cholinergic blockade, cortisol, elderly adults (mean age 66.8 yrs), 26761
plasma cortisol vs dehydroepiandrosterone, memory, estrogen using vs nonusing adults with vs without Alzheimer's disease, 24788
plasma endothelin-1 peptide levels, cardiovascular risk, adults with major depression & hypercortisolemia, 37320
plasma tryptophan & other amino acids & cortisol & vitamin B12 & urinary pterins as biological markers, pregnant vs early postnatal adult females with vs without postpartum depression , 27571
platelet serotonin & plasma cortisol & dexamethasone suppression test, 18–55 yr old male patients with schizophrenia, 21150
postpartum maternal behavior & stress as assessed by urinary cortisol levels, captive lowland gorillas & their 0–14 day old infants, 4018
predation threat & food accessibility & individual dominance status, fecal cortisol levels as measure of physiological stress, free-ranging female ring-tailed lemurs, 16789
prenatal depression & catecholamine & cortisol levels, neonatal neuromotor performance & catecholamine & cortisol levels, pregnant mothers with depression (mean age 19.4 yrs) & their neonates, 24211
psychological factor of salivary cortisol secretion & stress reactions, unemployed individuals, 6285
role of cortisol in sexual behavior, female musk shrews, 10503
role of hydrocortisone & other glucocorticoid hormones in stress induced impairment of neuronal function & contribution to brain aging & cognitive impairment, 7070
salivary cortisol & behavioral responses to physical examination & relation to home sleep/wake activity, 7–15 wk olds, 7408
salivary testosterone & cortisol & mood responses to real match between professional basketball teams, males, 13667
seasonal sexual behavior & environmental conditions, fecal testosterone & cortisol levels, male monkeys, 20034
self-administration of cocaine, cortisol & adrenocorticotropic hormone release & hypothalamic-pituitary-adrenal axis function, rhesus monkeys, 23492
sports competition & outcome & motivation & self efficacy & self appraisal of & satisfaction with performance, levels of testosterone & cortisol & prolactin, male judo fighters, 23474
stress-level cortisol, decreased memory performance, 18–30 yr olds, 23559
testosterone & pulsatile LH secretion & FSH & cortisol, 22–72 yr old male inpatients with major depression, 21107
toy & foraging enrichment, behavior & plasma & fecal cortisol, wild-caught adult male brown capuchins, 16 wk study, 19967
urinary free cortisol & fractures, 70–79 yr olds, implications for depression, 28023
urine vs serum based measurement of cortisol levels, community dwelling 43–93 yr olds, implications for assessment of stress, 20239
Hydrocortisone—Chapters
Family environment, stress, and health during childhood, 7350
Hormonal correlates of personality and social contexts: From non-human to human primates, 7141
Hydroxydopamine (6-)—Serials
cholecystokinin octapeptide in inhibiting ingestive behavior, male rats with lateral hypothalamic 6-OHDA mine lesions, 4251
hydroxydopamine-induced dopamine depletion in medial prefrontal cortex, motor & neurochemical response to cocaine, male rats, 33366
relationship of 5-HT2C & D1 receptors, neonatal 6-OHDA rat model of Lesch-Nyhan syndrome, 33359
Hydroxyindoleacetic Acid (5-)—Serials
clozapine, homovanillic acid & 5-HIAA & MPHG & cortisol & prolactin in plasma &/or urine & psychopathology scores, males with schizophrenia (mean age 33.3 yrs), 2332
CSF 5-HIAA & HVA concentrations & depression & anxiety & impulsivity, 18–69 yr olds who have attempted suicide, 4 yr study, 24398
HVA & 5-HIAA & MHPG CSF metabolite values & relation to life history & behavior, 40–140 mo old male vs female anubis & hybrid baboons, 20202
memory impairment & decrements in CSF 5-HIAA, 20–44 yr old MDMA (Ecstasy) users, 8336
PCP or citalopram, extracellular 5-HT vs 5-HIAA vs GABA levels, rats, 708
salivary prolactin & cerebrospinal fluid 5-hydroxyindoleacetic acid concentrations, rhesus monkeys, 30025
venlafaxine vs bupropion, CSF levels of 5-HIAA & serotonin & 3-4-MHPG & HVA & DOPAC, outpatients with unipolar depression, 12205
Hydroxylase Inhibitors—Serials
adrenocortical suppression with metyrapone, psychological stress-induced changes in memory storage, male rats, 13775
kynurenine hydroxylase inhibitors mNBA or Ro 61-8048, immune-stimulated effect on quinolinic acid in blood & brain, male mice, 33378
metyrapone, restraint & plus-maze induced anxiogenic behavioral & neurochemical sequelae, male rats, 4115
Hydroxylases—Serials
allelic variation in cytochrome P450IID6 gene, Alzheimer's disease patients with apolipoprotein E genotype, 15000
interindividual variability in paroxetine steady-state plasma concentration, White adults with heterozygous vs homozygous debrisoquine/spartenine hydroxylase genotype, 5–15 day study, 36600
serum dopamine beta-hydroxylase activity before & after hospital treatment, 62–92 yr old delusional vs nondelusional depressed patients , 14492
Hydroxytryptamine (5-) [See Serotonin]
Hydroxytryptophan (5-)—Serials
involvement of 5-HT & dopamine in action mechanisms of tricyclic antidepressants & monoamine oxidase inhibitors & selective serotonin reuptake inhibitors, treatment of major depression, 8873
synaptic action of serotonin (5-HT) in the cerebral cortex & implications for depression & schizophrenia, 7121
Hydroxyzine—Serials
hydroxyzine & buspirone, 18–65 yr olds with generalized anxiety disorder , 2353
Hygiene—Serials
hygienic function of allogrooming, white crowned mangabeys, 36358
self-efficacy & outcome expectations & dental health value, prediction of dental plaque preventive oral hygiene behavior, 22–72 yr olds, 25372
Hygiene—Books
The very lonely bathtub, 36837
Hyoscine [See Scopolamine]
Hyoscyamine (dl-) [See Atropine]
Hyperactivity [See Hyperkinesis]
Hypercholesterolemia [See Metabolism Disorders]
Hyperglycemia—Serials
2-deoxy-D-glucose, feeding & activation of hypothalamic pituitary adrenal axis & hyperglycemia, male rats with lesions of area postrema, 4143
diazepam vs tandospirone, hyperglycemia elicited by immobilization-induced stress, normal male mice, 4276

hyperglycemia associated with olanzapine treatment, 45 yr old male with diabetes & hypertension & major depression & hallucinations, 25203
partial seizures & aphasia, 60 yr old female with nonketotic hyperglycemia, 5191
tamoxifen or estradiol or metformin for counteracting antihyperglycemia & subsequent obesity induced by typical & atypical antipsychotic drugs, humans & animals, 29977

Hyperkinesis—Serials

[F]DOPA & presynaptic dopaminergic accumulation in high midbrain, 10–17 yr olds with ADHD, 30815
abnormalities in corpus callosum morphology, 7.6–14.6 yr old females with Tourette disorder with vs without attention deficit hyperactivity disorder, 37889
acute vs chronic antidepressant pretreatment, phencyclidine -induced locomotor hyperactivity, male rats, 13801
ADHD & gradepoint average & academic problems & psychological impairment, 11689
ADHD & personality & biopsychosocial correlates & treatment planning, 27945
age, comorbidity differences in ADHD subtypes & oppositional behavior & conduct & affective disorders, male vs female 3–18 yr olds, 24594
ampakines & antipsychotic drugs, methamphetamine induced hyperactivity & neuroleptic induced catalepsy, male rats, implications for treating schizophrenia, 20307
analysis of recent rise of ADHD & contribution of press & parents' organizations & experts & drug companies in context of current marketization of education & health services, Britain, 30945
anger & aggression & depression & anxiety, 6–12 yr olds with vs without ADHD, 30943
animal model for alcohol responsiveness & hyperreactivity & motor restlessness & defensive behaviors, male rats treated neonatally with neurotoxin 6-hydroxydopamine ADHD, 36553
antidepressant vs stimulant treatment, adults with ADHD, 12187
antioxidant therapy in treatment of ADHD, 38260
anxiety, 6–12 yr olds with ADHD not responding well to psychostimulant medication in intermediate & long term, 31707
association between continuous performance tests & heart rate variability, 7.5–12 yr old males with ADHD, 14812
atrioventricular nodal re-entrant tachycardia associated with stimulant treatment & sertraline, 13 yr old female with obsessive compulsive disorder, 31650
attention & action selection & functioning of basal ganglia & thalamus as seen in EPs, patients with Parkinson's disease & epilepsy & obsessive neurosis & adolescents with ADHD, 18125
attention deficit hyperactivity disorder, male prisoners (mean age 26.1 yrs), 37625
behavior rating scales & concordance between multiple informants in diagnosis of ADHD, 29379
behavioral patterns & prevalence of language deficits, 6–11 yr olds with primary attention-deficit vs ADHD, 1861
bupropion, symptoms & sleep patterns, 14-yr-old female with ADHD and periodic limb movement disorder, 25191
bupropion, symptoms of ADHD, 14–17 yr old males with conduct & substance use disorders & ADHD in residential treatment program, 5 wk study, 8938
carbamazepine, worsening of methylphenidate-treated symptoms, 13 yr old female with ADHD, 12233
cardiac responsiveness during performance of attention task, hyperactive vs nonhyperactive 7–12 yr olds with pervasive developmental disorder not otherwise specified, 34422
central features of & overlap between ICD-10 & DSM-IV diagnostic criteria & neurodevelopmental & academic & cognitive correlates, 6–12 yr olds with ADHD vs hyperkinetic disorder, 11702
characteristics of ADHD & neurocognitively oriented vs homework support treatment, academic treatment outcome, children with learning disabilities with vs without ADHD, 18149
childhood ADHD & conduct problems as predictors of adult criminal activity, 23–30 yr olds , 14648
childhood conduct disorder & ADHD & adult antisocial personality disorder, 18–63 yr old maximum security inmates, 1839
childhood diagnosis of ADHD, educational & occupational & residential & marital status & use of mental health services & psychological status, male 18–26 yr olds, follow-up study, 11687
choreoathetoid movement & euphoria induced by rapid adjustment to methadone, 26 yr old male who abused heroine & cocaine, 5922
clinical definitions & correlates & neurodevelopmental deficits in ADHD with anxiety, 1420
clinical management, adults with ADHD receiving pharmacotherapy, 28267
clinical practice of combining clonidine & methylphenidate, children with ADHD, commentary, 21959
clinical practice of combining clonidine & methylphenidate, children with ADHD, commentary , 21975
clonidine with vs without psychostimulants, electrocardiogram variability, 4–16 yr olds with attention deficit/hyperactivity or tic disorder, 34989
cognitive & behavioral aspects of attention, 7–13 yr olds with developmental right hemisphere syndrome vs ADHD, 24823
community based study on ADHD prevalence & medication among elementary school children as catalyst for formation of regional school health coalition, 19215
comorbid oppositional defiant disorder or conduct disorder, 3–17 yr olds with inattentive vs hyperactive-impulsive vs combined type ADHD, 5026
comorbidity & familial subtypes of ADHD & conduct disorder, 6–17 yr old male probands with ADHD & siblings from antisocial families, 4 yr followup, 1691
comorbidity of Tourette's syndrome & obsessive compulsive & attention deficit hyperactivity disorders, 24103
component structure & score distribution of parent & teacher completed Diagnostic Rating Scale, screening for ADHD symptoms, 6–12 yr old boys vs girls referred for school-related problems, 32661
confirmatory factor analysis of DSM-IV/ADHD rating scale, prevalence of hyperactivity & impulsivity & inattention, 5–11 yr old male vs females, 13063
confirmatory factor analysis of Multidimensional Anxiety Scale for Children, 7–9 yr olds with ADHD, 29380
coping & adjustment, parents of children with ADHD, 1852
coping strategies, 31–52 yr old mothers of children with ADHD, 27914
correlation of School Performance Rating Scale & ADD-H Comprehensive Teachers' Rating Scale, estimations of academic behavior after treatment, elementary school students with ADHD, 32307
cueing procedure, impulsivity, 8 yr old boys with attention deficit hyperactivity disorder, 15201
development of aggressive & hyperactive–inattentive behavior problems & probability & nature of school adjustment problems, behaviorally disruptive kindergarten students, 6247
development of state regulation & impulse control, 7–12 yr old males, implications for ADHD, 36827
developmental & clinical differences in on-line representation of ongoing social events, 5–10 yr olds with vs without ADHD, 18128
developmental progression of comorbid oppositional defiant disorder, 6–10 yr olds with ADHD, 4 yr study, 37621
diagnosis & prevalence & etiology & primary mental health treatment of ADHD, 8440
diagnostic utility of & performance on Continuous Performance Test, adults with ADHD symptomatology, 3310
differences in EEG, 8–12 yr olds with ADHD of Combined vs Predominantly Inattentive Type, 1845
discriminant validity of DSM-IV ADHD types, 3.17–17.83 yr olds, 11693
dopamine D_4 gene 7-repeat allele, adult with ADHD & their spouse & child with ADHD, 21385
DSM-IV diagnosis of ADHD & response to methadone maintenance treatment, patients with comorbid diagnosis, 30942
early psychiatric symptoms, prediction of later physical aggression & hyperactivity, community dwelling dementia patients, 2058
effectiveness & side effects of methylphenidate, symptoms of ADHD, 5–12 yr old Native Americans with or with partial fetal alcohol syndrome, 8927
efficacy & safety of 4 doses of amphetamine Adderall, 7–14 yr olds with ADHD, commentary, 12164
efficacy & safety of antipsychotics, 2-18 yr olds with conduct & psychiatric disorder & hyperactivity & aggressiveness & autism & schizophrenia, 21872
efficacy of intervention for improving attention, 7–11 yr olds with ADHD, 37963
etiology & diagnosis & treatment of aggressive behavior in ADHD & conduct disorder & pervasive developmental disorder, 24109
evaluating & treating violent adolescents in managed care era, 15-yr-old boy diagnosed with attention deficit hyperactivity disorder, 15502
evidence of genetic contribution to ADHD, 14838
executive function deficits & comorbid oppositional defiant or reading disorder, 7–13.5 yr olds with combined or predominantly inattentive types of ADHD, 34434
executive functioning performance, stimulant medicated vs nonmedicated 6–12 yr olds with ADHD, 24587
experiences & effects of disruption & victimization & management strategies, siblings of males with ADHD, 18124
exploratory eye movements to thematic pictures, 9.1–19.3 yr olds with schizophrenia vs ADHD, 14402
familial transmission of ADHD, African American 1st degree relatives of 6–17 yr olds, 11700
flexibility & planning capacities & inhibition aspects of executive function, 6–18 yr olds with autism vs 8–17 yr olds with Tourette Syndrome vs 8–18 yr olds with ADHD, 24096
functional hyperdopaminergia, dopamine transporter gene knock-out mice, implications for psychopathology, 29794
functional MRI of prefrontal brain regions during motor response inhibition & motor timing, 12–18 yr old males with ADHD , 24601
genetic disposition for global maturity as explanation for genetic effects on parental report on ADHD symptoms, 8–9 yr old twins, 24605
genetic influence on childhood hyperactivity & contrast effects, parent vs teacher ratings of twin pairs, 5054
genetic studies of dopamine D4 receptor gene variants in novelty seeking & alcoholism & drug abuse & attention deficit hyperactivity disorder, 24157
ginseng total saponin, nicotine-induced hyperactivity & reverse tolerance & dopamine receptor supersensitivity, mice, 33425
ginsenosides, cocaine-induced hyperactivity & conditioned place preference & postsynaptic dopamine receptor sensitivity, male mice, 33426
Goldman-Fristoe-Woodcock Test of Auditory Discrimination vs Stoop Color and Word Test, psychodiagnosis, 18–72 yr olds with ADHD, 16337
guide for child mental health professionals in recognizing hyperacitivity in children, 37630
high dosages pemoline, 19–60 yr olds with attention deficit hyperactivity disorder, 21977
hyperactivity & executive cognitive functioning in childhood, tobacco & cannabis use in adolescence, 10–12 yr old males with vs without substance using fathers, 2 yr followup, 11598
immediate memory abilities, 6–13 yr olds with ADHD or undifferentiated attention deficit disorder with vs without learning disability in reading, 17261
incidence of ADHD, adult psychiatric outpatients referred or being treated for other mental disorders, 21388
intercorrelation between Test of Variable Attention & Performance IQ of Wechsler Intelligence Scale for Children-III, 6–16 yr olds with ADHD, 16336
issues in & clinical practices of ADHD & communication disorders, children & adolescents, 7992
lifestyle personality attributes, 17–23 yr old college students with diagnosed vs symptoms of ADHD, 24588
limits of Ritalin & importance of parent–child relationship & cross-generational dynamics in psychotherapeutic work, children with ADD/ADHD & their parents, 5479
medium term outcome of stimulant drugs, children (mean age 10.6 yrs) with Attention Deficit Hyperactivity Disorder, 37632
memory function, adolescents with schizophrenia vs ADHD, 37232
methylphenidate dose, ERPs during attention task performance, children with ADHD, 28501
methylphenidate hydrochloride, male 55 yr old with ADHD, 22061
methylphenidate treatment & childhood inattention-overactivity & aggression, prediction of outcome at age 21–23, 4–12 yr old males with hyperkinetic reaction of childhood/minimal brain dysfunction, 38292
methylphenidate vs clonidine, response inhibition & state regulation, 6–12 yr olds with ADHD, 15351
methylphenidate vs dextro-amphetamine, discriminative & self-rated effects, 8–12 yr olds with ADHD, 1853
methylphenidate, behavior & frequency & severity of motor or vocal tics, 6–11 yr olds with ADHD & chronic motor tic or Tourette disorder, 2 yr study, 18484
methylphenidate, behavior & frequency & severity of motor or vocal tics, 6–11 yr olds with ADHD & chronic motor tic or Tourette disorder, 2 yr study, commentary, 18477
methylphenidate, behavior problems & quality of life, 26 yr old male with intellectual disability & ADHD, 12247
methylphenidate, EEG changes, 8–13 yr olds with ADHD, 25189
methylphenidate, occurrence & severity of side effects, 4–6 yr olds with ADHD, 8892
moderating role of cognitive functioning in relationship between hyperactivity & drinking habits, 16–45 yr olds, 10666
Munchausen-by-proxy syndrome & related cultural & family issues, 11 yr old male immigrant presenting with hyperactivity, commentary appended, 5549
negative-prime Stroop task & directed-forgetting memory task as tests of cognitive inhibitory ability, 8–15 yr olds with ADHD, 27920
neurobiology & diagnosis & treatment, children with ADD/ADHD, 5146
neuropsychological functioning, adults with attention deficit/hyperactivity disorder, 8430
neuropsychological performance & frontal lobe executive functioning, 21–55 yr olds with ADHD, 18126

neuropsychological performance, aggressive & nonaggressive 13–17 yrs old with conduct disorder with or without ADHD, 27465
NMDA receptor antagonist CPP, development & expression of conditioned hyperactivity & sensitization induced by cocaine, male rats, 23503
opposition to clinical use of combined methylphenidate & clonidine, children with ADHD, commentary, 21960
organization & execution of motor sequences of varying complexity, 7–8 yr olds with pure hyperactivity &/vs conduct disorder, 1710
orphanin FQ administered to intraventral tegmental area, cocaine induced hyperlocomotion & sensitization, male rats, 26824
paired associate learning deficits, 7–13.5 yr olds with ADHD with or without oppositional defiant disorder, 27464
parent- & teacher-reported internalizing & externalizing symptoms, male 6–12 yr olds with ADHD with vs without comorbid chronic tic disorder, 27485
parents' vs adolescents' reports for diagnosis of ADHD, 12–14 yr olds & their parents, Brazil, 30947
paroxetine with vs without WAY 100635, olfactory bulbectomy-induced hyperactivity & serotonin receptor functioning, male rats, animal model of chronic antidepressant drug action, 26756
perception of nonverbal social cues, 7–10 yr olds with Attention-Deficit Hyperactive Disorder with or without learning disability, 37627
periodic limb movement disorder & restless legs syndrome, 2–15 yr olds with ADHD, 8439
pharmacological intervention & treatment guidelines, substance abusers with adult ADHA, 31669
phonological working memory & speech discrimination, 8–15 yr olds with ADHD with vs without developmental coordination disorder, 24595
plasma neuropeptide-Y levels & monoamine metabolism & electrolyte excretion & drinking behavior, 6.5–14.3 yr olds with ADHD, 5145
play & TV & meals & sleep settings, behavior, male 3–5 yr olds with ADHD, 11701
prediction of response to methylphenidate, 3–16 yr old outpatients with ADHD, 8954
prenatal caffeine exposure, fearfulness & hypoactivity & exaggerated stress,l animals & humans , 20361
prescribing methylphenidate & prevalence of ADHD, 9–12 yr olds, 1990–1995, 21945
pretreatment with 5-HT antagonist SB206553, cocaine-induced hyperactivity in open field test, male rats, 20331
prevalence & age & IQ & observed disruptive behavior & internalizing & externalizing symptom severity, self- vs adult-identified 6–10 yr old males with ADHD, 24606
prevalence & subtypes of ADHD, hospitalized patients with alcohol &/vs cocaine dependence, 30876
prevalence and genetics and treatment options, children with attention deficit hyperactivity disorder, 14819
prevalence of ADHD & comorbid disruptive behavior disorders & other impairments, 12–14 yr olds, 24600
prevalence of ADHD in current & childhood history & utility of Wender Utah Rating Scale for retrospective reporting of ADHD, adults with anxiety disorders, 24337
problems in diagnosis & treatment of ADHD, 9 & 45 yr old males & 14 yr old female , 11991
problems in diagnosis & treatment of ADHD, 9 & 45 yr old males & 14 yr old female, comment, 24923
problems in diagnosis & treatment of ADHD, 9 & 45 yr old males & 14 yr old female, comment, 24898
problems in diagnosis & treatment of ADHD, 9 & 45 yr old males & 14 yr old female, comment, 24902
problems in diagnosis & treatment of ADHD, 9 & 45 yr old males & 14 yr old female, reply , 24926
psychoeducational group, 31–52 yr olds with ADHD, 15463
psychological functioning, college students with confirmed vs self-reported vs without ADHD, 28998
psychosocial factors & assessment, 8–12 yr olds with hyperkinetic & conduct behavior, 14692
pycnogenol treatment, 10 yr old male with ADHD, 18690
pycnogenol treatment, 10 yr old male with ADHD, commentary, 38248
report on Development Conference on Diagnosis & Treatment of ADHD, implications for dance/movement therapists, 31750
response to methylphenidate, 6–12 yr olds with ADHD with vs without comorbid anxiety, 18817
ritalin, academic achievement & cognitive ability, 9–11 yr olds with attention deficit hyperactivity disorder, 27919
ritanserin or MDL100907 or SB42084, hyperactivity induced by MK-801, female mice, 26828
role of anterior cingulate cognitive division dysfunction, 22–47 yr olds with ADHD, 24578
role of event-related potentials in differentiating children with autism vs dyslexia vs attention-deficit disorder vs multiple complex developmental disorder, 34433
role of serotonergic system in pathophysiology of ADHD, 7–16 yr olds, 21390
role of serotonin in calming effect of psychostimulants on hyperactivity, dopamine transporter knockout mice, implications for ADHD in humans, 10578
school counselor strategies for preparation for transition to work or postsecondary education, high school students with attention deficit hyperactivity disorder, 3007
school-based cognitive behavior modification, hyperactivity–impulsivity & aggression, 5–18 yr old students, 29033
seasonal affective disorder, adults with ADHD, 27930
sensitivity to differences in reward frequency & effects of methylphenidate on signal-detection task, 6–14 yr old boys with vs without ADHD, 30952
similarities & differences in neuropsychiatric correlates, children with Tourette's syndrome &/or ADHD, 1417
size of cerebellar vermis, clinical cognitive functioning, male 8.2–14.6 yr olds with ADHD, 5141
sleep problems & subtype & comorbidity & efficacy of stimulant medication, 6–12 yr olds with ADHD, 37624
social impairments & other predictors of substance use disorders, nonreferred 9–18 yr old siblings of boys with vs without ADHD, 4 yr follow-up, 30941
sociodemographic & clinical & treatment characteristics of 5–14 yr olds with ADHD, data from psychiatrists, 8297
spectral analysis of EEG from prefrontal cortex, assessment & classification of ADHD, 6–30 yr olds with inattentive vs combined ADHD vs nonclinical controls, 24592
stability & developmental variation of neurobiological measures, 8–11 yr old males with ADHD, 2.5 yr study, 11698
story structure & age, memory in free recall televised story comprehension task, 4–7.1 yr old children with vs without ADHD, 34436
strategic memory, children & adolescents with ADHD, 11685
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1398
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1386
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1397
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, 1385
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, commentary, 17754
symptom overlap & confusion in diagnosis of ADHD with mania in prepubertal children, commentary, 37239
symptom profiles & phenotypic expression & other clinical correlates of ADHD, 6–18 yr old females with ADHD ascertained from pediatric & psychiatric referral sources, 30938
symptoms & neurobiology & pharmacological treatment of attention deficit hyperactivity disorder, 37642
theoretical merit & empirical validity of models designed to predict response to methylphenidate, 6–11 yr olds with ADHD, 18816
thermal response to serotonergic challenge & aggression, 7–11 yr old males with attention deficit hyperactivity disorder, 30939
trajectories of physical aggression & opposition & hyperactivity on path to physically violent vs nonviolent juvenile delinquency, 6 yr olds, 11 yr study, 36817
trauma exposure, 6–17 yr olds with oppositional defiant disorder vs ADHD vs adjustment disorder, 34034
treatment refusal following 5 successful years with methylphenidate, 15-yr-old male with ADHD, implications for understanding treatment compliance issues during mid-adolescence, 18740
treatment with donepezil for Tourette's disorder & ADHD, 11 & 13 yr old males, 28440
treatment with methylphenidate, 45 & 30 yr old with obsessive-compulsive disorder & ADHD, 17837
trends & current psychostimulant usage, 4–18 yr olds with ADHD, Australian vs US data, 25209
typical clinical doses of methylphenidate, development of tics or exacerbation of preexisting mild to moderate tics, K–6th graders with ADHD, 1 yr study, 31667
unintentional clonidine patch overdose, 6 & 15 yr old males with ADHD, 12150
US educational & civil rights laws applicable to interdisciplinary treatment approaches & special education, students with ADHD, implications for school counseling practice, 19368
utility of Attention Deficit Disorders Evaluation Scale & Conners Abbreviated Symptom Questionnaire screening measures, 7–12 yr old special education pupils diagnosed with parent interview, erratum, 9874
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, 14834
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, commentary, 35972
validity & utility of WISC-III Freedom From Distractibility factor, diagnosis of ADHD, 6–11 yr olds, commentary reply, 35953
validity of ADHD diagnosis in adults, 24603
validity of DSM-IV criteria for each subtype of ADHD, 3–7 yr old children, 11692
validity of subthreshold level & psychosocial & clinical correlates of ADHD symptom severity, 6–12 yr olds, 30950
validity of the adolescent hyperactivity scale, 16–18 yr olds with ADHD, 19614
validity of Wender Utah Rating Scale, male adults with childhood history of ADHD, 29395
visual attention to & story comprehension of televised stories presented with vs without presence of toys in room, 4–6 yr old children with ADHD, 30949

Hyperkinesis—Books

The ADHD handbook: A guide for parents and professionals on attention deficit hyperactivity disorder, 18138
ADHD in adulthood: A guide to current theory, diagnosis, and treatment, 24609
ADHD Rating Scale—IV: Checklists, norms, and clinical interpretation, 96
ADHD with comorbid disorders: Clinical assessment and management, 30955
Disruptive behavior disorders in children and adolescents, Vol.18, No. 2 , 24111
Family therapy for ADHD: Treating children, adolescents, and adults, 34901
Handbook of disruptive behavior disorders, 24481
Interventions for ADHD: Treatment in developmental context, 1864

Hyperkinesis—Chapters

Adolescent and adult outcomes in attention-deficit/hyperativity disorder, 24497
Attention deficit/hyperactivity disorder, 1865
Attention deficit/hyperactivity disorder: Diagnosis and treatment, 34451
Attention-deficit/hyperactivity disorder in youth, 24625
Attention-deficit/hyperactivity disorder, 12062
Attention-deficit/hyperactivity disorder, 18449
Attention-deficit/hyperactivity disorder, 30964
Behavioral intervention in attention-deficit/hyperactivity disorder, 25076
The child with attention-deficit/hyperactivity disorder in family contexts, 24507
The child with attention-deficit/hyperactivity disorder in school and peer settings, 24491
Classification of disruptive behavior disorders, 24501
Cognitive control processes in attention-deficit/hyperactivity disorder, 24488
Counseling boys with attention-deficit/hyperactivity disorder, 34454
Externalizing conditions, 27832
Information processing and energetic factors in attention-deficit/hyperactivity disorder, 24506
Neurofeedback assessment and treatment for attention deficit/hyperactivity disorders, 28548
Pharmacological treatment of attention-deficit/hyperactivity disorder, 25251
The psychobiology of attention-deficit/hyperactivity disorder, 24486
Risk factors for attention-deficit/hyperactivity disorder, 24504
Theories of attention-deficit/hyperactivity disorder, 24483
Treatment planning and evaluation with the BASC: The Behavior Assessment System for Children, 26177

Hypermedia—Serials

adaptive instruction & learning in hypermedia environment, students, 38794
annotated technology for on-line documents, students & professors & other professionals, 22756
assimilator vs converger vs accommodator learning style & field-dependent vs -independent vs -mixed cognitive control, group development of hypermedia-related concept map, graduate students, 14248
constructive hypermedia database system in class assignments, intertextual problem solving & synthesized discourse, college students, 22471
design & evaluation of hypermedia system, 13–19 yr olds with visual impairment, 18462
evaluation hypermedia based application Computer Applications in Therapy in occupational therapy curriculum, 22341
interaction & learning within hypermedia program of cultural contact situations, public high school foreign language students, 38790
online methods in discourse comprehension research & analysis of learner–hypermedia interaction, 29455
representational images of aging & design of web pages appropriate for aging population & World Wide Web as an educational tool, 38799
student design of hypermedia document as tool for classmate learning & development of critical standards, 6th & 7th graders, 2 yr study, 9425

traffic signs, speed of navigation on World Wide Web, IBM summer interns & staff, 22753
Hyperphagia—Serials
dopamine release & metabolism in prefrontal cortex & ventrolateral striatum during enhanced rebound hyperphagia induced by space restriction, female rats, animal model of binge eating, 7061
human neuropeptide Y & NPY Y5 receptor agonist, food intake, adult male lean vs obese Zucker rats, 4301
hypothalamic activity of neuropeptide Y system during dietary-induce obesity & BW1229U91 & hyperphagia during positive energy balance, male rats, 33265
intracerebroventricular administration histamine receptor antagonist thioperamide maleate, peptide YY-induced hyperphagia, male rats, implications for etiology & treatment of bulimia nervosa, 13749
mirtazepine induced hyperphagia, 56 yr old female with depression, 15271
stress & psychosocial environment, children with hyperphagic short stature, 34548
ventromedial hypothalamus lesions, spontaneous feeding & prolactin-induced hyperphagia, male ring doves, 20079
Hypersensitivity (Immunologic) [See Immunologic Disorders]
Hypersexuality—Serials
pharmacologic treatment options, hypersexual & paraphilic nursing home residents, 12204
Hypersomnia—Serials
prevalence of insomnia & hypersomnia & stability of sleep complaints over time & effects of age & other risk factors on sleep, 50–80+yr olds, 14915
snoring & excessive daytime sleepiness, cognitive ability, 59–71 yr olds, 4 yr study, 34560
Hypertension—Serials
anger expression style & incident hypertension, middle-aged males, 4 yr followup, 8583
anxiety levels & symptoms of depression, elderly patients with newly diagnosed systolic hypertension, 8579
associations between cognitive decline & dementia & measures of hypertension & cerebrovascular disease, commentary, 27474
cognitive function & acoustic evoked potentials, elderly patients with newly diagnosed systolic hypertension, 8578
EEG response to enforced darkness reminiscent of night driving, Type A behavior, professional drivers with ischemic heart disease vs hypertension , 5287
effects of parental history of hypertension & urbanization on resting blood pressure levels & blood pressure responses to mental stress, 20–30 yr old medical students , 14990
employment status, prevalence of hypertension, 25–65 yr old employed females & homemakers, 31171
extent of daily living assistance & patient behavior problems & caregiver stress, risk of hypertension, spousal caregivers of Alzheimer's disease patients, 11936
factors influencing adherence or nonadherence to prescribed medication-taking, 65–92 yr old patients with hypertension, 38411
heart rate & blood pressure variability at rest & anxiety, hyper vs normotensive adults, 8590
hypertension during coprescription of mirtazapine & low-dose amitriptyline, 47 yr old male with treatment resistant depression with psychotic features, 2414
hyponatremia resulting from paroxetine treatment, 73 yr old female with hypertension, 31661
mood & emotions, ambulatory BP, normotensive or borderline hypertensive male 18–25 yr olds, 20238
number of self measured blood pressure readings, estimation of 'true' blood pressure, hypertensive patients, 14898
patterns of elevated BP behavior & clinical correlates & medications taken & diagnosis & management of hypertension, nursing home residents (mean age 84 yrs), 14980
physical symptoms & mood, perceived vs actual BP, male 35–78 yr olds with mild hypertension, 21517
prevalence & nature of psychiatric morbidity, males with hypertension (aged 20–65 yrs), 24763
psychological states & lymphocyte beta-adrenergic receptor responsiveness, 20–59 yr olds with hypertension, 24731
relation between chronic & acute blood pressure elevation & social support satisfaction, 25–45 yr olds with normal blood pressure vs borderline hypertension , 14982
reliability & stability of home vs work self-measured vs clinic measured true BP pre- & poststress management intervention, 26–69 yr old males with hypertension, 2 mo study, 18329
role of atrial natriuretic peptide in the development of arterial hypertension, 13–24 male patients with pubertal hypothalamic syndrome, 5292
sex & cardiovascular reactivity, pain appraisal, 20–55 yr old unmedicated individuals with hypertension, 24768
studies of BP & BP reactivity & role of psychological traits in etiology of & treatment for hypertension published in Psychosomatic Medicine, 1939–1997, literature review, 8496
treating anger in psychotherapy, 29-yr-old angry/aggressive woman & 60-yr-old man with essential hypertension, 14690
verbal & performance IQ, 5–8 yr olds who received extracorporeal membrane oxygenation during neonatal period for persistent pulmonary hypertension, 25310
Hypertext—Serials
effects of textual & situational factors on macrostructural construction & organization of computer-presented multiple text passages, college students, 29576
knowledge acquisition & strategies & individual differences in reading hypertext, college students, 29536
relevance of hierarchies to information processing of biology from hypertext, undergraduates, 13309
representational images of aging & design of web pages appropriate for aging population & World Wide Web as an educational tool, 38799
use of hypertext information systems during architectural-design problem solving, 3rd–5th yr architecture students, 29544
use of metaphors to introduce concept of hypertext as cognitive tools, degree of knowledge about semantic relations & structures, 7th graders, 32204
Hypertext—Chapters
The emergence of hypertext and problem solving: An experimental investigation of accessing and using information from linear versus nonlinear systems, 32464
Hyperthermia—Serials
antecedent fever & acute brief psychosis, 15–34 yr olds, 27511
anxiety level, parents of children with fever in pediatric emergency services, 22062
infectious diseases, memory ability, 18–26 yr old males with flu-like syndrome with vs without fever, 19451
MDMA dose & frequency, acute hyperthermic response & long term neurodegeneration of 5-HT neurones as seen in serotonergic markers of 3H paroxetine & 5-HIAA binding, rats, 4238
method for quantifying critical thermal maximum as measure of upper limit of temperature tolerance for use in heat-escape behavior studies, rats with experimentally induced hyperthermia, 3392
parental reports concerning behavior following febrile convulsion, 9–12 yr olds, 14904
phenobarbital, reading achievement, 6–8 yr olds with febrile seizures, 3–5 yr study, 35109
serotonergic vs non- vs competitive-NMDA antagonists in rostral ventromedial medulla, continuous vs intermittent swim stress analgesia & hyperthermia, male rats, 4170
simulated open field, stress-induced hyperthermia & thermoregulation, male vs female guinea pigs, 13660
Hyperthyroidism—Serials
bulimia nervosa, surgical cure of primary hyperparathyroidism, 29-yr-old Japanese female, 21424
Hyperventilation—Serials
Davanloo's Intensive Short-Term Dynamic Psychotherapy, male adult patient with attacks of anxiety & hyperventilation, 2173
diagnostic specificity of symptoms & breathing pattern at rest & after hyperventilation, 19–62 yr olds with panic vs anxiety vs somatoform disorder classified by DSM vs as hyperventilation syndrome , 7997
effects of hyperventilation in epinephrine-induced panic attacks, patients with panic disorder with or without agoraphobia & with social phobia , 11480
hyperventilation & sweating & alkalosis & panic attacks, panic patients, 34209
Hypnoanalysis [See Hypnotherapy]
Hypnosis [See Also Age Regression (Hypnotic), Autohypnosis]—Serials
acute vs chronic cocaine, responses to ethanol induced hypothermia vs hypnosis, male rats, 7270
behavioral &/vs verbal response to question asked & suggestion given before vs during vs after hypnosis, high hypnotizable college students, 26458
brief Carleton Skill Training Program, suggestibility for pain reduction, college students, 13373
cognitive load, hypnotic responding, high vs low suggestible college students, 26460
comparative historical analysis of Mesmerism & eye movement desensitization & reprocessing, 18568
contribution of hypnosis research to understanding of nature & function of autobiographical memory, 36286
contributions to hypnosis research & personality & cognitive psychology, K. S. Bowers, 12577
court admission & omission of hypnotically refreshed witness testimony, Constitutional rights, defendants, 19512
deficit in quality & amount of clinically relevant research in field of hypnosis & challenge to researchers & clinicians to do sophisticated outcome research, 5698
EEG-based research on physiological & cognitive indicators of hypnotic responding & susceptibility, 13372
expectancies & group vs individual interview procedures & recall trial, early autobiographical memories, college students, 36290
expectancy information as moderator of effects of hypnosis on memory, college students with high vs low susceptibility, 33014
functional neuroanatomy & regional cerebral blood flow during hypnotic state, 23–39 yr olds, 10241
hypnosis & hypnotizability & attributions in autobiographical pseudomemories, high vs low hypnotized vs nonhypnotized college students, 36288
hypnosis with sedation & diaphragmatic respiration, ability to complete MRI procedure, highly claustrophobic 45 yr old male army veteran with history of panic disorder & somatic complaints, 16180
hypnosis, memory of crime scene details, witnesses of vehicular homicides, 33016
hypnosis, patients with psoriasis, 25297
hypnotic anesthesia, high vs low hypnotizable college students, 29663
hypnotic modulation, sensory & affective dimensions of pain, college students, 33351
integrated curriculum in clinical hypnosis in psychology graduate school, graduate students & practitioners in psychology & other health care disciplines, 6027
semantics & physiology of hypnosis as an altered state, 322
semantics & physiology of hypnosis as an altered state, commentary reply, 323
semantics & physiology of hypnosis as an altered state, commentary, 315
semantics & physiology of hypnosis as an altered state, commentary, 317
semantics & physiology of hypnosis as an altered state, commentary, 320
semantics & physiology of hypnosis as an altered state, commentary, 324
validity & factor analysis of effect of hypnosis on phenomenological emotional state, college students, 33015
warning about hypnotic false memory, suggestibility & false memories, highly hypnotizable undergraduate students, 314
Winnicott's transitional phase & relationship to hypnosis, implications for psychotherapy, 34012
Hypnosis [See Also Age Regression (Hypnotic), Autohypnosis]—Books
Bodily rhythms and states of awareness, 19894
Clinical hypnosis and self-regulation: Cognitive-behavioral perspectives, 8976
Entrancing relationships: Exploring the hypnotic framework of addictive relationships, 30425
Medical hypnosis: An introduction and clinical guide, 38378
Hypnosis [See Also Age Regression (Hypnotic), Autohypnosis]—Chapters
Applying hypnosis in pain management: Implications of alternative theoretical perspectives, 9006
The Carleton Skill Training Program for modifying hypnotic suggestibility: Original version and variations, 8977
A comprehensive three-dimensional theory of hypnosis, 6940
Contemporary context: Psychoneuroimmunology, 36292
Forensic uses of hypnosis, 9734
Hypnosis and forensic psychology, 9736
Hypnosis and its usefulness in managing patients with respiratory problems, 38388
Hypnosis and pediatrics, 37984
Hypnosis and response expectancies, 29669
Hypnosis in radiology, 38381
Hypnosis in the emergency room, 38580
Hypnosis in the treatment of trichotillomania, 8980
Hypnosis, 33018
Hypnotic involuntariness and the automaticity of everyday life, 6942
Hypnotic preparation in anesthesia and surgery, 38380
Hypnotic responding: A cognitive–behavioral analysis of self-deception, 6941
Measures of hypnotic responding, 6566
Oncology, 38384
Psychotherapy, 38053
Stopping smoking: A study on the nature of resistance and the use of hypnosis, 12539
What is hypnosis?, 36293
Whither hypnosis? A rhetorical analysis, 8981
Hypnotherapy [See Also Age Regression (Hypnotic)]—Serials
development & rationale & objectives & format of psychotherapy group using hypnosis & trance work, promotion of emotional & psychological & physiological healing, 27–58 yr old females, 38343
evaluation of model for teaching leaders of hypnosis practice groups, hypnotherapists, 5700
Freudian & suggestive therapies for investigating childhood abuse memories, 34928

hypnosis education at University of Montana doctoral training program in clinical psychology, graduate students, 5701
hypnosis intervention, perceived pain perception & affect, orthopedic hand-surgery patients, 15374
hypnosis vs cognitive–behavioral coping skills training, pain management, 5–15 yr olds with cancer undergoing bone marrow aspirations, 15373
hypnotherapy, anxiety & depression & muscle pain control, middle-aged male with generalized dystonia of childhood onset, 35067
occurrence of unintended phenomena during hypnosis, patients with conversion disorder, 28552
principal skill-building exercises in clinical training programs on Ericksonian approaches to hypnosis, students, 5702
professional training in clinical hypnosis, health professionals, Australia, 5699
qualifications & training in clinical hypnosis, clinicians & teachers & scientists, 5697
review & critique of current training models of hypnosis & programs in US & Australia & Netherlands & Americanized version of training & adoption of nationally coordinated training program, 5696
unfolding model of cognitive & behavioral change over time, smokers being treated with hypnosis for smoking cessation, 26268
use of single session Eriksonian & traditional hypnosis treatment, male cocaine addict, 31745
use of syntax-derived confusion technique in hypnotherapy, 35043
Winnicott's transitional phase & relationship to hypnosis, implications for psychotherapy, 34012
Hypnotherapy [See Also Age Regression (Hypnotic)]—Books
Clinical hypnosis and self-regulation: Cognitive-behavioral perspectives, 8976
Inner strengths: Contemporary psychotherapy and hypnosis for ego-strengthening, 8975
Hypnotherapy [See Also Age Regression (Hypnotic)]—Chapters
Applying hypnosis in pain management: Implications of alternative theoretical perspectives, 9006
The Carleton Skill Training Program for modifying hypnotic suggestibility: Original version and variations, 8977
Clinical hypnosis as a nondeceptive placebo, 8978
Gestalt therapy, hypnosis, and pain managment in cancer treatment: A therapeutic application of acceptance and adjustment to disability, 28278
Hypnosis and the treatment of smoking cessation and weight loss, 9007
Hypnotherapy in eating disorders, 5183
Hypnotherapy, 21993
A multimodal framework for clinical hypnosis, 8979
Whither hypnosis? A rhetorical analysis, 8981
Hypnotic Drugs [See Also Amobarbital, Apomorphine, Chloral Hydrate, Codeine, Pentobarbital, Phenobarbital, Thalidomide, Triazolam]—Serials
acute behavioral effects & abuse potential of trazodone & zolpidem & triazolam, 33–48 yr old males with history of alcohol & drug abuse, 28491
alertness & sleep, elderly insomniacs treated with vs without zolpidem, 38415
benzodiazepine hypnotic triazolam vs nonbenzodiazepine hypnotic zolpidem, memory & attention, healthy 20–49 yr olds, 23553
benzodiazepine hypnotics vs zopiclone, sleep & psychiatric symptoms, 22–39 yr olds with chronic schizophrenia, 21911
benzodiazepine vs cyclopyrrolone vs imidazopyridine hypnotics, frequency of hippocampal theta activity & sleep structure, male rats , 13838
diazepam & zolpidem, cocaine- & amphetamine-induced place preference, male rats, 10622
drug use review intervention, subsequent sedative hypnotic medication use, 20–105 yr old Medicaid recipients, 5776
efficacy & safety of zaleplon, outpatients with insomnia, 34969
factors predicting prescription of neuroleptic or anxiolytic or hypnotic or antidepressant medication, child & adult patients with intellectual disabilities, 18717
intoxication in combination with alcohol & history & personality profile & nature & frequency of criminal offenses & violence, 14–20 yr old incarcerated male abusers of flunitrazepam, 17986
L-type vs T-type calcium channel blockers nilvadipine vs flunarizine, hypnotic potency of benzodiazepine-hypnotic triazolam vs -nonhypnotic zolpidem assessed by NREM sleep polysomnography, male rats, 26854
medical condition & psychopathology of anxiety, lifetime history & conditions of use of prescribed hypnotic & tranquilizing drugs, 17–89 yr old inpatients admitted to internal medicine departments, 21938
midazolam & zolpidem & propofol & etomidate & ethanol & Ro15-4513 & pentobarbital & enflurane & halothane, pharmacological & behavioral & motor & responses, inbred C57BL/6J vs Strain 129/SvJ mice, 20302
modern perspective on appropriate use of hypnosedatives & benzodiazepine, older adults with insomnia &/or anxiety disorders, 25233
prevalence of anxiolytic & hypnotic drug use during hospitalization, patients in medical & gynecological & surgical departments of general hospitals, 5680
progressive relaxation & gradual medication withdrawal in weaning from sleep medication, 21–80 yr old insomniacs, 25263
rapidly eliminated hypnotics, tolerance & rebound insomnia, 38310
repeat prescription of hypnotics, male vs female 16–85+ yr olds, 15357
safety & effects & abuse liability & tolerance of zolpidem, healthy adults & elderly with insomnia, 18815
sleep inducing peptide, stress reactions following disruption of limbic structure of brain, male rats, 13765
zolidem treatment, subjective tolerance & adverse effects & efficacy, 15–105 yr old outpatients with chronic insomnia, 5631
zolpidem vs benzodiazepine effects on reinforcement & abuse potential & discrimination & performance impairment & tolerance & dependence, humans & nonhumans, 739
zolpidem, explicit & implicit & semantic memory, 20–48 yr olds, 17069
zolpidem, PTSD-related insomnia & nightmares, 50–63 yr old male veterans with PTSD, 15290
Hypnotic Drugs [See Also Amobarbital, Apomorphine, Chloral Hydrate, Codeine, Pentobarbital, Phenobarbital, Thalidomide, Triazolam]—Chapters
Medications of abuse and addiction: Benzodiazepines and other sedatives/hypnotics, 1819
Pharmacology of sedatives, hypnotics, and anxiolytics, 793
Psychological and psychiatric consequences of sedatives, hypnotics, and anxiolytics, 1823
Sedative-hypnotic and anxiolytic agents, 35035
Sedatives/hypnotics and benzodiazepines, 5684
Hypnotic Susceptibility—Serials
age & sex & hypnotizability & interrogative suggestibility & dissociation & compliance & self-reported psychological distress & personality traits, early memory reports, college students, 36265
behavioral &/vs verbal response to question asked & suggestion given before vs during vs after hypnosis, high hypnotizable college students, 26458
cognitive load, hypnotic responding, high vs low suggestible college students, 26460
EEG-based research on physiological & cognitive indicators of hypnotic responding & susceptibility, 13372
expectancy information as moderator of effects of hypnosis on memory, college students with high vs low susceptibility, 33014
Finnish norms for Harvard Group Scale of Hypnotic Susceptibility Form A, 16–51 yr olds, 26459
group vs individual administration & descriptive characteristics & reliability & validity of Harvard Group Scale of Hypnotic Susceptibility Form A & related instruments, college students, 26457
hypnosis & hypnotizability & attributions in autobiographical pseudomemories, high vs low hypnotized vs nonhypnotized college students, 36288
hypnotic anesthesia, high vs low hypnotizable college students, 29663
hypnotic vs nonhypnotic regression techniques, creation & beliefs in reality of false memories from infancy, high vs medium vs low hypnotizable college students, 26463
hypnotizability, verbal RTs & ERPs during performance of Stroop color naming task, 19–30 yr olds, 29665
individual differences in hypnotizability vs imaginative suggestibility, 17–29 yr old college students, 30484
non-hypnotic context, relationship between hypnotizability & absorption, college students, 33013
response expectancy manipulated by bogus-item methodology, hypnotic responsiveness, college students, 7881
Hypnotic Susceptibility—Chapters
The Carleton Skill Training Program for modifying hypnotic suggestibility: Original version and variations, 8977
A comprehensive three-dimensional theory of hypnosis, 6940
Hypnosis in the emergency room, 38580
Measures of hypnotic responding, 6566
Hypoactive Sexual Desire Disorder [See Inhibited Sexual Desire]
Hypochondriasis—Serials
alexithymia & hypochondriasis & psychological distress, males vs females who frequently attend primary health care, 27528
characteristics & treatment & comorbidity & prognostic indicators of obsessive compulsive disorder, body dysmorphic disorder, hypochondriasis & trichotillomania, 37411
clinical utility of DSM-IV pain disorder, 18–65 yr old chronic pain patients with vs without depression vs hypochondriasis vs other comorbid psychiatric disorder, 37214
cognitions concerning body perception & illness behavior & health, patients with somatization syndrome & /or hypochondriasis, 1948
hypochondriacal concerns & self-esteem & anxiety & symptoms indicating catastrophic & minor illness, 17–35 yr olds more vs less hypochondriacal, test of cognitive-behavioral model of hypochondriasis, 31067
hypochondriasis &/vs somatization & personality & attitudes toward self, primary care patients, 34037
hypochondriasis &/vs somatization, health perceptions & status & service utilization, primary care population, 35174
internal & external validity of Whiteley Index & construction & validity of 7-item Whiteley scale & Illness Conviction & Worrying subscales, screening for hypochondriasis & somatization, 18–65 yr old primary care vs neurological patients,
long-term outcome of hypochondriacal personality disorder, patients with hypochondriacal disorder & neurotic disorders, 2 & 5 yr follow up, 11501
panic disorder with agoraphobia & hypochondriasis, anxiety & obsessive-compulsive disorders, outpatients with hypochondriasis, 14616
perceptual & explicit memory biases in processing of health-related information, hypochondriacal individuals, 31041
reliability & convergent validity of Survey of Health Concerns, hypochondriacal fears, college students, 36015
risperidone, 23 yr old male with monosymptomatic hypochondriacal psychosis, 34150
Hypochondriasis—Chapters
Somatization, hypochondriasis, and related conditions, 8537
Somatoform disorders, 11825
Treating hypochondria in later life: Personality and health factors, 31502
Hypoglossal Nerve [See Cranial Nerves]
Hypoglycemia—Serials
controlled acute hypoglycemia, visual information processing, 18–47 yr old outpatients with type 1 diabetes mellitus, 5206
rate of decline & level of blood glucose & relationship to aggressiveness, female undergraduates, implications for hypoglycemia, 13659
role of recurrent hypoglycemia in cognitive deterioration, 79-yr old female presenting with symptoms of behavior disorder, 14897
vasopressin V1 receptor antagonist, somnolence of insulin-induced hypoglycemia, rhesus monkey, 4118
Hypogonadism [See Also Klinefelters Syndrome, Turners Syndrome]—Serials
fenfluramine, ejaculatory function & release of LH measured through testosterone levels, 31–54 yr old males with premature ejaculation & hypogonadotropic hypogonadism, 18813
functional cerebral lateralization during face recognition & letter identification, 46–73 yr old hypogonadal males, 28054
testosterone therapy, libido & mood & energy & appetite & weight, HIV-positive male 26–62 yr olds with or without hypogonadism, 12339
Hypomania—Serials
Hypomanic Personality Scale factor structure & population norms, British vs Spanish vs Australian 16–93 yr olds, 35906
occurrence of hypomania & psychosis during pindolol augmentation, 40 & 54 yr old females with bipolar depression, 28515
Hyponatremia—Serials
clozapine, hypoosmolemia & hyponatremia, polydipsic male 33–57 yr old inpatients with schizophrenia, 24-wk study, 11404
cortical sclerosis with dementia after pituitary surgery complicated by hyponatremia, 53 yr old female, 31268
hyponatremia resulting from paroxetine treatment, 73 yr old female with hypertension, 31661
mazapertine treatment & hyponatremia, 57-yr-old schizophrenic male, implications for role of polydipsia vs altered antidiuretic hormone activity, case report, letter, commentary, 15295
MRI changes during water loading, male schizophrenic patients with polydipsia & intermittent hyponatremia, 24272
sertraline, hyponatremia, 87-yr-old male, 8921
urine specific gravity, incidence of polydipsia & hyponatremia, hospitalized patients with schizophrenia, 34162
Hypophysis Disorders [See Pituitary Disorders]

Hypopituitarism—Serials
growth & anxiety & pain behaviors, puromycin-sensitive aminopeptidase-deficient mice with goku mutation, 26557
Hypotension—Serials
development of rapid transient hypotension after administration of low dosages of iv haloperidol, 43 & 56 & 78 yr old female medical inpatients given iv imipenem, 38402
role of orthostatic hypotension as risk factor for cognitive decline, home-dwelling & institutionalized 70–85+ yr olds, 21522
Hypothalamo Hypophyseal System—Serials
fibromyalgia syndrome & perturbed function of stress response systems & other neuroendocrine axes, 1924
hypothalamic-pituitary-adrenal axis & hypothalamic pituitary gonadal axis, implications for onset or progression of fibromyalgia syndrome, 1915
regular transcendental meditation practice, hypothalamo-hypophyseal-adrenal axis diurnal rhythms for ACTH & cortisol & beta-endorphin, 19–40 yr olds, 4045
social separation, hypothalamic-pituitary adrenal physiology including HVA & ACTH & cortisol plasma levels & corticotropin releasing factor & MHPG CSF levels, squirrel monkeys, 10498
Hypothalamo Hypophyseal System—Chapters
Women, stress, and depression: Sex differences in hypothalamic-pituitary-adrenal axis regulation, 24236
Hypothalamo Pituitary Adrenal System—Serials
2-deoxy-D-glucose, feeding & activation of hypothalamic pituitary adrenal axis & hyperglycemia, male rats with lesions of area postrema, 4143
administration of antalarmin for 1 vs 8 wks, hypothalamic pituitary adrenal function & response to stress as measured with ACTH & corticosterone concentrations, animals, 26701
burnout & perceived stress, HPA dysregulation as measured by early morning free cortisol levels after awakening & after dexamethasone suppression, teachers (mean age 42 yrs), 13679
cholecystokinin agonist pentagastrin, dose dependent ACTH/cortisol release & anxiety/panic symptoms & cardiovascular response, 18–45 yr olds, implications for hypothalamic-pituitary-adrenal axis, 33357
chronic stress, hypothalamo-pituitary-adrenal axis, adrenalectomized male rats, 13675
computer tomography adrenal gland assessment, dysregulated hypothalamic–pituitary–adrenal axis & adrenal gland size, 20–49 yr old chronic fatigue syndrome patients , 31076
concepts of unitary sympathoadrenal system & unitary stress response in chronically painful conditions such as fibromyalgia, 1932
corticosterone & prenatal ethanol exposure, ACTH response to stressor & hypothalamic pituitary adrenal feedback regulation, male vs female rats, 20299
d-fenfluramine serotonin releasing agent, hypothalamic-pituitary-thyroid axis activity, inpatient 18–62 yr olds with major depression, 30659
daily repeated social separation, temporal changes in the pituitary adrenocortical & sympathoadrenomedullar axes & heart rate & behavior, 6 mo old castrated male pigs , 26721
depressive symptomatology & cocaine-induced hypothalamic-pituitary-adrenal axis activation, adults with cocaine dependence, 34352
depressive symptomatology & plasma cortisol release in response to strenuous physical exercise, post-menopausal females, implications for role of hypothalamic-pituitary-adrenal axis, 13682
desmopressin, pituitary-adrenal responsivity to corticotropin-releasing hormone, patients with chronic fatigue syndrome (mean age 38.9 yrs), 21952
dexamethasone attenuation of hypothalamic-pituitary-adrenal function at pituitary level, subjective & reinforcing effects of cocaine, 25–45 yr old crack cocaine abusers, 34379
early life events & innate factors, behavioral & hormonal responses to stressors, mice, 3808
effect of inhaled cigarette smoke, alteration of the hypothalamic-pituitary-adrenal axis, alcoholic men (aged 32–43 yrs), 37554
fibromyalgia syndrome & perturbed function of stress response systems & other neuroendocrine axes, 1924
flutamide, androgens in early development on adult hypothalamic-pituitary-adrenal function, male rats, 13781
glucocorticoid system & cortisol excess effect on activity in hypothalamic-pituitary-adrenal axis, development of delirium, elderly patients, 37899
hypothalamic opioidergic activity, 18–25 yr old nonalcoholic offspring with vs without family history of alcoholism, 8387
hypothalamic pituitary adrenal axis hormones, plasma homovanillic acid levels, healthy 22–54 yr olds, 13798
hypothalamic pituitary-adrenal axis responsiveness to lumbar puncture stress, male vs female patients with Alzheimer's disease, 18405
hypothalamic-pituitary-adrenal activity as measured by dexamethasone/corticotropin-releasing hormone test, 20–68 yr olds with bipolar vs unipolar depression in depressive vs remission phases, 37334
hypothalamic-pituitary-adrenal axis & hypothalamic pituitary gonadal axis, implications for onset or progression of fibromyalgia syndrome, 1915
immobilization stress, hypothalamo-pituitary-adrenal axis reactivity & sleep–wakefulness cycles, male rats, 3792
maternal deprivation, chronic anxiety & neuroendocrine parameters in hypothalamo–pituitary–adrenal axis, male vs female rats, 20253
maternal licking & grooming & nursing during infancy, adult hippocampal glucocorticoid receptor activity & hypothalamic-pituitary-adrenal development & stress response, rats vs mice vs rabbits, 10405
maze stress, ACTH levels, male Wistar rats, 36399
naloxone vs nalmefene, ACTH & cortisol responses as measures of hypothalamic-pituitary-adrenal axis activation, 22–72.5 yr olds, implications for treatment of alcoholism, 743
naloxone, adrenocorticotropin & cortisol release, outpatients with depression, 27584
nitric oxide synthase blockers, acute suppressing response of hypothalamic-pituitary-gonadal axis to ethanol, male mid- vs late-pubertal rats, 20283
nonresponse vs response contingent delivery of cocaine & animal's cocaine history & sex, hypothalamic pituitary adrenal axis effects & corticotropin releasing hormone, rhesus monkeys, 26740
parasympathetic & sympathetic & pituitary-adrenal functions & postoperative ileus or hypotension, 40–69 yr olds with chronic schizophrenia, 21144
pathogenesis & biochemical diagnosis & prediction of & patient perioperative evaluation for & management of glucocorticoid-induced adrenal insufficiency & therapy withdrawal, 36 yr old woman, 35091
physical & psychological testing & pituitary-adrenal reactivity to stressors & psychiatric symptoms & distinction of diagnostic groups, 6–12 yr olds in child psychiatric clinic, 14454
physiology & phenomenology of stress system & other endocrine & neurological pathways & immune system & fibromyalgia syndrome & disorders of hypoactivity of hypothalamic-pituitary-adrenal axis, 1922
pituitary-adrenal cortical responses to low-dose physostigmine and arginine vasopressin administration, 22–52 yr olds, 13807
prenatal ethanol exposure, hypothalamic-pituitary-adrenal responses to chronic cold stress, male vs female rats, 10597
role of hypothalamic-pituitary-adrenocortical system hyperactivity & corticotropin-releasing hormone secretion in development & course of depression, 17867
self-administration of cocaine, cortisol & adrenocorticotropic hormone release & hypothalamic-pituitary-adrenal axis function, rhesus monkeys, 23492
similarities among & role of hypothalamic-pituitary-adrenocortical axis & pituitary-adrenocortical abnormalities & corticotropin releasing factor & stress in PTSD & major depressive & panic disorder, 24089
social stress & corticotropin releasing factor & antagonist, circadian locomotor rhythm & activation of hypothalamic pituitary adrenocortical system, male golden hamsters, 4265
social stress, ACTH & cortisol levels & other measures of pituitary & adrenal responses, 18–32 yr old females in luteal vs follicular phase of menstrual cycle vs users of oral contraception vs males, 13671
spiperone & mianserin to inhibit action of the 5-HT2A/2C receptor agonist 1-2,5-dimethoxy-4-iodophenyl)-2-aminopropane, hypothalamic neuropeptide Y stimulated eating, rats, 36544
variable dose naltrexone-induced hypothalamic-pituitary-adrenal stimulation vs placebo & physiological vs subjective responses, 20-60 yr old, 14734
Hypothalamo Pituitary Adrenal System—Chapters
Differential effects of psychological and immunological challenge on the hypothalamo-pituitary-adrenal axis function in adjuvant-induced arthritis, 26728
Gender differences in adrenal and gonadal responses to inflammatory agression, 28058
Stress and soothing: An endocrine perspective, 20254
Hypothalamus [See Also Hypothalamo Hypophyseal System, Hypothalamo Pituitary Adrenal System, Preoptic Area]—Serials
5-HT1A/1B agonist, effect of 5-HT1B/1D antagonist on hypothalamic self-stimulation of cocaine reward, male rats, 10587
abnormality of fornix & mamillary bodies, 17–42 yr olds with mesial temporal lobe epilepsy, 31266
acute doses of vigilance enhancer modafinil, extracellular glutamate vs GABA in medial preoptic area vs posterior hypothalamus, rats, 13728
alternating long & short meal delays, resetting of meal-engendered circadian-ensuing activity, young vs middle-aged vs suprachiasmatic-nucleus-lesioned female rats, 13654
antidepressants, Fos immunoreactivity in suprachiasmatic nucleus & 5-HT-7 receptor downregulation in hypothalamus, male rats, 30035
apoptosis of hypothalamic nucleus cells & courtship vocalization, male vs female infant gerbils, 476
apoptosis of hypthalamic nucleus cells & courtship vocalization, male vs female infant gerbils, erratum, 29809
arcuate nucleus, daily rhythms of food intake & food anticipatory activity, rats, 36437
arginine vasopressin vs serotonin receptor agonists into anterior hypothalamus, regulation of offensive aggression, male hamsters, 29997
arginine-vasopressin in suprachiasmatic nucleus, stereotyped flank scent-marking behavior, male golden hamsters, 7181
calmodulin presence & concentration in hypothalamus, testosterone perinatally treated females & tamoxifen perinatally treated males, 737
carbohydrate vs protein vs fat macronutrient ingestion, microdialysis-assessed serotonin in paraventricular–ventromedial hypothalamic nuclei, male rats, 13644
cholecystokinin octapeptide in inhibiting ingestive behavior, male rats with lateral hypothalamic 6-OHDA mine lesions, 4251
circadian rhythmicity of spontaneous firing rate & other membrane properties of suprachiasmatic nucleus neurons, rats, 10486
circadian variations of arginine-vasopressin in suprachiasmatic nucleus, circadian rhythms of plasma corticosterone & locomotor activity under light-dark vs constant dim light, rats, 3861
cold exposure, monoaminergic & GABAergic levels in ventromedial vs paraventricular nuclei of hypothalamus, male rats with brain lesions, implications for food intake & regulation of energy balance, 36445
combined subicular & cingulate cortical vs hippocampal lesions, thalamic training-induced neuronal activity during discriminative avoidance learning, male rabbits, 481
dehydroepiandrosterone &/vs dextrofenfluramine, caloric intake & hypothalamic neurotransmitter levels, female obese Zucker rats, 33403
distribution of GABA-stimulated chloride influx & locus of anxiolytic action in hypothalamus, high vs low anxiety male rats, 3794
diurnal changes in paraventricular hypothalamic adrenoceptors & food intake, rats, 20123
dorsomedial hypothalamus mediation of response to chlordiazepoxide on trial 2 of elevated plus maze, male rats, 26770
effect of involuntary overfeeding on hypothalamic pro-opiomelanocortin gene expression & SHU9119 melanocortin antagonist reversal of inhibited food intake & weight loss due to overfeeding, rats, 16915
electrical stimulation & metergoline & 8-OH-DPAT or 5-HT1A antagonist WAY 100635, dorsal & median raphe nuclei regulation of serotonin release in circadian clock in suprachiasmatic nucleus, hamsters, 20093
electrical stimulation in reward sites of hypothalalamus & adjacent brain areas, response to peripheral noxious stimulation, 20–40 vs 41–60 vs 3–5 mo old rabbits, 29891
electrical stimulation of hypothalamus, locomotor initiation latency & number & extent & direction of head scanning movements, male rats, 13624
electrolytic lesions of caudal granular/dysgranular insular cortex &/vs posterior intralaminar nuclei of thalamus, relay of shock information to amygdala & subsequent fear conditioning, male rats, 10453
estradiol & progesterone, linkage of hypothalamus-preoptic area alpha 1 adrenoceptors to nitric oxide-cGMP pathway & facilitation of lordosis behavior, rats, 29984
etiologic & therapeutic implications of hypothalamic monoamine & neuropeptide & growth hormone & other endocrine abnormalities in anorexia nervosa, 18190
expression of mRNA for somatostatin in periventricular nucleus & in stalk-median eminence & concentration of growth hormone in plasma, male rats, animal model for depression, 33171
fluoxetine dose, desensitization of hypothalamic postsynaptic serotonin receptors, male rats, 7245
food deprivation, distribution of c-fos-like immunoreactive neurons in hypothalamus & other brain autonomic regulatory areas, genetically obese vs lean mice, 3858
forced swim stress, NADPH-diaphorase histochemical activity in paraventricular nucleus of hypothalamus, male rats, 23349

genetic abnormalities & satiety & hypothalamic function in excessive eating behavior, patients with Prader Willi syndrome , 1935
head direction & pitch & angular head velocity, firing properties of lateral mammillary single units, female rats, 569
histamine regulation of food intake through modulation of noradrenaline release in para-ventricular nucleus, male rats, 23323
hypothalamic activity of neuropeptide Y system during dietary-induce obesity & BW1229U91 & hyperphagia during positive energy balance, male rats, 33265
hypothalamic serotonergic receptor mechanisms in control of eating behavior & body weight & eating & body weight disorders, 1897
hypothalamic serotonin, nucleus accumbens dopamine during mating behavior, male rats, implications for sexual satisfaction, 33442
hypothalamus & periaqueductal gray matter & neurotransmitter involvement in aggressive behavior, cats & rats, 13591
inhibition of light or glutamate induced mPer1 gene expression, phase shifts into circadian locomotor & suprachiasmatic firing rhythms, male mice, 10493
injection or infusion of neuropeptide Y in suprachiasmatic nucleus, macronutrient & water intake, male rats, 33493
input organization to the dorsomedial nucleus of hypothalamus via Fluorogold retrograde vs leucoagglutinin anterograde axonal tracing, rats, 3928
intensity of vasopressin mRNA & gene expression in neurosecretory cells of main & accessory magnocellular nuclei of hypothalamus, male Wistar rats, 7051
intergeniculate leaflet lesions, entrainment of circadian rhythms to skeleton photoperiod, male rats, 10409
interleukin-1-alpha in ventromedial hypothalamic nucleus, food intake & dopamine & serotonin release, male rats, 10682
intra-accumbens sulpiride, effects of intra-perifornical hypothalamic sulpiride effects on locomotor activity & place conditioning, male rats , 4226
intra-lateral hypothalamic nicotine, 5-HT vs dopamine vs DOPAC vs 5-HIAA in lateral hypothalamus & food intake, male food-deprived rats, 36635
intracarotid glucose, neuronal activation of Fos-like immunoreactivity in hypothalamus, diet-resistant vs diet-induced-obese male rats, 699
intrahypothalamic hyperinsulinism, morphological alterations of ventromedial vs lateral vs dorsomedial hypothalamic nuclei, postnatal rats, implications for role in weight regulation, 17087
leptin & neuropeptide Y, hypothalamic nitric oxide synthase, obese male mice, implications for role of nitric oxide in feeding, 33457
leptin with vs without neuropeptide Y, c-fos-like immunoreactivity in hypothalamus & food intake, male rats, 3948
lidocaine in histaminergic neurons of tuberomammillary nucleus, memory & learning during inhibitory avoidance paradigm, male rats, 33398
local injections of adrenaline vs noradrenaline into paraventricular nucleus & other anterior hypothalamic regions, feeding behavior, satiated pigeons, 4163
localization of suprachiasmatic nucleus subregion regulating locomotor rhythmicity, hamsters, 26614
mammillary body lesions, spatial reference & working memory task performance, rats, 23348
maternal deprivation, regulation of glucocorticoid receptor messenger RNA in hypothalamus & limbic regions, rats, 20072
meal entrainment & suprachiasmatic nucleus lesions, plasma glucagon & glucose & insulin & motilin & corticosterone prior to vs during food anticipation, male rats, test of humoral signal hypothesis, 20053
microinjection of galanin vs neuropeptide Y into paraventricular nucleus, dopamine and acetylcholine release in nucleus accumbens & feeding, male rats, 3897
microinjection of NMDA into suprachiasmatic nucleus of hypothalamus, light-like phase shifts of circadian clock, male hamsters, 23552
naloxone pretreatment & morphine, cholecystokinin induced plasma oxytocin concentration & electrical activity of oxytocin cells in supraoptic nucleus, female rats, 4116
neonatal monosodium glutamate, temporospatial variations in circadian light-induced Fos immunoreactivity in suprachiasmatic nuclei, male hamsters, 641
neural pathways mediating stomach ulceration, male rats with NMDA microinfusions in lateral hypothalamus, 23324
prenatal & early postnatal cocaine exposure, phase responsiveness to light cycle & role of D1 dopamine receptors of suprachiasmatic nucleus in circadian timing, hamsters, 754
pseudoakathisia in a 14-yr old female with a tumor involving caudate nucleus & globus pallidus & anterior hypothalamus & periventricular frontal parenchymal , 5329
quipazine, circadian activity rhythms & expression of c-Fos in suprachiasmatic nucleus, ACI vs BH vs LEW male inbred rat strains, 20314
receptor specific dopamine agonists quinpirole vs quinelorane vs 7-OH-DPAT, intracranial self-stimulation of lateral hypothalamus, male rats, 7203
reduced availability of metabolic substrates, lateral hypothalamic self-stimulation sensitivity, food restricted male rats, 3835
role of suprachiasmatic nuclei & wheel running as indictor of & speed of circadian oscillator resetting in response to single or double light pulses 1 vs 2 hrs apart, male hamsters & mice, 10494
SKF38393, entrainment of circadian pacemaker & induction of Fos, neonatal Syrian hamsters, 17043
speed of spontaneous vs subthalamic locomotor region vs posterior hypothalamus electrically induced locomotion & frequency of hippocampal theta rhythm, male rats, 3982
taste-learning experience, modulation of activity of mitogen-activated protein kinases in insular cortex, behaving male rats, implications for consolidation of long-term taste memory, 7025
type A vs B personality, blood flow in hypothalamus & hippocampus, 23–40 yr old females, 7043
unrestricted wheel-running activity, suprachiasmatic nucleus pacemaker control & timing & overt expression of behavioral activity & body temperature circadian rhythms, male adult Octodon degus, 10425
variability in rewarding efficacy of self-stimulation & lateral hypothalamus lesions & forebrain–midbrain connectivity in ventral tegmental area, rats, 516
ventromedial hypothalamus lesions, spontaneous feeding & prolactin-induced hyperphagia, male ring doves, 20079
ventromedial nucleus of hypothalamus infused estrogen, 8-OH-DPAT inhibition of lordosis, female rats, 23592
xenin icv in lateral hypothalamus, food & prandial water intake & time spent feeding, fasted male rats, 4091

Hypothalamus [See Also Hypothalamo Hypophyseal System, Hypothalamo Pituitary Adrenal System, Preoptic Area]—Chapters

Functional specificity of ventral striatal compartments in appetitive behaviors, 26873
Hormonal perturbations in fibromyalgia syndrome, 28060

Hypothalamus Lesions—Serials

gold-thioglucose-induced hypothalamic lesions & fasting, metabolic modulation of light-induced circadian phase shifts, male mice, 20050
kainic acid induced ventromedial nucleus of the hypothalamus lesions, excessive running & stomach ulceration under activity–stress paradigm, 6 wk old male rats, 26707
medial mammillary nucleus lesions, spontaneous alternation & working memory before vs after surgery, male rats, 16946
wheel running activity, period of circadian rhythms, mice with neurotoxic 5-HT lesions of suprachiasmatic nucleus, 499

Hypothermia—Serials

5-HT1A antagonist WAY 100635, gepirone induced hypothermia & aggressive behavior & anxiety, male mice, 10620
acute & chronic tolerance to nitrous-oxide-induced hypothermia, male rats, 10643
acute vs chronic cocaine, responses to ethanol induced hypothermia vs hypnosis, male rats, 7270
cholecystokinin agents & morphine, hypothermia, male albino mice, 17088
ethanol, locomotor activity & hypothermia, replicate lines of selectively bred FAST vs SLOW mice at Postnatal Days 10–60, 13837
Ketaset–Rompun, temporal gradient for hypothermia-induced retrograde amnesia, female rats, 26819
opioid antagonists, hypothermia-induced analgesia, leopard frogs, 20217
reduced corticosterone levels by adrenalectomy, 8-OH-DPAT-induced hypothermia, mice, animal model of depression & somatodendritic 5-HT1A receptor function, 13676
role of dopamine D3 receptor & effect of agonists on hypothermia & hypolocomotion, D3 homozygous vs heterozygous vs mutant mice, 23490
role of neuropeptide neurotensin receptor in mediation of neuropeptide neurotensin-induced hypothermia & analgesia, mice, 10407

Hypothesis Testing [See Also Null Hypothesis Testing]—Serials

age & satisfaction with size & investment of social networks, 21–95 yr olds, test of socioemotional selectivity theory , 7605
analysis of social bond-testing vs nonadaptive vs learning-to-mother vs reciprocity vs harassment vs alliance formation hypotheses of infant handling, wild white-faced capuchin mothers with infants, 16836
auto-verification in social hypothesis-testing approach to stereotyping & sample size, college students, 27367
confidence intervals & hypothesis tests using fixed- & random-effects procedures & models in meta-analysis, 6697
development of & problems with Intro Stats method in scientific vs statistical inference, 26258
distractor colors & luminance, visual search of color target, Os, convex hull test of linear separability hypothesis in visual search, 23015
hypothesis testing of generalized slowing of response time on linguistic & nonlinguistic tasks, 4–12 yr olds with specific language impairment, 37733
learning & complementarity in updating of belief in 2 mutually exclusive & exhaustive hypotheses, college students, 10121
male mimic vs habituation hypotheses of mate choice for female color androchromes vs gynochromes, male damselfly, 23265
meta-analytic approach to psychometric 3-step procedure for testing variable hypotheses, 13031
minimum-effect tests in general linear model for hypothesis testing on negligible effects of treatments & interventions, 19667
normative justification for information gain in P. C. Wason's optimal-data selection task, commentary, 10110
normative justification for information gain in P. C. Wason's optimal-data selection task, commentary reply, 10087
parameter & hypothesis testing with 1- & 2-way ANOVAs with overparameterized models, 26259
phases of cognitive processing of hysteresis effect & hypothesis testing of said phases via mathematical model of human information processing, 26388
rationale & step-by-step procedures for assessing predicted pattern testing, 9969
relationship of labor force participation & rape as test of backlash hypothesis, victimized females, 34251
right ear attentional bias in dichotic listening, 8 yr olds, test of threshold effect hypothesis, 26992
sad-mood induction, Dysfunctional Attitudes Scale ratings & reported mood, previously vs never depressed college students, test of mood-state hypothesis of cognitive dysfunction, 14297
selective accessibility models of hypothesis-consistent testing & semantic priming, anchoring effects & judgments, college students, 11161
situation-specific model directed conceptualization & formalization & instantiation , 6428
small vs large object, judgments of object weight & effort to lift, 16–48 yr olds, test of neural gain hypothesis of weight illusions, 149
temporal structure of auditory nerve fiber response, auditory perception, listeners, test of autocorrelation theory, 193
test of Trivers-Willard hypothesis that high-status parents favor sons over daughters & low-status parents favor daughters over sons, 8th & 10th graders & their parents, 30284

Hypothesis Testing [See Also Null Hypothesis Testing]—Chapters

Beyond the "blues": Hypotheses about postpartum reactivity, 14520

Hypothesis Testing (Cognitive) [See Cognitive Hypothesis Testing]

Hypothyroidism—Serials

ad lib feeding vs food deprivation & cage-switching-induced stress, body temperature, female Ames dwarf mice, implications for thyroid-hormone thermogenesis &/vs longevity hypotheses, 33340
high thyrotropin & low thyroxine level in maternal hypothyroidism during pregnancy, cognitive & visuomotor development & IQ, 7–9 yr olds without hypothyroidism at birth, 31054
lithium maintenance therapy & age & family history of thyroid illness, thyroid & parathyroid function & hypothyroidism, male vs female patients with bipolar disorder, followup study, 21915

Hypoxia [See Anoxia]

Hysterectomy—Serials

hysterectomy, estrus-linked meal size & meal number & food intake & weight gain, female rats, 23434
postsurgical level of sexual desire & affect & mood awareness & sexual anxiety & androgen level, 30–65 yr old females who had undergone hysterectomy vs nongynecological surgery, 18256

Hysteria—Serials

contemporary psychoanalytic approach to hysterical pregnancy & treatment of Anna O , 15237
contribution of Jean-Martin Charcot to aphasia & other language disorders & hysteria, 34520
episodes of hysteria, academic performance, 12–23 yr old 8–12th graders with histories of hysterical attacks, 4986

Hysterical Neurosis (Conversion) [See Conversion Neurosis]

Hysterical Neurosis (Dissociation) [See Dissociative Patterns]

Hysterical Personality—Serials
borderline vs narcissistic vs histrionic vs psychopathic antisocial personality syndromes, defense mechanisms, 23 yr olds, 21220
implicit &/vs self-attributed dependency needs in dependent & histrionic personality disorders, college students, 4999
phenomenological methodology to study of hysterical personality disorder, 8240
Hysterical Personality—Chapters
Rebecca's analysis, 21842
Iatrogenic Effects [See Side Effects (Treatment)]
ICD [See International Class of Diseases]
Iconic Memory—Serials
alphanumeric vs iconic formats of the Flight Mode Annunciator, recall & comprehension of flight modes, male 21–33 yr olds, 296
type of aphasia & level of abstraction & length of icon sequence, learning of iconic encoding in recall task, 56–75 yr olds with anterior vs posterior aphasias, 5305
Ideal Self [See Self Concept]
Idealism—Serials
James Hillman's deconstruction of psychological theory & critique of humanistic psychology in context of his ideas & relationship to Hegel's philosophy, 25102
Michelangelo phenomenon, perceived partner perceptual & behavioral affirmation & self-movement toward the ideal, heterosexual individuals in dating relationships & married couples, longitudinal study, 27280
Ideation [See Also Imagination, Suicidal Ideation]—Serials
Attribute Dependency & other templates, new product ideation, 23–40 yr olds, 22658
construction of Peters et al Delusions Inventory, measurement of delusional ideation in normal population, healthy 19–75 yr olds, 30515
development & reliability & validity of Overvalued Ideas Scale, 10–72 yr old obsessive-compulsive patients, 29385
Identical Twins [See Monozygotic Twins]
Identification (Defense Mechanism)—Serials
identification with deceased disaster victims as oneself or friend or as family member, PTSD symptoms & health care utilization, 19–48 yr old volunteer disaster workers , 14628
interplay between identifications & identity & psychoanalytic technique to point out fluidity of identificatory processes, violent young male analysand, 15253
intrinsic vs identified regulation & personal relevance of vote & pleasant emotions & reported voting in context of Canadian political campaigns, eligible 18–28 yr old, 11054
Identity (Personal) [See Self Concept]
Identity (Professional) [See Professional Identity]
Identity Crisis—Serials
correlates & antecedents of identity disturbance, patients with personality disorder, 8238
Identity Crisis—Chapters
The biracial bind: An identity dilemma, 21720
The midlife crisis revisited, 7580
The Native American Indian client: A tale of two cultures, 21681
Idiot Savants—Serials
aspects of memory performance, savant calendrical calculators, 11688
intellectual impairment & exceptional skill in savant syndrome, 8435
intuition & intellectual deficits, idiot savants, 24607
Idiot Savants—Chapters
Savant syndrome—Rhyme without reason, 30971
Ileum [See Intestines]
Illegitimate Children—Serials
rational choice & out-of-wedlock births, African American females , 14166
Illiteracy [See Literacy]
Illness (Physical) [See Physical Disorders]
Illness Behavior—Serials
abnormal illness behavior identification procedure & psychological correlates of rehabilitation outcomes, stroke survivors, 12-mo study, 22246
cancer stage & treatment differences & coping behavior, distress & adjustment to breast cancer, 30–82 yr old women, 28604
caregivers perceptions regarding patients' ability to control depressive symptoms, depression recovery, geriatric psychiatry inpatients (mean age 77.2 yrs), 30652
cognitive & psychosocial development & parent–child interactions & coping style, reactions & adjustments & role of music therapy, hospitalized preschool age children, 28559
concept of self & personal identity & typology of reaction patterns, 54–84 yr olds with early stage dementia of Alzheimer's disease, 37849
coping strategies & illness attitudes & behavior, individuals with panic attacks (mean age 39.8 yrs), 34210
delay between symptom recognition & healthcare-seeking behavior, 50 yr old & older genitourinary clinic attendees, 12279
depression & illness perception & coping strategies & adverse childhood events, 18–80 yr old rheumatoid arthritis outpatients, 11803
diabetes intrusiveness & personal control as mediators of depressive symptomatology, patients with diabetes (mean age 54.7 yrs), 34569
Eastern & Western medicine, illness cognition & help-seeking behavior in Singapore , 1098
economic vs social rewards, domestic & work disability & inactivity & medical visits, patients with chronic nonmalignant back pain, 31042
emotional support felt from discussing illness-related concerns with partner vs fellow patient, 28–55 yr old breast cancer patients, 5282
framework for medical reassurance & patients' responses, 2468
gender & health status & knowledge & concerns & mental & physical symptom levels & illness behaviors, long term use of health services, 18–90 yr olds, 22 yr study, 22127
illness behavior & disorder characteristics & other psychological predictors of frequency of physician consultations, patients with functional gastrointestinal disorders, 14903
interleukin-6 & herpes simplex virus type 1, behavior & immunopathology, adults, 34534
interpersonal/marital stress, disease activity, married females with rheumatoid arthritis, 5255
medication use & other adherence behaviors, low income urban 6–17 yrs olds with moderate to severe asthma & their parents, 2–20 wk study, 9010
passages in accommodation to HIV & status transitions & socially stigmatized identity, 21–60 yr old gay men, 34585
patient vs spouse's illness representations, patient adaptation, chronic fatigue syndrome vs Addison's disease patients & their spouses, 25277
personality dimensions & adjustment to chronic pain, 21448
psychological characteristics & rheumatoid arthritis morbidity, rheumatoid arthritis symptoms & medication side effects, 21–75 yr olds attending rheumatoid arthritis clinic, 35158
psychological consequences of & intervention following learning diagnosis of dementia, 64–71 yr olds, 24910
psychometric properties of symptoms & criteria relevant for the classification of somatoform disorders, patients seeking help for psychosomatic problems, 28044
role of illness representations in coping & functioning, patients with Addison's disease, 21462
self care education, illness behavior & health locus of control, Mexican American females, 22097
self reported experiences of living with knee arthritis, physically active 25–45 yr olds with tibiofemoral osteoarthritis, 5219
sex & mood states, daily physical symptoms & illness behavior, 25–64 yr old primary health care patients, 38435
symptom interpretations & attributions, adherence to multidrug antiviral medications, 50–68 yr olds with HIV infection , 18838
tumor necrosis factor alpha, sickness behavior & plasma corticosterone & central monoamine levels & turnover at hypothalamic & extrahypothalamic sites, mice, 26704
utility of functional ability as index of pain & pain behavior, children & adolescents with sickle cell anemia, 28047
Illness Behavior—Chapters
Expectations of sickness: Concept and evidence of the nocebo phenomenon, 30593
Stress and illness, 1365
Illumination [See Also Photopic Stimulation, Scotopic Stimulation]—Serials
3:3 vs 12:12 vs irregular short light:dark schedules, REM & NREM sleep & waking, albino Lewis vs pigmented Brown Norway male rats, 3958
age, pre-light melatonin concentration & melatonin sensitivity to dim light, adults, 29937
algorithmic recovery of illuminant direction from image data of smooth surface, 6463
articulation in surrounds of simple center-surround visual stimuli, inference of lightness, adults, 13218
behavior, preferences for different light intensities, 2 vs 6 wk old broiler vs layer strain of fowl, implications for poultry welfare, 33022
behavioral intervention on noise & lights, sleep, incontinent nursing home residents, 19006
changes in ambient illuminant chromaticity, shift in visual sensitivity balance, Os, 3472
characteristics of illumination-induced apparent shift in perceived orientation of faces, 18–30 yr olds, 180
clinical guidelines & recommendations for light therapy as treatment for sleep disorders, 35037
coherence detection & form from motion & biological motion at high vs low light levels, adults, 36151
color discrimination ellipsoids calculated with CRT & use of weighting function for lightness proposed by International Commission on Illumination, 13211
constant illumination associated with video taping during experimentation, behavior, nursery pigs, 19924
constant light vs dark, circadian free-running rhythms & food-approach behavioral components associated to feeding times, food-deprived male rats, 33325
continuous vs shaped intermittent illumination augmenting lateral inhibitory activity, magnitude of Wundt-Hering vs Delboeuf illusions, college students, 29485
diffuse light flashes, spatiotemporal structure of cortical activity, adult pond turtles, 16982
dopamine D2 agonist quinpirole, temporal discrimination entrainment & attention to darkness signal duration, male rats, 4274
environmental light intensity, courtship distance, male guppies, 6992
estradiol & photoperiod & exercise, luteinizing & follicle-stimulating hormones, ovariectomized female hamsters, 13632
exposure to intermittent glare & driving time, performance in driving simulator, 31–53 yr old experienced male truck drivers, 35774
fear-potentiated startle to threat of aversive stimuli & facilitation of startle in darkness, 13–17 yr olds, 16997
fetal exposure to light, olfactory lateralization, chicks, 7136
fiber-sparing lesions to pretectum or superior colliculus, REM sleep triggering & responses to light, male rats, 29827
fluctuating symmetry & tibial dyschondroplasia & tonic immobility, chickens raised under different light regimes, 10519
fluorescent vs incandescent lighting preference, male turkeys reared in fluorescent vs incandescent lighting, 19927
illumination cues used in social discrimination & recognition, laying hens, 10308
illumination from right vs left & shading & cast shadows of 3-dimensional objects, visual recognition, adults, 3486
illumination of upper vs lower visual fields, melatonin suppression, 24–38 yr olds, 20205
illumination parameters, signal detection & successive vs simultaneous brightness discrimination, male rats, implications for human vigilance decrement in sustained attention tasks, 23175
illumination, visual sensitivity in presence of patterned background, Ss with healthy binocular single vision, 19724
illusory brightness & visual territories based on characteristics of their edges & empirical explanation of Craik-O'Brien-Cornsweet effect, 36173
image based information, judgment of surface reflectance properties, 6777
infrared guided laser stimulation, long term depression-like response of glutamate receptor responses in neocortex, rats, 36412
installation of road lighting & vehicular speed & driver concentration adjustments, adult drivers, test of risk compensation hypothesis, 29226
interaction of color constancy as illumination & part of image surface, female observer, 26317
level of ambient light & age, eye movement response to overcome effects of prism, 2–52 wk old infants, 36763
light deprivation delay & duration, recovery from visual & tactile & auditory sensory neglect, male rats with unilateral medial agranular prefrontal cortex lesions, 3826
light intensity & low vs high diet, alarm responses, larval mosquitoes, 3745
light intensity thresholds to evoke escape behavior during dark adaptation time course, zebrafish, 583
light source model for shape recovery, 10062
light therapy, 16 yr old male with Kleine-Levin syndrome, follow up case report, letter, 8968
light vs dark vs framed background visual field & target position, saccade contingent mislocalization, Os, 10033
light vs magnetic compass orientation, foraging behavior, weaver ants, 3714
light-dark cycle vs constant dark &/vs genotype, locomotor activity level, male hamsters with circadian tau mutation, 4007
light-dark cycle with single light pulse vs constant dark, rest-activity rhythm & c-fos induction, blind mole rats of 2 karyotypes, 588
light-evoked postsynaptic potentials from fast- vs regular-spiking vs intrinsic bursting vs chattering neurons in visual cortex, turtles, 556
lighting direction, recognition of untextured faces in photographic positive & negative, 18–47 yr olds, 36163
light–dark cycle vs constant light vs dark, ethanol & water intake, male rats, 20200

long term exposure to light, dopaminergic supersensitivity induced by repeated treatment with haloperidol, rats, 23482
low vs high light intensity & amount of feather pecking during rearing & laying period, female chickens, 10329
melatonin & resetting response of circadian pacemaker to light, 18–29 yr old males, 20214
melatonin suppression by dim light, 23–72 yr olds with bipolar vs seasonal affective vs major depressive disorder, 30678
multiple pulses of light, circadian phase response, rats, 20216
natural bright light exposure in summer vs winter, 20–44 yr olds with vs without seasonal mood variations, 2422
nocturnal exposure of light to nasal vs other areas of retina, melatonin suppression, 21–31 yr olds, implications for circadian rhythm, 20219
normal light &/vs ball-only practice, acquisition of one-handed catching skill, college students who are poor catchers, 13249
objective vs subjective methods to determine depth-of-field of eye for different pupil diameters & wavelengths, 23–39 yr olds, 17006
preference for rearing under fluorescent lamps with vs without supplementary ultraviolet radiation, turkeys, 26470
presence vs absence of conspecific male urine, light avoidance behavior, male mice, 16734
retention interval vs intertrial interval houselight illumination condition, choose-short effect, pigeons, 354
selective gene mutations to photoreceptor neurons, locomotion responses to light, Drosophila melanogaster larva, implications for visual system functions, 16883
sleep deprivation vs constant exposure to light vs repeated restraint overnight, immune & inflammatory responses, influenza-infected C57BL/6J & Swiss-Webster mice, 4077
spectral composition of light, activity rhythm entrainment, bramblings vs redpolls in high arctic summer, 33328
spectral functioning & receptoral & postreceptoral activity, 26330
stages of menstrual cycle, melatonin suppression to dim white light, 18–35 yr old females, 10500
standard vs test illuminant of surface, simultaneous color constancy, adults, 16466
sunlight & view & general level of illumination, intention to quit & occupational stress & job satisfaction & general well-being, white- and blue-collar workers, 3185
temperature & sunlight & barometric pressure & relative humidity, pain, rheumatoid arthritis patients, 21459
TV screen background illumination stimuli, summation in autoshaping, pigeons, 10252
use of backward masking task to assess effects of visible light transmittance & illumination & target contrast on cognitive & visual processing speed, young vs elderly drivers, safety implications, 12970
use of physiologically compatible ground lighting to reduce risk of inducing spatial disorientation, aircraft pilots, 22733
variation between seasons of melatonin sensitivity to bright light, healthy 18–56 yr olds, 10521
white noise burst vs tone as CSs & number of trials & light-dark cycle & duration of trace interval, trace eyeblink conditioning, male rats, 36316

Illumination Therapy [See Phototherapy]

Illusions (Perception) [See Also Mueller Lyer Illusion, Perceptual Aftereffect, Spatial Distortion]—Serials

apparent velocity & distance & size & perceived motion in airplane illusion, 32813
application of H. Bergson's analysis of humor resulting from mechanical movement to depth perception & visual illusions & knowledge retrieval as components of information-processing model of mind, 26301
auditory stimulus bandwidth, auditory neuron discharge & sound localization & localization illusions, owls, 33301
binocular depth inversion in 3D object perception & relation to associations between endogenous anandamide/cannabinoid system & schizophrenic psychoses, cannabis intoxicated adults & schizophrenics, 4262
blurring in 1st- vs 2nd-stage linear filters & acute- vs obtuse-angle misalignment biases in Poggendorff illusion, Os, 26338
brightness enhancement & illusory figure formation & figural completion, contrast sensitivity in contour gaps, adults, 32844
clinical & pathological aspects, 54–79 yr olds with reversal of vision metamorphopsia, commentary, 2031
clinical & pathophysiological aspects, 54–79 yr olds with reversal of vision metamorphopsia, 2080
constancy scaling & conflict when Zöllner illusion is viewed in 3 dimensions, 23044
continuous vs shaped intermittent illumination augmenting lateral inhibitory activity, magnitude of Wundt-Hering vs Delboeuf illusions, college students, 29485
contour perception & visual illusions & neuronal representation in telencephalon, owls, implication for corresponding neural functioning in human visual cortex, 33237
contour perception & visual illusions & neuronal representation in telencephalon, owls, implication for corresponding neural functioning in human visual cortex, commentary, 33238
cortical somatosensory vs motor area activation in illusion of limb movements, healthy 23–33 yr old males, 26310
delta-tetrahydrocannabinol, binocular depth inversion of natural & artificial objects, 20–47 yr old healthy male volunteers, 17057
distortion of perceived length in Muller-Lyer & Judd illusions as function of position on shaft, 17–45 yr olds, 6781
drawbridge phenomenon, looking rates, 5-mo-olds, 10791
figure-background segregation & formation of illusory figures, 18–43 yr old undergraduates, 23046
filtering of input image, thresholds in visual perception of geometrical figures & random dot patterns & visual illusions, 3460
functional magnetic resonance imaging, representations of Illusory & real contours in cortical visual areas, 36164
grip force & lifted object roughness vs smoothness & actual vs perceived heaviness in surface–weight illusion, adults, test of simple fusion vs additive-weighted psychophysical models, 10013
Hermann grid orientation, clarity of illusory lines, graduate students, 36149
illusory brightness & visual territories based on characteristics of their edges & empirical explanation of Craik-O'Brien-Cornsweet effect, 36173
illusory conjunctions & discrimination between errors of feature binding & target-nontarget confusion, Os, 32801
illusory shifts in visual direction, visual adaptation of saccadic eye movements, adult Os, 32785
inducing object & test object conceptual similarity vs perimeter similarity & convergence with Ebbinghaus illusion magnitude, Os, 10024
lateralized perception of geometric illusions, 17–57 yr old males vs females , 29845
long-range interactions in motion integration of barber-pole configuration, adults, 32794
luminance & apparent motion in peripheral drift illusion, 36144
mechanisms of orientation discrimination & tilt aftereffects with luminance & illusory contours, adults, 16473
mental imagery & formation of illusory conjunctions between imagined vs physical perceptual stimuli, Os, 26323
mislocalized phantom sensations following tactile stimulation of acute pain, healthy 22–31 yr olds, 3441
modification of head posture of character in P. Picasso painting, J. Requin–s illusion of altered expression on characters–faces, college students, 174
network model of retinotopic coding & neural grouping in tilt illusion, 32505
neural mechanisms underlying illusory contour perception & amodal boundary completion, 42 & 45 yr old collosotomy patients, 31202
optokinetic nystagmus vs optokinetic afternystagmus, sensitivity to circularvection, 18–23 yr old male squash payers vs weightlifters, 19738
optokinetic stimulation, latency to illusion of circularvection in optokinetic drum, males vs females aged 18–39 vs 40–59 vs 60 yrs & older, 3885
origin of unidirectional motion aftereffect responsible for integration of motion signals, adults, 16993
perception of barber pole illusion with moving cyclopean boundaries, adults, 3479
perceptual illusion altering perceived length of 2 lines, spatial attention, college students, 10232
presence vs absence of actual rotation during acceleration of visual scene, illusory self-tilt & self-motion, 24–60 yr olds, 23007
presentation & description of rigid objects that appear to bend, 6763
return phenomenon for induction of illusion of head orientation displacement, shifts in straight ahead pointing movements & perceived orientation of head, 18–27 yr olds, 152
sensitivity to oscillating illusory contour created by aligned line terminators vs luminance-defined contour, 8–10 vs 12–14 vs 20–22 wk olds, 33611
shape of virtual figure, shape changes in illusory surfaces with superimposed dots, Os, 29508
similarities between musical hallucinations & palinacousis, case report of a 75 yr old woman, 21055
spatial neglect, role of attention in perception of illusory contours, 64–74 yr old unilateral stroke patients, 5415
stimulus parameters that favor transient vs sustained mechanisms, large repulsion vs attraction tilt illusions, college students, 36177
stimulus sheet inclination & dot spacing & viewing distance in subjective staircase & number & height of apparent steps in wallpaper illusion, Os, 10049
sublexical locus for repetition blindness during illusory words paradigm, Os, 26339
target absent & feature trials & bihemispheric vs unihemispheric presentation of CVC words, error rates in recognition paradigm & interword illusory conjunctions, college students, 19816
trajectory of moving objects, perception of position, Os, 23039
use of perceptual fluency & memory in creation of 2-way illusions with words & voices in presence of noise, college students, 16452
vertical–horizontal illusion & relative perception of horizonal & vertical extents in real environments vs pictorial displays, college students, 32865
visual illusions, 23 yr old male with primary reading epilepsy, 5419

Illusions (Perception) [See Also Mueller Lyer Illusion, Perceptual Aftereffect, Spatial Distortion]—Chapters

Height and extent: Two kinds of size perception, 16535
Illusions at century's end, 186

Image (Retinal) [See Retinal Image]

Imagery [See Also Conceptual Imagery, Spatial Imagery]—Serials

age, speed of information processing including sensorimotor & working memory speed in generation & manipulation of mental imagery, 18–77 yr olds, 30119
approaches to guided cognitive imagery, teaching & learning about alternative futures, 2862
articulatory suppression, image subtraction & picture recognition tasks, college students, 32970
attitudes towards images representing disability in charity advertisements, disabled vs non-disabled 16–78 yr olds, 34535
beliefs & images of the causes of breast cancer, 30–72 yr old South Asian women living in Canada, 31160
biased imagery in observer perspective of self in anxiety-provoking social situations, patients with social phobia vs agoraphobia vs blood injury phobia, test of cognitive model of social phobia, 24347
bizarre imagery, recall, high school students, 23724
cognitive perspective on corporate diversification project, imagery as described with cognitive mapping techniques & organizational learning, managers, 9594
cognitive processes & use of visual mental imagery in software design & computer programming in visually vs nonvisually based programming languages, expert vs regular programmers , 29589
cognitive therapy vs imaginal exposure, patients with PTSD, 12045
color & digit naming, 22-year-old female with digit synesthesia, 13178
cortical evoked potentials during visual imagery of letters vs during detection of intervening tones, healthy Ss, 23400
cross-modal imagery & age, reality monitoring in auditory & visual modalities, 6 yr olds vs 9 & 10 yr olds, 10784
cue perceptual modality & imagery & word frequency, retrieval processes in cued recall of autobiographical memory, 19–48 yr olds, 32981
customer incorporation in visualization & imagination vs memory visual imagery use in design process, originality & customer appeal of product designs, engineering student designers, 16211
development of Exercise Imagery Questionnaire-Aerobic Version, assessment of nature of exercise imagery, volunteer aerobic exercisers, 32573
differences in timing during actual vs imagined putting movements in golf, 21–25 yr old golfers & college students, 6362
discovery constraints on use of imagery in mental synthesis tasks, college students , 32899
disturbances in sexual arousal & degree to which disturbances are consequence of dimunition of ability to form & manipulate sexually arousing imagery, 21–61 yr old males with traumatic brain injury, 31206
dynamic visual environments & learned visual covariation, object recognition & search behavior & top-down visual knowledge, college students, 29484
efficacy of external & internal visual imagery perspectives for enhancement of performance on kinesthetic tasks in which form is important, karateists & sport science students & rock climbers , 25964
family dynamics, family imagery & peer relations, 4-yr-olds, 23775
fear-relevant imagery scripts as CS in differential learning, somatic complaints & respiratory responses & end-tidal carbon dioxide, female 18–22 yr olds, panic & agoraphobic anxiety implications, 10527
functional & structural processing mechanisms in mental imagery &/vs visual perception assessed by mental scanning & neuroimaging, 32768

generation of visual vs motor images, speech & conversational hand gestures, 18–25 vs 61–80 yr olds, 32908
goal imagery & power motives, congruence between implicit motives & inclination to pursue explicit goals, adults, 10236
Guided Imagery & Music therapy, life changes, 16–83 yr olds, 21997
guided imagery &/vs individualized headache therapy, quality of life, patients with chronic tension-type headache (mean age 41 yrs), 1 mo study, 31770
guided imagery therapy to promote self soothing in individuals with bulimia nervosa, 18524
healing imagery in music therapy, 5 & 6 yr olds with pervasive developmental disorder, 8983
image & mental reality as eidetic bridge to art & psychology & therapy, 23077
imagery & visualization technology on multimedia & virtual reality & World Wide Web & microcomputer graphical displays in social science research, 29237
imagery control &/vs vividness, public speaking apprehension & state communication apprehension & negative thinking & behavioral disruption, college students, 37046
imagery use in sport for skill & strategy learning & performance & cognitive modification & arousal & anxiety regulation & conceptual model of sport situation, athletes, 35706
imagery with phobic stimulus, renewal of blood-injury fear, college students (mean age 24.2 yrs), 34222
imagery with rescripting & historical role play experiential methods for treatment of childhood memories linked to chronic psychopathology with early origins, cognitive behavior therapy patients, 28324
images of patients in nursing magazine advertisements, reflection of health care needs & realities in males vs females & elderly vs younger persons, 15383
imaginal discovery & visual & verbal working memory & intelligence, college students, 23126
impaired visual short-term memory & image generation problems, 55 yr old female sculptress with systemic lupus erythematosus, implications for working memory model, 18444
individual differences in temporal imagery accuracy response of rotor pursuit task & imagery aftereffects & reminiscence effects, college students , 6853
initiation & execution of actual vs imagined force response after 1st of 2 reaction signals, RT & functional equivalence for response programing of imagined & real movements, 19–36 yr olds, 29525
interaction of color constancy as illumination & part of image surface, female observer, 26317
internal consistency & time consuming coding system of hand vs computer written imagery on Thematic Apperception Test, 18–50 yr olds, 3295
left–right orientation of face profile on coin, visual memory & mental imagery representation & object recognition, adults, 36264
materials vs imagery vs rote exercise based occupational forms, lower extremity movements & heart rate changes & recovery period & affective response, 14–68 yr olds undergoing cardiac rehabilitation, 28113
mental imagery & formation of illusory conjunctions between imagined vs physical perceptual stimuli, Os, 26323
mental imaginal & perceptual comparisons of visual array resolutions in 4 quadrants of stripes, college students, 16592
mental rotation & representational momentum & mental imagery, college students, 36229
mental stimulation of flexion & extension movements of right vs left distal & proximal hand & arm joints with vs without magnetic stimulation of motor cortex, motor ERPs, right handed 23–35 yr olds, 10473
motor learning through motor imagery & possible involvement of basal ganglia, Parkinson's vs Huntington's disease patients, 24860
multilevel nature & visual expression of mental imagery & impairment in psychopathology, 24150
neural substrates of age-related declines in mental imagery generation & manipulation & role of dorsolateral prefrontal cortex, 19–77 yr olds , 30133
order of eyes open/eyes closed test conditions, scores on Vividness of Visual Imagery Questionnaire, males vs female college students, 23082
organizational images from perspectives of space & time & causality & action theories, managers & employees of state owned laundry organization, 9641
perspectives of Vygotsky & phenomenology & cognitive anthropology in cultural psychology of visual imagery in context of contemporary artist-blacksmithing, 33524
positron emission tomography & repetitive transcranial magnetic stimulation data on Area 17 activity during visual imagery, human Ss, 16921
precue to prepare to execute vs imagine motor action, event related Laplacians in RT task & contingent negative variation over supplementary motor area, adults, 538
preferences ratings of & affective responses to images representing archetypal themes, 18–79 yr olds, 11216
process & problems with design visualization and collaborative interaction, engineering college students (median age 23 yrs), 35663
production of imagery & other strategies, assessment of deficits in associative memory, older (mean age 70 yrs) vs younger adults (mean age 19.8 yrs), 7596
psychophysiologic measures, imagery of personal childhood sexual abuse vs stressful non-abuse experiences, women with & without PTSD resulting from childhood sexual abuse, 8193
quasi-pictorial vs description vs perceptual activity theories of mental imagery & problems of nondiscursiveness & creativity & seeing, 29602
relationship between standard pencil & paper measures of mental imagery & visual analogue measures & reliability & validity of measurements of mental imagery, 17–59 yr old college students, 16304
relationship between visual & haptic imagery of movement & influence of sex & type of image on vividness of movement imagery, college students, 3427
relationship of Type A behavior pattern & visual imaginary time estimation ability, 18–34 yr olds, 4776
remembering seen & heard items vs generating autobiographical images vs visualizing & mentally rotating stimuli, transcranial-Doppler-assessed regional cerebral blood flow velocities, college students, 3857
role of memorization strategies & imagery ability in recall of gymnastics routine, skilled vs less skilled 8–13 yr old female gymnasts, 30169
self assessed & performance proven capacity to form mental images, spontaneous use of mental imagery, 17–24 yr olds, 29540
self-hypnosis vs relaxation vs counting/visualization, autobiographical recall, college students, 36289
social & historical studies of visualization in science, 6857
social construction of international imagery in post-Cold War era, US vs Chinese national TV news, 4387
subjective vs objective vividness-of-imagery indices & disposition toward hallucination, college students, 26456
text-interpretive & experimental & reader-response approach on visual rhetoric in advertising, college students, 29193
thoughts & images during anxiety, patients with generalized anxiety disorder vs panic disorder, 8166
time of season & type of sport, use of imagery, varsity athletes, 9658
unwarranted or non-constrained imagery, comprehension of main ideas in exposition, 2nd–5th graders, 17271
use & experiences of imagery in competition & training & other environments, 15–17 yr old slalom canoeists vs gymnasts, 7447
use of imagework in qualitative research in health & social sciences, 16422
usefulness of visual imagery in problem solving, 19–24 yr olds, 32895
verbal & nonverbal dialogue between therapist & client & visual image, art therapy, 28555
visual pseudohallucinations confined to visual field defect & picture like representation of mental images in visual association cortex, 49 yr old male with quadrantanopia, 5454
visual representation of school culture in an English secondary school, sociological methodology implications, 9527
visual-spatial thinking in science education & learning, 9385
vividness of imagery, creativity, 19–50 yr old fashion illustration course students, 20919
Imagery [See Also Conceptual Imagery, Spatial Imagery]—Books
Deciphering violence: The cognitive structure of right and wrong, 1746
Imagery, 26420
Images of savages: Ancient roots of modern prejudice in Western culture, 14114
Imagery [See Also Conceptual Imagery, Spatial Imagery]—Chapters
A dialectical constructivist view of representation: Role of mental attention, executives, and symbols, 10827
Imagery, visualization, and thinking, 187
Oncology, 38384
'The pink's run out!' The place of artmaking in young children's construction of the gendered self, 994
Imagery (Conceptual) [See Conceptual Imagery]
Imagination—Serials
childhood imaginary companionship, mental health, healthy 10th & 12th graders, 27028
counterfactual reasoning & pretence, 7.9–18 yr olds with autism, 34440
emotional valence of event & individual differences in absorption on phenomenal characteristics associated with real & imagined events, 17–35 yr olds, 19805
execution vs imagination of memorized eye movements during visual imagery condition & hemispheric differences, slow cortical potentials, healthy 21–30 yr olds, 29902
executive dysfunction vs imagination deficit hypotheses of impoverished creativity, 12 yr olds with autism vs Asperger's syndrome vs mild learning difficulties, 34425
imagery vividness & interrogative vs hypnotic suggestibility & dissociativity, inflation of likelihood of judging imagined childhood events as real, college students, 29635
individual differences in hypnotizability vs imaginative suggestibility, 17–29 yr old college students, 30484
motor asymmetries between dominant vs non-dominant hands, real vs imagined motor task performance, 9–59 yr olds, 13257
object & source memory for visually perceived or performed vs imagined events, college students, 29627
performance on creative generation task, gifted 7th–12th graders (mean age 13.8 yrs) vs college students, 32317
personality & imagination & TV-watching patterns, 18–72 yr old self-identified TV addicts, 4392
quasi-pictorial vs description vs perceptual activity theories of mental imagery & problems of nondiscursiveness & creativity & seeing, 29602
relation of dream content to state or situational factors that define content of altered states of consciousness, 3614
relationship of Type A behavior pattern & visual imaginary time estimation ability, 18–34 yr olds, 4776
social & pretend play & divergent & convergent problem solving, 48–66 mo olds, 36712
Imagination—Books
The power of imagination, 29218
Imagination—Chapters
Exceptional persons: On the limits of imaginary cases, 19569
Imagination and metaphor in the development of the trainee psychotherapist, 22347
Imaginative play and television: Factors in a child's development, 13922
Suggestion, imagination, and the transformation of reality, 36106
Toward a neurocognitive processing model of imaginal thought, 13320
Who's afraid of authenticity?, 29223
Imaginativeness [See Openness to Experience]
Imipramine—Serials
alcohol access with vs without imipramine, alcohol consumption & stress-induced ulcers & open-field & plus-maze behaviors, male Wistar–Kyoto vs Sprague–Dawley rats, animal model of depression, 33468
alpha2-adrenoceptor antagonist idazoxan, brain noradrenaline function, rats subacutely vs chronically treated with imipramine, implications for treatment of major depression, 33440
alpha2AR density & agonist affinity & Gi protein coupling efficiency, panic disorder & imipramine-treated patients, 8178
alprazolain vs imipramine, spectral & routine EEG, 16–51 yr olds with panic disorder, 9 & 19 wk follow-up, 2385
amphetamine vs haloperidol vs imipramine vs chlordiazepoxide vs ethanol, impulsive behavior under paced fixed consecutive number schedule, rats, 4145
amphetamine vs imipramine vs citalopram vs chlordiazepoxide vs metergoline vs haloperidol vs ethanol vs PCPA, impulsive behavior under 8 or 32 fixed consecutive number schedule, rats , 4146
chronic stress & imipramine, spleen mononuclear cell proliferative response & blood corticosterone & hippocampus & hypothalamus norepinephrine levels, male rats, 12142
diagnostic subtype, response to cognitive behavior therapy vs interpersonal psychotherapy vs imipramine vs placebo, persons with major depression, 8738
efficacy of imipramine vs alprazolam, 55–73 yr olds with panic disorder, 38307
exercise & imipramine or tranylcypromine, enhanced brain derived neurotrophic factor expression, rats, 36615
GABA-B mechanism involvement in baclofen or imipramine or desipramine or citalopram induced antinociception, male mice, 17093
imipramine & diet counseling & psychological support, obese binge eaters, 6 mo study, 34741
imipramine & ECT, activity of calcium/calmodulin dependent protein kinase II in hippocampus, male rat brains, 23343
imipramine vs chloral hydrate, acute stress disorder symptoms, burn patients (aged 2–19 yrs), 28485
imipramine vs fluoxetine, 5-HT2A receptor-mediated intracellular calcium mobilization, postmortem human frontal cortex samples, 2337

imipramine, beta2 adrenergic receptor coupling to Gs protein, male patients with panic disorder, 25170
imipramine, social defeat & rank loss, male rats, animal model of major depression, 23544
long-term maintenance & discontinuation of imipramine therapy, 18–65 yr olds with panic disorder & agoraphobia, 34998
long-term therapy with & discontinuation of alprazolam vs imipramine vs other medications, treatment of panic disorder, 8937
reboxetine vs imipramine, CNS & EEG parameters & psychomotor performance & mood & side effects, 18–40 yr old healthy males, 4169
tolerability of fluoxetine vs imipramine, acute & long term treatment of panic disorder with vs without agoraphobia, 18–65 yr old patients, 34957
Imitation (Learning)—Serials
ability to imitate novel actions modeled live vs on TV, 12 vs 15 vs 18 mo olds, 36732
ability to imitate style & self-orientation of another person's actions, autistic clients aged 9 yrs 1 mo to 18 yrs 11 mo, 21387
ability to reproduce previously observed actions following 24 hr delay, 6 & 9 mo old infants, implications for declarative memory, 33610
association of verbal persuasion &/or observation of peer behavior with unclean needle sharing & needle cleaning practices, high-risk for HIV infection injection drug users, 18050
clinician modeling of & practice with specific structures, use of complex sentence structures in story retelling, 8–9 yr olds with vs without language impairments, 21440
delayed imitation & recall of complex behavioral sequences with vs without practice, 14–16 mo olds, 7394
factors influencing imitation of manipulatory actions involving one vs more objects & unfamiliar vs familiar motor patterns, chimpanzees, 19948
fixation during observation & imitation of finger & hand & arm movements, adults, 140
immediate imitation & joint attention, children with autism, 5148
issues in modeling of creative behaviors by fictional characters in children's picture books & role in child's understanding & development of divergent thinking, commentary, 930
issues in modeling of creative behaviors by fictional characters in children's picture books & role in child's understanding & development of divergent thinking, 945
issues in modeling of creative behaviors by fictional characters in children's picture books & role in child's understanding & development of divergent thinking, commentary, 927
matching & imitation of hand & finger postures, patients with right vs left brain damage, 21557
nonconscious mimicry of behavioral mannerisms in social interaction between strangers, university students, 20852
observation of bidirectional control procedure with an odor cue, imitation of rewarded joystick movement, rats, 29694
self- vs other-modeling, swimming performance & self efficacy & anxiety, beginning swimmers, 35713
social learning ability to imitate artificial fruit processing in foraging analog, capuchin monkeys, 10307
theory of mind & imitation & memory, language acquisition & development, infants & toddlers, 30182
video modeling intervention, play comments, 6 & 9 yr old males with autism & their 8 & 6 yr old siblings, 38907
Imitation (Learning)—Books
Imitation in infancy, 17192
Imitation (Learning)—Chapters
Evolutionary foundations of imitation: Social cognitive and developmental aspects of imitative processes in non-human primates, 16741
The evolving nature of imitation as a format for communication, 18145
An examination of the imitation deficit in autism, 18146
Genesis and development of early infant mimesis to facial and vocal models, 17214
Imitation and the reading of other minds: Perspectives from the study of autism, normal children and non-human primates, 16745
Imitation as activity: Developmental aspects, 17230
Imitation in neonates, in older infants and in children with autism: Feedback to theory, 18142
Imitation: The contributions of priming and program-level copying, 16742
Infant intersubjectivity: Broadening the dialogue to include imitation, identity and intention, 17219
Infant learning by altercentric participation: The reverse of egocentric observation in autism, 18140
Interorganizational imitation: A hidden engine of selection, 25939
Neonatal imitation and imitation among children with autism and Down's syndrome, 18143
Neonatal imitation in the intersubjective companion space, 17213
Neonatal imitation: Existence, mechanisms and motives, 17199
Persons and representation: Why infant imitation is important for theories of human development, 17220
Resolving the debate about early imitation, 13978
Social-experiential contributions to imitation and emotion in chimpanzees, 16876
What infants' imitations communicate: With mothers, with fathers and with peers, 17229
Immaturity (Emotional) [See Emotional Immaturity]
Immersion Programs [See Foreign Language Education]
Immigrants [See Immigration]
Immigration—Serials
acculturation & intrafamilial separation, immigrant families, implications for cross cultural counseling, 12101
acculturation & mental health & age & sex & level of education & length of residence in US, Iranian 25–72 yr old immigrants, 1100
acculturation related vs nonspecific daily hassles, psychological distress & depression, 19–34 yr old Vietnamese college student immigrants, Canada, 4878
acculturation to Hispanic vs American culture, self-perceived competence in school & peer & family life spheres, 12–22 yr old Latino immigrants, 4467
age & sex & marital status & native vs foreign birth, attempted suicide rates for 1991–94, adult psychiatric inpatients, Sweden, 17973
age & sex, psychological distress ratings, 17–93 yr old Russian-born immigrants to Israel, 14139
age at arrival to US, bilingualism & English proficiency, 17–47 yr old US resident Korean immigrants who began learning English before vs after critical period of 2nd language fluency acquisition, 23693
age at migration & family dependency, income source & living arrangements, 65 yr old & older Mexican American immigrants, 14110
alcohol & drug usage & acculturation & depression, 18–32 yr old male Puerto Rican vs Dominican vs Colombian immigrants, US, 4603
attitudes toward different adaptation strategies, Moroccan & Turkish immigrants vs native Dutch adults, 7863
attitudes toward family functioning & value patterns & content, families of Soviet immigrants, 1970s, Israel, 1131
attitudes toward women & dating as indication of maintenance of traditional culture, Asian Indian immigrant families, 4587
bilingualism, academic achievement, 1st & 2nd generation Asian American 8th graders, 19305
breast cancer screening attitudes & practices, Russian immigrant females (mean age 49.3 yrs), Israel, 25362
cognitive learning in mastery of Instrumental Enrichment intervention program tasks, 9–10 vs 15–16 yr old immigrant students, Israel, 22512
common mental disorders & issues in treatment & methodology & relation to cross-cultural psychiatry research, Indian & Pakistani immigrants to UK, 30604
concepts of sexuality & contraception & reproduction & areas of conflict & role of community-based reproductive health care, Haitian immigrant parents & 13–19 yr olds, 23762
considerations of American immigration laws & communication barriers & suggestions for teaching international students, psychology instructors, 22428
counterfactual or hypothetical events vs repeated or habitual events as resources for argumentation in conversational narratives, Salvadoran immigrants, 7286
Cultural Context Model treatment approach, Asian Indian immigrant batterers & victims & family members, 24893
development & role of Violence Against Women Act in protecting battered immigrant females from domestic violence & benefits & barriers created by current immigration laws, 32536
development of ESL speaking skills assessment using Generalizability theory & Many-facet Rasch measurement, immigrants to Australia, 4368
displacement experience, Iranian females, 20682
economy & presence of foreigners & unemployment, instances of right-wing violence, Germany, 18004
education attainment & nativity & immigration status & region of residence, interracial marriage, Whites vs African Americans vs Hispanics vs Asian Americans, US, 1980 & 1990, 33772
educational attainment & occupational status & labor market quality, male vs female Asian immigrants after 1965, 32331
educational expectations & academic achievement, Asian vs Mexican immigrant vs Mexican & Black & White 8th graders, 6202
effects of HIV infection on parenting & family relationships & issues in family counseling, clients from sub-Saharan Africa, 31560
emotional & behavioral problems & social competencies, immigrant vs non-immigrant 12–16 yr olds , 909
employment & gender relations in family lives & how immigration experiences affect gendered perceptions of work, Guatemalan & Salvadoran female immigrants (mean ages 31.5 & 31 yrs), 7739
employment patterns, family & gender relations, Asian immigrants, 7734
ethnic identity & personal self esteem, Chinese 13–18 yr olds who were born in vs immigrated to Canada, 27059
evaluation of HIV/AIDS prevention program, migrants & ethnic minorities, Switzerland, 38453
experience of abuse & resistance, battered Asian Indian female immigrants (aged 27–54 yrs), 24443
experience of giving birth & maternity care, Vietnamese & Turkish & Filipino immigrant females aged 14–41 yrs, 22024
factors in specific ethnic & linguistic self-identification, Russian-speaking immigrant adolescents (mean age 15 yrs), Finland, 7649
friendship development, female 16-yr-old Chinese immigrants with vs without preference for friends of same ethnicity, 7859
gendered ways that children facilitate establishment of permanent settlement following immigration, Mexican Americans, 7742
health-related quality of life, 25–45 yr old Jews who immigrated to Israel from former Soviet Union between 3 & 8 yrs ago vs Jews in Russia vs non-immigrant Jews, 36931
immigrant growth, Seventh-day Adventist trajectory to denomination, 23853
individual/family household characteristics & SES & immigration & geographical location & assimilation, suburban vs city residency, minority groups & Whites in 1980 vs 1990, 27117
influence of patterns of legal immigration & accompanying demographic attributes on acquisition of neuropsychological norms, Hispanics , 32681
integration vs assimilation & native reactions, Moroccan immigrants & natives, Israel vs Netherlands, 4600
Irish emigrant John O'Neill's biographical approach to quality of life in 19th century , 36940
issues in research into mental health needs & views of Irish immigrants as ethnic minority, Great Britain, commentary & reply, 11988
issues in research into mental health needs & views of Irish immigrants as ethnic minority, Great Britain, commentary, 27136
issues related to multicultural adaptation & 2nd language development & assessment, Canadian immigrant & refugee children & their families, implications for education & mental health services, 2938
knowledge of & attitudes toward child maltreatment, immigrants from Caucasus vs European states of former USSR, 37512
logit model analysis of Mexico-to-US & US-to-Mexico migration, Mexican immigrants, 17 yr study, 20706
marital therapy & mediation, marital satisfaction & concerns & problems, Chinese American immigrants, 18607
mediated learning & cognitive modifiability, 6–7.6 yr old Ethiopian immigrants vs Israeli-born (mean age 7.2 yrs) 1st graders, Israel, 20531
mediation effect of social support between ethnic attachment & loneliness, 60–87 yr old Korean immigrants living in the US, 14309
model of psychosocial factors of social isolation & self-esteem & attachment in etiology of schizophrenia, African-Caribbeans in UK, 30696
multicultural consumption & ethnography & consumer identity, Haitian immigrants, US, 16208
Munchausen-by-proxy syndrome & related cultural & family issues, 11 yr old male immigrant presenting with hyperactivity, commentary appended, 5549
perceptions of appropriate & inappropriate child rearing practices & help seeking preferences for children at risk, Jewish immigrant parents, Israel, 20760
perceptions of experience of sexual abuse, South Asian immigrant female survivors of sexual abuse, 24379
political assimilation & participation in politics, White vs Latino vs African vs Asian American immigrants, US , 20769
politics of time in multitrack year-round inner-city elementary school, elementary school students & parents & teachers & administrators & community workers , 9386
principles & challenges of multiservice center delivery in meeting social service needs, Chinese American immigrant communities, 12389
process of ethnic identity exploration, Russian-speaking immigrant adolescents, Finland, 27145
processes of finding employment in high-technology companies of Silicon Valley, Indian- & Mexican-born engineers & scientists, US , 20698
psychological distress & depression & demoralization, 28–64 yr old Russian-Jewish immigrants in primary care, 14449

race & ethnicity & nativity, mortality risk, US adults, 17466
relationship between economic well-being & attitudes toward Hispanic & West Indian immigrants, Black adults vs Whites, 37122
religious & cultural norms & wife burning, Asian Indian immigrant spouses, 24570
religious & sociocultural issues in breast cancer screening, older Asian-Islamic female immigrants, 22107
research methods & types & frequencies of immigrant vs indigenous adolescent problems & placement process in residential group care & treatment setting & parental involvement, Netherlands, commentary, 4889
research methods & types & frequencies of immigrant vs indigenous adolescent problems & placement process in residential group care & treatment setting & parental involvement, Netherlands, reply, 4876
residential patterns & religious beliefs & marriage within cultural & occupation & visits to homeland, native language maintenance, US & Canada immigrant ethnic groups, 20703
risk factors for marginalization in acculturation process, Mediterranean immigrant adolescents, Europe, commentary reply, 4588
risk factors for marginalization in acculturation process, Mediterranean immigrant adolescents, Northwest Europe, commentary, 4584
risk factors for marginalization in acculturation, Mediterranean immigrant adolescents, Northwest Europe, 4589
risk profile & reproductive cancer preventive practices, 35+ yr old Russian immigrant females living in Israel, 28649
role as assimilator & facilitator & specialist & cultural translator, counseling immigrant students, secondary school counselors, 6276
role of gender in creation of ethnic communities & cultures, Hindu Indian immigrants, US, 7738
seasonal immigration & ethnic tensions & working conditions & management issues such as job reskilling, worker turnover, Anglo & Latino pork packing plant workers, 22613
self-esteem & parenting style, 11–18 yr old immigrant Vietnamese- vs Anglo-Australians, 36806
social attitudes & academic skills in Russian vs Hebrew language, 16–17 yr old Russian-Jewish immigrant students, Israel, 32276
social support & acculturation, breast-feeding behavior & intent, 18–45 yr old immigrant women, US, 1147
Strengthening of Intergenerational/Intercultural Ties in Immigrant Chinese American Families parenting program, intergenerational relationships, immigrant Chinese American parents , 10999
Swedish as 2nd language instruction & peer evaluation of social competence, immigrant 4th–6th graders, 35537
symptom experience during menopausal transition, low income Korean immigrant females (mean age 47.2 yrs), 30126
temporal patterns of distress, Russian immigrants to Israel (mean age 40.7 yrs), 5 yr study, 30517
transnational practices & discourses, social identities & engendered power relationships, Salvadoran natives & immigrants, 7653
treatment approaches for family violence, South Asian immigrants, 24922
types & frequencies of immigrant vs indigenous adolescent problems & placement process in residential group care & treatment settings & parental involvement, Netherlands, 4877
views toward active learning in basic education, teachers & adult female immigrant students, 25797

Immigration—Books

Crime and immigrant youth, 21381
Educating new Americans: Immigrant lives and learning, 11000
Handbook of immigrant health, 2448
Women crossing boundaries: A psychology of immigration and transformations of sexuality, 11065

Immigration—Chapters

Access to health care, 2594
Acculturation, 1110
The acquisition of literacy by immigrant children in Sweden, 6177
African health, 2450
Aging, 2452
Defining the immigrant, 1112
Ethical issues in immigrant health care and clinical research, 2805
Folk illnesses, 1429
Healing practices, 2453
Health care seeking behavior, 2591
Immigrant adolescent girls of color: Facing American challenges, 20633
"In my heart I will always be Hmong": One Hmong American woman's pioneering journey toward activism, 33761
Institutional practices, cultural positions, and personal motives: Immigrant Turkish parents' conceptions about their children's school life, 25753
Intercultural education in Canada: Glimpses from the past, hopes for the future, 2888
Intercultural education: Approaches in the Netherlands, 2891
Intercultural education: The case of Mexico, 2892
Intimate partner violence among immigrants, 1749
Latino families, 7683
Latinos and homicide, 8422
Medical interpretation: An essential clinical service for non-English-speaking immigrants, 2593
Mental illness and immigration, 1497
Refugee health, 1440
Religion and spiritual folk traditions in immigrant families: Therapeutic resources with Latinos, 38146
Reproductive health, 2449
The role of the family and the community in the clinical setting, 2151
Strategies for health education: Community-based methods, 2547
Strategies for health education: Theoretical models, 2548
Substance use among immigrants to the United States, 1821
Violence and injury among immigrants: An epidemiological review, 1442
Welcoming immigrants with disabilities: The Israeli experience, 24613

Immunization—Serials

association of health beliefs & heath behaviors with attitudes about HIV immunization, 13–18 yr old adolescent health clinic clients, 12377
attitudes towards & rates of hepatitis B vaccination, men aged 18–37 who have sex with men in a college town, 12368
comprehension regarding immunization promotion activities & use of immunization services, aware vs partially aware vs unaware mothers with at least 1 child under 5 yrs, Mexico, 31836
developmental changes in biologically based child variables vagal tone & difficulties & maternal sensitivity & behavior during pain, pain behavior during immunization, 21.9–40.7 yr old mothers & their 6 or 18 mo old infants, 21491
digoxin & immunization against endogenous digitalis like factors, voluntary selection of ethanol & conditioned place preference, male rats, 20258
effectiveness of interventions to increase influenza immunization, high risk populations, 9055
externalizing & internalizing & self-esteem & neuroticism, prediction of antibody titer & fatigue, sero-positive vs -negative females (mean age 12.4 yrs) prior to & 10 wks post rubella vaccination, 38368
hepatitis B vaccination, anti-HIV-1 seropositive former iv heroin addicts in methadone maintenance treatment, 32029
immunization against amyloid-plaque-related proteins, development of neuropathology, younger vs older mice, animal model of Alzheimer's disease, 26547
immunization against monoamine oxidase, retention of conditioned active escape reflex, rats, 636
knowledge of & attitudes toward immunization & coverage, Chinese parents of 2-yr-olds & immunization providers in high vs low quality service delivery areas, 38466
mailed reminders, influenza immunizations, individuals aged 65+ yrs, 12375
measures of planned behavior & cognitive social learning, immunization practices, factors that influence physicians, 32575
memory aids & encoding limitations & retrieval failure in recall & recognition of child's vaccination, parents, 10 wk followup, 10199
mock vs real influenza vaccine injections, biobehavioral responses to acute pain, adolescents (mean age 15 yrs) with significant neurologic impairment, test of heart rate vs facial expression measures, 37898
neurological complications of Japanese encephalitis vaccine, 19–37 yr olds, 2381
on pneumococcal immunization low-literacy educational brochure, patient participation in health-care & patient–physician communication, inner-city elderly African Americans (mean age 63 yrs), 35129
parental knowledge & attitudes & demand, immunization for varicella disease, mothers & their children (23–35-mo), 35126
perceived clinic support & attitude toward immunization as predictors of childhood immunization completion, mothers of children 20–26 mo old living in rural area , 21651
predictors of influenza vaccine acceptance, healthy 17–67 yr olds, 38444
review of evidence on causal link between measles immunizations or measles infection & autism, 34430
survey opinions on immunization registry, health providers, 35418
vaccinations & steroids, disease progression & moods, 25–57 yr olds with multiple sclerosis, 28033

Immunization—Chapters

Sources of resilience in the aging self: Toward integrating perspectives, 33942

Immunogens [See Antigens]

Immunoglobulins—Serials

autonomic nervous system in secretory immunoglobulin A & cardiovascular activity during mental arithmetic & paced breathing, male college students, 29966
beta-adrenoceptor blockade & propranolol, secretory immunoglobulin A at rest & during paced serial arithmetic & cold pressor & submaximal cycling, college students, 30067
intravenous immunoglobulin, behavior, 3.6–6 yr olds with autism, 25159
iv immunoglobulin therapy, 4–17 yr olds with autism, commentary reply, 18726
iv immunoglobulin therapy, 4–17 yr olds with autism, commentary, 18685
mood state & anxiety & cortisol & secretory immunoglobulin in hindmilk, lactating mothers, 20236

Immunologic Disorders [See Also Allergic Disorders, Anaphylactic Shock, Human Immunodeficiency Virus, Rh Incompatibility]—Serials

alterations of T-lymphocyte proliferative responses & immunophenotypic markers on lymphoid cells, 20–40 yr old male heroin addicts & heroin withdrawal Ss, 5078
autoimmune disease & chronic stress in shift of corticotropin- releasing factor to vasopressin ratio, autoimmune male mouse brains, 16887
chronic immune activation, female patients with PTSD associated with history of childhood sexual abuse, 21007
etiology of & issues in infection-triggered pediatric autoimmune neuropsychiatric disorders associated with streptococcal infection, children & adolescents, 4842
mistreatment resulting from misdiagnosis of comorbid Graves disease, 11.5 yr old male with Tourette's disorder & ADHD, 28266
penicillin prophylaxis, neuropsychiatric exacerbations, 5.2–15.9 yr olds with pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections, 25307
polyglandular autoimmune syndrome type II, 37-yr-old female with treatment-resistant paranoid schizophrenia & obsessive-compulsive disorder, 20979
rationale behind & evaluation of measurement techniques of stress-related immune dysfunction in psychoneuroimmunology, 29972

Immunologic Disorders [See Also Allergic Disorders, Anaphylactic Shock, Human Immunodeficiency Virus, Rh Incompatibility]—Books

Minding the body: Clinical uses of somatic awareness, 14420

Immunologic Disorders [See Also Allergic Disorders, Anaphylactic Shock, Human Immunodeficiency Virus, Rh Incompatibility]—Chapters

Heat shock proteins and autoimmune mechanisms of disease in schizophrenia, 24316
Stress and immune dysfunction in Gulf War veterans, 27500
Stress, corticotropin-releasing hormone, glucocorticoids, and the immune/inflammatory response: Acute and chronic effects, 28091

Immunology [See Also Psychoneuroimmunology]—Serials

activity of natural autoantibodies reacting with dopamine & serotonin, autoimmune system, bulimic females (mean age 22 yrs), 34497
acute vs chronic social confrontation with resident male, blood cellular immunity, loser intruder male rats, 4073
age & sex & affective disorder subtype & medication status, autoantibodies, 22–79 yr olds with bipolar I vs bipolar II vs major depressive disorder, implications for autoimmunity, 34110
alcohol, E-rosette formation by T lymphocytes, Ss with alcohol dependence (mean age 35 yrs), 24542
antioxidant prevention of tumor necrosis factor alpha-induced AIDS dementia complex, rats, 4106
antiviral & immunomodulatory properties of lithium, patients with major depression & other affective disorders, 31688
bidirectional communication between brain & immune system, implications for regulation of behavior & understanding of stress, 16880
chronic professional stress & psychopathology & immune system dysregulation, nurses, 15780
CNS alteration of sleep & other behaviors & peripheral immune system responses to invading pathogens, 21483
cytokine & neuropeptide system characteristics during lipopolysaccharide vs muramyl dipeptide induced anorexia during refeeding, acutely fasted rats, 4152
depression & subjective sleep quality, immunocompetence, 18–44 yr old low-income females at risk for cervical cancer, 30577

dipeptidyl peptidase & adenosine deaminase enzymes, serum activity immunological system changes, 20–49 yr old patients with depression , 36414
dysregulation of endogenous opioid system as mediator of association between repressive/defensive coping styles & enhanced stress responsivity & reduced immune system competence, male vs female adults, 13670
emotional stability & anxiety, natural killer cell activity in response to examination stress, 19–27 yr old military academic cadets, 23449
generation & maintenance of specific immune response, alterations of reliable behaviors, male mice, 23596
genetic & environmental factors, psychological distress & fatigue & immune responsiveness, 31–84 yr old twin pairs, 17820
grief counseling, cell markers of immunological functioning & psychological symptoms, recently bereaved 45–64 yr old widows, 7 mo study, 13656
impact of locus of control & perceived social support & their interaction on depression & immunological & neurochemical indicators of stress in response to receiving breast biopsy results, females, 13665
individual differences in neuroendocrine immune system responses to chronic & acute stress & relationship to coping behavior & depression & psychological intervention, 13572
inflammatory response system activation, normally aging 22–45 vs 70–91 yr olds & 56–94 yr olds with dementia of the Alzheimer's type, 37876
involvement of natural killer cell activity & cell subsets, 36–51 yr old male workers with a tendency to burnout, 29121
language dominant vs nondominant cerebral hemispheres, immune function, 20–48 yr olds undergoing epilepsy surgery, 18829
lymphocyte subsets & lymphocyte proliferative response & soluble interleukin-2 receptors as indicators of cell mediated immunity, female with restrictive vs binging-purging types of anorexia nervosa, 14876
perceptions of & actual state of immune system & mood states & recent physical symptoms, healthy 19–48 yr olds, 17682
perinuclear antibodies directed against microglia in amygdala & frontal cortex, patients with Alzheimer's disease, implications for role of immune mechanisms in neural degeneration, 15022
physiology & phenomenology of stress system & other endocrine & neurological pathways & immune system & fibromyalgia syndrome & disorders of hypoactivity of hypothalamic-pituitary-adrenal axis, 1922
plasma levels of cytokines & soluble cytokine receptors, 18–83 yr old inpatients with major depression or schizophrenia or other psychiatric disorders, implications for immune system pathogenesis, 37266
potential mediators of relationship between personality & tonic cardiovascular & neuroendocrine & immunologic parameters, 18–55 yr olds, 23467
psychoeducational intervention, psychological & immune function, 62–81 yr old females who were their spouses primary caregiver, 1 mo followup, 25480
psychological stress & impairments in local inflammatory response, postmenopausal females, 20985
psychological symptoms & clinical immune marker measures & immune system functioning, young adults with major depression assessed during acute phase & following 6 wks of nortiptyline therapy, 14500
relationship between religiosity & affective & immune status, HIV-seropositive mildly symptomatic gay males, 11844
role of enthoegen-induced mystical experiences in immune system functioning, 25365
role of tetrahydrobiopterin as neurotransmitter biosynthesizer & nitric oxide as neuroendocrine modulator in neuronal control of depression & stress & immune system regulation, 14511
stress & tumor cell inoculation & immunomodulators, lung cell activity, male mice , 29954
stress associated with capture & living in captivity, hematological & immunological & hormonal response, female rhesus monkeys, 2 yr study, 26511
stressful negative life events & pessimism & natural killer cell cytotoxicity & T cytotoxic/suppressor cell percentage, Black HIV-positive females at risk for cervical cancer, 8491
T-cell counts & CD4/CD8 ratio, patients with chronic vs first episode schizophrenia, 30751
tumor necrosis factor alpha, sickness behavior & plasma corticosterone & central monoamine levels & turnover at hypothalamic & extrahypothalamic sites, mice, 26704

Immunology [See Also Psychoneuroimmunology]—Books

Neuroendocrine immune basis of the rheumatic diseases, 28056

Immunopathology [See Immunology]

Immunoreactivity—Serials

2,5-anhydro-D-mannitol, Fos like immunoreactivity in brainstem & forebrain structures, chronic decerebrate vs neurological intact male rats, 4171
acute ethanol, c-Fos immunoreactivity in central nucleus of amygdala, male rats, implications for role of GABAergic reward system in drug abuse, 3888
acute restraint stress, humoral immune response to keyhole limpet hemocyanin, male BALB/cByJ vs C57BL/6J mice, 4071
acute stressors & persistent stressful situations & major life change events, differential immune system changes, 18–45 yr old females, 23452
acute tryptophan depletion, mood & levels of circulating interleukin 1-beta & interleukin-6, healthy 18–35 yr old males, 10524
acute vs chronic chlorpromazine & haloperidol & sulpiride, neuropeptide Y-like immunoreactivity in nucleus accumbens, male rats, 13794
amplitude of circadian phase shifts & plasticity of light- induced c-fos expression in SCN, tau mutant hamsters held in dark–dark cycles for 2 vs 49 days, 3800
antidepressants, Fos immunoreactivity in suprachiasmatic nucleus & 5-HT-7 receptor downregulation in hypothalamus, male rats, 30035
apomorphine induced striatal immunoreactivity, male rats with 6-OH-dopamine lesions, 23346
arginine vasotocin immunoreactive staining in medial amygdala & nucleus accumbens, male vs female cricket frogs with calling vs satellite mating strategies, 29936
bacterial infection, immune response & elevated plus-maze anxiety, male mice, cytokine–neural anxiogenesis implications, 4001
behaviorally conditioned CNS immunosuppressive effects of cyclosporine A using saccharin as stimulus, rats, 4035
bupropion, plasma imidazoline receptor binding protein immunodensity, depressed patients (mean age 41 yrs), 25237
calcitonin gene-related peptide & trk A immunoreactive nerve fibers in inflamed vs noninflamed temporal arteries, 41–87 yr olds with headache & suspected giant cell arteritis, 14916
central GABA A & B receptors, modulation of basal & stress- induced plasma interleukin-6 levels, male mice, 750
changes of orphanin FQ immunoreactivity in cerebroventricular perfusate & periaqueductal gray & amygdala, female rats made tolerant to morphine, 20393
cholecystokinin vs lithium chloride, fos expression in the brain, Japanese quail, implications for cholecystokinin effects on feeding behavior, 4107
chronic social isolation stress, immunoreactivity, nucleus basalis magnocellularis-lesioned male rats, 36511
cigarette smoking, natural killer cytotoxic activity, depressed adult males, 21086
cigarette smoking, natural killer cytotoxic activity, depressed adult males, commentary, 21087
clozapine vs haloperidol, Fos-like immunoreactivity in extended amygdala, rats, 23471
CNS alteration of sleep & other behaviors & peripheral immune system responses to invading pathogens, 21483
commercially prepared exogenous equine serum butyrylcholinesterase, operant behavior & recognition learning, monkeys, 10616
CSF somatostatin & beta-endorphin immunoreactivity & acetylcholinesterase & 5-HIAA levels, 60–88 yr old psychogeriatric ward patients with delirium, 1 & 4 yr followups, 37865
d-amphetamine sulfate with vs without haloperidol pretreatment, foot shock stress induced immunological response, male rats, 13695
description of immunoassay for salivary testosterone levels, 8–12 yr olds & adults, implications for research on testosterone–behavior relationship, 14008
differential housing conditions & social interaction, sex differences in humoral immunity, voles, 16828
digoxin-like immunoreaction factor levels, manic vs well individuals with bipolar disorder, 30665
distribution of immunoreactivity & role of mu-opioid receptors in amygdaloid projection neurons in parabrachial nucleus, male rats, 29776
dopamine antagonist Schering 39166, copulation-induced Fos-like immunoreactivity in medial preoptic nucleus, sexually experienced vs naive male rats, 23540
effects of selective 5-HT1D receptor agonist PNU-109 291 on electrically induced dural plasma extravasation & capsaicin-evoked c-fos immunoreactivity within trigeminal nucleus caudalis, guinea pigs, 29986
emotion & immunological changes & cynical hostility during marital conflict, spouses, 17008
escapable vs inescapable tailshock stress, gene product Fos-characterized activation of serotonin-immunoreactive cells in dorsal raphe nucleus, male rats, 23458
ethanol, Fos-like immunoreactive neurons, FAST vs SLOW selected lines of mice, 10558
ethanol, locomotor activity & number of Fos-like immunoreactive neurons in central nucleus of amygdala, high vs low ethanol reactivity mice, 654
etiological role of spirochete Borrelia burgdorferi & patient immunoreactivity, adults with chronic fatigue syndrome, 37792
food deprivation, distribution of c-fos-like immunoreactive neurons in hypothalamus & other brain autonomic regulatory areas, genetically obese vs lean mice, 3858
formalin vs zymosan-induced acute peripheral inflammation, central glial activation & cytokine interleukin-1-beta expression, male rats, 23358
genetic linkage between behavioral vs immunological traits & differences in natural killer cell activity, male mice bred for high vs low aggression, 23469
gradual transition from maternal to reconstituted milk, behavioral & endocrine & immune responses, lambs, 26472
immobilization stress, effect of antiallergic drug cromolyn vs corticosterone releasing hormone antagonist, coronary mast cell immunochemistry, male rats, 604
immune activation, patients with major depression with vs without chronic fatigue syndrome, 21099
impact of capture & subsequent release, immune & hormone & behavior responses & health, free-ranging rhesus monkeys, 23465
individual differences in prefrontal activation asymmetry & natural killer cell activity immune functions at rest & in response to emotional challenges, 17–21 yr olds, 23454
inescapable stress & learned helplessness, c-Fos-like immunoreactivity expression in brain, male rats, 23354
injection of pain-inducing drug formalin into hind paw, microglial activation in spinal chord & brainstem, male rats, 23310
interleukin-6 & herpes simplex virus type 1, behavior & immunopathology, adults, 34534
intracarotid glucose, neuronal activation of Fos-like immunoreactivity in hypothalamus, diet-resistant vs diet-induced-obese male rats, 699
intrathecal oxotremorine, antinociceptive response to long-lasting pain stimulus & spinal nitric oxide synthase immunoreactivity, male rats, 10641
involvement of decreased lymphocyte growth hormone mRNA in poor immune response, female caregivers (mean age 64 yrs) with chronic stress in caring for patients with Alzheimer's disease, 18996
kynurenine hydroxylase inhibitors mNBA or Ro 61-8048, immune-stimulated effect on quinolinic acid in blood & brain, male mice, 33378
leptin with vs without neuropeptide Y, c-fos-like immunoreactivity in hypothalamus & food intake, male rats, 3948
level of sexual satiety & Fos-immunoreactivity in extended amygdala, male Syrian hamsters, 3894
levels of Fos immunoreactivity after repeated handling & injection stress, inbred strains of mice, 20247
light-dark cycle with single light pulse vs constant dark, rest-activity rhythm & c-fos induction, blind mole rats of 2 karyotypes, 588
lipopolysaccharide immune stimulation, induction of Fos expression in brainstem amygdala afferents, rats , 17110
lithium carbonate, immune function, rapid cycling bipolar patients (mean age 38.8 yrs), 25213
lower vs higher dose of acute vs subchronic vs chronic clozapine with 5-HT-2A vs dopamine D2 & D3 blockade, neuropeptide Y-like immunoreactivity & neuropeptide Y mRNA in nucleus accumbens, male rats, 26829
male exposure to lipopolysaccharide, endocrine & immune function & female mate preference, meadow & prairie voles, 36574
mating & Fos-immunoreactive neuronal expression in brain, male macaques, 23331
mental effort & uncontrollability of stressor, immune system response to physiological stress, 18-28 yr old males, 29962
mild traumatic brain injury, immunoreactivity for c-Fos & c-Jun & JunB & Krox-24 in cerebral regions associated with conditioned fear response, male rats, 20220
morphological characteristics & distribution of neurocalcin immunoreactive elements in main olfactory bulb, rats, 3824
morphology of CalbindinD28K immunoreactive cells & processes in hippocampal formation & prefrontal cortex, postmortem 43–68 yr olds with schizophrenia, 24263
neonatal monosodium glutamate, temporospatial variations in circadian light-induced Fos immunoreactivity in suprachiasmatic nuclei, male hamsters, 641
pheromones in female hamster vaginal secretions, fos-immunoreactivity, prepubertal vs adult male hamsters, implications for development of reproductive behavior, 4257
plasma peripheral neuropeptide Y immunoreactivity, panic disorder duration, patients with panic disorder, 37399

postmortem tyrosine hydroxylase immunoreactivity in locus ceruleus, 39–63 yr old depressed nonsuicidal vs suicidal patients, 34029
postnatal development of tyrosine hydroxylase & dopamine transporter immunoreactive axons in rostral entorhinal cortex, 2 day to 18+ yr old rhesus monkeys, 3839
protocol for quantitative analysis of effects of lithium on reverse tolerance & c-Fos expression induced by methamphetamine, male mice, 17073
role of adenosine A2A receptors in induction of c-fos expression by clozapine & haloperidol, male rats, 7240
role of hormones & proteins & cytokines in pathogenesis & immunoreactivity, adult females with anorexia nervosa or bulimia, 37714
seasonal variation & bib size & cellular immune response during & outside reproductive season, male house sparrows, 29930
SKF38393, entrainment of circadian pacemaker & induction of Fos, neonatal Syrian hamsters, 17043
sleep & sleepiness during daytime, 23–37 yr olds injected with Salmonella abortus equi endotoxin, 3996
social inhibition & delayed type hypersensitivity responses during intense social engagement & altered cellular immunity & elevated disease risk, adults with functional bowel disease &/or fibromyalgia, 24690
stress & perceptive signals & immune responses & conditioning & CNS active drugs & adrenergic system & ACTH & endogenous opiates & body temperature & natural killer cell activity, 29952
testosterone titers, humoral innunocompetence during breeding, red-winged blackbirds, 16811
testosterone treatment of females, brain distribution of vasotocin-like immunoreactivity, male vs female zebra finches, 36572
unilateral vs bilateral lesions of insular gustatory cortex, conditioned taste aversion & induction of c-Fos-like immunoreactivity in intermediate division of nucleus of solitary tract, rats, 3908
Wnt-1 expression in hippocampus, postmortem brains of 45–73 yr old schizophrenic patients, 30735
worry & autonomic & immune response to phobic fear, college students, 23473

Immunoreactivity—Chapters

Stress, corticotropin-releasing hormone, glucocorticoids, and the immune/inflammatory response: Acute and chronic effects, 28091

Impaired Professionals—Serials

distress & professional impairment due to work factors & life events, psychologists in clinical practice, implications for training & administration & the profession, commentary, 9381
evaluation of competence & identification & remediation & dismissal & related legal issues, impaired professional psychology trainees, commentary, 32112
evaluation of competence & identification & remediation & dismissal & related legal issues, impaired professional psychology trainees, 32100
evaluation of competence & identification & remediation & dismissal & related legal issues from feminist/multicultural perspective, impaired professional psychology trainees, commentary, 32118
evaluation of competence & identification & remediation & dismissal & related legal issues & relation to professional boundaries, impaired professional psychology trainees, commentary, 32104
evaluation of competence & identification & remediation & dismissal & related legal issues, impaired professional psychology trainees, commentary reply, 32099
ketamine dependency, male anesthesia providers, 28901
perceptions & knowledge & utilization of state association colleague assistance committee, licensed psychologists, 9380
review of report on alcohol & other drug misuse by doctors & response by Scottish region, UK, 38757

Implosive Therapy—Serials

cognitive behavior therapy for panic disorder with agoraphobia & implosive therapy for PTSD & associated maladaptive personality features from childhood sexual & physical abuse, 45 yr old female, 5517

Impotence—Serials

male Oedipal tie to mother & female need for impotent male in relationship, sexual dysfunction, couples, 11263
psychophysiological screening to determine response to vasoactive substance, men with erectile dysfunction, 1957
sildenafil, fluvoxamine-induced erectile dysfunction, 39 yr old man treated for social phobia & alcohol abuse, 2276
Viagra & cluster headaches, 46 yr old male, letter, 15429

Impression Formation—Serials

behavior extremity, correspondent inferences vs causal attribution in judgments, college students, 13273
candidate self-monitoring & interviewer impressions of candidate personality, personnel recruitment decisions, 19–35 yr old graduate trainee candidates & their interviewers, 38944
context of multifaceted stimuli & accentuation & sensitization effects in categorization, college students, 36215
evaluations & impression from recommendation letters, medical school admission committee members, 2754
everyday exhibitions of membership & displays of self as successful or charismatic, managers, 38980
expectancies & dispositional inferences & causal attributions in impression formation process for individual vs group targets, college students, 11167
favorable & unfavorable target expectancies, social information processing, college students, 34005
impact of perceived entitivity on inconsistency resolution for groups vs individuals, college students, 33935
impression valence, discounting vs conjunction effects in social explanations, college students, 30463
male vs female vs mixed gender group & party vs physique-salient scenario, group dynamics & social anxiety about peer evaluation & impression formation, female undergraduates, 20851
motivated inhibition & activation of conflicting stereotypes in impression formation & reactions to praise vs criticism from Black doctor vs manager, White male college students , 37119
observer group membership, observer derogation of in-group members, male vs female observers, 7801
perception of task importance & feasibility & agent influence behavior as determinants of target commitment, college students, 12887
positive mood, impression formation about ingroup & outgroup members, 19–39 yr olds, 7840
power, impressions formed by unilateral initiatives, college students, implications for conflict resolution strategies, 37069
prevalence of moral- vs competence-related categories in impression formation, adults, 7866
priming with stereotype words, hostility related vs unrelated first impressions & diagnostic ratings of patient identified as Black vs race undisclosed, 24–60 yr old therapists, 28873
prior knowledge of communicator persons, associative processes of spontaneous trait transference & impressions, undergraduates, 27295
static vs dynamic conceptions of people, stereotyped formation, 6th graders, 36811
stereotype-incongruent information about group members, central tendency or dispersion in perceived group variability & stereotype change, college students , 37057
storytelling about relationship conflict, blame for vignette-based vs real-life relationship conflicts & subsequent memory & impressions of relationship events, college students, 11126
target behavior revealing morality vs intelligence traits, S recall & social cognition & impression formation & expectations of & actual cooperation in mixed-motive situation, undergraduates, 14263
targets' power in interpersonal vs intergroup situations, impression formation, college students, 33919
teaching experimental design using classic studies on impression formation, students in social sciences, 9447
terror management theory & mortality salience & stereotypic thinking about & preferences for stereotype-consistent vs -inconsistent outgroup member, college students , 37118
trait diagnosticity vs behavioral consistency as determinants & developmental course of impression change processes, young vs middle-aged vs aged adults, 13285

Impression Formation—Chapters

Cognitive and knowledge-based influences on social representations, 33945
The continuum model: Ten years later, 17624
Creating impressions and managing interaction, 11181
Dualities and continua: Implications for understanding perceptions of persons and groups, 17557
Exploring automatic stereotype activation: A challenge to the inevitability of prejudice, 11175
On the dialectics of discrimination: Dual processes in social stereotyping, 17620
Parallel processing of stereotypes and behaviors, 17627
Spontaneous versus intentional inferences in impression formation, 17633
Stereotyping, processing goals, and social identity: Inveterate and fugacious characteristics of stereotypes, 11176

Impression Management—Serials

accountability & approach to tasks & impression management, organizational goals & performance evaluation, business college students & telemarketers, 3065
applicant self-monitoring & self-esteem & locus of control & age & training & interviewer age & experience & communication skill, choice of impression management tactics, 20–38 yr old job applicants, 6286
Chinese Self-Monitoring Scale, assessment of ability & propensity to regulate self-presentation & correlation to Eysenck personality traits, undergraduates, 7851
construct & discriminant & convergent validity of Measure of Ingratiatory Behaviors in Organizational Settings scale, working adults, 6677
development & internal consistency & discriminant validity & personality dimensions of Self-Presentation Tactics Scale, male vs female college students, 13051
developmental age group, ability to provide interpersonal explanations for self-presentational behavior of others, 6–11 yr olds, 10833
everyday exhibitions of membership & displays of self as successful or charismatic, managers, 38980
facial attractiveness of prospective date, willingness to lie about own characteristics to increase desirability, college students, 17582
gender & vulnerability of partner & self-presentation of academic achievement, male vs female college students, 4749
impression management & cross-cultural adaptation, employees & college students, 1105
impression management & impression management demands in conversation probe role play test, paralinguistic & verbal & nonverbal social skills, outpatients with schizophrenia, 14569
impression-management goals, contents of group stereotypes, college students, implications for social-evolutionary model, 23994
organizational citizenship behavior & impression management, 12859
outcome uncertainty & individual differences in self-esteem, tendency to ascribe advantages to social comparison target as true perception vs manipulation of audience attributions, college students, 27333
personal distress & attitudes toward counseling & social support & self-concealment, seeking of psychological counseling, psychology undergraduates, 24971
professional identity & solidarity & adjustment to engineering culture & professionalization process in engineering, female college students, 36997
regulation of information about friends' identities to create desired impressions on audiences, adults, 14277
self perception & ability to control impression one makes on others & social stressor, cardiovascular response patterns, male 18–35 yr olds, 16998
self vs other as target & positive vs negative property & verifiability of act, frequency of self vs other characterization & level of abstraction in describing target, undergraduates, 14281
self-perceived personality & impression management on NEO-Five Factor Inventory, 18-52 yr olds, 20939
self-presentational motives, potentially unhealthy behavior, college students, 33897
subordinate vs superior status of subject of action, positive vs negative favorability rating of actor behavior, college students, 14282
temporal changes in behavior & EEG & heart rate & cardiac vagal tone & startle eyeblink response & salivary cortisol during self-presentation anxiety, shy & nonshy 7 yr olds, 33673
typology of impression management & self-deceptive positivity as assessed by MMPI–2, child custody litigants, 29338

Impression Management—Chapters

The continuum model: Ten years later, 17624
Creating impressions and managing interaction, 11181
Maladaptive image maintenance, 14233

Imprinting—Serials

anatomical structure of dorsocaudal neostriatum complex & neostriatum dorsocaudale & role in imprinting & learning & memory formation & synaptic processes, domestic chicks, 13521
behavioral & neurophysiological & physiological events in stabilization process of sexual imprinting, male zebra finches, 13518
c-fos assessment of long-term changes in neuronal properties associated with imprinting, chick brain regions, 7019
isolation-rearing & filial imprinting, attachment to inanimate objects, guinea pigs, 33119
lateralization of eye closure & monocular vs binocular sleep during 1st 2 wks of life, female chicks reared with imprinting object or in visual social isolation, 16929
learning & imprinting & predispositions & mechanisms of development of filial preferences, newly hatched domestic chick, 13389
neurology & electrophysiology of imprinting & recognition memory, 13494
number of hrs after exposure to stimulus for administration of glutamate in right vs left hemisphere, imprinting memory, chicks, 4175
visual lateralization, detour behavior toward visually imprinted stimulus, chicks, 10463

Impulse Control Disorders—Serials

co-occurrence of impulse control disorders & relation to age at onset of alcohol dependence & detoxifications & antisocial personality, 22–66 yr old alcohol dependent inpatients, 21321

disinhibition as adverse reaction to psychotropic medication in youths, 1740
drug treatment of aggression & affective instability in impulsive disorders, patients with obsessive–compulsive & borderline personality disorders, 27523
frequency of nonparaphilic hypersexual behaviors, males with sexual impulsivity disorder (mean age 36.8 yrs), 37760
similarities & relationships between impulse control & substance use disorders, 1416
Impulse Control Disorders—Chapters
Impulse control disorders not elsewhere classified, 18027
Impulsiveness—Serials
5-HT type 1A vs 2 agonists vs antagonists, impulsivity, male rats, 7186
aggression & self injury & suicidal behavior & impulsivity, male vs female adolescent psychiatric inpatients, 24428
amphetamine vs haloperidol vs imipramine vs chlordiazepoxide vs ethanol, impulsive behavior under paced fixed consecutive number schedule, rats, 4145
amphetamine vs imipramine vs citalopram vs chlordiazepoxide vs metergoline vs haloperidol vs ethanol vs PCPA, impulsive behavior under 8 or 32 fixed consecutive number schedule, rats , 4146
assessment of empirical support for M. Zuckerman's Impulsive-Sensation-Seeking theory, 13–76 yr old athletes, 1368
cholesterol levels & depression & anxiety & suicidal behavior & impulsivity & aggression, 12–21 yr old psychiatric inpatients, 30601
clinical & experimental issues in impulsivity research, literature review, 24364
clinical & psychological correlates of compulsive vs impulsive vs absence of self-injurious behavior, 16–50 yr old outpatients with bulimia nervosa, 11739
corporal punishment & impulsiveness & nurturance of mother & non-corporal interventions & child age & sex & family SES, child antisocial behavior & impulsiveness, mothers & their 2–14 yr old children, 4639
CSF 5-HIAA & HVA concentrations & depression & anxiety & impulsivity, 18–69 yr olds who have attempted suicide, 4 yr study, 24398
cueing procedure, impulsivity, 8 yr old boys with attention deficit hyperactivity disorder, 15201
functional connectivity of neural systems that subserve attention & impulse control during performance on Stroop Word-Color Interference Task, 18–57 yr olds, 23105
heuristic personality model used to compare research approaches to study of impulsive aggression, 4762
ibotenic acid-induced neuron loss in basal forebrain, alcohol consumption & defensive behaviors & impulsivity & serotonin levels, male rats, animal model of alcoholism subtype, 23317
impulsive response style vs modified forced delayed response, computer-administered multiple choice test performance, college students, 22522
impulsiveness & discount rates for delayed monetary rewards, 31–42 yr old heroin addicts, 11625
impulsivity & criminal history, violent vs nonviolent female parolees (mean age 29.6 yrs), 28801
impulsivity & dietary control & urge to binge, females (mean age 27.35 yrs) with bulimia, 34507
impulsivity & prediction of problem gambling in late adolescence, 12–14 yr old low-SES males, 30857
impulsivity before & after antidepressant treatment, inpatients with major depression with vs without suicide attempts, 4 wk follow-up, 27586
model of impulse buying behaviors & precursors, shoppers at regional mall, 6387
neurodevelopment & developmental psychopathology, attention deficit & impulsiveness, 34444
prenatal drug &/or alcohol exposure & child & family characteristics, attention & impulsivity, 6 yr old children of 24–65 yr old mothers, 21320
psychiatric diagnosis & issue of impulsivity, 12–19 yr olds with previous but no recent vs first vs second or subsequent vs no suicide attempt, 1991–95, comment, 30567
school-based cognitive behavior modification, hyperactivity–impulsivity & aggression, 5–18 yr old students, 29033
sertraline, aggressive behavior, 51- 30- & 29- yr old patients with intermittent explosive disorder, 18680
serum cholesterol & impulsive aggression, male vs female adult patients with borderline personality vs other personality disorders, 17965
stability of impulsivity vs other aspects of borderline personality disorder & ability of impulsivity to predict disorder persistence & psychopathology, 18–65 yr olds, 2 & 7 yr follow-ups, 17963
stress inoculation training program, impulsive behaviors, 20–30 yr old males with traumatic brain injury, 18558
time of day, cognitive task performance, college students with high vs low impulsivity , 7913
unidimensional vs bidimensional construct of compulsiveness & impulsiveness, 18–84 yr olds, 4781
voluntary ethanol consumption & behavioral control vs impulsivity as measured by appetitive-signaled nosepoke task, inbred mice strains, 7017
Impulsiveness—Chapters
Pharmacotherapy of impulsive-aggressive behavior, 24185
In Vitro Fertilization [See Reproductive Technology]
Incarceration—Serials
community-based case management, recidivism, recently released mentally ill offenders, 3 yr study, 2726
concept of dangerous offender & impact on trends in maximum security incarceration, 25564
felony sanctions in Pennsylvania, racial inequalities in prison sentences in 1977 & 1983 & 1992 & 1993, 19533
HIV infection & risk-taking behavior within jail system & effects on community health, incarcerated males & females, implications for health care workers, 21502
improvement of current difficulties in 13 quality of life areas, reductions in hospitalization & incarceration, clients in assertive community treatment program, 38526
incarceration vs court ordered domestic violence group treatment with vs without chemical dependency treatment, recidivism of battering, males (mean age 32.65 yrs) arrested for domestic violence, 12088
inhalant abuse & other substance of abuse, 12–19 yr olds incarcerated in juvenile detention facility, 21356
issues related to visits & family & community support & continued imprisonment, partners & children of political prisoners, Northern Ireland, 22297
jail diversion program, number of days incarcerated in following year, seriously mentally ill detainees (mean age 33 yrs), 1 yr study, 38642
moral & ethical issues of feminism psychotherapy in a women's prison, 38732
offender assessment & rehabilitation in corrections research, Canada, 25559
opportunity for HIV/AIDS prevention in criminal justice & drug treatment settings, drug users (mean age 36 yrs) in rural Kentucky, 18858
personality traits & criminal behavior & recidivism, 13–20 yr old incarcerated males, 4.5 yr followup, 14805
Incarceration—Chapters
Control and compassion: The uncertain role of Mental Health Review Tribunals in the management of the mentally ill, 39069
Diverting mentally disordered offenders from custody, 37617
Expanding the internment narrative: Multiple layers of Japanese American women's experiences, 33730
Incentives [See Also Monetary Incentives]—Serials
demographic characteristics & incentives, 26–61+ yr old mediators practicing in public vs private vs government agency settings, 22612
divergent motivations & self-serving biases & extrinsic incentives bias, business students & personnel, test of lay theories, implications for organizations, 19417
group adaptiveness perspective in incentive to cooperate, competition, individuals vs groups, college students, 27293
incentive structure & motivation for primary & secondary care within British National Health Care Service, general practitioners, implications for policy reform, 38483
monetary vs nonmonetary incentives & educational intervention vs usual encouragement, return for tuberculosis skin test reading & disease prevalence, 18–67 yr old drug injecting or crack cocaine users, 14742
motivational influences of sadness & reward replacement vs anxiety & uncertainty reduction on gambling & job selection decision processes in college students, 27392
negative contrast effects & incentive downshifts, search behaviors, female rats, 10281
post-conditioning increase in water deprivation, extinction & revaluation & generality of incentive learning in motivational shifts, male rats, 33067
relative value units & productivity/incentive plan, clinical productivity, faculty of behavioral medicine & psychiatry department, 32354
role of intrinsic motivations & extrinsic incentives in gift-exchange game with incompletely specified contractual relations, college students, implications for labor relations, 30399
use of multitemporal satellite images & spectral mixture analysis in study of human incentives & actions & reactions to environmental change, 12960
worksite activity promotion incentives & barriers to incorporation of regular physical activity, female employees (mean age 44.8 yrs), 18865
Incest—Serials
attitudes on sex & society in theory of incest, Egypt, 21244
characteristics & duration of & family circumstances surrounding abuse by brother vs father & adult functioning, female adult survivors of incestuous child sexual abuse, 37505
Freud's Oedipus complex vs Westermarck hypothesis & role of sociobiological evidence in incest & male sexual selection & mate choice, 30551
incest survival in childhood, parenting characteristics in adulthood, adult females, 30803
incest, parenting perceptions & behaviors, incest survivor mothers, 8271
incestuous or nonincestuous childhood sexual abuse & subsequent shame or dissociation, victimization in adulthood, 18–51 yr old female college students, 24433
maternal sexual overstimulation in childhood as cause of unstable gender identity, 22 yr old male undergoing psychoanalysis, 5005
methodological characteristics of research literature on group psychotherapy with female incest survivors, 31558
pedophilic interest & sexual preferences, biological vs other incest offenders, 21375
predictors of recidivism, male incest offenders, 21364
prevention of further sibling incest through time limited group therapy & multimodal interventions with families & therapeutic processes, 9–15 yr old males, 2 mo follow up, 5553
role of empowerment in group approach to self-regulation therapy, reduction of self-destructive behavior & healing & recovery, incest survivors, 5555
time-limited group treatment program, intrapersonal symptomatology & interpersonal difficulties, females with a history of childhood incest, 6 mo followup, 38124
use of play & art therapy, adults in substance abuse treatment with history of incest victimization, 25524
utility of dialectical framework for understanding intrafamilial sexual abuse, 20–65 yr old incest survivors, 21237
Incest—Books
In my father's arms: A true story of incest, 37527
Incest, work and women: Understanding the consequences of incest on women's careers, work and dreams, 1745
Incest—Chapters
''An unbelievable kind of thing'': A mother's response to the disclosure of incest, 34328
Body image and self-perception in women with histories of incest, 24482
Heretical texts: *The courage to heal* **and the incest survivor movement, 37535**
Incest and secondary victimization in intimate relationships: A psychotherapeutic case study, 34331
A survey of the Africans' understanding of father–daughter incest: Implications for relevant therapeutic intervention, 34332
Textual trauma in *Kings Row* **and *Freud*, 27836**
Working with adult incest survivors, 34846
Incidental Learning [See Also Latent Learning]—Serials
acquisition & observational learning of incidental information during constant time-delay instruction, 16–21 yr olds with moderate intellectual disabilities, 12725
colostrinin, spatial learning & incidental memory, male 13 vs 3 mo old rats, 36605
incidental foreign language acquisition through watching subtitled TV programs, 8–12 yr olds, 17244
incidental learning & route expectancies & memory, 10 vs 24 yr olds, 36253
intentional vs incidental learning, recall of surname-words vs surname-nonwords, undergraduates, 281
response to & recognition of situations in dynamic system control task, 18–35 yr olds, implications for models of implicit learning & memory, 3586
Incidental Learning [See Also Latent Learning]—Chapters
Intentional and incidental learning, 23157
Income (Economic)—Serials
community based rehabilitation using self-employment or income generation projects, people with disabilities, Philippines, 5915
daily financial stress & chronic financial strain & perceived levels of understanding & control & psychological well-being, university students, 7912
equality in division of labor in home & income, cohesion & marital stability, married & cohabitating couples , 27173
federal income support & cessation of support, check effect of increase in psychiatric emergencies, persons receiving benefits for alcohol & drug related disabilities, 15587
financial adequacy & perceived economic well-being or stress & own vs partner's job instability & job insecurity, individual & family well being, 18–65 yr olds, 1116
personal social vs economic values, people vs technology oriented specialty choice & expectations of high income, medical students, 25 yr followup, 6051
political structure & economic inequality, homicide rates, 50 countries, 11670
prior temporary income change, buying decisions, 18–46 yr olds, 35725
relationship between cost of treatment for depression & lost employment earnings due to work days, persons with depressive disorder & dysthymia, 6 & 12 mo followup, 35198

relationship between sex role attitudes & occupational position & earnings, 18 yr old & older males vs females, 33818
research & activities & income & limits on membership privileges, psychologists on staff at medical schools, 15767
structural equation modeling of effects of economic stress on marital quality, 36 yr old men vs women in married vs cohabiting relationships, 1120
welfare & support services in reform & mother's earnings, child cognitive development, 8 yr study, 23734
Income (Economic)—Chapters
Clinical geropsychology and U.S. federal policy, 4545
Environmental interventions in schizophrenia 2: The community level, 34765
Income Level [See Also Lower Income Level, Upper Income Level]—Serials
achievement in reading & family income levels, north west Glasgow primary schools, 15939
age at migration & family dependency, income source & living arrangements, 65 yr old & older Mexican American immigrants, 14110
allocation of social time to self & family & friends & pets & income level & well-being, male & female community dwelling 35–55 yr olds, 37169
feedback conditions & income constraints & behavioral aspects & environmental attitudes & socio-demographics, energy consumption, residents, 9 mo study, 16226
government employment, gender gap in earnings, 7 industrialized countries, 1032
husband vs wives resources & marital dissolution, examination of the wive's independence hypothesis & the husband's income hypothesis, 4629
income & sources of income & marital economic agreements & employment status, child care choices, married mothers, 20744
low birth weight & premature birth with vs without early intervention, reading comprehension & mathematics skills, lower socioeconomic status children (mean age 9 yrs), 9551
neighborhood disadvantage & family structure, employment expectations, urban African American adolescents in high poverty vs middle-class neighborhoods, 955
parental financial & social resources, children's educational attainment, 22 yr olds, longitudinal study, 6204
personal values & perceived spouse preference & family income, maternal employment intent & choice following childbirth, expectant parents, 9577
racial & ethnic differences in job search strategies & outcomes, Blacks vs Whites vs Hispanics vs Asians, 29079
relation between health & housing tenure & car access as markers for income or self esteem, adults, 1280
relative earnings, marital disruption, husbands vs wives, 4614
sex & income, reported frequency of hearing jokes about Clinton–Lewinsky controversy, 27219
sex, income level, male vs female pharmacists, analysis of human capital & gender stratification theories, 14124
social & economic factors & suicidal behavior, Italy, 27809
test–retest reliability of self-reported work status & income variables measured by Risk Behavior Assessment, adult drug users, 26146
trends in income distribution, voting behavior & outcome of presidential elections, US, 1952–1996, 30348
use of Ages & Stages Questionnaires, assessment of child's developmental performance, low vs middle income parents of 4 mo olds, 32 mo study, 34

Individual Differences—Serials
3-way 3-mode hierarchical classes model for analysis of individual differences in binary object & attribute arrays, 13137
active vs passive perfectionism & relationship to depressive affect, 17–50 yr olds, 11215
acute stressors & persistent stressful situations & major life change events, differential immune system changes, 18–45 yr old females, 23452
adaptive aspects of personality that respond to objective requirements of activity, 7880
advocates & sceptics & personalists & governmentalists & human rights attitudes & shared meaning system regarding the 30 Articles of the Universal Declaration of Human Rights, students in 35 countries, 10946
age & sex & ability, prediction of individual differences in memory changes, 28–36 vs 55–87 yr olds, 16 yr study, 6925
age, interindividual variability in memory & spatial functioning & speed, 70 yr old & older community dwellers, 30251
alcohol, individual differences in regional cerebral glucose metabolic rate during divided attention, male light to moderate social drinkers, 10584
behavioral validity of Disgust Scale, measurement of individual differences in disgust sensitivity using behavioral tasks, 17–23 yr old college students , 29337

categorization of action words used to describe robbery & individual differences in event duration estimates, college students, implications for eyewitness testimony , 19842
circadian rhythm characteristics of pineal hormone melatonin & individual differences in circadian type & mood, 18–36 yr olds, 20234
class & individual characteristics, perception & labeling of pupils as problem students, 4th grade teachers, 35529
cognitive differences between reasoning with self-constructed external representations & presented representations, 19802
common features & individual differences in grunting during nursing, domestic sows, 13472
complementary & opposite qualities for classification & synthesis in personal differences & sex relatedness, 14329
conservation & self-rated social desirability & teacher-rated assertive social skills & shyness-anxiousness & acting out & individual differences in susceptibility to leading questions, 1st graders, 841
contextual & social–cognitive & individual-difference & diathesis–stress models of attachment change in marriage, newlyweds, 2 yr study, 17480
development & validation of the Iowa-Netherlands Comparison Orientation Measure & individual differences in social comparison, American vs Dutch adults, 9838
differences & inclusion in group work with children & young adolescents, 25086
differences & perceptions & relationship of marital types & quality & marriage maintenance behaviors, 21–83 yr old married couples, 33777
differences between & expectations of romantic relationships, 21–58 yr old homosexual vs heterosexual males, 33832
discriminatory characteristics in individual whistles, captive dholes, 367
emerging phonological abilities & basic reading skill & interindividual variation in development of phonological manipulation, 7–7.8 yr old Finnish nonreaders, 36730
etiology of individual differences in general cognitive ability, monozygotic vs same- vs opposite-sex dizygotic twin pairs, 7910
existence of individual traitlike differences in coping styles & validity of traditional assessments of momentary self-reports of coping, men & women with high levels of work or marital stress, 26119
exposure to Internet pornography & individual differences, attitudes towards women, male college students, 30352
female quality variance, operational sex ratio & male mate choice, male bushcrickets, 16832
functioning of ventral tegmental area & dopamine production system in psychobiological threshold model of individual differences in incentive motivation & extraversion, 24 comments & reply included, 27363
general money attitudes & demographic factors & individual difference beliefs & monetary pathology, 18–73 yr olds, 37398
group vs individual differences in rating accuracy of gender differences on behaviors & traits, male vs female students, 27371
H. J. Eysenck's vs J. A. Gray's theories of biological bases of personality traits & brain functioning in individual differences, 14357
individual & age differences in reasoning with causal conditionals, 1st–6th graders, 23771
individual & age-related differences in verbal & spatial working memory, 8–10 vs 18–22 vs 65–75 yr olds, 17260
individual & cultural & environmental factors, reasons for sexual abstinence resilience, 8th–10th graders, 27027
individual & developmental differences in look duration, latency to disengage fixation from visual stimulus, 3- & 4-mo olds, 23695
individual & task & text variables, calibration of comprehension in education & instruction, 2816
individual change & differences in negative mood, 60 yrs old & older vs 80 yr old & older females, 33709
individual difference characteristics & moderators of relation between age & cognition, crossword puzzle proficiency, 18–80 yr olds , 19811
individual differences & inner- & other-motivation & anonymity, escalation to commitment in decision making, college & graduate students, 30516
individual differences & job search behaviors, employment status, recent university graduates (mean age 24.5 yrs), 19390
individual differences & risk perception & social influence & access to resources as predictors of evacuation during natural disasters, nonevacuating survivors of Hurricanes Hugo & Andrew, 30462
individual differences & subjective goal difficulty, goal setting & performance during anagram task, 18–24 yr olds, 13295
individual differences & the development of perceived control & academic achievement & classroom engagement, 8–13 yr olds & their teachers, 3-yr study, 7939
individual differences & the development of perceived control & academic achievement & classroom engagement, 8–13 yr olds & their teachers, 3-yr study, commentary, 7890
individual differences approach to research on minority aged & ethnic diversity in aging population, 20669
individual differences in ability to encode affective communications of sympathy & pride & seduction through facial expression & personality traits, 62 undergraduates, 20860
individual differences in acoustic parameters of cries during pain vs hunger vs manipulation contexts, 1–4 day olds, 4420
individual differences in acquisition of complex reflex & freezing & avoidance & escape responses, rats, 29698
individual differences in attention & duration & facial reactions to distress, 3-mo-olds, 2 & 8 mo followups, 10758
individual differences in attentional resources in terms of processing speed & working memory, complexity of self-representations, 19–31 yr old females, 37150
individual differences in den maintenance effort at communal setts, Eurasian badgers, 10362
individual differences in detailed analyses of horizontal dynamic patterns in recordings of Chopin Etude, artists, 13241
individual differences in emotion regulation, 33006
individual differences in everyday errors & visual attention capture & working memory, 18–25 yr olds, 26334
individual differences in hostility & social stressors, cardiovascular reactivity during marital interaction, married couples, 29969
individual differences in hypnotizability vs imaginative suggestibility, 17–29 yr old college students, 30484
individual differences in interpretation of term palatable based on food intake & ratings, 17–56 yr old males, 30533
individual differences in knowledge acquisition from interactive animated vs static pictures in cooperative learning, college students, 29649
individual differences in masculinity & femininity & gender diagnosticity, twin pairs originally assessed in 1976, 10863
individual differences in memory & executive function abilities, normally aging 55–70 vs 71–85 yr olds, 1011
individual differences in orientation toward intrinsic motivation in leisure behavior & life satisfaction, retired 57–92 yr olds, 7602
individual differences in parental care in situations involving novelty & risk & aggression, convict cichlids, 26494
individual differences in personality & appraisals of stressor severity & coping strategy with stressful events, 35–55 yr old males, 17657
individual differences in personality & interpersonal satisfaction, job decision latitude, 14 mo study, 19387
individual differences in prefrontal activation asymmetry & natural killer cell activity immune functions at rest & in response to emotional challenges, 17–21 yr olds, 23454
individual differences in reading development in kindergarten & early elementary grades, 3 yr study, test of Matthew effects hypothesis, 857
individual differences in reported sleep need, 9th graders, 840
individual differences in social cognition & false-belief understanding & language abilities & family background, 3–4 yr olds, 26978
individual differences in social competence & salivary cortisol response measured before vs 20 vs 35 min after self presentation task, 7 yr olds, implications for socio-emotional development , 17374
individual differences in social understanding & language abilities & temperament & behavioral adjustment & family background & quality of interaction with close friends, 4 yr olds, 27041
individual differences in subjective happiness for perceiving & interpreting & thinking about life events, college students, 4786
individual differences in sucrose consumption, anxious behaviors in elevated plus maze & acoustic startle reflex paradigms, male rats, animal model of anxiety, 4033
individual differences in susceptibility to interference & general cognitive ability, 23085
individual differences in sympathetic tendencies & regulation & negative emotionality & social functioning, 10–12 yr olds, 14030
individual differences in temporal imagery accuracy response of rotor pursuit task & imagery aftereffects & reminiscence effects, college students , 6853
individual differences in tonic immobility susceptibility & duration & response to routine injection & speed & ease of movement through unfamiliar environment, pigs at 2.5 vs 4 vs 10 wks old, 19981
individual differences in trust & situational variables & mood & outcomes priming & person–situation interactions, preferences for real vs ersatz social activities, undergraduates, 1318
individual differences in visual discrimination & spatial learning & activity control tasks, inbred vs outbred strains of mice, implications for structure of animal intelligence, 6970
individual differences in working memory & reasoning–remembering relationships, solving class-inclusion problems, college students, 228
individual differences in writing behavior & relationship between writing strategies & success, undergraduates, 28973
individual differences of prepulse inhibition in startle reflex as measure of individual dopamine function, male rats, 36417
individual differences of sex & handedness & menstrual cycle & perceptions of masculinity, hemispheric specialization of lexical vs nonlexical routes in reading letter strings, college students, 16955
individual differences with regard to experience of affect intensity, communication effects of different emotional & nonemotional advertising appeals, college students, 22712
individual differences, integration & coordination of visuospatial vs verbal sources of information, college students, 29548
individual risk & protective factors for adolescent substance abuse, 27080
individual vs group differences in risk factors in development of externalizing behavior problems, Black vs White kindergarten students, 5 yr study, 4470
individual vs group simple gustatory RTs to 8 substances from 4 taste families, 26–42 yr olds, 23002
individual-difference & organization-level work variables & task responsibilities & performance appraisal satisfaction, overall job satisfaction, 21–55 yr old medical technologists, 4 yr study, 35630
intensity of sensitization vs desensitization, whole-mouth rinses vs filter papers of vs foods containing capsaicin stimuli, college students, 26313
inter- & intraindividual differences in memory performance & academic achievement, 4–12 yr olds, 8 yr study, implications for theoretical models of cognitive development, 6220
interpopulation & context related differences in response to predation risk from lobsters &/vs asteroids, whelk in presence vs absence of feeding opportunities, 16738
intraindividual variance in development of characters as measure of developmental instability, bilaterally symmetrical organisms, 16871
IQ, individual differences in memory ability & test performance, 15–16 yr olds, implications for teaching methods, 32242
leadership styles & individual differences & foreign policy-making process, prime ministers from Great Britian & Germany, 1156
life context & personality, individual differences in intellectual development, 62–79 yr old World War II veterans, 6833
listening to lecture & own vs provided notes & review, effect of working memory & verbal ability & prior knowledge on quality of lecture notes & summaries & lecture recall, college students, 25771
local & regional & individual & household variations in health perception, 15 yr olds & older, Quebec, 22104
longitudinal stability of genetic & environmental influences, individual differences in reading performance, adoptive vs nonadoptive children between age 7 to 12 yrs, 23731
method variance, measurement of work ethic & individual difference variables of locus of control & conscientiousness, undergraduates, 32611
modus operandi & presence of personality disorder, male prisoners incarcerated for spousal homicide, 34238
movement cues & individual differences, learning of discrimination & recognition of moving video images of conspecifics, pigeons, 33121
multidimensional confirmatory factor analysis & individual & organizational predictors of politics perceptions, 23–71 yr olds, 1150
nature of individual differences in physiological principles of infant temperament, twins (aged 7–12 mo), 33680
neighborhood deprivation & individual smoking status, adults, 14216
neonatal individual differences & behavior & initial maternal interactional style, infant developmental outcome, preterm infants & their mothers, 6–8 mo study, 33583
overconfidence & miscalibration & variations in overconfidence as function of difficulty & individual differences in accuracy of confidence, college students, 33925

Personal Appraisal Inventory development & factor analysis & quantification of individual differences in personal meaning of psychiatric disorder, 21–70 yr old patients with major depression, 35922
personality correlates of individual differences in mood variability, 16–70 yr olds, 7924
personality factors related to crime-related amnesia, criminal offenders, 11667
perspectives of & emotional–motivational relevance in dual-factor conceptualization of self vs other vs significant other differences , 1241
playground maze, novelty seeking & prediction of individual differences in response to amphetamine, rats in conditioned place preference paradigm, 20310
quality of early father- vs mother-daughter relationships & individual differences in timing of pubertal maturation, 4–5 yr old girls & their families, 8-yr prospective study, 26934
quality of threatening life events vs individual differences, variations in PTSD & other posttraumatic conditions & relation to DSM-IV model, 11458
regional & interindividual differences & parental support behaviors & family relocation, identity status & timing of early vocational preference, 10–13 yr olds in former East & West Germany, 23790
relation of successive percentiles of reaction time distributions to cognitive variables & age, adults, 7935
relationships between need for achievement & job involvement & tenure & negative affectivity & age & positive vs negative career-plateau coping, 22–65 yr old plateaued water-plant facility employees, 32379
reliability & validity & personality correlates in intraindividual variability of primary emotions, adults, 52 day study, 14303
reliability & validity of the Dispositional Envy Scale, self-report measure of the tendency to feel desire for another's advantages, undergraduates, 26121
right-wing authoritarianism & social dominance orientation as individual difference variables underlying prejudice, college students, 27411
role of individual difference factors in psychoneuroimmunology, humans & animals, 23464
role of individual differences & personality traits & abilities & interests, domain-specific vs general knowledge levels, 18–27 yr old college students, 30518
role of individual processes & age & sex differences in prosocial & moral development, adolescents, 14004
self discrepancy theory of effects of developmental shifts & socialization on & individual & sex differences in own vs other standpoints & internalization processes in self-regulation, 27385
sex & individual differences in empathy, variety & usage of transformation rules in predicting prototypic vs nonprototypic others' thoughts & feelings, 16–18 yr olds, 14015
sex & marital status & orientation, individual differences concerning beliefs about talk based on functional approach, 18–72 yr olds, 17667
structure & social contexts & individual variation in vocal communication, adult male vs adult female vs juvenile South American sea lions, 29719
taxonomy of conceptual models of adaptive vs nonadaptive individual differences, 17706
taxonomy of conceptual models of adaptive vs nonadaptive individual differences in attachment & reproductive strategies, commentary, 17708
taxonomy of conceptual models of adaptive vs nonadaptive individual differences in attachment & reproductive strategies, commentary reply, 17705
temperamental traits, ERPs & heart rate deceleration response & reaction time, 19–25 yr old females, 10511
thermal environment, consistency of individual differences in antipredator behavior, garter snakes, 13436
tone duration & task-irrelevant frequency deviants, individual-level auditory distraction assessed by EPs & attention-switching, 19–36 yr olds, 3508
validation of new Self-Apperception Test as measure of individual differences in implicit self-concept, college students, 19586
validity & effectiveness of anthropometry basis grouping technique, classification & identification of individual differences in hand-related parameters & body height & weight, college students, 36060
value diversity, personal satisfaction & perceived group creativity & perceived group effectiveness, undergraduates (mean age 26.9 yrs), 7816
variability of scores on Mini-Mental State Examination, measurement error & ability to track individual cognitive changes, patients with probable Alzheimer's disease, 1–6 yr followup, 31199
variation in student approaches to diagnosis & use of this information by teachers to foster educational practice in medical school, medical students & teachers, 22332
verbal feedback & repeated doses of alcohol, individual differences in performance on easy vs difficult psychomotor task, 19–28 yr old males, 33861
visual display unit positioning procedure, individual adjustment to comfortable position to display unit relative to eyes, directory-assistance operators, 16220
visual stimulation environments, idiosyncratic temporal & spatial characteristics of saccadic eye movements, 20–30 yr olds, 26316
within group differences, children with some degree of hearing loss, implications for service delivery, 15055

Individual Differences—Books

Everybody's different: Understanding and changing our reactions to disabilities, 24112
Human differences, 19547
Learning and individual differences: Process, trait, and content determinants, 10221

Self as social representation, 4797
Toward a critical social interactionism for counselors, 25044
Toward a relational individualism: The mediation of self through psychoanalysis (1986), 20971
Individualized Instruction—Serials
3-phase methodology for development of computer-generated tailored health education interventions, 18857
application & impact of computer-tailored nutrition education, 18850
direct instruction & environmental testing condition, performance & process characteristics of standing long jump, kindergartners vs 2nd graders, 10797
efficacy of self-instructional audiovisual child-care manuals, child care & safety skills, parents with intellectual disabilities, 6.5 mo study, 14860
efficacy of self-taught &/or group memory training, memory performance improvement, community dwelling 60 yr olds & older, 1016
evaluation of self-learning pictorial-parenting manuals for teaching basic child care skills, 19–39 yr old parents with intellectual disabilities–mental retardation, 24634
individualized mentoring interventions with students with academic or behavior problems, teachers in training, 16011
individualized teaching practices in rural classrooms, intellectual challenge & topics of interest & social & emotional satisfaction, rural & economically disadvantaged gifted 5th graders, 32310
self-directed learning activities of physicians in light of recent research, doctors (age range 30–60+ yrs), implication for medical education, 38698
structured materials for independent learning vs conventional teaching methods, 3rd-yr undergraduate medical students & tutors, 35393
working in pairs vs alone during learning &/or testing & effects of rehearsal, test performance & self confidence, male students, implications for school underachievement & misbehavior , 6206
Individualized Instruction—Chapters
Career-related continuous learning: Defining the construct and mapping the process, 29066
The Warrior Island game: Virtual combat in the economics classroom, 25749
Indonesia—Serials
methodological problems in adaptation of Health Behavior in School aged Children study, elementary & junior high & high school students, Indonesia, 17189
mother–child attachment & maternal support & caregiving characteristics, mother–child dyads, Indonesia, 14168
satisfaction with health care services, male vs female patients, Indonesia, 21641
Induced Abortion—Serials
abortion & war as representations of protest in American TV news, 10954
abortion attitudes & view of abortion as female issue, level of male involvement in abortion decisions, college students, 11059
attitudes toward abortion & support for political lobbying by religious organizations, Catholic parishioners, 1069
attitudes toward gender role & religion & abortion, Croatia vs Czech Republic vs Slovenia vs US, 1991–94, 27243
emotional responses to abortion or miscarriage or infertility, 47 yr old females, 30354
emotions & psychiatric signs & attitudes & satisfaction with decision regarding choice of abortion or relinquishment of custody of child, hospitalized female 19–61 yr olds, 27557
influences on reporting abortion, 14–21 yr old females, 9136
parental notice & consent laws, abortion & birth rates, 15–17 vs 18–19 yr olds, 35111
sexual activity & pregnancy & abortion & contraception & venereal diseases, Latino vs African American magazines, 36686
sociological factors in attitudes toward abortion, Catholics vs Protestants, 36926
sources & knowledge & practice of contraception, pregnant 13–19 yr olds seeking abortion, commentary, implications of pilot study of knowledge of chlamydia in 15–24 yr old females, 17526
stigma of abortion & psychological implications of concealment, 14–40 yr old females, 1 & 2 yr followup, 33983
work attitudes & satisfaction, clandestine abortion providers aged 29–50 yrs, Latin America, 22362
Induced Abortion—Chapters
The association between self-reports of abortion and breast cancer risk: Fact or artifact, 36109
Inductive Deductive Reasoning [See Also Inference]—Serials
age, operationalization of understanding of observation & prediction & hypothesis in everyday vs educational contexts, 6th–11th graders, application of Test of Hypothetico–Deductive Reasoning, 20488
attentional bias in correlation judgments, experimental replication & application of associative & causal induction models, 6873
cognitive style & belief bias in using prior knowledge, critical thinking skills, college students, 29594
convergent vs divergent cognitive processing, attitude change in relation to minority vs majority approval, undergraduates, 14264
counterfactual reasoning & pretence, 7.9–18 yr olds with autism, 34440
criterion variables & control groups used, effectiveness evaluation of Cognitive Training for Children program to increase inductive reasoning, 5–7 yr olds, 2853
deductive reasoning & inferences for factual or possible or counterfactual conditionals, college students, 32901

deontic perspective effects, bias in causal conditional deductive reasoning in relation to necessity & sufficiency in argument structure, college students, 32907
dual rationality in deductive reasoning & model based theory of deduction, commentary reply, 16601
dual rationality in deductive reasoning & model based theory of deduction, commentary, 16599
EEG complexity & performance while solving tasks of divergent & convergent thinking & during mental relaxation, 22–35 yr old males, 10520
effectiveness of positive vs negative hypothesis testing, inductive & deductive rule learning, college students, 10113
extensional reasoning in mental-model theory of naive probability, 10106
facilitation of deductive reasoning via cues & imagination, 2–4 yr olds, 36762
factual knowledge vs formal rule vs mental model theories of deductive reasoning & competence, 13288
Fuzzy Trace Theory & comparative quantity & task format & presentation method & reasoning strategy & construction & validity of rating scale of transitive reasoning, 2nd–4th grade children, 16315
individual & age differences in reasoning with causal conditionals, 1st–6th graders, 23771
inhibition of matching bias, deductive reasoning, adolescents & adults, commentary reply, 16587
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16657
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16665
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, 16661
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16638
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16633
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16634
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16628
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16660
knowledge level & premise uncertainty & number of favorable vs unfavorable arguments, probabilistic reasoning & evaluation of plausibility of conclusion, college students, 32909
mental models approach to construction of alternative representation of problems for syllogistic reasoning theories, college students, 16598
prior knowledge effect of belief bias on syllogistic reasoning, British vs Italian college students, 6844
probability heuristic model for syllogistic reasoning, college students, 16574
provides a theoretical & empirical account of the mental model psychological theory of deductive reasoning, reply, 16581
provides a theoretical & empirical account of the mental model psychological theory of deductive reasoning, commentary reply, 16588
provides a theoretical & empirical account of the mental model theory of deductive reasoning, commentary, 16580
syllogistic reasoning & test of mental model theory of deduction, college students, 36242

Inductive Deductive Reasoning [See Also Inference]—Chapters

Component-based knowledge spaces in problem solving and inductive reasoning, 32578

Industrial Accidents—Serials

application of indigenous psychology approach, perceptions of achievement & factors associated with industrial accidents & occupational safety, adults, Korea, 36941

Infancy [See Infants]

Infant Development [See Also Neonatal Development]—Serials

9–20 mo olds' prelinguistic vocalizations & visual cues, consistency of response behavior, mothers, 10775
ability to imitate novel actions modeled live vs on TV, 12 vs 15 vs 18 mo olds, 36732
ability to individuate objects based on shape & size & pattern & color, 4.5–11.5 mo olds, 36775
additive genetics & shared environment, temperament, 3–16 mo old twins, 23766
adverse obstetric experiences & functional–developmental trajectory during 1st 7 yrs of life, schizophrenic patients born between 1959–1965 , 34147
age & externally vs internally controlled sustained anticipatory visual attention, theta synchronization, 7–12 mo olds, 30184
age & local motion & sensitivity to global motion & speed, 18-wk study, 6- vs 12- vs 18-wk old infants, 33607
age of onset & frequency of physical aggression, 17 mo olds, 24470
antidepressant & antipsychotic & mood stabilizing & benzodiazepine drugs in mother's breast milk, infants, 18755
appetite & body weight & energy uptake, breast vs bottle-fed 2–6 wks vs 3–12 mo olds, 36704
applied force to contact surface & body sway in acquisition of upright position, pulling to stand & standing alone & walking & post-walking, infants (mean age 44.2 & 48.6 & 53.4 & 58.5 wks), 23679
arousal in en-face exchange, 4 mo olds with very low birth weight & higher vs lower perinatal biological risk, 7503
association of impaired uteroplacental circulation & neuromotor development, neonates with intrauterine growth restriction, 4–12 mo follow up, 18258
attention to object structure in manipulation & categorization tasks, 14 vs 18 vs 22 mo olds, 883
attention, smooth pursuit & saccadic visual tracking, 8 vs 14 vs 20 vs 26 wk olds, 20520
attentional priority & preference of novel context vs target information in visual stimuli, 6 mo olds , 23684
baby walker & visual motor experience, motor & mental development, 6–15 mo olds, 36766
biological & psychological primacy of positive experience of aloneness in infancy, implications for dyadic interaction & infant development & attachment, 17184
child negative expressivity, formation of Insecure-Disorganized/Disoriented attachment, 12 mo old maltreated vs nonmaltreated infants, 1 yr study, 37438
cognitive & language & daily living & motor skill developmental patterns, preterm vs fullterm infants with vs without acute vs chronic respiratory diseases of varying severity, 24 mo study , 28052
cognitive explanation for preferences for attractive faces, 6 mo olds, 20521
concept formation in perceptual development of infancy, 17258
conceptual categorization development assessed by object-examination task, 7–11 mo olds, 877
continuity & stability & models of concurrent & predictive correspondence in vocabulary & verbal responsiveness across play & mealtime contexts, infants at 13 & 20 mo old & their mothers, 7 mo study, 23681
coordination dynamics of abdomen & chest during infant breathing, full- vs pre-term babies at 38 wks postconceptual age , 24697
cyclic organization of attention during information processing, processing speed & recognition memory, 3 vs 6 mo olds, 23692
delayed nonmatching to sample for testing developmental comprehension of stimulus-reward relationship, 9–12 mo olds, 36742

demographic characteristics & caregiving periods & diurnal variations in active sleep & wakefulness, very-low-birth-weight preterm infants at 33 vs 35 wks old, 13892
developent of sleep & wake & temperature & melatonin & feeding circadian rhythms from birth to 6 mo old & influence of photic & non-photic factors on initiation of entrainment, male infant, 23659
development of breastfeeding behavior, preterm infants, 33587
development of creativity & ego–unconscious dialogue from bodily experience of infant during infant–mother interaction & effects of post-natal depression, 1376
development of expectations & reasoning about when objects should be occluded, 2.5 mo olds, 33606
development of play & language, infants, 10 mo study, 33584
development of visually guided locomotion, infants, 7370
developmental changes in biologically based child variables vagal tone & difficulties & maternal sensitivity & behavior during pain, pain behavior during immunization, 21.9–40.7 yr old mothers & their 6 or 18 mo old infants, 21491
developmental changes in recognition & memory specificity & priming latency & development of multiple memory systems & maintaining memories with reminders & infantile amnesia, infants, 26995
developmental plasticity in cerebral cortex & implications for abnormal cognitive development, human infants, 33620
developmental vs traditional handling, motor development & behavioral organization, very low birth weight infants (aged 28–36 wks), 37955
drug exposure during gestation, developmental functioning & health & caregiving needs & visits by biological parents & case dispositions, 0–15 mo olds in family foster care, 12449
Duchenne vs non-Duchenne smiles & association with emotional processes, 1–6 mo olds in face-to-face interactions with their mothers, 20589
early language development, infants with vs without early onset otitis media, longitudinal study, 8706
EEG alpha rhythm, darkness vs visual attention, 7.4–12.4 mo olds, 29861
emergence of cognitive ability to distinguish persons vs objects during first few months of life, infants studied at 4 & 10 wks old, 10764
emotional regulation after painful events during early development, 3–18 mo olds, 7321
feeding-based arousal, visual recognition memory, infants tested as newborns & at 1 & 4 mo old , 20498
foundation of speech perception & production in 1st yr of life, 30185
gazing & smiling in organized vs disorganized peekaboo game as measure of social-exchange timing & structure & protoconversational development, 2 vs 4 vs 6 mo olds, 23782
handedness & strategic planning in object grasping & use, 9 & 14 & 19 mo olds, 23710
increased list length, memory of serial order, 6 mo olds, 17255
individual & developmental differences in look duration, latency to disengage fixation from visual stimulus, 3- & 4-mo olds, 23695
individual differences in acoustic parameters of cries during pain vs hunger vs manipulation contexts, 1–4 day olds, 4420
infant & maternal characteristics & attachment & medical & environmental & biological factors, identification & treatment of risk factors in newborns & infants, 34753
infant affect & affect regulation & maternal vs paternal sensitivity in still-face paradigm, 4 mo olds & their parents, 903
infant development & experience in speech processing & speech perception & listening & vocal production & word recognition, infants during 1st yr of life, 13963
infant temperament & early home-based family intervention, later psychiatric symptoms, 14–15 yr olds, 15 yr study, 2228
length of time needed to reach full enteral or nipple feedings, medical complications & developmental outcomes, premature infants followed up from birth to 24 mo corrected age, 30129
M. McGraw's theory of brain in infant growth & development of function, 7442
manipulative play interactions, infants acquisition of cultural meanings, mothers & their 10–30 mos old children, 33668
maternal depression, infant temperament, mothers (aged 17–42 yrs) & children, 18 mo study, 27638
maternal employment & paternal parenting quality at infant age 4 & 12 mo, father–child dyads, 23905
maternal generation from Mexico, receptive & expressive communication, 22 mo olds from Mexican-American families who graduated from NICU, 10787
maturation of visual evoked potentials, preterm infants, 2 yr study, 13900
mental processing & motor abilities & neurodevelopmental outcomes, HIV Type 1-infected infants of non-drug-using mothers, 2-yr prospective study, 11833
mother–infant affect synchrony as antecedent of children's self-control at 2 yrs, infants & their mothers, 7505
neonatal individual differences & behavior & initial maternal interactional style, infant developmental outcome, preterm infants & their mothers, 6–8 mo study, 33583
nonmaternal child care & maternal sensitivity &child positive engagement during mother–child interaction, mothers & their infants, 3-yr study, 36818
novel & familiar situations, physical contact & visual references & exploration level, northern German (mean age 12.37 mo) vs US (mean age 12.18 mo) infants & their mothers , 20624
nursing care, development of sleep & wake behaviors, preterm infants (mean age 28 wks), 23647
participation in administration of infant assessment, mother–infant interaction & infant development, depressed 15–30 yr old mothers & neonates, 1 mo study, 8100
perceptual–conceptual distinction vs stable process-oriented approach to understanding development of categorization ability, infants & young children, commentary, 20507
perceptual–conceptual distinction vs stable process-oriented approach to understanding development of categorization ability, infants & young children, commentary reply , 20512
perceptual–conceptual distinction vs stable process-oriented approach to understanding development of categorization ability, infants & young children, 20506
performance on pulling support to retrieve distant object as measure of development of means–end behavior, 6 mo olds, 2 mo study, 20532
periodic nonverbal reactivation reminder vs reinstatement reminder, long-term maintenance of memory, 2 mo old infants, 7+ mo study, 33628
predictive validity of Alberta Infant Motor Scale vs Peabody Developmental Gross Motor Scale vs Movement Assessment of Infants, measurement of gross motor development, infants, 18 mo study, 4399
processing of causal & noncausal events in task involving moving video images, 3.5 mo olds, 30289
psychoanalytic theory of triadification & triangulation in parent child relations & early development from pregnancy to 1-yr old, parents & their 1st-born infants , 14017
recognition of father's voice, 4 mo olds, 26952
relationship of infant & child mortality & birth interval & order & maternal age & breast feeding, 15–49 yr old Malawi mothers, 13896
religion & knowledge of infant development & involvement with infants & psychosocial functioning, fathers, 33788
representation & extraction & generalization of abstract algebraic rules & development of neural networks, 7 mo olds, implications for language learning, commentary, 33631
representation & extraction & generalization of abstract algebraic rules, 7 mo olds, implications for language learning, 7423
representation & extraction & generalization of abstract algebraic rules, 7 mo olds, implications for language learning, 7414
sensitivity to perceptual cues to lexical & grammatical words, 1–3 day old newborns, 36765
sex & ear & quiet/asleep vs noisy activity state, transient otoacoustic emissions normative values, 2 mo olds during hearing screening, 33581
skin-to-skin holding, ratio of rest to activity, low birth weight infants, 30120
sleep patterns during 1st 2 postnatal days, mother-rated temperament at 8 mo, normal infants, 17361
social cognition & joint attention & communicative competence, 9–15 mo olds, 7382
spatial working memory in delayed-response variants of peek-a-boo procedure, 9 mo olds, 10794
spontaneous general movements before & after birth, infants examined between 38 & 40 wks gestation vs 2 & 4 wks postnatal age, 26937
stability in maternal responsiveness, infant expressivity & matching maternal responses, infants at 11 & 12 mo & 9 & 13 mo & their mothers, 23776
temperament & development & physical & social stimulations, 2 vs 4 vs 6 month old preterm vs fullterm infants, 10735
temperament & maternal interaction & disengagement vs engagement behavior, infants & their mothers, 10835
temperament at 24 mo & neurodevelopment & behavior, preterm vs full term children, 4407
time-sharing of attention to child-focused vs adult-focused events, 14–20 mo olds & their caregivers in Guatemalan Mayan vs European American families, 23759
tone CS & airpuff UCS classical delay eyeblink conditioning, 4–5 mo olds, 10777
unified account of A-not-B error in searching, 8–10 mo olds , 20524
visual ERPs during familiar vs unfamiliar face vs object processing, 6 mo olds, 23686
word–object pair recognition, 8–14 mo olds, 888

Infant Development [See Also Neonatal Development]—Books

A child's world: Infancy through adolescence (8th ed.), 30146
The early intervention dictionary: A multidisciplinary guide to terminology (2nd ed.), 26954
Early social cognition: Understanding others in the first months of life, 17193
How language comes to children: From birth to two years, 23737
Imitation in infancy, 17192
The primary triangle: A developmental systems view of mothers, fathers, and infants, 23797

Infant Development [See Also Neonatal Development]—Chapters

Baby in a box, 13923
Bernstein's legacy for motor development: How infants learn to reach, 4460
A biographical sketch of an infant, 13914
Brief psychotherapy with infants and their parents, 34836
The concept and foundations of infant intersubjectivity, 17228
The connectionist infant: Would Piaget turn in his grave?, 13917
Contributions of experimental and clinical perturbations of mother–infant communication to the understanding of infant intersubjectivity, 17891
Direct perception and representation in infancy, 17307
Environmental aspects of infant health and illness, 11828
The evolving nature of imitation as a format for communication, 18145
An examination of the imitation deficit in autism, 18146
Genesis and development of early infant mimesis to facial and vocal models, 17214
Having intentions, understanding intentions, and understanding communicative intentions, 17227
Imitation as activity: Developmental aspects, 17230
Importance or narcissistic cathexes in the earliest aspects of the object relationship, 33688
Infant intersubjectivity: Broadening the dialogue to include imitation, identity and intention, 17219
Influences on maternal attribution of infant intentionality, 17222
Intentional relations and triadic interactions, 17221
The intentionality of referring, 17198
Interactional and contextual determinants of attachment security, 20455
The intersubjective foundations of thought, 17211
Mental and bodily awareness in infancy: Consciousness of self-existence, 20639
The nature of individual differences in infant–caregiver attachment, 20480
Neonatal imitation and imitation among children with autism and Down's syndrome, 18143
Object relations theory and activity theory: A proposed link by way of the procedural sequence model, 7581
Obstacles to understanding: An ecological approach to infant problem solving, 17297
The ontogeny of human infant face recognition: Orogustatory, visual, and social influences, 17299
The origins of referential communication in human infancy, 7346
Persons and representation: Why infant imitation is important for theories of human development, 17220
Psychiatric assessment of infants and parent–child interaction, 1438
Recent advances and issues in the study of preverbal intelligence, 30201
Social cognition before the revolution, 17311
Social–cognitive development in the first year, 17223
Vitality contours: The temporal contour of feelings as a basic unit for constructing the infant's social experience, 17309
What infants' imitations communicate: With mothers, with fathers and with peers, 17229
A wider view of attachment and exploration: Stability and change during the years of immaturity, 20465

Infant Vocalization—Serials

analysis of cry vocalizations, newborns & infants with vs without hearing impairments, implications for early detection, 31365
canonical babbling, 10–12 mo old infants at risk for speech & language disorders, 31031
development of coarticulation, female child at 7–40 mo, 36770
event-based approach in nature of coordination of vocalizations & facial actions, 11 wk 6 day olds, 3 & 6 mo followups, 10802

individual differences in acoustic parameters of cries during pain vs hunger vs manipulation contexts, 1–4 day olds, 4420
infant development & experience in speech processing & speech perception & listening & vocal production & word recognition, infants during 1st yr of life, 13963
maternal generation from Mexico, receptive & expressive communication, 22 mo olds from Mexican-American families who graduated from NICU, 10787
prosody & pitch & amplitude & duration of disyllable vocalizations, full-term vs preterm 9 month olds with vs without history of respiratory problems, 10774
Infanticide—Serials
environmental stress, deep body temperature & activity levels, infanticidal female foxes, 20223
evolutionary stable strategy model of reproductive skew & indiscriminate infanticide, 10325
exposure of reproducing females to unfamiliar males, pregnancy disruptions & infanticide, gray-tailed voles, 13442
infanticide as cause of mortality & function as reproductive strategy, Guira Cuckoos, 33131
influence of culture in dynamics of infanticide, 30-yr-old Mexican American female, 17469
mate defense & predation & infanticide avoidance & risk, vigilance, adult male vs female langurs, 13474
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, 1718
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, commentary, 1742
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st year of life, commentary reply, 14693
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, commentary, 14712
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, commentary, 14711
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st year of life, commentary, 14687
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st year of life, commentary, 14670
maternal experience & social isolation & familiarity, infanticide, female capybara, 10337
perceptions of female infanticide, human females, India, 20779
psychological & legal issues & forensic evaluation & consultation in cases of pregnancy denial & neonaticide, adolescent females, 11662
Infantile Neurosis [See Childhood Neurosis]
Infantile Paralysis [See Poliomyelitis]
Infantile Psychosis [See Childhood Psychosis]
Infants [See Also Neonates]—Serials
experiences of fathers of infants hospitalized for severe congenital heart disease, 23–40 yr old men, 23903
Infants (Animal)—Serials
age & sex & birth weight of lambs & parity of dams, mutual recognition & behavioral response to separation, crossbred ewes & their lambs, 33094
analysis of social bond-testing vs nonadaptive vs learning-to-mother vs reciprocity vs harassment vs alliance formation hypotheses of infant handling, wild white-faced capuchin mothers with infants, 16836
behavioral responsiveness to sensory properties of ethanol, rats pups who nursed from an water-treated vs ethanol-intoxicated dam, 30042
bottle vs mother rearing, growth & suckling behavior, male &/vs female fallow deer fawns, 3625
characteristics & patterns of motoric & social behavioral development & mother–infant relationships, free-ranging & semi-provisioned bottlenose newborn dolphins, 29732
consistency & change in abusive behavior & parenting styles, rhesus macaque mothers & successive infants, 2 yr study, 10333
contexts & patterns & manual simulation for active maternal potentiation of isolated ultrasonic vocalization, rat pups, implications for model of neurobiology of early anxiety state, 10320
development & stability of temperament over time & individual differences in reactivity, male nursery-raised infant macaques vs baboons , 6987
early development of climbing skills, harvest mice, 26506
environment & incubation period & growth & adult mass & productivity & breeding chronology & crevice location, Crested Auklet chicks, Alaska, 33112
fostering by related adult pair, alloparental & infant behavior & infant weight growth rates, adult & abandoned twin infant black & white ruffed lemurs, 16824
IFEEL method using infant facial photographs, interpretation & understanding of newborn infant emotional states, Finnish vs Croatian vs American mothers, 33656
infant age & animal rank, infant handling, male vs female adult vs subadult bonnet macaques, 20028
lithium concentration in milk, aversion to nursing, calves, 10347
neonatal icv 192 IgG-saporin, neural development & hippocampal ingrowth & maze behavior at 21 vs 45 vs 90 days, male vs female rats, animal model of Rett syndrome, 20146
neonatal seizures, morphology & spatial learning & activity level & seizure susceptibility, rats, 7056
neonatal testosterone, male- & female-like copulatory behavior, female musk shrews, 6986
optical defocus in ocular growth & normal emmetropization process, infant monkeys, 16882
orientation direction in response to placement on inclined plane, 2 wk old rat pups, 26695
parental care & anogenital licking received by parents & exploration of novel stimuli, infant marmosets, 29726
postnatal emergence of osmotic dehydration anorexia & emergence of dehydration-induced inhibition of gastric emptying, 4–19 day old rat pups, 4025
rearing by foster mother of same vs opposite species, pup growth, Phodopus sungorus vs campbelli hamsters, 3766
repeated brief separations during early neonatal period, cocaine self-adminstration behavior as adults, infant rats, 10614
repeated call types & "babbling", infant pygmy marmosets, 3698
segregated early weaning, behavior & health & well-being, piglets, 23256
sibling rivalry & feeding space, Arabian Babblers, 33139
T-maze behavior & evaluation to fear & sociality, domestic chicks, 26508
unclipped vs partially clipped vs fully clipped needle teeth, facial injury & suckling performance & competition & body weight & suckling position & future weight gain & death, 3–14 day-old piglets, 33158
unilateral hippocampal lesion at birth vs in adulthood, contralateral long-term potentiation, adult vs newborn rats, 3934
Infarctions (Myocardial) [See Myocardial Infarctions]
Infections [See Infectious Disorders]
Infectious Disorders [See Also Bacterial Disorders, Parasitic Disorders, Venereal Diseases, Viral Disorders]—Serials
age & population interaction & plummage brightness & haematozoa infection, testis size, older vs younger finches, implications for sexual selection, 13461
central nervous system infection Lyme disease, 42 yr old female presenting with schizophrenialike disorder, 15013
clarithromycin-induced mania, 52-yr-old female treated for sinusitis, 2460
diagnostic tool for differentiation between stress & infection/inflammation related leukocytosis, 12–93 yr old emergency room patients, 31875
ethnographic study of settings & social contexts of shotgun inhalational drug use technique & sexual & other associated behaviors & risk of infectious disease transmission, drug users, 21335
etiology of & issues in infection-triggered pediatric autoimmune neuropsychiatric disorders associated with streptococcal infection, children & adolescents, 4842
genital tract infections & contraceptive choices, 14–44 yr old females with positive vs negative Papanicolaou smear results, 15449
infectious diseases, memory ability, 18–26 yr old males with flu-like syndrome with vs without fever, 19451
integrity of indigenous microflora of intestines after maternal separation & relation of psychological stress to pathogen infection, infant rhesus macaques , 33335
life events & infections & symptoms during year preceding disorder, patients (mean age 39.5 yrs) with chronic fatigue syndrome, 21492
penicillin prophylaxis, neuropsychiatric exacerbations, 5.2–15.9 yr olds with pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections, 25307
predictability of model of caregiver burden & infectious illnesses, caregivers of persons with schizophrenia or schizoaffective disorder, 31972
predictability of model of schizophrenia caregiver burden & infectious illnesses, caregivers of 21-58 yr old persons with schizophrenia or schizoaffective disorder, 31974
prevalence of psychiatric disorder & stress & psychological symptoms during acute phase of infectious mononucleosis, 16–47 yr olds, 2 & 6 mo followups, 14905
recurrences of children's ear & nose & throat infections in & development of questionnaire on quality of life, parents of children under 4 yrs, 3347
relationship between incidence of ulcers & urinary tract infections resulting in hospital stays & substance abuse, 13–65 yr old inpatients with spinal cord injury, 2669
subtypes & infectious triggers of & role of genotypic & environmental interactions in obsessive-compulsive disorder, 34215
Infectious Disorders [See Also Bacterial Disorders, Parasitic Disorders, Venereal Diseases, Viral Disorders]—Chapters
African health, 2450
Asian Pacific Islander health, 2454
Border health, 1435
Drug abuse and infectious disease, 14785
Infectious, inflammatory, and demyelinating disorders of the frontal lobes, 8034
Inference—Serials
acquisition & transfer of Control of Variables Strategy, ability to design & evaluate unconfounded experiments & make valid inferences, 7–10 yr olds, 36736
age & capacity to use trait labels in making inferences about mental states, kindergartners vs 2nd- vs 5th-graders vs adults, 23700
amount & subjective importance of missing information, inferences & decision making in personnel choice task, adults, 3550
analysis of grounded theory from predictionist & accommodationist views & issue of inference, 22808
argument construction from web-site information vs narrative or summary or explanation writing using textbook chapters, history comprehension measured by inference & analogy tasks, college students, 28950
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary reply, 19810
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary, 19823
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary, 19815
behavior extremity, correspondent inferences vs causal attribution in judgments, college students, 13273
bidirectional reasoning in decision making by constraint satisfaction, college students, 10103
cognitive approach to & inferencing in conversational analysis, 7309
complexity of source passage encoding & amount of information about analogy in target passage & number of source passages, memory & inference for target passage, 19–77 yr olds, 10085
consistency of visible & audible characteristics, justifiability of inferences of credibility & deception detection, adults, 1253
corrected misinformation in news-related story, anaphoric inferences during subsequent reading, college students, 230
decoy effects & attribute-level inferences in decision making, undergraduates, 36239
deductive reasoning & inferences for factual or possible or counterfactual conditionals, college students, 32901
depressive predictive certainty & causal certainty & depressive symptomatology, students, 6-wk prospective study, 17868
development of & problems with Intro Stats method in scientific vs statistical inference, 26258
developmental age & message abstractness–concreteness, inferences of likelihood of repeated behavior, 8–19 yr olds, implications for communication & transmission of stereotyped behavior, 10801
developmental patterns in social & physical transitive inferences using linear & nonlinear dimension problems, 6–11 yr olds, 20508
inferences about causes & consequences of performance-related behavior of leaders & subordinates, leaders & subordinates in semi-governmental organization, 16114
inferential processing vs lexical encoding of passive vs intransitive verb phrases within sentences, cognitive processing of implicit agency, adults, 29579
mental model theory of reasoning & prediction of cognitive illusions during inference in logical thinking, college students not trained in logic, 29570
model of cognition from perspective of Peircean semiotics & role of inference, 6845
modeling of paradoxical brain-lesion effects & rules of inference for brain structure & function, 29873
negative premises, response bias in conditional inference & logical thinking, college students, 32906
novel kanji compound words in isolation &/or in context, meaning interpretation, English-speaking students learning Japanese, 17157
particular vs general nature of knowledge that works in practice & problems with data based inference & effects of preconceptions & theory, implications for teacher effectiveness, 26398

persistence & exacerbation of significant-other-based inferences & confidence in representation-consistent memory of fictional person, undergraduates, 2–3 wk follow-up, 17604
phonological properties of English male vs female names, gender predictability & human & inanimate object name usage, 3.3–5.6 yr old children & adults, implications of connectionist model, 29542
positive & negative hypothesis & target testing in group-based sequential rule-discovery tasks for processes of inductive inference, college students, 1218
premise doubt & conversion & model number required strength & counterexample availability, suppression of inferences, native Spanish speaking adults, 17151
prevalence & predictive inferences & their persistence in memory during reading, college students, 23141
priming context of & stimulus onset asynchrony between context & target words, predictive inferences & processing time in reading, college students, 36211
probability & believability manipulations & prior knowledge of subject matter, inference in Wason selection task, college students, 32924
problem-solving performances in inferential reasoning mode in electronic circuit troubleshooting task, novices vs experts, 19796
randomization of initial network state, transitive inference learning in computational model of hippocampal CA3 region, 32513
reading time & regressive eye fixations while reading sentences with signals to cohesion, models of bridging inference for resolution of textual cohesion, college students, 16602
relational complexity of premises, ability to make transitive inferences, 4–6 yr olds, 7374
role of implicitly inferred information (mental models) from explicit stimulus information in explanation of conjunction effects & probability judgments, college students, 11146
schema-congruent implicit attributional bias in pragmatic inference task, college students with avoidant personality, test of cognitive theory of personality disorders, 24363
sentence context, inference of meaning of partially known words, college students, 16603
silent vs oral reading style & study vs entertainment reading purpose, inference generation & thinking aloud & reading comprehension of narrative vs expository text, 19–39 yr olds, 29584
simulated action, inferences of physical events, adults, 6867
taxonomic vs functional information before vs after premise statement, facilitation of category-based coordinate inferences, 5.3–6.5 yr olds vs college students, 4435
test of association of spontaneous trait inferences with actor vs action in priming recognition paradigm, college students, 13313
traditional vs relevance theories of sarcasm in normal & brain-injured populations, 31283
training program, inferential skills induced from verbal protocols during reading & thinking aloud tasks via causal network model, 10 & 11 yr olds, 12645
understanding & inference of veracity & speaker informedness, 3.6–6.5 yr olds, 10792
use of inferential processes & intuition, cognitive processes involved in hindsight or knew it all along effect, college students, 23115
use of laddering & downward arrow in inference chaining in rational emotive behavior therapy assessment, 31530

Inference—Chapters

Action analysis: A gateway to intentional inference, 17298
DeFreuding evolutionary psychology: Adaptation and human motivation, 36648
Eastern and Western perceptions of causality for social behavior: Lay theories about personalities and situations, 27344
Fundamental measurement for psychology, 9808
On narrative reading–writing relationships: How young writers construe the reader's need for inferences, 35452
Presence of mind, 36656
Revealing inference processes during text comprehension, 32943
Social understanding in chimpanzees: New evidence from a longitudinal approach, 16744
Spontaneous versus intentional inferences in impression formation, 17633

Inferior Colliculus—Serials

blocking of GABA type A-mediated inhibition, interaural time difference tuning of inferior colliculus units, normal vs prism reared owls, 20165
inferior colliculus lesions & auditory stimulus intensity & interstimulus interval, prepulse inhibition of acoustic startle, male hamsters, 3878
ipsilateral vs contralateral electrical auditory nerve stimulation, response of neurons in inferior colliculus, bilaterally vs unilaterally vs long-term deafened cats, 36460
microinjections of midazolam or muscimol or glutamate or GDEE or AP7 into inferior colliculus, vigilance & freezing & escape, male rats, 17083
midazolam vs naltrexone vs methysergide vs ketanserin into inferior colliculus, responses to aversive stimulation & stress-induced analgesia, male rats, 10550
noiseburst level & rate, response threshold & latency/intensity & amplitude/intensity function in compound action & inferior colliculus & auditory cortex potential, chinchillas, 26581
physiological response properties in combination-sensitive neurons in inferior colliculus as basis for delay tuning, mustached bats, 36450
virtual space stimuli, sound localization & cells in inferior colliculus & role of binaural interactions in auditory shaping receptive fields, cats, 29752

Inferiority (Emotional) [See Emotional Inferiority]

Infertility—Serials

changes in level of anxiety & depression & life satisfaction & self-blame, males with continuing infertility vs those whose partner became pregnant, 18-mo study, 18257
concerns of gamete donation recipients, implications for counseling, 5735
coping mechanisms & stress perception & motivation to have children, fertile vs sub-fertile males (mean age 35 yrs), 31056
coping with infertility, males vs females in heterosexual married couples, 34553
emotional responses to abortion or miscarriage or infertility, 47 yr old females, 30354
expectations of & satisfaction with & distress during fertility clinic medical consultation, sub-fertile males, 12326
mental disorders & associated sociodemographic factors, female patients with infertility, Nigeria, 11773
mothers' vs fathers' interactions with infants, couples with history of infertility vs adoptive couples, 30342
psychological state & perceived strain in relation to fertility problems during course of treatment, couples with primary infertility, 22 wk study, 5739
psychological variables which predict achievement of pregnancy or treatment persistence, 27–48 yr old married couples with primary infertility, 5780
psychosocial & work-related stress & reduced fertility, humans, 21463
representation of reproductive technology in narratives of infertility, infertile 28–74 yr old females, 31058
research needs in women's mental health in relation to infertility, 1409
sex & dynamics of involuntary childlessness, couples, 2 yr study, 31082

Infertility—Books

Couple therapy for infertility, 38132
Infertility & involuntary childlessness: Helping couples cope, 5526

Infertility—Chapters

Crisis of genealogy: Facing the challenges of infertility, 30329
Infertility: Clinical, treatment, and practice development issues, 14947
"The only Black woman walking the face of the earth who cannot have a baby": Two women's stories., 34578

Infirmaries [See Hospitals]

Inflection—Serials

frequency effects & representations for inflectional morphology in lexical access & access of whole words & competition between access modes, undergraduate students, 10695
inflection & 2 morphological levels of word affix attachment, lexica access & word recognition, college students, 29605
morphology & inflection of prime word, RT & activation & processing & lexical access of compound words, 20–40 yr old native Polish- vs Greek speakers, 29572
pitch pattern as reflecting application of clash resolution accentual patterns in restructured phonological phrases, native French-speaking college students, 26911
priming, morphological decomposition of German past participle & noun plural formation, college students, 36240
simple vs visual vs cross-modal priming & inflectional change during word derivation, RT & lexical access & decision of derived words, 19–24 yr olds, 29604
stem homographic vs allomorphic word priming & level of lexical processing, inhibition of target recognition & confusion of inflectional stems & representation & processing, native Spanish speakers, 23051
symbolic & representational processes & default inflection in pluralizing regular vs irregular vs novel masculine nouns, native Hebrew-speaking college students, 33541
word frequency & cognitive & representative processes in errors in regular vs irregular inflection of German participle formation, 22–63 yr olds with Broca's aphasia or agrammatism, 31300
word frequency & morphosyntactic transparency & inflection of real- vs pseudoword stimuli, plural & singular noun production, native Finnish-speaking 10-yr-olds with specific language impairment, 31030
word frequency thresholds & effects of inflected whole word vs stem-cluster morphological components in representation & storage, college students, 29559
word homophony & frequency & sentence structure, verb tense spelling errors, Dutch-speaking 18-yr-olds, 30105

Influence (Interpersonal) [See Interpersonal Influences]

Influences (Social) [See Social Influences]

Influenza—Serials

effectiveness of interventions to increase influenza immunization, high risk populations, 9055
exposure to influenza during second trimester of gestation, risk of development of schizophrenia, schizophrenic patients exposed to 1957 influenza epidemics during gestation, 27680
infectious diseases, memory ability, 18–26 yr old males with flu-like syndrome with vs without fever, 19451
interleukin & tumor necrosis factor alpha, feeding responses to lipopolysaccharide & influenza, male mice, 33356
mailed reminders, influenza immunizations, individuals aged 65+ yrs, 12375
maternal exposure to human influenza virus, expression of synaptosome-associated protein 25 kDa in septotemporal vs medial vs dorsal hippocampus, neonatal mice, 3840
perceptions of causes & symptoms & treatment of colds, Mexican Americans vs Puerto Ricans in US vs Latino communities in Guatemala vs Mexico vs middle-class Americans, 36932
predictors of influenza vaccine acceptance, healthy 17–67 yr olds, 38444
role of psychological stress & local proinflammatory cytokine production in expression & severity of illness, adults infected with influenza A virus, 14896
sleep deprivation vs constant exposure to light vs repeated restraint overnight, immune & inflammatory responses, influenza-infected C57BL/6J & Swiss-Webster mice, 4077

Influenza—Chapters

Seasonality, prenatal influenza exposure, and schizophrenia, 24318

Informants—Serials

creation & operation of feminist-oriented college campus advisors' network to promote safe environment for reporting of sexual harassment, complainants & complaint receivers, 35571
effects of whistle blower protection laws, government personnel, 12 yr study, 19430
ethical & moral responsibility & autonomy of whistleblowers, organizations, 35647
ethics components in curriculum, perceptions of & ethical responses to whistleblowing scenario, college accounting vs psychology majors, 6320
whistle blowing & management retaliation, personnel, 19432
willingness to & reasons for not reporting crimes & attitudes toward police, crime victims, Serbia, 16284

Informants—Chapters

The use of multiple informants in assessment of communication after traumatic brain injury, 37930

Information—Serials

accounts regarding individual concrete situations read as either news or fiction, judgments about society at large & causes of & solutions to societal problems, college students, 14279
accuracy or speed instruction, information reduction during skill acquisition, 17–41 yr olds, 26441
adaptation analysis & process model of information seeking & gathering & consumption, 35838
advertising with misleading visual information, color memory, undergraduates, 6897
ambient task complexity & nature of intrinsic attribute information, global product stereotypes & heuristic processing, college students, 39022
amount & subjective importance of missing information, inferences & decision making in personnel choice task, adults, 3550
annotated technology for on-line documents, students & professors & other professionals, 22756
attitudes toward preconsultation information on physician menopausal & premenopausal treatment practices, gynecologists & general practitioners, 2791
attribution to covariation information, adults with depression, 1515
concrete vs abstract news items with vs without addition of representative picture, recall of news items, college students, 6900
contextual effects & comparative vs noncomparative information formats, revision of evaluative judgments in omission-detection paradigm, college students, 29178

coordination in noncooperative 3-person games under simultaneous vs positional order vs rank order protocols, college students, 4730
coping & usefulness & source of information concerning disability, parents of children with physical & learning disabilities, 27483
corrected misinformation in news-related story, anaphoric inferences during subsequent reading, college students, 230
development & evaluation of graphical notation based on relational algebra for specification of information visualizations, 12949
effects of confrontation information about organ donation procedure & altruistic vs bereaved-persons protection vs other motivational messages on organ donation registration, adults, 23948
exposure to information on biological component of male homosexuality & memory & religiosity, attitude change, male vs female college students who had vs had not declared a college major, 19334
favorable & unfavorable target expectancies, social information processing, college students, 34005
food & predator information processing & migration, waterfleas, 3776
information & other factors in choice of health insurance, health care consumers, 22139
information & other factors in choice of health insurance, health care consumers, commentary, 22153
information about firm's product & ethical & unethical behaviors, consumer attitudes, college students, 25990
information available in graphic displays & task difficulty & working-memory load & organization of information, ability to keep track of rapidly changing information, college students, 29215
information in face-to-face vs teleconferencing vs electronic chat groups, volunteers recruited on campus, 7793
information requirements for use of automated diagnostic systems for prediction & mitigation of in-flight mechanical system emergencies, air crew personnel, 26006
information richness & applicability & accountability of Ss, overattribution bias regarding judgments made, college students, 11150
injury information intervention, knowledge of traumatic brain injury & awareness of deficits, 9–16 yr olds with traumatic brain injury, 12489
instance-based theory vs associative perspective, role of memory in cognitive skills & predictions of information & process, college students, 29655
integration of base-rate & cue-specific information, variability in choices over time, college students, test of ReCyCLe model, 19818
left vs right performing hand & fullness of visual information, spatiotemporal structure of graphic movements, adults, 3874
locally linear model of receptive field-based learning system for incremental function approximation, 3213
misleading information with vs without inoculation procedure about misleading postevent information in written vs videotape vs written & videotape form, memory of videotaped events, 18–50 yr olds, 13361
motivational & social comparison & informational factors, self-control in local vs global choice paradigm, 18–35 yr olds, 13370
negativity bias in evaluative categorization, college students, 229
P. Lang's theory of emotion in relation to his mentors & other theories & bio-informational perspective, 306
positive experience & recall of past acts of kindness, reduction of biased processing of self-relevant health-risk information, college students, 1 wk followup , 4793
presentation of information on association between violent behavior & schizophrenia, impressions of dangerousness of persons with schizophrenia & mental illness in general, college students, 30744
provision of & focusing on positive vs negative information, decisions about genetic testing for heart disease or breast cancer, 20–75 yr olds, 12292
public information about health & weight & dieting through governmental national health agenda, 35122
recall & understanding of information given at time of preterm vaginal vs caesarean delivery & symptoms of depression, 17–40 yr old mothers of at risk preterm babies requiring neonatal intensive care, 35077
recent exposure to information, memory of general knowledge estimation & recall, college students:, 10218
regulation of information about friends' identities to create desired impressions on audiences, adults, 14277
relation between misremembering & source judgments in misleading information & false memory paradigms, college students, application of Composite Holographic Associative Recall Model, 23130
response inhibition in stop task & effects of irrelevant information on adaptive behavior, 6–8 vs 10–12 yr olds vs adults, 23718
role of commitment & misleading information in eyewitness memory, university students, 291
role of communication & information & knowledge in use of contraception, 16–24 yr old females, 38465
role of technology in facilitation of codification & conversion & management of knowledge, organizations, 38936
stereotypes & negativity bias & discussion of unshared information in decision-making, groups vs individual college students, 7780
supportive vs unsupportive attributional style, impact of causal controllability information on helping behavior, college students (mean age 20.73 yrs), 23990
tailoring information to enhance quitting, smokers with low intention to quit, 2687
taxonomy of responses to anomalous scientific data, college students, implications for science education, 6142
text-provided elaboration & prior knowledge, text comprehension & memory, adults, 280
type of information, perceptions of stimulant medication efficacy for children with Attention-Deficit Hyperactivity Disorder, 18–24 yr olds, 38213
utility of partial information in lateralized response preparation, 20–28 yr olds, 20206
visual information & postural coordination, adults (aged 25–45 yrs), 19787
written information of children's &/or adolescents' mental health service delivery, parents, 31907

Information—Chapters

Common Pool Resource (CPR) dilemmas with incomplete information, 7837
Costly information: Firm transformation, exit, or persistent failure, 29164
Distinguishing between textbase and situation model in the processing of inconsistent information: Elaboration versus tagging, 6890
Ensuring social justice for the new underclass: Community interventions to meet the needs of the new poor, 4570
Information from the world around us, 143
Institutional networks and informal strategies for improving work entry for youths, 16046
Modifying mental representations: Comprehending corrections, 6884

Information (Messages) [See Messages]

Information Exchange—Serials

communication networks, diffusion of information & innovations & attitudes toward & adoption of innovations in organizations, employees, 32382
design & site content & use of the Missouri Developmental Disability Resource Center Web site, 24580
discourse & cross-workplace information movement in technology mediated collaborative problem solving, implications for human–computer interaction, 3183
effects of invalid & valid messages delivered by same vs different sources on discounting of invalid & use of valid information, college students, 27332
factors affecting & interest in participation in dialogue program for exchanging perspectives about mental illness & mental heath care, consumer & family member & service provider stakeholders, 35167
guide to assist health education researchers match manuscript submissions to most appropriate journals, 22308
interaction & joint decision making with accounting information, accountants & retail managers, implications for cooperative goals & constructive controversy in problem solving, 4737
interviewer sex, reports of prevalence & severity of physical & psychological & menopausal symptoms following breast cancer diagnosis, 36–83 yr old females, 35417
leader directive style & decision favored by shared vs hidden information, group discussion content & group & individual decisions & perceived leader competence, college students, 27277
Leader Member Exchange Theory, leader member exchange processes between coaches & starting vs nonstarting athletes, 13–17 yr old female basketball players & coaches at summer camp, 9653
listening to monolog vs dialog, extraction of information from overhearing others' talking, college students, 17568
multiple authorship & contacts & bonds & bonding number in scientific disciplines, 5997
new social practices & scientific texts as dynamics of scientific knowledge & application to autism research, 36737
perceptions of computerized information technology, government health personnel, 3207
political information acquisition from presidential debates, data collected from the American National Election Studies 1976–96, 14181
positive evaluation in group preference for shared vs unshared information, dyads , 37081
proportion of patients receiving general medical care & level of communication with medical care provider, psychiatrists in individual vs group practices, 22366
statistical methods for defining user groups & organizing information in computerized public access systems, college students & administrative staff & teachers , 35747
theory of multifirm & alliance-based & interorganizational communication & information systems production, 6330
trust & distrust & uncertainty & risk perceptions, use of new information technologies & control of information flow, work groups in American corporations, 39000
trust expectations & climate & information sharing in effectiveness & efficiency during negotiation outcomes, 22–54 yr old managers, 22802
university–community partnership projects for disseminating research on children & youth & families, 38661
weak interunit ties & sharing knowledge across organizational subunits, new product development, research & development & project managers, 19427

Information Exchange—Books

Emerging information technologies: Improving decisions, cooperation, and infrastructure, 32460

Information Exchange—Chapters

Disseminating contingency management research to drug abuse treatment practitioners, 18580
Meaning-based exchanges and the organization: Implications for business ethics, 32398
Shared information and information-sharing: Understanding negotiation as collective construal, 35676

Information Processes (Human) [See Cognitive Processes]

Information Processing (Automated) [See Automated Information Processing]

Information Processing Speed [See Cognitive Processing Speed]

Information Retrieval (Automated) [See Automated Information Retrieval]

Information Seeking—Serials

adaptation analysis & process model of information seeking & gathering & consumption, 35838
alternative- vs dimensionwise information presentation, strategies & adaptive decision making & accuracy, college students, 10140
avoidance of serostatus information as coping strategy, psychological well-being & AIDS-related worries & concerns, gay males, 6 mo to 5.5 yr follow-up, 28069
cardiovascular disease prevention TV & print media campaign, health information seeking & interpersonal communication & effects on health knowledge & orientation, community residents, 3 yr study, 26927
career exploration & decision making self efficacy, 11th & 12th graders from urban vs suburban high schools, 35521
controllability & predictability & information-seeking style, interest in seeking predictive-genetic testing, 23–60 yr old professionals working in educational system, 35149
cultural & identificational & structural assimilation, prepurchase information search tendencies prior to the purchase of formal clothing, Chinese Americans, 16200
differentiated concept of ability & age, information seeking & achievement motivation & interest & performance, 4th vs 8th graders & 5th–6th graders , 9469
experiences of uncertainty & information seeking & learning during organizational encounters, racial/ethnic minority vs majority new hires, 29141
finding information on World Wide Web, older (mean age 70.6 yrs) vs younger (mean age 21.8 yrs) adults, 13882
frequency of reliance on TV vs cable TV vs radio vs newspaper in obtaining information & news during crisis period of Hurricane Danny, community residents, 7319
mentor characteristics & perceptions & characteristics of the relationship related to mentors' seeking information from their proteges, mentors & their proteges in organizations, 16035
number of alternative selections, information search & consumer contingent decision behavior, college students, 9674
ontology-based approach to knowledge management & acquisition, business, 35649
preferences for & information acquisition from over the counter medicine labels, 69–90 yr olds, 10923
preferences for different types of information about cancer, patients, 31159
prevalence of self-care health resources utilization, urban vs rural households, 18919
prior category knowledge & waiting time search costs, computer searching, high vs low knowledge female consumers, 32427
rest & activity & medication & psychological & other treatment advice given on internet & information seeking by parents for management of chronic fatigue syndrome, children, 31084
sources & knowledge & practice of contraception, pregnant 13–19 yr olds seeking abortion, commentary, implications of pilot study of knowledge of chlamydia in 15–24 yr old females, 17526

traffic signs, speed of navigation on World Wide Web, IBM summer interns & staff, 22753
Information Seeking—Chapters
Assessing models of information literacy, 23739
Information Services—Serials
design & feasibility of outcall program to promote mammography, low income & minority women (aged 50 yrs & older), 2496
effectiveness of radio & TV campaign to increase smoking cessation information calls, African Americans, 829
effectiveness of telephone mammography program, lower income & minority females (aged 50 yrs & older), 6 mo & 2 yr followups, 2495
internet as psychological research tool, 32761
Internet resources & World Wide Web addresses for neuropsychology, 5996
prevalence of self-care health resources utilization, urban vs rural households, 18919
understanding of needs of mainstreamed hard of hearing students & information source preferences, elementary–high school teachers, 22399
World Wide Web resources for working with children & adolescents with disabilities, school counselors, 3006
Information Storage (Human) [See Human Information Storage]
Information Systems—Serials
applicability & utility of computerized Drug Evaluation Network System for intake interviews & tracking data & trends, substance abuse treatment programs, adults, US, 38598
application & validation of data fusion for merging separate surveys, implications for marketing, 3370
Bayesian decision theory & sequential rules for instructional decision making for use in Intelligent Tutoring Systems, medical students, 19489
components of computerized personnel management information systems for automated information processing & decision support functions, 29081
differences in knowledge representation & interface structure of information system, 18–25 yr old Chinese vs American users, implications for design of computer interfaces, 19462
distinction of work vs enabling actions in human computer interaction & methodological importance of application to complex systems such as geographic information systems, 6421
Functional Analysis of Care Environments Recording & Measurement System approach to person-based information for outcomes & resource management in mental health care, 31871
guidelines on user-interface design for self service & public information kiosk systems , 19465
human error & information systems failure in case of London ambulance service computer aided despatch system, 35777
impact of human resources management & human factors on information technology assimilation & success, Asia , 12937
implementation of outcomes management model of treatment using Functional Analysis of Care Environments Recording & Measurement Systems at Menninger Clinic, 31880
information management policies with regard to fairness & privacy perceptions, employee reactions to human resource information systems, employed persons enrolled in MBA program, 25902
iterative learning control using an information database, 32476
J. L. Holland's RIASEC model & occupational information systems, 32342
modular or contextual knowledge representation analysis & integrated instructional design theory & methodology for information analysis & goals for automated instructional systems, 19484
natural language processing in electronic medical records systems, 31877
ontology-based approach to knowledge management & acquisition, business, 35649
organizational learning & experience documentation in industrial software projects, 35658
perceptions & use of instructional materials placed on the World Wide Web as classroom supplement, college economics students, 6228
psychological & semiotic perspective on management & information sciences, 6516
statistical methods for defining user groups & organizing information in computerized public access systems, college students & administrative staff & teachers , 35747
system performance & driver opinion of in-vehicle advanced traveler information systems vs written instructions, 19–80 yr olds, 29229
theory of multifirm & alliance-based & interorganizational communication & information systems production, 6330
use of financial information system & expert vs novice performance on system subsets & potential for system design, financial dealers, 6426
use of Geographical Information System to determine potential access & allocation of public mental health resources in KwaZulu-Natal, South Africa , 9094
use of hypertext information systems during architectural-design problem solving, 3rd–5th yr architecture students, 29544
use of Internet in research project on human mate preferences, male experimental psychology students, 32226
usefulness & feasibility of & patient satisfaction with Internet patient education system, 8–56 yr olds, 12361
utility of World Wide Web as psychology data-collection method, on-line questionnaire respondents, 13158
virtual corporate library, community building & knowledge sharing & collaboration, 35664
Information Systems—Books
Emerging information technologies: Improving decisions, cooperation, and infrastructure, 32460
The insider's guide to mental health resources online (1999 ed.), 10724
Information Systems—Chapters
Activity theory, transformation of work, and information systems design, 12778
The art of community design: Stimulating shared neighborhood visions, 29220
Client/server system success: Exploring the human side, 32462
The emergence of hypertext and problem solving: An experimental investigation of accessing and using information from linear versus nonlinear systems, 32464
An empirical investigation into factors relating to the adoption of executive information systems: An analysis of EIS for collaboration and decision support, 32463
Evaluation and treatment of Internet addiction, 14434
Film imagery: A visual resource for clarifying content and developing academic writing skill., 38829
Group support systems, power, and influence in an organization: A field study, 32465
Information management in behavioral healthcare, 38667
Knowledge work productivity: Features and functions of information technologies, 32461
An oscillatory associative memory analogue architecture, 39056
The theory of activity changed by information technology, 9799
Information Theory—Serials
adaptation analysis & process model of information seeking & gathering & consumption, 35838
application of information theory statistics to analysis of internal information structure & development of vocalized communication system, infant & adult bottlenose dolphins, 13460
information theory & equations of dipole information in discrete two-dimensional patterns, 32735
learning paradigm for networks of integrate-and-fire spiking neurons based on information-theoretic criterion, 26025
Informed Consent—Serials
assessment of factors influencing comprehension of legal documents, adults, 16267
attitudes toward & experiences with biomedical research & informed consent, medical outpatients, 6086
attitudes toward informed consent & confidentiality & substitute treatment decision making based on Western culture ethical principles, biomedical science students, Zimbabwe, 35423
cognitive status & need for surrogate consent through durable power of attorney for involvement in clinical research, Alzheimer's disease inpatients (mean age 69.3 yrs), 21545
cognitive status & need for surrogate consent through durable power of attorney for involvement in clinical research, Alzheimer's disease inpatients (mean age 69.3 yrs), 21552
competence to consent to research & subsequent performance, females with major depression, 34089
competency to consent to psychiatric hospitalization, 20–89 yr olds with psychosis, 16278
consent & unit & national costs of implementing Bournewood Judgement regarding dementia patients admitted to psychiatric wards, England, 25502
documentation of & attitudes toward informed consent for administration of antipsychotic medication, psychiatrists, Canada, 9363
epistemic & ethical responsibilities in clinical decisions regarding treatment goal selection & measurement & treatment procedures & importance of informed consent process, psychologists, 25686
ethical dilemma when learning to perform medical procedures on nonconsenting patients, medical students, 15725
ethical issues concerning experimental use of psychiatric patient Ss incapable of giving informed consent, implications for mental health policy & improving safeguards & reducing risks, reply, 2799
ethical issues concerning experimental use of psychiatric patient Ss incapable of giving informed consent, implications for mental health policy & improving safeguards & reducing risks, commentary, 2792
ethical issues concerning experimental use of psychiatric patient Ss incapable of giving informed consent, implications for mental health policy & improving safeguards & reducing risks, commentary, 2793
ethical issues in informed consent with substance abusers who participate in research, drug abuse researchers, 14744
ethics of competency & informed consent & prior competent choice vs best interests approaches to treatment decision making, patients with dementia, comment & reply, 15024
images of competency to give informed consent, medical students vs law students vs mental health professionals vs lawyers, Japan, 16276
impact of Home Office circular extension of Criminal Evidence (Amendment) Act 1977 to take DNA samples without consent & ethical dilemmas for clinical staff, mentally disordered offenders, England, 3242
informed consent & other ethical issues & elements of conducting successful research in American Indian communities, 6728
informed consent for research, human subjects with dementia, 2002
judgments of psychiatric patients' competency to give informed consent to ECT, mental health professionals vs lawyers vs medical vs law students, Japan , 19510
legislative changes that give access to psychiatric patient records, implications for informed consent & confidentiality in psychiatric treatment, 9373
obtaining informed consent for major medical treatment via statutory Surrogate Decision-Making Committee program, mentally incompetent patients in New York state, US, 1986–96 , 19515
outcomes & experiences of treatment, consenting vs nonconsenting depressed patients who received ECT, 12267
patient beliefs & motivational factors in informed consent & compliance, patients who choose vs choose not to participate in clinical trials , 2486
problems with interpretation & application of informed consent standard & recommendation for local research ethics board to provide general provisional proxy consent to research, 32159
psychiatric & legal processes to determine capacity to give informed consent, 38 yr old noncompliant male patient with diabetes & tuberculosis , 6079
refusal to consent to Caesarean section in case of Re MB, 23 yr old woman with needle phobia, implications for right to refuse to consent to medical treatment , 3233
repeated reading of & answering questions about research protocol, comprehension & informed consent, adults (mean age 46.5 yrs) with schizophrenia in randomized clinical trials, 2409
strategic approaches in improvement of quality & effectiveness & readability on documents for informed consent & rights, patients, 16275
surrogate decision-making about research participation & other barriers to informed consent in dementia research, 63–99 yr olds with advanced dementia, comment & reply, 13162
use of active & passive parental consent procedures in research, 15810
Informed Consent—Books
Negotiating consent in psychotherapy, 18542
Informed Consent—Chapters
Adolescents and medical decision making: Observations of a medical anthropologist, 31408
Case five: Consent and an informal guardian, 31813
Case nine: Consent by antisocial adolescents: Defining the "least bad" option, 31725
Case One: Consent and the limits of staff as "family", 31402
Case seven: An adolescent's decisions about reproduction and HIV transmission, 31811
Case three: An adolescent's contested wish for a kidney transplant, 32161
The challenge of communicating health information to elderly patients: A view from geriatric medicine, 22028
Food refusal, forced feeding and the law of England and Wales, 19143
Frontal lobe dysfunction and patient decision making about treatment and participation in research, 8689
"It's cool . . . 'cos you can't give us detentions and things, can you?!": Reflections on research with children, 20475
Neurocognitive changes associated with loss of capacity to consent to medical treatment in patients with Alzheimer's disease, 21621

Suicide-prevention contracts: Advantages, disadvantages, and an alternative approach, 8319
Using an informed consent brochure to help establish a solid therapeutic relationship, 38153
Valid consent to treatment and the unsupervised adolescent, 31398
Ingratiation [See Impression Management]
Ingroup Outgroup—Serials
affective reactions induced by positive vs negative criticism from out-group, preferences for combinations of in-group/out-group discussion partners, college students , 7789
age, intergroup attribution bias for positive & negative behaviors of liked vs disliked peers, 4–12 yr olds, 36803
applications of H. Blumer's group position theory to study of contemporary race prejudice, 33744
attributions of male & female traits of ingroup & outgroup members, male vs female college students, 20780
category constructions & recall & impact of images from Persian Gulf War, pro- vs anti-war college students, 7904
characteristics of applicant & policy & group membership, attitudes toward fairness of affirmative action, college students, 4748
charity worker ingroup vs outgroup vs neutral social identity, charitable behavior & amount & mood before vs after sporting event, fans of winning vs losing teams, 20867
clinical psychologist vs psychologist identity of scandal target & relevance vs nonrelevance to professional identity of S, opinion of scandal effects on self & public opinion, social psychologists, 15794
cognitive mechanisms in personal/group discrimination discrepancy perceptions, adult females, 37164
collective self-esteem, attributions & alternative strategies in ingroup bias, college students, 14235
common social category membership & in-group stereotypes, adults, 23989
competitive vs neutral intergroup relations & level of intragroup interaction, perceived ingroup entitativity & relation to intergroup bias, college students, 7791
cooperative vs competitive group tasks & ingroup vs outgroup composition, conflict styles & self-construals in work group settings, college students, 36944
development of national prejudice & in-group favoritism & self-stereotyping, White 6–16 yr olds, England, 17372
differences & development in in-group favoritism & nationality stereotypes, 15–18 yr olds, Russia vs Bulgaria vs Hungary vs Poland vs Belarus vs Czech Republic, 17366
electronically mediated negotiation relationships, members of outgroup vs ingroup, 10690
ethnic identity & preferences & ingroup favoritism, 5–6 yr old Maori children attending state school with vs without bilingual unit, New Zealand, 6229
ethnicity of witness & perpetrator, intergroup bias in identification of violent crime perpetrator & attitudes, nonimmigrant vs immigrant Swedish adults, 7805
ethnocentrism & low vs high ingroup identification, discrimination, college students, 7813
exposure to dissimilar exemplars of ingroup vs outgroup subtypes, perceptions & context sensitivity of sex subtypes, college students, 14193
extended contact with foreign students through peer modelling, tolerance for outgroup members, 13–15 yr old Finnish students, 27061
facilitated vs inhibited RTs as measures of mental representations of self vs in- vs out-groups vs relationship partners, college students, 23995
feedback in self-appraisals on ingroup vs outgroup performance, personal values, college students, 11130
group membership & good vs poor quality performance & performance condition, black sheep effect in evaluations of ingroup vs outgroup speaker performance, 12–13 yr old males, 20557
group membership & task uncertainty & importance, ingroup identification & desire for consensual validation & social awareness, 17–49 yr olds, 27298
high- vs low-status ethnic groups, social dominance & social identity, White–Latino relations in the US & Ashkenazim–Mizrachim & Jewish–Arab relations in Israel, 17575
impression-management goals, contents of group stereotypes, college students, implications for social-evolutionary model, 23994
individual performance vs in-group's performance & individual-primacy vs collective-primacy orientation, ingroup favoritism, college students, China vs US, 7788
ingroup identification & relative deprivation in comparison to ingroup members & other minorities & Whites, Latino & African American respondents, 27303
instructional context of illusory correlation task, perceived covariation between & relative contribution of group membership & desirability of behavior, college students , 23966
interactive effects of social dominance orientation & perceived justice & group status, undergraduate students, 17579
intergroup interaction & common fate, intergroup bias & cooperation, college students, 11118
Leader Member Exchange Theory, leader member exchange processes between coaches & starting vs nonstarting athletes, 13–17 yr old female basketball players & coaches at summer camp, 9653
legal & clinical issues in & biopsychological roots of posttraumatic-induced polarization of perception of others as friends or allies, 23983
multicultural education & ethnicity & minority vs majority group size, social identity & relationship between self concept & ingroup bias, Dutch vs Turkish 10–13 yr olds, 14016
numerical representation of minority vs majority & cross-cut role assignment, salience of intergroup boundaries & cooperative interaction, college students, 7787
observer group membership, observer derogation of ingroup members, male vs female observers, 7801
perception of intergroup context & ingroup attraction & interdependency & depersonalization, conceptualizations of social identity, college students, 7799
personal values & responsibility & ingroup/outgroup relations & like/dislike relations, concept of deservingness, 27284
personal vs collective self esteem, comparison with ingroup vs outgroup solutions to brainstorming task, college students, 7852
positive mood, impression formation about ingroup & outgroup members, 19–39 yr olds, 7840
prevalence of spontaneous social comparisons in ingroup descriptions involving national identity threat & other factors in choice of outgroup comparator, 19–25 yr old raters of other countries, EC, 11085
prototypicality of particular outgroup members during cooperative intergroup contact, generalization of positive attitudes toward outgroup as whole, college students, 27274
relationship between economic well-being & attitudes toward Hispanic & West Indian immigrants, Black adults vs Whites, 37122
religious faith, degree of religiousness & perceived similarities with outgroup & intention of intergroup participation & ingroup bias, Mexican adolescent & adult church attenders, 7640
role of affective state & behavioral intent in shaping outgroup social stereotypes, college students, 27313
self categorization & social identity theory in role of categorization & in-group norms in judgments of groups & group members, 15–22 yr olds , 1229
self-categorization & emotional reactions to ethnic minorities & ingroup stereotypes, 16–18 yr old ethnic Dutch secondary school students, 27082
self-stereotyping self concept & high vs low ethnic identification level, ingroup bias, 18–44 yr old Iranians living in The Netherlands, 14257
sex & level of collective self-esteem, motivation to engage in ingroup distorting evaluations, male vs female college students, 30454
single vs repeated in-group majority vs minority message & intergroup vs intragroup context, immediate & delayed influence & conversion to minority, 19–53 yr old moderate vs extreme feminist females, 27320
social comparison & ingroup identification & social structure, individual vs collective impression management & social perception, 17–87 yr old separatists vs assimilators, East Germany, 14247
social distance & acceptability of contact with out-groups in classmate/co-worker & next-door neighbor & intimate contact domains, Black vs White college students, 30456
social self categorization, school integration & ethnic identity & ingroup formation & group preferences, 9–15 yr old Iranian students in Australia, test of social identity theory, 17377
social-identity approach to influence of media on public opinion, 33571
social-psychological perspective on social identity & in-group-outgroup & prejudice in relation to AIDS-related stigma & need for public attitude change, 18302
stereotypes & intergroup attributions of the German group in a multi-ethnic Italian province of South Tyrol, male members of the Italian group, 27140
strategies to cope with negative in-group status, 17–87 yr olds, test of social identity vs relative deprivation theory, 11160
strength of positive vs negative stereotypes of other sororities, sorority members, 17573
subjective uncertainty & intergroup discrimination in the minimal group situation, students, 27287
terror management theory & mortality salience & stereotypic thinking about & preferences for stereotype-consistent vs -inconsistent outgroup member, college students , 37118
voluntary vs assigned membership structure & ingroup outgroup sizes, self concept & commitment & self esteem aspects of social identity, 18–59 yr olds, 14242
Ingroup Outgroup—Chapters
Across cultural divides: The value of a superordinate identity, 27342
The development of commitment to marriage: A phenomenological approach, 36968
Group distinctiveness and intergroup discrimination, 30473
Group membership, social identity, and attitudes, 11098
Implicit self-esteem, 9857
Independence from whom? Interdependence with whom? Cultural perspectives on ingroups versus outgroups, 27343
Mentoring at the margin, 15856
Peering into the jaws of the beast: The integrative dynamics of social identity, symbolic racism, and social dominance, 27114
Inhalant Abuse—Serials
definition & consequences of inhalant abuse & strategies for prevention & intervention among children & adolescents, implications for mental health professionals, 1757
inhalant abuse & other substance of abuse, 12–19 yr olds incarcerated in juvenile detention facility, 21356
inhalant use & delinquent or criminal behavior, 7th–12th grade inhalant vs other drug experimenters vs inhalant users vs other drug users, 30826
neurological & cognitive ability, 13–35 yr old males with chronic petrol sniffing, 1794
prevalence & predictors of inhalant use, urban American Indian youth originally assessed at 5th–6th grade, 7 yr study, 11620
reputations & self-concepts & coping strategies, high school students with current vs former volatile-solvent use vs nonuse, 1779
risperidone, 25 yr old male with inhalant-induced psychosis & dependence, 38617
seroprevalence of HIV & hepatitis C virus & intravenous drug usage & unsafe sexual behaviors & self-mutilation & tattoos, methamphetamine- vs solvent- vs alcohol-dependent patients, Japan, 27888
Inhalant Abuse—Chapters
Behavioral pharmacology of inhalants, 784
Hallucinogens, phencyclidine, marijuana, inhalants, 5122
Other drugs of abuse: Inhalants, designer drugs, and steroids, 34394
Pharmacology of inhalants, 779
Psychological and psychiatric consequences of inhalants, 1814
Inhibited Sexual Desire—Serials
interaction during psychoanalytic psychotherapy, sexually inhibited female with symptoms of anxiety & panic & her therapist, 18515
Inhibition (Personality)—Serials
application of behavioral inhibition system of anxiety & sensitivity to punishment &/vs reward during counterconditioning choice task, 18–25 yr old females, 33954
behavioral inhibition to unfamiliar & early childhood temperament characteristics, 4–6 yr olds from families at high vs low risk for developing alcohol dependence, 18052
cognitive restriction & disinhibition, obese individuals with binge eating disorders & individuals with bulimia, 34493
differences in sexual strategies & inhibitory abilities as predicted by parental investment theory, females vs males, 27198
inhibited & disinhibited temperament & autonomic stress reactivity, middle aged men, 36509
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary reply, 1345
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1351
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, 1344
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1349
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1315
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1314
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1360
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1361
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1357

integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1320
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1356
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary , 1339
integration of internal cues & conflict in behavioral & motivational inhibition, negative cognitive & affective & behavioral consequences, commentary, 1342
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28911
interference & inhibition in cognition & behavior, implications for educational psychology, 19211
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28912
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28903
interference & inhibition in cognition & behavior, implications for educational psychology, commentary reply, 28904
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28909
personality traits with substantial loadings on P-ImpUSS dimension & latent inhibition during rule learning task, 18–44 yr old females, 33971
reliability of Inhibition Scale & Security Seeking Scale, teachers' assessment of students' inhibition & security-seeking behaviors, kindergarteners, 27057
secrecy & negative affectivity & unhealthy stress-related behaviors, physical health & subjective well-being, 15–75 yr olds, application of inhibition theory, 24013
security of attachment, behavioral inhibition & heart rate & respiratory sinus arrhythmia, 4.5 yr olds, 26949
self-reported behavioral inhibition, psychopathological symptoms of anxiety & worry & depression, 12–14 yr olds, 21042
social anxiety as outcome of inhibited temperament, 13 yr olds who had been inhibited vs uninhibited in 2nd year of life, 30788
social avoidance & fearfulness components of behavioral inhibition as risk factors for subsequent social phobia & depression, high school students, 4 yr study, 8180
underestimates & truly false consensus effects, perception of others' embarrassment & emotions & subsequent inhibited behavior, male vs female college students, 37117

Inhibition (Personality)—Chapters

Biological basis of childhood shyness, 14069

Inhibition (Proactive) [See Proactive Inhibition]

Inhibition (Retroactive) [See Retroactive Inhibition]

Initiative—Serials

power, impressions formed by unilateral initiatives, college students, implications for conflict resolution strategies, 37069
proactive personality & career success, employees (mean age 35.6 yrs) from a diverse set of organizations & occupations, 22598

Injections [See Also Intramuscular Injections, Intraperitoneal Injections, Intravenous Injections]—Serials

discomfort during injection of doramectin vs ivermectin, red Angus 2 yr old heifers, 10247
effectiveness of low-threshold methadone maintenance programs, reduction of overdose mortality, injecting drug users (mean age 32.8 yrs), 28786
interleukin-10, body weight & tonic immobility & social exploratory behavior induced by ip vs icv lipopolysaccharide, male rats, 10543
levels of Fos immunoreactivity after repeated handling & injection stress, inbred strains of mice, 20247
microinjection of d-amphetamine into nucleus accumbens during late maintenance phase of ethanol consumption, rats, 20365
mock vs real influenza vaccine injections, biobehavioral responses to acute pain, adolescents (mean age 15 yrs) with significant neurologic impairment, test of heart rate vs facial expression measures, 37898
oral medication noncompliance as reason for use & side effects associated with & success of parenteral administration of clozapine, 21–58 yr old psychotic inpatients, 38274
pregastric food stimulation & gastrin-releasing peptide 1-27 injection, feeding rates, male Sprague-Dawley rats, 36522
prevalence of injection-related HIV risk behaviors, adult Mexican-American vs Puerto Rican vs African-American drug injectors, 1767
risk factors for HIV incidence, 18–80 yr old out-of-treatment drug users, 6 mo follow up, 1770
use of & attitudes toward injections & government health care system, adults, Uganda, 2437
xenin icv in lateral hypothalamus, food & prandial water intake & time spent feeding, fasted male rats, 4091

Injuries [See Also Birth Injuries, Burns, Head Injuries, Spinal Cord Injuries, Wounds]—Serials

acute stress response patterns to accidental injury, 15–69 yr olds assessed before & during & after the accident, implications for treatment of trauma victims, 1953
age & distress & injury & hospital stress reactions, coherence of self constructed narratives, 2–12 yr olds visiting emergency rooms with trauma injuries, 7332
age, incidence of fractures, male vs female children and adults with intellectual disability with vs without epilepsy, 1880
alcohol intake & severity of injuries sustained from highway traffic accidents, adults, 1778
anxiety & depression following severe injury or trauma, patients aged 15 yrs or older, 5 yr prospective follow-up study, 21046
blood-alcohol concentration, motor vehicle crash risk, patients with leisure & home injuries vs traffic injuries, Greece, 1801
catastrophizing, prediction of pain intensity & perceived disability, 22–58 yr old patients with soft-tissue injury, 1960
changes in minimal force thresholds evoking cortical responses to cutaneous stimulation of hindlimb following sciatic nerve injury, male rats, 33186
changes in psychological characteristics & reactions from injury onset until full recovery, 18–44 yr old elite athletes, 35711
child & maternal & family functioning & sociodemographic factors & health care utilization, prediction of unintentional child injury, 5–11 yr olds seen in pediatric primary care, 1 yr follow-up, 37739
Class II studies of relationship between physical trauma & psychological stress & onset or exacerbation of multiple sclerosis , 24802
cognitive ability & exercise & alcohol usage & medical history, incidence of falls & injuries, elderly in a retirement community, 2-yr study, 28726
coping strategies with medical procedures on injuries, 8 yr olds, 11805
course & prediction by acute stress reactions, posttraumatic symptom formation, traffic accident victims, prospective 1 yr followup study, 14612
demographic & alcohol & other substance use factors associated with violent vs accidential injuries vs non-injury-related medical conditions or illnesses, adults admitted to emergency rooms, 24528
denervation of hindlimb & extensor digitorum longus muscle, motor activity, 3 vs 18 day old rats, 29866
development of coping skills in event related & iatrogenic medical trauma, children, 9001
differences in leukocyte invasion, male vs female mice with injured murine skeletal muscles, 23431
dimensionality of anxiety sensitivity, injured workers, 4975
epidemiology & clinical & demographic correlates & mental health treatment & health ramifications of & co-morbid psychiatric conditions associated with blood injection injury phobia, 27–65+ yr olds, 1635
evaluation of random alcohol screening & breath testing & sobriety checkpoints, motor vehicle crashes & fatalities & injuries, 14750
exposure to injury released chemicals from conspecific vs heterospecific crustacea, antipredator behavior & increased survival, Gammarus minus, 23478
eye care professional clinical experiences & role in prevention & treatment, 14–22 yr olds with sports-related injuries, 5453
family factors & area characteristics, risk of accidental injury, preschool children, 15387
history & symptoms & prevalence & pathology & psychological & psychiatric & psychosocial conditions & physical etiology & evaluation & management of repetitive strain injury, 34571
hyperalgesia as result of peripheral tissue or nerve injury & effects of pharmacology & descending projections from brain stem sites in counteracting spinal cord hyperexcitability, 1927
identity salience & frame of reference on evaluation of injury & illness, female secretaries & male rugby players, 12332
imagery with phobic stimulus, renewal of blood-injury fear, college students (mean age 24.2 yrs), 34222
incidence & symptoms of PTSD & factors associated with symptom development & disorder, 8–17 yr olds hospitalized following acute physical injury, 1 mo study, 27720
injuries & mental health consequences, male batterers & female victims (aged 18–65 yrs), 24415
injury frequency & patterns & health care seeking behavior, battered females with male partners in batterer intervention programs, 14655
injury severity, self- & parent-reported quantity of psychological stress symptoms, 6–12 yr olds with orthopedic injuries or traumatic brain injury, 1-yr study, 21471
injury to nerves in hand, changes in cutaneous receptive fields & brain stem role in somatosensory cortex neural plasticity, monkeys, 33266
leg autotomy, competitive ability & development, intact vs injured male spiders, 16819
lifestyle factors, any vs injury vs non-injury crash vs non-motor-vehicle-related serious injury, 21 yr olds, 19 yr study, 12968
limited quantity & quality of evaluation studies, effects of licensing & occupant interventions to prevent motor vehicle injuries, 13166
literature reviews based on database searches, objective outcome studies of motor vehicle injury interventions, 16248
maternal & child characteristics, repeat injuries, Black vs White preschool children, 8514
memory for medical emergencies including actual injury & hospital treatment , 2–13 yr olds, 2 yrs after injury, 36757
metamotivational dominance & participation & injuries in risk & safe sports, male snowboarders vs badminton players, 22681
model for preventing injuries, children, 22025
multidisciplinary teamwork with elderly patients with hip fracture, hospital staff, 15431
nature & treatment of epilepsy & current access to services & frequency of injuries sustained and hospital admission, adults with learning disabilities, 7988
nature of symptoms elicited by & treatments for blood-injection-injury phobia, 8194
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, commentary reply, 24792
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, 5200
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, commentary , 24782
organizational climate & occupational stressors as predictors of withdrawal behaviors & injuries, 26–64 yr old nurses, 38989
perceived efficacy of pain clinics in rehabilitation of injured workers, physicians vs vocational rehabilitation counselors vs pain clinic staff vs workers compensation employees, 5913
perceived risk of work-related injury & intentions to change employment, employees, 19416
personal history & athlete injury severity & age & ability level & competition importance, decisions about injured athletes' competition participation, 16–57 yr old coaches of female gymnasts, 16171
prevalence of disability from chronic conditions due to injury, 18–69 yr olds, US, 1994, 20986
psychological stress & impairments in local inflammatory response, postmenopausal females, 20985
psychosocial status & physical health & functioning & previous fall related factors, fear of falling & associated daily activity curtailment, 62–93 yr olds , 1003
race & family SES & occupational planning & injury history & life satisfaction, male graduating college athletes vs nonathletes, 25968
rates & characteristics of fatal & major injuries occurring in industries of rapidly developing county, southern China, 25951
relationship between alcohol consumption & illicit drug use & risk-taking dispositions & risk of injury, adults, 11077
relationship between substance use & behaviors that increase risk for motor vehicle crashes & crash-related injuries, college students, 34355
removal of nighttime physical restraints, nighttime fall rates, severely impaired nursing home residents (mean age 84.7 yrs), 28724
risk factors for falls & serious injuries from falling, elderly Japanese females, 28013
role of organizational health psychology in prevention of occupational injury & illness in work environment, 16158
role of somatic disease & physical injury in development & course of alcohol withdrawal delirium, 18–81 yr old hospitalized patients, 11648
screening for alcoholism using NIAAA criteria for alcohol drinking frequency & number of drinks per occasion, 21–60+ yr old injured trauma center patients, 2655
screening questions during health care maintenance visits that predict subsequent violence-related injury, 15–17 yr olds, median follow up 5.5 yrs, 24723
self esteem & incidence & severity of injury, competitive field hockey players, 6358
self-esteem & coping strategies, athletes with chronic vs acute sport-related injuries, 6367
sensitivity & specificity of breathalysers for assessing blood alcohol concentrations, 16–62 yr olds presenting at emergency departments within 10 hrs of injury, Kenya, 23560

sensitivity of MMPI & MMPI-2 scales to somatic malingering, personal injury litigants, 3318
sexual dysfunction from nonsexual trauma, 20–56 yr olds who developed PTSD & sexual problems following physical trauma & injuries, 30565
slavery & sexual assault & trauma & injury, African American females, 17760
social behavior & skin injuries & husbandry conditions, loose housed horned cows, 33031
social support networks, adjustment, person receiving treatment after trauma injuries, 35101
statistical association of mental distress & risk of hip fracture & use of tranquilizers or sedatives or hypnotics, 50–101 yr old females, 3 yr followup, 24696
target injury severity, judgments of defendant liability & award compensation & feelings toward litigants in mock jury task, college students, 4743
temperament & ability estimation & injury proneness, toddlers (mean age 2.8 yrs), 3 yr study, 23784
token economy program, absences & emergencies & employee & patient injuries on psychiatric unit, 18–20 yr old psychiatric patients, 8-mo study, 28732
trauma & acute stress disorder, 16–65 yr old survivors of motor vehicle accidents vs severe burns vs industrial accidents vs nonsexual assaults, 27728
treatment of problem drinking, injury risk, 32031
urinary free cortisol & fractures, 70–79 yr olds, implications for depression, 28023
use of qualitative methodology, traumatic injury patients, 21478
ward routines & time patterns of staff injuries from patient–staff incidents, psychiatric hospital acute ward patients & staff members, 38572

Injuries [See Also Birth Injuries, Burns, Head Injuries, Spinal Cord Injuries, Wounds]—Books

Police trauma: Psychological aftermath of civilian combat, 29287

Injuries [See Also Birth Injuries, Burns, Head Injuries, Spinal Cord Injuries, Wounds]—Chapters

Chronic exposure to risk and trauma: Addiction and separation issues in police officers, 29296
Debriefing and crisis intervention, 21201
Endogenous and exogenous factors in childhood health and disease, 11822
Healing from trauma: The quest for spirituality, 37981
Hypnosis in the emergency room, 38580
A multi-modal approach to trauma recovery: A case history, 2187
Patient as athlete: A metaphor for injury rehabilitation, 2677
Personality assessment in personal injury litigation, 9743
Police psychological burnout and trauma, 29288
Prevention of posttraumatic reactions: Debriefing and frontline treatment, 8219
Vulnerability to psychological disorder: Previous trauma in police recruits, 27740

Injuries (Birth) [See Birth Injuries]

Inlaws—Serials

adult offspring/in-law gender & patient dementia severity & offspring caregiver stress & family characteristics, in-law marital strain, 3-generation families of Alzheimer's patients, 38546
experiences & characteristics in coresident caregiving of aging parents, daughters vs daughters-in-law & their husbands as caregivers, 15568
impact of parental & in-law disapproval on gay relationships, male homosexual couples, 7753

Inmates (Prison) [See Prisoners]

Innate Behavior (Animal) [See Instinctive Behavior]

Inner City [See Urban Environments]

Inner Ear [See Labyrinth (Anatomy)]

Inner Speech [See Self Talk]

Innovativeness [See Creativity]

Inquisitiveness [See Curiosity]

Insanity [See Mental Disorders]

Insanity Defense—Serials

characteristics & treatment needs, not-guilty-by-reason-of-insanity vs voluntary patients in public psychiatric hospitals, implications for social work practice, 12485
clinical status & neuropsychological function & relationship to victim, 20–52 yr olds convicted of murder vs acquitted by reason of insanity & committed to forensic hospital, commentary reply, 17993
construct validity of Rogers Criminal Responsibility Assessment Scales, insanity defense cases, 26157
content & context & ambiguity of & legal issues concerning competence to stand trial & criminal responsibility, 26057
forensic evaluation & medico-legal insanity status of young sex offenders, 15–20 yr olds, Sweden, 29268
guidelines for detection of malingered psychosis & approaches for evaluation of criminal defendants pleading sanity, mental health clinicians, 19537
history of insanity defense in English & American law & use of PTSD as basis of insanity , 3246
history of medical model of insanity defense, 16281
identification & frequency of insanity acquittals, 36 states, 1970–95, 29266
mental disease or defect as required for insanity defense vs clinical definition & related legislative actions, 29280
MMPI-2 profiles, patients found Not Guilty by Reason of Insanity vs civilly-committed psychiatric inpatients, 21041
Psychiatric Security Review Board for monitoring & managing insanity acquittees & other high risk individuals, 28743
research on & attempted reform of the insanity defense, 16280
research on & attempted reform of the insanity defense, errata, 29264
research on use of insanity defense, 35826
role of case of Regina v. Swain in modern modification of Canadian insanity laws, 26055
role playing exercise to enhance student interest & stimulate discussion on insanity defense & related psychological topics, students in introductory psychology course, 32211

Insanity Defense—Books

The jury & the defense of insanity, 9754

Insanity Defense—Chapters

The assessment of criminal responsibility: Current controversies, 9757

Insecticides—Serials

beliefs & knowledge in intentions & behaviors among farm pesticide applicators, 39013
paraquat-induced suicide incidence in agricultural region, age & ethnicity cohort data, Trinidad & Tobago, 27780

Insects [See Also Ants, Bees, Beetles, Cockroaches, Diptera, Larvae, Mantis, Moths, Wasps]—Serials

computation performed by lobula giant motion detector & descending contralateral motion detector in response to objects approaching on collision course, locusts, 10412
knowledge & attitudes & practices regarding personal protection measures to prevent arthropod-related diseases & nuisance bites, US Army soldiers, 2503
length and asymmetry of male forceps, mate choice, female earwigs , 3772
properties & behavioral responses as characteristics of & new velocity based models for movement-detecting processes, insects, 23184
relation of lengthy copulations to sperm transfer & protection & mate assessment, male bushcrickets, 3783
scanning behavior & its role in secondary route selection, female jumping spiders, 33152
species-specific sounds & chorusing, water bugs, 33125
species-specific sounds, corixid water bugs , 16827
vibrational signals of nymphs, maternal antipredator behavior & mother-offspring & within brood communication, treehoppers, 13441

Insecurity (Emotional) [See Emotional Security]

Insensitivity (Personality) [See Sensitivity (Personality)]

Inservice Teacher Education—Serials

beliefs toward Problem-Solving Demonstration Classroom in-service program, in-service elementary school teachers, 19233
individualized mentoring interventions with students with academic or behavior problems, teachers in training, 16011
training in use of Kinder therapy based on filial & Adlerian play therapy principles, student classroom behavior & teacher attitudes & interaction with students, kindergarten teachers, 35579

Inservice Training [See Also Inservice Teacher Education, Mental Health Inservice Training]—Serials

case management training, sexually transmitted disease drug dispensing behavior & HIV/STD preventive communication & condom promotion & sales, male pharmacists, 9 mo study, India, 2770
comprehensive continuing medical education seminars, management of HIV & other sexually transmitted diseases, physicians & other private medical practitioners, 3 mo study, Jamaica , 2752
educational intervention, geriatric assessment practice, rural nurses & non-physician health care professionals, 9313
effectiveness of educational interventions, prevention or treatment of delirium, nurses & physicians & patients, 38696
experiential inservice program with vs without delayed consultation processes, facilitation of educational mainstreaming of students with emotional or behavioral disorders, school district personnel, 25715
faculty inservice geriatric/gerontological training project, integration of aging-related content into existing curricula, university & community college faculty, 9406
sex, employer-supported training & education, MBA students, 12872

Inservice Training (Mental Health) [See Mental Health Inservice Training]

Insight—Serials

clinical explanatory models on insight in psychosis, 14564
description & modeling of psycho-phenomenology of intuition & intuition–insight distinction, implications for study of first-person experiences of consciousness, commentary, 16703
historical antecedents & consequences of A. Lewis's concepts of insight, 32561
insight & self-reported subjective & objective quality of life & concurrent validity of patient & clinician assessments, 18–70 yr old schizophrenic group home & hostel residents, 27665
insight deficits & neurocognitive functioning & psychotic symptoms, social adjustment, 18–50 yr olds with schizophrenia or schizoaffective disorder, 11443
insight impairment, patients with Alzheimer's disease or vascular dementia, 15050
neurobiological basis & assessment & consequences of impaired insight & related deficits, patients with schizophrenia, implications for treatment decisions, 17911
personality dimensions & variability of insight, patients with schizophrenia or schizoaffective disorder, 5- & 12-mo followup, 11426
relationship between insight into mental disorder & suicidality, 18–70 yr old patients with schizophrenia, 24285

Insight—Chapters

An evolutionary perspective on insight, 10164
Five kinds of self-ignorance, 17698
Insight and metacognition, 3579

Insight (Psychotherapeutic Process)—Serials

profound experiences of recognition in psychoanalytic processes, analyst & patient, 15244
use of psychodynamic insights in brief counseling, 5520

Insomnia—Serials

21 hrs of sleep deprivation, slow-wave activity & slow wave sleep on recovery night & sleep spindles & homeostatic process, 22–53 yr olds with sleep-maintenance insomnia, 3959
24-hr treatment vs evening treatment with lorazepam, 21–48 yr old patients with primary insomnia with daytime symptoms, 18662
actigraphic vs polysomnographic assessment of sleep, insomniac adults (mean age 46.46 yrs), application of Actigraph Data Analysis Software, reanalysis, 14900
alertness & sleep, elderly insomniacs treated with vs without zolpidem, 38415
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, commentary, 15096
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, commentary, 34742
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, 15089
cognitive behavior therapy vs pharmacotherapy vs combination, elderly adults with insomnia, reply, 34745
efficacy & safety of zaleplon, outpatients with insomnia, 34969
efficacy of nonpharmacological interventions for treatment of late-life insomnia, 11976
ethanol, self administration & reinforcing effects when used as hypnotic & mood & sleep, adult insomniacs, 11811
guidelines for stability in polysomnograph vs sleep log & home vs lab measures of sleep onset & time in sleep & wake after sleep & time in bed & sleep efficiency, normal aged vs insomniac aged, 14926
melatonin, chronic primary insomnia, 66–86 yr olds, 25199
modern perspective on appropriate use of hypnosedatives & benzodiazepine, older adults with insomnia &/or anxiety disorders, 25233
paroxetine, patients with primary insomnia (aged 35–75 yrs), 15322
pharmacological treatment of insomnia, US, 1987–1996, 25230
prevalence of insomnia & hypersomnia & stability of sleep complaints over time & effects of age & other risk factors on sleep, 50–80+yr olds, 14915
prevalence of occult sleep apnea & periodic limb movement revealed by polysomnography screening, recruited older adults with insomnia, implications for psychological treatments for insomnia, 28036
progressive relaxation & gradual medication withdrawal in weaning from sleep medication, 21–80 yr old insomniacs, 25263
rapidly eliminated hypnotics, tolerance & rebound insomnia, 38310
relationship between slow-wave sleep & cognitive performance, older adults with vs without insomnia (mean age 67 yrs), 31045
safety & effects & abuse liability & tolerance of zolpidem, healthy adults & elderly with insomnia, 18815
self-help cognitive-behavioral bibliotherapy with vs without professional phone consultations, adults (mean age 50.8 yrs) with primary insomnia, 3 mo followup, 28330
shift work & life-style factors & age, prevalence of insomnia & sleep deprivation & daytime sleepiness, 45–60 yr old males, 6346

use & perceived efficacy & side effects of nonprescription products used for sleep problems, ambulatory 60–92 yr olds, 38429
zolidem treatment, subjective tolerance & adverse effects & efficacy, 15–105 yr old outpatients with chronic insomnia, 5631
zolpidem, PTSD-related insomnia & nightmares, 50–63 yr old male veterans with PTSD, 15290
zopiclone vs temazepam, cognitive functioning, outpatients with insomnia, 28500
zoplicone, withdrawal from chronic flunitrazepam & sleep pattern changes, 32–64 yr olds with insomnia & chronic benzodiazepine dependence, 8929
Instability (Emotional) [See Emotional Instability]
Instinctive Behavior—Serials
5, 7-dihydroxytryptamine-induced serotonin depletion, intrinsic sensitization of leech whole-body shortening response, leeches, 36403
ability of kairomones to induce arrestment & antennal examination, female aphid hyperparasitoid, 3705
analytic framework derived from five-factor personality model applied to psycholexical classification of L. L. Bernard's list of instinct expressions, 20902
domestication, pre-parturient & offspring care behavior, 2-yr-old domestic vs wild-type sows, 33115
environmental & genetic factors, timing & duration of post-juvenal molt, European vs African vs hybrid Stonechats, 33116
experience with nipple & milk & expression of oral grasping, sustained attachment to empty surrogate nipple, newborn rats, 10342
host-searching & oviposition on aspen vs balsam poplar foliage & parasitism rates of caterpillars, tachinid parasitoid, 3736
individual flexibility & tempo, foraging ants from small vs large colony fragments, 3686
innate attraction & environmentally induced preference for host plant, mature vs callow worker plant ants, 33129
kairomone & prior experience with hosts, recognition & acceptance of scale covers differing in age & size, mated female wasps, 3737
postalightment oviposition behavior on host plant species, female monarch butterflies, 3709
sensory bases of goal & direction determination in navigation, animals, 372
theory of language as human instinct, commentary, 36664
Instinctive Behavior—Chapters
Ethical instinct, 14382
Feelings as the proximate cause of behavior, 36376
Generativity, entrenchment, evolution, and innateness: Philosophy, evolutionary biology, and conceptual foundations of science, 36659
Innateness is canalization: In defense of a developmental account of innateness, 36646
Institution Visitation—Serials
attitudes towards institutional quality of care, 26–88 yr old family members & friends visiting patients at residential care institutions, England, 31988
description & evaluation of intergenerational visitation program, elementary school students & nursing home residents, 22228
Institutional Release [See Also Hospital Discharge]—Serials
predictive validity of Psychological Inventory of Criminal Thinking Styles, prediction of release & disciplinary outcomes, adult female prison inmates, 11679
Institutionalization [See Also Hospitalization, Incarceration, Institutional Release]—Serials
Bournewood court case of informal hospital admission, persons with mental disorders unable to consent to treatment or voluntary hospital admission, United Kingdom, 29259
caregiver burden & other variables & care receiver characteristics, 26–94 yr old family caregivers who placed elders with Alzheimer's disease in long-term vs continued in- home care, 38511
caregiving style & staff–child interactions & routine care, development & activity, institutionalized children aged 4 yrs & younger, 17185
community based services, stress relief & delay or prevention of institutionalization, caregivers of demented elderly, commentary, 18960
community based services, stress relief & delay or prevention of institutionalization, caregivers of demented elderly, commentary, 18979
community based services, stress relief & delay or prevention of institutionalization, caregivers of demented elderly, 18983
degree of misplacement in care organizations, 65 yr old & older patients, 1988 vs 1993, 28683
identification of institutionalized condition in inpatients with psychiatric disability, staff members in pubic psychiatric hospital setting, 18 mo follow up, 19027
relationship with caregivers & institutionalization, older adults with Alzheimer's disease or vascular dementia, 3 yr study, 21584
sociocultural factors & decision making processes regarding institutionalization of family elder, Taiwanese adult children & spouses (mean age 47.67 yrs), 36891
stressors & cognitive appraisal of stressor & social support & coping strategies & well-being, family caregivers of institutionalized elders with vs without dementia, 31992
taste & smell perception functioning & nutritional intake & body mass & health & health behavior & energy intake & appetite & sex, institutionalized vs independently living 70+ yr olds, reply, 36883
taste & smell perception functioning & nutritional intake & body mass & health & health behavior & energy intake & appetite & sex, institutionalized vs independently living 70+ yr olds, commentary, 36901
taste & smell perception functioning & nutritional intake & body mass & health & health behavior & energy intake & appetite & sex, institutionalized vs independently living 70+ yr olds, 36884
transition to nursing home, cognitive status & morale & depression & satisfaction with care, newly admitted patients (mean age 84.7 yrs), 6 mo study, 25486
wandering & becoming lost & relation to institutionalization & cognitive ability, patients with dementia, 5 yr study, 5378
Institutionalization [See Also Hospitalization, Incarceration, Institutional Release]—Chapters
Drug use among the institutionalized population, 12005
The institutionalization and deinstitutionalization of the mentally ill: Lessons from Goffman, 22824
Mental hospitals and deinstitutionalization, 31920
Institutionalized Mentally Retarded—Serials
demographic & maladaptive behavioral correlates & predictors of frequency & duration of restraints, institutionalized 12–85 yr olds with borderline to profound mental retardation, 38557
development & internal consistency & interrater & test-retest reliability of reinforcer choice assessment scale, institutionalized 19–77 yr olds with severe or profound mental retardation, 35860
interrater reliability & internal consistency, Matson Evaluation of Drug Side Effects, mentally retarded institutionalized adults taking psychoactive medications, 8728
social contact & user engagement & stereotypy & staff support, 17–57 yr olds with severe intellectual disabilities & sensory impairments in residential settings, 19001
Institutions (Correctional) [See Correctional Institutions]
Institutions (Residential Care) [See Residential Care Institutions]
Instruction [See Teaching]
Instruction (Computer Assisted) [See Computer Assisted Instruction]
Instruction (Individualized) [See Individualized Instruction]
Instruction (Programed) [See Programed Instruction]
Instructional Media [See Also Advance Organizers, Educational Audiovisual Aids, Reading Materials, Teaching Machines, Textbooks]—Serials
adaptive instruction & learning in hypermedia environment, students, 38794
epistemological approach to instructional modelling using Generic Tutoring Environment, 6165
evaluation & design & use of multimedia educational software & Internet technology, traditional classroom vs asynchronous learning environments for postsecondary computer-assisted continuing education, 28932
general public substance-abuse knowledge & attitudes as effectiveness measures in evaluation of multimedia drug education program, 15445
interdisciplinary innovation in psychoeducational multimedia technologies, 3
media in experiential learning of multicultural & diversity issues based on cognitive–experiential self-theory for training of counseling students, 32117
skin cancer education through videotape vs reading brochure vs instruction from nurse practitioner, skin cancer knowledge & detection & self-examination, 17–31 yr olds, 35141
temporal &/vs spatial contiguity & visual &/vs auditory modality of multimedia instruction, learning measured by retention & transfer & matching, college students, 28940
training in visual vs audiovisual modality, learning concept & manipulation of numbers, 4–5 yr old preschoolers, 15889
use of video instructional materials & projects in teaching undergraduate gerontology course, 28948
Instructional Media [See Also Advance Organizers, Educational Audiovisual Aids, Reading Materials, Teaching Machines, Textbooks]—Chapters
Designing medication instructions for older adults, 20673
Speaking science: Developing ESL materials for university students in academic disciplines., 38833
Instructional Objectives [See Educational Objectives]
Instructions (Experimental) [See Experimental Instructions]
Instructors [See Teachers]
Instrument Controls [See Also Flight Instrumentation]—Serials
mode confusion & error during interaction with automated flight control systems & modeling language for specification of complex control systems, pilots, 26007
Instrumental Conditioning [See Operant Conditioning]
Instrumental Learning [See Operant Conditioning]
Instrumentality—Serials
instrumentality & expressiveness, playfulness, 18–50 yr old male vs female college students, 14295
instrumentality, individual vs group performance vs outcome & collective effort, college students, application of expectancy–value theory, 33932
Instrumentation (Flight) [See Flight Instrumentation]
Insulin—Serials
acute vs chronic administration of citalopram, plasma oxytocin & cholecystokinin & gastrin & somatostatin & insulin, male rats, implications for clinical profile of SSRI antidepressants, 13825
behavioral responses, newborns of insulin-dependent diabetic mothers, 18276
central serotonin activity & peripheral sensitivity to insulin, males with normal glycemia & glyco-hemoglobin levels (mean age 32.33 yrs), 36422
food deprivation duration & utilization of metabolic fuels 2-deoxy-D-glucose & isophane insulin, food hoarding & intake, female jirds, 33317
hypertonic saline in hepatic portal vs jugular vein, glucagon vs insulin response to exercise, adrenodemedullated male rats, 33324
insulin omission in females with bulimia nervosa vs binge-eating disorder with type I diabetes, 37716
insulin treatment, spatial vs nonspatial water maze learning and hippocampal synaptic plasticity assessed by long term potentiation, male rats with vs without streptozotocin induced diabetes, 3990
insulin, anticonvulsant activity & brain concentration of carbamazepine, male mice with seizures induced by maximal electroshock, 13688
intrahypothalamic hyperinsulinism, morphological alterations of ventromedial vs lateral vs dorsomedial hypothalamic nuclei, postnatal rats, implications for role in weight regulation, 17087
menstrual phase & body mass & age, serum concentrations of insulin-like growth factor 1 & growth hormone binding protein, depressed vs healthy females, 17863
posttraining administration of insulin & drugs on cholinergic system, retention of habituation response in exploration, male Swiss mice, implications for role of central cholinergic mechanism, 10602
Insulin—Chapters
Modernization, psychosocial factors, insulin, and cardiovascular health, 7140
Insurance [See Also Health Insurance, Social Security]—Serials
development of Consumer Assessment of Behavioral Health Services instrument, quality of mental health & substance abuse services & insurance plans, 25–44 yr olds, 25391
Insurance [See Also Health Insurance, Social Security]—Chapters
Insurance coverage for undue familiarity: Law, policy, and economic reality, 25589
Insurance Agents [See Sales Personnel]
Intake Interview—Serials
cross-case comparative analysis of intake workers' descriptions of assessment of clients for psychotherapy, 30–51 yr old intake workers & 23–55 yr old clients, 38011
development & efficacy of Mental Health Triage Scale, mental health patients of general emergency department, 2 yr followup, commentary, 13082
development & efficacy of Mental Health Triage Scale, mental health patients of general emergency department, 2 yr followup, 13076
development & efficacy of Mental Health Triage Scale, mental health patients of general emergency department, 2 yr followup, commentary, 13078
identification of potential substance abuse &/or addiction behaviors in client during initial interview, vocational rehabilitation professionals, 5980
interactive computer based interviews in medical practice, patients, 12289
patient profiling & prediction of psychotherapy responses from intake assessment, individual psychotherapy outpatients (mean age 37.2 yrs), 34792
personality disorder styles & reciprocal interpersonal impacts during outpatient intake interviews, patients & mental health professionals, 27747

reliability & concurrent validity of Psychosocial History interview, assessment of status & needs, women clients in substance abuse treatment, 35928
routine intake clinical evaluation vs semistructured diagnostic interview, detection of diagnostic comorbidity, adult psychiatric outpatients, 19636
sensitivity of Paddington Complexity Scale vs Health of the Nation Outcome Scales for Children and Adolescents, measurement of clinical intake to mental health services, 3–18 yr olds, 25421
use of medical &/or sociocultural model to diagnose females presenting with PMS, 24–82 yr old medical vs non-medical clinicians, 38714
Intake Interview—Books
Psychoanalytic case formulation, 18655
Intake Interview—Chapters
Assessment of trichotillomania, 8222
The first session with a new client: Five stages, 25642
Integrated Services—Serials
agenda for coordination & integration of policies & practices in area of special educational needs, children, 22558
challenges in moving from university-based research conditions to community research collaborations in real-world settings, children & adolescents at risk or in need of mental health services , 36084
coordinated alternative community-based programs, rape victims, 5868
demographic & clinical & educational characteristics & functional status & academic achievement, children & adolescents with emotional disturbances in joint education/mental health programs, 25817
development & implementation of collaborative practice & training for domestic violence & family preservation & child protection programs, battered mothers & their children, 22170
development of Caseload Segregation/Integration Ratio, children & adolescents in community mental health vs child protection vs special education service sectors, 25405
elementary school integrated services & use of case management techniques, case example of 12 yr old female with problems of truancy & failing grades, 9571
financial incentives influencing integration of mental health care & primary care, 31878
home-based family intervention program outcomes, low-SES African Americans & Latinos caring for family member with mental disorders, 35166
importance of & barriers to effective multi-agency partnerships in substance abuse services for young people, UK, 28658
importance of collaboration & teamwork in child psychiatric early intervention, parents & educational & medical professionals, 18769
improvements to access to disability benefits, homeless persons with mental illness (mean age 42.4 yrs), 2 yr study, 25456
integrated inpatient mental illness–chemical dependency program vs standard psychiatric treatment, postdischarge change at 2 mo, patients with mental illness & substance abuse problems, 18 mo study, 22240
integrated treatment for mental health & substance abuse disorders, 8717
integration of adult mental health & child protection services, 28678
integration of teaching & research & community collaboration in promoting quality of life, land-grant university model, 38536
integrations of acute inpatient & continuing care components of a public mental health service, staff perceptions of service process & quality, community mental health staff, 2783
inter-agency communication & service integration in development & model of family support service at Anna Freud Centre, 18961
levels of integration in health & social services, persons with disabilities, US & UK, 22135
nursing home vs integrated special care unit models of care, behavioral disturbances, 59–97 yr olds with dementia, 3 mo follow up, 9188
perceptions of inter-professional roles & role relations in adult community mental health services, psychiatrists & social workers & nurses & occupational therapists & clinical psychologists, 32089
personality or functioning style of councils for early intervention in health & education & social services, optimal consultation, personnel working with disabled 0–3 yr olds & their families, 2966
problems of interprofessional working in community mental health teams in adult community mental health services, 32087
programmatic integration of pediatric psychology & primary care services for neurodevelopmental/neuropsychological evaluation, children infected with HIV, 38469
psychiatric hospital-based & vertically-integrated case management program for inpatient & outpatient & partial hospitalization, inpatients with schizophrenia, 28676
rationale & development of model for integration of services & supports, parents with intellectual disabilities, 15549
role of integrated school–community resources in addressing barriers to development & learning & teaching, students with & without learning problems, 38883
Rotary International's partnership of public & private health providers & voluntary organizations to eradicate polio, model for psychology for improving public mental health on mass scale, 11974
similarities & differences between project sites of Collaborative Program to Prevent Homelessness, persons at risk for homelessness, 35229
social value of & professional relationships within community mental health teams in adult community mental health services, 32088
university–community partnership projects for disseminating research on children & youth & families, 38661
Integrated Services—Books
Psychopharmacology and psychotherapy: A collaborative approach, 24930
Integrated Services—Chapters
Collaborative treatment for patients with personality disorders, 24377
Collaborative treatment in managed care, 25423
Collaborative treatment: The nonphysician perspective, 24940
Community efforts to counter the environmental risks children face, 37245
Covering all bases: Engaging and treating individuals with alcohol problems, 15666
Divided treatment: Legal implications and risks, 24948
EAP and wellness collaboration, 25872
Ethical issues in collaborative or divided treatment, 24945
Guidelines to maximize the process of collaborative care, 24953
Integrated approaches to acute illness, 37251
Integrated child psychotherapy: Treatment ingredients in search of a recipe, 38065
Integrated treatment for eating disorders, 5180
Integrating service delivery systems for persons with a severe mental illness, 18944
Interfaces between substance abuse treatment and other health and social systems, 35348
Mental health providers: Role definitions and collaborative practice issues, 24950
Negative aspects of collaborative treatment, 24939
Organizational counseling and the delivery of integrated human services in the workplace: An evolving model for employee assistance theory and practice, 25876
Positive aspects of collaborative treatment, 24933
Primary care physicians and mental health professionals: Models for collaboration, 25426
The psychologically informed psychopharmacologist, 24935
Residency training issues in collaborative treatment, 25649
Service integration at the community level within early intervention systems, 37651
Integration (Racial) [See Social Integration]
Integrity—Serials
cognitive complexity & political preference, judgments about President Clinton's integrity, college students, 4758
functional performance & the challenge of preserving personal integrity, 50–76 yr olds with chronic obstructive pulmonary disease, 11799
Giotto integrity test validity, adults in various occupations, 26247
motivations surrounding cheating behavior, male vs female undergraduate students, 28990
Integrity—Chapters
Building organizational integrity and quality with the four Ps: Perspectives, paradigms, processes, and principles, 6343
Intellectual Development [See Also Language Development]—Serials
aging & creativity as examined from perspective of individual characteristics or from human capital viewpoint vs relational viewpoint of creativity over life course, 23812
behavioral & intellectual abnormalities in psychological assessments, later development of schizophrenia, 16–17 yr old males, 34151
early parent–child relationships & intellectual functioning, mothers & their 3 yr olds, 13935
generalizability of W. Perry's theory of intellectual & ethical development & cross-cultural reliability & validity of Zhang Cognitive Development Inventory, college students, US vs China, 26111
intelligence scores from 2–38 yrs, female craniopagus twins separated at 4 mo, 18266
IQ & academic achievement, 3–9 yr survivors of pediatric liver transplantation, 10780
life context & personality, individual differences in intellectual development, 62–79 yr old World War II veterans, 6833
milestones in development of numeracy skills, 4–7 yr olds, 17287
model of intelligence as developing expertise, 36243
number of siblings, intellectual development & academic achievement, children, commentary, 17278
number of siblings, intellectual development, children, 17257
number of siblings, intellectual development, children, commentary reply, 17256
number of siblings, intellectual development, children, commentary, 17246
residential learning communities, learning & intellectual development & involvement, college freshman, 28965
theory & research on lifespan psychology & lifespan ontogeny & allocation of developmental resources & intellectual functioning, 13885
Intellectual Development [See Also Language Development]—Chapters
Intellectual development and mental retardation—Some continuing controversies, 31010
Intelligence and cognitive potential in late life, 17422
Recapturing education's full mission: Educating for social, ethical, and intellectual development, 22485
The social construction of knowledge: Social marking and socio-cognitive conflict, 4508
The social organization of early number development, 7484
Social represenations and development: Experts' and parents' discourses about a puzzling issue, 4506
Intellectual Functioning [See Cognitive Ability]
Intellectually Gifted [See Gifted]
Intelligence—Serials
acculturation strategies & cognitive performance, 7–12 yr old first vs second generation migrant children, Netherlands, 30140
age & intelligence, letter fluency, 56–81 yr olds, test of low-level speed & frontal executive theories of aging & intelligence, 17413
Bayesian decision theory & sequential rules for instructional decision making for use in Intelligent Tutoring Systems, medical students, 19489
behavioral influences & evolutionary perspectives on expanding human neocortex & myopia & intelligence, 26644
change & continuity in diagnosis & intelligence & language skills & social competence, 2–6 yr olds with autism or Down's syndrome or other developmental delays, 6–8 yr study, commentary reply, 18133
change & continuity in diagnosis & intelligence & language skills & social competence, 2–6 yr olds with autism or Down's syndrome or other developmental delays, 6–8 yr study, 18134
change & continuity in diagnosis & intelligence & language skills & social competence, 2–6 yr olds with autism or Down's syndrome or other developmental delays, 6–8 yr study, commentary, 18127
characteristics & measurement of intelligence, 14296
class IQ trends & IQ gains over time & relation between IQ & intelligence & achievement, implications for humane-egalitarian concept of social justice, 10770
cognitive readiness & personal adjustment & intelligence & social support model of adolescent parenting, adolescent mothers & infants, 20755
consistency between performance-based assessment reports & independent ratings in appraising multiple intelligences, kindergarten students, 6574
correlation between circadian type & cognitive ability, 17–34 yr old US Air Force recruits, 33995
defense mechanisms & intelligence in ego functions & ego development, adults (mean age 23 yrs) , 37151
degree of visual loss & age & intellectual function & ability to communicate, inappropriate & unusual behaviors, visually impaired children followed from birth to 5 yrs old, 28225
development of & relation between Piagetian concrete operational thought & formal thought & general intelligence & spatial & verbal abilities, 4.5 yr olds, 11 yr study, 17235
effectiveness of 5 prediction methods for estimating premorbid intellectual functioning, male patients referred for neuropsychological evaluation, 18342
effects of cognitive regulatory activities on verbal & numerical & diagrammatic intelligence in prediction of academic performance, college freshman, 12689
emotional intelligence & organizational commitment & citizenship, 24004
factor analysis of Big Five & Factor V subcomponents, prediction of Social Intelligence, 17–48 yr olds, 26120
fluid intelligence & perceptual speed, performance on frontal-lobe functioning tasks, 63–72 vs 75–88 yr olds, 33707

genetic research & link between genes & intelligence & cognitive ability & information processing & brain functioning, 23287
global dynamics of brain electric activity & intelligence in adolescents, 36729
history of role of genetics in intelligence & childhood disorders, 20061
imaginal discovery & visual & verbal working memory & intelligence, college students, 23126
individual differences in visual discrimination & spatial learning & activity control tasks, inbred vs outbred strains of mice, implications for structure of animal intelligence, 6970
intellectual differences independent of general ability, White vs Mexican American vs Native American Papago 6–16 yr olds, 33627
intelligence & cognitive psychology instruction, 9446
intelligence & learning behaviors & demographics, academic achievement outcomes, 6–17 yr olds, 38850
intelligence & level of schooling, patients with vs without obsessive compulsive disorder, 11472
intelligence & memory capacity & educational achievement vs personality variables, 18–27 yr old college students who access special needs for learning disabilities, 14850
knowledge & abilities & nonability traits & relation to intelligence & aging, middle-aged adults, 20427
level of social intelligence & empathy, indirect vs verbal vs physical aggression, 10 vs 12 vs 14 yr olds, 10859
link between tactile information processing & intelligence, 30–51 yr olds, 6753
low intelligence & hearing & vision impairment, boys with disproportionate head circumference vs children with mental retardation vs healthy children & their mothers, 37235
measurements vs co-twin ratings of intelligence & personality characteristics, same-sex twin pairs, 7901
memory deficits & intelligence & learning, patients with schizophrenia vs Korsakoff's syndrome vs Alzheimers disease vs traumatic brain injury, 37267
mitochondrial DNA polymorphism & high intelligence & mitochondrial lineage in Europe & US, 7018
model of intelligence as developing expertise, 36243
narrative intelligence & biographical aging & the novelty of life, 14102
patterns of intelligence, children with autism vs phenyketonuria vs head injury (mean age 9.33 yrs), 14818
perception of parental influence on emotional intelligence & task orientation & social functioning & depression symptomatology, 11–15 yr olds, 7328
performance on tests of auditory verbal learning & memory & motor skills & general intellectual functioning & visuospatial functioning, 25–68 yr old binge vs regular alcohol drinkers, 30892
phenotypic & genetic & environmental correlations between personality factors & intelligence, monozygotic & dizygotic same-sex twin pairs, 17664
primer for school counselors on Fluid-Crystallized & Three Stratum & Planning Attention & Simultaneous & Successive theories of intelligence & assessment instruments inspired by them, 25833
progression of clinical–pathological correlations & intellectual status & density of lesions, females aged over 75 yrs with Alzheimer's disease, 5332
psychometric properties of 3 paper-and-pencil tests for speed of information processing & correlations with intelligence, 17–58 yr olds, 6594
race & head size & shape & intelligence, 4780
relationship between intellectual level & dysfunctional cognitive style–irrational beliefs measured by Shipley Institute of Living Scale & Revised Questionnaire of Absolutistic Thinking, 17–37 yr olds, 6587
relationship between intelligence & performance on Mini-Mental State Examination, 54–89 yr olds in early stages of Alzheimer's disease, 28218
relevance of triarchic theory of human intelligence for understanding & assessment of intelligence, multicultural student populations, 25701
role of cognitive style in transformation of gifted potential, intellectually advanced 3–4 yr olds, 30166
sex & age differences in brain activity & personality & intelligence, 15–71+ yr old females & males, application of arousability theory, 1347
sex & sex role, self-estimates of multiple intelligences, adults, 33967
sex differences in general intelligence, high school graduates, Estonia, 17643
socio-demographic characteristics & psychopathology & social functioning & prevalence, 16–65 yr olds with psychotic illness & low intelligence, 30715
statistical analysis of intelligence measured by Wechsler Adult Intelligence Scale & Raven's Advanced Progressive Matrices vs R. B. Cattell's Gc & Gsar & Gf factors, 15–70 yr olds & older, 26107
systems theory of intelligence & mental retardation, 14858
target behavior revealing morality vs intelligence traits, S recall & social cognition & impression formation & expectations of & actual cooperation in mixed-motive situation, undergraduates, 14263
working memory vs short-term memory & relation to general fluid intelligence & verbal abilities, college students, implications for experimental task selection, 29631

Intelligence—Books

Constructive thinking: The key to emotional intelligence, 256
The development of intelligence, 30199
The Enneagram intelligences: Understanding personality for effective teaching and learning, 12628
Great issues for medicine in the twenty-first century: Ethical and social issues arising out of advances in the biomedical sciences, 28271
The human mind according to artificial intelligence: Theory, research, and implications, 19490
If a lion could talk: Animal intelligence and the evolution of consciousness, 3639
Intelligence and abilities, 34007
Liberating everyday genius: A revolutionary guide for identifying and mastering your exceptional gifts, 37177
The mysterious flame: Conscious minds in a material world, 17146
Smart and smarter: Enhancing your child's intelligence through cognitive coaching, 10803
Stranger in the nest: Do parents really shape their child's personality, intelligence, or character?, 10746

Intelligence—Chapters

Attempts to raise intelligence, 30208
The background to hominid intelligence, 33048
A basis for research on age differences in cognitive capabilities, 3577
Becky: Motive in her mindlessness: The discovery of autistic features in a learning disabled adolescent, 37655
Can measures of infant information processing predict later intellectual ability?, 13924
Creativity and intelligence, 7968
The development of intelligence includes the capacity to processing relations of greater complexity, 30205
The developmental genetics of intelligence, 30206
Extending *Gf-Gc* **theory into practice, 3581**
Family background, parenting practices, and the Black–White test score gap, 893
Heredity, 991
How do families affect intelligence? Social environmental and behavior genetic predictions, 4798
Individual differences in working memory capacity and what they tell us about controlled attention, general fluid intelligence, and functions of the prefrontal cortex, 19607
Intelligence and aphasia, 5430
Intelligence and human resources: Past, present, and future, 10159
Intelligence and visual and auditory information processing, 11247
Investigating the paths between working memory, intelligence, knowledge, and complex problem-solving performances via Brunswik symmetry, 10170
Learning, automaticity, and attention: An individual-differences approach, 10824
Limits and potentials of intellectual functioning in old age, 10934
Measuring and understanding G: Experimental and correlational approaches, 11248
Minding our p's and q's: On finding relationships between learning and intelligence, 10160
Mining on the "no man's land" between intelligence and personality, 11253
Multiple approaches to understanding, 22394
Neo-interference research and the development of intelligence, 30204
Predicting hominid intelligence from brain size, 33044
Race, genetics, and IQ, 1366
Recent advances and issues in the study of preverbal intelligence, 30201
Savant syndrome—Rhyme without reason, 30971
Self-science: Emotional intelligence for children, 22503
The structure of ability profile patterns: A multidimensional scaling perspective on the structure of intellect, 11246
The study of intelligence—The interplay between theory and measurement, 30209
Twins reared apart: Nature's double experiment, 13507
The vertical mind—The case for multiple intelligences, 30540
Where is intelligence? Some answers from the triadic theory, 3573

Intelligence Measures [See Also Culture Fair Intelligence Test, Kaufman Assessment Battery Children, Peabody Picture Vocabulary Test, Raven Progressive Matrices, Stanford Binet Intelligence Scale, Wechsler Adult Intelligence Scale, Wechsler Intelligence Scale Children, Wechsler Preschool Primary Scale]—Serials

comparison of Kaufman Brief Intelligence Test & Wechsler Intelligence Scale for Children-Third Edition, 6–16 yr old disadvantaged African Americans, 35899
concurrent validity of Kaufman Adolescent & Adult Intelligence Test vs WISC-III, IQ, 6th & 8th graders, 29423
concurrent validity of Kaufman Adolescent & Adult Intelligence Test, adolescents & preadolescents with central nervous system disorders & scholastic concerns, 3290
consistency between performance-based assessment reports & independent ratings in appraising multiple intelligences, kindergarten students, 6574
cross cultural application of Kaufman Adolescent & Adult Intelligence Test, 24–28 yr old females with different levels of acculturation, 9945
development & standardization in & performance of nonverbal intelligence on Matrix Analogies Test-Short Form, 5–17 yr olds, Greece vs US, 19653
differential vs equal weighting in calculating factor scores & reliability of Wechsler Adult Intelligence Scale-III, 16–89 yr olds, 19588
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous-successive processes of intelligence, 5–17 yr olds, commentary, 16311
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous–successive processes of intelligence, 5–17 yr olds, commentary reply, 26103
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous-successive processes of intelligence, 5–17 yr olds, 16309
Kaufman Brief Intelligence Test vs Matrix Analogies Test—Short Form for predictive cognitive screening, White vs Aboriginal 12.2–17.9 yr old delinquents in correctional institutions, 9890
measures of emotional intelligence & cognitive ability & personality, 17–55 yr olds, 40
paradoxical development of intelligence testing, Netherlands, 18
predictive validity of WISC-III index scores in forecasting academic achievement on Wechsler Individual Achievement Test, 8–17 yr olds, 19298
primer for school counselors on Fluid-Crystallized & Three Stratum & Planning Attention & Simultaneous & Successive theories of intelligence & assessment instruments inspired by them, 25833
relationship between self-estimated & psychometrically measured IQ, male vs female college students, 30497
relevance of triarchic theory of human intelligence for understanding & assessment of intelligence, multicultural student populations, 25701
reliability & predictive validity of intelligence tests, 6–12 yr olds, Netherlands vs India, 9825
review of research on intelligence & personality & cognitive test bias against immigrant children and job applicants in the Netherlands from 1984 to 1999, 26087
scores on Culture-Fair Intelligence Test & Raven Standard Progressive Matrices & Naglieri Nonverbal Abilities Test, identification of giftedness, disadvantaged 3rd–8th graders, 32316
scores on measure of divergent thinking, 4–12 yr olds with vs without severe congenital visual impairment, 24892
statistical analysis of intelligence measured by Wechsler Adult Intelligence Scale & Raven's Advanced Progressive Matrices vs R. B. Cattell's Gc & Gsar & Gf factors, 15–70 yr olds & older, 26107
validity of Peabody Picture Vocabulary Test-Revised as a surrogate for the Wechsler Adult Intelligence Test-Revised, intelligence quotients, brain-injured adults, 79

Intelligence Measures [See Also Culture Fair Intelligence Test, Kaufman Assessment Battery Children, Peabody Picture Vocabulary Test, Raven Progressive Matrices, Stanford Binet Intelligence Scale, Wechsler Adult Intelligence Scale, Wechsler Intelligence Scale Children, Wechsler Preschool Primary Scale]—Books

The development of intelligence, 30199
Essentials of CAS assessment, 9830

Intelligence Measures [See Also Culture Fair Intelligence Test, Kaufman Assessment Battery Children, Peabody Picture Vocabulary Test, Raven Progressive Matrices, Stanford Binet Intelligence Scale, Wechsler Adult Intelligence Scale, Wechsler Intelligence Scale Children, Wechsler Preschool Primary Scale]—Chapters

Assessment of cognitive functioning in preschoolers, 6577

Focus chapter: **Methodological issues in research on neuropsychological and intellectual assessment, 9928**
Individual differences in working memory capacity and what they tell us about controlled attention, general fluid intelligence, and functions of the prefrontal cortex, 19607
The study of intelligence—The interplay between theory and measurement, 30209
What twins can tell us about the development of intelligence—A case study, 30207
Intelligence Quotient—Serials
administration & clerical & scoring errors of WPPSI—R & impact on IQ values, graduate student examiners, 19232
age & intelligence, Wisconsin Card Sorting Test scores, 9–14 yr olds with WISC-III IQ above 130 vs 110–129, 856
association between Performance IQ greater than Verbal IQ discrepancy & juvenile delinquency, 13–18 yr old male delinquents, 30935
brain & head size & IQ, 24–43 yr old monozygotic twins, commentary & reply, 26569
broad band EEG parameters & IQ measurements, 20–25 yr old males, 20184
class IQ trends & IQ gains over time & relation between IQ & intelligence & achievement, implications for humane-egalitarian concept of social justice, 10770
comparison of 9 WAIS-R short forms, correlation with WAIS-R Full Scale IQ, adults (mean age 35.4 yrs) with mild to severe traumatic brain injury, 13092
conceptualization of creativity & role in IQ & achievement, 1298
concurrent validity of Kaufman Adolescent & Adult Intelligence Test vs WISC-III, IQ, 6th & 8th graders, 29423
development of Satz-Mogel short form of WAIS-III, validity& clinical utility of full IQs & subtest profiles, men in substance abuse outpatient program, 29389
early parent–child relationships & intellectual functioning, mothers & their 3 yr olds, 13935
estimated multi-faceted IQ score for self vs parents vs siblings, males vs females (mean age 21.73), Great Britain vs Hawaii vs Singapore , 17662
examination of Sir Cyril Burt's fraudulent plagiarism of his own 1955 IQ correlation twin study data, 12620
frequencies of HLA-A & triplet repeat CTGB33 alleles, 70 yr old & older Ss with high vs low IQ, 13499
high thyrotropin & low thyroxine level in maternal hypothyroidism during pregnancy, cognitive & visuomotor development & IQ, 7–9 yr olds without hypothyroidism at birth, 31054
inclusion of IQ in definition of dyslexia & use of discrepancy criterion & role of phonological skills & outcome based classifications of poor readers, 24627
IQ & academic achievement, 3–9 yr survivors of pediatric liver transplantation, 10780
IQ & cerebellar vermis area, 9.8–16 yr old autistic children, 24589
IQ & family functioning & parental monitoring & number of adults in household & educational aspirations, resilience to adverse events, 9–17 yr olds, 1486
IQ & money-reinforced operant behaviors, 6 yr olds, implications for neurotoxic studies, 23661
IQ & parental smoking in home environment, 3–5 yr olds, 17262
IQ & SES & life stressors & academic achievement, employment & educational attainment level & living arrangements, 28–35 yr olds with learning disabilities, 20 yr study, 16014
IQ differences & precision ranges for levels of confidence for use with seven-subtest short forms of WAIS-III, 29321
IQ, attentional set-shifting ability, 26–64 yr old inpatients with chronic schizophrenia with vs without frontal lobe lesions, 27698
IQ, individual differences in memory ability & test performance, 15–16 yr olds, implications for teaching methods, 32242
knowledge & processing & verbal-nonverbal cognitive functioning modes in new classification of structures of WISC-R subtests, IQ profiles, children with reading impairments (mean age 12 yrs) vs autism, 16303
maternal IQ & parental education & proximal environmental factors, cognitive ability & IQ, male vs female 5 yr olds, 7373
Mozart's music, IQ & performance on cognitive tasks, adults & children, 33609
parental education level, genetic &/vs environmental contributions to variation in verbal IQ, White vs African American adolescent sibling pairs, 36822
psychometric sensitivity & predictive validity WAIS/WAIS—R premorbid IQ estimations of cognitive decline, normal 16–88 yr olds, 9839
relationship between self-estimated & psychometrically measured IQ, male vs female college students, 30497
relationships between creativity & IQ & giftedness, 1311
reliabilities & intercorrelations of short-form subtests of Spanish version of WAIS, estimation of full scale IQ based on standardization data, 6582
sex & high vs low IQ group & treatment, mathematics achievement & creativity, 3rd graders, 25740
statistical analysis of intelligence measured by Wechsler Adult Intelligence Scale & Raven's Advanced Progressive Matrices vs R. B. Cattell's Gc & Gsar & Gf factors, 15–70 yr olds & older, 26107
statistical estimation of annual IQ gains of WAIS-R vs -III & WISC-R vs -III, 1972–1995, 4770
temporal lobe pHi and IQ, 17–53 yr olds undergoing evaluation for epilepsy, 8601
total testosterone & IQ as measured by Cattell's Culture Fair Intelligence Test & other measures of fluid intelligence, 18–22 yr olds, 7155
Verbal & Performance & Full Scale IQ on Wechsler Adult Intelligence Scale—Revised & EEG-assessed ERPs at Fz & Cz & Pz sites during passive listening vs oddball task, 17–50 yr old college students, 26674
verbal & performance IQ, 5–8 yr olds who received extracorporeal membrane oxygenation during neonatal period for persistent pulmonary hypertension, 25310
Intelligence Quotient—Chapters
The individual with mental retardation as a whole person, 34491
Neuropsychological assessment of executive functions: Impact of age, education, gender, intellectual level, and vascular status on executive test scores, 6655
Intensity (Stimulus) [See Stimulus Intensity]
Intensive Care—Serials
abnormal physiological condition of dehydration & hypokalemia & leukocytosis & elevated serum muscle enzymes, emergency admitted 10–69 yr old acute schizophrenic psychiatric intensive care inpatients, 9200
adaptation of Tavistock model of infant observation to work in neonatal intensive care unit, nurses , 15465
analysis of intensive care units & role of systemic therapist, 12384
death in intensive care & patient treatment & decision making & family involvement, elderly, 7603
perceptions of & progression in caretaking & medical expert roles, 18–40 yr old mothers of premature infants in neonatal intensive care unit, 38561
psychiatric consultation liaison services in neonatal intensive care unit, 38473
type of mental health referrals & use of Medical Crisis Counseling intervention model, pediatric intensive care unit patients & families, 35070
underlying medical problems & other laboratory findings, patients with acute schizophrenia admitted to a psychiatric intensive care unit, 27675
Intensive Care—Chapters
Traditional models and their contemporary use: Intensive psychotherapy, 34939
Intention—Serials
accidental injury or self-poisoning as possible indication of suicidal intent, 5-yr-old male referred for psychiatric evaluation following 3 separate ingestions of medications, 30810
addition of non-cognitive & outcome specific sociocognitive predictors to social cognitive model of determination to lose weight, 18–48 yr old healthy weight female university students, 23996
agentic psychology model based on the paradigmatic repositioning of the theory of planned behavior, 37142
antecedents & consequences & mediating effects of perceived moral intensity & personal moral philosophies in ethical decision making, marketing professionals, 9692
attention/sensory & intentional/premotor biases in direct & indirect condition line bisection, 32 right-handed adults, 29480
attitude toward behavior & subjective norm & race/ethnicity & sex & SES & grade & attitudes toward science, intentions to perform science learning activities, 4th–8th graders, 19294
attitudes & subjective norms & perceived behavioral control & intentions, sunscreen use, 9–13 yr olds, 31831
attitudes & temporal stability of intentions, moderation of intention–behavior & past–future behavior relationships, college students, 6-wk study, 20940
attraction to & perceived lack of alternatives & personal investment & obligation in prediction of intention to stay vs quit, turnover, volleyball referees, 9662
attributed intentionality of moving groups vs objects, college students, 23984
beliefs & intuitions about maternal intentions & control of physically heritable vs nonheritable traits vs beliefs in parent–offspring resemblance, preschoolers vs college students, 26953
beliefs' internal content properties vs intentional properties & environment-dependence of content, behavior causation, 36639
British pop vs classical vs easy listening music types, cafeteria atmosphere & purchase intentions, college students, 9681
communication of suicidal intent & previous suicide attempts, suicide victims with schizophrenia, 1592
comprehension of desire for & knowledge constraints on intended action, 3 vs 4 vs 5 yr olds, 20502
computational model of attention & intention & salience in posterior parietal cortex & saccadic eye movements in visual target selection, 29504
conscious will as function of priority & consistency & exclusivity of thought in causation of action , 23114
consumption system theoretical model of conceptualization for satisfaction, attribute-level performance & satisfaction & behavioral intentions over time, automobile owners, implications for marketing, 22695
criterion-related validity of situational interview, assessment of past behaviors or future intentions, 9994
development & reliability & factor analysis of theory-based instrument for assessing breastfeeding intention, 13–45 yr old low-income pregnant females, 3352
development of intentional population-focused practices in everyday community health nursing, nurses from traditional vs nontraditional vs program development practice areas, 19176
development of new naturalistic task to investigate remembering intentions, Georgian & English speakers, 6732
directed thinking about reasons or actions to make studying enjoyable, intentions to study, college students, implications for other beneficial activities, 29590
dynamic principle in psychoanalysis & reformulation of metapsychological perspective of drive motivation to one of intentionality & purpose & appetitive desire, 17729
dynamic principle in psychoanalysis & reformulation of metapsychological perspective of drive motivation to one of intentionality & purpose & appetitive desire & causality vs motivation distinction, 17728
empirical adequacy of theory of planned behavior in Pap smear use intentions, 18–83 yr old African American vs Latina females, 28637
feelings of responsibility for & attitudes & knowledge about environment, ecological behavior intention, 17–82 yr olds, extension of rational choice theory into moral domain, 39042
forming implementation intentions to eat healthily, eating behavior & bad eating habits, college students, 26412
goal orientation & self determined behavioral regulations & perceived competence, physical activity intentions, 12–16 yr olds, 38441
health education program, knowledge of & intentions to get & actual use of Pap smear as screen for cervical cancer, 18–91 yr old women from Lumbee tribe, 9043
high & low corporate vs endorser credibility of mock magazine ad, attitude toward ad & product brand & purchase intentions, female college students , 9680
implementation intention & motivation & volition & attitude, daily consumption of vitamin C pill vs forgetting to consume, undergraduates, 14328
implementation intention processes to link control anticipated critical situations to goal-directed responses, 23093
induced mood, condom use intention & food choice, 18–41 yr olds, implications for theory of reasoned action to health related behavior, 19795
influence of movement & outcome on attributions of intention for targets, 3.0–4.2 vs 4.11–6.0 yr olds, 20511
influence of organizational context on job satisfaction & quitting intention, long-term mental health treatment staff, 15785
influential factors on satisfaction & intentions to continue, 18–61+ yr old licensed foster parents, 18958
intention & attitude & perceived risk & prediction of glove use in situations with potential for blood exposure, nurses & laboratory workers, test of planned behavior vs reasoned action theories, 35427
intention superiority paradigm on ecological manipulations of prospective memory in activation of unrelated & canceled intentions, college students, 16650
intention to learn novel environmental tones, ERP activity during stimulation with frequent vs infrequent target tones vs infrequent novel environmental sounds & recognition memory, young adults, 20170
intention-balance vs informational theory of single-election party defection, voters in Congressional & presidential elections, 27211
intentions & attitudes toward smoking & smoking behavior, 12–14 yr olds, implications for theory of reasoned action & other theories, 17543
intentions based on attitudes vs subjective norms & locus of control, prediction of normatively vs attitudinally controlled behaviors, undergraduates, 14327
intentions for & experience of casual sex, 18–31 yr old college students, 4677

inter-rater reliability in conducting research on & ambiguity in coding intentionality & communicative behavior, 12–54 mo old deaf vs hearing children, 18463
lapses of intention measured by intrusion errors in Stroop task, older vs younger adults, 17418
lethality of suicide attempt & suicide intent & self esteem & hopelessness & comorbid substance abuse, depressed 13–17 yr old psychiatric inpatients, 27802
mandatory vs freely chosen volunteerism, future intentions to volunteer, college students, 11238
mechanisms & limitations in ability to exercise conscious & intentional environmental control & nonconscious aspects of psychological life & forms of self regulation, 24006
memory for intentions in purchasing products, adults, 26448
mental & physical & emotional factors relating to burnout & tenure & age, intention to quit, female teachers, Israel, 22626
model for comprehensive & species-typical structure of human motives & emotions in literary works from evolutionary psychology perspective , 30074
model of interpersonal behavior, intention to engage in casual sex, college students , 4675
mood, motivation & intentions towards computer technology use following training in the workplace, 22–58 yr old accounting firm employees, 12 wk study, 29124
multiple important intentions, prospective & retrospective memory for other less important intentions, adults, 13354
negotiation styles regarding condom use & relationship between intention & past condom use & reasons for not using condoms, male vs female 17–37 old college students, 27247
nurse burnout & job meaningfulness & intention to quit, patient satisfaction, nurses & inpatients, 2784
partnership status & secondary gain, pregnancies, nonpregnant women vs women with planned vs semi-planned vs unplanned pregnancies, 14196
past behavior, intention & future studying behavior & test of theories of reasoned action vs planned behavior vs self-regulation, 18–29 yr old undergraduates, 15976
perceived costs & benefits of being a mentor & mentoring experience & intentions to mentor, high-ranking executives, 29102
perceptions of importance of ethics & social responsibility, ethical intentions, male vs female marketing professionals, 22624
performance on time-based prospective memory task assessing ability to carry out future intention at specified time, depressed vs nondepressed adults, 21105
phenomenology & time consciousness & perception of other's body vs intention, implications for infant & child development, 13861
positive affect & intention memory, removal of Stroop interference & volitional facilitation, college students (mean age 24.7 yrs), application of personality systems theory, 29575
positive affect, turnover intention & organizational commitment, full- & part-time employees, 19422
predictive validity of theory of planned behavior & self-identity & impact of questionnaire format & social desirability, health-related food choice intentions, 14–67 yr olds, 32696
predictors of condom use intentions, 16–24 yr olds, 7546
pregnancy intentions & life situations & caretaking behaviors, 6- & 24-mo followups, 20605
prior use &intentions to use condoms with new vs steady relationship partner, actual usage during spring-break vacation, Canadian college students, 30360
quality vs value vs satisfaction, behavioral intention to buy professional services from engineering consultants, organizational customers, 32422
rationales & beliefs about & motivations for smoking & nicotine dependence & perceived dependence & intention & motivation to quit, adolescents (mean age 17.6 yrs), 23940
role of affective state & behavioral intent in shaping outgroup social stereotypes, college students, 27313
roles of cue accessibility & cue sensitivity in contributing to momentary lapses of intention, young vs old adults, test of age-related decline in prospective memory, 19837
self & social identity & past experience, intention & behavior of performing behavior, 17–59 yrs old community residents, 37172
self concept & attitudes & intentions & planned behavior & peer pressure & social norms & dimensions of habit, marihuana/cannabis usage, 17–59 yr old college students, 3-mo follow-up, 27843
sex & anticipatory planning & work & family role characteristics, decision to retire, 58–64 yr old married full time workers, 2 yr followup, 1015
social cognitive factors of perceived behavioral control & intention & attitude toward condom use & 1st- & 2nd-order interactions as predictors of sexual risk behavior, HIV+ & HIV- homosexual males , 23927
social support & acculturation, breast-feeding behavior & intent, 18–45 yr old immigrant women, US, 1147
speaker intentions & propositional attitude ascription that invoke contextual variation in semantic content & truth intuitions, 36673
Start Taking Alcohol Risks Seriously for Families preventive intervention program, alcohol consumption patterns & intentions, 6th graders, 6 mo followup, 18894
Sun Smart educational intervention, sun protective awareness & behavior & intentions to wear protective hats/clothing, 10–12 yr olds, 22089
tailoring information to enhance quitting, smokers with low intention to quit, 2687
terms of intention & motives in suicidology, 37471
theoretical framework of how people explain behavior, 13017
theory of planned behavior & environmental knowledge & past behavior, prediction of wastepaper recycling intention & reported behavior, college students , 32441
theory of planned behavior & perceived moral obligation & perceived water right as predictors of intention to conserve water, government employees, 32445
theory of planned behavior in group cohesion & attitude & control beliefs toward exercise, older adults (mean age 67 yrs), 4 wk study, 27283
traditional conceptualization of perceived behavioral control vs scheduling self-efficacy & perceived barriers to exercise, exercise class attendance & intention, elderly, 1309
traditional medical education lecture on cardiovascular risk vs lecture with barriers to behavior change information, intention & actual clinical practice behavior changes, primary care physicians, 6026
understanding of intention in judgments of moral obligation, 3 vs 4 yr olds, England vs Colombia, 4487
use of theory of planned behavior in assessment of predictive validity & causal ordering for intentions & attitudes & behavior & perceived control, 20–64 yr old hospital workers, 3 mo study, 16296
volition, intention & attempts to learn, college students, 2911
well-being & confidence & employment commitment & intention to seek work, 18–62 yr old employed vs unemployed adults, 25856
will & intention & perceptions of control & discontinuity to actions, 24036

Intention—Books

Developing theories of intention: Social understanding and self-control, 17194
Intentions in the experience of meaning, 37044
The presence of mind, 23615

Intention—Chapters

Action analysis: A gateway to intentional inference, 17298
Development of intention: The relation of executive function to theory of mind, 17206
Early perception of social contingencies and interpersonal intentionality: Dyadic and triadic paradigms, 17304
Having intentions, understanding intentions, and understanding communicative intentions, 17227
Infant intersubjectivity: Broadening the dialogue to include imitation, identity and intention, 17219
Influences on maternal attribution of infant intentionality, 17222
Intention and emotion in child psychopathology: Building cooperative plans, 17847
Intentional relations and triadic interactions, 17221
Intentionality and interpretation, 17205
The intentionality of referring, 17198
Intentions, consciousness, and pretend play, 17217
The language of intention: Three ways of doing it, 17196
Language, levels of consciousness, and the development of intentional action, 17231
Locating the qualitative research genre, 22976
Prelinguistic communication, 23747
Scientific theories that unconceal being: Intentions and conceptions in their genesis, 26426
Social cognition before the revolution, 17311
Specific intent and diminished capacity, 9756
The theory of ascriptions, 17629
Toddlers' understanding of intentions, desires and emotions: Explorations of the dark ages, 17218

Intentional Learning—Serials

alcohol, intentional learning of emotionally salient verbal stimuli & heart rate, 18–30 yr old male social drinkers, 20266
intentional vs incidental learning, recall of surname-words vs surname-nonwords, undergraduates, 281

Intentional Learning—Chapters

Intentional and incidental learning, 23157

Interaction (Interpersonal) [See Interpersonal Interaction]

Interaction (Social) [See Social Interaction]

Interaction Analysis (Statistics)—Serials

use of Windows computer program to teach analysis & interpretation of interaction in 2X2 factorial design in undergraduate psychological statistics course, 9442

Interaction Analysis (Statistics)—Chapters

Analyzing associations between mental health and social circumstances, 29460

Interagency Services [See Integrated Services]

Intercourse (Sexual) [See Sexual Intercourse (Human)]

Intercultural Communication [See Cross Cultural Communication]

Interdisciplinary Research—Serials

author's personal experience & interest in integration of & writing book about religion & clinical psychology, 17452
chasm between sociobehavioral & biomedical research during era of molecular biology, model for hypertension in Blacks, 10374
eco-psychological approach to shopping & recycling & other environmentally relevant behavior & person–environment relationship & social & psychological meaning, 39031
frameworks vs discourse approach to cross-cultural communication, 20411
influential disciplines & scholars & books in study of intercultural relations, 1983–1986 vs 1991 surveys, 36938
integration of study of crime & workplace, 17437
integration of university & clinical teams in collaborative research efforts, behavioral health care provider, 2136
interdisciplinary innovation in psychoeducational multimedia technologies, 3
interdisciplinary social academic movement to monitor & improve policy & promote cultural understanding of & improve safety & welfare & health, children, 14109
issues related to research conducted by interdisciplinary Communication Science & Disorders Clinical Trials Research Group on treatment, patients with speech & language & hearing disorders, 25555
principles of practice for academic/practice/community research partnerships & application in family violence prevention program, 22078
research approaches & findings & methodological problems in multidisciplinary field of neuropsychological toxicology, 36448
role of psychology in development of multidiscipinary science of & research into interpersonal relationships, 14237

Interdisciplinary Research—Books

Handbook of aging and mental health: An integrative approach, 1019
New visions of victims: Feminists struggle with the concept, 37007
Undisciplined theory, 4557

Interdisciplinary Research—Chapters

Multiplicity in cross-cultural perspective, 20883
Stuttering: A unified approach to a multifactorial, dynamic disorder, 18235

Interdisciplinary Treatment Approach—Serials

accuracy of patient-related risk assessment predictions, forensic hospital multidisciplinary clinical teams, 38564
achieving clarity on roles & responsibilities in split treatment, psychiatrists & psychotherapists, 32086
age & sex & educational level & civil & employment & disability pension status, effect of multidisciplinary pain treatment, chronic non-malignant pain patients, 3 & 6 mo followups, 2120
alcohol behavioral couples therapy with vs without Alcoholics Anonymous or relapse prevention maintenance enhanced therapy, males with alcohol abuse or dependence & their female partners, 38615
anesthetic infiltration vs multidisciplinary treatment, patients (mean age 36.5 yrs) with myofascial syndrome with trigger points, 37765
audit of interagency child protection practice, referred children, 28696
changing role of psychology in collaboration with other disciplines in health care & academic medical centers & medical schools, 15391
cognitive behavior therapy with vs without amineptine, adult Ss with major or bipolar depression, 6 wk study, 5458
collaboration of medical & mental health personnel in treatment of childhood physical abuse, 25413
combined use of traditional psychotherapy & music therapy & fluoxetine, 44 yr old female with somatization disorder & PTSD & depression, 28249
composition & management & processes in multidisciplinary child development treatment teams, children with neurodevelopmental disability & their parents, 15486
comprehensive multidisciplinary treatment at headache center, outcome & work impairment & cost-effectiveness, 14–75 yr old patients with migraine or intractable headache, 6 mo followup, 25315

corporate ideologies & confidentiality issues in working in multidisciplinary teams, counselors in general practice settings, 31445
current status & future directions for collaboration in pediatric primary care settings, psychologists & pediatricians, 38503
description of program for promotion of inter-agency child protection training , 28842
development of Caseload Segregation/Integration Ratio, children & adolescents in community mental health vs child protection vs special education service sectors, 25405
diagnostic memory & dementia evaluation in multidisciplinary memory clinic in neurological setting, 19–97 yr olds, 31246
drug therapy & Dialectical Behavior Therapy for borderline personality disorder, 18482
drug therapy & psychodynamic therapy & sex education & social skills training & aversive behavior therapy, 38 yr old masochistic male who received sexual gratification from being burned or crushed, 2144
duration of disorder, efficacy of more vs less intensive & phase specific drug & psychological treatment, patients with 1st episode psychosis, 12 mo follow up, 34731
ecologically oriented school-based mental health services, implications for service system reform, 35573
efficacy of cognitive behavior therapy combined with pharmacotherapy in treatment of panic disorder, 8720
efficacy of combined vs singular cognitive behavioral & pharmacological treatment of panic disorder, 18492
efficacy of interdisciplinary health care & human service teams, 35191
evaluation of multidisciplinary & community-based child abuse prevention program for children & parents, 23–44 yr old clients & team members, 38534
evaluation of multidisciplinary services, children with disabilities, 15485
experience of ward rounds, carers of persons with dementia, 25490
facilitating automatization & awareness for treatment of dyslexia & improvement of reading skills using cognitive psychology & connectionism & behaviorism approaches, 37685
factors influencing development of interagency systems of care for children's mental health including role of school-based mental health services, 35575
family therapy & complimentary alternative medicine, 9091
family-centered interdisciplinary community-based assessment & consultation model, children with special health needs, implications for role & training of speech pathologists & audiologists, 22186
fluoxetine with cognitive-behavioral therapy, smoking cessation, 18–65 yr old smokers with subclinical levels of depression, 1 & 3 mo followups, 28770
Goal Attainment Scaling, multidimensional treatment planning & outcome measurement for cancer & pediatric & work related nonmalignant & geriatric pain, 12428
health care delivery perspective of psychiatry in primary care settings, psychiatrists & physicians, 15823
hierarchical model & multidisciplinary approach to assessment & management of interdependent areas of functioning, children with multiple disabilities, 21452
home-based multidisciplinary Memory & Aging Project Satellite outreach program for diagnosis & treatment, 57–102 yr old minority & underserved inner-city patients with dementia, 35227
impact of couple violence on parenting & children & need for multifaceted intervention strategies, 11504
integration of adult mental health & child protection services, 28678
integration of coping skills training & motivational interviewing strategies, substance abuse & dependence treatment & relapse prevention, 38594
interdisciplinary & comprehensive & coordinated & managed care treatment model for pregnant licit & illicit substance users, 25535
interdisciplinary behavioral pain management strategy, opiate tolerance & pain control & mood & functioning, alcohol abstinent 48 yr old male with chronic pancreatitis, 22021
interdisciplinary person–environment fit model of health care, aged, 2556
interprofessional educational training, knowledge of & attitudes toward aging & geriatric population & team functioning skills, health care professional students, 3 yr study, 35406
interprofessional negotiations toward control of clients & dilemmas in negotiations, interdisciplinary teams, 11985
intervention components of Women & Infants Demonstration Project, 18891
issues & considerations on collaboration between psychotherapist & prescribing psychiatrist in treatment of patients requiring both psychotherapy & pharmacotherapy, 6077
issues in psychotherapy & psychopharmacology treatment outcome research, children & adolescents, 16419
medical & neurological & psychoeducational problems caused by sickle cell anemia & need for culturally competent systems-oriented care, 7 & 8 yr olds with sickle cell anemia, 28049
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30635
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70 yr old & older hospitalized patients , 11326
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30620
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30634
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30629
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30615
multidisciplinary approach & increased use of computer technology & emphasis on functional gains & neuroplasticity in stroke rehabilitation, United Kingdom, 5914
multidisciplinary assessment of mental health service needs, mentally disordered offender patients in North London medium & maximum secure hospitals, 38573
multidisciplinary inpatient rehabilitation program, return to work or duty, active duty military service members with moderate head injuries (mean age 24.7 yrs), 1 yr followup, 32413
multidisciplinary intervention in a vocational rehabilitation program in Spain for people with sensory & physical disabilities, 9271
multidisciplinary teamwork with elderly patients with hip fracture, hospital staff, 15431
music & pastoral therapy program, nursing home patients with dementia, 35039
outcomes of interdisciplinary vision assessment approach of the Special Populations Assessment & Rehabilitation Center, multiply impaired 6 mo to 74 yr olds, 24888
outpatient interdisciplinary treatment program, pain severity & control of other symptoms, patients with fibromyalgia syndrome (mean age 48.4 yrs), 6 mo followup, 5715
overview & program evaluation of integrated medical & psychosocial treatment program with emphasis on service utilization & consumer satisfaction, patients (mean age 35.8 yrs) with psychotic disorders, 5470
pain-related anxiety reduction, multidisciplinary pain treatment outcomes, chronic low back pain patients, 5712
patient evaluation procedure & combined use of testosterone replacement & sex therapy, female patients with sexual dysfunction, 15073
perceptions of multidisciplinary treatment teams, nurses, 15798
pharmacological & behavioral smoking cessation techniques & their interaction, 19065
professional discipline, rated level of functioning of adolescents in therapeutic community with interdisciplinary flattened professional hierarchy & teams, adolescent unit staff, 35278
psychiatric consultation liaison services in neonatal intensive care unit, 38473
psychosocial treatment, children & adolescents with sickle cell disease, 2456
psychotherapist–clergy collaboration in treatment of clients with psychological trauma & spiritual & religious issues, 18526
role of nurse specialists in multidiciplinary treatment of patients with Parkinson's disease, 21658
role of school counselors in structure & function of multidisciplinary team approach to inclusion of students with disabilities, 2964
similarities & possible integration of theory & classification & assessment & therapies of different scientific fields for psychosynergy in the study of personality, 27422
systemic barriers to collaboration, speech language therapists & teachers, 38631
transactional analysis as theory & context for integrated approach to psychotherapy, 24983
trends & developments in & empirical support for expansion of psychological practice to include school based treatment & psychologists collaboration with primary health care providers, 12747

Interdisciplinary Treatment Approach—Books
Failure to thrive and pediatric undernutrition: A transdisciplinary approach, 14928
Working with Latino youth: Culture, development, and context, 25028

Interdisciplinary Treatment Approach—Chapters
Behavioral intervention in attention-deficit/hyperactivity disorder, 25076
Chronic back pain: Conservative approaches, 8532
Chronic pelvic pain, 8544
Clinical outcome and economic evaluation of multidisciplinary pain centers, 8541
Collaborative treatment: The nonphysician perspective, 24940
Contingent access to clinic privileges reduces drug abuse in methadone maintenance patients, 18579
Coordination of services, 15117
Enhancing mental health climate in hospitals and nursing homes: Collaboration strategies for medical and mental health staff, 31996
Integrated treatment for eating disorders, 5180
An integrative counseling and psychosocial approach to acceptance and adjustment to disability, 28753
Inter-disciplinary collaboration for group therapy, 21823
Interdisciplinary teamwork, 15119
Interdisciplinary treatment concept for eating disorders psychiatric out-patient department of the University Hospital, Zurich, 5181
Interdisciplinary treatment of chronic pain patients, 15112
The Native American Indian client: A tale of two cultures, 21681
Network therapy, 15657
Public health perspective on addictive behavior change interventions: Conceptual frameworks and guiding principles, 22274
Specialty clinic perspectives, 12431
Supervision in medical settings, 25634

Interest Inventories—Serials
development of sports involvement inventory, construct of sports involvement & relation between involvement & sports-related behavior, adults (mean age 32.5 yrs), 6562
J. L. Holland's hexagonal model & historical development of interest inventories, 32337

Interest Inventories—Chapters
Interpretation of the Strong Interest Inventory, 36050
Why interest inventories are also personality inventories, 16331

Interest Patterns [See Interests]

Interests [See Also Occupational Interests]—Serials
application of Adlerian individual psychology constructs of holistic patterns & social interest & goal-directed behavior & striving for significance to understanding of organizational dynamics, 25925
choice & combining of disliked activities, interest in those activities, 8.7–11 yr olds, testing of activity engagement theory, 20435
daily newspaper readership, university students & faculty & staff, 26925
early androgen experience & sex-typed activities & interests, male vs female 9–19 yr olds with congenital adrenal hyperplasia, 14889
interest & motivation & learning from text, 23108
interest & learning strategies & characteristics of text, old vs young readers, 7611
level of social interest, 17–66 yr old nonperfectionists vs adaptive vs maladaptive perfectionists, 24025
multifactorial approach to mapping gender-related personality traits & interests & attitudes & behaviors, undergraduates (mean age 19.1 yrs), 37144
opinions of economics & declared level of interest, male vs female high school & college students , 28978
option of quitting or persisting or engaging in interest-enhancing strategies, moderating role of conscientiousness & hardiness in self-regulating processes, 17–87 yr old undergraduates, 30520
prior knowledge & learning strategies & goals & interest & conceptual understanding, 5th graders, 19290
role of individual differences & personality traits & abilities & interests, domain-specific vs general knowledge levels, 18–27 yr old college students, 30518
societal interest value, working on community problem & giving money to charity & volunteer time, Ss, 1031
sociodemographic & interest factors & values that affect public attitudes toward & confidence in agencies implementing voluntary grassroots approach to salmon recovery in Oregon, 35765

Interests [See Also Occupational Interests]—Chapters
Future-oriented interests, 10912
On the evolution of interest: Cases in serpent art, 10688
The psychology of interests, 19400
Send in the angel, 6010
Traits and knowledge as determinants of learning and individual differences: Putting it all together, 10223

Interethnic Communication [See Cross Cultural Communication]

Interethnic Family—Serials
developmental challenges & characteristics of cultural homelessness, cross cultural tensions in ethnically mixed families & their culturally different environment , multicultural individuals , 10885
Interfaith Marriage—Serials
marital relations & negotiation of ways to celebrate both Hanukkah & Christmas, spouses in Jewish & Christian interfaith marriages, 36958
Interference (Learning) [See Also Latent Inhibition, Proactive Inhibition, Retroactive Inhibition]—Serials
ability to resist interference during processing of auditory dimensions of speech, 3–16 vs 18–48 yr olds, 30170
acute triazolam challenge, inhibitory & other cognitive functions, normal vs alcoholic volunteers, 5093
backward masking approach to phonological & associative inhibition in early stages of English word identification, college students, 6787
concurrent verbal task interference, automatism & practiced dynamic risk-taking judgments, drivers (mean age 20.8 yrs) , 23098
cross-modal priming effects between olfaction & vision using modified Stroop test, undergraduates, 29472
discrimination between attentional priming & search- vs interference-based explanations for variable set size effects during item detection task, Os, 26356
disturbance effects of environmental stimuli similar to farm conditions, spatial memory, male pigs , 23203
dual-task interference as indicator of on-line programming during production of simple movement sequences in probe reaction time paradigm, college students, 32888
effect of cueing target location & response mode on interference & negative priming in visual selection task, 19826
experimental setting excitatory value & nonreinforcement, inhibitory conditioning, foraging honeybees, 6963
facilitation & interference from formally similar word primes in naming task, college students, 10130
functional connectivity of neural systems that subserve attention & impulse control during performance on Stroop Word-Color Interference Task, 18–57 yr olds, 23105
goal neglect as cause of interference effects on task performance in conflict situations, college students, 23084
highly vs lowly similar auditory primes, interference vs facilitation in lexical decision strategies, adults, commentary reply, 29561
highly vs lowly similar auditory primes, interference vs facilitation in lexical decision strategies, adults, comment, 29558
independent vs common mental representations of multiplication & division problems & solution processes, adults, 36225
individual differences in susceptibility to interference & general cognitive ability, 23085
interference & cue set size effects, recall, college students, 19858
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28911
interference & inhibition in cognition & behavior, implications for educational psychology, commentary reply, 28904
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28909
interference & inhibition in cognition & behavior, implications for educational psychology, 19211
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28903
interference & inhibition in cognition & behavior, implications for educational psychology, commentary, 28912
interference effect in N. Kapur's famous names/activity learning test, 23–78 yr old normal controls, 26432
interference in recognition of fragmented pictures in 17–29 vs 64–89 yr olds & computational analysis of age-related inhibition deficit, 30179
interference with visual memory, college students, 32972
interhemispheric interaction, global vs local interstimulus interference & selective attention, college students, 29611
irrelevant syllabic auditory stimulus parameters, degree of interference in serial recall of visually-presented syllables, college students, 32963
isolation of cue duration interference in partial report, undergraduates, 16639
isolation of cue duration interference in partial report, undergraduates, erratum, 32957
left hemisphere & interference in oral-motor & manual output systems during dual-task paradigm, male students, 26394
lorazepam, facilitation of & interference with retrieval of semantic items stored in explicit episodic memory, healthy 18–21 yr olds, 26769
memory of naturalistic event following neutral vs inaccurate information, 6 vs 9 yr olds, 13955
misleading vs inconsistent postevent information & 1 vs 3 post-target participations, recall of criterion-learned information & retroactive inhibition & interference, 7 yr olds, 23144
modality of stimulus effects in compound preexposure to target/nontarget, associative interference account of enhanced latent inhibition, male rats, 13418
natural or environmental sounds & retention intervals & interference manipulations, auditory list memory & interference processes, male rhesus monkeys, 23218
nature of increased interference found in performance on card version of Stroop task, patients with schizophrenia, 14535
no-switching vs mental-rotation vs gender-classification tasks, selective interference during spatial & verbal information retrieval from episodic long-term memory, college students, 277
nonspatial working memory discrimination & proactive interference & reversal learning, rats with cytotoxic entorhinal cortex vs electrolytic medial septal lesions, 3947
perceptual & response interference & effects of methylphenidate, 7–13 yr olds with ADHD, 27928
perceptual interference, item-specific encoding, college students, 6915
picture-word interference, determiner selection in noun phrase production, Italian speakers, 23103
positive affect & intention memory, removal of Stroop interference & volitional facilitation, college students (mean age 24.7 yrs), application of personality systems theory, 29575
practice & habituation, inhibition of return in static displays, human Ss, 23045
proactive interference, memory span performance, 18–21 vs 60–75 yr olds, 36267
reduced interference, short term memory of order, college students, 13356
relationship between personality traits & cognitive inhibition & susceptibility to interference as manifestations of attention, college students, 37155
response preparation & stimulus anticipation in underadditive interaction between stimulus onset asynchrony, simple vs choice RT & bottleneck localization in dual tasks, college students, 10139
role of item strength in output interference in recall, university students, 272
same vs different hemispheric lesions of amygdala central nucleus &/vs substantia innominata/nucleus basalis, incremental CS processing, rats, 10417
selective interference, verbal & spatial working memory, 18–22 vs 63–69 yr olds, 23713
semantic vs spatial inhibition of return with target words, relationship between posterior & anterior attention networks, Os, 26452
sentence interference in Stroop task, error rates & RT in word processing, college students, 36210
state communication anxiety & cognitive interference, message production skill acquisition, undergraduate students, 274
stimulus onset asynchrony & difficulty of stimulus-response mapping tasks, Psychological Refractory Period effect & practice & interference during dual task performance, Os, 32977
stimulus perception interference, recall for high- vs low-imageability words, undergraduates, test of compensatory-processing hypothesis, 285
task complexity, interference vs negative priming vs inhibition of return selective attention processes, patients with right vs left frontal vs posterior vs bifrontal brain damage , 31325
time delay & interference, encoding & recall of backgammon positions, 19–31 vs 58–65 yr old experienced backgammon players, 20528
visual selective attention & response competition, 20–78 yr old patients with frontal lobe lesions vs with Parkinson's disease, 21572
visuomotor processing efficiency of reaches & interference from distractors to target location during visual search & target-directed action tasks, college students, 32889
working memory & intrusions of irrelevant information & inhibition, arithmetic word problem solving ability, 4th graders, 2 yr study, 36755
Interference (Learning) [See Also Latent Inhibition, Proactive Inhibition, Retroactive Inhibition]—Chapters
Contexual interference effects in foreign language vocabulary acquisition and retention, 302
Cues and codes in working memory tasks, 16676
Neo-interference research and the development of intelligence, 30204
Verbal regulation of motor behavior: Soviet research and non-Soviet replications, 7368
Interferons—Serials
development of major depression with psychotic features after discontinuation of interferon-alpha treatment for malignant melanoma, 34 yr old male, 28610
effect of long-term treatment with low to intermediate recombinant human interferon alpha on neurological & neuropsychological functioning, 46–85 yr olds with myeloproliferative disorders, 12 mo study, 31800
incidence & risk factors for depression from interferon therapy, patients (mean age 49.9 yrs) with hepatitis C, 6 mo prospective study, 28608
interferon beta-1b treatment, emotional state change, relapsing–remitting 18–53 yr olds with multiple sclerosis, 21537
interleukin-beta & interferon fragment RITLY, process of learning & memory & defensive behavior, male rats, 13603
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, commentary reply, 35078
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, commentary, 35103
mood at start of treatment with interferon alfa, intensity of depressive symptoms, patients (mean age 37.6 yrs) with cancer, 22044
neuropsychiatric toxicity associated with cytokine therapies, 35095
persistent manic depressive illness induced by interferon-alfa treatment for hepatitis C, 40 yr old male, 9029
production of interleukin-2 & interferon gamma and IL-10 & production responses to neuroleptics, paranoid vs nonparanoid chronic schizophrenic patients (mean age 32 yrs), 5611
sensitivity to & diagnosis of akathisia during interferon-alpha therapy, 48 yr old female with hepatitis, 22055
serum peptidase activity & relation to production of interleukins & interferon & other cytokines or cytokine receptors, abstinent alcohol-dependent adults, 8361
Intergenerational Relations—Serials
adolescent separation & intergenerational individuation in context of family dynamics & stress & peer associations, alcohol use, 6th–12th graders, 17317
adult offspring/in-law gender & patient dementia severity & offspring caregiver stress & family characteristics, in-law marital strain, 3-generation families of Alzheimer's patients, 38546
attitudes toward & practice of intergenerational co-residence & financial support of elders, 18–64 yr old male heads of households, Taiwan, 1963 vs 1991, 27174
common themes of conflict, parents (mean age 62 yrs) and their adult children (mean age 39 yrs), 20 yr study, 30252
community & school based mentoring program, 7–11 yr olds, 12457
concepts of sexuality & contraception & reproduction & areas of conflict & role of community-based reproductive health care, Haitian immigrant parents & 13–19 yr olds, 23762
cross cultural perspective on respect for elderly & changes in dimensions of respect, 30–55 vs 60 yr olds & older in focus groups, Philippines vs Singapore vs Taiwan vs Thailand, 23813
description & evaluation of intergenerational visitation program, elementary school students & nursing home residents, 22228
effectiveness of intergenerational program for youth, attitudes toward elderly, 12–17 yr olds, 17348
gender, adolescent to adult role transitions & perceptions of family solidarity, 19–55 yr old grandchildren followed from 1971–94, 30128
generational interactions & gender roles, 15–30 yr old females & their mothers, 20723
grandmother coresidence & quality of family cohesion & relationships, depressive symptoms, adolescent mothers, 30-mo study, 1119
impact of cohort replacement & presence of intergenerational differences, cultural change, 1965–90 Dutch survey data of 18–67 yr olds, 33725
intergenerational changes in construction & reconstruction of Indian identity, 15–76 yr old Navajo females, 4597
intergenerational continuity & social development, children, 954
intergenerational family ritual of la cuarentena, adaptation to parenthood, Mexican American first time parents, 1126
intergenerational value priorities & autonomy expectations, Asian vs White adolescents (mean age 16.7 yrs) & mothers, 30244
issues of fairness & distributive & procedural justice in family decision making about inheritance & intergenerational transfer of nontitled personal property, 30–85 yr old family members, 20947
number of grandchildren affected by divorce, relationship with children & proximity & contact & emotional involvement & own health & coping, grandparents, 27192
participation in mentoring program, self efficacy & aspirations & possible selves, economically disadvantaged elementary & secondary school students, 12750

perceptions of quality of intergenerational relationship & depressive symptomatology, 14–17 yr old teenage mothers & their grandmothers (mean age 43 yrs), 1114
personal & interpersonal family functioning & role of grandparents, families with deaf children, 5449
profiles of grandmothers & their caregiving behavior & other social roles, nationally representative US sample, 1137
racial & ethnic differences in allocation of financial assistance to parents vs offspring, middle aged Black vs White vs Hispanic couples, 23867
relationship effects & benefits, grandparents or older adults & children, 17182
sex & age, emotional complexities in relationships with individual grandchildren, grandparents, 1115
sex & own & parents' birth order, frequency of contact with maternal vs paternal grandparents & aunts & uncles, college students, 27183
significance of family legacies in home-leaving transition, rural high school girls & mothers & maternal grandmothers, 38862
social welfare reform requirement of unmarried minor parents to live with their own parents, 35228
sociological & demographic & social/emotional contexts of intergenerational households headed by grandparents in the US, implications for policy, 30320
Strengthening of Intergenerational/Intercultural Ties in Immigrant Chinese American Families parenting program, intergenerational relationships, immigrant Chinese American parents , 10999
stress & coping skills & relationships with normal vs problematic grandchildren, custodial grandparents, 20749
therapist exploration of spiritual resources through spirituality-focused genograms, 28 & 41 yr old African American women, 37996
use of life review & forgiveness interventions to aid later life families in repairing intergenerational relationships, family focused workers, 21793

Intergenerational Relations—Books

Changing families, changing responsibilities: Family obligations following divorce and remarriage, 23899
Focused genograms: Intergenerational assessment of individuals, couples, and families, 21800

Intergenerational Relations—Chapters

Black families in intergenerational and cultural perspective, 7681
Clinical interventions in intergenerational relations, 5577
Effects of adult children's divorce on grandparenthood, 4535
Feet planted firmly in midair: A spirituality for family living, 38138
Gender variations, 4542
Gender, generation, anxiety, and the reproduction of culture, 23894
Grandparenthood among Hispanics, 4546
Grandparenthood in African American families, 4533
Grandparenthood in cross-cultural perspective, 4534
Grandparenthood over time: Historical and demographic trends, 4544
Grandparenting in family systems: An ecological perspective, 4537
Grandparents and older grandchildren, 4411
Grandparents as caregivers, 4532
Grandparents' influences on grandchildren, 4414
Intergenerational legacies of trauma in police families, 29289
Intergenerational relationships in later-life families: Adult daughters and sons as caregivers to aging parents, 18998
Intergenerational relationships in modern families., 4626
Intergenerational solidarity and the grandparent role, 4541
Programs for grandparents, 5532
Public policy and grandparents: Contrasting perspectives, 4527
Transitions in grandparents' lives: Effects on the grandparent role, 4538

Intergenerational Transmission [See Transgenerational Patterns]

Intergroup Dynamics—Serials

accountability & negotiator collectivism, competitive behavior & impressions & outcomes, Caucasian vs Asian & US vs Estonian intergroup negotiators (mean age 19 yrs), 37059
affect of migration & performance of managers for interorganizational relations of commercial TV stations, 1961–1988, 35588
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33901
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33890
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33904
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary reply, 33873
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33878
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33886
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, commentary, 33888
analysis of asymmetric power relations between groups & how power processes create & maintain & perpetuate intergroup relations that involve domination & subordination, 33872
boundaries in interpersonal & intergroup communication & miscommunication & problematic talk, 1231
categorization & intergroup anxiety & bias & negative affect & attitudes between British & Japanese nationals, 20830
competitive vs neutral intergroup relations & level of intragroup interaction, perceived ingroup entitativity & relation to intergroup bias, college students, 7791
cultural characteristics, cooperative behavior in social dilemmas, college students, 14250
face-to-face vs computer-mediated communication, truthfulness of exchange & performance expectation & variability & frustration & problem solving, groups & leaders, 30393
familiarity & expertise in using culture-based rules of interaction, intergroup conflict resolution, 6 yr observation study of Palestinian-Jewish dialogue group, 14244
individual-oriented vs intergroup techniques for reducing traditional vs contemporary forms of prejudice, 30299
instructional context of illusory correlation task, perceived covariation between & relative contribution of group membership & desirability of behavior, college students , 23966
intergroup difference, social discrimination & tolerance in intergroup relations, 27299
intergroup encounters & territoriality, wild Alaotran gentle lemurs, 399
no suggestion cooperative feedback, intragroup social influence processes in intergroup behavior, college students, 27304
numerical representation of minority vs majority & cross-cut role assignment, salience of intergroup boundaries & cooperative interaction, college students, 7787
overly-inclusive superordinate group, subgroup differentiation, humanities & maths-science subgroup students in university superordinate group, implications for optimal distinctiveness theory, 20817
peer network vs teacher vs outgroup mandated behavior contingencies, classroom engagement & motivation, 5th graders, 15985
perception of intergroup context & ingroup attraction & interdependency & depersonalization, conceptualizations of social identity, college students, 7799
prejudice, linguistic intergroup bias, White college students, 7312
religious faith, degree of religiousness & perceived similarities with outgroup & intention of intergroup participation & ingroup bias, Mexican adolescent & adult church attenders, 7640
social identity theory & realistic conflict theory, intergroup relations in organizations, members of team-based community-based health care organization, 22659
systems psychodynamic perspective on intergroup & interorganizational relationships & anxiety & social defenses, organizational alliance of industrial companies, 25919
use of Hinkle & Brown's taxonomy in relationship between strength of social identification & intergroup differentiation & between personal self-esteem & -serving bias, individualists & collectivists, 17576
weak interunit ties & sharing knowledge across organizational subunits, new product development, research & development & project managers, 19427

Intergroup Dynamics—Books

The comparative understanding of intergroup relations: A world analysis, 20849
Social dominance: An intergroup theory of social hierarchy and oppression, 30387
Social identity and social cognition, 11090

Intergroup Dynamics—Chapters

Categorization, content and the context of communicative behaviour, 30449
Context, identity, and intergroup relations, 27310
Cultural racism: The intersection of race and culture in intergroup conflict, 27164
Do digital telecommunications affect work and organization? The state of our knowledge, 29169
Impact of leaders on resource consumption in social dilemmas: The intergroup context, 30432
Peering into the jaws of the beast: The integrative dynamics of social identity, symbolic racism, and social dominance, 27114
The reduction of the interindividual–intergroup discontinuity effect: The role of future consequences, 30442
Social dilemmas embedded in between-group competitions: Effects of contest and distribution rules, 30441

Interhemispheric Interaction—Serials

alexithymia, interhemispheric transfer, right-handed male college students, 29840
attention for subsequent action during cued movements into left or right hemisphere, 18–41 yr olds with schizophrenia, 1580
bilateral vs unilateral brain stimulation & stimulus redundancy, interhemispheric interaction & stimulus identification, college students, 33227
callosal function during visual hemispheric sharing task, 9–14 yr old developmental dyslexics, 27923
complimentarity of verbal & prosodic aspects of cerebral function, adults with left vs right preferences for foot & writing & throwing hand, 26588
coordination of premotor activities in both hemispheres during song production, zebra finches, 529
functional interhemispheric coupling & activation of sensorimotor regions during bimanual skill acquisition, adults, 29760
Hebbian model for developing topographic projections & ocular dominance maps of lateral competition in primary visual cortex , 32503
high frequency EEG components & features of background gamma oscillations recorded in activity of interacting neurons from right & left hemisphere motor areas, rats, 7124
homotopic interhemispheric ''relay'' asymmetries in visual EPs, college students, 20076
interhemispheric conduction delay, hemispheric specialization of time critical neuronal computational tasks, 16891
interhemispheric EEG coherence analysis, neurophysiological dysfunction in migraine with vs without visual aura, female 11–53 yr olds, 24707
interhemispheric interaction & computational complexity, task performance, college students , 16610
interhemispheric interaction, global vs local interstimulus interference & selective attention, college students, 29611
interhemispheric neural summation during visual RT task, 20–45 yr old males lacking the corpus callosum, 5324
interhemispheric relay time during visual RT task assessed by EPs, college students, 16900
interhemispheric transfer of auditory vs motor vs tactile vs visual information, 8–16 yr olds with mild–severe closed head injury with vs without corpus callosal damage, 28124
interhemispheric transfer of sensory & cognitive information, 29 yr old right-handed male without corpus callosum & anterior commissure, 18353
intra & interhemispheric transfer processes during programming of pointing with preferred vs nonpreferred hand & relation to RTs, 22–35 yr old right vs left handed males with vs without brain damage, 28210
intra- vs inter-hemispheric conditions, performance on target location & matching task, 7 yr olds diagnosed with hand-eye coordination problems, 24724
intrahemispheric EEG coherence at rest & during photic stimulation, 55–63 yr olds with Alzheimer's disease, implications for presence of abnormal functional connectivity, 8682
lateralization & functional inhibition by corpus callosum in bihemispheric neural network model of letter identification, 32507
long-term reversal of hemispheric specialization for visual recognition task, split-brain macaques, 23303
parallel preattentive auditory processing in P50m & N100m magnetic fields between hemispheres, 46–59 yr olds with Parkinson's disease, 2073
single psychotropic injection or course treatment with neuroleptic or antidepressant drugs, hemispheric interaction during test of visual field perception, depressed & manic & schizophrenic patients, 28420
structural equation modeling of functional interactions between right medial temporal lobe & neocortical regions during visual recognition memory, males, 3871
studied probability lexicon structure & hemispheric interaction in patients with depression or mania or schizophrenia, 34061

target absent & feature trials & bihemispheric vs unihemispheric presentation of CVC words, error rates in recognition paradigm & interword illusory conjunctions, college students, 19816
transitions between memory phases with sharp standard timings & interactions between left & right cerebral hemispheres during memory formation, chicks, 13513
visual EP latency variance & signal-to-noise ratio & interhemispheric transfer time, normal volunteers vs acallosal patients, 8610
visual EPs as indices of interhemispheric integration of single letter vs complex pattern visual stimuli, 15–40 yr olds with complete vs partial agenesis of corpus callosum vs total commissurotomy, 34611
Interhemispheric Transfer [See Interhemispheric Interaction]
Interleukins—Serials
acute &/or chronic interleukin-2, spatial memory & locomotor activity & exploratory behaviors & anxiety, male mice, 36579
acute alcohol pretreatment, endotoxin lipopolysaccharide-induced ACTH- & corticosterone- & pro-inflammatory cytokine release, rats, 20362
acute tryptophan depletion, mood & levels of circulating interleukin 1-beta & interleukin-6, healthy 18–35 yr old males, 10524
alcoholism, cytokine production pattern by peripheral blood T-cells, chronic alcoholics (mean age 38 yrs) with vs without liver cirrhosis vs without liver disease (mean age 42 yrs), 34364
animal models of sleep & evidence for interleukin 1-beta & tumor necrosis factor-alpha as sleep regulatory substances, 429
association of fibromyalgia with vs without depressive symptoms & increased serum concentrations of interleukin-6 & relation to severity of fibromyalgia, patients, 17877
association of interleukin-6 & other biologic variables with depression, rural & urban community-dwelling older people (aged 70+ yrs), commentary, 34128
association of interleukin-6 & other biologic variables with depression, rural & urban community-dwelling older people (aged 70+ yrs), 11358
C allele of inflammatory cytokine interleukin-6 gene, initial onset & risk for sporadic Alzheimer's disease, 51–100 yr olds with Alzheimer's disease, implications for role of immune response , 21593
capacity of blood to produce cytokines during weight restoration, female restricting-type anorexia nervosa patients, 22060
central GABA A & B receptors, modulation of basal & stress- induced plasma interleukin-6 levels, male mice, 750
cognitive-behavioral & pharmacological therapy, plasma concentrations of interleukin-1 beta & -6 & tumor necrosis factor-alpha, 16–44 yr old females with bulimia & anorexia, 3 mo study, 5161
feedback model of inflammation & mental state before an acute coronary event, exhausted vs nonexhausted angioplasty patients, 24759
formalin vs zymosan-induced acute peripheral inflammation, central glial activation & cytokine interleukin-1-beta expression, male rats, 23358
interleukin & tumor necrosis factor alpha, feeding responses to lipopolysaccharide & influenza, male mice, 33356
interleukin-1-alpha in ventromedial hypothalamic nucleus, food intake & dopamine & serotonin release, male rats, 10682
interleukin-10, body weight & tonic immobility & social exploratory behavior induced by ip vs icv lipopolysaccharide, male rats, 10543
interleukin-6 & herpes simplex virus type 1, behavior & immunopathology, adults, 34534
interleukin-beta & interferon fragment RITLY, process of learning & memory & defensive behavior, male rats, 13603
intraperitoneal endotoxin injection in abdominal vagus nerve, cytokine interleukin-1beta, rats, implications for vagally mediated immune-to-brain communication, 20101
life stress & aging, interleukin-6, caregivers of Alzheimer's patients (mean age 70.9 yrs) vs women assessed before moving residence (mean age 79.6 yrs) , 36895
locomotor activity & body temperature & food intake before vs after interleukin 1 beta, young adult vs aged male mice, 23558
monocyclic cytokine production, individuals with chronic alcoholism without overt liver disease, 21347
mycoplasma fermentans, tumor necrosis factor alpha & interleukin-1 expression & mediation of microorganism-induced neurobehavioral & neuroendocrine alterations, rats, implications for AIDS patients, 23365
neuropsychiatric toxicity associated with cytokine therapies, 35095
plasma concentration of TNF-alpha, dementia, 100 yr olds & older, 34612
production of interleukin-2 & interferon gamma and IL-10 & production responses to neuroleptics, paranoid vs nonparanoid chronic schizophrenic patients (mean age 32 yrs), 5611
proinflammatory cytokines in pathogenesis of Creutzfeldt-Jakob disease, patients with Creutzfeldt-Jakob disease & other progressive dementias, 18420
role of psychological stress & local proinflammatory cytokine production in expression & severity of illness, adults infected with influenza A virus, 14896
serum level of interleukin-2 soluable receptor alpha & interleukin-6 & interleukin-1 receptor antagonist before vs after neuroleptic administration, schizophrenic patients (mean age 34.4 yrs), 24238
serum peptidase activity & relation to production of interleukins & interferon & other cytokines or cytokine receptors, abstinent alcohol-dependent adults, 8361
symptoms of depression & corticotropin-releasing hormone & interleukin-1 beta & interleukin-1 receptor antagonist & postpartum complications, pregnant 13–19 yr olds followed throughout their pregnancy, 24222
teposaxlin, synthesis inhibition of interleukin-1 & interleukin-6 & antichymotrypsin, rat microglia & astrocytes & human astrocytoma cell line U373 MG, 36555
traumatic events, serum interleukin-6 & receptor concentrations in inflammatory response system, PTSD patients with vs without major depression (mean age 47 yrs), 17938
Intermittent Explosive Personality [See Explosive Personality]
Intermittent Reinforcement [See Reinforcement Schedules]
Internal Consistency [See Test Reliability]
Internal External Locus of Control—Serials
adolescent background & self concept & adult achievement, personal sense of mastery, 27–31 yr old African American males followed from ages 14–18 yrs , 17359
age & context, internal & external attributional judgements, 17–29 vs 30–59 vs 60–90 yr olds, 33608
age & sex & education, sense of control over work & health & finance & family relationship & sexual & contribution to others' welfare domains, 25–75 yr olds, 7518
age & sex & patterns of depressed mood & stressful life events & family support & perceived control, 11–15 yr olds, Northern Ireland, 17330
age & sex, general sense of control over life & rehearsal of negative emotions & emotional inhibition & aggression & impulsiveness aspects of emotional control, 19–92 yr olds, 30234
age, cultural individualism–collectivism & locus of control, Japanese vs American adults, 27149
aging & cultural & individual motivation, perception of control, older persons, 23822
approach-avoidance & pleasure & arousal & dominance, consumer behavior, 20–50 yr olds , 3171
association between self vs other oriented vs socially prescribed perfectionism & internal vs external attributions for success & failure, college students, 1313
attachment style & emotional experience & control, married couples, 23874
autonomous & controlled motivation & perceived locus of control, vitality & happiness, adults, 19890
avoidance of responsibility & locus of control, conduct-disordered adolescents (mean age 16 yrs), 21261
behavioral & perceived control & normative beliefs about physical activity, 65–90 yr old females , 2493
boundary ambiguity & mastery & couplehood & social support & stress & health, depressive symptoms, community-dwelling caregivers of institutionalized mates with Alzheimer's disease , 17408
child's attributional style & perceived locus of control as mediators of controlling family environment, 6–15 yr olds with anxiety disorders & their parents, 4978
chronic strain & perceived mastery & ruminative coping, vulnerability to depressive symptoms, male vs female 25–75 yr olds, 1 yr study, implications for women's perceived environmental control, 37325
cognitive self control in problem drinking & symptoms of disordered eating, high school students, 20996
conservative authoritarianism & criminal attributions & locus of control, attitudes toward law & prisoners, law students & college students, Korea vs US , 4592
control & support & companionship, perceived quality of family relationships & friendships, 58–90 yr olds, 23977
critical thinking disposition & locus of control, evaluation of teaching strategies, college students, 32287
daily financial stress & chronic financial strain & perceived levels of understanding & control & psychological well-being, university students, 7912
dependence & locus of control & parental bonding & personality disorder prevalence, alcoholic inpatients, 27864
diabetes intrusiveness & personal control as mediators of depressive symptomatology, patients with diabetes (mean age 54.7 yrs), 34569
domain-specific locus of control, need for achievement & affiliation, college students, Singapore, comparison to Western population response characteristics, 30480
exercise attitudes & subjective norms & perceived behavioral control, 53–84 yr olds, application of theory of planned behavior, 8990
externalizing vs internalizing, development of adjustment problems, 10 yr old females, 14 yr study, 24478
factor structure of Locus of Control Scale, substance-abusing clients (mean age 33.2 yrs) in treatment program, 19064
father childrearing involvement & child's locus of control & gender role expectations in career & family contexts & perceived academic competence, 23–25 yr olds & their fathers, 20-yr study, 30247
health control beliefs & objective & subjective health & health behavior, 65–94 yr olds, 11184
health locus of control across culture of origin & mainstream culture & bicultural acculturation domains, 14–18 yr old Mexican Americans, 1101
health locus of control, 27–91 yr old Black vs White females diagnosed with breast cancer, 31153
health perceptions, control beliefs & mortality & well being, 65–104 yr olds, 4 yr study, 14096
hopelessness & locus of control, 18–74 yr olds with motor conversion disorder, 24683
individual differences & the development of perceived control & academic achievement & classroom engagement, 8–13 yr olds & their teachers, 3-yr study, commentary, 7890
individual differences & the development of perceived control & academic achievement & classroom engagement, 8–13 yr olds & their teachers, 3-yr study, 7939
individual variables & locus of control & beliefs about controllability of weight & value of health & self-efficacy to control weight, prediction of weight loss attempts & success, adults, 25357
intentions based on attitudes vs subjective norms & locus of control, prediction of normatively vs attitudinally controlled behaviors, undergraduates, 14327
internal consistency & factor structure of Anxiety Control Questionnaire, measurement of perceived level of control over anxiety related events, college students, 32616
internal locus of control & age & educational environment & drug advertisement, perceived benefits & knowledge of medical treatment, 7–10 yr olds & their primary caregivers, 5705
internal vs external locus of control & cooperative vs competitive strategy in prisoner's dilemma game, college students, 27273
internal vs external locus of control beliefs, labeling of competitive anxiety symptoms as facilitative vs debilitative, 18–36 yr old university & county sport performers, 6361
internal vs powerful other vs unknown locus of control, aggressive behavior, male vs female 8–11 yr olds, 10849
judgment of control, depressed vs nondepressed college students classified as optimistic or realistic or pessimistic, 3 mo followup, test of depressive realism postulate, 17870
locus of control & attitudes toward suicide, male vs female college students, 5044
locus of control & coping styles & self-esteem & their relationship to school attitudes, 14–18 yr olds, 30224
locus of control & perceived competence & relation to depression & academic & social adjustment, college students, 11221
locus of control & self-monitoring & Type A behavior & sensation seeking, competitive vs cooperative behavior in Prisoner's Dilemma games in market setting, college students, 30483
locus of control, free recall from episodic memory, 18–28 vs 66–84 yr olds, 23124
locus of control, test anxiety across multiple-choice & essay format exams, college students, 6665
lucid dreaming & internal locus of control & need for cognition & creative personality, college students, 36287
measurement equivalence of locus of control vs self esteem vs higher order need strength personality measures, US vs Indian male vs female Ss, 35895
memory self-efficacy & locus of control, event- vs time-based prospective vs retrospective memory performance on laboratory tasks & memory capacity & stability & anxiety, 51–83 yr old Ss, 16653
menstrual cycle phase, psychometric sum scores on Locus of Control of Behavior Scale & Internal-External Locus of Control Scale, healthy women, implications for integrity of locus of control construct, 22850
metacognition & motivation & locus of control & self efficacy & academic achievement, 12th graders, 6207

motivation & locus of control & perception of organizational climate, Black junior managers working in White vs Black management dominated organization, implications for employee assistance programs, 16084
neuroticism & extraversion & mastery or perceived control & general self-efficacy expectancies, functional ability & disability changes, low-functioning 57–93 yr olds, 1993–95, 17766
nonlinear &/vs traditional linear statistical techniques for assessment of relationship between job satisfaction & compensation & job complexity & locus of control, 19–22 yr olds,1979–93, 32381
oral contraceptive use, appraisal of stress & locus of control & self-integration & negative affect, women ages 18–48 yrs, 20363
paranormal beliefs & locus of control & psychopathology, male vs female 17–27 yr old college students, 14440
parent controlling behavior, locus of control beliefs, 3rd–5th & 9–10th graders, 7533
perceived behavioral control & other determinants of decisions in potentially dangerous road crossing situations, 17–75 yr old pedestrians, application of theory of planned behavior, 7892
perceived control over & strategies for coping with hot flushes, menoopausal women, 29965
perceived control, patterns of health service use, 66–98 yr old patients with arthritis, 25304
perceived control, risk taking in simulated driving activities, adults, 12977
perceived locus of control & self-efficacy vs attributions of causality, long-term recovery from rape & PTSD, female 17–47 yr old victims of rape or attempted rape, 11474
perceived locus of control vs actual skill in mental performance task, 20–66 yr old alcoholics, 8390
physical disability & pain experiences & internal vs external locus of control cognitions, prediction of adaptation & depression & anxiety, 16–69 yr olds with spinal cord injury vs multiple sclerosis, 8503
progression from field dependent to independent cognitive style & locus of control, male vs female 9–10 vs 12–13 yr olds, 13948
relation between personality priorities of pleasing & achieving & outdoing & detaching & avoiding to self esteem & social interest & locus of control & dysfunctional attitudes, college students, 1299
relation of coping behavior with demographic & epilepsy variables & depression & locus of control & psychosocial adaptation, 20–54 yr old patients with intractable epilepsy, 18387
relationship between external locus of control & indirect vs verbal vs physical aggression, 11 & 15 yr old Finnish & Italian adolescents, 10870
religion, coping & depression & anxiety & event specific outcomes & achievement of personal control while waiting in the hospital while relative undergoes coronary bypass surgery, 18–75 yr olds, 28569
science achievement & everyday experience & domain-specific control beliefs & attribution patterns, technical problem solving, 10 yr olds, 2901
self-acceptance & locus of behavior control & level of creative thinking ability, 13–14 yr old males vs females, 7930
self-set vs coach-set goal strategy & locus of control, on-task behavior, Level 8 & 9 female gymnasts, 19448
self-threat model & moderators affecting self-serving bias, 11195
sex & self-monitoring & perceived control & friendships, social vs emotional loneliness, African American college students, 11196
sex differences in perceived controllability for traits relevant to desirability to mates, adults, 1225
single vs multiple measures of biofeedback & perceived control & self-efficacy, basketball free throw shooting, basketball players, 6357
task demands & behavioral control & procedural information, responses to stressful work situations, 16–49 yr old college students, 38991
time pressure & perceived control & mood & emotional exhaustion, 20–55 yr old accountants, 9614
Triangle model & locus of control in prediction of commitment & self perception & self management & attribution of responsibility, Army personnel, 20894
type A personality & locus of control, subjectively perceived job stress & satisfaction at work & physical & psychological health, 37–55 yr old managers, 7909
validity & reliability of God Locus of Health Control rating scale of health attitudes & God concept & adaptive behavior, 50–60 yr olds with rheumatoid arthritis or systemic sclerosis, 22909
victimization history & locus of control & adulthood adjustment, 17–49 female survivors of childhood sexual abuse, 37606
work/family status & job quality & perceived control, employed females, 20776

nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, comment, 11971
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, 11978
process & outcomes of brief interpersonal vs cognitive–behavioral therapy, 21–60 yr olds with major depression, 12015
relationship enhancement therapy, communication & relationships, psychiatric unit staff & inpatients, 18638
treatment adherence & clinical outcomes, African Americans vs Whites treated with interpersonal psychotherapy or pharmacotherapy for major depression, 21643
two-plus-one model intervention of cognitive–behavior & psychodynamic–interpersonal therapy, depressed patients (mean age 44.9 yrs) of varying severity, 1-yr follow-up, 15072

Interpersonal Psychotherapy—Books
Psychology, education, gods, and humanity, 6176

Interpersonal Psychotherapy—Chapters
Interpersonal psychotherapy and the health care scene, 25108
Interpersonal psychotherapy for depressed adolescents (IPT-A), 37343
Interpersonal psychotherapy for late-life depression, 31578
Interpersonal psychotherapy for postpartum depression, 14527
Interpersonal psychotherapy, 31518
Interpersonal psychotherapy: Alone and combined with medication, 25107
Maintenance interpersonal psychotherapy for recurrent depression: Biological and clinical correlates and future directions, 24955

Interracial Adoption—Serials
perspectives on same-race & transracial adoption & foster care, children of color, commentary, 12460
perspectives on same-race & transracial adoption & foster care, children of color, commentary reply, 12445
perspectives on same-race & transracial adoption & foster care, children of color, commentary, 12452
promotion of policy & implementation & discussion of legal decisions contained in Multiethnic Placement Act of 1994 & Removal of Barriers to Interethnic Adoption provisions of 1996, foster children, 15518
racial/ethnic identity development & self-esteem & psychological adjustmeat, cross-ethnically adopted children & adolescents, implications for family therapy, 12091
skin color & experiences of discrimination, transracially & inracially adopted African-American adults, implications for special needs adoptions, 36913
symbolic interactionist perspective on culture and socilization & transracial adoption, African-American families, 36980

Interracial Adoption—Chapters
Developmental identity crisis in nontraditional families: Cases of Emma, age 8, and Chad, age 13, children of lesbian parents, 33693

Interracial Family—Serials
socioeconomic & psychosocial & racial/demographic factors related to increased need for social work services, mixed parentage children, Britain, 22162

Interracial Marriage—Serials
education attainment & nativity & immigration status & region of residence, interracial marriage, Whites vs African Americans vs Hispanics vs Asian Americans, US, 1980 & 1990, 33772
perceived sex & race differences in supporters or opponents of interracial marriage, members of Black–White interracial marriages, 37126

Interracial Marriage—Chapters
Multiracial families, 7685

Interracial Offspring—Serials
personal account of being biracial & claiming identity, implications for counseling, female, 10998
personal account of experience of being biracial, Asian & White American female, 10980
personal account of racism & class & search for identity, Native American & White male, 10984
pre & post migration variables predicting psychological distress & self-destructive behavior, 17–29 yr old Vietnamese Amerasians fathered by US servicemen & civilians during Vietnam War, 1097
social factors influencing racial self-concept, Black children with a White parent, Britain, 20567
social process of racial identity formation, mixed-race females , 37170
socioeconomic & psychosocial & racial/demographic factors related to increased need for social work services, mixed parentage children, Britain, 22162

Interracial Offspring—Chapters
The biracial bind: An identity dilemma, 21720

Interrater Reliability—Serials
behavior rating scales & concordance between multiple informants in diagnosis of ADHD, 29379
calculations of percentage agreement & phi & kappa & Pearson's r for standardized estimation of Rorschach interrater agreement, 22928
clinical experience & previous rater training, agreement in positive and negative symptoms before and after Positive and Negative Symptom Scale rater training, psychiatrists, 22337
comparison of Content Validity Index & 3 alternative indexes in estimation of interrater agreement on job relevance of test items, 29426
concordance of patient & collateral responses on CAGE Questionnaire about patients' drinking consequences & alcohol consumption, 18–86 yr old hospital patients, 24
development & internal consistency & interrater & test-retest reliability of reinforcer choice assessment scale, institutionalized 19–77 yr olds with severe or profound mental retardation, 35860
expert raters vs automated scoring systems, generalizability of scores on computer-delivered performance assessment of physicians' patient management skills, 26077
formal operator training, intra- & inter-observer reproducibility of MRI lesion load measurements of patients with multiple sclerosis, naive technicians, 32111
inter-item & inter-rater reliability & gender differences of shortened subscale form of Inventory of Interpersonal Problems, assessment of psychotherapeutic engagement, 35956
inter-observer & test-retest reliability of card-based test of 2nd-order contour integration & practice effects, adults vs 3–11 yr olds with vs without amblyopia, 32589
inter-rater reliability in conducting research on & ambiguity in coding intentionality & communicative behavior, 12–54 mo old deaf vs hearing children, 18463
inter-rater reliability of French versions of Montgomery & Asberg Depression & Depression Retardation Rating Scales based on videotaped interviews, 18–70 yr old depressed inpatients, 70
inter-rater reliability of War Events Questionnaire, psychiatric patients, 22837
inter-rater reliability of Westmead Home Safety Assessment when used during home visits, occupational therapists, 16298
internal consistency & interrater reliability of disability assessment by occupational therapists by observation of activities of daily living, stroke patients with apraxia aged 36–91 yrs, 13096
interrater & test–retest reliability & experience level & theoretical orientation & other clinician variables, clinical judgment on reinforcement function of child school-refusal behavior, clinicians, 30812
interrater classification consistency & consistency of ratings of & case- vs examination-level pass rates of standardized patient examination completed by medical students, clinician-judges, 2761
interrater reliability & construct validity of clinical psychodiagnostic typologies for Alzheimers disease & progressive supranuclear palsy & frontotemporal dementia & dementia with Lewy bodies, 37873
interrater reliability & internal consistency, Matson Evaluation of Drug Side Effects, mentally retarded institutionalized adults taking psychoactive medications, 8728
interrater reliability & salience of reasons for living vs for dying, 17–40 yr old suicidal outpatients, 27783
interrater reliability & stability of retrospectively gathered inferences & self reports of exposure to occupational psychosocial work conditions & risk factors, adults , 25914
interrater reliability & validity of hallucination & delusion subscales of Psychotic Symptom Rating Scales, patients with schizophrenia or schizoaffective disorder, 32638
interrater reliability of Client Encounter Form, assessment of client–nurse practitioner interaction, nurses & 2–61 yr old clients of primary care nursing clinic, 25427
interrater reliability of Communication in Dental Settings Scale & relationship with patient satisfaction with consultation, 20–24 yr old student dentists & their 14–68 yr old patients, 32701
interrater reliability of Danish Morgan Russell scale, assessment of severity of anorexia nervosa, anorexic patients, 9896
interrater reliability of German version of Calgary Depression Rating Scale for Schizophrenia, severity of depressive symptoms, experienced psychiatrists vs novice raters, 35949
interrater reliability of HCR-20, assessment of risk for violence, 24–67 yr old adult male violent offenders, 1826
interrater reliability of neuropsychological symptoms & quality of life & interpersonal functioning in test of single-S research design, clinical examiners of middle-aged male schizophrenia patient, 29448
interrater reliability of structured checklists by expert vs nonexpert observers, assessment of procedural skills competence, medical trainees & practitioners, 15714
interrater reliability of the Advanced Psychodiagnostic Interpretation scoring system for the Bender Gestalt Test, personality & neuropsychological measure raters, 35886
interrater reliability of visual estimation of biological age of elderly Ss, experienced geriatricians, 20663
interscorer reliability of hand-scoring MMPI-2 protocols True Response Inconsistency Scale & Variable Response Inconsistency Scale, assessment of malingering, male prison inmates, 11209
item wording & observability & clarity, discrepancies between nurse & patient ratings on Appraisal of Self-Care Agency scale, 35940
listening to depressed patient interviews, interrater reliability of cognitive–behavioral case formulations with depression & anxiety practice cases, clinicians with vs without PhD training, 26154
method for calculating response segment chance agreement & kappa coefficients in determining interrater reliability for scoring Rorschach Comprehensive System, psychiatric patients & nonpatients, 22934
method for measuring interrater agreement on checklists & statistical simulations, 22935
objectivity of psychoanalytic judgments of patient–therapist transactions, psychotherapists' ratings of videotaped assessment interviews with borderline & dysthymic 25–35 yr old females , 6050
parents' vs adolescents' reports for diagnosis of ADHD, 12–14 yr olds & their parents, Brazil, 30947
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, 5994
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, commentary, 5993
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, commentary, 5992
problems surrounding use & comparability of student vs expert data in job analysis research, college students vs industrial/organizational psychology students vs personnel psychology professionals, 29056
reliability & validity of assessor vs peer vs self-ratings of management skills in simulation, 20–50 yr old undergraduate business students, 32721
reliability of self-report of sexual behavior, male couples of discordant HIV status, 23925
revised index of interrater agreement for multi-item ratings of a single target, 19665
validity & reliability of educational measures using raters as data collection methods & experimental design factors, 9941
videotape training procedure for teaching & interrater reliability of Italian 24-item Brief Psychiatric Rating Scale, male vs female psychologists & psychiatrists vs rehabilitation & medical students, 32652
within-source interrater reliability of supervisor vs peer vs subordinate 360-degree feedback ratings made for managerial development, managers, 6676

Interrater Reliability—Chapters
Relationship between Apperceptive Personality Test stories and questionnaire ratings, 29353
The Rorschach: Measurement concepts and issues of validity, 9856
"The Enabler" applied to occupational therapy: Reliability of a usability rating scale, 32584
Interresponse Time—Serials
time since hearing vs not hearing ambiguous emotional narrative, number of details recalled vs generation of false story, college students, 3594
Intersensory Integration [See Sensory Integration]
Intersensory Processes [See Also Sensory Integration]—Serials
co-location & temporal synchrony, association of sight with sound, 2 vs 4 vs 6 vs 8 mo olds, 7419
cognitive dedifferentiation, 22–35 yr olds with synesthesia & eidetic imagery, 22995
color & digit naming, 22-year-old female with digit synesthesia, 13178
color–digit synaesthetic ability, 47 yr old female, 36129
cross-modal transfer of shape between touch & vision, 1 mo olds, 36750
fuzzy logic model of multimodal speech perception, persons with hearing impairment, 11956
intermodal & verbal knowledge about gender, 18–24 month olds, 4443
motion perception influences on perception of stationary shapes & acoustic interactions with vision, psychophysical evidence of lack of modularity of visual function, 26327
multimodal stimulus combinations, autoshaping & conditioned suppression & instrumental discrimination learning, female pigeons & male rats, 6972
neuromagnetic responses in hippocampus during motor reaction to auditory cue within multimodal stimulation, 25–50 yr olds, 29865
perceptual mechanisms in tracking & catching fly ball, male ball catchers, 10052
performance & maintenance of audio-visual cross-modal associations & organization & regulation of behaviors during Object Permanence Task, autistic vs mentally retarded 2–8 yr olds, 8434
positron emission tomographic evidence of within- & cross-modality priming during auditory wordstem completion, 19–30 yr olds, 29766
processing of auditory tone signal, sustained attention to concurrent visual encoding task, 18–25 yr olds, 16688
rules governing information transformation of & role of kinesthetic & visual input in goal-directed reaching movement, 20–36 yr olds, 3431
signal-dependent neural control noise, eye & arm movement trajectories, monkeys, test of minimum-variance theory of unified motor planning , 3848
spatial co-location between sight & sound, cross-modal learning, 4 vs 6 mo olds , 7395
spatio-temporal cooperative cortical dynamics measured by multivariate autoregressive modeling of local-field ERPs, macaques, 29772
synaesthesia as refutation of representationism, 36642
Intersensory Processes [See Also Sensory Integration]—Chapters
Synesthesia: A challenge for developmental cognitive neuroscience, 29478
Intersexuality [See Hermaphroditism]
Interspecies Interaction—Serials
advantages of flocking with parids in mixed-species foraging groups, satellite species of birds, 3695
benefits & liabilities of pet bird ownership & implications for human–pet bonds, 18–84 yr old bird owners, 4782
bird activity as cue to presence of fruiting fig trees, foraging behavior, flat lizards, 23270
canine gender, social responses to men vs women, dogs in captivity, 10369
color of handler overalls, handler recognition & distance, Danish Friesian cows, 33073
competition & predation in interactions at forest-to-aquatic ecotones, P. cinereus & P. glutinosus & E cirrigera & D. fuscus salamanders, 3713
demographic characteristics & family composition & reasons for pet acquisition & advantages & disadvantages of pet ownership, parents with 8–12 yr olds, 23878
demographic characteristics & feeding habits of cat colonies & relationship with cat lovers, feral cats in Rome, 23252
environmental enrichment & size of viewing crowds, animal activities & social interactions & well-being & orientation to public & visitor responses, zoo chimpanzees, 421
factors affecting & preferences for males of 1 of 2 host species, all-female Amazon molly fish, 16829
feeding & handling, response & development of human–animal interactions, young cattle, 10321
hand- vs hen-rearing in captivity, timing of behavioral development & survival after release into wild, houbara bustards, 415
handler vs nonhandler exchanged color of coveralls, discrimination between handlers in behavioral tests using operant conditioning, miniature pigs, 10275
low vs high space allocation & mixed-species stocking, social interaction & activity patterns & growth rates, red deer hinds & ewes reared at pasture, 10243
presence of surviving siblings & attachment to & perceived helpfulness of & roles played by pets in coping with & bereavement over & adaptation to child death, 26–81 yr old mothers & fathers, 24005
psychic abilities in pets, pet owners & non-pet-owners, 3617
rattle cue assessment of predatory snake size & warmth & dangerousness, California ground squirrels, 23262
relational interpretation of & personal growth during & attunement in human–animal relations, 1329
relationship between speed of withdrawal response from humans & performance in farrowing shed, lactating sows, 33117
relationship of animal abuse to violence against humans, 11–76 yr old criminal animal abusers, 37589
satisfaction with dog & commitment to dog's welfare & changes in life brought about by obtaining dog, 13–84 yr olds with physical disabilities & assistance dogs, 5221
test of observation of psychic abilities in pets, pet owners, 3623
test of observation of psychic abilities in pets, pet owners, commentary, 36300
translocation, anti-predator defense & human intrusion behavior, black-tailed prairie dogs, implications for wildlife management, 368
Interspecies Interaction—Books
Pets and people: The psychology of pet ownership, 20961
Interspecies Interaction—Chapters
Are consumers going to the dogs (and cats and birds)?, 34758
Interstimulus Interval—Serials
behavior during interfood clock when temporal pattern of interfood stimuli is altered, rats, 20029
complete stimulus omission & interstimulus interval variation, electrodermal habituation at short interstimulus intervals, adults, 4030
conventional vs new paradigm with trains of stimuli at very short interstimulus intervals, duration of auditory sensory memory indexed by mismatch negativity waveforms, 19–24 vs 40–57 yr olds, 3393
CS–UCS interval in eyeblink classical conditioning, RT & response timing & motor learning & declarative memory & attention in neuropsychological tests, 18–28 vs 45–55 vs 70–80 yr olds, 7096
duration discrimination thresholds of silent interval between 2 successive tones, Japanese monkeys, 33341
expectation & steady state auditory potential responses, 30–50 yr olds, 36490
fixed-interval & fixed-time reinforcement schedules in once per day food reward & scalloped or break & run responding, pigeon, 16754
interactions among variables of type of time estimation & length of list & presentation rate/interstimulus interval, time estimations after short term memory filler, college students, 29477
interstimulus interval & extinction, temporal pattern of conditioned keypecking during unreinforced probe trials extending beyond reinforced interstimulus interval, ring doves, 13413
interstimulus interval & sequential structure & target-to-target interval as determinants of P3 amplitude of target during auditory oddball task, adults, 29897
interstimulus interval of motor cortex electrical excitability after transcranial magnetic stimulation, 14–50 yr olds with idiopathic generalized epilepsy, 38394
lengthening of intertrial interval durations in discrete-trial concurrent variable interval schedules, relative response rate & changeover probabilities, pigeons , 19942
low micropattern densities & positive interstimulus intervals, motion perception, observers, 32786
modulation of skin conductance response & electrodermal activity preceding aversive stimulus, heart rate & risk for drug dependency, 16–18 yr old males, 14761
motion capture of static vertical lines produced in apparent motion, 19–46 yr olds, 23043
nitrous oxide, nictitating membrane response conditioning at different interstimulus intervals, rabbits, implications for effect on memory, 10581
promotion vs prevention of awareness of stimulus contingencies during trace vs delay differential eyeblink classical conditioning, 48–81 yr olds, 10184
quantal timing & conditions for disappearance of long-range apparent movement & critical interstimulus intervals of downward simultaneity threshold, stimuli presented in continuous alternation, adults, 23029
reinforcement sequence interval, response adjustment, rats, 3647
repeated low-dose apomorphine challenges at varying temporal ranges of administration, variability of rotational behavior, male rats, 10549
S control of dose size & interdose interval, ethanol self administration, male rats, 697
short interfood intervals, temporal control, pigeons, 16773
skin conductance responses as measure of electrodermal activity during short interstimulus interval stimulation, patients with schizophrenia, 11424
spatial & temporal cues, response to lever vs food in conditioning, rats, 3669
timing in eyeblink classical conditioning & timed interval tapping, college students, implications for role of cerebellum, 10007
tone duration & interstimulus interval & attention modulation, auditory evoked magnetic fields & memory trace in left & right auditory cortex, healthy adult males, 3974
trial & intertrial durations, magazine approach behavior & conditioned responses, rats, 33064
unconditioned probe stimulus, approach behavior during interfood clock,rats, 3670
Intertrial Interval—Serials
auditory stimulus duration & intertrial interval, linearity of time sensitivity, male rats, 6964
interactive contributions of intracellular calcium & protein phosphastases to massed-trials learning deficits, marine mollusks, implications for memory formation, 10279
intertrial interval & number & distribution of test stimuli, quinine taste discrimination, male rhesus monkeys, 20380
intertrial interval duration, auditory & visual signal timing, pigeons, 3668
intertrial intervals, learning & performance in Pavlovian serial feature positive discriminations, rats, 23198
nicotine, sustained attention under conditions of high vs low event rate vs weak signal strength, male rats, test of criteria for construct validity of vigilance tasks , 4221
temporal specificity in patterning of nictitating membrane response to stimulus compounds, rabbits, 13426
time spent in start arm & to make avoidance response & intertrial interval, discriminated Y-maze avoidance learning, C57-SJL vs BALB vs DBA vs C57BL/6J vs CD1 mice, 10272
trial & intertrial durations, magazine approach behavior & conditioned responses, rats, 33064
trial-spacing effect in Pavlovian fear conditioning measured by defensive freezing, female rats, test of contextual-mediation vs event-processing theories & perceptual–defensive–recuperative model, 10262
unconditioned probe stimulus, approach behavior during interfood clock,rats, 3670
Interval Reinforcement [See Fixed Interval Reinforcement]
Interviewers—Serials
benefits & challenges of training & employing HIV+ community members as survey interviewers in HIV research, HIV+ females, 11840
candidate self-monitoring & interviewer impressions of candidate personality, personnel recruitment decisions, 19–35 yr old graduate trainee candidates & their interviewers, 38944
collaboration of interviewers & interviewees in interpretation of research data & construal of researcher role in ethnographic research, commentary, 3398
collaboration of interviewers & interviewees in interpretation of research data & construal of researcher role in ethnographic research, 3395
interviewer training & interview standardization & notetaking & use of panel format, employment interview validity, 29080
satisfaction with mental health services based on type of interviewer, 18–65 yr old clients, 28686
self-administered computerized version vs delivered by human interviewers, Composite International Diagnostic Interview, 18–82 yr old anxiety treatment clinic patients, 3328
training program effectiveness for interviewing child witnesses, 18–53 yr old interviewers, 22780
Interviewing—Serials
awareness of police officer & suspect movements & suspect credibility during interview, college students & police officers, 13015
client characteristics & interview mode, bias in survey measurements of drug use, 18–45 yr olds, 3403
cognitive interview &/vs conversation management training, perceived quality of perpetrator descriptions, police officers, 32559
cognitive interview techniques & eyewitness memory recall, commentary, 32517
computer interviews for diagnosis & treatment & psychoeducation, patients with depression., 2133
discourse analysis of conversational strategies in constructivist interview in marriage counseling, spouses, 5563

experimental manipulation of interviewer- vs self-administered interviews concerning HIV related sexual & drug use behaviors, 12–49 vs 50–64 vs 65+ yr olds, 1980
forensic interview questioning techniques, production of free-narrative & Criteria-Based Content Analysis criteria, police interviews with 3–16 yr old alleged sexual abuse victims , 22774
framework for maximizing response rates in interview survey research with poor African-American families , 9991
interactive vs didactic methods of teaching HIV risk assessment interview skills, medical residents, 5270
interview dynamics in plausible vs implausible allegations, 4–13 yr old alleged victims of sexual abuse , 22776
interviewer sex, reports of prevalence & severity of physical & psychological & menopausal symptoms following breast cancer diagnosis, 36–83 yr old females, 35417
interviewing children in health-related qualitative research, 13151
interviewing for quality of life & physical & emotional health & social well-being & reactions to supportive care, 43–77 yr olds after coronary bypass surgery patients, 1 yr followup, 31775
interviewing techniques for child protective services practice, 28693
investigative interview training, 35808
motivational interviewing in acute rehabilitation setting, prevention of return to drinking alcohol, patients with recent traumatic brain injury , 12502
prevalence of cardiovascular disease risk factors & identification of high-risk individuals, 18–65 yr olds, use of computer-assisted telephone interviewing, 25278
responsive therapy vs motivational interviewing as postmodernist counseling, 38003
scripted protocols & narrative response styles, organizational quality & narrative amount & quality, 4–12 yr old alleged victims of child sexual abuse & their interviewers , 22777
standard treatment with vs without motivational interviewing, adherence to outpatient treatment, psychiatric & dually diagnosed inpatients, 38577
training & techniques of questioning child witnesses, interviewer performance, police & social worker interviewers & child interviewees (mean age 6.2 yrs) , 22773
training workshop, investigative interviewing skills & knowledge level, child protective service workers, 3 mo study, 25606
use & therapeutic value of drawings within child sexual abuse investigative interview process, 31942
use of amobarbital interview in psychodiagnosis & psychotherapy, 34987
variability & use of dolls in interview practice & characteristics of respondents, interviewers who investigate child abuse, 24399
ways of listening in interviewing & analysis of depressed women in qualitative research, 19686
yes/no vs wh- question format, response accuracy & errors during interviews, 3–5 yr olds, implications of eyewitness testimony by preschoolers, 33626

Interviewing—Books

A child interviewer's guidebook, 21278
Clinical interviewing (2nd ed.), 15169
Effective interviewing of children: A comprehensive guide for counselors and human service workers, 21012

Interviewing—Chapters

Asking questions about threatening topics: A selective overview, 36112
Excerpts from an academic conference and recognition of suicidal risks through the psychological examination, 8309
Interest assessment using card sorts, 19398
Trauma talk in feminist clinical practice, 38062
What the media need from news sources, 36695

Interviews [See Also Intake Interview, Job Applicant Interviews, Psychodiagnostic Interview]—Serials

30-day summary measures vs expanded version of Timeline Follow-back interview technique, assessment of alcohol & drug use & sexual behavior, gay/bisexual 18–60 yr old men, 8366
analysis of truth–lie discussions in interviews with 1.8–14.7 yr olds, implications for forensic interviews, 13942
appreciative inquiry as organization development intervention, 22602
approaches taken to interviewing persons with mental retardation & implications for well-being & quality of life scores, 22856
Chronological Assessment of Suicide Events interviewing strategy for elicitation of suicidal ideation in mental health & primary care settings, 6633
client/family attitudes toward debriefing by therapist vs separate debriefer, 34881
cognitive interview &/vs conversation management training, perceived quality of perpetrator descriptions, police officers, 32559
cognitive interview reinstate context vs mental & physical context reinstatement vs multiple reinstatement of context, recall, 19–46 yr olds, 1-wk & 3-mo followups, 29628
cognitive interview technique, information recall, 19–59 yr olds with learning disabilities, 30987
cognitive interview techniques & eyewitness memory recall, commentary, 32517
cognitive interview, correct & incorrect recall, 29638
cognitive vs other interview techniques in investigation of eyewitness memory, 32518
cognitive vs standard interview, facts remembered, witnesses, 2 wk followup, 32515
collaboration of interviewers & interviewees in interpretation of research data & construal of researcher role in ethnographic research, commentary, 3398
collaboration of interviewers & interviewees in interpretation of research data & construal of researcher role in ethnographic research, 3395
correspondence between attachment status measured by Relationship Questionnaire vs Adult Attachment Interview & relation to trust & closeness & love in relations with mother & partner, adult females, 13047
criterion-related validity of situational interview, assessment of past behaviors or future intentions, 9994
depression screening using automated Spanish- & English-language voice recognition vs live interviews, English & Spanish speaking females (mean age 33.7 yrs) from women's clinic, 26151
development & reliability & validity of Structured Interview for Assessing Perceptual Anomalies, sensitivity & attention to & inundation of sensory stimuli, schizophrenia patients, 30700
development & use of Short Explanatory Model Interview for assessment of health & illness, White vs Black vs Asian female mentally disordered patients, England vs Zimbabwe, 81
development & validation of Mini-International Neuropsychiatric Interview, diagnosis of DSM-IV and ICD-10 psychiatric disorders, psychiatric patients, 6635
development of structured pain interview & comparison with 0–10 scale, prevalence of chronic pain, nurses & nursing home residents, 1 mo followup, 22911
disclosure of abuse during interview process, possibly sexually abused 5–10 yr olds , 27769
discursive resources & techniques in research interviews on construction of nature of marriage, 25–35 yr old participants, 17488
effect of cognitive interview on face identification accuracy, undergraduate students, implications for real world eyewitness identification, 19846
effectiveness of brief interview-based interventions, secondary school students with emotional & behavior problems, 32327
exit interview to promote attitudes of self competence & celebrate transition to professional status, master's level marriage & family therapy students, 38687
expectancies & group vs individual interview procedures & recall trial, early autobiographical memories, college students, 36290
face & concurrent & predictive validity & inter-rater & test-retest reliability of clinical interview scale, general practitioners, 6671
importance of contracting process & clear formulation of contract, successful outcome of careers interview, recordings of careers interviews conducting by 29–49 yr old careers advisers, 12787
interview accounts of psychosocial health & experience of distress, 20–89 yr old females, Wales vs Ghana, 20783
interview type & witness credibility & interviewer manipulativeness, college students, 32516
interviewer distorted details, responses to questions during investigative interview, 3–14 yr old alleged victims of child abuse, 13013
limitations of Composite International Diagnostic Interview for somatoform symptoms, Latino primary care patients, 32706
long term clinical validity of interviews used in making lifetime diagnosis of depression, 40–81 yr olds interviewed 25 yrs earlier, 34088
mail surveys vs interviews for evaluating HIV counseling & testing sites, 22904
measurement of expressed emotion toward children using individual vs family interviews, parents of 11–17 yr olds with eating disorders, 21417
medical interview as vehicle for disclosure of child sexual abuse, 25387
method of defining family from individual perspective based on family therapy techniques & use of family list & family map & verbal interview, family members, 31557
methodological issues in use of telephone vs face-to-face interviews for survey work & application to study of continence care service, 19–92 yr old incontinence sufferers, 6743
modifications & revisions for use of cognitive interview technique in enhancing memory recall, 7–12 yr old victims or witnesses to crimes, implications for social work practice, 26050
multiple free recall vs mnemonic recall strategies in cognitive interview, correct information recalled, 19–21 yr olds, 29625
objective vs subjective ratings for assessing satisfaction regarding incontinence & mobility care, nursing home residents (mean age 87.9 yrs), 31993
open-ended vs focused prompts, number of words spoken & details elicited in investigative interviews, 5–6 vs 9–10 yr olds alleging physical abuse by their parents, 13940
orality & literacy in 1964 German television interview of H. Arendt by Gunter Gaus & loss of temporal organization in subsequent transition to readable literate prose, 816
perceived protection from retaliation & use of data to create positive organizational change, self disclosure during exit interviews, graduate business students, 25858
qualitative interviews & video-recording as methodology to study GPs' decision-making during consultations, 25333
question type & brief preinterview training with instructions & practice, responses to questions in structured interview, 9–13.9 yr olds, 10772
reliability of Parent Disclosure Interview, information about parental disclosure of HIV status, 24–47 yr old mothers with HIV infection, 31130
self-administered computerized version vs delivered by human interviewers, Composite International Diagnostic Interview, 18–82 yr old anxiety treatment clinic patients, 3328
self-report vs interview-based quality of life measures, 20–50 yr olds with schizophrenia, 1583
sexual behaviors & verbalizations in anatomically detailed doll interviews, unabused 3–6 yr olds with externalizing problems, 14710
social desirability distortion in computer-administered vs traditional paper-and-pencil questionnaires vs face-to-face interviews, 35866
stability & specificity & sensitivity of clinical diagnosis & Autism Diagnostic Interview-Revised at 20 & 42 mo, children with autism spectrum disorders, 26133
structured interview vs Phobia Origins Questionnaire, validation of onset of phobias, 17–48 yr olds & their parents, 6616
test–retest reliability & internal consistency of Swedish translation of Lancashire Quality of Life Profile, 18–69 yr old psychiatric inpatients, 78
use & perceived forensic effectiveness of cognitive interview, police officers, 32558
use of cognitive interview with traumatized crime victims, police officers, 32520
use of computerized interview with vs without adult present vs standard verbal interview, event recall & willingness to disclose secret, 5–6 vs 7–8 yr olds, 36703
use of Patient Exit Interview in assessment of physician-delivered counseling interventions for health behavior changes & smoking cessation, patients in primary care clinic, 12370
use of retrospective 1-time &/vs repeated weekly interviews for assessment of community violence, 22–34 yr old poor urban Black females with 10–12 yr old sons, 36093
validity of Computerized Assessment System for Psychotherapy Evaluation and Research, measurement of treatment outcome, 18–63 yr old psychiatric outpatients, 31426
validity of DSM-IV & ICD-10 self report personality questionnaire vs fully structured interviews, identification of personality disorders, 18–63 yr old psychiatric patients, 50
validity of SCID-III-R vs UM-CIDI for diagnosing major depression, male medical inpatients, 6604
validity of Semi-Structured Assessment for the Genetics of Alcoholism, measurement of physical & psychosocial & psychiatric manifestations of alcohol abuse & comorbid disorders, 18–62 yr olds, 35942
verbal vs enactment interview condition & child behavioral style & language skills, 1 & 6 wk recall of pediatric examination, 3 vs 5 yr olds, 17254

Interviews [See Also Intake Interview, Job Applicant Interviews, Psychodiagnostic Interview]—Books

ChIPS, 30642
Effective interviewing of children: A comprehensive guide for counselors and human service workers, 21012

Interviews [See Also Intake Interview, Job Applicant Interviews, Psychodiagnostic Interview]—Chapters

The adult attachment interview: Historical and current perspectives, 19584
Assessing protocols for child interviews, 36101
Combining focus groups and interviews: Telling how it is; telling how it feels, 22981
How the test lives on: Extensions of the Thematic Apperception Test approach, 32623
An interpretive poetics of languages of the unsayable, 23806

Preparing the patient for group psychotherapy, 38151
Intestines—Serials
benzalkonium chloride, small intestine & its functioning & satiety & discomfort associated with distention of gut, male rats surgically prepared with Thiry-Vella intestinal loop, 4227
duodenal infusion of fats, satiation in small intestine during sham feedings, obesity-resistant vs obesity-prone rat strains, 23422
ethanol exposure, intestinal absorption, male Winstar rats , 33320
integrity of indigenous microflora of intestines after maternal separation & relation of psychological stress to pathogen infection, infant rhesus macaques , 33335
mechanical distention of small intestine, taste reactivity, male rats, 29931
somatosensory masking of distention stimuli in colon, 21–30 yr olds, 3440
Intimacy—Serials
ability of cognitive indexes of including other in self to differentiate degrees of & correspondence to aspects of closeness & relation to aspects of relationship experience, college students, 30390
bias in self–other judgments & conflict in intimate relationships & gender role stereotypes in nonintimate relationships between sexes, male and female adults, 1257
commitment & constraints to intimacy at midlife, 35–52 yr old African American couples in committed relationships, 7666
content analysis of explanations for decisions in identity–intimacy dilemma scenarios, female vs male 15–18 yr olds, 7519
contraceptive use & expected levels of emotional & social & sexual intimacy, 18–23 yr old heterosexual dating couples, 17520
developmental regulation of relationship goal activation & deactivation & psychological well-being, 21–35 yr olds vs 49–59 yr olds committed to vs separated from an intimate partnership, 15 mo study, 27306
evolutionary vs belief based hypotheses about sex differences in jealousy as function of emotional vs sexual infidelity, US vs Japanese vs Korean undergraduates, 14205
friendships & perceived intimacy within peer relations & social support, misconduct & petty crime, 13–18 yr olds, 21367
gender roles & marital intimacy & spousal caregiving, married males vs females (aged 21–65+yrs) undergoing cancer treatment, 22207
high vs low risk-in-intimacy perceptions, schema accessibility in memory & interpretation of social situations, college students, 17612
interdependence-based model of associations among commitment & pro-relationship behavior & trust in close relationships, couples, 37080
intimacy & involvement in relationships with friends &/vs siblings & relation to own psychosocial functioning & family & neighborhood contexts, 10–13 yr olds, 14048
intimacy & self-disclosure, need fulfillment & well being, couples, 4729
intimacy in adolescent friendships, males vs females, 2 yr study, 20588
intimate partner relationships & sexual self-image, HIV seropositive adults, 8553
intimate relationships & sexual decision-making, 23–54 yr olds receiving treatment for severe & persistent mental illness, recommendations for HIV risk assessment & prevention , 17762
leisure activity type & social skills & positivity, satisfaction & maintenance potential of joint leisure time, romantic vs friend adult dyads, 1224
levels of past and current intimacy in caregiver–patient relationship, expressed emotion, family caregivers of dementia patients, 2026
love & intimacy & hate in relationships, implications for clinical practice, 8843
love & intimacy in relation to psychoanalysis, 8842
massage vs positive vs negative emotional experiences regarding close relationships, changes in plasma oxytocin, 23–35 yr old females, 26858
passionate love as function of change in intimacy, 14236
post-modern self investigation of egalitarianism & group dynamics & intimacy & empathy & power & subjectivity during feminist research, adult survivors of childhood sexual abuse, commentary, 14202
post-modern self investigation of egalitarianism & group dynamics & intimacy & empathy & power & subjectivity during feminist research, adult female survivors of child sexual abuse, 14671
proximity & threats & dangerousness & violence, intimate vs non-intimate relationship stalkers & victims, 34411
psychoanalytic & attachment theory & loss & relationship & intimacy issues in counselling, 29 yr old man with angry & violent impulses, 5489
relation between perceived inequity & perceived marital intimacy, husbands & wives, 1122
relative intimacy hypothesis as motivation in secret transmission, 16–38 yr old college students, 33938
self perceived attachment characteristics & emotional intimacy between partners & social projection of & perceived attachment in partners, young adult dating couples, 14276
self-reported sexual betrayal against partner & acceptance of betrayal under different circumstances & sexual & intimacy & demographic variables, heterosexual 18–24 yr olds, 37054
sex differences & relationship closeness, perceptions of condom introducers, Mexican American vs White 18–50 yr olds, 4672
sex, competitiveness & intimate same-sex friendships, 13–19 yr olds, Hong Kong, 17326
sex, continuity or change in friendships with casual vs closest friends, Ss tested at age 59–79 & 73–93 yrs, 14 yr study, 36886
stigmatization of social & intimacy loneliness, college students, 17614
types of dating relationship problems, casual vs involved college students, 7827
Intimacy—Books
Intimacy in crisis: Men and women in crisis through the life cycle and how to help, 20850
Minding the close relationship: A theory of relationship enhancement, 33912
Intimacy—Chapters
Addressing late life developmental issues for women: Body image, sexuality, and intimacy, 30268
Capacity for intimate relationships: A developmental construction, 36843
Emotionally focused couple therapy: Straight to the heart, 18626
Expressing emotion and intimacy, 11141
Homicide between intimate partners: A 20-year review, 8408
Incest and secondary victimization in intimate relationships: A psychotherapeutic case study, 34331
The Intimacy Genogram, 38175
Intoxication [See Toxic Disorders]
Intoxication (Alcohol) [See Alcohol Intoxication]
Intra Aural Muscle Reflex [See Acoustic Reflex]
Intracranial Self Stimulation [See Brain Self Stimulation]
Intramuscular Injections—Serials
effectiveness of fluphenazine decanoate injections every 2 vs 6 wks, outpatients with schizophrenia or schizoaffective disorder (mean age 35 yrs), 15285
obstruction of airways after im injections of levomepromazine & iv injections of benzodiazepine, 20–40 yr old males with schizophrenia, 5633
Intraperitoneal Injections—Serials
conditioning to long-term dopamine D1 antagonist intraperitoneal injections, catalepsy, male mice, 36538
role of spinal nitric oxide in antinociception induced by peripheral &/vs intrathecal injections on oxotremorine, male rats, 17060
Intravenous Drug Usage—Serials
age related factors & experience & treatment of AIDS, older HIV positive injecting drug users, 1984
assessment of risk factors in & prevalence of drug users giving or receiving injections from other injection drug users, 24525
association of verbal persuasion &/or observation of peer behavior with unclean needle sharing & needle cleaning practices, high-risk for HIV infection injection drug users, 18050
attitudes toward injecting drug users & AIDS-related stigma, Black vs White adults, 18300
changes in sexual behavior, cohort of HIV+ & HIV- males who use injection drugs, 4 yr study, 21306
clinical & pharmacokinetic features of oral vs iv administration of methadone, heroin dependent Ss in methadone maintenance treatment programs, 25520
collaborative multimethod evaluation of HIV prevention needle exchange program for young injection drug users, 15462
dropping out of high school & completing graduate equivalency certificate & other aspects of educational attainment, risk for iv drug usage, African American adults, 24532
drug network characteristics & cessation of drug use, adult injection drug users, 32042
drug use & medical & psychiatric & criminal history, male cocaine users with current vs past vs no iv use, 1789
drug use patterns, sexual & injection related HIV risk behaviors, runaway or homeless or street youth, 5077
evaluation of modified needle-cleaning intervention using bleach, behavior change & correlates of safer cleaning practices, injection drug users, 2–4 we & 6 mo followups, 9036
extent & nature of self-reported non-fatal overdose & injecting behavior, 14–54 yr old injecting drug users, 30904
factors influencing order of injecting with shared needle & syringe, 17–53 yr old iv drug users, 8341
government sponsored needle exchange program & sources of sterile syringes & reasons for accessing sources, injection drug users, Puerto Rico, implications for health promotion, 28766
health care systems & drug user policies & mortality & morbidity, injection drug users, Netherlands vs US, 18084
HIV/AIDS risk behaviors & AIDS prevention needs, Native American injection drug users, 35117
injected & crack cocaine & heroin use & spread of HIV & AIDS in South America & Caribbean, 24744
injecting drug use, male prison inmates, Greece, 27791
injection-related risk behaviors in regards to HIV transmission, Netherlands, 28085
knowledge of tuberculosis & attitudes & tuberculosis test return rates, iv drug users, 18887
methamphetamine use, sexual & injection HIV risk behaviors, out of treatment iv drug users (aged 17–72 yrs), 30899
moral status ascribed to self & discursive strategies to protect this status when admitting to needle sharing practices, 16–21 yr old iv drug users, 8375
mortality rate & cost-effectiveness of methadone maintenance as method of substance abuse treatment, 25 yr old injecting heroin addicts, 32026
needle & drug solution & paraphernalia sharing, iv drug users, implications for HIV risk, 1796
patterns & correlates of injecting vs smoking routes of heroin use, Indochinese vs Caucasian heroin users (mean age 26 yrs), Australia, 11641
persistent or recurrent major depressive disorder, HIV positive vs negative IV drug users with vs without history of major depressive disorder, 11292
prevalence of childhood abuse & neglect histories, iv drug using females (aged 18–45 yrs), 30898
prevalence of hepatitis C virus, injecting drug users with short injecting histories vs users after expansion in harm reduction programs, 31960
prevalence of heroin dependence & somatic health & social & psychiatric status at time imprisonment & personality traits & cognitive functioning, smoke- vs injection-heroin-dependent prisoners, 27838
prevalence of peripheral neuropathy, HIV-seronegative vs HIV-seropositive iv drug users, 30867
relationship between depressive symptoms & drug network & needle sharing behavior, 19–61 yr old intravenous drug users, 18067
reliability & validity of self-reported drug use & criminality & HIV risk-taking, injecting drug users, commentary, 5074
reliability & validity of self-reported drug use & criminality & HIV risk-taking, injecting drug users, 5073
risk & protective personality & familial & peer related psychosocial factors, coping ability, female iv drug users with vs without HIV, 27462
risk behaviors for HIV & age of initiation into drug use, injection drug users, 18034
service utilization & nature of interaction in US needle exchange programs, anabolic steroid injectors, 38462
social support networks & homelessness, injection drug users, 5.2 mo followup, 1787
stochastic simulation model of spread of HIV in social networks, injecting drug users, 5268
use of lemon juice as heroin solvent, injection drug users, Spain, 21334
use of observational & key informant interview data in community identification process & use of data in decision making & planning & implementing needle exchange program, urban iv drug users, 28651
variables associated with increase in condom use following HIV intervention, injection drug users, 6 mo followup, 18062
Intravenous Drug Usage—Books
Social networks, drug injectors' lives, and HIV/AIDS, 24751
Intravenous Drug Usage—Chapters
Harm reduction and HIV/AIDS prevention, 2549
Interventions for injecting drug users, 31849
Redefining categories of risk and identity: The appropriation of AIDS prevention information and constructions of risk, 8392
Intravenous Injections—Serials
development of rapid transient hypotension after administration of low dosages of iv haloperidol, 43 & 56 & 78 yr old female medical inpatients given iv imipenem, 38402
drug & health service contact, female injecting drug users, London, 2568
drug injection & other HIV-risk taking behaviors, heroin & methamphetamine users, 18090
epidemiology & clinical & demographic correlates & mental health treatment & health ramifications of & co-morbid psychiatric conditions associated with blood injection injury phobia, 27–65+ yr olds, 1635

HIV infection & AIDS prevention among injection drug users, 12354
information processing biases toward medical & disgust-threat stimuli, participants with blood-injection-injury phobia, 14621
injection-related risk behaviors in regards to HIV transmission, Netherlands, 28085
iv valproate loading, acutely manic & depressed bipolar I patients, 28433
Intrinsic Motivation—Serials
changes in beliefs about intrinsic motivation in mathematics education before & after implementation of Realistic Mathematics Education curriculum, middle school teachers, 1 yr followup, 22411
classroom characteristics, intrinsic motivation for participation in literacy tasks, 3rd & 5th graders, 9526
competition & achievement orientation & feedback, intrinsic motivation, adults, 19891
divergent motivations & self-serving biases & extrinsic incentives bias, business students & personnel, test of lay theories, implications for organizations, 19417
external reinforcement strategies, internal motivation & health behavior change, 2529
functional analysis of token rewards, intrinsic motivation for mathematics, 9 & 11 yr old males, 38844
individual differences in orientation toward intrinsic motivation in leisure behavior & life satisfaction, retired 57–92 yr olds, 7602
individual vs situational motivational factors, coping strategies, adults athletes with vs without disabilities, 32408
interrater reliability & salience of reasons for living vs for dying, 17–40 yr old suicidal outpatients, 27783
intrinsic vs extrinsic motivation & mood induced bias & bias correction, evaluation of political candidates, college students, 11155
intrinsic vs extrinsic orientation to religion & schizotypal personality traits, 18–49 yr old college students, 37432
intrinsic vs extrinsic religious motivation, attitudes toward death & dying, 65–87 yr olds , 999
intrinsic vs extrinsic reward orientation & commission vs compensation based compensation plan, motivation to work under task difficulty vs nonchallenging job environment, sales personnel, 3067
intrinsic vs identified regulation & personal relevance of vote & pleasant emotions & reported voting in context of Canadian political campaigns, eligible 18–28 yr old, 11054
keeping vs not keeping the end-product of therapeutic activities, intrinsic motivation, 19–31 yr old college students, 13369
model of integrated intrinsic & extrinsic motivation in sport, 19450
motor coordination, intrinsic motivational orientation in sport, male vs female 8–12 yr olds , 845
natural intrinsic or extrinsic properties of Super's Work Values Inventory scales, 3368
nonlinear dynamics & modeling of motivational flow, 33007
participation in Book It! reading program & parental pay for reading, intrinsic motivation for & amount & enjoyment of reading, college students, 13366
performance based reward & expectancy & desire for control, intrinsic motivation & perceived self-determination & competence & autonomy & organizational support & mood & job performance, employees, 38987
provision of choice, intrinsic motivation, Anglo- vs Asian-American 3rd–5th graders, 10856
relationships among achievement motivation & Type A behavior & motivational orientation, college students, 20948
reliability of Age Universal I-E Scale-12, measurement of intrinsic vs extrinsic dimensions to religiosity, adults & school children, US & England & Northern Ireland & Republic of Ireland, 32608
role of intrinsic motivations & extrinsic incentives in gift-exchange game with incompletely specified contractual relations, college students, implications for labor relations, 30399
self-set vs coach-set goal strategy & locus of control, on-task behavior, Level 8 & 9 female gymnasts, 19448
selfobject identification as motivation to make victims of Depression era central motif of photographs & transform objects of pity to heroic icons, D. Lange, 30075
Intrinsic Motivation—Books
Learning through children's eyes: Social constructivism and the desire to learn, 28916
Intrinsic Motivation—Chapters
Independence from whom? Interdependence with whom? Cultural perspectives on ingroups versus outgroups, 27343
Introjection—Serials
inpatient psychotherapy, analysis of dominance in introjection & patient–therapist interaction, case study of a 37 yr old male suffering from psychogenic bronchial asthma, 28297
psychoanalytic approach to heroic self & projective & introjective identifications in creative process & personality, 30556
Introspection—Serials
introspection & decision making, college students, 16606
introspectionist & phenomenological & Buddhist approaches to study of first-person experiences of consciousness, commentary, 16696
introspective approach to study of first-person experiences of consciousness, 16728
introspective approach to study of first-person experiences of consciousness, commentary reply, 16727
introspective approach to study of first-person experiences of consciousness, commentary, 16706
Introspection—Chapters
Why study Wundtian psychology?, 3616
Introversion—Serials
complexity of background music, performance on 4 cognitive tasks, introverts vs extroverts, 11205
doses & subjective effects of caffeine in morning vs evening, introverts vs extraverts, 26804
group zig zag model for facilitating convergence in problem solving by incorporating Extraversion-Introversion attitude preference into Myers's zig zag & implementation in curriculum design, students , 19242
relationship between cerebral blood flow & introversion/extraversion, 19–48 yr olds, 10516
social withdrawal & academic & social self efficacy & popularity & happiness, introverted vs extraverted 12–15 yr olds at risk for future maladjustment, 2959
vocal & instrumental music as distractors, cognitive test performance, introverted vs extraverted 16–18 yr olds, 20566
Intuition—Serials
constraint relaxation & decomposition of perceptual chunks & insight problem solving, college students, 36222
description & modeling of psycho-phenomenology of intuition & intuition–insight distinction, implications for study of first-person experiences of consciousness, commentary reply, 16715
description & modeling of psycho-phenomenology of intuition & intuition–insight distinction, implications for study of first-person experiences of consciousness, commentary, 16703
description & modeling of psycho-phenomenology of intuition, implications for study of first-person experiences of consciousness, 16714
description & modeling of psycho-phenomenology of intuition, implications for study of first-person experiences of consciousness, commentary, 16718
importance of both analytical & intuitive skills in clinical reasoning & assessment & decision making, clinical psychologists, 25688
intuition & creativity & experiential knowledge in psychotherapy, severely depressed 32 yr old male, 34770
intuition & intellectual deficits, idiot savants, 24607
intuition-analysis style & process-based & cognitive approaches to studying & validity of short form approaches & Studying Inventory, undergraduates, 32976
linguistic competence & visuospatial representation, mathematical intuition, bilingual Ss, 19694
overlap & inconsistency between philosophical & psychological notion of intuition, 33993
predictive accuracy with human intuition & mechanical decision models, accounting students, 6876
role of philosophy & science & technology & intuition in study of verbal behavior, 33546
speaker intentions & propositional attitude ascription that invoke contextual variation in semantic content & truth intuitions, 36673
tacit knowledge & intuition & collective mind & model of strategic decision making process, top management teams, 6293
use of inferential processes & intuition, cognitive processes involved in hindsight or knew it all along effect, college students, 23115
Inventories [See Also Biographical Inventories, Interest Inventories]—Serials
applicability & validity of Major Depression Inventory & concurrent validity with Zung Self-Rating Depression Scale, 36–70 yr olds with Parkinson's disease , 65
cluster analysis & criterion validity of brief values inventory scales, 6599
Cohen-Mansfield Agitation Inventory vs CERAD Behavioral Rating Scale for Dementia, caregiver administered assessments of behavioral disturbances, community-dwelling AD patients, 12-mo study, 6639
Comprehensive Inventory of Basic Skills-Revised, test review, 36034
confirmatory factor analysis of the Learning Style Inventory (LSI-1985), undergraduates, 26230
construct validity & internal consistency of a Chinese Chronic Illness-Related Stress Inventory, primary care patients with chronic illness, 26204
construction & structural analysis & clinical applications of Delusions-Symptoms-States Inventory, literature review, 9922
criterion related validity of Psychopathic Personality Inventory, self report measure of psychopathy based on Psychopathy Checklist–Revised cutting scores, 17–21 yr olds in youthful offender prison, 6626
development & factor structure & validity & reliability of Borderline Personality Inventory, borderline & nonborderline & schizophrenic psychotherapeutic inpatients, 29374
development & psychometric properties of short version of Team Climate Inventory, evidence of 4-factor structure of team climate, social & health care personnel, 22922
development & psychometric properties of Washington Primary Care Interest Inventory, measure of attitudes about appropriate psychosocial concerns for family physicians, medical students, 6549
development & reliability & validity & psychometric properties of Reasons for Living Inventory for Adolescents, assessment of suicidal behavior, clinical & nonclinical 14–18 yr olds , 6624
development & reliability & validity of Relationship Self Inventory, assessment of general self-orientations & manifestation of connection, male &/vs female 16–78 yr olds, 3300
development & reliability of Comprehensive Childhood Maltreatment Inventory, college students, 35955
development & validity of Pilot Response Predisposition Inventory, aircraft pilots, implications for aviation safety, 12984
development of HIV version of Unsupportive Social Interactions Inventory, assessment of social support & unsupportive social interactions & association with depression, 21–62 yr olds with HIV, 26145
development of inventory to measure knowledge of behavioral methods, caregivers of patients with severe psychiatric impairments, 16370
development of Scott–McIntosh Rumination Inventory, measurement of emotionality or motivation or distraction component of thoughts about failed goal pursuits, college students, 16327
development of Self-Harm Inventory to identify borderline personality disorder through self-destructive behaviors, adults, 28
discriminant & predictive validity of Dutch translation of Golombok Rust Inventory of Sexual Satisfaction, sexology & gynecological outpatients with vs without sexual problems, 16355
evaluation of Risk for AIDS Behavior & development of AIDS Risk Inventory, drug abusers, 8340
evaluation of Yale-Brown Obsessive Compulsive Scale for heavy drinkers, pre-treatment vs end treatment results & severity of symptoms & psychometric properties, moderately heavy alcohol abusers, 36011
factor analysis & structure & psychometrics of Impact Message Inventory, description of interpersonal behaviors, adults, 23978
factor analysis of Big Five & Factor V subcomponents, prediction of Social Intelligence, 17–48 yr olds, 26120
factor analysis of Estonian-language Religious Status Inventory, Christian students & church members, 14129
factor structure & validity of Temptation & Restraint Inventory, prediction of drinking restraint, male adults (mean age 23 yrs) vs female adults (mean age 22.5 yrs), 34347
factorial structure of Anorexia Nervosa Inventory for Self-Rating & its short form, assessment of anorexic attitudes & symptoms, 11–30.9 yr old females, 6627
factorial validity of Dizziness Handicap Inventory, 23–78 yr old patients with vestibular disturbance, 19570
factorial validity of Dutch version of Maslach Burnout Inventory, 21–62 yr old dentists, 13115
feasibility & range of measurement of Pediatric Quality of Life Inventory-32 assessment of health-related quality of life, 8–18 yr old pediatric cancer patients, 32658
Five-Factor Personality Inventory psychometrics & construction & availability of translated versions, 19597
gender & Holland type as moderators of validity & interpretive utility of Skills Confidence Inventory, employed adults, 115
generalizability of item-level discriminant validity of anxiety & depression in the State-Trait Anxiety & Children's Depression Inventories, clinically referred vs nonclinically referred 8–14 yr olds, 35958
internal & external validity of Thinking Styles Inventory, gifted 12–17 yr olds, implications for gifted education, 32309
internal consistency & reliability & concurrent & discriminant & factorial validity of Maudsley Obsessional Compulsive Inventory, obsessive compulsive & neurotic & normal subjects (aged 17–77 yrs), 13061
item response based development & validity of Readiness Inventory, assessment of readiness for 1st grade, preschoolers with vs without intensive readiness preparation training, 22917

objective personality inventories & suicide prediction & risk assessment utility, 27784
P300 & personality dimensions of Temperament & Character Inventory, hospital staff (mean age 33.7 yrs), 22846
psychometric integrity of Czech version of Temperament & Character Inventory,18–60 yr olds, 32600
psychometric properties of Beck Anxiety Inventory, nonclinical 55–96 yr olds, 9897
psychometric properties of Emotional Creativity Inventory, assessment of structure & correlates of emotional creativity, 17–56 yr olds, 17645
psychometric properties of White Bear Suppression Inventory & its association with dimensional & categorical measures of psychopathology & proneness to dissociation, psychiatric outpatients, 29393
psychometrics & factor structure of modified version of Texas Grief Inventory, grief following miscarriage, women, 22871
reliability & validity of Pediatric Quality of Life Inventory, assessment of health-related quality of life, 8–18 yr old on-treatment & off-treatment pediatric cancer patients & their parents, 13079
reliability & validity of Toddler Behavior Screening Inventory & its utility in differentiating clinical from nonclinical samples, mothers of 12–41 mo olds, 35947
reliability of AIDS knowledge inventory, 18 yrs or older Black drug users, 18893
reliability of Oxford Happiness Inventory & score correlations with Eysenck's personality dimensions, male vs female college students, 6585
response latency measures for biographical inventory, increasing inventory validity, navy recruits, 22831
sample cluster analysis of nonmarital Alcohol Use Inventory primary scales, alcoholics in Matching Alcoholism Treatments to Client Heterogeneity project, erratum, 32050
scale construction of Maslach Burnout Inventory, physicians & their spouses , 35888
scores on Millon Behavioral Health Inventory Life Threat Reactivity Scale, prediction of cardiac mortality & personality traits, patients awaiting heart transplantation, 5 yr followup, 9880
Structured Inventory of Malingered Symptomatology for identifying malingered psychiatric disorders, honest vs exaggerating Ss (mean age 23.14 yrs), 35933
Substance Abuse Subtle Screening Inventory-3, efficacy in identifying substance dependence disorders in clinical settings, adults independently diagnosed with vs without substance dependence disorder, 3319
suitability of State Trait Anxiety Inventory for Children Trait version for assessment of DSM-IV anxiety disorders, 8–17 yr old asthmatic outpatients, 32659
validation of the Padua Inventory, self-report measure of obsessive & compulsive symptoms, 15–18 yr old Italian adolescents, 29378
validation of the Sanford Center for Narcolepsy Sleep Inventory, measurement to screen for presence of definite cataplexy, patients diagnosed with narcolepsy, 13088
validation of Trauma Symptom Inventory, assessment of trauma related difficulties, female 17–56 yr olds with vs without histories of childhood sexual &/or physical abuse, 9902
validity & psychometric properties of Padua Inventory, assessment of genetic structure of obsessionality, 15–75 yr old twins, 32606
validity & reliability & conceptual design of Revised Approaches to Studying Inventory & creation of interval level scale, undergraduates, 16383
validity & reliability of wellness inventory, graduate students less that 54 yrs old, 18783
validity of Child Adjustment Inventory, adjustment to early phase of divorce & family functioning, 5–16 yr olds from divorcing families, 16312
validity of Chronic Pain Coping Inventory, patients, 19620
validity of Estonian version of Eating Disorder Inventory–2 & contribution of personality & emotions to self-reported eating attitudes, 15–45 yr old eating disordered vs weight preoccupied females, 29388
validity of new version of the Rational–Experiential Inventory, relation of rational & experiential information processing styles to personality & beliefs & ratio-bias phenomenon, undergraduates, 19600
validity of parental report MacArthur Communicative Inventory for measurement of vocabulary & grammar & syntax, parents of 24–49 mo olds with specific language delays, 16313
validity of Spanish version of 49-item short form of Addiction Research Center Inventory, subjective effects of sedatives vs stimulants vs opioids, healthy & opioid-dependent males, 24510
women's hostile & benevolent prejudices & stereotypes about men, 16–86 yr olds, application of the Ambivalence toward Men Inventory, 35896

Inventories [See Also Biographical Inventories, Interest Inventories]—Books
Assessing adolescents with the MACI: Using the Millon Adolescent Clinical Inventory, 13085
Inventories [See Also Biographical Inventories, Interest Inventories]—Chapters
The Adult Personality Inventory, 26126
Assessing adolescent drug use with the Personal Experience Inventory, 26195
Beck Anxiety Inventory, 26194
Butcher Treatment Planning Inventory (BTPI): An objective guide to treatment planning, 26190
Evaluating the structure of personality, 24378
Hamilton Depression Inventory, 26179
Identification and treatment of traumatic life experiences, 99
Marital Satisfaction Inventory-Revised, 26095
Measuring interests: Approaches and issues, 16397
Personality Assessment Inventory, 26185
Personality Inventory for Children, Second Edition (PIC–2), Personality Inventory for Youth (PIY), and Student Behavior Survey (SBS), 26093
Quality of Life Assessment/Intervention and the Quality of Life Inventory ™ (QOLI®), 26212
Research on test and interest inventory interpretation outcomes, 16401
Studying outcome in adolescents: The Millon Adolescent Clinical Inventory and Millon Adolescent Personality Inventory, 26091
Use of the Children's Depression Inventory, 26191
Validity evidence for interest inventories, 16395
Invertebrates [See Also Mollusca, Worms]—Serials
predator defense strategies throughout development, sea hares, 29724
Investigation [See Experimentation]
Involuntary Treatment—Serials
attitudes toward enforced treatment & euthanasia, 17–18 yr olds with chronic diseases or disabilities, 37741
Bournewood court case of informal hospital admission, persons with mental disorders unable to consent to treatment or voluntary hospital admission, United Kingdom, 29259
clinical & diagnostic & social & psychiatric service characteristics, rates of compulsory care & admissions, 15 yr olds & older, Denmark vs Finland vs Norway vs Sweden, 1 yr follow-up, 18917
demographics & personal resources & dangerousness & degree of disability, prediction of initial legal status & commitment vs release decisions, psychiatric inpatients, 35816
effectiveness & flaws of procedures for coerced mental health treatment, 19528
effectiveness of compulsory ambulatory treatment order, patients with mental disorders, Israel, 22237
importance of cultural sensitivity & therapist self-awareness, therapists working with minority clients mandated to family therapy, 18591
legal protection in civil commitment & involuntary admitted patients & patients' rights & availability of mental health care, 3230
outcomes & experiences of treatment, consenting vs nonconsenting depressed patients who received ECT, 12267
pathways to care & rates of compulsory admission on 1st vs repeated contact with psychiatric services, White vs African-Caribbean vs Asian patients with schizophrenia, 20-yr study, 19012
patient progress following Thomas S. lawsuit, patients with intellectual disability inappropriately placed in state psychiatric hospitals, 32522
prevalence of PTSD symptoms & relation to psychosis & involuntary hospitalization, 21–63 yr old schizophrenic & delusional patients, 24215
reasons for review board's revocation of involuntary hospitalization certificates, case reports, 1987–1996, 22241
short-term benefits & long-term mortality rate & predisposing factors to compulsory hospital treatment, patients with anorexia nervosa, mean 5.7 yr followup, 32012
trends in London vs St. Thomas vs North Bay vs other provincial psychiatric hospitals concerning involuntary patient certification, 1987–97, Canada, 28731
use of Mental Health Act at tertiary assessment & treatment facility, individuals with learning disabilities, England, 30977
water intoxication, 26 yr old female patient with anorexia nervosa who received compulsory treatment, 1901
Involuntary Treatment—Chapters
Compulsory treatment of anorexia nervosa patients, 19208
Food refusal, forced feeding and the law of England and Wales, 19143
A perspective on voluntary and involuntary outreach services for the homeless mentally ill, 31932
A plea against compulsory treatment of anorexia nervosa patients, 19144

Involvement [See Also Job Involvement]—Serials
academic anxiety & procrastination, parental involvement with schoolwork, 13, 14 & 16 yr old Israeli students & their parents, 38846
choice accountability & issue involvement & prior knowledge, information acquisition & use in decision making, college students, 19814
citizen & youth action & youth & neighborhood development & neighborhood-based youth initiatives for involving young people in neighborhood development, 7628
collaborative participant role in research process, experimental Ss with learning disabilities, 13163
daily routines & crime in T. Hirschi's control theory in explanation for delinquency & in measurement of Hirschi's concept of involvement, 21366
development of sports involvement inventory, construct of sports involvement & relation between involvement & sports-related behavior, adults (mean age 32.5 yrs), 6562
effects of investments in the social capital of youth on political behavior & civic virtue in young adulthood, national sample of US 8th graders followed for 6 yrs, 33591
established family behavior patterns & elder & caregiver characteristics & nursing home policies & practices, expected vs actual involvement in nursing home, family members of nursing home residents, 31989
family involvement in early intervention & use of family assessment information in determining intervention goals, 28243
high vs low advertising message involvement, brand attitude accessibility, college students, 16206
intimacy & involvement in relationships with friends &/vs siblings & relation to own psychosocial functioning & family & neighborhood contexts, 10–13 yr olds, 14048
involvement in advocacy of mental health policy or decision making, mental health consumers vs family members, 9109
level & nature of professional involvement, internal & external group characteristics, peer-led self-help groups with some vs no professional involvement vs professional-led support groups, 12272
music therapy, active involvement & social & emotional & cognitive skills, Ss with dementia, 21996
parental attributions as predictors of educational involvement, school achievement, 6th graders & their parents, 38841
parental involvement with schools, teachers, Mexico, 28943
personality traits, participation in high demand self recording study, volunteers vs nonvolunteers, 3407
residential learning communities, learning & intellectual development & involvement, college freshman, 28965
role of involvement in dietary fat decisions in product attribute framing, college students, 39021
stability & change in urban African American father's involvement with their children, mothers of 3 yr olds, 30311
teachers' instructional strategies & self-report of involvement in mathematics, 5th–6th grade students in high vs low involvement classrooms, 9531
transferability of personal investment after retirement, 29–60 yr old disability sport, US vs Canada vs Israel vs UK athletes, 32410
triadic vs free vs direct sorting vs ranking vs attribute list picking, elicitation of attributes of low involvement product, adult female consumers, 32417
trust & control & involvement of employees in decision making, managers in automative industry, 22607
types of dating relationship problems, casual vs involved college students, 7827
utilization of practices designed to increase family participation in child assessment & value placed on practices by families & professionals, child development professionals, 38477
Involvement [See Also Job Involvement]—Chapters
Developmental stages of involvement in substance use, 14223
Social involvement, justice judgments, and the psychology of negotiation, 35681
Ions [See Electrolytes]
Iowa Tests of Basic Skills—Serials
standard error of measurement estimation technique for dichotomously-scored rating scales & comparison with mathematical modeling techniques using data from Iowa Test of Basic Skills, 9958
Iran—Serials
displacement experience, Iranian females, 20682
Iraq—Serials
health effects resulting from Gulf War, Iraq, implications for prevention of war, 7623
Ireland [See Also Northern Ireland]—Serials
forensic & clinical characteristics & custody & case outcomes, unfit to plead defendants, Ireland, 1850–1995, 32535
residence location & suicide rates & religious practice, males vs females, Ireland, 27787

season of birth effects, patients with unipolar or bipolar affective disorder, Ireland, 8093
Iron—Serials
iron status & depression, premenopausal 20–45 yr old females, 24200
MRI signal hypointensity & iron content of putamen nuclei, elderly patients with major depression, 4924
serum iron levels as risk factor for developing neuroleptic malignant syndrome, psychotic patients with vs without catatonia, 14411
Irradiation [See Radiation]
Irrational Beliefs—Serials
alienation & irrational beliefs, 16–57 yr olds, 17674
belief-type drug use myths index, prediction of subsequent drug use, high risk 14–19 yr old continuation high school students, 1 yr study , 17315
cognitive therapy for anxiety disorders & processes that maintain anxiety-related negative beliefs, 25049
construct validity & mental health correlates of Child & Adolescent Scale of Irrationality, irrational thought & emotionality, 10–17 yr olds, 32630
delusions of paranormal experiences resulting from affective & cognitive dynamics of interpretation of ambiguous stimuli, 18–60 yr olds, 325
efficacy of 4 session rational emotive education curriculum & endorsement of irrational beliefs, 4th graders, 4 yr followup, 34871
issues in patient's fears of childbirth & mothering & fantasy of giving birth to monster, 4800
just world & irrational beliefs, male vs female 21–56 yr olds, 4767
mental representation of referential relations between world & mind, 4–5 yr olds, 4417
metamemory ability & false beliefs, autistic vs mentally retarded children, 14820
presence of irrational decision-making bias in medical treatment conditions & nonmedical everyday behaviors, 18–45 yr old medical residents vs college students, 32278
relationship between intellectual level & dysfunctional cognitive style–irrational beliefs measured by Shipley Institute of Living Scale & Revised Questionnaire of Absolutistic Thinking, 17–37 yr olds, 6587
self-esteem & dysfunctional beliefs, full vs partial remission, non-psychotic major depressive inpatients, 2 yr followup , 30655
validation of Irrational Health Belief Scale & relation to health behavior & medical regimen adherence, college students & patients with Type I diabetes mellitus, correction, 16367
validation of Irrational Health Belief Scale & relation to health behavior & medical regimen adherence, college students & patients with Type I diabetes mellitus, 12274
Irrational Beliefs—Books
Battling the Inner Dummy: The craziness of apparently normal people, 37182
Irrational Beliefs—Chapters
Mr. G.'s analysis, 21855
Irritability—Serials
clinical & pathoanatomical correlates of irritability, traumatic brain injury patients with acute vs delayed onset irritability, 3 & 6 & 9 & 12 mo followups, 24820
infant irritability, maternal responsiveness, mother & 12 mo old infant dyads, 6 mo followup, 7536
lupron, mania, 28 yr old female with endometriosis & history of irritability & depression, 15329
sertraline HCl, symptoms of irritability &/or aggression, 20–57 yr olds with head injuries, 8-wk study, 5749
Irritability—Chapters
Prenatal and perinatal stress: Implications for neonatal soothing and integrity, 20644
Irritable Bowel Syndrome—Serials
biobehavioral model of visceral hypersensitivity in irritable bowel syndrome, 8507
childhood abuse & adulthood emotional distress & illness orientation & social dysfunction, adults with nonepileptic attack disorder or irritable bowel syndrome, 18280
definitions & childhood & family history & epidemiology & comorbidity & health care seeking & stress & life events & course, irritable bowel syndrome in adults & recurrent abdominal pain in children , 28009
issues in cognitive behavior therapy for treatment of irritable bowel syndrome & panic disorder, 29-yr-old female patient, 15184
management & promotion of self care activities, primary care patients with irritable bowel syndrome, 2447
perceived academic & social & athletic competence & symptoms of irritable bowel syndrome & functional disability, male vs female 11–23 yr olds with recurrent abdominal pain, 24688
prevalence of irritable bowel syndrome, outpatients with alcohol abuse or dependence, 5087
sertraline-induced exacerbation of irritable bowel syndrome symptoms, 42-yr-old female with irritable bowel syndrome treated for depression, 2303
social inhibition & delayed type hypersensitivity responses during intense social engagement & altered cellular immunity & elevated disease risk, adults with functional bowel disease &/or fibromyalgia, 24690
validity & reliability of irritable bowel syndrome misconceptions scale, 36008
Irritable Bowel Syndrome—Chapters
Irritable bowel syndrome, 14929
Ischemia [See Also Cerebral Ischemia]—Serials
biological & neuroticism & sensitization of emotion as risk factors, patients with atypical chest pain vs ischemic heart disease (mean age 51.3 yrs), 34596
coronary prone type II type of coping in interpersonal relations & other risk factors as predictors of ischemic heart disease, 19–92 yr olds, 34597
developmental mechanisms & role of heat shock protein system in autoinduced myocardium tolerance to ischemia & preconditioning as adaptive response to stress, 18336
efficacy & tolerability & safety of paroxetine vs nortriptyline, 18 yr olds & older outpatients with major depression & ischemic heart disease, 27616
forebrain ischemia with vs without acidic fibroblast growth factor, learning & memory, male Mongolian gerbils, 23537
Gerstmann syndrome, 59–yr old male with left subcortical angular gyrus ischemic lesion, 31280
lab-induced mental stress, relationship between high vs low emotional responsivity & transient myocardial ischemia, 36–74 yr olds with coronary artery disease , 28106
medical diagnosis & prognosis & prevalence & incidence & psychosomatic factors & symptoms & outcomes of angina & suspected ischemia, 45–74 yr olds from 1 primary provider, 3 yr retrospective study, 18330
mianserin, prevention of poststroke depression & effect on outcome of ischaemic stroke, hospital patients with acute ischaemic stroke, 21937
prenatal hypoxia-ischemia, nitric oxide synthase expression & activity & learning & memory, rats, 33057
relations between biological & psychosocial risk factors, adult males (mean age 56.8 yrs) with ischemic heart disease, 8588
stress reaction & personality traits & coping behavior & utility of microcomputer monitoring system for diagnosing silent ischemia, 41–70 yr olds with vs without angina pectoris, 18332
transient forebrain ischemia, mRNAs encoding brain derived neurotrophic factor in hippocampus & cerebral cortex & mediation by NMDA & non NMDA type glutamate receptors, rats, 3932
transient global ischemia, functional status of CA1 neurons & performance on spatial learning & Morris water maze, male rats, 23363
Islam—Serials
sexist & sex role attitudes of men & systematic authoritarian repression & oppression & abuse of women & effects on health under Taliban, Afghanistan & Pakistan, 33821
sexist & sex role attitudes of men & systematic authoritarian repression & oppression & abuse of women & effects on health under Taliban, Afghanistan & Pakistan, 33820
Isolation (Social) [See Social Isolation]
Isolation Effect—Serials
auditory preference for conspecific song, zebra finches reared in acoustic isolation, 26492
Isolation Effect—Chapters
Highlighting important words leads to poorer comprehension, 265
Isoniazid—Serials
isoniazid-induced pellagra, 63 yr old male with N-acetyltransferase genotype, 18270
Isoproterenol—Serials
clonidine vs norepinephrine vs isoproterenol vs ephedrine, thermal preference & body temperature, female rats, 23494
norepinephrine & associative conditioning, reaction to facial vibrissa stimulation & aversive shock & isoproterenol & somatosensory system, neonatal rats, 20115
Israel—Serials
adult attachment style & posttraumatic & psychiatric symptomatology in extreme life-endangering conditions, 18–52 yr old Jewish settlers, Israel, 30572
age & sex & birth place, structure & function of perceived instrumental & emotional support, 75–94 yr old Jewish Israelis, 3.5 yr follow-up, 36907
assessment of cultural sensitivity & lowered prejudice in social work education, 1st vs 2nd vs 3rd yr social work students, Israel, 28831
attitudes toward political protest & assassination of Y. Rabin, adults, 7724
attributed meanings & attitudes toward & integrative cultural dimension of end-of-life preferences & euthanasia, healthy & chronically or terminally ill 70–90 yr olds, Israel, 20924
breast cancer screening attitudes & practices, Russian immigrant females (mean age 49.3 yrs), Israel, 25362
characteristics of folkmusic & use in music therapy, patients with dementia, Israel, 8988
construct definition of reasons for divorce, Arab females, Israel, 7690
coping behavior & marital quality, married couples living under threat of forced relocation, Golan Heights, 17491
effectiveness of compulsory ambulatory treatment order, patients with mental disorders, Israel, 22237
ethical judgment & code of ethics & supervision, ethical decision making, social workers, Israel, 19200
ethnic hatred & xenophobia, Jewish adults, Israel, 20702
experience with & perspective on long-term grief, 60–87 yr old bereaved parents whose sons were killed during military service, Israel, 23816
global self-esteem & relation to perceived academic status & aspirations & interpersonal relationships & community type & other demographic variables, 11th–12th grade Arab adolescents, Israel, 30295
goals & limitations in use of Israel Psychiatric Case Register that included all psychiatric hospitalizations, 32009
issues in morality & euthanasia for self vs parent vs partner vs stranger, 32–64 yr old adult children with elderly ill parent, Israel, 23992
issues in reporting administrative & disciplinary infractions, 21–35 yr old military officers, Israel, 27907
legal & ethical issues in implementing forensic psychiatry in West Bank & Gaza Strip, 29249
marketing approach to welfare service agency planning for community crisis, agency personnel, Israel, 9148
mnemonic role of TV & other media in collective memory & promotion of ceremonies commemorating assassinated Prime Minister Y. Rabin, Israel, 33576
mutual contact & interaction & menstrual synchrony in families & among close friends, mothers & daughters & close friends in urban households, 29946
neighbor relations in middle class neighborhood, Israel, 20822
paradox in Israeli political discourse of Israel as powerful & independent & vulnerable & dependent & consequences for Israeli perceptions of US policy in Middle East, 27212
patient functioning & living conditions & treatment & background & hospitalization history, violence, 18–93 yr old psychiatric inpatients, Israel, 30630
perceptions of social inequality & ethnic divisions, junior high school students, Israel, 4469
propensities regarding nature & conduct of foreign policy as reflected in operational codes, Yitzhak Rabin vs Shimon Peres, 7288
special features of religious prison wards & influence on perceptions of reality & behavior, prison inmates, Israel, 9289
supernatural powers in explanations for mental health symptoms & role of psychiatrist-patient cultural differences in treatment termination, 16–80 yr old Bedouin-Arab psychiatric patients, Israel, 17805
Israel—Chapters
Beyond the call of duty: The service of Israeli youth in military and civic contexts, 7582
Death of a leader: The social construction of bereavement, 11057
Early writing acquisition in Catalan and Israeli communities, 4461
Israeli society between the culture of death and the culture of life, 27159
The significance of unforeseen death in a community on the brink, 11250
Supervision of school counsellors in Israel: Setting up a network of supervision, 25633
Welcoming immigrants with disabilities: The Israeli experience, 24613
Italy—Serials
attitudes toward euthanasia &/or assisted suicide, general practitioners, Italy, 15781
contingent vs institutional perspectives in evolution of organizational structures & inter-firm relations in machine building industries, Italy & Germany, 2 yr study, 3107
epidemiology of suicide, 70+ yr olds, Italy, 27825
history & development of community psychiatry in Italy, 5842
mental health policy changes focusing on deinstitutionalization & community based care, psychiatric services, Italy, 2552
prescriptive use of neuroleptic drugs, 5–19 yr olds living in the province of Rome, 8956
prevalence of loneliness & social integration, 61–95 yr olds, Netherlands vs Italy, 7824
social & economic factors & suicidal behavior, Italy, 27809
stereotypes & intergroup attributions of the German group in a multi-ethnic Italian province of South Tyrol, male members of the Italian group, 27140
structure of personality attributes in Italian language & comparison to Big 5 scale & EPQ scale, adults, 11199
Italy—Chapters
The acquisition of Italian orthography, 27009

From counterparadox and the Milan Model to therapeutic conversation and the Milan Systemic approach: Origin and development of the Milan Center for Family Therapy, 21817
Legal changes, political pressure, and drug treatment in Italy: From a hard-line approach to decriminalization, 5971
Youth, solidarity, and civic commitment in Italy: An analysis of the personal and social characteristics of volunteers and their organizations, 7571
Itching [See Pruritus]
Item Analysis (Statistical)—Serials
algorithm for 0-1 linear programming for simultaneous assembly of multple test forms, GRE test takers, erratum, 19655
conditional-association & strong-positive-orthant-dependence models for pairing quantitative characterizations & associated theoretical structures in binary-item test analysis, 6705
empirical Bayes approach to Mantel-Haenszel differential item functioning analysis as defined by Educational Testing Service classification system, implications for computer adaptive testing, 19656
gender-based differential item functioning on a constructed-response science test, 12th-grade students, 26225
item analysis & age & education corrections for long & short forms of Speech-Sounds Perception Test, patients with diffuse brain damage vs referrals for neuropsychological assessment, 3336
item response theory analysis of AT-20 tolerance of ambiguity scale, 20–60 yr olds, 9843
item–total-score correlations of Spielberger's state anxiety inventory, Antarctic expeditioners, 29320
matching on single number correct score vs multiple scores, false-positive error rates using differential item functioning analyses for multidimensional data, 6707
order of item difficulty on WAIS-R Picture Arrangement subtest, alcohol dependent patients (mean age 46.4 yrs), 30906
scale construction of Maslach Burnout Inventory, physicians & their spouses , 35888
Type I error rates of likelihood ratio test for detection of differential item functioning, 6702
Item Analysis (Test)—Serials
analysis & dimensions & validity & effectiveness of biodata items, supervisors ratings of applicant profile, clerical workers, 36048
calibration & scoring of educational tests with multiple choice & constructed-response item types, students in Grades 3 & 5 & 8, 3361
differential item functioning of Perceived Stress Scale, adults (mean age 42 yrs), 20900
experimentally induced faking, item level measurement of personality inventory, military recruits, 29340
identification of cultural vs technical flaws in test items, 22–55+ yr old item review committee members, 13107
internal consistency & validity of state anxiety subscale of State-Trait Anxiety Inventory in context of acute exercise, college students, 35934
intrajudge consistency & cutscores of Nedelsky vs Angoff methods of standard setting for exams in research methods course, graduate education students, 13106
item difficulty & discrimination in Picture Arrangement subtest of WAIS-R, 16–78 yr olds with traumatic brain injury, 5354
item score data on Beck Depression Inventory, Canadian vs Swedish vs Bulgarian 12–18 yr olds, 29432
latent class analyses of items from Attention Problems scale of Child Behavior Checklist, psychiatric diagnosis of level of symptom presentation, clinically referred 4–11 vs 12–18 yr olds , 29369
Personal Disturbance Scale length based on structural cross-validation of item subsets & clinical uses, 17–64 yr old psychiatric outpatients, 19609
procedures for use of qualitative & quantitative techniques to assess an instrument's content validity, 22950
psychometrics & item analysis of Menstrual Joy Questionnaire, college students, 16371
qualitative analysis to explain responses to survey questions examining support for government equal housing & employment policies, 28–69 yr olds, 27108
relationship of biodata item attributes to validity & susceptibility to socially desirable responding, job applicants, 12813
reliability of 3 vs 4-option test items in high stakes school-leaving mathematics examination, influence of testwiseness on performance, 12th grade students, 13111
retention of test items showing differential item functioning, measurement quality & validity of aptitude tests, Black vs White male vs female high school students, longitudinal study, 15944
test difficulty manipulation, proficiency & test anxiety on computerized- vs self-adapted testing, 17–19 yr old high school students, 13112
Item Analysis (Test)—Chapters
Searching for structure in the MMPI, 9919
Item Bias [See Test Bias]
Item Content (Test)—Serials
assessment of multidimensionality, item response theory true-score equating method, 35854
correlates of Myers-Briggs Type Indicator-Expanded Analysis Report subscale scores with independent observer ratings & behavioral descriptors, adults, 22847
gender differences, performance on National Educational Longitudinal Study of 1988 multiple-choice vs constructed response science test formats & item content, high school students, 2913
geriatrics content of medical school curriculum & number of geriatrics-related test questions in examinations, 9319
identification of cultural vs technical flaws in test items, 22–55+ yr old item review committee members, 13107
procedures for use of qualitative & quantitative techniques to assess an instrument's content validity, 22950
Item Response Theory—Serials
application of continuous vs censored vs graded response models to data from Likert-type personality scale, criterion-rated validity, college students, 19661
application of item response models to problems in assessment of depression, 6631
application of item response theory & shortening of 5 scales for personality disorders developed from Inventory of Interpersonal Problems, 24365
application of item response theory to measurement in sport & exercise psychology, 16162
approximate simple structure modeling restrictions of theoretical DETECT index of dimensionality of aspects of latent structures of tests, 22939
assessment of multidimensionality, item response theory true-score equating method, 35854
calibration & scoring of educational tests with multiple choice & constructed-response item types, students in Grades 3 & 5 & 8, 3361
comparison of item-response theory & Thurstone scales linking mathematics performance in Grades 3–8 on end-of-grade tests, students, 3366
completely & other additive conjoint isotonic probabilistic models, 36067
computerized adaptive testing based on item response theory from perspective of graphical modeling, 29431
concepts & techniques of item-response theory & application to patient satisfaction questionnaire, 26277
conditional-association & strong-positive-orthant-dependence models for pairing quantitative characterizations & associated theoretical structures in binary-item test analysis, 6705
confirmatory factor analysis of items with dichotomous response format using multidimensional Rasch model, 29438
confirmatory multidimensional 2-parameter item response theory models, generation & evaluation components of synonym task performance, 16–18 yr olds, 32737
construct validity of item response theory model, measurement of phonological awareness in reading development, 5–7 yr olds, 30188
correlates of person-fit indices derived from item response theory & effect of person-fit on validity of tests of cognitive ability & personality, adults, 9818
Data Augmented Gibbs Sampler in Bayesian random effects model for testlets, 22926
derivation of discrimination parameter values yielding maximum information for 3-parameter logistic item response theory model & algorithm for adaptive testing, 9980
estimation of 3-parameter logistic item parameters using maximum marginal summed score likelihood algorithm, 19660
evaluation of several person-fit indices to detect item memorization in computerized adaptive testing environment, examinees, 19666
item parameter estimation procedure developed using EM algorithm for continuous item response model, 6725
item response theory analysis of AT-20 tolerance of ambiguity scale, 20–60 yr olds, 9843
item response theory applied to scale distortion of ordinary difference scores in conventional & adaptive testing, 6559
item response theory model selection & misspecification on classification decisions made using computerized test, 19663
item response theory vs Thurstone method of vertical scaling in assessment of educational achievement & measurement error & multidimensionality & scale shrinkage, reply, 19649
latent class variability model, estimation of consistency of interindividual differences & occasion specificity, 17–77 yr olds, 9963
linear programming model for test assembly & observed-score equating, 6565
measurement precision of golden section vs Z-score vs EAP grading tests in grade level classification of examinees , 19674
multistage stratification of item discrimination parameters for computerized adaptive tests based on 3-parameter logistic models, 29433
multitrait-multioccasion measurement model, application to 4-wave data on family support & alcohol involvement among adolescents, 6693
one parameter item response theory model with normal item characteristic curves for modeling of change, 26272
principles of item response theory & use in evaluating psychometric properties of MMPI-2 Personality Psychopathology-five scales, heterosexuals living together, 24038
Rasch model & studying experimental data, 3388
relations between response probabilities for polytomous item scores & Guttman dependent binary variables, 19658
relationship between statistical sample size ratio & latent trait distribution & item parameter estimation with nominal response model, 9962
role of logic models in conceptualization & delivery & management & evaluation of programs, 32755
similarities & differences in person-fit assessment under item response theory & covariance structure analysis measurement models, adults, 9975
structure & theoretical properties of conditional covariances given unidimensional latent composite in semiparametric compensatory item response theory modeling framework, 22938
Type I error rates of likelihood ratio test for detection of differential item functioning, 6702
univariate logistic regression mathematical model & software & applications, 9960
use of item response theory in psychological test construction & evaluation & scoring, 16299
use of Rasch analysis to produce scale-free measurement of functional ability in occupational therapy & health care practice, 12552
verbal explanations for responses to transitive reasoning tasks & fit of unidimensional item response theory model to data, 2nd–4th graders, 9978
violations of 2-parameter logistic & nominal response models using Lagrange multiplier test or equivalent efficient score test, 36057
Item Response Theory—Chapters
Behind the scenes: Using new measurement methods on the DAS and KAIT, 9805
Focus chapter: **Item response theory in assessment research, 9915**
Generalizability theory: Picking up where the Rasch IRT model leaves off?, 9806
IRT and intelligence testing: Past, present, and future, 9867
Personality measurement issues viewed through the eyes of IRT, 9866
What can Rasch-based scores convey about a person's test performance?, 9807
IV Drug Usage [See Intravenous Drug Usage]
Jails [See Prisons]
Jamaica—Serials
HIV/Sexually Transmitted Disease Control Program, HIV/AIDS epidemic & incidence of other sexually transmitted diseases, 12–49 yr olds, Jamaica, 2500
James (William)—Serials
chronicle of William James's early writings & development of philosphical psychology , 35845
issues concerning W. James's theory of emotions, 33950
James (William)—Chapters
William James on the demise of positivism in American psychology, 3268
Japan—Serials
alcohol related symptoms & drinking behavior, college students, Japan, 27261
aspects of intrapsychic & interpersonal & cross-cultural dynamics in group psychotherapy, psychoneurotic patients & patients with personality disorders, Japan, 8759
availability of pornography, rape & sexual assault & public indecency, 1972–1995, Japan, 14793
birth rate & infant mortality & interbirth interval, wild female Japanese macaques of Yakushima vs Kinkazan Islands vs provisioned vs nonprovisioned populations, Japan, 3770
boke & cultural construction of senility, Japan, 2097
changes in reasons for suicide, Japan, 1978–1995, 14681

dissociation of stereotypic trait judgments about & prejudice against Jewish males marrying daughter, college students, 27334
examination of collectivism–individualism constructs, Israeli Jewish religious (mean age 17 yrs) vs secular high school students (mean age 15 yrs old), 14252
genetic & environmental factors, alcohol consumption levels, Jewish families, Israel, 1204
health-related quality of life, 25–45 yr old Jews who immigrated to Israel from former Soviet Union between 3 & 8 yrs ago vs Jews in Russia vs non-immigrant Jews, 36931
intergenerational transmission of trauma within object relations framework, 32–49 yr old Jewish female children of Holocaust survivors, comment, 30789
person & intergroup & intragroup sociopolitical identity displays in dialogue speech event, Palestinian Arabs vs Israeli Jews, 17164
severe stress & clinical levels of depression & anxiety, male vs female strictly orthodox Jews, commentary, 8054
severe stress & clinical levels of depression & anxiety, male vs female strictly-orthodox Jews, 8065
well being & self esteem before vs after 1994 Oslo accords, Gaza Palestinian vs Israeli Jewish vs Bedouin Arab 14–19 yr olds , 912

Jews—Chapters
Religion and mental health from the Jewish perspective, 1096

Job Analysis—Serials
development of Essential Functions Worksheet, determination of essential job functions & compliance with Americans with Disabilities Act, employees & supervisors, 6289
problems surrounding use & comparability of student vs expert data in job analysis research, college students vs industrial/organizational psychology students vs personnel psychology professionals, 29056
workplace evaluation & management of vision related problems on job, 45 yr old female grocery clerk with retinitis pigmentosa, 15675

Job Analysis—Books
Functional job analysis: A foundation for human resources management, 29084
An occupational information system for the 21st century: The development of O*NET, 12767
Strategic job modeling: Working at the core of integrated human resources, 19405

Job Analysis—Chapters
Cross-domain analyses, 12776
Generalized work activities, 12777
Job analysis, 3023
Job evaluation, 3037
Job redesign in health care: Making old look new again, 26249
Occupational analysis, job development, and placement considerations for rehabilitation counselors, 28797
Organizational context, 12769
Personnel selection methods, 16071

Job Applicant Attitudes—Serials
evaluation of criteria in 2 theoretical job-search success structural relations models, 1993 & 1994 college graduates, 16096
informational & sensitivity features of explanations, self-reported reactions to selection decisions, applicants, 12802
personality & job knowledge & leadership experience, construct validity & affective reactions to situational vs patterned behavior description vs general job interview questions, business students, 22584
race & sex, importance placed on selected job & organizational & diversity & recruiter factors during job search process, job-seeking MBA candidates, 12797
reactions to test score banding in entry-level & promotional contexts, applicants for law enforcement jobs, 22591

Job Applicant Interviews—Serials
applicant referent information at hiring interview, subsequent turnover, part-time workers, 9589
applicant self-monitoring & self-esteem & locus of control & age & training & interviewer age & experience & communication skill, choice of impression management tactics, 20–38 yr old job applicants, 6286

candidate self-monitoring & interviewer impressions of candidate personality, personnel recruitment decisions, 19–35 yr old graduate trainee candidates & their interviewers, 38944
interviewer training & interview standardization & notetaking & use of panel format, employment interview validity, 29080
longitudinal assessment of applicant reactions to employment testing & test outcome feedback, 18–51 yr old entry level accounting job applicants, 6672
personality & job knowledge & leadership experience, construct validity & affective reactions to situational vs patterned behavior description vs general job interview questions, business students, 22584
resume characteristics as predictors of invitation to interview, job applicants, 12803
review of post-1989 selection- & recruitment/communication-oriented employment interview research, 35602

Job Applicant Screening—Serials

Americans with Disabilities Act & pre-employment medical examinations, 9585
applicant age & job characteristics & perceived degree of match, selection process, 19–22 yr olds , 4756
applicant referent information at hiring interview, subsequent turnover, part-time workers, 9589
applicant sex & job characteristics, gender-based hiring decisions, undergraduates , 6287
examples of successful job application process for counselor education position, assistant professors, 28825
gender of evaluator & applicant & reference source, evaluation of hypothetical applicant for assistant principal at screening/preinterview stage, high school principals, 25713
methods used to select university graduates for employment, British vs French vs Dutch organizations, 9584
reactions to test score banding in entry-level & promotional contexts, applicants for law enforcement jobs, 22591
review of post-1989 selection- & recruitment/communication-oriented employment interview research, 35602
validity of written selection tests of cognitive & mechanical/spatial abilities, prediction of training & job performance, firefighter candidates, 22583

Job Applicant Screening—Books

Challenging the myths of fair employment practices, 3238

Job Applicants—Serials

applicant age & job characteristics & perceived degree of match, selection process, 19–22 yr olds , 4756
applicant comparison & construct validity & intentional distortion issues in social desirability corrections in personality measurement, US Army personnel, 20906
applicant self-monitoring & self-esteem & locus of control & age & training & interviewer age & experience & communication skill, choice of impression management tactics, 20–38 yr old job applicants, 6286
emotional involvement aspect of job search behavior, younger workforce entrants, 3044
employee qualifications & job search techniques, employment outcome, college graduates, 35604
evaluation of competence & social skills & hireability of male vs female agentic vs communal applicants for masculine vs feminine middle management job, undergraduates, implications for discrimination, 38982
gender of evaluator & applicant & reference source, evaluation of hypothetical applicant for assistant principal at screening/preinterview stage, high school principals, 25713
perceptions of employee skills of public job training participants, urban employees, 12801
reactions to test score banding in entry-level & promotional contexts, applicants for law enforcement jobs, 22591

Job Change [See Career Change]

Job Characteristics [See Also Work Load]—Serials

aspects of job satisfaction & considerate & aggressive voice & exit & neglect & patience in employee responses to problematic work events, teachers & maternity nurses, 22614
association between job characteristics of demand–control & plasma fibrinogen concentrations, employed 45–70 yr olds without history of myocardial infarction, 25950
attitudes & objectives & behaviors & personality traits & decision making on farms, 25–83 yr old farmers, 12765
attitudes toward life & death & their relation to employment characteristics & social comparisons & work orientation & depressive symptoms & death anxiety & life satisfaction, funeral directors, 7908
business process reengineering in beverage & food distribution company, job worth based on accountability & know-how & problem solving, college student raters, 9637
child–adult ratio & lifeguard positioning & scanning, 21–25 yr old lifeguards, 19415
cigarette smoking & illicit drug use & compensating wage differentials for risk of job-related death, workers, 3132
communication with supervisor & peers & family & friends about positive vs negative vs non-job-related issues, life satisfaction & work anxiety, temporary employees, 9621
demographic & management tasks & other job characteristics & opinions about supervision, 20–60 yr old occupational therapist managers working in mental health areas, 25661
demographic characteristics & employment settings & profession practices, school psychologists, 19125
development of Essential Functions Worksheet, determination of essential job functions & compliance with Americans with Disabilities Act, employees & supervisors, 6289
economic approach to analysis of work-related stress, male vs female workers, implications for demand/control theory, 16107
economic recession of 1974–75, well-being attributable to changes in SES & labor market position & job characteristics, 16 yr old & older full-time workers, 14113
employment characteristics & salaries, psychologist in medical schools & academic health centers , 32093
evaluation of competence & social skills & hireability of male vs female agentic vs communal applicants for masculine vs feminine middle management job, undergraduates, implications for discrimination, 38982
factor structure & reliability & construct validity of 9 scales to measure perceived work characteristics across occupational groups, National Health Service Trust health personnel, 32726
factors affecting the difficulty of decision making during major emergencies, 33–62 yr old fire chiefs, implications for decision support systems, 22570
factors that predict decisions to leave or transfer from special education classrooms, special education teachers, 9396
general cognitive ability &, complexity of job, alcohol & cigarette & marihuana & cocaine use, adults , 34368
global vs physical vs social contact with HIV/AIDS patients, attitudes toward HIV/AIDS patients, 22–59 yr old health care workers, 25669
group & individual assessments of job characteristics & psychological effects regarding job satisfaction & motivation, Karasek's Job Demand-Control Model, health care workers, 12839
group gender composition & gender orientation of group's task, pattern of emergent leadership behavior in work group, college students, 30407
identification of jobs & tasks related to musculoskeletal & psychosocial problems, 14–40 yr old metal workers, Bangladesh, implications for ergonomic & occupational health & safety measures, 12940
individual differences in personality & interpersonal satisfaction, job decision latitude, 14 mo study, 19387
individual exposure to coworker substance use & work group membership, negative consequences, municipal employees, 34341
individual-difference & organization-level work variables & task responsibilities & performance appraisal satisfaction, overall job satisfaction, 21–55 yr old medical technologists, 4 yr study, 35630
interrater reliability & stability of retrospectively gathered inferences & self reports of exposure to occupational psychosocial work conditions & risk factors, adults , 25914
intrinsic vs extrinsic reward orientation & commission vs compensation based compensation plan, motivation to work under task difficulty vs nonchallenging job environment, sales personnel, 3067
job advertisement & different staffing policies & advertised work characteristics & compensation, job applicants, employed Black engineer students, 25859
job characteristics & organizational climate, quality of work life, professional personnel in public or private sector, 29114
job characteristics & pressure, mental & physical ill health, personnel, 25949
job characteristics & satisfaction, mostly-female maquiladoras, Mexico, 22618
job demands & autonomy, employee job satisfaction & involvement & emotional exhaustion & psychosomatic health complaints, 19–59 yr old health care professionals, test of job demand–control model, 22352
job demands & control & strain as aspects of psychosocial environment, non-medical drug usage, full-time nurses, 24539
job description as therapeutic tool for empowerment & dealing with family of origin issues & dysfunctional family patterns, middle-aged male, 34784
job satisfaction & trait negative affect & situational similarities in jobs, work attitudes & job stress perceptions, adults with full-time occupation & part-time military reserve duties, 9611
lean production & occupational injuries or illnesses & job characteristics & job strain, manufacturing personnel, 12898
meta-analytic correlation matrix on contextual vs task performance & organizational worth for managerial work, managers , 12865
national location & employment systems & managerial & nonmanagerial job autonomy, personnel, Australia vs Canada vs Denmark vs Finland vs Norway vs Sweden vs US, 29076
negative affectivity, reactions to job characteristics, personnel, 25913
nonlinear &/vs traditional linear statistical techniques for assessment of relationship between job satisfaction & compensation & job complexity & locus of control, 19–22 yr olds,1979–93, 32381
organizational climate & occupational stressors as predictors of withdrawal behaviors & injuries, 26–64 yr old nurses, 38989
organizational practices, development of role breadth self-efficacy, 16–69 yr old employees, 9609
perceived job role boundary of subordinates, 20–31 yr old bank tellers vs their supervisors, Japan vs Hong Kong vs Australia vs US, 32375
perception of reseller's market orientation, trust & commitment & cooperative norms & satisfaction relationship constructs with reseller, suppliers, 9601
perception of task importance & feasibility & agent influence behavior as determinants of target commitment, college students, 12887
perceptions of importance & satisfaction assigned to job aspects, urban middle school teachers, 9404
perceptions of organizational behavior & readiness & expectations & job characteristics, turnover & work attitudes after first year of employment, college graduates, 1 & 3 yr followup, 38990
performance barriers & work group effectiveness & problem-management actions/strategies, group members & foremen & managers of maintenance & construction road crews, 22599
personal & work situation characteristics & work experiences & outcomes, life satisfaction, managerial & professional Filipino women, 27357
personality & job characteristics & work perceptions, psychosomatic complaints & psychological distress, male day vs night shiftworkers (mean age 38.9 yrs) , 25947
physical & psychological risk factors & occurrence of new back pain episodes, airline company workers, 5249
preference assessment, preferences for task arrangement involving mobility vs sedentariness, adults with sensory handicaps & profound mental retardation, 6556
primary personality superfactor & work values & motivation vs hygiene factors in job satisfaction, job applicants , 19413
production uncertainty as contextual moderator of employee reactions to job design, waste water treatment plant employees, 22627
professional isolation, occupational stress, teachers, 28921
relationship of affective organizational & continuance organizational & career commitment & job involvement & work ethic endorsement as model & forms of work commitment, nursing staff, 22652
relationship of departmental membership & hierarchical level & shift & job location & organizational tenure to collective climate membership, employees of central administration agency, 16106
self-categorization & identity construction associated with managing diversity, library employees, 12838
service predisposition & job characteristics on customer service behavior, service providers, 12851
social psychological effects of transience & geographic mobility & postmodern self & dimensions of lifestyle, resort workers, 12834
statistical clustering using task performance as method for grouping occupational tasks, subject matter experts, 3401
strain as moderator of relationship between perceived work characteristics & work attitudes, health care employees, 9361
subordinate's task & contextual performance, supervisor's reward decisions, college students simulating managers, 32352
total work time & part- vs full-time & on- vs off-campus work, student cognitive development, college freshmen, 3 yr study, 6214
uncertainty & affective reactions & job characteristics & specialty & referral use & burnout, 30–48+ yr old physicians practicing in HMOs, 15772
validity of work autonomy scales, assessment of employee reports of work autonomy, college students, 12835
work & family conflicts & task characteristics & occupational stress & sense of coherence & daily mood states, 34–47 yr old female public health nurses with children, 6059
work experiences & employee & job & organizational characteristics & organizational commitment, Mexican employees of US firm, Mexico, 3086

work redesign, psychosocial work climate & upper extremity pain & musculoskeletal disorders, assembly workers in repetitive motion jobs, 32435

Judgment [See Also Clinical Judgment (Not Diagnosis), Probability Judgment]—Serials

ability of string typing speed vs grammatical judgment of strings to access same implicit learning mechanisms in artificial grammar learning task, college students & community residents, 3597
accountability & audience conditions, sanctioning & event perceptions in justification of ethical judgments, college students, 33927
actor race (Black & White) and behavior valence (prosocial & aggressive), moral & liking judgments, Black vs White preschoolers vs 1st graders vs 4th graders, 14014
additive vs Bayesian models of base-rate use in judgments, adults, 13301
age & cognitive abilities & health beliefs & other factors, judgments about Estrogen Replacement Therapy as menopause treatment, 20–79 yr old females, 22076
age differences in social conformity for judgments of geometric shapes & emotional facial expressions, female 63–85 yr olds vs 18–35 yr olds, 14100
asymmetrical effect of noncontingency on human covariation judgments, undergraduates, test of the belief revision model, 23102
asymmetries in judgment comparisons of stimuli, adults, 29530

attachment style & feedback seeking & meta-accuracy of perception of romantic partner's positive vs negative model of other, male vs female 18–43 yr olds with positive vs negative self- models, 14261
attentional bias in correlation judgments, experimental replication & application of associative & causal induction models, 6873
audio vs visual vs audiovisual presentation of stimuli, accuracy of judgments of traffic speed, 18–52 yr olds, implications for assessing witness capabilities, 36125
aversive mood, intergroup judgments about fictitious threatening Black out-group, White college students with high vs low trait anxiety, 30452
behavior extremity, correspondent inferences vs causal attribution in judgments, college students, 13273
below-average effect & the egocentric nature of comparative ability judgments, undergraduates, 27327
between-Ss study design, judgment of subjective size of number 9 vs number 221, Ss, 29447
body image anxiety, recall & judgment & affective response to appearance related feedback, 18–51 yr old females, 1355
category salience & focus, judgments of set size & frequency of occurrence during recall tasks, college students, 13266
cognitive complexity & political preference, judgments about President Clinton's integrity, college students, 4758
cognitive load & activation of positive vs negative theft perpetrator stereotype, judgment recall of details & guilt finding & severity of adjudication, undergraduates, 16286
cognitive style & belief bias in using prior knowledge, critical thinking skills, college students, 29594
common vs different features between anchor & target, value judgments & cognitive processes, college students, 29543
comparison of 2 regression approaches for modeling expert judgment in scoring performance assessment of patient-management skills, medical students, 123
concurrent assimilation & contrast producing processes in frame of reference, judgments of satisfaction in social & nonsocial situations, college students with induced positive vs negative moods, 23982
conflict aversion & preferences & judgments for ambiguous vs conflicting information from single or multiple sources, college students, 33999
conflict in explanations of retrospective revaluation of contingency judgments vs perceptual learning in rats, 20–40 yr olds, 19937
consolidation & transition in moral judgment development & moral concepts in decision making, junior high- & high school- & college & graduate students, 10799
constructionist view of top-down/bottom-up controversy & new method for measuring top-down effects in different satisfaction judgments, 55–95 yr olds, 33864
contextual effects & comparative vs noncomparative information formats, revision of evaluative judgments in omission-detection paradigm, college students, 29178
depression persistence & judgment of facial expressions, outpatients with major depression, 1522
development of metalinguistic awareness & phonemic judgments of meaning & structure related words, 4–12 yr olds, 23690
developmental patterns in social & physical transitive inferences using linear & nonlinear dimension problems, 6–11 yr olds, 20508
differences in decision criteria based on source monitoring situation, reality monitoring judgments, college students, 16631
differential & accurate utilization of staff input in decision making teams, leaders, 16143
disruptive effects of deliberation on attitude & judgments, 27267
dissipation effect as model of causal interactions in physical systems, judgments of perturbation on populations of species in food web, college students, 36245
dissipation effect in unidirectional vs interactive causal judgments about ecological systems, adults, 253
domain differences in absolute judgment of category membership vs typicality gradients of animals vs artifacts, college students, 29546
egocentric bias in judgment of fairness of own vs others' behaviors, undergraduate students with high vs low just world beliefs, 37120
evaluation–social judgment of Black partner's traits & game performance, White female college students, implications for black sheep effect & expectancy-violation theory, 20821
experience, dissociation between judgment & response processes in statement verification, college students, test of stochastic judgment model, 6875
explanations for Wells effect in juror reactions to probabilistic vs reliable evidence, adults, 14273
exposure to thinness-depicting media, accuracy of attractive body-size judgements, 25–55 yr old Samoans living in Samoa vs New Zealand , 36933
expressive timing & dynamics & aesthetic impression of initial phrase of Chopin's Etude in E major, adults, 26368
F. Oser's theory of religious judgment, elementary school teachers, 23858
factors affecting raters' judgments of educational quality & relation to changes in health care environment & system by which professional standards are upheld, 25592
factors influencing variations between judges & judgments & congruence in multivariate judgments of job performance, middle managers in business organizations vs peers, 38967
fair process effects, favorable vs unfavorable outcome judgments & protest behaviors, university students, 27408
features vs histories, categorization of artifacts & people & natural-kind terms, adults, 247
framework for analysis of character & leadership & judgment of candidates based on theories of psychoanalysis & leadership & decision making, presidential candidate Bob Dole, 1161
freedom & equality value judgments, test of the somatic-marker hypothesis using false physiological feedback, undergraduates, 27351
frequency judgments of abstract designs, patients with diencephalic lesions from Korsakoff's syndrome vs temporal lobe vs frontal lobe lesions, 8674
frequentistic information, judgment of risk & probabilities, college students, 19835
grammaticality judgments, children with specific language impairment, 2 yr study, 31032
hemispheric differences in global/local processing using same–different judgments, 20–28 yr olds, 6851
identification of cultural vs technical flaws in test items, 22–55+ yr old item review committee members, 13107
identification with "victim" vs "perpetrator", bias in judgment of ambiguously ethical action during negotiation, college students, 14269
illogic used in poor judgments of Word Association Implications Test, 19–44 yr old college students, implications for clinical training , 19806
independence of distance vs shape vs size judgments, adults, 16472
independent vs interdependent self-construal priming, cultural judgment differences, European-American vs Chinese college students, 30300
individualistic vs collectivistic cultural values & ideals, judgment biases in negotiation, 18–21 yr old college students, US vs Greece, 33745
influence of expectations based on gymnast's placement within team order, gymnastics judging, gymnastics judges, 25969
information richness & applicability & accountability of Ss, overattribution bias regarding judgments made, college students, 11150
intrajudge consistency & cutscores of Nedelsky vs Angoff methods of standard setting for exams in research methods course, graduate education students, 13106
issue of merit in higher education & avoidance of larger tensions such as role experts in setting content & performance standards & unifying purpose of articulate judgment in higher education, erratum, 19313
issue of merit in higher education & avoidance of larger tensions such as role of experts in setting content & performance standards & unifying purpose of articulate judgment in higher education, 12692
job performance & cognitive ability & job experience & situational judgement & test scores & race effect size, retail employees, 32577
judgement & interpretation, arbitrary & iconic & metaphorical signs in American Sign Language, undergraduate students, 33560
judgements of sex & age of suicide note writers, suicidologists, 6078
judgment biases, portfolio allocation decisions in mutual fund investment, 23–45 yr old business school students, 29583
judgment mechanisms underlying personal- & group-level ratings of discrimination & privilege based on gender group membership, college students, 11164
judgment of control, depressed vs nondepressed college students classified as optimistic or realistic or pessimistic, 3 mo followup, test of depressive realism postulate, 17870
judgment of essay prompts considered for graduate admissions writing test, college students from Hispanic-serving & Black colleges & universities & Graduate Record examinees, 32722
judgment of singleton & disjunctive hypotheses, 19797
judgments & development of & explanations for sex category constancy, preschool & kindergarten & 1st grade students, 10798
judgments of drunkenness & binge drinking & drunk-driving tendencies, 16–18 yr olds with vs without family history of alcohol abuse, 30910
judgments of hypothetical & actual moral transgressions, maltreated vs nonmaltreated 3–5 yr olds, 7543
judgments of psychiatric patients' competency to give informed consent to ECT, mental health professionals vs lawyers vs medical vs law students, Japan , 19510
judgments on preferred psychotherapeutic medications & other treatment strategies, treatment of panic disorder, psychiatric experts, 1992 vs 1997, 8958
knowledge & judgements about & retention of events occurring prior to birth, reanalysis of data, 288
lay conceptions & determinants of well-being & rules used in judgments of well-being of others, 9–85 yr olds & young vs middle aged vs elderly adults, 20937
liability areas & role in determining whether patient can perform jobs safely & is fit to drive & assisting employers to provide reasonable accommodations, physicians of patients with epilepsy, 22384
linguistic labels & development of similarity judgments of schematic faces, 6–12 yr olds, 36768
minimally vs highly diagnostic information about partner's performance on win–lose trials in conditions of outcome dependency, motivation & justification for optimistic predictions, Ss, 37111
models of & decision rules for recognition memory confidence judgments, 248
mood state & positive & negative affectivity & extraversion & neuroticism, emotional processing & recall & judgment on mood- & trait-congruent cognitive tasks, undergraduates, 37168
moral intensity & concern for others, moral judgments, 12–18 yr old males vs females, 20608
moral judgment & cultural ideology in moral thinking, adults, 11220
observer speed & obstacle size & edge-rate information, simulated roadway collision event judgments, Os, 6746
order of sequence of sentences in narrative text, metamemory judgments & object-level recall, 18–40 yr olds , 19843
orthographic & phonological & lexico- semantic judgments of visually presented characters & words, neural activity, adults, 26592
overconfidence & miscalibration & variations in overconfidence as function of difficulty & individual differences in accuracy of confidence, college students, 33925
participant & researcher gender & group gender composition, judgment of sexual harassment, male vs female college students, 1679
perceived group stereotypicality & perceived group dispersion, judgments & help seeking behavior, White males, 7843
perceptions of uniqueness & similarity in own & others' romantic relationships & judgment of constructiveness vs destructiveness of responses to interpersonal incidents, college students , 33933
perceptual & emotional detail of simulated accounts & induced suspicion, judgments of believability of accounts as actually experienced event, adults, 4750
personal values & responsibility & ingroup/outgroup relations & like/dislike relations, concept of deservingness, 27284
position of linguistic norms, direction of similarity vs difference comparison asymmetries in relational judgments, college students, 243
positive vs negative contingency cues, retrospective revaluation of causal judgments, college students, 233
predictive accuracy with human intuition & mechanical decision models, accounting students, 6876
predictive validity of feeling-of-knowing judgments for subsequent recognition memory performance, 18–81 yr old eyewitnesses to crime scenario, 29646
preinformation vs postinformation correction for influence of trait priming task, adults (mean age 21 yrs), 11166
prejudice/racism, ratings of liking for stereotypically- described minority scholarship applicants, college students, 20853
presence or absence of stereotype information, judgments about appropriate punishments of adolescents for accused transgressions, 9th graders, 14012
protected values & omission bias, human Ss, 29591
psychological & pharmacological effects of alcohol, ability of sexually coercive & noncoercive Ss to discriminate when female wants partner to stop sexual advances, 21–29 yr old male college students, 21253
race & sex & general racial attitude, case opinions & guilt judgments during jury selection vs after closing arguments vs after jury verdict in O. J. Simpson trial, African Americans & Whites, 33916
realist judgement errors regarding out-of-date pictures & words as representations of referents, 3–4 yr olds, 30193

relation between misremembering & source judgments in misleading information & false memory paradigms, college students, application of Composite Holographic Associative Recall Model, 23130
reliability feedforward displays, support of diagnostic multicue judgments during delayed feedback decision making, 22–26 yr old males , 13294
reliance of evaluation process on comparative context of alternatives, graduate students, 19824
remember–know judgments in old–new recognition conditions, college students, 16641
revelation effect on episodic memory in processing before recognition judgment, college students, 16637
risk perceptions & sexual assault judgments within dating interaction scenario, 15–27 yr old female single- vs multiple-incident sexual assault victims vs nonvictims, 34416
role of subcortical visual attentional processing under exogenous & endogenous cueing conditions in temporal order judgment paradigm, 16–26 yr olds, 19763
selective accessibility models of hypothesis-consistent testing & semantic priming, anchoring effects & judgments, college students, 11161
semantic priming of single- vs 2-digit Arabic numerals during number naming & parity judgment tasks, college students, 36232
semantic representations of spatial prepositions, judgments of location control & choice of description across range of scenes, Os, 36218
sociopolitical attitudes, judgments about legal relevance of social science research in death penalty cases, lawyers (mean age 25.39 yrs) & judges (mean age 55.56 yrs), 16265
spontaneous vs directed suppression of stereotypes of African Americans, judgment of hostility of African American target, non-African American undergraduates, 1268
status vs epistemic authority representations & moral reasoning alone & in dyads, children (mean age 9.5 yrs), 27060
strike tactics, judgments & support of the 1994-95 Major League Baseball player's strike, 14–59 yr old baseball fans, multilevel analysis, 19456
target injury severity, judgments of defendant liability & award compensation & feelings toward litigants in mock jury task, college students, 4743
target sex & number of heterosexual relationships & level of sexual activity, judgment of target behavior, male vs female college students, test of sexual double standard, 1185
test difficulty manipulation, proficiency & test anxiety on computerized- vs self-adapted testing, 17–19 yr old high school students, 13112
time interval judgment training, real time measurement of stuttering, 20–35 yr olds, 31028
training in use of verbal & nonverbal cues, judgments of true vs false denials during criminal interrogation for mock crimes, college students, 35822
typicality & plausibility & social context & scientific method, scientific literacy skill of evaluating credibility of scientific research news briefs, 17.8–48.5 yr olds, 4759
understanding and judgments of pretense action & representation, 4–5 yr olds, 36731
use of category exemplars in judgment of social category attitudes, adults, 14278
use of ERPs during auditory alliteration judgments on study of reading disability, 12–18 yr old dyslexics vs dysphonetics, 21400
use of statistical time series forecasts affected by special events, judgmental forecasters, 13281
viewer standing vs seated vs prone posture & eye height scaling in judgments of object height, college students, 10067
violent behavior & accidents or errors in judgment & disability determinations as aspects of sleepiness & sleep disorders in workplace or while driving, 21474
visual exploration of gap depth, judgment of gap crossability, college students, 6774
willingness to lie & judgments of credibility & expert testimony effectiveness, 6–10 yr olds & college students, 22779

Juvenile Delinquency—Serials

adolescent-specific relapse prevention & recidivism reduction protocol, substance abusing juvenile offenders, 1835
advantages of using juvenile correctional facility records in risk-based approach to plan & implement prevention & treatment programs for violent juvenile offenders, 29283
age & permissive attitudes toward violence vs acts of material damage vs nonpermissive attitudes, delinquent activity, 12–24 yr olds, 30926
antisocial level & friendship quality & deviancy training by delinquent friends, male 13–16 yr olds, 8 yr study, 14034
arousal predisposition as predictor of antisocial & delinquent behavior, young adults, 30811
association between Performance IQ greater than Verbal IQ discrepancy & juvenile delinquency, 13–18 yr old male delinquents, 30935
attitudes & involvement in gang related illegal activities, male vs female gang adolescents (aged 13 yrs & younger to 15 yrs & older), 34400
authenticity of self in family therapy, 15 yr old delinquent male & parents, 28355
biological & psychological & environmental factors & etiology of delinquency, 14791
community based intervention strategies, street gang activity, 35245
daily routines & crime in T. Hirschi's control theory in explanation for delinquency & in measurement of Hirschi's concept of involvement, 21366
demographic & attitudinal & behavioral differences, at-risk middle school students (mean age 12.13 yrs) with vs without parental active consent for school gang prevention program, longitudinal study, 30919
development & validity of Adolescent Leisure Time Activity Scale (ATLAS), assessment of relationship between leisure activity type & delinquent behavior, low SES Mexican-American adolescents, 19582
development of offending & risk factors for delinquency from Pittsburgh Youth Study, 1st & 4th & 7th grade inner-city boys, 10 yr study, 1831
early transition stages & heterogeneity in criminal careers & patterns of police contacts, young offenders (mean age 13.6 yrs), 24556
effectiveness of alternative education program, school-related attitudes & academic performance & self-reported delinquency, 6th–8th graders, 1 yr followup, 29285
evaluation of standard vs single-case-design evaluation treatment by probation officers, delinquent behavior & psychological functioning, juvenile delinquents (mean age 16.45 yrs), 9–12 mo followup, 25570
gang membership & other characteristics of young person, reaction & bias to vignettes depicting illegal act by young person, 18–60 yr old church members vs college vs high school students, 3244
grade retention & early school performance & gender & parental school participation & school transfers, school achievement & competence & delinquency, low-incomed minority 14 yr olds, 7 yr followup, 38873
high co-occurrence of reading disabilities & behavior problems & delinquency & simple causal models & possibility of language difficulties as factor underlying both other problems, 27469
holding therapy, aggressive & delinquent behaviors, 5–14 yr old adopted children, 28306
inhalant use & delinquent or criminal behavior, 7th–12th grade inhalant vs other drug experimenters vs inhalant users vs other drug users, 30826
interrelations among hopelessness & loneliness & self-esteem & personality, 15–18 yr old Russian male delinquents, 37608
juvenile violence & issues for mental health professionals, 18493
level of growth in covert antisocial behavior, correlation between childhood measures of overt antisocial behavior & adult arrests, 4th graders, 8 yr study, 24450
MMPI-A assessed personality type, male 13–17 yr old sex vs nonsex offenders, 5041
multicomponent model of delinquency for interrelationships of psychosocial variables & delinquent behavior & alienation, 12.6–19.4 yr olds, 18113
multicultural perspective on assessment & treatment strategies, adolescent sex offenders, 25568
peer attachment & association with Chinese &/vs delinquent friends, delinquent behavior, Chinese-Canadian adolescents, 1840
peer rejection & aggression in 3rd grade, prediction of severity & type of delinquency in 6th & 8th & 10th grades, urban African American youths, 34409
perceptions of residential treatment programs in Hong Kong, 13–19 yr old male ex-offenders, 35365
personality traits & criminal behavior & recidivism, 13–20 yr old incarcerated males, 4.5 yr followup, 14805
pragmatic awareness of conversational interactions, 14.0–18.25 yr old female juvenile delinquents, 34414

pre- and post-1994 Georgia legislative waiver for trial as adult regardless of age, juvenile arrest rates for specified crimes, 3248
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, comment, 21269
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup , 1717
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, reply, 21255
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, comment, 21250
prenatal only vs prenatal & early childhood home visitation by nurse, antisocial & criminal behavior, infants, 15 yr followup, comment, 21235
prevention alternatives to Youth Offenders Act, Canada, 11668
prior involvement in juvenile delinquency & mental disorders, 11–17 yr olds entering emergency care facility, 38569
procedure for incorporating index of offense seriousness in measures of juvenile delinquency, adolescents , 35960
prosocial values & self efficacy in delinquency & risky sexual behavior & drug use, male vs female racially diverse 12–19 yr olds, 21370
psychiatric comorbidity & psychosocial functioning, 12–17 yr old substance-abusing juvenile offenders, 16-mo followup, 34412
psychosocial risk factors associated with recidivism & predictors of survival in community, 10–17 yr old offenders, 1-yr followup, 24571
pubertal timing & self-reported delinquency, 13.9–15.1 yr old males, 18115
relationship among sexual abuse or exposure to violence & mental health & behavioral functioning, 12–17 yr old juvenile offenders with substance abuse or dependence, 24558
relationship between social competence & sociomoral reasoning & self-reported delinquency, 13–17 yr old convicted male offenders, 11673
relationship between violent film & video viewing & violent & aggressive & criminal behavior, children & adolescents, 24452
relationship of acculturation & peer relations to juvenile delinquency, 10–20 yr olds of Chinese descent, 17475
relationship of core values to problem behavior & delinquency & substance use & sexual activity, high school students , 17340
relationship of marjuana use & delinquent & problem behaviors in longitudinal research, 11606
self-concept & ego defense mechanisms & personality traits, delinquent adolescents (mean age 16.70 yrs), Thailand, 8403
sequence of variables that initiate & maintain early-onset trajectory for juvenile offenders, 4th grade males, 5134
teen delinquency & educational & employment outcomes, 14–17 followed up until aged 25–30 yrs, 30933
test of T. E. Moffitt's typology of offenders, male vs female stable early-starters vs adolescence-limited vs adult-starters vs discontinuous offenders followed from childhood to age 30 yrs , 24564
test of theoretical model of social control with reciprocal relationships to drug use & delinquency, 13–20 yr old high school students, implications for social work, 10726
trajectories of physical aggression & opposition & hyperactivity on path to physically violent vs nonviolent juvenile delinquency, 6 yr olds, 11 yr study, 36817
value of longitudinal self-report data to study relationship of age & crime, 11–17 yr olds, 5 yr study , 130
violence & social control & subculture of delinquency as factors in violent behavior & nonviolent delinquency, 15–16 yr olds, Iceland, 21361
violent & nonviolent criminal victimization & delinquent behavior in & out of school & weapon possession in school during previous year, male vs female 7th–12th grade students aged 12–18 yrs, 34410

Juvenile Delinquency—Books

Crime and immigrant youth, 21381
Savage spawn: Reflections on violent children, 21380
Taming the troublesome child: American families, child guidance, and the limits of psychiatric authority , 31391

Juvenile Delinquency—Chapters

Counseling the juvenile offender, 34419
Delinquency, 34421
Disengagement from school and problem behavior in adolescence: A developmental-contextual analysis of the influences of family and part-time work, 6258
Effective youth violence prevention, 21382

Juvenile Delinquents [See Also Male Delinquents]—Serials

adolescent-specific relapse prevention & recidivism reduction protocol, substance abusing juvenile offenders, 1835
adverse effects of grouping deviant youth for skills training, 12087
characteristics & treatment, adolescent sexual offenders, 1673
childhood traumatic brain injuries, academic performance & behavioral & emotional control & activity level & interpersonal interaction, 11–20 yr middle & high school students vs juvenile delinquents, 5358
construct validity of Egna Minnen Barndoms Uppfostran, perception of parent child rearing behavior, 13–21 yr old male offenders vs 12–27 yr old male vs female non-offenders, England, 21372
coping strategies & personal progress, 13–18 yr old graduates of a rural juvenile offenders program, 1-yr follow up, 35376
costs of criminal convictions & careers following discharge from special behavioral units & need for early intervention social & education services, adolescents excluded from school, 8395
demographic & clinical & historical & offense characteristics, preadjudicatory juvenile delinquents assessed as competent vs incompetent to stand trial, 18110
demographics & prior experience with psychiatric & illicit drugs & beliefs & concerns about & attitudes toward pharmacotherapy, delinquent female adolescents in juvenile detention facility, 8962
depressive symptoms & suicidality, 12–18 yr old incarcerated juvenile delinquents, 27908
detection of faking on Adolescent version of MMPI, adolescents from correctional facilities instructed to fake good & correctional & noncorrectional adolescents who received standard instructions, 30932
development of delinquency & criminogenic factors that predict violence into young adulthoood, arrested adolescent offenders, 7 yr study, 18114
empowerment & government policy & use of family group conferences in juvenile adjudication & child welfare issues, United Kingdom, 32540
guidelines for institutional review board that reviews research protocols involving juvenile prisoners as subjects, 22954
guidelines for psychological & psychophysiological assessment, adolescent sexual offenders , 1675
identifying fetal alcohol syndrome & fetal alcohol effects, 12–18 yr olds with behavior problems in criminal justice system, 37561
incidence of PTSD & socioemotional adjustment, 13–22 yr old incarcerated females, 1681
individual & family & social characteristics & current & annual & lifetime prevalence & age of onset of hallucinogen use, juvenile probationers , 30820
individual & group counseling, recidivism rates, 9–17 yr old juvenile delinquents, 6 mo followup, 19122
influence of parenting style & home background on running away from home, Cameroon street children, 18108
intoxication in combination with alcohol & history & personality profile & nature & frequency of criminal offenses & violence, 14–20 yr old incarcerated male abusers of flunitrazepam, 17986
Kaufman Brief Intelligence Test vs Matrix Analogies Test—Short Form for predictive cognitive screening, White vs Aboriginal 12.2–17.9 yr old delinquents in correctional institutions, 9890
MMPI-A vs Marks-Briggs vs MMPI-2 norms, 14–17 yr old hospitalized juvenile delinquents with history of conduct problems, 27910
modus operandi in intrafamilial vs extrafamilial sexual child abuse, adult vs adolescent male offenders, 1705
perception of family functioning, delinquent vs non-delinquent 15–18 yr olds, 8394
perceptions & decisions about alcohol & other substance use & abuse, males 15–18 yrs old in juvenile detention, implications for interventions , 37545
perceptions of relationship between exposure to music & criminal behavior, 12–17 yr old male felony offenders, 37596
performance on Cognitive Assessment System, cognitive ability & verbal learning deficits, hospitalized male offenders (aged 15–17 yrs), 6651
potential contributions of psychological assessments to processing of youths in juvenile justice & correctional systems, 22794
prevalence of HIV & related risky behaviors, disadvantaged 12–21 yr olds in state institution for homeless & offenders, 14974
psychiatric & physical needs & need for development of specific diversion programs, 10–17 yr old offenders, 18105
psychiatric status & use of alcohol or drug or mental health services, 12–18 yr old American Indians in juvenile detention facility, 34045
psychopathology-related personality traits, severely conduct-disordered 14–20 yr old juvenile delinquents from Swedish correctional institution vs normal male adolescents, 14792
psychosocial rehabilitation interventions featuring morality & peer & group & guided interaction, acting out behavior, juvenile delinquents in residential settings, 38643
rates of parent–adolescent–younger sibling conflict & conflict resolution strategies, father-absent families with juvenile felons & younger siblings, 11675
reliable assessment & validity & utility of subtyping by use or threat of physical force & relationship to other indicators of offending, 12–19 male sexual offender resident at treatment facility, 30917
reoffending risk factors & effectiveness of combined vs gender-specific risk assessment instruments, 8–16 yr old male vs female juvenile offenders on probation, 9886
role of criminal law & responsibility & treatment of children in the criminal justice system, United Kingdom, 38638
selected offense & treatment & personal history factors related to recidivism, first-time juvenile sex offenders, 5-yr retrospective study, 11674
theory behind & features & effectiveness of family-based multisystemic therapy, serious antisocial behavior, adolescent offenders, 15209
treatment efficacy & program evaluation, juveniles who sexually abuse other children & youth, 2124
treatment program type, recidivism reduction, criminals aged less than 16 to 21+ yrs old, mean 2 yr followup, Europe, 32544
treatment with ecologically-based multisystemic therapy, adolescent sexual offenders, 2175
validity of measures of trait anger in predicting aggressive behavior, 15–18 yr old incarcerated juvenile offenders, 9882
witnessing of family violence & impulse control & callous & unemotional traits & sexist attitudes toward women, 13–18 yr old incarcerated male sex vs violent vs noncontact offenders, 30918

Juvenile Delinquents [See Also Male Delinquents]—Books

Therapy with troubled teenagers: Rewriting young lives in progress, 8786

Juvenile Delinquents [See Also Male Delinquents]—Chapters

Assessment and treatment of violent offenders in criminal justice settings, 14809
Denver County Court probation intervention with gang-affiliated youth, 22804
Drug involvement among offender populations, 12560
Youth homicide: An integration of psychological, sociological, and biological approaches, 8419

Juvenile Gangs—Serials

anti-gang advertising, opinions & attitudes, 12 –17 yr old at-risk youth & gang members, 34399
attitudes & involvement in gang related illegal activities, male vs female gang adolescents (aged 13 yrs & younger to 15 yrs & older), 34400
characteristics of youth gang homicides, literature review, 21368
conduct disorder & antisocial behavior & family & peer & neighborhood factors of age at 1st gang entry, 7th grade African American vs non-Hispanic White males, 6 yr study, 34283
developmental & psychological factors in allure of terroristic groups & gangs & cults & consequences for participation, adolescents & young adults, 30927
factors associated with gang involvement, rural vs urban 7th–12th graders, 11666
gang involvement & risks of victimization, 12–17 yr old active female gang members, 1833
gang membership & other characteristics of young person, reaction & bias to vignettes depicting illegal act by young person, 18–60 yr old church members vs college vs high school students, 3244
neighborhood & family & school & peer & demographic risk factors for adolescent gang membership, 5th grade students, 8 yr study, 27911
process evaluation of effectiveness of Gang Resistance Education & Training program in training noneducators to deliver curriculum to 7th graders, law enforcement officers, 2872
relationship between streets & schools in gang socialization, Chicano gang youth, implications for educators' strategies in countering street gang socialization , 37611
risk & resilience factors associated with sexual intercourse & gang involvement & alcohol & drug use, urban culturally diverse 12–16 yr olds, 972
school based gang prevention program, 8th graders, 22092
strategies for reducing selection bias in focus groups, Mexican-American gang members, 6739

Juvenile Gangs—Books

Adolescent gangs: Old issues, new approaches, 21379

Juvenile Gangs—Chapters

Adolescent gangs: A practitioner's perspective, 20641
Culture-focused group therapy: Identity issues in gang-involved youth, 21825

Denver County Court probation intervention with gang-affiliated youth, 22804
Energizing and organizing the community, 22206
Gang homicide: A review and extension of the literature, 8424
Hope: Sustaining a vision of the future, 21282
Pathologizing normality or normalizing pathology?, 21281
Welcome home boyz: Building communities through cultural capital, 22205
Youth gangs, cognitive-behavioral interventions in schools, and system change, 22565
Youth violence and post-traumatic stress disorder: Assessment, implications, and promising school-based strategies, 21291
Kainic Acid—Serials
(–)deprenyl, hippocampal neuronal survival after kainic acid insult & locomotor activity, male rats, animal model of neuronal death, implications for treatment of neurodegenerative diseases, 13737
delayed neuronal loss induced by icv kainic acid, preweanling rats, 10628
intracerebroventricular administration of kainic acid, neuronal loss & damage, male rats, 14 day study, implications for schizophrenia, 7034
modulation of opioid receptor signaling by kainic acid in neural cells, 29980
morphine vs kainic acid in periaqueductal gray, antinociception & immobility & wild running, male rats, 4225
relationship of gene expression & neuropathological damage & seizure intensity & body temperature, male rats with kainic acid-induced seizures, 3849
subconvulsive dose of kainic acid, spontaneous behavior, male rats, 20340
Karate [See Martial Arts]
Karyotype Disorders [See Chromosome Disorders]
Kaufman Assessment Battery Children—Serials
factor analyses of Dutch version of K-ABC & WISC-R subtests, children (mean age 8.6 yrs) referred for learning disabilities, Netherlands, 6620
stability of Stanford-Binet Intelligence Scale: Fourth Edition & Kaufman Assessment Battery for Children, measurement of cognitive abilities, low SES African American vs White 4–9 yr olds, 5-yr study, 35884
Kenya—Serials
child experiences & personal background & intentions & content of projects providing assistance & care, urban street children under 18 yrs old, Kenya, 27081
patterns of health care seeking behavior for & beliefs about sexually transmitted infections, 17–88 yr olds, rural Kenya, 15385
psychological concerns about space & crowding, rural students from high vs low density populations, 27067
Ketamine—Serials
amphetamine or ketamine, auditory evoked potential gating & prepulse inhibition, rats, animal model of schizophrenia, 13715
different dosages of NMDA glutamatergic antagonist ketamine, sedation/arousal & locomotor activity & parkinsonian extrapyramidal symptoms of bradykinesia & dystonia & reactivity, monkeys, animal model, 36623
efficacy & side effects & other aspects of clinical experience with oral ketamine, 29–81 yr olds with chronic neuropathic pain, retrospective study, 25306
ethical concerns of & safeguards for ethically conducting & reporting experiments that induce psychosis in healthy volunteers via ketamine infusion in schizophrenia research, 28895
haloperidol, cognitive & behavioral & neuroendocrine & physiologic effects of ketamine, healthy adults, 33434
ketamine dependency, male anesthesia providers, 28901
ketamine vs acepromazine, ventricular size following limbic seizure induction, brains of male rats, implications for seizure-related aggression, 36541
ketamine vs benztropine vs apomorphine vs methylphenidatehydrochloride vs haloperidol, sensorimotor gating of acoustic startle & gating of auditory input into telencephalon, pigeons, 33482
ketamine-induced NMDA receptor hypofunction, verbal & nonverbal declarative memory, adult males (mean age 21.7 yrs), implications for memory impairments in schizophrenia, 7232
role of NMDA receptors & effects of ketamine on formation & retention & expression of conditioned taste aversion, rat neonates, 4218
thought disorders, ketamine-induced healthy Ss (mean age 35.2 yrs) vs patients with schizophrenia (mean age 33.4 yrs), 37344
use & efficacy of low-dose ketamine, acute postoperative pain, 35105
Keyboards—Serials
downward-tilting computer keyboard tray, wrist & seated posture & self-assessed musculoskeletal discomfort, professional office workers, 39034
model of keyboard configuration requirements, individuals with motor disability, 18434
variations of soft keyboards, prediction of text entry rates, college students with novice vs expert experience , 35742
Keypunch Operators [See Clerical Personnel]
Kibbutz—Serials
contribution of social arrangements to attainment of successful aging & positive well-being & high life, elderly members of Kibbutz communities, Israel, 1978–1998, 33702
developmental factors & concepts of finality & inevitability & universality of death, 5–12 yr old Israeli kibbutz children , 10783
emotional availability & attachment representations, infant–mother dyads in communal vs home-based kibbutz, 20545
perceptions of 16–38 mo olds in their care in kibbutz setting, mothers & nonmaternal caregivers, 23901
sex, perceptions of gender roles in family & society & occupational sex-typing & gender identity, 14–15 yr old kibbutz members vs urban dwellers , 939
Kibbutz—Chapters
The significance of unforeseen death in a community on the brink, 11250
Kidnapping—Serials
parentage & kidnapping & extraharem mating behavior, band of captive hamadryas baboons, 29740
profiles of risk for parental abduction of children, families victimized by abduction vs families litigating custody, 34402
Kidney Diseases—Serials
conceptualizations of adjustment to & acceptance of chronic illness & treatment, 47–66 yr olds with end stage renal failure & their partners & home dialysis nurses, 18845
development & psychometric assessment of the Physical Symptom Distress Scale, measurement of physical symptom distress, 20–87 yr old Chinese patients with end-stage renal disease on hemodialysis, 3349
gabapentin added to perazine & clonazepam, possibility of renal dysfunction, 27 yr old male inpatient with bipolar I manic disorder, 2327
hypokalemic myopathy & renal tubular damage due to ingestion of laxatives or diuretics or licorice, 29 yr old female anorexia nervosa patient, 21418
lived experience & meanings of caregiving for children with end stage renal failure, 19–57 yr old mothers & their 1–18 yr old children, 24713
mania associated with renal failure & its treatment with hemodialysis, 67 yr old female, 9034
opinions on treatment choices for end-stage renal disease, elderly Ss, 21446
perceptions of experiences, patients receiving hemodialysis for end stage renal disease, 1933
physical & psychosocial environments & issues, social worker & nursing consultant & renal patients, 22048
psychosocial & biomedical predictors of attention & memory, 16–65 yr old patients with end-stage renal disease, 8522
self- & other-blame & acceptance of responsibility in relation to illness attitudes & emotional adjustment, 19–80 yr olds with end-stage kidney disease, 24718
valproic acid intoxication, 62 yr old female with bipolar disorder & chronic uremia , 15310
Kidney Diseases—Chapters
Psychodynamic aspects of adolescents' therapeutic compliance following a kidney transplant, 38439
Kidney Transplants [See Organ Transplantation]
Kidneys—Serials
acid–base unbalance stress, renal hydroxysteroid dehydrogenase, male rats, 29953
Kinases—Serials
adenosine kinase inhibitors, acute thermal nociception, mice, 20318
calcium channel antagonists & calcium dependent protein kinases, expression of behavioral sensitization to cocaine, rats, 4244
calcium influx vs protein kinase vs mitogen-activated protein kinase, mediation of ischemic preconditioning-induced protection in cortical neurons, rat cultures, 29864
classical conditioning of nictitating membrane/eyelid response, membrane-bound protein kinase C in cerebellar cortex & deep nuclei, male rabbits, 3653
expression of receptor tyrosine kinase RYK in developing rat CNS , 20107
imipramine & ECT, activity of calcium/calmodulin dependent protein kinase II in hippocampus, male rat brains, 23343
intrahippocampal KN-62, memory or habituation in waterfinding task, rats, 13836
involvement of protein kinase cyclic responsive element binding signaling cascade, genetic alcohol drinking preference, male rats, 36446
map of brain areas requiring calcium/calmodulin-dependent protein kinase II for modulation of courtship conditioning, Drosophila, 20106
mechanisms of action of mood-stabilizing agents, implications for treatment of mood disorders, 12210
membrane associated protein kinase C activity & translocation in platelets in response to serotonin & thrombin & PMA, Ss with manic phase bipolar disorder vs major depression vs schizophrenia, 17784
myristoylated alanine-rich C kinase substrate & related protein expression & distribution in hippocampus & dorsolateral prefrontal cortex, suicide victims, 11546
nucleoside transport regulation in undifferentiated Neuro-2A cells & effect of protein kinases, 29851
protein kinase C-alpha isoform levels in platelets, drug-free vs lithium-treated adults with bipolar disorder, 34136
psychiatric symptoms & neuroleptic doses & physical activity, creatine phosphokinase levels, male psychiatric inpatients (mean age 57.6 yrs), 2 yr study, 24106
role of mitogen activated protein kinases in cerebellar vermis, postmortem brains of 42–82 yr old schizophrenic patients, 34169
SL327, mitogen-activated protein kinase activation in spatial learning & conditioned fear, male mice, 36621
taste-learning experience, modulation of activity of mitogen-activated protein kinases in insular cortex, behaving male rats, implications for consolidation of long-term taste memory, 7025
training in Morris water maze, activation of mitogen-activated protein kinase cascade in CA1/CA2 subfield of dorsal hippocampus, rats, implications for long-term spatial memory, 16898
treatment with S-adenosylmethionine, modifications in brain cAMP- & calcium/calmodulin-dependent protein kinases, rats, 4305
Kindergarten Students—Serials
ethnicity & gender & IQ & child care amount & family literacy environment & maternal education as predictors of academic skill, kindergartners, 9471
integration of gifted students into kindergarten, educational & educator outcomes, 4–5 yr olds & their teachers, 25825
kindergarten experience, self-perceptions, White vs African American students assessed throughout kindergarten year, 12712
reliability of Inhibition Scale & Security Seeking Scale, teachers' assessment of students' inhibition & security-seeking behaviors, kindergarteners, 27057
training in interpretation of rubric, rating of kindergarten & 1st graders writing samples, teachers, 25783
training in use of Kinder therapy based on filial & Adlerian play therapy principles, student classroom behavior & teacher attitudes & interaction with students, kindergarten teachers, 35579
Kindergarten Students—Books
Sam and Gram and the first day of school, 23796
Kindergartens—Serials
practices related to transition of children to kindergarten, kindergarten teachers, 35535
readiness kindergartens & pre-first classes, school adjustment outcomes & learning difficulties, 8–12 graders studied since first 3 yrs of schooling, 38806
teacher demographic & classroom structural characteristics, kindergarten teachers, implications for facilitating children's transition to kindergarten, 9392
Kindling—Serials
ability of selective Group III metabotropic glutamate receptor agonist to inhibit lateral perforant path evoked responses in dentate gyrus, hippocampal slices from rats following kindling, 29816
acute vs chronic ethanol, withdrawal & dependence & motor behaviors, pentylenetetrazol-kindled male rats, 36546
application of kindling model to study of illness severity & evolution & drug tolerance in affective illness & epilepsy, 1422
kindling & 2nd messenger mechanisms as aspects of neurobiology & recurrence of bipolar disorders, 14483
kindling role in pathogenesis of alcohol withdrawal seizures & delirium tremens, 18–81 yr olds, 11647
long-term amygdala kindling, induced aggressive vs defensive emotionality, male rats, 29813
psychogenic & neurogenic stressors, neuroendocrine & central monoamine activity, fast vs slow kindling rats, 36510
role of partial limbic seizure kindling in motiveless & unplanned acts of firesetting, boys (mean age 11 yrs) with nontradional diagnoses, 30929
Kinesthetic Perception—Serials
compensation for external loads caused by orientation of head relative to gravity, jaw movements in speech, Ss, 36205
contextual & hand postural changes, kinematic properties of pointing & drawing movements, 55 yr old male with primary writing tremor, 24845
cortical somatosensory vs motor area activation in illusion of limb movements, healthy 23–33 yr old males, 26310

efficacy of external & internal visual imagery perspectives for enhancement of performance on kinesthetic tasks in which form is important, karateists & sport science students & rock climbers , 25964
factors influencing & accuracy of perceived vs actual postural limits during standing & bent reaching, 21–57 yr olds, 6827
incremental improvement of dichotic left ear accuracy & toe gnosis, 7–14 yr olds, implications for maturation of portion of corpus callosum & sense of self, 36756
kinesthetic acuity for jaw movements & stuttering severity, 19–50 yr olds who stutter, 14882
neurologic basis of applied kinesiology or manual muscle testing for functional neurological assessment & types of tests & model for neurolymphatic reflex activity, 20143
noise bandwidth, detection of sinusoidal movement signal, 21–41 yr olds , 19773
perceived affordances of other person's action based on person–environment kinematic relation, Os , 6786
rules governing information transformation of & role of kinesthetic & visual input in goal-directed reaching movement, 20–36 yr olds, 3431
semantic category interference effects, kinematics of reach-to-grasp movement, undergraduates, 23072
theory of interceptive timing, 19705
variations in saccade amplitude, kinematic features of pointing movement, adults, 3449
visual exproprioception & motions of the body's center of pressure, 17–37 yr olds, 6755

Kinesthetic Perception—Books

The primacy of movement, 26383

Kinship—Serials

affiliative behavior & contact, related vs unrelated cats boarded in catteries, 16780
contexts of kin conflict over caste determination, social Hymenoptera, 36330
evolutionary kinship psychology principles, implications for evolutionary kinship psychotherapy, 7785
experiences & characteristics in coresident caregiving of aging parents, daughters vs daughters-in-law & their husbands as caregivers, 15568
familiarity vs kin recognition as basis for schooling decisions, Trinidadian guppies, 23236
Kinship Support Network, provision of private community based case management services, adult kinship caregivers & relative children, 25431
morphine, pain threshold & analgesia, sibling vs nonsibling male mice dyads, 4129
nepotism vs royalty alleles hypotheses of the causes of reproductive dominance in emergency queen rearing, honeybees, 33138
parental behavior, male adult silverback gorillas & related vs unrelated infants, 19980
queen mating frequency & facultative polygyny & genetic variation in relatedness, Panamanian leafcutter ants, 29707
worker race, perceptions of kinship foster care & parents, urban & metropolitan & rural social workers & child welfare professionals, 25429

Kinship—Chapters

Grandparenthood in cross-cultural perspective, 4534
Kinship and mathematical categories, 26424

Kinship Recognition—Serials

acoustic parameters of parent call, individual recognition, king penguin chicks, 23243
age & sex & birth weight of lambs & parity of dams, mutual recognition & behavioral response to separation, crossbred ewes & their lambs, 33094
anal gland secretions, coding of family membership information, beavers, 7004
communal gall induction & kin discrimination, individual and group fitness, Tamalia coweni aphid, 3735
discrimination of family-specific vocalizations from own group vs different related or unrelated groups, male stripe-backed wrens, 13466
familiarity vs kin recognition as basis for schooling decisions, Trinidadian guppies, 23236
familiarity with opponent & same vs new location, social inertia & aggressive behavior, white-throated sparrows with vs without testosterone implants, 13487
female distribution & genetic relatedness & kin selection in fostering behavior, harbour seals , 13470
isolation, sibling recognition, prairie voles, 20016
major histocompatibility complex, odor use in kin recognition & discrimination, juvenile Arctic charr , 3744
mother & son vs mother & daughter kin vs same individual recognition using facial photographs in chimpanzees, 26520
octopamine agonists, nestmate recognition, honeybees, 23572
optimal acceptance threshold model, context dependent nestmate discrimination, paper wasps, 3765
recognition of calls of close relatives vs other group members, female free-ranging baboons, 26496
role of social experience in odor discrimination & memory, hamster biological siblings vs foster brothers, 36364
saline vs methylscopolamine vs scopolamine, lamb odor recognition memory, parturient ewes, 10572
scent marking with vaginal & flank gland odors & pheromones, kin recognition, golden hamsters, 3712
similarities & differences in qualities of individual odors among kin & other species, male Turkish vs golden hamsters, 29722
visual &/or auditory contact, individual sibling recognition, newly hatched common tern chicks, 33140
vocal recognition of cub whoops & recognition of third-party social relationships, spotted hyena mothers vs other breeding females, implications for evolution of intelligence, 33118

Kinship Structure—Serials

kin composition & convey dimensions of social support networks, psychological distress, 18–59 vs 60+ yr olds, 36918
kinship networks & familial childcare support, fertility rates, Hungarian vs Gypsy adults, 1138
maternal kinship & reciprocity & dominance rank, social relationships, female baboons , 33149
Pgraph & Pajek software for programming & visualizing & analyzing social networks & kinship structure & cohesion among family members, 27189

Kirton Adaption Inaovation Inven—Serials

cross-national & gender differences in response styles on Kirton Adaption-Innovation Inventory, college students, Canada vs Japan, 32613

Klinefelters Syndrome—Chapters

Klinefelter syndrome, 31093

Knee—Serials

articular nociception of endothelin-1 or sarafotoxin or carrageenan or E. coli lipopolysaccharide, naive vs previously inflamed knee-joints, rats, 651
high vs low intensity stationary cycling, functional status & gait & pain & aerobic capacity, adults (mean age 71 yrs) with osteoarthritis, 19037
isokinetic knee strength, non disabled vs mentally retarded 10–16 yr olds, 34476

Knowledge Based Systems [See Expert Systems]

Knowledge Level [See Also Health Knowledge, Job Knowledge]—Serials

adult mediation during cultural children's program, knowledge of & attitudes towards opera, 4th vs 6th graders, 4396
age & knowledge, wisdom-related performance, adults, 33715
age & task experience & cognitive ability, performance of computer-based troubleshooting task, 20–75 yr old accounts balancing operators in banking industry, 12815
age & teaching influences, astronomical explanations of seasonal changes, 3rd–9th graders, 9384
age, construction of Utrecht Early Mathematical Competence Scales, 4–7 old 1st vs 2nd vs 3rd-grade males vs females, 13961
application of knowledge technology in support of organizational knowledge management, 35660
application of sanctions or incentives, knowledge of program requirements, welfare clients, implications for moral lessons vs episodic attention models, 31964
assessment of knowledge & comprehension levels of science achievement using concept maps, 7th grade students, 1 yr study, 9489
attitudes & knowledge & experience of electroconvulsive shock therapy, 15–18 yr old patients with psychiatric disorders, 21989
attitudes & knowledge about home schooling & provision of preventive services, pediatricians in states with high vs low rates of home schooling, 35131
attitudes about own & other's drug use & school-based drug education & parental drug knowledge & strategies to prevent drug use, 12 & 13 yr olds & their parents, 24536
attitudes toward & knowledge of cancer pain epidemiology & pathophysiology & management, 24–78 yr old medical practitioners, Israel, 22365
attitudes toward mental illness & knowledge of mental health services, Asian vs Anglo Australian & European college students, implications for service use, 12400
beliefs & knowledge in intentions & behaviors among farm pesticide applicators, 39013
bodily & emotional knowledge, implications for social work practice & theory, 9164
cancer risk genetic counseling, knowledge & perceptions regarding risks for breast cancer, healthy females with relatives with breast cancer, 2531
choice accountability & issue involvement & prior knowledge, information acquisition & use in decision making, college students, 19814
classroom practices & student rudimentary vs no prior knowledge of fractions, student achievement in domain of fraction learning, elementary school students, 22519
cognitive ability & task knowledge & information sharing & conflict & group composition & process, group decision making effectiveness, college students, 37052
cognitive effort in encoding, recollective vs perceived known experience in recognition memory, college students, 10186
cognitive mediation & instructional design & metacognitive & instructional knowledge, college students, 19243
cognitive simulation model for representation of driving knowledge, drivers, 12969
computer-based networked collaborative knowledge mapping system, assessment of team processes & outcomes & teamwork skills, 9th grade student teams, 26223
conceptual vs procedural instruction & high vs low interference task type, error rates, 18–30 yr olds with high vs low levels of knowledge related to task, 19817
conflict level in relationship & preoccupation of individual & attachment style, complex knowledge about relationship, college students, 30495
contrasting cases analysis & text or lecture on psychological phenomena, generation of differentiated knowledge structures & prediction of hypothetical experiment outcome, college students, 15894
cross cultural validity of Thinking Styles Inventory & relationship between Thinking Styles & age & sex & college class level & work & travel experience & creativity, 19–50 yr old students, Hong Kong, 14340
culture & driving behaviors & knowledge of driving laws & safety device usage, 17–49 yr old Hispanic migrant farm workers, 16251
current knowledge about HIV/AIDS, aging minority populations, 1971
demographic & background variables & knowledge of & attitudes about & experience with violence & perceptions of anti-violence public service announcements, teenagers, 36783
demographics, understanding of term elder abuse, 40–93 yr old Blacks, 37472
determinants of confidence in accuracy of knowledge retrieval, bank managers, 3602
developing knowledge of information book language, preliterate kindergartners, 3 mo study, 864
development & validity & reliability of measure of subjective consumer knowledge, 17–83 yr olds, 36055
development of absorptive capacity & proactively constructed internal crises in organizational learning, knowledge base & effort in catching up, Hyundai Motor Company, 6325
development of organizational knowledge & knowledge management, 3110
developmental association between phonological short-term memory & vocabulary knowledge, 4 & 5.1–6.3 vs 13.3–14.4 yr olds, 10771
developmental conceptual understanding of causes of cancer vs AIDS vs colds, elementary school age children, 7386
differences in knowledge requirements for interdisciplinary problem solving in advanced manufacturing technology environment, design & manufacturing & marketing personnel, 12944
dimension-related metric for knowledge spaces , 32745
direct memory-relevant output monitoring, confidence rating on general knowledge test, college students, erratum, 3595
discriminant validity of relatedness ratings vs Pathfinder vs concept map knowledge structure measures & experience, posttraining performance, 17–43 yr olds , 6552
distinction between remembering & knowing & effects of exact & category repetition in recognition memory, college students, 32956
domain specific knowledge about computations & mathematical operations vs domain general linguistic & mathematical knowledge, performance in solving arithmetic word problems, 5th graders, 6216
drug information leaflets, knowledge of & satisfaction with drug therapy, patients with mental illness, 5600
education & demographic characteristics, changes in level of knowledge of cardiovascular disease prevention over time, 18–64 yr olds, 12 yr longitudinal study , 38449
educational background, knowledge of pain assessment & pharmacologic & nonpharmacologic interventions, nurses, 19173
educational training program, financial knowledge & decisions regarding affordability of retirement from regular employment, 55–65 yr olds, 4520
effect of tactical knowledge on sequence of & ability to shift between integrative & distributive response-in-kind negotiator behavior, naive negotiators, 27305
effect of test anxiety & prior knowledge on reading comprehension & comprehension monitoring, college students, 19304
effectiveness of evaluation efforts & level of knowledge concerning program structure , 26288

elaborative interrogation vs self study learning strategy & unfamiliarity vs familiarity with subject & individual vs paired study, learning & memory, 10-12 vs 14-16 yr olds vs college students, 32243
electrodermal & respiration psychophysical responses in Guilty Knowledge Test, guilty vs informed innocent vs uninformed innocent Ss, 36209
environmental science course, environmental knowledge & attitudes, high school students, 19472
epidemiological study of current medical knowledge on course of schizophrenia, 8151
evaluation of museum design of Yad Vashem Israeli memorial Holocaust museum, Holocaust attitudes & knowledge, high school students, 6136
experience of aggression & victim-perpetrator status & attendance at antiviolence education intervention, practical knowledge regarding violence prevention & attitudes toward date rape, 11th graders , 9566
experience with & knowledge about & attitudes toward ECT, parents of treated adolescents, 21988
expertise level & processing time, case recall & diagnostic accuracy, internists vs 2nd vs 4th vs 6th yr medical students, 3600
exposure to newscasts, factor analysis of risk perception & environmental awareness & knowledge of dioxin risks, adults, Japan, 32452
exposure to transformations & principled change in concept formation, transformational knowledge & categorization of novel objects, college students , 32931
extent & sources of school related information, parents of 4th–12th graders, 9448
eyewitness memory vs general knowledge, stability of confidence–accuracy relationship, college students, 10174
feelings of responsibility for & attitudes & knowledge about environment, ecological behavior intention, 17–82 yr olds, extension of rational choice theory into moral domain, 39042
full day vs half day vs brief workshop training model, HIV/AIDS knowledge & attitudes & practice dimensions, mental health providers treating patients with HIV/AIDS, 19160
global structure & temporal organization, knowledge-based musical expectancies & chord processing, college student listeners with vs without music training, 6795
goal specificity & control of computer simulated navigation of novel campus environment, acquisition of survey knowledge, Ss, 19829
group interactive psychoeducation, parental attitudes toward & knowledge about intellectual disabilities & disorder management, parents of intellectually disabled children, India, 15217
guided participation or observing an adult modelling correct solution or working alone, ability to balance unevenly weighted beams, 4–7 yr old who held a centre theory, 28942
HIV risk-taking behavior & knowledge level, patients with schizophrenia, 11415
HIV risky sexual behavior & anti-condom biases & AIDS related information & knowledge & perceptions & attitudes, 16–24 yr olds, 21505
HIV/AIDS knowledge & beliefs & at-risk behaviors, Chinese-American 12–82 yr olds living in a US community, 11836
HIV/AIDS risk behaviors & knowledge level, 12–18 yr olds with substance use vs psychiatric disorders, 14389
impact of power & knowledge systems on self & body & gender identity of transgendered social actors, 24–68 yr old male transsexuals, 11071
implicit & explicit syntactic & morphemic knowledge & reading comprehension & recoding in reading tasks, preadolescents as poor vs average vs good comprehenders, 20497
importance of treatment resistance & factors affecting its definition in light of recent advances in knowledge & treatment of schizophrenia particularly drug treatment, 25208
in-service program for development of pedagogical content knowledge, upper-secondary school chemistry teachers, 6132
individual differences in knowledge acquisition from interactive animated vs static pictures in cooperative learning, college students, 29649
influence of background or prior knowledge on intentional vs incidental concept learning tasks, college students, 32979
influence of cognitive support on episodic remembering in Alzheimer's disease, 2007
information processing perspective on development & qualities of expertise & use of perceptual anticipation, novice vs expert gymnastic judges, 29171
intention-balance vs informational theory of single-election party defection, voters in Congressional & presidential elections, 27211
interpretation of historical texts, historians with vs without detailed content knowledge of historical text subject, 254
issues & changes in practice of child & adolescent psychiatry & client service in relation to scientific knowledge & managed care, 11973
issues & changes in practice of child & adolescent psychiatry & client service in relation to scientific knowledge & managed care, commentary, 37971
issues & changes in practice of child & adolescent psychiatry & client service in relation to scientific knowledge & managed care, reprint, 37962
issues in & necessity for incorporating legal knowledge into clinical psychotherapy practice, US & UK, implications for training of psychotherapists in law, 32095
knowledge & abilities & nonability traits & relation to intelligence & aging, middle-aged adults, 20427
knowledge & attitudes & beliefs & practices regarding HIV & AIDS, 18–60 yr olds, Kuwait, 18297
knowledge & attitudes & opinions & practitioners' demographic & professional characteristics, adverse drug events reporting, medical doctors, 35437
knowledge & attitudes & practices regarding personal protection measures to prevent arthropod-related diseases & nuisance bites, US Army soldiers, 2503
knowledge & attitudes about cigarette smoking & its damage, 1st & 2nd graders, 31820
knowledge & attitudes about delivery of clinical preventive medical services & their efficacy, psychiatric faculty & residents vs internists at tertiary care medical center, 9350
knowledge & expectations of psychology undergraduates planning to pursue graduate study in psychology, 9528
knowledge & information & rational nature of decision making in choosing health plans or providers, health care consumers, 22138
knowledge & information & rational nature of decision making in choosing health plans or providers, health care consumers, commentary, 22141
knowledge & judgements about & retention of events occurring prior to birth, reanalysis of data, 288
knowledge & opinion about psychiatric wills & formulation of advance directives concerning psychiatric treatment, psychiatrists & psychiatric nurses, 12603
knowledge & perceptions of cigarette smoking, 4–8 yr olds, 17367
knowledge & perceptions of need for further training about breast cancer screening, medical students at entry & exit from medical school, 6022
knowledge & practices concerning screening & diagnosing & preventing tuberculosis among HIV infected persons, physicians, 18773
knowledge & risk of contracting AIDS, 18–59 yr olds with mild or moderate intellectual disability, 37700
knowledge & use & choice of & attitudes toward modern contraceptive methods, women, Russian Federation, 4673
knowledge about AIDS prevention & intention to use & attitude toward & actual condom use & sexual history, 16–18 yr old secondary school students vs school dropouts, 35153
knowledge about the letters in their own names, Australian first graders vs US preschoolers vs US kindergartners , 4449
knowledge about wealth & poverty & inequality & unemployment, South African Black 7 & 9 & 11 & 14 yr olds from rural vs urban vs semi-urban settings, 36782
knowledge acquisition & strategies & individual differences in reading hypertext, college students, 29536
knowledge acquisition for building mental models extracted during learning from complex animated visuals, college students, 29640
knowledge base development of a teacher education program, teachers of English to speakers of other languages, 2833
knowledge base preferences during & after degree program, Finnish nursing students from different specialty groups, 3-yr study, 32292
knowledge level & bias about aging, students in grades 3 & 6 & 9 & 12 in West Virginia & Texas, 15 yr study, 36889
knowledge level & premise uncertainty & number of favorable vs unfavorable arguments, probabilistic reasoning & evaluation of plausibility of conclusion, college students, 32909
knowledge level about dinosaurs & development, subordinate category extension & differentiation & revision, 5–9 vs 17–73 yr olds, 7406
knowledge level for premenstrual syndrome & reports of symptoms, healthy 20–40 yr old women with 6th grade level of formal education, 14910
knowledge levels process mode of writing, assessment of writing needs & workshop development, ESL graduate students, 38788
knowledge management teaching & dissemination concepts to support training, management of organization knowledge assets, 35618
knowledge of & attitudes & self-reported practice towards promoting regular physical activity, general practitioners, 28640
knowledge of & attitudes toward child maltreatment, immigrants from Caucasus vs European states of former USSR, 37512
knowledge of & attitudes toward vehicle airbags & mandatory airbag law, 16–65+ yr olds, 26011
knowledge of & diagnostic & treatment & supportive behaviors related to Alzheimer's disease, primary care physicians, 9009
knowledge of antidepressant discontinuation symptoms, pharmacists, 15291
knowledge of fragile-X syndrome & Down's syndrome & autism, special education & mainstream teachers, 32201
knowledge of late life depression & aging, primary care patients, 10928
knowledge of mainstream culture & politics, power, 10948
knowledge of mental illness treatment & advances, attitudes toward dangerousness of mentally ill & stigma, 18–32 yr old college students, 34055
knowledge of sunlight's harmful effects & attitude toward and frequency of usage of sun-safety devices & perceived peer pressure against vs parental encouragement for sun-safe behavior, sun- safety, 4th–6th graders, 29203
knowledge structures about clients & case conceptualization, experienced vs novice counselors, 38720
learning to use categories after learning to classify, category representation & classification knowledge, college students, 16663
level of expertise, constructing meaning when reading poetry, PhD English candidates vs undergraduates or advanced high school students, 240
level of knowledge & understanding of AIDS-related Pneumocystis Carinii Pneumonia treatment therapy, male heterosexual vs nonheterosexual prisoners with HIV , 38432
level of sexual abuse knowledge & self-protection skills, Chinese 11–15 yr old females with mild mental retardation, 18166
location & structure of ambulatory rotation, cognitive knowledge & performance, medical school students, 3 mo study, 25622
managerial decision-making framework & conceptual model of influence of consumer corporate ad knowledge on managing brand in corporate advertising environment, 6398
maternal & paternal & familial characteristics & knowledge of 1st- &/vs 2nd-born children's daily experiences, families, 14146
maternal nutritional knowledge & feeding practices, childhood anemia, low income mothers (aged 12–21 yrs) & their children, 34550
methods & techniques & tools for corporate knowledge management, 35652
model progression vs assignments as support for computer simulated oscillation, definitional vs intuitive knowledge, 1st yr physics students, 6164
motivation & media use & knowledge acquisition, 18–96 yr olds with high vs low SES (education level) during 1992 presidential campaign, 30111
nature of & threats to communication in learning organization, integration of organizational memory with email through user-centric meta-knowledge, 35665
new social practices & scientific texts as dynamics of scientific knowledge & application to autism research, 36737
novice vs advanced vs no computer programing knowledge, reliance on BASIC program semantics in lexical decision tasks, college students, 255
nutritional & cognitive & functional status & effect of nutritional education in care personnel, elderly living in service flats, 6-mo study, 30256
ontology-based approach to knowledge management & acquisition, business, 35649
organization of positive & negative knowledge about a relationship partner & implications for liking & loving, college students, 20869
organizational aspects of knowledge lifecycle management in manufacturing, 35666
organizational interpretive frameworks & knowledge creation through communication & role of simulation/gaming in facilitating organizational reengineering for improving commensurability, 9636
parent education & ethnicity & child's grade & gender & early education program participation & knowledge of parents' involvement in their children's education, kindergarten & 1st grade teachers, 15838
parental knowledge & attitudes & demand, immunization for varicella disease, mothers & their children (23–35-mo), 35126
participation in constructivist-based graduate science methods course, knowledge of science & science pedagogy, elementary & middle school science teachers, 2835

particular vs general nature of knowledge that works in practice & problems with data based inference & effects of preconceptions & theory, implications for teacher effectiveness, 26398
partnership role attitudes & marital satisfaction & wife's occupational status & individual investment expertise, spouses' relative dominance in various investment decisions, 29–75 yr old couples, 36961
perceptions of child mental illness & knowledge of community mental health services, Vietnamese parents, 37282
practices carried out in assessment for depression in elderly patients, hospital nurses, 22372
pre-administration information about relaxant vs stimulant drug effects, subjective stress & arousal, healthy 19–33 yr olds, implications for placebo response, 600
prediction of responsible environmental behavior through environmental literacy variables, secondary teachers, 26002
presentation of computer programming concepts, novice programmers, 35785
presentation of information on association between violent behavior & schizophrenia, impressions of dangerousness of persons with schizophrenia & mental illness in general, college students, 30744
prevalence of sexual dysfunctions & correlation with sexuality knowledge & attitudes, 16–53 yr old married females at family planning centers, 28050
previous knowledge about & contact with severe mental illness & enrollment in short-term education course on severe mental illness, attitudes about schizophrenia, college students (mean age 37.6 yrs), 30719
primary school teacher training, nature & acquisition & use of teachers' subject matter knowledge in mathematics & science & religion, teacher mentors & student teachers, 2831
prior category knowledge & waiting time search costs, computer searching, high vs low knowledge female consumers, 32427
prior information about relaxant & stimulant properties about drug & placebo & nocebo & other physiological & psychological responses to its administration, 18–38 yr olds, 13733
prior knowledge & acquisition of category structure in unsupervised learning conditions, college students, 32913
prior knowledge & learning strategies & goals & interest & conceptual understanding, 5th graders, 19290
prior knowledge effect of belief bias on syllogistic reasoning, British vs Italian college students, 6844
probability & believability manipulations & prior knowledge of subject matter, inference in Wason selection task, college students, 32924
processes used to gain access to alliance knowledge & relationship between organizational levels & knowledge types & transfer in joint ventures, automotive company managers, 6323
promotional history & industry norms & information on brand quality, pretrial brand evaluations, college students, 22717
psychoeducational workshops, parental knowledge & expressed emotion, parents of 10–18 yr old inpatients with mood disorders, 4-mo follow-up, 8097
public opinion & knowledge of child sexual abuse & abuse reporting in rural community, 19–60+ yr olds of varying demographic characteristics, 24391
quality of mother–child interaction at age 12 mo, self & mother feature knowledge, 20 mo olds, 23767
reactive vs reflective autonomy in following expert advice in decision making, 17–49 yr olds, 36223
recent exposure to information, memory of general knowledge estimation & recall, college students:, 10218
relationship among subject matter knowledge & teaching experience & mental models of student learning, Israeli 7th grader English teachers, 6130
relevance of hierarchies to information processing of biology from hypertext, undergraduates, 13309
reliability & validity of Knowledge About Schizophrenia Questionnaire, 18–58 yr old inpatients with schizophrenia, 17895
religion & knowledge of infant development & involvement with infants & psychosocial functioning, fathers, 33788
remember vs know vs guess responses following recognition memory decisions & signal detection model of remember-know paradigm, adults, commentary reply, 3588
residential therapist knowledge vs self report of clients' exposure to community violence, therapists of 9–19 yr old clients of residential treatment facilities for emotionally disturbed children, 32136
role of illness scripts in development of medical diagnostic expertise, 4th vs 6th yr medical students vs 2nd yr interns vs family physicians, 15778
role of individual differences & personality traits & abilities & interests, domain-specific vs general knowledge levels, 18–27 yr old college students, 30518
role of social work in & knowledge & experience level about funerals & cemetery arrangements & factors affecting familiarity with costs, 22–83 yr old family member survivors of older adults, 22166
route & survey knowledge from computer model vs direct experience vs maps of campus environment, 15–61 yr olds, 29592
SCIENTIA & CULTURA & CRITICA as functions of psychological knowledge, 20402
sex & cross cultural differences in historical knowledge & school grades, 9th graders, 35518
sex, discussions & representations of sexual knowledge from television & identity, 6–7 vs 10–11 yr old children, 20577
sexual abuse prevention program, child characteristics & knowledge level & locus of control & anxiety, 2nd–6th graders, 25328
sexual assault education program, sexual assault knowledge & victimization, female college students, 7 mo followup, 22081
sexual education & health promotion program, sexual knowledge, adolescent & adult females with mental retardation , 18969
sexual risk & knowledge & economic & demographic correlates of 1st intercourse, adult females, 23936
sociodemographic characteristics & knowledge of & attitudes toward HIV/AIDS & risk behavior & vulnerability to HIV infection, male homosexual & bisexual 18–49 yr olds, 37795
sources & knowledge & practice of contraception, pregnant 13–19 yr olds seeking abortion, commentary, implications of pilot study of knowledge of chlamydia in 15–24 yr old females, 17526
structural vs semantic knowledge for visual classification & recognition of biological objects, 75-yr-old male with category-specific visual agnosia, 28175
students' science concepts, promotion of teachers' professional growth & science knowledge, teachers, 32189
teacher training curriculum, knowledge & attitudes about ADHD, graduating vs practicing teachers, 15846
theory of planned behavior & environmental knowledge & past behavior, prediction of wastepaper recycling intention & reported behavior, college students , 32441
traditional vs specialized AIDS education program, risk behaviors & AIDS related knowledge, 18–63 yr old impoverished African American women, 2-yr follow up, 22103
training program, attitudes toward & knowledge of & frequency of contact with families with mentally ill relative, public mental health practitioners, 35408
training workshop, investigative interviewing skills & knowledge level, child protective service workers, 3 mo study, 25606
use of in-clerkship examinations for identification of insufficient knowledge & effect of counseling on final examination performance, medical students, 15729
use of inferential processes & intuition, cognitive processes involved in hindsight or knew it all along effect, college students, 23115
use of metaphors to introduce concept of hypertext as cognitive tools, degree of knowledge about semantic relations & structures, 7th graders, 32204
user knowledge &/vs designer judgment in warning label content strategies, 16194
validity & reliability of asthma general knowledge questionnaire for adults, 19–63 yr olds with asthma, 1914
verbal report techniques in assessment of knowledge & mental activity, process operators, 32752
vulnerability to infection & lack of AIDS related knowledge, mature women, 1990
weak interunit ties & sharing knowledge across organizational subunits, new product development, research & development & project managers, 19427
women's knowledge of physical & emotional changes associated with menopause, 45–54 yr old women in community vs active information-seekers, 30122

Knowledge Level [See Also Health Knowledge, Job Knowledge]—Books

Knowledge spaces: Theories, empirical research, and applications, 32932

Knowledge Level [See Also Health Knowledge, Job Knowledge]—Chapters

Application of Doignon and Falmagne's theory of knowledge structures to the assessment of motor learning processes, 32767
The child's construction of knowledge, 36726
Component-based construction of surmise relations for chess problems, 32586
Component-based knowledge spaces in problem solving and inductive reasoning, 32578
Craft and regulatory learning in a neighborhood garage, 4606
Creativity and knowledge: A challenge to theories, 7970
The culture of the mathematics classroom and the relations between personal and public knowledge: An epistemological perspective, 6109
An empirical test of a process model for letter series completion problems, 32750
How do we know what children know? Problems and advances in establishing scientific methods for the study of language acquisition and linguistic theory, 10822
"How would you write about that?": Identity, language, and knowledge in the narratives of two Navajo women, 33760
An integrated approach for constructing, coding, and structuring a body of word problems, 32583
The intermediate effect: Interaction between prior knowledge and text structure, 7461
Investigating the paths between working memory, intelligence, knowledge, and complex problem-solving performances via Brunswik symmetry, 10170
Knowledge versus policy in special education, 19360
Knowledge, creativity, and moral identity, 6005
Managerial perspectives on success and failure of post-acquisition processes: Discontinuities in knowledge and organizational learning, 29150
Mathematical understanding in classroom interaction: The interrelation of social and epistemological constraints, 6113
Military learnings: A practitioner's perspective, 16190
Modeling knowledge as competence and performance, 32749
Political information, 9864
Promoting learning in middle-grades mathematics, 22502
Repeated reading: A strategy for enhancing fluency and fostering experience, 15913
The role of prior knowledge in mediating foreign vocabulary acquisition and retention: A process-analytic approach, 299
Structure and design of an intelligent tutorial system based on skill assignments, 35497
Teaching and learning a new algebra, 22481
Traits and knowledge as determinants of learning and individual differences: Putting it all together, 10223
Understanding of statistics, 22483
Unity and diversity in knowledge, 17308

Knowledge of Results—Serials

accuracy & effects of delirium detection in 75+ yr old medical inpatients by standardized screening protocol & application of change theory to usage usage of protocol & research results by nurses, 28034
anticipated vs actual reaction to HIV test results, anonymous HIV test takers, 31134
feedback of research results from a community-based mental health program, research participants & local community, 9122
psychiatric screening & assessment with vs without physicians' knowledge, cost benefit analysis & mental health & quality of life & subjective health status outcomes, medical patients, 6-mo followup, 2132
reconstructive memory & hindsight bias & knowledge of story endings, reaction to victims & perpetrators in various scenarios, undergraduates, 27317

Kohlberg (Lawrence)—Books

Postconventional moral thinking: A neo-Kohlbergian approach, 20628

Korea [See Also South Korea]—Serials

cultural specificity of Korean emotional concepts dapdaphada & uulhada, college students, Korea vs Germany, 30521
discourse-pragmatic analysis of sentence-terminal suffix -ci in Korean, 7303
integrative function of recognition in Korean War Veterans Memorial, artists & Korean War veterans, 12919

Korea [See Also South Korea]—Chapters

Using solution-focused therapy with Korean families, 8835

Korean Cultural Groups—Serials

attributions about responsibility and improvement, education level & family income & religious commitment domains of success, 18–56 Korean American immigrants, 17677
coping strategies & depression, 25–55 yr old employed Korean wives, 34133
culture & family, academic achievement, Chinese & Korean American college students, 32250
Korean translation of Eating Attitudes Test, intraethnic comparison of eating attitudes, native South Koreans vs Korean Americans (mean age 22 yrs), 47
symptom experience during menopausal transition, low income Korean immigrant females (mean age 47.2 yrs), 30126

Korean Cultural Groups—Chapters

Culture, sexuality, and shame: A Korean American woman's experience, 21714
Engagement of an Asian American woman: Cultural and psychological issues, 21765

Koro—Serials

cognitive-behavioral therapy, koro & phobia of AIDS, 30 yr old single Muslim-Jordanian male, 8791

Korsakoffs Psychosis—Serials
alcohol-related memory impairment & thiamin deficiency & Korsakoff's syndrome & memory impairments following nonalcoholic Wernicke's encephalopathy, 34361
clinical features & syndrome regression before & after surgical removal of tumor, 55 yr old male with Korsakov's syndrome with colloidal cyst of 3rd ventricle, 21318
dietary habits & aging & gastrointestinal absorption, development of thiamin deficiency & onset of Wernicke–Korsakoff syndrome 2–20 yrs following gastrectomy, male 51 & 60 & 65 yr olds, 5771
divided attention, encoding or retrieval on recall or task performance, males with alcoholic Korsakoff syndrome & patients with amnesias of varying etiologies, 18354
perception of risk in parenteral thiamine treatment of Wernicke's encephalopathy & incidence of Korsakoff's psychosis, hospital admissions older than 15 yrs, commentary, 2087
perception of risk in parenteral thiamine treatment of Wernicke's encephalopathy & incidence of Korsakoff's psychosis, hospital admissions older than 15 yrs, commentary reply, 2040
use of Tower of Hanoi in assessment of cognitive procedural memory, 47 yr old male with Korsakoffs syndrome, 5070
Korsakoffs Psychosis—Chapters
Recent advances in moving backwards, 34085
Kuder Occupational Interest Survey—Chapters
The Kuder Occupational Interest Survey, 36049
Kupfer Detre Self Rating Scale [See Nonprojective Personality Measures]
Kuwait—Serials
immediate & long-term impact of experiencing war, 10–12 yr olds, Kuwait, 5-yr study, 8164
knowledge & attitudes & beliefs & practices regarding HIV & AIDS, 18–60 yr olds, Kuwait, 18297
L Dopa [See Levodopa]
Labeling—Serials
attitudes toward schizophrenia label & causal personality attributions of violence, college students & mental health professionals, 30697
labeling & access to care & self destructive behavior perceived as manipulation in experience of living with bipolar personality disorder, adult females, 34243
outcomes of experiencing vs self-labeling sexual harassment, female employees, 21252
parental alcoholism & self-labeling & endorsement of adult children of alcoholics & codependency traits, college students, 11613
person-first vs direct-label terminology, beliefs & attitudes of fluency & other speech-language disorders, parents of & speech-language-hearing impaired clients & speech-language pathology students, 14417
preferences for & information acquisition from over the counter medicine labels, 69–90 yr olds, 10923
range of prevalence rates resulting from application of different federal definitions of disorders, 9–18 yr olds with severe mental illness or serious emotional disturbances, 8009
sex, performance on categories of biological labeling errors, Caribbean 11th grade students, implications for science teachers, 32301
social inequities due to differences in mathematical measurement & potential for labeling & irreversible social decision making, mathematics teachers, 29005
Labeling—Books
Our labeled children: What every parent and teacher needs to know about learning disabilities, 34473
Labeling—Chapters
Labeling and stigma, 30645
The labeling theory of mental disorder (I): The role of social contingencies in the application of psychiatric labels, 17801
The labeling theory of mental disorder (II): The consequences of labeling, 17795
Labor (Childbirth)—Serials
epidural vs narcotic vs non-narcotic pain management technique during labor, delivery method & length of labor & Apgar scores, primiparous females, 18843
exposure to pregnancy or labor or delivery complications & schizophrenia, 30709
management of bed rest treatment for preterm labor, 20–43 yr old pregnant females, 25336
phenomenon of comfort in childbirth, implications for nurses & midwives & awareness of body & emotions & experience, 18930
premature labor induced by ECT, 29 yr old female with schizophrenia & depression, 12263
responses to care given by male student nurses during & after birth, 20–40 yr old mothers, 18924
self-reported pain vs medical caregiver rating of exhibited pain, pregnant Jewish vs Bedouin women during labor & after delivery, 31900
Labor Management Relations—Serials
application of phenomenologically-based theory of role of management-employee social processes in causation & perception of industrial plant accidents, operators & management staff, 25942
historical perspective on achievement of interracial solidarity within industrial working class by unions of Congress of Industrial Organizations, 1930s & 1940s, 3051
national location & employment systems & managerial & nonmanagerial job autonomy, personnel, Australia vs Canada vs Denmark vs Finland vs Norway vs Sweden vs US, 29076
ombudsperson vs peer third-party expertise & integrative vs compromise vs unintegrative recommendations, organizational disputants' offers & perceptions of mediator, college students, 38945
political structure & processes & goals of labor unions, 38949
simulation game used to enhance negotiation skills in industrial relations & team building settings, 9586
use gaming in research on & analysis of effects of strategies & culture on organizational processes & developments in labor relations, simulated construction company, 9638
Labor Management Relations—Chapters
Developing global leaders: A European perspective, 32333
Industrial democratization and industrial relations, 3024
Top management viewed from below: A learning perspective on transformation, 3080
Union strategies for revival: A conceptual framework and literature review, 29087
Labor Relations [See Labor Management Relations]
Labor Union Members—Serials
political structure & processes & goals of labor unions, 38949
Labor Unions—Serials
historical perspective on achievement of interracial solidarity within industrial working class by unions of Congress of Industrial Organizations, 1930s & 1940s, 3051
perceptions of parents' participation & union instrumentality & work beliefs, college students, extension of family socialization model, 29052
union campaign strategies, self-efficacy & activism after campaigns end, workers , 6349
Labor Unions—Chapters
Union strategies for revival: A conceptual framework and literature review, 29087
Laboratories (Educational) [See Educational Laboratories]
Laboratories (Experimental) [See Experimental Laboratories]
Laborers (Construct and Indust) [See Blue Collar Workers]
Laborers (Farm) [See Agricultural Workers]
Labyrinth (Anatomy) [See Also Cochlea]—Serials
proglumide, iminodipropionitrile induced excitation & chorea & circling syndrome & dyskinesia & neurotoxicity & inner ear pathology, male rats, 755
Labyrinth (Anatomy) [See Also Cochlea]—Books
Otolith function in spatial orientation and movement, 23279
Labyrinth (Anatomy) [See Also Cochlea]—Chapters
Control of spatial orientation of the angular vestulo-ocular reflex by the nodulus and uvula of the vestibulocerebellum, 23281
Labyrinth (Apparatus) [See Mazes]
Labyrinth Disorders [See Also Menieres Disease, Motion Sickness]—Serials
correlation of Dizziness Handicap Inventory with & validity of Activities-specific Balance Confidence Scale, 26–88 yr olds with vestibular dysfunction, 36031
factorial validity of Dizziness Handicap Inventory, 23–78 yr old patients with vestibular disturbance, 19570
recovery of vestibulo-ocular reflex, 21–82 yr olds with acute unilateral peripheral vestibular deficit, 29466
subjective visual vertical, 20–78 yr olds with unilateral vestibilar diseases, 29476
validity & reliability of VDI questionnaire, assessment of health related quality of life, 51–88 yr olds with vertigo & dizziness & imbalance symptoms, 36023
walking vs standing, visual acuity, 24–49 yr olds with severe bilateral vestibular dysfunction, 21627
Labyrinth Disorders [See Also Menieres Disease, Motion Sickness]—Chapters
The interaction of otholith and proprioceptive information in the perception of verticality: The effects of labyrinthine and CNS disease, 24862
Lactate Dehydrogenase—Serials
D-amphetamine, regional accumulation of lactate & free fatty acids in brain, rats with fluid percussion brain injury, 4136
Lactation—Serials
dry vs lactating physiological state & sward surface height, grazing behavior & herbage intake, cows, 19984
ethanol during lactation, milk production & growth & brain development of offspring, rats, 23590
ethanol, milk lipids & serum constituents, rats, 23424
extent & consistency of milking order, dairy sheep, 20042
in utero & lactational exposure to TCDD, learning & memory, rats, 23582
lesions of caudal intercollicular periaqueductal gray, maternal behavior & kyphotic nursing posture & sexual proceptivity & aggressive behavior & fear, lactating female rats with pups, 7071
lithium concentration in milk, aversion to nursing, calves, 10347
mood state & anxiety & cortisol & secretory immunoglobulin in hindmilk, lactating mothers, 20236
oxytocin vs antagonist at early vs middle vs late meal phase event, milk ejection & suckling bout length, cow–calf pairs, 4213
readiness for weight management & relation to body weight & weight-related distress & lactation status, new mothers, 25374
relationship between speed of withdrawal response from humans & performance in farrowing shed, lactating sows, 33117
role of progesterone metabolites in anxiety-related behaviors accompanying lactation, female rats, 33323
voluntary automatic milking & grazing availability, milking frequency & behavior, cows, 19999
walk-through selection for Automatic Milking System, rate of movement & behavior, dairy cows, 16864
Lactation—Chapters
Pharmacotherapy during the perinatal period, 25248
The transfer of alcohol to human milk: Sensory implications and effects on mother–infant interaction, 13848
Lactic Acid—Serials
lactate infusion & stress of confinement, time to onset of panic attack & imaging of hemispheric or discrete areas of brain metabolic abnormalities, adults with panic disorder (mean age 33.1 yrs), 11461
N-acetyl-aspartate & lactate levels in frontal vs temporal lobes vs cerebellum & plasma lactate levels, 3–12 yr old autistic children, 24579
pathophysiology of panic disorder using models of lactate & carbon dioxide challenges, 8177
Landscapes [See Topography]
Language [See Also Dialect, Figurative Language, Foreign Languages, Form Classes (Language), Phrases, Rhetoric, Sentences, Sign Language, Spelling, Vocabulary, Written Language]—Serials
15O water PET visual vs region of interest analysis of auditory & visual responsive naming activation vs intracarotid amobarbital injection procedure, language lateralization, epileptic patients , 21563
addressee specificity & presence, conceptualization & encoding of agent vs topic as subject of discourse utterances given as instructions in English vs German vs Spanish, college students, 26909
analysis of descriptions of male vs female TV characters, sex bias in language, regular vs irregular viewers of popular TV program, 7744
anomalous language representation, neuropsychological performance, adults with temporal lobe epilepsy, 28180
application of P. H. Grice's theory of conversational implicature & S. Kierkegaard's concept of indirect communication to indirect & ambiguous language usage, 815
asymmetry & size of Broca's area & Planum temporal & corpus callosum & relation to language & speech regions, male vs female 23–31 yr olds, 26637
attitudes toward Croatian as official language & Croatian centralist policies & Istria as regional identity & subsequent use of nonstandard languages in reaction to nationalism, Istrians, 26907
behavioral analysis movement away from animal to human testing & application of relational frame theory approach to analysis of language & cognition in humans, 36208
bilingual anticipation, picture-word processing, English monolingual Ss vs Spanish-English bilingual Ss functioning in monolingual mode, 23079
brain activation during language comprehension task, male vs female adults, 16911
brain mapping for language & auditory perception, high functioning 18–31 yr olds with autism, 14832
brain organization for language, 8–33 yr olds with early vs late onset of left-hemisphere lesion, 24834
case illustrations of use of religious cosmology in psychotherapeutic situations, 28386
categorical structure of iconic languages, 7306
characteristics of developmental surface dyslexia in Italian language with high grapheme–phoneme correspondence, 11.1–15.7 yr old males with dyslexia, 30992
child's gender & language choice & language-related family characteristics & parents' educational level & province of residence, standard-language & arithmetic performance, primary school students, 33544
cognitive & language & social-cognitive measures, variability in use of common ground in selecting referents & seeking confirmation & signaling noncomprehension, 9–19 yr olds with mental retardation , 8448

cognitive ability & receptive & expressive language skills, 6–15 yr olds with typical Cri du Chat syndrome, 24633
cognitive processing computation of semantic operations with vs without expected syntactic processes & combination of lexical items in sentences, undergraduates, 23630
computer-assisted content analysis vs judge-scored ratings of Referential Activity scales, assessment of communication of emotional experiences, adults, 35861
contribution of G. vs M. Dax vs P. Broca to temporal lobe theory & history of cerebral dominance for language , 33202
contributions of Communities of Practice approach as comprehensive theory of language & gender used in language research, 26898
conventional meaning of words in language & metaphor, 33553
correction to proof of recurrent neural networks of regular language recognition, 6453
cortical language functions of lexical access & semantics, patients with thalamic lesions, 28140
critical language awareness intervention for teaching of direct & reported speech, critical reading ability, 11th graders, 6171
cross linguistic approach to pitch processing via PET, adult native speakers of English vs Thai, 3844
cross-linguistic similarities & differences in lexical & grammatical development, English- vs Italian-speaking 1.6–2.6 yr olds, 17238
cued-recall memory for simple sentential metaphors & similes, English vs Spanish vs bilinguals, 29634
D. F. Benson's ideas about role of insula in language & aphasia, 14995
deficits in semantic & lexical processing after brain damage & implications for models of normal language processing, 18422
depression screening using automated Spanish- & English-language voice recognition vs live interviews, English & Spanish speaking females (mean age 33.7 yrs) from women's clinic, 26151
design of Simone Says, speech based functionally oriented interactions for teaching language, children with autistic spectrum disorders, 19352
development & online processing of native vs non-native phonemic contrasts, proficient Spanish- vs Catalan-dominant Catalan-Spanish bilinguals, 36675
development & validation of functional MRI-based method of determining language dominance, 16–70 yr old patients with brain lesions & epilepsy, 13516
development of Aristotelian style in defining abstract nouns, 11–12 vs 14–15 vs 17–18 vs 19–29 yr olds, 17274
developmental change from use of spatiotemporal to object property or kind information to language in object individuation & identity, infants , 36776
developmental dynamic systems theory of relations between language & culture & other complex behaviors & increasing neural complexity through evolution, 26554
differences in language & ontological knowledge, physical & spatial & temporal distinctions, English & Spanish speaking adults & children, 36676
differential discourse deficits, 7–12 yr olds with psychiatric disorders &/or language impairments, 27489
early intervention framework on developments in language intervention, children with developmental disabilities, 35363
efficiency of invasive Wada test, determination of language dominance & functional transcranial Doppler sonography, 13–52 yr old medical patients, 19643
electrophysiological correlates of language processing for visually & aurally congruent vs incongruent sentences, 23–53 yr old males with schizotypal personality disorder, 27746
elements of syntax, language trained parrot & dolphins & bonobo, 13405
elements of syntax, language trained parrot & dolphins & bonobo, commentary reply, 13406
elements of syntax, language trained parrot & dolphins & bonobo, commentary, 13414
elements of syntax, language trained parrot & dolphins & bonobo, commentary, 13423
English vs Cebuano language response & sex & spontaneous self-concept, Filipino secondary school students, test of cultural accommodation hypothesis, 10888
English vs Spanish typology, propensity to use manner vs path verbs to describe motion events, adult speakers, 814
ERP methodology for temporal tracking of sentence comprehension & role of working memory & background knowledge & tracking of multiple language processing areas in brain, 553
ERP study of meaning & structure & time in language vs music processing, semantic & syntactic & prosodic & harmonic & melodic & rhythmic organization, 535
event related potentials during spoken language comprehension in identification of gender agreement violations in controlled infinitival complements, college students, 16967
experiences of Western management educators & trainers & Eastern European alternative models as analyzed through language & viability of Kolb Cycle & Action Learning models, 38977
flexibility in human cognition & spatial performance & language, adults, 29564
functional MRI vs speech arrest during Wada testing to determine hemispheric representation of language, patients evaluated with intractable epilepsy, 8606
grammar instruction & fluency training, learning use of definite & indefinite articles of English, native Japanese-speaking students, 33563
historical context of A. D. de Groot's contributions to language of psychology on semiotic basis, 9781
history & definitions of Language Awareness & distinction from Consciousness Raising, implications for language curriculum , 33552
hyperspace analogue to language model of memory for transduction of episodic associations into semantic & grammatical knowledge, errata, 3584
ideology in language & emotions & social representations & psychology, 23833
influence & differentiation of effects of culture & language & SES in neuropsychological evaluation, Latino & other non-European patients, 32683
interaction & second language learning, 8th grade French immersion students, 822
interaction with televised media & integration of mass media messages & expression of self & community via language & social role performance & household economy, Yucatec Maya, Mexico, 1104
Japanese large-vocabulary continuous-speech recognition acoustic language models using newspaper vs broadcast news vocabularies, 23629
language & memory, deaf children & adults, 2116
language & proportion of nouns & verbs in early vocabulary, toddlers (mean age 20 mos) & their mothers, China vs US, 23723
language & underlying experiences in repeated tellings of same experience by same person, commentary, 7308
language & underlying experiences in repeated tellings of same experience by same person, 7295
language concerns & manipulation of symbols on attitudes & actions of Nebraska State & County Councils of Defense during era of perceived crisis, 1917, 1151
language dominant vs nondominant cerebral hemispheres, immune function, 20–48 yr olds undergoing epilepsy surgery, 18829
language encoding & partial activation of irrelevant lexicon & eye movements to distractor objects, bilingual speakers of English & Russian, 23152
language functioning & cerebral blood flow patterns, patients with Alzheimer's disease (mean age 69.4 yrs), 37861
language immersion & cultural & linguistic identities, 13 yr old male & 11 yr old twin females reared in 2 linguistic cultures, US & Canada, 33580
language processing & cerebral metabolic activity, 15–59 yr olds with left- or right-sided temporal lobe epilepsy, 24776
language structure & entextualization & contextualization & linguistic ideology in local communities, 7655
language-inherent classification & mental representations of classifiers in cognition & memory & evaluations, English vs Chinese speaking adults, 6878
learning of mathematics & reasoning about proving & relation to everyday & mathematical language & argumentation about proofs, fifth graders, 28975
left hemisphere specialization for linguistic specificity & signed languages, deaf persons , 34519
legacy of G. Frege's antipsychologism, views of language in 20th century philosophy of science & new theories of meaning, 35847
lexical priming & time course of lexical inferences during language comprehension, aphasic & Alzheimer's disease patients, 34644
lexical representations & lexicalization processes & target–error resemblance in contaminational & semantic & formal & mixed French word substitution speech errors, 30090
linguistic competence & visuospatial representation, mathematical intuition, bilingual Ss, 19694
linguistic expression of probability & probabilistic thinking on view of uncertainty questionnaire during probability scale task, 20–50 yr old native Chinese vs English speakers, England , 27147
linguistic patterns in narratives of transgressions vs making someone happy, college students, 30106
listener attitudes toward New Zealand English speaker vs Standard American English speaker, New Zealanders, 30104
measurement of planum temporale asymmetries & role in linguistic function, non-human primates, 3856
memory & linguistic representations of social events, undergraduates, 20868
misconception & alternative statistical procedures in language & memory studies, 36065
model for lexical access to pronoun production in German, 17–38 yr old native German speakers, 13308
natural language processing in electronic medical records systems, 31877
nature of circularity in thinking about language in schizophrenia, 17862
neo-Darwinian/selectionist vs nonselectionist accounts of evolution of language, commentary, 4360
neurological features of unidirectional alexia in reading Hebrew but not English, 73-yr-old patient, 21574
norms for 60-item version of Boston Naming Test, 55–91 yr old Dutch-speaking Flemish, Belgium, 6557
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, commentary, 1576
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, commentary, 1625
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, 1575
on-line semantic processes & syntactic analysis of subject–predicate agreement in Hebrew, adults, 808
onset & comorbidity & role of behavioral problems in substance use disorder during adolescence, 5-yr olds with vs without early childhood speech language impairment followed prospectively for 14 yrs, 31026
own goal & beliefs about partner's goal, language use & referring in goal discrepant conversations regarding description of shapes, 18–45 yr olds, 17583
parsing of relative clause in modification of first vs second noun phrase in sentence comprehension, native Spanish vs English speakers, 36214
patterns & generation of American English intonation based on Tones and Break Indices system, native American English speakers, 23626
phonological & syntactic awareness & reading acquisition, English vs Punjabi speaking 1st graders, implications for discriminating poor vs average readers, 10763
phonotactic & probabilities & competitive effects, similarity neighborhood activation in spoken word recognition, right-handed adults, 17162
position of linguistic norms, direction of similarity vs difference comparison asymmetries in relational judgments, college students, 243
positive symptoms of schizophrenia, neurocognitive functioning for language and memory, hospitalized patients (mean age 36 yrs) with schizophrenia, 34165
pragmatic role of hand gestures in language comprehension & memory, college students, 23627
predictive validity of phonology & listening comprehension & cognitive ability & visual-motor coordination against early reading skills, kindergartners from diverse linguistic backgrounds, 1 yr study, 36749
premise doubt & conversion & model number required strength & counterexample availability, suppression of inferences, native Spanish speaking adults, 17151
presentation format, arithmetical-fact retrieval processes, French-speaking vs Dutch-speaking college students, commentary, 3585
presentation format, arithmetical-fact retrieval processes, French-speaking vs Dutch-speaking college students, commentary reply, 3592
principles of Best Test Theory of Extension, extension of natural kind concepts in language of thought, 36640
processing of ambiguous embedded clauses in German, college students, 17148
processing of gender & number features in selection of pronoun antecedents in Italian, students, 30093
processing of grammatical gender during language comprehension & issues in syntactic congruency & semantic relatedness, 30097
psychoanalysis & language & phenomenology & deconstructive philosophy in work of N. Abraham & M. Torok, 27427
psychoanalytic theories of linguistic signification of anal organization in obsessional neurosis, 27434
recency & lexical preferences in Spanish relative clause attachments, Spanish speaking students, 32911
relationship between visceral organ & brain mirror-image asymmetry & language functionality & lateral dominance, 33–49 yr olds with situs inversus totalis, 37762
reorganization of verbal memory from to right hemisphere, 19 yr old female with severe left mesial temporal damage, 11945
repetitive transcranial magnetic stimulation, anatomic & physiologic localization of speech arrest & language function, 21–48 yr olds, 29786

representation & processing of grammatical gender & number & inflectional morphology in Spanish, college students, 30095
representation & processing of grammatical gender in language processing, 36674
representation & processing of tone in Mandarin Chinese via naturalistic slips of the tongue from tape-recorded radio call-in programs, 30092
residential patterns & religious beliefs & marriage within cultural & occupation & visits to homeland, native language maintenance, US & Canada immigrant ethnic groups, 20703
resources & states of recurrent neural network in processing of deterministic context free language, 19505
retrieval in analogical transfer of problem solutions within & between languages, Spanish–English bilingual adults, 16636
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26104
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary reply, 26100
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, 26099
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26098
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26105
role of interaction in comprehension of nonnative speakers, native speakers, 818
role of language & different verbs in development of understanding false beliefs, 3–5 yr old Chinese-speaking children, 17266
semantic cue availability & cue reliability, online processing to sentence interpretation, native Russian & German speakers, 17154
sequential analyses & multiple controlling stimuli & temporal patterning in 1st-language transmission & acquisition process, 33558
serial order & word onset effect, phonological encoding & misspoken words in tongue twisters, native speakers of British English, 3565
sex & gender schematicity & speaker & partner sex, interpretations of conversational backchannels & questions, Os, test of 2-cultures & dominance theories of gender-linked language differences, 1230
similarities & cortical resource overlapping in odor & language information processing, 13558
sociolinguistic research & generalizations about language & gender in communities of practice, 26902
sociolinguistic similarities & differences & language variation in mono- & bilingual speech communities, 26896
solution-focused therapy as rumor & its link to philosophy of language & aspects of postmodernist social thought, 2168
spatial influences, motor & language function, Ss with parietal lesions, 24794
stability of Receptive Expressive Emergent Language Scales scores vs direct measurement with Reynell Developmental Language Scales, measurement of linguistic ability, infants, 18 mo study, 4446
stochastic component for spoken natural language understanding using Hidden Markov Models in the domain of train travel information retrieval in French, 23628
support vs resistance to sexist language, college students, 4663
syntax & knowledge of grammatical structure, language trained parrot & dolphins & bonobo, commentary, 13400
task demand training with vs without comprehension monitoring training, preparation for simple vs complex language questions in courtroom, preschool vs kindergarten vs 2nd-grade child witnesses, 39065
temporal & associative memory, verbal information processing, Chinese vs English-speaking adults, 33633
terminology & design & analysis problems & recommendations for understanding cognitive research on integration of language & memory in bilinguals, 10098
theory of language as human instinct, commentary, 36664
therapeutic document model using language as active change agent in group counseling, 2214
therapist's views of reality & therapy as conversation & use of language in therapy, 15137
training in phonological & semantic analogy, orthographic analogies in learning to read Chinese, 1st & 3rd graders, 13941
universal development of emotion lexicon in the world's languages & uniformity of sequence of naming emotion categories across cultures, 27289
use of conceptual information regarding biological sex by language production system in the encoding of sex agreement between subject & predicate, Italian & French college students, 23635
validity of cerebral dominance for language data from magnetic source imaging, 8–56 yr olds with intractable seizure disorder, 37819
views about standardized risk communication tools & 'language of risk' communication with patients, primary care professionals, 6048
visual presentation of kana characters, quantitative & qualitative hemispheric asymmetry, native Japanese speakers, comparison with English speaking data, 26600

Language Arts Education [See Also Phonics, Reading Education, Spelling]—Serials

analogy instruction, analogy solution & use of parallel explanations & metaphor paraphrasing, gifted 5.6–6.6 yr olds, 2988
card & board & simulation & other games & teaching of English as a foreign language, student teachers, 38795
classroom & mentor approaches & authenticity in community-based language revitalization programs, California natives, 15873
computer based training & testing procedure, acquisition & transfer of sentence construction & particle usage & written & verbal response skills, 6 & 8 & 10 yr old autistic males, 37647
development of didactic research & approach to teaching of language & literature, France, 19244
effects of resistance & self-determination & activism & social & economic issues in Athabascan language assessment project, Alaskan natives, 13867
history & definitions of Language Awareness & distinction from Consciousness Raising, implications for language curriculum , 33552
integrated reading & writing approach to teaching compare–contrast text structure composition, students with & without learning disabilities , 12719
issues in authenticity & cultural identity in adult education & language change in rural environments, Solomons Islands, 15865
issues in authenticity & cultural language revitalization, Hawaii, 15903
issues in ethnic identity & authenticity in minority language education, US & Solomon Islands, 15871
legibility & speed of handwriting, 4th & 5th vs 7th & 8th grade students exposed to traditional vs whole-language instruction, 28936
model of teaching argumentative writing & role of evidence, middle & high school students with & without learning disabilities , 12720
reading & vocabulary development in speaking & writing curriculum , 15864
relationship among subject matter knowledge & teaching experience & mental models of student learning, Israeli 7th grader English teachers, 6130
responsibility & authority in decision making for selves in language & cultural revitalization, native Hawaiians, 14142
simulation in language learning & English as a foreign language field, 6148
spelling skills, third grade children taught through whole language instruction vs phonics program, 9422
word identification & grapheme substitution passage & cloze procedure word recognition tasks, 2nd graders from whole language vs phonics/skills-based classrooms, 6172

Language Arts Education [See Also Phonics, Reading Education, Spelling]—Books

Electronic literacies: Language, culture, and power in online education, 9455
The teacher's grammar book, 10711
Teaching academic literacy: The uses of teacher-research in developing a writing program, 15910

Language Arts Education [See Also Phonics, Reading Education, Spelling]—Chapters

Building cultural diversity into the literature curriculum, 19277
The dialogic writing conference: Negotiating and predicting the role of author, 15951
The expanded dialogic sphere: Writing activity and authoring of self in Japanese classrooms, 10823
How beginning writing students interpret the task of writing an academic argument, 15952

Improvement of schoolchildren's reading and writing ability through the formation of linguistic awareness, 12727
Intertextuality, genre, and beginning writers: Mining your own texts, 15956

Vocabulary development at the college level, 38857
Writing as communication: Creating strategic learning environments for students, 19283

Language Delay—Serials

12 wk clinician implemented language intervention program, linguistic & social skills, 21–30 mo olds with delayed language development, 38633
auditory temporal processing & oral language ability, 7–10 yr olds with reading disabilities, 21397
effects of discourse skills intervention, 3–7 yr olds with delayed language development with vs without cognitive impairments, 15685
perceptions of nurturance & independence fostering with child & family enmeshment & locus of control, parents of language delayed children 1st seen at 2 yrs, 3 yr followup, 37721
predictors of language development, 20–34 mo olds with early expressive language delay, 23715
problems with & suggested changes to criterion of no clinically significant general language delay in DSM-IV definition of Asperger's disorder, 34428
treatment with syllable cluster learning task, generalized learning & acquisition of syllable onsets, 3.2–7.7 yr olds with phonological language delay, 25557

Language Delay—Chapters

Twins and their language development, 34452

Language Development [See Also Language Delay]—Serials

1st language influence & developmental stage of oral production & intensive ESL intervention, knowledge & use of English questions, native French-speaking 11–12 yr olds, 22464
acquisition of English passive, 2 vs 3 yr olds, 7381
acquisition of forms & interactive functions & discourse type constraints, adults vs children, Germany, 33557
acquisition of irregular output orthographic representations of French words, 23–57 yr old Italian speakers with no previous knowledge of French, 26897
action upon unfamiliar objects by adults, learning novel part names, Japanese 2-yr-olds, 4436
active vs passive storybook reading, vocabulary acquisition, kindergartners, 17249
adaptive phonetic gestures & vowel devoicing, 4–5 yr olds & adult speakers of Osaka vs Tokyo dialects of Japanese , 33619
animated cues in electronic books, vocabulary development, 3rd graders, 17259
arithmetic calculation & short-term memory & language performance, 9–10 yr olds with specific language impairment, 18213
attention to sound similarities in syllables, 9 mo old English learners, 10779
behavioral patterns & prevalence of language deficits, 6–11 yr olds with primary attention-deficit vs ADHD, 1861
bilingual language development, retention of proficiency in Spanish, Spanish-speaking preschool children, 1-yr follow up, experimental replication, 19270
cerebral blood flow during rest vs listening to sentences vs sentence repetition, language organization, patients with left-hemisphere lesions developed early vs later in age, 21588
change & continuity in diagnosis & intelligence & language skills & social competence, 2–6 yr olds with autism or Down's syndrome or other developmental delays, 6–8 yr study, 18134
change & continuity in diagnosis & intelligence & language skills & social competence, 2–6 yr olds with autism or Down's syndrome or other developmental delays, 6–8 yr study, commentary, 18127
change & continuity in diagnosis & intelligence & language skills & social competence, 2–6 yr olds with autism or Down's syndrome or other developmental delays, 6–8 yr study, commentary reply, 18133
characteristics of noun-phrase vs verb-phrase elaboration, 19–31 mo olds with expressive language impairments with vs without receptive language impairments, 9 mo study, 8471
cognition & motor skill acquisition & language development, 30157
cognitive & language & daily living & motor skill developmental patterns, preterm vs fullterm infants with vs without acute vs chronic respiratory diseases of varying severity, 24 mo study , 28052
cognitive constraints & development of narrative skills in expression of coreference in oral production of French, adults vs 11 vs 7 yr olds, 17288
communication management & language acquisition, linguistic feedback system, 1 yr 3 mo olds, 1.5 yr study, 33538
community-based literacy program, maintenance of parental literacy behaviors & child language production & conceptual development, 1–3 yr olds & their parents, 1 yr follow-up, 28934
comparison of vocabulary size & lexical context with diary study vs MacArthur Communicative Development Inventories, 9 mo old male, 1.5 yr study, 17281
comprehension of high vs moderate vs low familiarity idioms, Black vs White European 5th graders, 20518
computer-based training techniques, 4–14 yr olds with speech & language disabilities, 2724
contextual knowledge in word knowledge & meaning, 13873
continuity & stability & models of concurrent & predictive correspondence in vocabulary & verbal responsiveness across play & mealtime contexts, infants at 13 & 20 mo old & their mothers, 7 mo study, 23681
critical period during adolescence for 1st-language acquisition, 15 yr old with profound deafness fitted with hearing aids, 4 yr study, commentary, 18456
cross-linguistic similarities & differences in lexical & grammatical development, English- vs Italian-speaking 1.6–2.6 yr olds, 17238
delay of gratification ability & facilitation through symbolic representation of reward, language-trained vs non-language trained chimpanzees, 13387
development & changes in communicative means & functions, 5–14 yr olds with autism, 1 yr study, 37623
development of Aristotelian style in defining abstract nouns, 11–12 vs 14–15 vs 17–18 vs 19–29 yr olds, 17274
development of coarticulation, female child at 7–40 mo, 36770
development of feedback morphemes & feedback giving through other-repetition, language development, 15 mo olds, 2 yr study, 33565
development of metalinguistic awareness & phonemic judgments of meaning & structure related words, 4–12 yr olds, 23690
development of play & language, infants, 10 mo study, 33584
development of production & segmentation of compound nouns in relation to target nonwords in Telugu dialect, 8 vs 11 vs 14 yr olds, India, 23729
developmental neuropsychology & language acquisition, 36743
developmental trajectories in literal or familiar idiom phrase comprehension, adults vs children with brain damage to right or left hemispheres, 21568
discourse markers, social meaning & social situations,French speaking vs English speaking vs Spanish speaking Mexican American 4-7 yr olds, 33539
early intervention framework on developments in language intervention, children with developmental disabilities, 35363
early language development & phonological awareness, reading problems, Danish 3–11 yr olds, 36754
early language development, infants with vs without early onset otitis media, longitudinal study, 8706
early word comprehension assessed by preferential looking task, 12 vs 18 vs 24 mo olds, 23712
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37648
effectiveness of early intervention method for delayed language development, language-delayed 8–21 mo olds, 27944
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37635
effectiveness of early intervention method for delayed language development, language delayed 8–21 mo olds, commentary, 37628
effects of early language development & socialization & types of educational placement on self-concept, deaf & hard of hearing students, 38900
effects of Slovak–English bilingual childrearing practices, female from birth to 5.9 yrs, 23722
Emergence of interjections in speech, 19 mo old, 17 mo study, 33559
emphatic stress, children's novel word learning, 6–9 yr olds with specific language impairments, 8468
English language & grammar achievement, prelinguially deaf children with vs without cochlear implants vs hearing aids, 18469
event-related brain potentials, interplay of referential & structural factors during sentence processing in discourse, 21–26 yr old females, 26917
foundation of speech perception & production in 1st yr of life, 30185
frequency & types of errors between pronouns with vs without suppletive nominative, 1–3 yr olds, test of hypothesis of role of pronoun morphology in case errors, commentary reply, 30187
frequency & types of errors betwen pronouns with vs without suppletive nominative, 1–3 yr olds, test of hypothesis of role of pronoun morphology in case errors, commentary, 30189
frequency of discourse markers, action level vs descriptive level, 4 vs 7 yr olds, 33555
functional magnetic resonance imaging assessment of hemispheric language dominance, healthy 7–18 yr olds & 32–49 yr olds, 10782
genetic influences on general cognitive & language & reading ability & phonological awareness, 5.7–6.8 yr old monozygotic & dizygotic twins , 10776
grammatical & caregiver prosody cues, sentence comprehension & language development, 2–2.2 yr olds, 17283
H. Werner & B. Kaplan's developmental theory of language as alternative to G. Lakoff's theory of embodiment, applications to modernist poetry, 33520
hearing status of mother–child dyad, expressive & receptive language & symbolic play abilities, 2 yr olds, 28227
history & definitions of Language Awareness & distinction from Consciousness Raising, implications for language curriculum , 33552
home environment, vocabulary & grammatical development, African-American 18 vs 24 vs 30 mo olds, 13952
identification of novel wordlike units from utterances, college students, implications for children's native language acquisition, 20491
individual differences in social understanding & language abilities & temperament & behavioral adjustment & family background & quality of interaction with close friends, 4 yr olds, 27041
infant speech perception & development of word segmentation strategies & discovery of grammatical organization of utterances, 30171
language & memory, deaf children & adults, 2116
language & proportion of nouns & verbs in early vocabulary, toddlers (mean age 20 mos) & their mothers, China vs US, 23723
language immersion & cultural & linguistic identities, 13 yr old male & 11 yr old twin females reared in 2 linguistic cultures, US & Canada, 33580
linguistic vs nonverbal (visual) metaphoric development, 8–12 yr olds with language disorders, 11763
literacy intervention, development of register switching expertise, 1st grade at-risk readers, 32303
local coherence in testing of linquistic processing, adults with autism or asperger syndrome, 27927
localization & innateness & domain specificity of language & infant brain, 30155
longitudinal course of tense acquisition, children with specific language impairment, 4 yr study, 8477
maintenance & reintroduction of referents in French, 7 & 9 & 11 yr old children & college students, 10800
maternal generation from Mexico, receptive & expressive communication, 22 mo olds from Mexican-American families who graduated from NICU, 10787
maternal gestures & prosody during play & different stages of sensorimotor development, development of conversational competence, 4–14 mo olds, 10-mo study, 17242
maternal narrative intervention, vocabulary & narrative skills, economically disadvantaged preschoolers (mean age 3.7 yrs), 1 yr followup, 17276
metrical effects on speech movements, 3–4 yr olds vs 19–28 yr olds, 30164
modality & age & gender differences in constituent order & deletion using Augmentative & Alternative Communication picture boards, speaking 5–12 yr olds, 7439
mother's caregiving practices & child's language abilities, low-income teenage mothers of 30 mo olds, 23707
mothers' child directed speech & child's language development, 18–29 mo old first- vs later-born children from high- vs mid-SES families, 7403
neurobiological approach to innateness & universality & species-specificity & autonomy of language capacity, humans, 21 comments & reply included, commentary reply, 26625
neurobiological approach to innateness & universality & species-specificity & autonomy of language capacity, humans, 21 comments & reply included, 26595
neurobiological approach to innateness & universality & species-specificity & autonomy of language capacity, monkeys & humans, 21 comments & reply included, 26646
object shape vs function, lexical extension, 3 & 5 yr olds vs adults, 33615

Language Development—Serials

oral language skill development, 3.9 yr old with Floating-Harbor syndrome, 3 yr study, 21480
parent &/vs teacher involvement in interactive reading intervention, language development, 3–4 yr olds with poor oral language skills from low income background, 886
parent &/vs teacher involvement in interactive reading intervention, language development, 3 & 4 yr olds with poor oral language skills from low income backgrounds, commentary, 859
parent &/vs teacher role in interactive reading intervention, language development, 3 & 4 yr olds with poor oral language skills from low income background, 875
parent–typical toddler interactions as maintenance strategy & long term maintenance issues in language & social skills, individuals with developmental disabilities & autism, 28334
paternal absence vs presence, socio-emotional & language & academic outcomes, deaf & hard of hearing 3.6–7.0 yr olds, 5440
patterns of spelling errors in Spanish spelling during acquisition of skills, 8–10 yr olds, 30173
perception & production & long-term retention of English /r/-/l/ sound pairs, monolingual Japanese 19–22 yr olds, 3 mo followup, 29622
perspectives on & factors affecting acquisition of 2nd language, children with developmental delays, 34445
phonological & semantic contributions to short-term memory & verbal & spatial working memory skills, good vs poor comprehenders, 21401
phonological short term memory & role in vocabulary development, 4–5 yr olds, 13 mo follow up, 7375
phonotactic & prosodic cues in word boundaries in speech, 9 mo olds, 20509
play interactions & verbal communication, low vs middle SES African American mothers (aged 20+ yrs) & their 12–18 mo old infants, 36978
predictors of language development, 20–34 mo olds with early expressive language delay, 23715
preposition acquisition & first usage & semantic representation, 1.5–3.5 yr-olds learning Bristol dialect of British English, 30186
preschool models of language & self help & social & motor & adaptive development & basic skills mastery, inner city 4-yr- olds, 10864
prosodic differences, ability to discriminate English from Dutch vs Italian & cerebral specialization for language, 3 mo olds from American English-speaking homes, 10795
psycholinguistic & child language acquisition issues & criteria for assignment of nouns in grammatical gender systems, 30159
qualitative research methodology as mode of inquiry in conversation development & education, 7-yr-old deaf female, 5442
reading & vocabulary development in speaking & writing curriculum , 15864
reading & writing difficulties as monolingual dyslexia & orthographic units in English language, English-Japanese bilingual 16 yr old male, 24629
relationship of foreign language proficiency & aptitude & course grade & native language skills, 15.4–17.3 yr old high school students, 6218
representation & processes in production of pronouns in number & grammatical gender agreement, college students, Netherlands, 26908
responses & recasts, conversational interaction & acquisition of second language, 15–30 yr old ESL learners paired with 24–36 yr old native speakers, 813
responses to requests for clarification & ability to locate linguistic errors that provoked requests & success in providing appropriate repair, 2–3 yr olds, 20504
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26098
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, 26099
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26104
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary reply, 26100
revision of Reynell Developmental Language Scales, assessment of comprehension & production of language, 1.3–7.5 yr olds, commentary, 26105
role of early linguistic experience in development of phonological representations, deaf children, 2115
role of implicit negative feedback in second language acquisition, Japanese & Spanish language learners, 812
role of language & different verbs in development of understanding false beliefs, 3–5 yr old Chinese-speaking children, 17266
salience vs semantic explanations of differing production & comprehension of animal vs color terms, 3–5 yr olds, 17236
sensitivity to morphosyntactic dependencies in English, 15 vs 18 mo olds, 7431
sentence comprehension strategies, 6.8–7.9 yr olds with expressive &/vs expressive–receptive specific language impairments, 27987
social cognition & joint attention & communicative competence, 9–15 mo olds, 7382
sonority of phonemes in segmentation of syllable constituents, preschoolers & 1st grade students, 17293
speech & gesture proficiency in bilingual development, 2-yr-old males, 1.5 yr study, 10788
stability of Receptive Expressive Emergent Language Scales scores vs direct measurement with Reynell Developmental Language Scales, measurement of linguistic ability, infants, 18 mo study, 4446
statistical simulation & neural networks of natural language acquisition, 35803
statistical survival analysis for longitudinal study of clinical & efficacy & theoretical applications in normal & disordered speech & language development, 16406
syntactic skills, Hispanic kindergarten–5th graders with low vs average school achievement, 2912
temporal & associative memory, verbal information processing, Chinese vs English-speaking adults, 33633
theories of adult understanding & use of & children's development of comprehension of ironic & sarcastic speech acts, 20489
theory of mind & imitation & memory, language acquisition & development, infants & toddlers, 30182
toxins in environment, cognitive & language structure development, 5–6 yr olds, 34528
universal development of emotion lexicon in the world's languages & uniformity of sequence of naming emotion categories across cultures, 27289
use & scope of count nouns or adjectives as novel words in fostering formation of object categories, 12–14 mo olds, 23732
use of cues for interpretation & retention of novel verbs, 6 yr olds with specific language impairment, 37726
use of linguistic structural & prosodic cues to interpret pragmatic function of given/new distinctions in sentences, Chinese-speaking 5 vs 7 vs 9 vs 11 vs 13 yr olds vs adults, 7384
use of metrics in brain imaging studies of cognitive processes & example from single cell studies & study on shaping of brain by early exposure to native language, 562
use of syllabic & alphabetic principles & understanding of written language, 3–6 yr old preschool students, 6211
use of temporal & referential devices to create autonomous pretend play narratives, Chinese Mandarin-speaking 4 vs 6 yr olds, 7383
validity of parental report MacArthur Communicative Inventory for measurement of vocabulary & grammar & syntax, parents of 24–49 mo olds with specific language delays, 16313
verb tense & specific or neutral production context, comprehension of promises, 3–9 yr olds, 17265
word learning in context of adult referential & salience cues, 18 vs 24 mo olds, 7417

Language Disorders [See Also Aphasia, Echolalia, Mutism]—Serials

acoustic/perceptual & articulatory/production space nonsymbolic phonological knowledge, 3.8–5.4 yr olds with phonological disorders, 11761
analysis of observational data in speech & language research using generalizability theory, 8479
application of relevance theory to impairment of pragmatic comprehension, 6–13 yr old children with pragmatic language difficulties, 37725
arithmetic calculation & short-term memory & language performance, 9–10 yr olds with specific language impairment, 18213
atrophy of language-associated cortical gyri, deceased Ss with Alzheimer's disease, 21559
brain morphology & language & thought disorders, patients (mean age 25.6 yrs) with schizophrenia, 4940
canonical babbling, 10–12 mo old infants at risk for speech & language disorders, 31031
characteristics & abilities of children attending language units in England, 7 yr olds with specific language impairment, 38887
characteristics of noun-phrase vs verb-phrase elaboration, 19–31 mo olds with expressive language impairments with vs without receptive language impairments, 9 mo study, 8471
clinician modeling of & practice with specific structures, use of complex sentence structures in story retelling, 8–9 yr olds with vs without language impairments, 21440
computer-based training techniques, 4–14 yr olds with speech & language disabilities, 2724
concurrent validity of language measures & parental interview of family history & perception of language impairment, 5–7 yr old Spanish-speaking children with vs without language impairments, 6628
contribution of Jean-Martin Charcot to aphasia & other language disorders & hysteria, 34520
contributions of J. Falret & J. Séglas & E. Morselli & R. Masselon to theories on language & formal thought disorders in the mentally ill, 34517
damage to semantic component & sublexical phoneme–grapheme but not grapheme–phoneme conversion processes, naming tasks using spoken & written responses, brain damaged male 75 yr old, 34523
diagnostic accuracy of vocabulary tests, 4–5 yr olds with specific language impairment, 21439
dichotic listening performance, 6–11 yr olds with specific language impairment, 37722
differential diagnosis & cause & assessment & multidisciplinary treatment of communication disorders, 6 yr old male with severe language disability & other developmental delays, 8436
differential discourse deficits, 7–12 yr olds with psychiatric disorders &/or language impairments, 27489
dimensions of lexical mapping stage of word recognition skills, 6.5–10.7 yr olds with Specific Language Impairment vs 6.3–9.8 yr old regular vs vocabulary-matched 5.4–9.8 yr olds, 24676
discourse coherence, 8–9.9 yr old males with specific language impairment, 8475
dissemination of meta-analysis as research tool in audiology & speech-language pathology, 8011
emphatic stress, children's novel word learning, 6–9 yr olds with specific language impairments, 8468
family history of language impairment or possible impairment or non-impairment, verbal comprehension & grammar construction, 9–22 yr olds with language impairment, 21438
fluency & complex attention & receptive language & memory, 7.9–21.2 yr old males with Duchenne muscular dystrophy, 5326
format for identification of interactions among measures of communication skills, 3.3 yr old male with language impairment, 6.5 yr study, 14884
Freud's continuity thesis for speech errors & paraphasias of aphasics, 34518
frontal dysfunction & language impairment in & frontotemporal dementia preceding amyotrophic lateral sclerosis, 45–73 yr olds, 31331
grammatical morphology & role of weak syllables, 4–7 yr old Italian-speaking children with specific language impairment , 8473
grammaticality judgments, children with specific language impairment, 2 yr study, 31032
heritability of auditory & phonological processing impairment, 7–13 yr old twins with or without languae impairment, 11759
high co-occurrence of reading disabilities & behavior problems & delinquency & simple causal models & possibility of language difficulties as factor underlying both other problems, 27469
hypothesis testing of generalized slowing of response time on linguistic & nonlinguistic tasks, 4–12 yr olds with specific language impairment, 37733
individual & group lexical semantic therapy in remediation of word finding problems, 49–73 yr old residential patients with dysphasia, 2668
interrelationships among language & behavior & emotional problems & role of language in social interaction & emotional & behavioral regulation, children, implications for service delivery, 11286
issues in augmentative & alternative communication in child & adolescent psychiatry, children & adolescents with spoken-language disorders, 8480
knowledge about & attitudes toward writing process instruction approach, students in Grades 4–8 with learning &/or language disabilities, 35552
language breakdown & recovery, 6 yr old male with acquired epileptic aphasia, 28216
language disorders & appropriateness of expression auditory verbal agnosia, Japanese 27–34 yr olds with Landau-Kleffner syndrome, 11907
linguistic abilities & verb production performance, French speaking 9–46 yr olds with familial language impairment, 21442
linguistic vs nonverbal (visual) metaphoric development, 8–12 yr olds with language disorders, 11763
longitudinal course of tense acquisition, children with specific language impairment, 4 yr study, 8477
measures of language proficiency & demographic factors & disorder prevalence & course & treatment outcomes, 5 vs 12 vs 19 yr olds with vs without speech &/or language disorders, 14 yr follow-up, 24672
morphological competence in plural & compound formation, native Greek 5.8–17.7 yr olds with specific language impairment, 21436
morphological complexity with derivational vs inflectional affixes, word repetition & phonological output disorders, fluent vs nonfluent aphasic adults, 28170
naming of pictures errors, 4.3–9.7 yr olds with specific language impairment, 11764
need for data on prevalence of speech & language & hearing disorders & impact of public health & school interventions, 2969
non-verbal skills, acquisition of place-value knowledge in Hindu-Arabic number system, 8 yr olds with specific language impairments, 18212
operation of rendaku to non-frequent & novel compounds, Japanese 8.9–12.1 yr olds with specific language-impairment, 21437
oral language skill development, 3.9 yr old with Floating-Harbor syndrome, 3 yr study, 21480
peer acceptance & reciprocal friendship, 6–10 yr old children with specific language impairment, 11762
perceptions of supervisors' use of social power with beginning vs advanced graduate supervisees, supervisors & supervisees in speech-language pathology , 35435
phonologic processing abilities & reading, children with language-learning disorders, 8481
phonological & semantic contributions to short-term memory & verbal & spatial working memory skills, good vs poor comprehenders, 21401
phonological opacity, word recognition, 10–12 yr olds with language impairments, 31034
pictography as notational system for preserving story content in narrative language intervention, children with language disorders, 2974
practice parameters for assessment & diagnosis & treatment of learning & language disorders, children & adolescents, 1384
predictive accuracy of language impairment using temporal processing measures, 5–8.5 yr olds with vs without language impairment, simulated retest of results obtained by P. Tallal et al, commentary, 34525
predictive accuracy of language impairment using temporal processing measures, 5–8.5 yr olds with vs without language impairment, simulated retest of results obtained by P. Tallal et al, 8482
presentation rate, serial memory, 4–6 yr olds with specific language impairment, 8469
prevalence of students with little or no functional speech & their exposure to classroom activities & remedial services, severely retarded 2–32 yr old students, South Africa, 25806
problems with naming & word comprehension or face & object recognition & behavior changes in semantic dementia & relationship to frontotemporal dementia, 31322
processing of low-phonetic vs higher-phonetic substance inflections, 8 yr olds with specific language impairments , 8476
production of English past tense words, 6–12 yr olds with specific language impairment, 11766
psychological view of delayed speech & expressive language disorder & mother–child communication & relations, 1912
ratings of withdrawn & sociable behaviors, elementary school teachers of 5–8 & 10–13 yr old students with vs without language impairment, 22552
reasons for & myths surrounding & educating & diagnosing children whose primary dialect is Ebonics, 27991
relationship between dyslexia & language disorders & neural level auditory processing deficits, 37729
relationship between loneliness & peer relations & language disorder, children, 11758
relationship between premorbid adjustment & performance on word association & sentence completion tasks & 3-syndrome model of symptoms, schizophrenic 20–65 yr olds, 11438
repetition of word vs non-words & expressive language skills & influence of lexical stress on repetition skills, 5-yr-olds with language impairment, 27937
semantic inconsistency, sentence grammaticality judgments, language learning disabled vs typically developing 10–12.5 yr olds, 34527
semantic memory & priming, healthy adults with schizophrenic language disturbances, 10124
sentence comprehension strategies, 6.8–7.9 yr olds with expressive &/vs expressive–receptive specific language impairments, 27987

social & interactional skills & self perception & loneliness & peer relations, children with specific language impairment, 11760
stability of classification of disability sub-groupings, 8 yr olds with specific language impairment, England, 35930
statistical survival analysis for longitudinal study of clinical & efficacy & theoretical applications in normal & disordered speech & language development, 16406
statistical tools for revealing verbal perseverations & assessing their significance & characteristics, 30–76 yr olds with impairments affecting different stages of the verbal processing chain, 5321
stress assignment in words with 2 or more syllables, 14–78 yr olds with familial language impairment vs 18–58 yr old non-impaired family members, 21441
suffix productivity, derivational suffix use, 10–12.6 yr olds with vs without language learning disabilities, 11767
university–school classroom partnership & continuous progress inclusion model & team collaboration for educational restructuring, students with language-learning disabilities, 22557
university–school classroom partnership & continuous progress inclusion model & team collaboration for educational restructuring, students with language-learning disabilities, errata, 29036
use of cues for interpretation & retention of novel verbs, 6 yr olds with specific language impairment, 37726
validity of Clinical Evaluation of Language Fundamentals for identification & description of language disorders, 13.3–21.7 yr olds with traumatic brain injury, 21610
verbal fluency & grammatical complexity, 5–6 yr olds with vs without language disorders & stuttering vs non-stuttering speech disorders, 37724
verbal working memory capacity, 5–9 yr olds with specific language impairment, 37732
word frequency & morphosyntactic transparency & inflection of real- vs pseudoword stimuli, plural & singular noun production, native Finnish-speaking 10-yr-olds with specific language impairment, 31030

Language Disorders [See Also Aphasia, Echolalia, Mutism]—Books

Proceedings of the 23rd annual Boston University Conference on Language Development, Vol. 1, 13965

Language Disorders [See Also Aphasia, Echolalia, Mutism]—Chapters

Aphasia after traumatic brain injury, 5432
Assessing the speech and language skills of preschool children, 8483
Enhancing language and communication development in autism: Assessment and intervention guidelines, 15687
Intelligence and aphasia, 5430
Language patterns and etiology in children with specific language impairment, 31036
Linguistic perspectives on specific language impairment, 11768
Psychiatric disorders in children with speech, language, and communication disorders, 27497
Psychological assessment and treatment of communication disorders: Childhood language subtypes, 18231
The social competence of children diagnosed with specific language impairment, 18233
Some evidence for impaired grammars, 27993
Specific grammatical limitations in children with specific language impairment, 31035
Specific language impairment, 24677
Speech and language evaluation, 1913
Twins and their language development, 34452
The Williams syndrome cognitive profile: Strengths, weaknesses, and interrelations among auditory short-term memory, language, and visuospatial constructive cognition, 18144

Language Proficiency—Serials

1st language influence & developmental stage of oral production & intensive ESL intervention, knowledge & use of English questions, native French-speaking 11–12 yr olds, 22464
academic performance patterns, 7–13 yr old Chinese Americans with limited English proficiency classified as learning disabled, 18152
acculturation & level of German proficiency, academic & appearance self concept & general & test anxiety, immigrant vs native Germans (mean age 9.7 yrs), 2.5 yr longitudinal study, 17370
age at arrival to US, bilingualism & English proficiency, 17–47 yr old US resident Korean immigrants who began learning English before vs after critical period of 2nd language fluency acquisition, 23693
age of acquisition of 2nd language, proficiency, late vs early acquisition Italian-English vs Spanish-Catalan bilingual adults, 817
American Sign Language proficiency & English literacy & bilingual deaf education model of instruction, deaf children, erratum, 21632
bilingual language development, retention of proficiency in Spanish, Spanish-speaking preschool children, 1-yr follow up, experimental replication, 19270
demographics & IQ & academic achievement & foreign & native language aptitude & course grades & GPA, 17–51 yr old learning disabled undergraduates making foreign language course substitutions, 29037
development of ESL speaking skills assessment using Generalizability theory & Many-facet Rasch measurement, immigrants to Australia, 4368
effects of discourse skills intervention, 3–7 yr olds with delayed language development with vs without cognitive impairments, 15685
English language & oral proficiency in problem based learning groups, Arabic medical students, commentary, 20414
format for identification of interactions among measures of communication skills, 3.3 yr old male with language impairment, 6.5 yr study, 14884
level & determinants of English proficiency, Mexican vs Cuban Americans vs Puerto Ricans aged 60 yrs old & older, 30260
lexical-semantic distinction in unaccusative vs unergative verb, English-speaking learners of Chinese, 33566
measures of language proficiency & demographic factors & disorder prevalence & course & treatment outcomes, 5 vs 12 vs 19 yr olds with vs without speech &/or language disorders, 14 yr follow-up, 24672
novel kanji compound words in isolation &/or in context, meaning interpretation, English-speaking students learning Japanese, 17157
orthographic sensitivity in ESL learning, adult native speakers of Korean vs Chinese, 19850
preferred language used in sleeptalking episodes, balanced vs dominant 3–17 yr old bilingual Basque children, Spain, 23714
primary language & English proficiency & group differences in responses to 16 Personality Factor Questionnaire items, people of color vs black vs white vs Indian university students, South Africa, 26112
relationship of foreign language proficiency & aptitude & course grade & native language skills, 15.4–17.3 yr old high school students, 6218
relationship of perceptions of teacher communication style & motivational orientations & language learning outcomes, 18–36 yr old Anglophone students in French immersion course, 22516
self-assessments vs objective measures of Spanish & English linguistic competence, bilingual Hispanic students (mean age 19.4 yrs), 10766
social attitudes & academic skills in Russian vs Hebrew language, 16–17 yr old Russian-Jewish immigrant students, Israel, 32276
sociohistorical influences on development of Papahana Kaiapuni indigenous language immersion public school program, native Hawaiian students, 15904
speech & gesture proficiency in bilingual development, 2-yr-old males, 1.5 yr study, 10788
standardized patient evaluation of English language proficiency, 17–31 yr old 2nd yr medical student undergraduates, Australia, 28836
talker- & listener- & item-related characteristics, spoken word recognition, native vs non-native listeners of English, 36192
test standardization & local norms of Test of Adolescent/Adult Language-3 subtests, 18.3–20.2 yr olds, 22841
types of verbal imprecision & prediction of problem-solving performance & processes of knowledge change, 9.9–12.5 yr olds, 20513

Language Proficiency—Chapters

Age of learning and second language speech, 10718
Computers as content and context in a cross-cultural language field experience., 38826
Cross-language transfer of phonological awareness, 13968
The effect of alphabet and fluency on unitization processes in reading, 261
From their own perspectives: The impact of non-native ESL professionals on their students, 15855
Individual differences in second language proficiency: Working memory as language aptitude, 828
Is American Sign Language skill related to English literacy?, 34728
Misunderstandings in voice communication: Effects of fluency in a second language, 824
A piece of the puzzle: ASL and reading comprehension in deaf children, 34720
The short story as a bridge to content in the lower level ESL course, 38830
Stroop interference in bilinguals: The role of similarity between the two languages, 260
Textual identities: The importance of being non-native, 15835
To be a native or non-native speaker: Perceptions of "non-native" students in a graduate TESOL program, 15992
Training non-native TESOL students: Challenges for TESOL teacher education in the West, 15925
Transfer effects of first language proficiency on second language reading, 259
Ultimate attainment in L2 pronunciation: The case of very late advanced L2 learners, 10714

Larvae—Serials

gregarious development & siblicide evolved through reduction in larval aggression, species of larvae of parasitoid wasps, 26513
role of chemosensory neurons in smell & taste perception, Drosophila melanogaster larvae, 26599
species variety vs size of prey in choice of spiders to provision mud chamber for larval consumption, mud dauber wasp, 16798

Laryngeal Disorders—Serials

anxiety & internalizing symptoms & family dysfunction, adolescents with asthma with vs without vocal cord dysfunction, 1931

Larynx—Serials

adaptive filtering, perception of enhancement of transcutaneous artificial larynx speech in quality & intelligibility, adults with laryngectomy, 9277
improvement of preoperative counseling services, laryngectomees & their spouses, 1978 vs 1998, 12554
patterns of membrane potential changes in laryngeal motoneurons during vocalization & coughing & swallowing & sneezing & aspiration reflex, decerebrate paralyzed cats, 20147

Latchkey Children [See Child Self Care]

Latency (Response) [See Response Latency]

Latent Inhibition [See Also Proactive Inhibition, Retroactive Inhibition]—Serials

acoustic startle reflex & prepulse inhibition & locomotion activity & latent inhibition, mice from neuroleptic-responsive vs nonresponsive lines , 691
attention modulation to test of Conditioned Attention Theory preexposed irrelevant stimulus, latent inhibition, 18–48 yr olds, 3608
effects of conditioned suppression & compound conditioning, degree of latent inhibition, male rats, 23200
enhancement of learned irrelevance & cognitive set shifting, medicated Parkinson's disease patients, 21556
fimbria-fornix lesion, latent inhibition & spontaneous activity & 2-way active avoidance & delayed-non-matching-to-sample, male rats, implications for animal model of schizophrenia, 533
gender- & age-dependent differences in latent inhibition after pre-weaning non-handling, rats, implications for neurodevelopmental animal model of schizophrenia, 3912
high vs low frequency words vs nonwords, effect of inhibition of return on lexical access, college students, 10183
inhibition of return, processing of visual stimuli, college students, 13276
landmark preexposure, latent inhibition & perceptual learning in swimming-pool navigation task, rats, 6975
lesions of nucleus basalis magnocellularis, prepulse & latent inhibition of fear-potentiated startle, male rats, 10451
masking & masking task load, latent inhibition as function of schizotypality level, 18–45 yr olds, 1664
modality of stimulus effects in compound preexposure to target/nontarget, associative interference account of enhanced latent inhibition, male rats, 13418
modulation in experimental variables speed vs regularity in masking task presentation, latent inhibition, 22–44 yr olds with high vs low schizotypal traits, 17668
neural network approach to effect of dopamine receptor agonists amphetamine & nicotine & antagonists haloperidol and alpha-flupenthixol on latent inhibition, 9720
number & intensity of preexposed stimuli, auditory latent inhibition, 22–46 yr old smokers vs nonsmokers, 14215
personality traits with substantial loadings on P-ImpUSS dimension & latent inhibition during rule learning task, 18–44 yr old females, 33971
postnatal hippocampal lesions, behavioral stimulation with apomorphine & latent inhibition, rats, animal model of schizophrenia, 20103
preexposure to CS, enhanced visual latent inhibition, medicated & unmedicated 16–68 yr olds with obsessive compulsive disorder, 14626
serial feature-positive discrimination training within conditioned lick suppression preparation, latent inhibition & learned irrelevance of occasion setting, rats, 19950
serotonergic lesions vs d-amphetamine, latent inhibition in passive avoidance vs conditioned taste aversion, male rats, 13535
smoking status & schizotypy, auditory & visual latent inhibition & Stroop effect & negative priming, adults 24–46 yrs old, 17906
subcutaneous controlled-release polymer implant continuous delivery of phencyclidine, deficits in latent inhibition, rats, animal model of psychosis, 7255

target & distractor familiarity, visual search & RT & latent inhibition & novel pop-out, male vs female de novo Parkinson's disease patients (mean age 56.7 yrs) with right vs left side symptoms, 24826

Latent Inhibition [See Also Proactive Inhibition, Retroactive Inhibition]—Chapters

Latent inhibition in animals as a model of acute schizophrenia: A reanalysis, 36320

Latent Learning—Serials

cognitive impairments in odor discrimination & latent learning tasks, wild-type vs heterozygous BTBR vs phenylketonuria mice, 26560

contributions to cognitive psychology & persuasive communication & attitude change & latent learning, D. L. Thistlethwaite, 12572

Latent Trait Theory [See Item Response Theory]

Lateral Dominance [See Also Handedness, Ocular Dominance]—Serials

15O water PET visual vs region of interest analysis of auditory & visual responsive naming activation vs intracarotid amobarbital injection procedure, language lateralization, epileptic patients , 21563

2- and 3-dimensional categorical spatial relations representations, hemisphere specialization, college students, 36429

ability of divided cerebral hemispheres to make processing discriminations based on spatial vs identity information, 46 yr old male & 47 yr old female callosotomy patients, 31203

activation of intact spatial representation in visual modality, competition of left vs right representation of space in tactile modality, right-hemisphere lesioned patients , 2049

activation of medial temporal lobe & hemispheric lateralization influences on meaning & novelty during memory encoding, 20119

age differences & brain volume, planum temporale asymmetry, right-handed 3–14 yr olds, 26943

animal models & laterality in animals & its relevance to etiology & development of schizophrenia, 14543

apraxia characteristics, 63 yr old male with corticobasal degeneration vs adults with left-hemisphere stroke, 28185

asymmetric visual-field attention & parietal activity, arousal dimension of mood state, 18–45 yr olds, 7032

asymmetrical hand function & handedness, hitting performance, baseball players, 19788

asymmetry & size of Broca's area & Planum temporal & corpus callosum & relation to language & speech regions, male vs female 23–31 yr olds, 26637

asymmetry of pupillary responses when looking at stimuli on left vs right sides of space, healthy volunteer, 7065

atypical hemispheric asymmetry & relationship between schizophrenia symptoms & global–local processing efficiency, 27–52 yr old schizophrenic males, 27668

auditory evoked potential P300 asymmetry & amplitude in left hemisphere, adults with schizophrenia, 37368

auditory laterality & selective attention on dichotic listening task, adolescents with early onset schizophrenia vs ADHD, 8075

bidirectional task specific neglect on cancellation vs line bisection task, 72 yr old females with left vs right hemisphere stroke, 5288

binaurally presented vowels vs tones vs piano notes, brain activation & hemisphere dominance, 23–30 yr olds, 36487

blood alcohol level, perceptual discrimination of low vs high spatial frequencies in left vs right visual field, males (mean age 25.5 yrs), 766

brain activity during dominant vs nondominant hand performance of practiced vs unpracticed design tracing tasks, 19–35 yr olds, 527

brain hemispheric laterality & attention during auditory processing, 18–51 yr old patients with treatment-resistant schizophrenia, 11425

callosal transfer in frequency bands of visual evoked potentials to lateralized reversal of checkerboard pattern stimuli, 19–30 yr olds, 36443

case alternation & orthographic neighborhood size & visual field in left vs right cerebral hemisphere during lexical decision task, college students, 26590

category-specific word fluency, 16–50 yr old non-aphasic epilepsy patients with right vs left temporal lobe lesions, 5361

cerebral asymmetries of facial expressions during voluntary control of facial mimicry of emotions congruent vs incongruent with actual feelings, adults, 3612

cerebral asymmetry in outpatients with schizoaffective disorder (mean age 38.6), 27702

characteristics of foot preference in unilateral context of mobility, right- vs left-footed college students, 3514

cognitive ability & cerebral lateralization & cross-gender identity, 17–57 yr old early onset transsexuals, 5010

cognitive mechanisms of & hemispheric dissociations in semantic priming & lexical decision, college students, 33221

concurrent speech, hemispheric lateralization of face recognition, right handed 17–39 yr olds, 36128

contextual constraint in lexical ambiguity resolution in cerebral hemispheres, college students, 6872

contribution of G. vs M. Dax vs P. Broca to temporal lobe theory & history of cerebral dominance for language , 33202

contribution of right- vs left-hemisphere vs attentional processes to perceptual organization impairments on global–local task, patients (mean age 32.5 yrs) with schizophrenia, 17910

degree of mirror image facial asymmetry, strength & direction of left vs right visual hemispace bias in perception of composite faces, undergraduates, 26321

detection of functional asymmetry of brain with dichotic listening, 6–46 yr olds with situs inversus , 24727

deterioration of partially recovered aphasia after a second occipital stroke to the nondominant hemisphere, 70 yr old female, 15030

development & validation of functional MRI-based method of determining language dominance, 16–70 yr old patients with brain lesions & epilepsy, 13516

dichotic listening for left & dichaptic task for right hemisphere, regional cerebral blood flow & hemispheric specialization, 8–13.5 yr olds with dysphasia vs Duchenne muscular dystrophy, 37820

dichotic listening tasks, laterality & short-term memory capacity & phonemic discrimination, preschool vs schoolage vs post-pubertal bilingual undergraduates, 7078

directionality of drawn pictures, 15–19 yr old left- vs right- vs mixed-handers, 26606

display luminance & polarity & exposure duration, lateralization of categorical & coordinate spatial judgments & processing, Ss, 16609

divided visual field & time course & context, lexical retrieval of semantic features of unambiguous nouns in cerebral hemispheres, college students, 23125

dominant & subordinate meanings of ambiguous words, patterns of ambiguity priming across cerebral hemispheres, low vs medium vs high creative college students, 26572

ear preference & handedness, 19–64 yr old family members, 26636

early theory & research on hemispheric specialization, implications for mental illness, 13546

EEG activity in frontal & temporal & parietal & occipital lobes of right & left cerebral hemispheres during mental rotation task, right-handed male college students, 7119

efficiency of invasive Wada test, determination of language dominance & functional transcranial Doppler sonography, 13–52 yr old medical patients, 19643

electrophysiological & psychophysical evidence for left hemisphere temporal processing advantage, 18–28 yr olds, 10442

emotional vs nonemotional lexical perception, patients with right brain damage (mean age 67.1 yrs) vs left brain damage (mean age 63.2 yrs), 37821

equal cerebral hemispheric pictorial stimuli processing, role of hemispheres in semantic vs episodic memory, college students, test of Hierarchical Encoding/Retrieval Asymmetry model, 26634

ERP measured cerebral correlates of hemispheric lateralization during dichotic pitch discrimination task, 19–37 yr olds, 23415

execution vs imagination of memorized eye movements during visual imagery condition & hemispheric differences, slow cortical potentials, healthy 21–30 yr olds, 29902

exposure to haloperidol vs amphetamine, behavioral orientation preference & changes in hemineglect, female rats, implications for evaluating neuroleptics in patients with schizophrenia, 24296

fetal exposure to light, olfactory lateralization, chicks, 7136

focal unilateral cortical lesions associated with psychomotor agitation or lethargy, adults & children with vs without mania vs depression, 11316

free-viewing perceptual asymmetries, judgement of brightness vs numerosity vs size, dextral adults (modal age 18 yrs), 13214

frequency & amplitude modulations of sound, reactivity of auditory cortex & hemispheric differences in processing speech, 27–37 yr olds, 36447

functional & anatomical representations of movement in human motor system, Ss (mean age 32 yrs), 33246

functional & structural asymmetries in posterior superior temporal lobe, 45–60 yr olds at postmortem, 36398

functional brain asymmetry & localization of somatosensory evoked magnetic potential, patients with bipolar disorder with vs without psychosis , 30684

functional cerebral asymmetry & ear advantage in dichotic stimulation with verbal stimuli in English as foreign language, 18–25 yr old female speakers of Croatian, 26622

functional cerebral lateralization during face recognition & letter identification, 46–73 yr old hypogonadal males, 28054

functional hemispheric asymmetry & olfaction, dextral 20–25 yr olds, 19698

functional magnetic resonance imaging assessment of hemispheric language dominance, healthy 7–18 yr olds & 32–49 yr olds, 10782

functional MRI vs speech arrest during Wada testing to determine hemispheric representation of language, patients evaluated with intractable epilepsy, 8606

functional MRI-assessed cerebral lateralization of language, healthy left- vs right-handed adults, 16941

functional MRI-assessed spatial & nonspatial working memory & hemispheric organization in dorsal & ventral subdivisions of prefrontal cortex, 19–37 yr olds, 3833

grey & white matter tissue volume in left vs right temporal lobe, 29–91 yr olds with schizophrenia, 30718

group sleeping orientation, non-REM sleep in 1 hemisphere & wakefulness of opposite hemisphere & predator vigilance via monocular vision, Mallard ducks, 10348

hand & foot & eye & ear preference, 10–25 yr old monozygotic vs dizygotic twins, 33244

hand preference & familial sinistrality, cerebral organization of motor programming & verbal processing, college students, 26608

handedness & hand skill as predictor of hemispheric indecision, verbal & mathematical & reading ability, left vs right handed male vs female 11 yr olds, 7389

hemispheric & lobular foci of tactual stimulus recognition, male adults with left hemisphere with vs without parietal lobe damage, 37900

hemispheric asymmetry & volumes of superior frontal & anterior cingulate gyrus & orbital frontal region & hippocampus & amygdala, 19–44 yr olds with obsessive-compulsive disorder, 37413

hemispheric asymmetry in quantitative EEGs in response to different mood states, 37–56 yr olds with bipolar disorder, 2 yr study, 21088

hemispheric differences in global/local processing using same–different judgments, 20–28 yr olds, 6851

hemispheric lateralization & extraversion & neuroticism, 22–39 yr old males, 20916

hemispheric preference in cognitive style, adult males vs females, 36457

hemispheric specialization in detection of subjective objects, college students, 7022

Herrmann Brain Dominance Instrument-assessed thinking styles & Myers-Briggs Type Indicator temperament types, 25–56 yr olds, 22852

heterozygotic genotypes in right-shift theory of language lateralizational handedness, mental rotation & verbal & visuospatial abilities, right-handed college students, 10086

homotopic interhemispheric "relay" asymmetries in visual EPs, college students, 20076

individual differences in prefrontal activation asymmetry & natural killer cell activity immune functions at rest & in response to emotional challenges, 17–21 yr olds, 23454

individual differences of sex & handedness & menstrual cycle & perceptions of masculinity, hemispheric specialization of lexical vs nonlexical routes in reading letter strings, college students, 16955

interaural time delay & interaural intensity difference, lateralization of moving auditory image, 23–42 yr olds, 6794

interhemispheric conduction delay, hemispheric specialization of time critical neuronal computational tasks, 16891

interval timing performance, adult patients with temporal lobe epilepsy with left vs right hemisphere foci , 31333

intra & interhemispheric transfer processes during programming of pointing with preferred vs nonpreferred hand & relation to RTs, 22–35 yr old right vs left handed males with vs without brain damage, 28210

intracarotid amobarbital test, hemispheric asymmetries in arousal & memory performance, patients undergoing anterior temporal lobectomy , 22050

ipsilateral vs contralateral finger tapping, site of motor cortex activation, dominant-hemisphere stroke patients, 15002

judgment of personality trait adjectives related to self vs well-known public figure vs social desirability vs number of syllables, PET of right &/vs left frontal brain activation, 19–26 yr olds, 10472

lateral specialization in temporal processing for auditory vs tactile stimuli, dextral university students, 26626

lateral visual field stimulation, theta EEG and differential ear canal temperature & anxiety level, implications for balance of hemispheric activation., 20142

laterality as possible diagnostic indicator of drug dependency, 17–21 yr old heroin addicts, 1759

laterality in functional brain imaging studies of schizophrenia, 14552

lateralization & functional inhibition by corpus callosum in bihemispheric neural network model of letter identification, 32507

lateralization of facial emotional expression to verbal command & visual imitation, schizophrenic (mean age 40.4 yrs) & unipolar depressed (mean age 54.8 yrs) right-handed adults, 30640
lateralized auditory perception & contralaterality of processing in auditory cortex assisted by MRI & magnetoencephalography, 18–41 yr olds, 13247
lateralized effects of ethanol, aggression & serotonergic systems, adult male anoles, 653
lateralized global-local figures task performance, elderly (65+ yrs) vs young adults (aged 20–35 yrs), 33706
lateralized perception of geometric illusions, 17–57 yr old males vs females , 29845
lateralized semantic & indirect semantic priming, males with schizophrenia with vs without thought disorders, Germany, commentary reply, 4962
lateralized semantic & indirect semantic priming, males with schizophrenia with vs without thought disorders, Germany, commentary, 4933
lateralized temporal variations in tactile discrimination, 12–25 yr old male Kenyan Maasai shepherds, 23426
lateralized ultradian rhythms of tactile discrimination of left vs right hand, right-handed male adults (mean age 30 yrs), 23427
left & right hemisphere bias & spatial frequency in global visual processing, 22–65 yr olds, 7042
left hemisphere & interference in oral-motor & manual output systems during dual-task paradigm, male students, 26394
left hemisphere specialization for linguistic specificity & signed languages, deaf persons , 34519
left hemispheric vs reverse bias, categorical & coordinate visual processes, adults (mean age 29.4 yrs), 36170
left sided neglect, deficits in representation of spatial & mechanical properties of body & body image, 47–73 yr olds with left vs right hemisphere lesions, 5325
left temporal lobe dysfunction & time course & topography of ERPs during phonetic & tonal dichotic listening tasks, 20–55 yr old patients with schizophrenia, 14537
left vs right brain hemisphere dominance, visual motion processing, deaf adults, 24875
left vs right hemisphere dominance during production of fear expressions vs social contact call, marmosets, 7057
left vs right hemisphere mechanisms, identification of objects in unfamiliar contortions vs conventional poses, university students, 13289
left vs right hemisphere, source latency in auditory evoked field component M100, male vs female adults, 3985
leftward vs rightward smooth pursuit eye movement deficiencies & overall tracking performance & scores on schizotypy scale, male vs female 17–47 yr olds, 30725
letter-naming task with threatening & nonthreatening word conditions, blocked vs mixed presentation effects & order effects & hemispheric facilitation, right-handed 19–28 yr olds, 20157
linguistic & nonlinguistic visuospatial abilities, 20-yr-old female with left hemispherectomy as a result of Sturge-Weber syndrome, 8644
linguistic processing & experience, left hemisphere advantage for brief & spectrally complex oral click consonants, 18–35 yr old Zulu vs English language listeners, 10393
long-term reversal of hemispheric specialization for visual recognition task, split-brain macaques, 23303
manual laterality as predictor of verbal & visual-spatial functioning, 4–27 yr old females with Turner syndrome, 5204
measurement of planum temporale asymmetries & role in linguistic function, non-human primates, 3856
medial temporal lobe pathology, brain activation of language encoding areas during verbal encoding, 20–69 yr old patients with right vs left temporal lobe epilepsy , 5307
mescaline, psychological & neuropsychological & neurometabolic effects, 27–47 yr old males, implications for acute psychotic symptomatology, 4168
mirror image of companion fish on left vs right side showing cooperation vs defection, predator inspection, mosquitofishes, 19966
motor asymmetries between dominant vs non-dominant hands, real vs imagined motor task performance, 9–59 yr olds, 13257
motor dominance & praxis & left motor apraxia & visuomotor learning, left handed 54 yr old with callosal disconnection syndrome following corpus callosum ischemic infarction, 14987
motor EP interhemispheric differences in motor excitability, Ss with monohemispheric stroke, 8 wk followup, implications for prognosis in monohemispheric stroke lesions, 18337
motor imagery & hemispheric differences & handedness, recognition memory for orientation of heads, college students & staff (mean age 23 yrs), 29642
neural encoding of syllables with short vs long lag voice onset time, evoked magnetic fields in left vs right supratemporal plane, 24–42 yr olds, 16890
neural mechanisms & hemispheric specialization & limbic system, motivational basis of working memory in anxiety, 7919
neurodevelopmental factors & mechanisms of atypical handedness in schizophrenia & pathological shifts in handedness , 14579
noise, magnetic evoked fields to speech-signal processing in cerebral hemispheres, 21–31 yr olds, 29917
number of hrs after exposure to stimulus for administration of glutamate in right vs left hemisphere, imprinting memory, chicks, 4175
olfactory detection threshold sensitivity in left vs right side of nose, adult left vs right handers, 3434
optokinetic stimulation with vs without fixation suppression, activation in visual motion sensitive & ocular motor & vestibular cortex areas with right hemispheric dominance, 25–31 yr olds, 3836
participation of cortical regions of right & left hemispheres in visual recognition, ERPs for image recognition on basis of general vs by element description, 6–7 vs 13–14 yr olds vs adults, 16968
patterns of laterality in trait anxiety vs trait fearfulness, college students, 7036
perceived space & judgment of line length, 46–84 yr olds with right-hemisphere lesions & visual hemineglect after cerebrovascular accident, 28164
perceptions of changes in weights in right vs left hands, 50 & 65 yr old females with right frontal vs right parietal damage, 5319
perceptual & premotor influences on neglect in line bisection task, patients (mean age 64 yrs) with left hemispatial sensory neglect after stroke, 5284
perceptual asymmetry & sensitivity for perceiving emotional words, patients with anxious vs nonanxious depressive disorder (aged 20–65 yrs), 21073
perceptual processing of cortical activation associated with 28–36 yr olds, 36433
performance asymmetries on inspection-time task & linguistic lateralization, adults, 36415
performance on same/different discriminations in tactual matching task using 1 vs both hands, 17–30 yr olds, 7027
performance on theory of mind tasks, 34–80 yr old patients with bilateral damage to orbito-frontal cortex vs unilateral damage in left dorsolateral prefrontal cortex, 2090
phonological processing & homophone discrimination, left vs right handed college students, implications for genetic influence, 26570
position of egocentric reference & RT & accuracy of production of lateralized arm movements, 40–69 yr old right-brain damaged patients with vs without left neglect, 5320
posnatal development of lateralized postural & motor preference, African Grey parrot, animal model of handedness, 26533
prenatal androgen exposure, cerebral lateralization & handedness & cognitive functioning & IQ, 10–23 yr olds with congenital adrenal hyperplasia, 28031
presentation of names of typical vs atypical category instances to left vs right visual field, strategies of semantic categorization in cerebral hemispheres, college students, 16591
priming in left &/or right visual fields, RTs in lexical decision, adults, 26616
prosodic differences, ability to discriminate English from Dutch vs Italian & cerebral specialization for language, 3 mo olds from American English-speaking homes, 10795
quantitative assessment of degree of right-handedness & ear dominance & ocular dominance & line bisection performance & lateral eye movement preference, 18–49 yr old right-handers, 35863
reading & attentional bias in right hemifield during spatial cueing task, right-handed students, 26389
reading nonwords in native vs test language, left vs right hemispheric processing strategies, native speakers of Hebrew vs English, 33200
recruitment of ipsilateral motor cortex & left hemispheric control during nondominant hand motor movements, healthy adults, 3519
relationship between visceral organ & brain mirror-image asymmetry & language functionality & lateral dominance, 33–49 yr olds with situs inversus totalis, 37762
repetitive transcranial magnetic stimulation of dominant hemisphere of frontal lobe, disruption in visual naming, 29–54 yr old patients with temporal lobe epilepsy, 21616
right ear attentional bias in dichotic listening, 8 yr olds, test of threshold effect hypothesis, 26992
right shift theory of handedness classification in humans & relation to left cerebral dominance, implications for dyslexia & schizophrenia & autism, 448
role of egocentric frame of reference in spatial bias & left sensory neglect, 47–80 yr olds with right brain damage, 28122
role of ipsilateral hemisphere in mirror writing with preferred vs nonpreferred hand, left- vs right-handed college students, 26380
scanning direction & line bisection, 18–29 yr old left-to-right French vs right-to-left Israeli readers vs 46 & 70 yr old male patients with left unilateral neglect , 2018
semantic anomaly & lexical vs sentence priming in left vs right visual fields & hemispheres, college students, 26583
sentence length, production of linguistic stress, 37–79 yr olds with left vs right brain damage, 18343
sex & laterality, rotary swimming & direction reversal, mice, 13471
sex, neurobehavioral laterality indices across motor & sensory & language vs spatial & verbal vs spatial memory domains, patients with schizophrenia (mean age 33.9 yrs), 14574
sexually-dimorphic patterns of cortical asymmetry & role of sex steroid hormones in determining cortical patterns of lateralization, humans & nonhumans, 3942
side of body with increased muscular tension, visual vertical judgment in standing posture & side of displaced judgments, hemiplegic 51–76 yr olds vs normal 53–87 yr olds, 31253
somatosensory evoked potentials following electrical stimulation of median nerve during writing with dominant vs non-dominant hand, right- vs left-handed 18–36 yr olds, 29901
stimulus size & item number, magnitude & direction of error on center estimation & line cancellation tests, patients with left vs right hemisphere lesions, 5380
structural & functional asymmetries of brain & disturbances in schizophrenia, 14572
stuttering associated with stroke related to damage in dominant hemisphere, 55–68 yr old males with vs without childhood stuttering, 24805
symptom patterns, hemispheric specialization in verbal & spatial information processing, male schizophrenics with perceptual aberrations, 4969
syndrome asymmetry relations & drug influences on functional neuropsychophysiological asymmetry in schizophrenia, 14551
synthetic speech syllables, attentional effects on right-ear advantage for verbal dichotic listening task, 29519
tomography assessed activation patterns & language performance poststroke, 31–77 yr old aphasic patients with frontal vs subcortical vs temporal lesions, 21561
topographic relationship of P300 between & auditory modalities & modality specific hemispheric differences, 20–33 yr old males, 33219
transitions between memory phases with sharp standard timings & interactions between left & right cerebral hemispheres during memory formation, chicks, 13513
unilateral vs bilateral blocking of NMDA receptors in amygdala with MK-801, predator-stress-induced anxiety-like behavior & unconditioned startle, male rats exposed to cat, animal model of PTSD, 13685
use of 2 versions of Milner Landmark task for assessment of perceptual vs response bias in line bisection task, 22–91 yr olds with left hemisphere neglect, 3335
use of diffusion-weighted MRI for discernment of right-hemisphere dysfunction, 69 yr old male with Creutzfeldt-Jakob disease, 18447
valence & motoric direction & arousal & emotion type & lesion side & site & size, perception of facial emotions, right- vs left-hemisphere damaged males, 37878
valid vs invalid vs neutral peripheral cues presented at various stimulus onset asynchronies, right visual field advantage in word recognition, right handed 18–32 yr olds, 6932
validity of Hemispheric Encoding/Retrieval Asymmetry model in short- & long-term memory, normal 18–30 yr olds, 26578
venoarterial extracorporeal membrane oxygenation treatment, lateralized cognitive & perceptual motor & memory & tactile perceptual & neuropsychological abilities, 4–6 yr olds with cardiac disease, 28617
vestibular stimulation, right ear advantage in dichotic lexical decision performance, males (aged 21–37 yrs), 23110
vestibular system role in lateral bias in head turning & Moro response, 37–40 week olds delivered vaginally vs by Caesarean section, 7429
viewer centered sensory neglect contralateral to brain damage in reading & nonlexical tasks, 61–69 yr olds with unilateral right hemisphere strokes, 5289
visual field & prefield & stimulus delay interval & hemispheric asymmetry in vigilance & cerebral arousal, 18–31 vs 65–80 yr olds, 7030
visual lateralization & agonistic & righting behavior, toads, 512
visual lateralization, detour behavior toward visually imprinted stimulus, chicks, 10463

visual presentation of kana characters, quantitative & qualitative hemispheric asymmetry, native Japanese speakers, comparison with English speaking data, 26600
whole brain & bilateral temporal lobe & temporal gyrus volumes & laterality correlates of auditory hallucinations, schizophrenics (mean age 33.2 yrs) with history of auditory hallucinations, 37372
whole vs restricted medial vs lateral lesions of dorsal striatum, RT-assessed response bias in contralateral space, male rats, 16899
Lateral Dominance [See Also Handedness, Ocular Dominance]—Chapters
Handedness, cerebral lateralization, and the evolution of language, 33182
Neuroimaging evidence of diaschisis and reorganization in stroke recovery, 34602
Neuroplasticity: Evidence from unilateral brain lesions in children, 37928
Nonhuman primates as models of hemispheric specialization, 36480
Structural and functional asymmetries of the human frontal lobes, 7104
Latin America—Serials
frequency of dementia & availability of diagnostic & treatment services, Latin American countries, 37879
marital status, Latin America, 11005
sex & age & background & delinquency & victimization, street children in Ethiopia vs Latin America, 34284
social networks & family dynamics, low-income working women & their families, Colombia, 17447
treatment program for men who batter their female partners, Latin America, 11965
work attitudes & satisfaction, clandestine abortion providers aged 29–50 yrs, Latin America, 22362
Latin America—Chapters
Ethnicity and psychopharmacology in Latin America, 28531
Las mujeres: Women speak to the word of the father, 37202
Recreational and medicinal uses of marihuana in Latin America, 17477
Latinos [See Hispanics]
Laughter—Serials
acute onset sharp short-lasting headache at vertex associated with laughing & Chiari type 1 malformation, 44 yr old female, 5229
artificial vs real audience laughter, perceived funniness of jokes, Ss, 7850
etiological considerations & symptoms & characteristics, 42–64 yr olds with pathological laughter, 7985
etiological considerations & symptoms & characteristics, 42–64 yr olds with pathological laughter, commentary, 8013
laughter in infant-directed speech, mother–infant pairs, 30344
laughter stress & positive affect in daily life, 17–79 yr olds , 4785
neuroanatomical substrates & distinguishing clinical features of & drug therapy for pathological laughter, 67 yr old male with 20 yr history of involuntary unremitting laughter following brain injury, 21581
Law (Government) [See Also Civil Law, Criminal Law]—Serials
conservative authoritarianism & criminal attributions & locus of control, attitudes toward law & prisoners, law students & college students, Korea vs US , 4592
federal agency & government legislation & law & policy on public funding of graduate medical education & residency training, United States, 38700
interface between psychology & law & presidential initiatives for 21st century by American & Canadian psychological associations, 26041
issues & statutes related to mandatory reporting of child abuse in research settings, researchers, 35443
psycholegal scholarship's contribution to false consciousness about injustice, 16263
Law (Government) [See Also Civil Law, Criminal Law]—Books
Mass communication law and ethics (2nd ed.), 10725
Law (Government) [See Also Civil Law, Criminal Law]—Chapters
Defining forensic psychology, 9729
Law Enforcement [See Also Adjudication, Incarceration, Legal Arrest, Legal Detention]—Serials
attitudes toward police detection & enforcement of marijuana use, high school students, 3250
behavior & temperament tests, prediction of efficiency & suitability in work as adult police dog, German Shepherd puppies, 2 yr study, 26489
etiology & processes of law enforcement corruption, police officers, commentary reply, 19546
etiology & processes of law enforcement corruption, police officers, commentary, 19545
evaluations of the impact of primary and secondary enforced motor vehicle occupant restraint laws, seat belt use & crash-related mortality & injuries, 16249
factors affecting & levels of & costs associated with legal system involvement, adults with comorbid mental illness & substance use disorders, 20982
informal social control & civil unrest & local crime management, individuals from community organizations in East & West Belfast, Northern Ireland, 8397
nature & circumstances & consequences of accusations based on recovered memories of childhood abuse, members of False Memory Working Group & Dutch police, replication of study by G. H. Gudjonsson, 37518
New York's "zero-tolerance" vs San Diego's community policing strategy, crime rates & citizen complaints, 22805
practices & perceptions & attitudes about enforcement of impaired-driving laws, police officers, Canada, 29286
professional privilege & management of noncompliant patients with epilepsy who ignored medical advice not to drive & legal charges, professionals trained in law & medicine, 8607
racial composition of areas patrolled & deployment of police dogs to apprehend crime suspects & dog bites, Los Angeles police department, 6481
situational & place-based & demand-reduction strategies for tackling drug markets, 19536
social support approach to crime control policy, 22775
specialized programs or strategies for dealing with mentally ill persons in crisis, police departments, US, 9104
understanding of police caution, A-level university students (aged 16–19) vs general population (aged 21–59) vs police officers (aged 21–50), England & Wales, 3226
use of video cassette recorders during traffic stops for drunk driving, case dispositions & prosecution rates, drunk drivers, 12978
vehicle impoundment, driving behavior, suspended & unlicensed drivers vs repeat offenders, 1 yr followup, 12974
Law Enforcement [See Also Adjudication, Incarceration, Legal Arrest, Legal Detention]—Chapters
Forensic psychology and law enforcement, 9763
Law Enforcement Personnel [See Also Parole Officers, Police Personnel, Prison Personnel, Probation Officers]—Serials
prediction of dysfunctional job behavior, law enforcement officers, 9762
subculture specific risk factors for suicide & violence & guidelines for risk assessment & intervention, law enforcement personnel, 34292
suicide rates, 17–60 yr old federal & state police officers, Germany, 18013
Law Students—Serials
intuitive vs analytical cognitive style & field of practice, male vs female 1st vs 2nd vs 3rd yr 21–45 yr old law students, 6230
role ambiguity & situational stress, paralegal interns, 6251
Laws [See Also Abortion Laws, Disability Laws, Drug Laws, Gun Control Laws]—Serials
administrative per se laws & license revocation or suspension, drunk driving recidivism & traffic crashes, drivers arrested on DWI charges, 14743
agency theory & indirect retaliation in sexual harassment cases, 16274
attitudes toward physician-assisted suicide & Oregon Death With Dignity Act & assessing patients who request such assistance, 31–76 yr old Oregon psychologists, 28876
British Mental Health Act of 1983 & legal determination of capacity to manage property & affairs, 18 yr old female who brought legal action after brain injury in traffic accident, 39080
California smoking ordinances restricting smoking, worksite smoking policies & exposure to workplace environmental tobacco smoke, 18–45+ yr old nonsmoking indoor workers, 29167
considerations of American immigration laws & communication barriers & suggestions for teaching international students, psychology instructors, 22428
counselor attitudinal & student factors & ethical issues & US law in privileged communication, school counselors & high & middle & elementary school students, 19198
criteria used in assessment of child care cases under 1989 Children Act & child psychotherapy view of professional interpretation of parent–child interactions, parents & children, 11282
culture & driving behaviors & knowledge of driving laws & safety device usage, 17–49 yr old Hispanic migrant farm workers, 16251
Danish Mental Health Legislation, evaluation of compulsorily committed or detained patients, hospitals & forensic councils & courts, Denmark, 16272
delayed licensure, motor vehicle crash involvement, teenage drivers, Louisiana vs Mississippi vs Florida, 16252
development & role of Violence Against Women Act in protecting battered immigrant females from domestic violence & benefits & barriers created by current immigration laws, 32536
educational & practice & health insurance implications of new law for psychological psychotherapists & child & adolescent psychotherapists, Germany, 38697
effects of whistle blower protection laws, government personnel, 12 yr study, 19430
establishment of drinking age laws & long-term change in alcohol use & impaired driving behaviors, 16–24 yr olds, 14-yr study, 3222
ethnicity & political ideology & language background, attitudes toward English language legislation, Mexican American vs European American college students, 27151
evaluation of effectiveness of low blood alcohol concentration laws, alcohol-related motor vehicle crashes & injuries & fatalities, younger drivers, 14764
evaluation of New York City regulations to address problem of nonadherence to treatment regimens, individuals with tuberculosis, commentary, 12318
evaluation of New York City regulations to address problem of nonadherence to treatment regimens, individuals with tuberculosis, 12324
evaluations of the impact of primary and secondary enforced motor vehicle occupant restraint laws, seat belt use & crash-related mortality & injuries, 16249
exclusion from voting & need for legislative reform, individuals with mental disorders, 3237
forensic psychiatric legislation, declaration of medicolegal insanity & clinical diagnoses, offenders subjected to evaluation, Sweden, 1988–95, 19534
guidelines for understanding mandatory abuse reporting issues, psychiatric home care nurses, 25682
impact of Children Act on child protective services, disabled children, 25450
issues in legislation creating a duty to report sexual abuse of children, 26051
law & a child's consent to mental health treatment in England & Wales, 34729
law & psychology & graduate training programs & development, 12596
law change concerning right of way at bicycle crossings, knowledge of law & driving behavior at crossings under different priority regulations, car drivers & bicyclists , 16246
legislation to limit & monitor use of physical restraint & patient seclusion in psychiatric patients, 29254
liability for negligently causing psychiatric illness including work-related psychiatric illness, England & Wales, 6483
mad vs bad distinction & policy & law changes in mental health system, violent criminals vs mentally ill individuals, 32546
mental disease or defect as required for insanity defense vs clinical definition & related legislative actions, 29280
models of the child & ideologies of childhood in separation & divorce & the role of the law & voices of children, 20736
negligence liability laws for educational professionals including educational psychologists & their implications for practice, 6119
Patient Self Determination Act, discussion of future treatment issues with nursing home medical clinicians, nursing home residents & their surrogates, 2630
prevention alternatives to Youth Offenders Act, Canada, 11668
principles of & flaws in American Law Institute's proposed model statute on child custody & visitation & special sections addressing domestic violence during & after divorce, 32529
procedure & sequelae of & cultural justifications for female genital mutilation & ethical & legal issues, 20774
prohibition of & public attitudes toward corporal punishment of children & intervention, adults, Sweden, 20748
promotion of policy & implementation & discussion of legal decisions contained in Multiethnic Placement Act of 1994 & Removal of Barriers to Interethnic Adoption provisions of 1996, foster children, 15518
resident & facility risk factors for psychotropic drug use following Nursing Home Reform Act, nursing home residents, 3 yr study, 12475
role of academic middle managers since implementation of Education Reform Act 1988, middle managers in secondary schools, England, 28926
role of case of Regina v. Swain in modern modification of Canadian insanity laws, 26055
role of psychologists in assessing end-of-life mental conditions & competence of patients under Oregon's Death With Dignity Act, 28891
rules & boundaries & courts & evidence for neo-Durkheimian sociology of crime & deviance, 8287
smoking restriction policy attitudes, African Americans (mean age 39.9 yrs), 1193
structure & implementation of Mental Health Act, right to appropriate & timely treatment, psychiatric patients, Ontario, 3231

structure & implementation of Mental Health Act, right to appropriate & timely treatment, psychiatric patients, Ontario, comment, 22785
understanding of police caution, A-level university students (aged 16–19) vs general population (aged 21–59) vs police officers (aged 21–50), England & Wales, 3226
US educational & civil rights laws applicable to interdisciplinary treatment approaches & special education, students with ADHD, implications for school counseling practice, 19368
use of active & passive parental consent procedures in research, 15810
use of Mental Health Act at tertiary assessment & treatment facility, individuals with learning disabilities, England, 30977
use of state emancipation laws to gain independence in midteens, children born into cults or brought into them at young age, 26045
vehicle impoundment, driving behavior, suspended & unlicensed drivers vs repeat offenders, 1 yr followup, 12974
weight loss programs & consumer protection & diet disclosure laws based on social science outcome data & state policies, 35804

Laws [See Also Abortion Laws, Disability Laws, Drug Laws, Gun Control Laws]—Books

Alone together: Law and the meanings of marriage, 20728
The essentials of California mental health law: A straightforward guide for clinicans of all disciplines, 3239
Law & mental health professionals: New York supplement, 29253
Law and mental health professionals: Alabama, 13000
Law and mental health professionals: California supplement, 19517
Law and mental health professionals: Connecticut, 13001
Law and mental health professionals: Minnesota supplement , 19518
Sexual abuse of children: A human rights perspective, 39084
Time to listen to children: Personal and professional communication, 20627

Lead (Metal)—Serials

acute lead acetate, ethanol- or d-amphetamine- or tert-butanol-induced locomotor activity & brain catalase activity, male mice, 20275
beneficial effects of S-adenosyl-L-methionine, aminolevulinic acid dehydratase & glutathione & lipid peroxidation, mice following ethanol &/or lead administration, 29998
changes in nucleus accumbens dopamine activity, lead-induced disruption of fixed interval schedule-controlled behavior, rats, 4125
chronic lead acetate exposure, ethanol-induced locomotor & brain catalase activity, male mice, 33380
geographic location &lead & mercury level, intelligence & visual contrast & neurobehavioral measures of cognitive & sensorimotor functions, 5–7 yr olds, Germany, 2101
lead, waiting behavior in fixed-ratio paradigm & dopamine receptors, male rats, 33369
pre & post-natal exposure to low dosages of lead acetate, play fighting & aggressive behavior, male golden hamsters, 33386
sources of lead & effects on children & prevention strategies at child & family & community levels for occupational therapists & open system model, commentary, 9273
tibial & dimercaptosuccinic acid-chelatable lead levels, neurobehavioral function, 40–70 yr old former organolead workers , 21444
trends in pollution-associated blood lead levels & epidemiology & prevention of developmental disabilities, preschool children, Australia, 31037

Lead Poisoning—Serials

chronic environmental lead contamination, community responses, 9706
individual changes in blood lead concentrations & measures of cognitive development & ability, 2 yr olds, 9–11 yr study, implications for reversibility of lead induced cognitive deficits, 8442
knowledge & beliefs & barriers regarding lead poisoning prevention behaviors, caregivers of 1–6 yr olds, 18868
lead poisoning & childhood cognitive development, individual vs population-based data, 10793
moderate postnatal lead, social & cognitive & prepulse inhibition behaviors, rats, 7189
neurotoxicological effects of low-level lead exposure within CNS, children & animals, 5335
sources of lead & effects on children & prevention strategies at child & family & community levels for occupational therapists & open system model, commentary, 9273
tibial & dimercaptosuccinic acid-chelatable lead levels, neurobehavioral function, 40–70 yr old former organolead workers , 21444
validity of computerized sensorimotor tests, detection of RT & attention & hand coordination & other neurobehavioral changes, urban vs suburban 9–10 yr olds exposed to environmental lead, 22839

Leadership [See Also Leadership Qualities, Leadership Style]—Serials

adolescent alcohol use as public health issue, mayors & police chiefs & school representatives & business representatives & newspaper editors, 18080
cognitive approach to human leadership & special challenges confronting contemporary leaders & story as vehicle of leadership & assumption of leadership by cultural artifacts & inventions, 11119
course to facilitate transition from group participant to group leader, postgraduate students, implications for mental health professionals, 15748
direction of influence of motives of Soviet leadership & Soviet society, 1162
discriminant validity of Multifactor Leadership Questionnaire, transformational leader behavior, bank employees, 6673
effectiveness & role of conductor in group analytic therapy, patients with eating disorders, 18616
evaluation of peer-led minimal intervention vs structured exercise program, functional capacity, 60–86 yr old women, 12366
gender roles & leadership & membership composition, Brahma Kumaris, 4577
group analytic approach to management & leadership, 27453
group development & communication & leadership, 7826
group gender composition & gender orientation of group's task, pattern of emergent leadership behavior in work group, college students, 30407
group identification & selection of & cooperation with leaders to manage public good dilemmas, 18–25 yr olds, 14256
human needs theory in peacebuilding program, female leaders in nongovernmental organizations, Lebanon, 14108
inferences about causes & consequences of performance-related behavior of leaders & subordinates, leaders & subordinates in semi-governmental organization, 16114
Leader Member Exchange Theory, leader member exchange processes between coaches & starting vs nonstarting athletes, 13–17 yr old female basketball players & coaches at summer camp, 9653
leader vs group self-reliance & coping style, group performance & satisfaction, adults, 9624
leader-member exchange & transformational & transactional leadership & physical distance, follower performance, 37–60 yr old banking managers & their 27–66 yr old employees, 1 yr study, 38976
leadership collaboration to change organizational values & shift to health promotion approach in continuing & home care program, managers & staff & clients, 25468
leadership development program, organizational culture, middle-level managers of financial service organization & their supervisors & subordinates, 38983
leadership dynamics & role of follower self concepts in leader/follower relationship, 24029
meso level approach to charismatic leadership in context of work unit structure & work group collectivism & crisis & cross levels, managers & subordinates, 16085
model of role of leaders in creating & communicating & interaction with employee involvement with & primary & secondary reinforcers of organizational vision & cultural change, business organizations, 22657
number of perceived informal leaders & gender composition of informal leadership core, cohesion & performance of intact manufacturing teams, employees of manufacturing organization, 37115
participant & group descriptions & group themes, 28–76 yr old female members of leaderless support groups, 38345
participation & leadership in community based youth health promotion programs, participants & staff, 25361
participation in uniformed groups, social skills & helping attitudes & leadership, 12–18 yr olds, 30221
present performance context of a group & unconscious vs conscious memory, perceptions of a potential leader, undergraduates, 27323
process protocols & leadership skills & member preparation & stages of small group dream work, 18634
psychological empowerment, transformational leadership & job satisfaction, nurses, 28878
relationships among nurse manager motivation & managerial leadership & staff nurse satisfaction & productivity & organizational commitment & patient satisfaction, nurse managers & nurses & patients, 16034
scanning & reflecting & the experience of leadership, 44–50 yr old Canadian hospital-based nurse managers, 3-yr study, 25668
self-awareness in terms of self-other rating agreement, emotional intelligence & managerial performance & transformational leadership behavior, 32–63 yr old managers , 35620
self-perceived competence to serve as school leaders in collaborative-based educational programs serving students with vs without disabilities, secondary school principals , 28922
stages of leadership succession & leadership behaviors & impact on educational setting, 43-yr-old male principal of a middle school, 22415
suggestions for overcoming bureaucratic reluctance to change & improving faculty retention policies, higher education leadership, 6115
test reliability & construct validity in measurement of employees' need for supervision, leadership effectiveness & behavior & criteria, insurance agents, 6674
trend analysis of height of US presidents as evidence for height as heuristic for dominance, 1948–96, 4644
working & personal relationship & shame affect & countertransference, co-conductors of group for female adolescents with eating disorders, 18618

Leadership [See Also Leadership Qualities, Leadership Style]—Books

Advances in global leadership, Vol. 1, 32361
The courageous follower: Standing up to and for our leaders, 4741
Hardwired leadership: Unleashing the power of personality to become a new millennium leader, 3121
The leader's change handbook: An essential guide to setting direction & taking action, 3120
Leadership for older adults: Aging with purpose and passion, 10930
Leadership games: Experiential learning for organizational development, 9578
Leadership: The multiple-level approaches: Classical and new wave, 6296
The Russian transformation: Political, sociological, and psychological aspects, 30277
Small groups in counseling and therapy: Process and leadership (3rd ed.), 2232
Social influence, 20820

Leadership [See Also Leadership Qualities, Leadership Style]—Chapters

Alternatives to individual conceptions of global leadership: Dealing with multiple perspectives, 30278
Are power motivated leaders more effective? A review of McClelland's theory, 29107
Conceptual capacity as competitive advantage: Developing leaders for the new army, 16187
Contingency model, 6297
A core of global leadership: Relational competence, 32364
Cultural influences on leadership and organizations: Project GLOBE, 32334
Developing effective team leaders, 6039
Developing global leaders: A European perspective, 32333
Developing joint venture leadership teams, 32372
Enhancing the development of adolescent girls, 20635
An evolutionary approach to psychiatric disorders: Group-splitting and schizophrenia, 11453
Experience, knowledge, and military leadership, 16186
Global leadership competencies for the twenty-first century: More of the same or a new paradigm for what leaders really do?, 32365
Global leadership: The inside story, 32370
Impact of leaders on resource consumption in social dilemmas: The intergroup context, 30432
Improving decision-making skills through on-the-job training: A roadmap for training shipboard trainers, 3164
Individualized Leadership, 6299
Leaders coaching across borders, 32368
Leadership and collaboration, 3126
Leadership: Theories and models, 3076
Leading learning and learning to lead: An action learning approach to developing organizational fitness, 3123
Multi-level leadership, 6300
Multiple-linkage leadership, 6301
The Ohio State model, 6305

Organizational morphing: The challenges of leading perpetually changing organizations in the twenty-first century, 16093
Participative leadership, 6307
Reconciling I/O psychology and executive perspectives on global leadership competencies, 32335
Self-leadership, 6303
The social capital of twenty-first-century leaders, 16091
Teacher burnout: A critical challenge for leaders of restructuring schools, 22417
Top management viewed from below: A learning perspective on transformation, 3080
Training team leaders to facilitate team learning and performance, 3168
Transcultural global leadership in the twenty-first century: Challenges and implications for development, 32366
U. S. Army leadership in the twenty-first century: Challenges and implications for training, 16183

Leadership Qualities—Serials

attributions & perceptions of charisma, effect of leader outcomes on subsequent influence, undergraduates, 20875
characteristics of transformational & transactional leadership skills, mental health team leaders, 32132
dimensions of community leadership & citizen participation, grass-roots community organization members, 5876
discriminant validity of Multifactor Leadership Questionnaire, transformational leader behavior, bank employees, 6673
framework for analysis of character & leadership & judgment of candidates based on theories of psychoanalysis & leadership & decision making, presidential candidate Bob Dole, 1161
leader directive style & decision favored by shared vs hidden information, group discussion content & group & individual decisions & perceived leader competence, college students, 27277
model of leadership style & charisma & other qualities required for public sector organizational development & adaptation in crisis settings, 29104
myth of traditional top-down leadership & competencies that will determine success of new leadership, top management & employees, 29096
participation in athletics & leadership skills, 15–18 yr olds, 19326
perceived influence of internal & external organizational factors & personal & professional characteristics, effective leadership role, principals in independent schools, Canada, 25708
perceived psychological empowerment & innovative & upward influencing & inspirational change-oriented leadership & monitoring behavior, Fortune 500 company mid-level supervisors & their subordinates, 29103
proactivity & charismatic leadership & rated performance, American presidents, 1148
process for developing leadership skills in group settings using transformational leadership model, gifted 4th–6th graders, 35565
psychodynamic characteristics of terrorist leaders & their followers, 30914
suspicion of other countries & predisposition to need new enemies following cold war, leaders, 4 yr study, 33806

Leadership Qualities—Chapters

Apperceptive Personality Test profiles of high school leaders, 29345
Behavioral complexity and the development of military leadership for the twenty-first century, 16185
Global leadership: Women leaders, 32362
In search of the self-led soldier: Army leadership in the twenty-first century, 16188
Leadership and decision processing in twenty-first-century technical organizations, 16153
Leadership competencies required for the new army and approaches for developing them, 16191
Leadership in the peacekeeping army of the future, 16184
The moral component of effective leadership: The Chinese case, 32369
Social complexity and the competencies required for effective military leadership, 16192
When East meets West: Leadership "best practices" in the United States and the Middle East, 32371

Leadership Style—Serials

application of modified situational leadership model to residential group care settings, 10–14 yr olds, commentary, 9197
application of modified situational leadership model to residential group care settings, 10–14 yr olds, commentary reply, 9190
application of modified situational leadership model to residential group care settings, 10–14 yr olds, 9191
change centered leadership style, organizational culture & commitment & job satisfaction & evaluations of leader's competence, personnel, 35668
characteristics of transformational & transactional leadership skills, mental health team leaders, 32132
classic perspectives & contemporary relevance of the warrior model of leadership, 1337
cognitive style & leadership & employee characteristics & motivation & leader-member exchange, creativity, employees, 35645
leader directive style & decision favored by shared vs hidden information, group discussion content & group & individual decisions & perceived leader competence, college students, 27277
leader personality, bureaucratic politics & government policy-making, Vietnam war decision-making in 1965 & 1968, 17510
leadership style & personality traits & sex, sentencing decisions in mock criminal matters, college students, 7950
leadership styles & individual differences & foreign policy-making process, prime ministers from Great Britian & Germany, 1156
leadership styles & work-related values, telecommunication company managers vs engineers vs production employees in US vs Germany, 35637
manager's leadership style & subordinate's nontask achievement, leader attribution & response, 27–52 yr old managers, test of central predictions of attributional leadership model, India, 3075
models of leadership style & sex & organization level & self vs supervisor perception of leadership behavior, managers & their supervisors, 6295
perceived & actual similarity & subordinate competence & self-efficacy & leader characteristics, exchange quality & subordinate satisfaction, 16–22 yr old subordinates & their 31–50 yr old supervisors, 35610
perceptions of Presidential candidate B. Clinton's vs B. Dole's transformational & charismatic leadership & voting behavior during the 1996 election, voters, 1160
person centered perspective on leadership, 32357
personal experience & meaning & existential orientation in group work process & leadership, members of Association for Specialists in Group Work Leadership Team, 5554
preferred coaching styles, 10–18 yr olds in youth sports league vs their parents, 33585
sex, leadership style & job stress & mental health in male vs female dominated industries, managers, 38974
strategies for community mediation, village vs religious leaders, Malaysia, 20705
techniques for facilitation feedback exchange & promoting successful group outcomes, leaders of therapeutic groups, 5567
transformational leadership & anonymity & task interdependence, potency & effectiveness of work groups using group decision support systems, college students, 1 wk study, 4732
transformational vs transactional leadership style, global leadership & management behaviors, 24–63 yr old senior managers & direct reports & straight- & dotted-line supervisors, 35613
voice, small group decision making with low status leader & support under conditions of persistent conflict, college students, 11128

Leadership Style—Books

Out-of-the-box leadership: Transforming the twenty-first-century army and other top-performing organizations, 16089
Understanding and changing your management style, 35624

Leadership Style—Chapters

Behavioral complexity and the development of military leadership for the twenty-first century, 16185
Decision making styles in "two boss" triads, 29110
Decision-making requirements for future organizational leaders: A creative action-based approach, 16189
Does management style make a difference? Corporate culture change within two Australian companies, 29108
Participative leadership, 6307

Learned Helplessness—Serials

density of 5-HT receptors & transport sites in neurochemistry of learned helplessness, male rats, 10681
forced exercise, learned helplessness, female cockroaches, 16747
inescapable stress & learned helplessness, c-Fos-like immunoreactivity expression in brain, male rats, 23354
inherited hypohedonia & theory of learned helplessness & the vulnerability factor of depressogenic explanatory style for depression, 8099
learned helplessness & internal locus of control, depression & well being & psychosocial adjustment & overt pain coping behavior, disabled adults with fibromyalgia & chronic pain, 24712
response contingent vs noncontingent performance feedback, mood state & depression symptoms & performance expectancy & task attribution, 18–24 yr olds with long-standing asthma, 24686

Learned Helplessness—Chapters

Cognitive performance and learned helplessness in mentally retarded persons, 34490

Learning [See Also Adult Learning, Cognitive Hypothesis Testing, Conditioning, Cooperative Learning, Discrimination Learning, Experiential Learning, Extinction (Learning), Foreign Language Learning, Generalization (Learning), Generation Effect (Learning), Incidental Learning, Intentional Learning, Interference (Learning), Mastery Learning, Maze Learning, Mnemonic Learning, Nonverbal Learning, Observational Learning, Perceptual Motor Learning, Probability Learning, Rat Learning, Relearning, School Learning, Sequential Learning, Serial Learning, Skill Learning, Social Learning, Spatial Learning, Spontaneous Recovery (Learning), State Dependent Learning, Transfer (Learning), Trial and Error Learning, Verbal Learning]—Serials

5-HT1A receptor agonists alone & in combination, learning & performance, rats, 7269
ability of string typing speed vs grammatical judgment of strings to access same implicit learning mechanisms in artificial grammar learning task, college students & community residents, 3597
ability to use acquired color/figure associations in direction opposite to that of training, undergraduates, 13352
abnormal mushroom body structural plasticity in mutant genes, adult female Drosophila, implications for olfactory learning & memory, 3853
accuracy or speed instruction, information reduction during skill acquisition, 17–41 yr olds, 26441
acquisition & transfer of Control of Variables Strategy, ability to design & evaluate unconfounded experiments & make valid inferences, 7–10 yr olds, 36736
acquisition procedures differing in type of training & number & size & sequence of training steps, response variability in keypressing task, college students, 13360
action & information chunking in basal ganglia, 472
action learning framework for & fragmentation & interaction of single & double & triple loop methods in organizational change, gay & lesbian & bisexual & transgender employee groups, 22656
activity-regulated c-fos gene expression in evaluation of differentiated involvement of hippocampus vs amygdala in training & performance of two-odor learning, rats , 470
adaptive instruction & learning in hypermedia environment, students, 38794
Adaptive Resonance Theory models & learning & consciousness & attention, 16582
after action review as process for moving from action learning to learning from action & relation to organizational performance, 22568
age & education level, epistemological beliefs, adults, implications for academic performance, 9490
age & time of day, learning & memory, young vs old male rats, 36318
algorithm for neuronal learning of non-linear input–output function to extract invariance from vectorial input sequence, 32512
algorithm of distributed ARTMAP neural network for fast distributed supervised learning, 6452
alternation learning and obsessive-compulsive disorder (OCD) symptom severity, male OCD patients, 37417
American Indian Gestural Code vs ASL, sign comprehension & imitation & retrieval learning, mentally retarded male 30–57 yr olds with Down's Syndrome, 38897
amphetamine, partial reinforncement of learning persistence, albino rats, 26480
anatomical structure of dorsocaudal neostriatum complex & neostriatum dorsocaudale & role in imprinting & learning & memory formation & synaptic processes, domestic chicks, 13521
application of memory theory to learning that takes place during exposure therapy for emotional disorders & fears, 12081
approaches to appraisal of student learning in social studies, 32256
approaches to guided cognitive imagery, teaching & learning about alternative futures, 2862
assessment of student learning in gender inclusive tertiary mathematics & physics education, commentary, 6195
assumptions underlying literature on organizational learning & use of term learning in organizing as replacement for term organizational learning, 25918
asymmetrical effect of noncontingency on human covariation judgments, undergraduates, test of the belief revision model, 23102
auditory & visual stimulus pairing, song learning, male nightingales, 26481
autonomy & control in management of consultants & attitudes & cooperation, organizational learning, employees & managers in large public transport company, 3074
Bayesian optimal estimation approach to visual perception & learning, Kalman filter model , 16509
behavioral development, olfactory learning & conditioning for foraging, nurse vs guard vs adult bees, 10282

beliefs about teaching & learning mathematics & ability to provide math instruction based on children's thinking, elementary preservice teachers, 12640
benefits & challenges in use of interactive graphical representations systems in teaching & learning, 22458
benefits of making graphical representations interactive in context of teaching & learning, 22459
benefits of using specificity logic principle as criterion for choice of alternative graphical representations in teaching & learning, advanced-level high school students, 22432
caffeine, arousal & feelings of pleasantness & learning & memory, undergraduates (mean age 21.47), 30010
cannabinoid receptor activation, learning & memory models of long term potentiation & long term depression in hippocampal slices, mice, 29828
categorization learning from novel computer-generated stimuli, horses, 29686
category learning & perceptual categorization of discrete vs graded categories as indication of functioning of basic processes of abstraction, 27–67 yr olds with schizophrenia, 30726
cerebral plasticity & procedural learning of visuomotor skill, 8–12 yr olds with frontal vs temporal epilepsy, 28141
changes in functional regional brain activity measured via blood flow during recall of abstract designs under less vs well practiced conditions, 22–29 yr old right handed males, 20130
child directed speech, associative learning, mothers with depression & their 4-mo-olds, 24203
children's play & adult simulation/gaming & developmental theories & learning, 20429
chow vs cafeteria diet, flavor-nutrient learning, female rats , 13415
classic fear conditioning, corticotropin-releasing factor receptors in learning & memory, male mice, 23274
classical eyeblink conditioning, obsessive-compulsive disorder-like college students, implications for associative learning & interpretation of obsessive-compulsive disorder, 11478
classification architecture based on autoassociative neural networks used to learn discriminant models, 3214
classroom-based practices supporting mathematical development, 3rd graders, 22422
clinical pathways to evaluate health care student progress & learning, 25598
cognition enhancer NS-105, learning & memory deficits elicited by scopolamine vs cerebral ischemia vs nucleus basalis magnocellularis lesion vs baclofen vs ECS, male rats, implications for role of cholinergic & GABAergic systems, 36598
cognitive perspective on corporate diversification project, imagery as described with cognitive mapping techniques & organizational learning, managers, 9594
cognitive processes associated with learning through use of visual displays, 29632
cognitive science concepts of learning & analogy & capacity, implications for cognitive development, 4429
cognitive structuring of & preferences for top-down vs bottom-up sequences in verbal-pictorial learning material, male Armed Forces university students, 32176
comparative perspective on motor learning & efficacy of avian vocal learning as motor learning model, 335
complexity issues in natural gradient descent method for training multilayer perceptrons, 3216
computation of upper & lower bounds on VC dimension & pseudodimension of feedforward neural networks, application to learning, 3209
computational neural network model of dopaminergic striatal circuitry in attentional learning by reinforcement, 32506
computer application learning with icon &/vs text label interface & perceptions of ease of use & usefulness, college students, 22544
computer system learning by exploration & efficacy of user exploration interface via think-aloud method, college students, 30085
conditioned olfactory associative learning, Caenorhabditis elegans lrn-1 & lrn-2 mutants, 16885
conditioning to solid food differing in caloric density & flavor, flavor–calorie learning & food intake, male golden hamsters , 10266
confirmatory factor analysis of the Learning Style Inventory (LSI-1985), undergraduates, 26230
conscious awareness & learning & memory, animals & patients with hippocampal damage, 34623
constructivist learning theories in instructional methods & classroom environments, older vs younger aged learners, 25737
context shift & protein synthesis inhibition, disruption of long-term habituation-memory after spaced or massed training, adult male crabs, 10590
contingencies with tutor behavior, song learning, juvenile male zebra finches, 3659
core capabilities of learning organizations & rapid team learning as demonstrated by Team New Zealand America's Cup campaign, 22664
cortical plasticity & Hebbian learning mechanisms in & predictors & principles of guided rehabilitation & recovery from brain damage, 32022
critical thinking skills & effective learning processes, students majoring in psychology & special education vs sociology & social work & criminal justice, implications for teachers , 9475
cue integration & use of working memory in water maze performance, adult male Sprague-Dawley rats with unilateral entorhinal cortex lesions, 10269
curricular differentiation, learner responses to open-ended activities, gifted 3rd & 4th graders, 2992
D- or L-glucose or/& morphine or other drug administration, enhancement & impairment & other behavioral effects of learning & memory in task performance, male rats & mice, 10287
declarative & procedural learning, 45–82 yr old patients with Parkinson's subtypes with tremor vs bradykinesia, 2098
degree of learning or familiarity, retrospective vs predictive estimates of task duration, undergraduates, 221
development & internal reliability of Attitudes Toward Thinking and Learning Survey, male vs female college students, 29554
development of absorptive capacity & proactively constructed internal crises in organizational learning, knowledge base & effort in catching up, Hyundai Motor Company, 6325
diagrammatic representations for science instruction & understanding of scientific laws & framework to characterize problem solving & learning, 32206
different properties of visual stimuli, learning processes for visual differentiation, rhesus macaques with bilateral removal of parietal cortex field 7, 20092
differential housing exposure after weaning, learning & memory processes & hippocampal nerve growth factor, handled rats, 33075
discovery-learning-based exploration practice vs worked-examples practice, cognitive load & domain knowledge in database program learning, college students, 28947
discriminant validity of relatedness ratings vs Pathfinder vs concept map knowledge structure measures & experience, posttraining performance, 17–43 yr olds , 6552
distributed vs massed practice schedule & short vs long term retention interval, learning in multiplayer decision making task, 2-person teams, 6317
dopamine delivery at target structures & direct learning & decision-making, Ss & network based on predictive model of mesencephalic dopamine systems, 3210
dynamic testing for assessment of cognitive processes & potential for learning, erratum , 128
ecological influences on vocal development & song learning, male white-crowned sparrows, 26516
ecological relevance & evolutionary aspects of associative learning, fruit fly larvae, 16753
ectosylvian lesions, visual discrimination learning under switching, cats with binocular vs limited lab visual deprivation vs normal stimulation , 13386
educator perceptions of fostering creativity in learners, postgraduate students, 9391
effective connectivity between cortical areas in human learning, 25–36 yr olds , 13523
effectiveness of retrospective project reviews in organizational learning, personnel, 12861
effects of early postnatal alcohol exposure, learning, developing rats, 26483
effects of learning concepts, complementary types of text processing, college students, 36258
electrical stimulation of dopamine cell bodies in ventral tegmental area/substantia nigra, dopamine release from dopamine terminals in nucleus accumbens & intracranial self stimulation, male rats, 13397
electrophysiological correlates of early learning, in vitro studies of intermediate medial part of hyperstriatum ventrale of domestic chick, 13606
empirical support for shaping at point of utterance & forward search & genre-related & backward search hypotheses in writing-to-learn, elementary & junior high & high school & college students , 32221
entropic prior for multinomial parameter estimation problems & solution for maximum a posteriori estimator, structure discovery & learning in conditional probability models, 26256
environmental print & learning & literacy, children, 33621
epistemological approach to undergraduate curriculum in teaching psychology of learning courses, commentary, 35472
evaluation of Cascades's computational modeling of rule learning events from students' physics problem solving & conceptual analysis, undergraduate physics students, 12668
evaluation of training & training outcomes & job reactions & learning & behavior & nature of transfer climate, trainees, 38961
evolutionary context of learning, 35841
examination of maternal & child health rotation's learning environment from perspective of cognitive psychology & identification of cognitive demands placed on residents, 1st yr residents, 15747
experience with & ability to use science tools & related discourse, mediation of learning about electric circuits, 9th grade science students, 12648
experiences of uncertainty & information seeking & learning during organizational encounters, racial/ethnic minority vs majority new hires, 29141
explicit vs implicit instructions, memory for previously learned figural sequences & item-to-item covariations within figural sequences, 17–23 vs 35–45 vs 55–65 yr olds, 36255
explicitly unpaired visual stimuli lighting & rotation, phototactic orienting behavior & photoreceptor excitability & associative learning & conditioned suppression, Hermissenda molluscs, 36401
external or stimulus noise, visual perceptual learning, adults, 32802
external validity of results from use of live socially interactive tutors in song learning experiments, birds, 3400
extracting regularities from external environment & time & space through prediction learning, mobile navigating robot, 32477
factor analysis of ipsative measure individual Learning Style Inventory, 32605
factors in ambulatory teaching environment & behaviors & characteristics of perceptors that promote learning in community practice, medical students, 2773
fast mapping, facilitation of multiple word learning, 5.1–22.0 yr olds with moderate–severe mental retardation, 5158
fear & anxiety responses & fear-based learning in behavioral & learning tasks, male rats of amygdala kindling-resistant vs kindling-prone strains, 6971
feed-forward neural networks, learning color-appearance models, 39052
food restriction, excitotoxic & metabolic hippocampal & striatal neuron damage & learning & memory & motor function, male rats, comment, 10400
food restriction, excitotoxic & metabolic hippocampal & striatal neuron damage & learning & memory & motor function, male rats, 10396
forebrain ischemia with vs without acidic fibroblast growth factor, learning & memory, male Mongolian gerbils, 23537
function of different classes & subtypes of class I metabotropic glutamate receptors involved in learning & memory formation, rats, 23299
functional properties of nucleus interfacialis neurons in selectivity for learning of songs arising in or in structures afferent to forebrain nucleus, male zebra finches, 23314
functional role of hippocampus & adjacent medial temporal lob structure, memory & learning, amnesia patients (aged 41–55 yrs) with brain damage, 34615
games & simulation & organizational learning & adaptation to change, 39011
gender differences in learning orientations, meta-analysis, 9491
global learning algorithm for radial-basis function neural network, 22771
glycine vs glutamate site vs uncompetitive NMDA antagonists with vs without D-serine, learning & memory in acquisition task, pigeons, 20271
group collaboration & measurement of computer teleconferencing vs face-to-face communication, learning & quality & satisfaction, college students, 35488
high-fat diets &/vs enriched vs impoverished environmental influences, learning & memory, rats, 23477
hippocampus & learning & memory & association of discontiguous events in terms of temporal &/or spatial positioning & computational framework, animals, 3939
histaminergic antagonists chlorpheniramine vs ranitidine to nucleus basalis magnocellularis, learning & memory on avoidance task, male rats, 20358
history & current issues & future directions to investigate learning component of psychoneuroimmunology, 4062
hyperspace analogue to language model of memory for transduction of episodic associations into semantic & grammatical knowledge, errata, 3584
in utero & lactational exposure to TCDD, learning & memory, rats, 23582
inactivation of prelimbic-infralimbic or dorsal anterior cingulate areas, strategy switching in spatial vs visual cued cheeseboard task, rats, 10446
individual changes in learning strategies in higher education, freshman & advanced university students tested after the 1st & 3rd semesters, 28974

influence of background or prior knowledge on intentional vs incidental concept learning tasks, college students, 32979
influence of embodied context of Autidolfijn project designed to assess effect of dolphin interaction on learning & attention on experimental results, autistic children & dolphins, 22958
inhibition of neurons in medial nucleus of the dorsolateral thalamus by GABAergic antagonists, inhibition of anterior forebrain pathway in song learning, male zebra finches, 26806
inhibitory learning with auditory or visual cues in conditioned-suppression procedure, rats, 19943
instruction & induction of external relative to internal focus of attention, generalizability of learning advantages, individuals, 32776
instructions of movement patterns, learning of bimanual visual–motor coordination task, college students in specific vs general vs no-instruction vs secondary task learning groups, 32770
interaction of task & external feedback on practice performance & learning, college students, implications for organizational behavior research, 9626
interactive contributions of intracellular calcium & protein phosphastases to massed-trials learning deficits, marine mollusks, implications for memory formation, 10279
interleukin-beta & interferon fragment RITLY, process of learning & memory & defensive behavior, male rats, 13603
issues in literacy education & learning, 6157
iterative learning control using an information database, 32476
knowledge acquisition & strategies & individual differences in reading hypertext, college students, 29536
knowledge acquisition for building mental models extracted during learning from complex animated visuals, college students, 29640
knowledge based on grammatical rules vs associative chunk strength, classification in artificial grammar learning, college students, commentary, 10195
knowledge-oriented cultural perspective of organizational learning of customer-orientation & impact on company operations, 12868
L-NAME vs 7-nitroindazole inhibition of nitric oxide synthase, early olfactory associative learning, newborn rats, 17094
learning & complementarity in updating of belief in 2 mutually exclusive & exhaustive hypotheses, college students, 10121
learning & imprinting & predispositions & mechanisms of development of filial preferences, newly hatched domestic chick, 13389
learning & memory & synaptic plasticity & localization & NMDA-receptor function, mice with mutant postsynaptic density-95 protein, 7076
learning & nerve growth & brain-derived neurotrophic factor levels in hippocampus vs spinal cord vs hypothalamus, transgenic mice overexpressing tumor necrosis factor alpha with vs without CNS inflammation, 36396
learning careers, college students with cerebral palsy, Finland, 11928
learning of mathematics & reasoning about proving & relation to everyday & mathematical language & argumentation about proofs, fifth graders, 28975
learning paradigm for networks of integrate-and-fire spiking neurons based on information-theoretic criterion, 26025
learning styles & profiles, elementary & junior high school students in special education classes classified as primarily emotional vs primarily conduct problems, 12724
lesions of intermediate medial hyperstriatum ventrale, acquisition & retention of sickness-conditioned learning, male day-old chicks, 33187
lesions to parafascicular nucleus of the thalamus, operant food-procuring pedal pressing reflex, trained vs untrained male rats, 3929
locally linear model of receptive field-based learning system for incremental function approximation, 3213
long term potentiation & saturation of synaptic weights in hippocampus, learning & memory, 29832
management development & learning through complexity, coping with organizational change & turbulence with complexity map, middle managers, 38978
map learning or navigational goals as learning conditions in spatial memory, college students, 16668
mathematics learning as socialization of mind & cultural practice, 35512
mediated learning & cognitive modifiability, 6–7.6 yr old Ethiopian immigrants vs Israeli-born (mean age 7.2 yrs) 1st graders, Israel, 20531
mediated learning experience strategies in mother–child interactions & child's cognitive modifiability & SES & mother's intelligence & child's personality & situational variables, 23728
memory deficits & intelligence & learning, patients with schizophrenia vs Korsakoff's syndrome vs Alzheimers disease vs traumatic brain injury, 37267
model for psychotherapy supervision using integrative metalearning, trainees, 6011
model of dynamic organization & development of mind & implications for learning & instruction, 4425
model of psychological safety perceptions & learning behavior, work teams, 32387
models of category learning, college students, 293
modulation of angiotensin receptor-1 in immobilization stress & angiotensin II-induced analgesia & impaired retention & common sensory signals, rats & male mice, 33242
monoamine oxidase B deficiency, visuospatial learning & age-related cognitive decline, male rats, 36501
movement cues & individual differences, learning of discrimination & recognition of moving video images of conspecifics, pigeons, 33121
multidimensional framework for analysis of negotiations of meaning in physics classroom interactions, students & teacher, 22513
multimedia program for instruction in associative learning, 9421
nasal delivered lysine vasopressin, memory & learning deficits, severely head injured 18–55 yr olds, 31783
neural integrative activities & functional specializations of the nucleus accumbens shell & core in relation to motivation & learning behavior, 26609
neural network approach to unspecific long-term potentiation in correlation-based learning & in formation of visual cortical functional organization, humans & mammals, 3920
neural network probability density methods for smooth function approximation & learning in populations of tuned spiking neurons, 6473
neuroanatomy & neurochemistry of pathways in telencephalon & mesencephalon & basal ganglia & tegmentum & role in learning & memory & pecking avoidance, 1- to 2-day old chicks, 13532
neuroimaging analysis of separating learning related changes from nonspecific time effects, 22–29 yr olds, 20131
neurophysiological substrates of context conditioning & learning & memory, Hermissenda, 33256
new applications for classical eyeblink conditioning paradigm in study of learning & memory , 10219
nicotine & its antagonist mecamylamine, contextual fear conditioning, mice, 23510
nicotine, learning & memory, young vs old rats, 33362
nitric oxide synthase inhibitor, effects of neurosteroids on aging- & dizocilpine-induced long term memory & learning impairment, mice, 4254
nootropic agent L-pyroglutamyl-D-alanine amide, learning & long-term memory in contextual & conditioned reflex freezing, massed vs spaced trained rats, 20382
novel entropy-constrained competitive learning algorithm for neural network training for vector quantization, 26029
objects learned at general vs specific level of categorization, visual encoding & perceived changes in objects, university students, 22993
obligatory encoding of spatial location of words during automatization, adults, 6912
odor avoidance after electric shock, Drosophila mutants, implications for memory & learning deficits, 350
online gradient descent learning from finite training sets, 3215
operant contingent exposure to song playback, song copying, male zebra finches, 16761
operational & structural theories of metaphor in computing systems & active learning, 35783
orbitofrontal cortex lesions, associative learning & conditioned responses to CS, male rats, 26593
organization of bottom-up & top-down & horizontal interactions in visual cortex & realization of grouping & attention & learning, 16485
organizational change & student numbers & finance & teaching quality, teaching & learning of psychology, UK, 32174
organizational learning & experience documentation in industrial software projects, 35658
own & tutor song & anterior forebrain selectivity, male juvenile zebra finches, 20150
parafascicular nucleus lesions, facilitative effect of lateral hypothalamic intracranial self-stimulation on active avoidance acquisition & long-term retention, male rats, 492
parameters self-tuning learning algorithm for multilayer feedforward neural networks, 26035
past elemental or configural learning, coding of novel compound stimuli, undergraduates, 32980
perceptions about meaning & implementation & expected behaviors of self-regulation as vehicle for learning in teacher education programs, Israeli vs Dutch student teachers & educators, 32191
perceptual learning specificity & role of attention & task difficulty, 29618
permissiveness in learning & development of song syntax, male swamp sparrows, 26523
personal literacy history & views on literacy learning & instruction, student teachers, 6127
perspectives on problem-based learning in occupational therapy curriculum, 19–47 yr old college students, 15968
phase-based synaptic modification & tuning of Purkinje cell parallel-fiber connections in model of cerebellar information storage, 29783
phenelzine, learning & memory in shock avoidance & spatial water maze tasks, male rats, 17085
philosophy for designing introductory courses & thematic modules in computer-mediated learning network, 35486
phonological awareness training with or without attention to articulation & manipulation of sounds, learning, 7–11 yr olds with reading difficulties, 16018
physiological changes in adult auditory system & auditory learning & deprivation & recovery & hearing impairment & relation to motor system plasticity & pathology, commentary, 6817
policy & research & practice issues in addressing barriers to learning & enhancing student achievement, students with learning difficulties, 38882
political information acquisition from presidential debates, data collected from the American National Election Studies 1976–96, 14181
positive affect, attention & learning, 5- & 7- & 9-mo olds, 23719
positive mood, learning brand names, adults, 32967
positron emission tomography research on human memory in hippocampus, learning vs retrieval & novelty detection & depth of processing, 23311
postnatal choline, passive avoidance & learning & locomotion, male vs female rat pups, 7247
potential for learning, prediction of academic performance, students, 6212
potential relevance of advances in neurobiology of learning & memory to medical education, 25623
potential uses of transcranial magnetic stimulation in study of learning & memory, 10414
practice as measured by eye movement, discrimination between task-relevant & -irrelevant information in cognitive skill acquisition, college students, test of information-reduction hypothesis, 6850
practice, learning of & changes in motor skills, 33–57 yr olds with profound mental retardation, 18160
prediction of retrieval in face matrix learning task, patients with right posterior vs right frontal brain lesions, 18437
prefrontal cortex, awareness & sensory learning, 20121
prenatal exposure to gamma radiation, locomotor & exploratory activity & learning & memory & brain weight & brain:body weight ratio, mice, 20281
prenatal hypoxia-ischemia, nitric oxide synthase expression & activity & learning & memory, rats, 33057
priming via familiarity &/or unitization, nonverbal associations, college students, 6917
prior knowledge & acquisition of category structure in unsupervised learning conditions, college students, 32913
prism adaptation, aftereffect displacement & persistence of memory, adults, 13194
procedural learning in reading & counting tasks, patients with Parkinson's disease, 34653
process & outcome discrepancy model of differential learning & interaction in organizational alliance dynamics, 6327
progress in research on role of synaptic plasticity in learning & memory, 452
protein synthesis inhibitors, recovery of memory after disruption during learning, male chicks, 13417
pupil & tutor developed personal learning planning, learning & achievement, male vs female Year 9 students, 1 yr follow up, 22507
qualitative vs quantitative problem representation, collaborative problem solving, 10th grade dyads, 15942
randomization of initial network state, transitive inference learning in computational model of hippocampal CA3 region, 32513
recurrent neural network that involves fuzzy sets & error backpropagation & learns to suggest next move during descent along branches of decision tree, 6450
red vs green colored leg rings, choice of song tutor, young male zebra finches, 10340
redox theory of biochemical basis of learning & neurocomputation, 10454
reflexive processes in rich mathematics learning environment, grade 9 students, 22511
regional cerebral blood flow in frontal cortex during serial RT learning, healthy 20–28 yr olds, 26630
reinforcement schedules, learning & response probability & strength & variability in choice behaviors, pigeons, 33070

relating slope of learning rate in learning algorithm to slope of nonlinear activation function for class of recurrent neural networks trained by real time recurrent learning algorithm, 29243
relation between general skill learning & item-specific priming across task demands, college students, 6920
relationship between problem behavior & learning & need for educational reconceptualization of emotional & behavior difficulties, 6260
relevance of hierarchies to information processing of biology from hypertext, undergraduates, 13309
reversible functional inactivation technique & role of subcortical & cortical structures in memory processes, 10201
role of 5-HT1A receptors in consolidation of learning in autoshaping task, normal vs cognitively impaired male rats , 16930
role of amnesiac gene in olfactory learning & memory formation, adult fruit flies, 36390
role of amygdalar NMDA receptors in new fear learning, previously fear-conditioned rats, 345
role of associative learning in olfactory host searching, female parasitic insects, 344
role of cerebellum in movement coordination learning, 524
role of cholinergic systems of the dorsal & ventral striatum in controlling learned movements, rat, 3837
role of conditioning & reinforcement activation of pathway from inferior olive climbing fiber projection system to cerebellar interpositus nuclei in learning, animals, 526
role of glutamate receptor activation & blockade on long-term potentiation & learning & neurotoxicity, 13551
role of integrated school–community resources in addressing barriers to development & learning & teaching, students with & without learning problems, 38883
role of maternal transmission & independent learning, development & perpetuation of kin bias, rhesus monkeys, 36307
roles of ontological & syntactic information in learning of words for physical objects & substances, adults vs 3 & 4 & 5 yr olds, 26915
salience of attribute, attentional persistence vs contrast as competing attentional mechanisms in category learning, college students, 304
scientific discovery learning through computer simulations of conceptual domains, 6095
scopolamine-produced learning & memory impairment, morphine tolerance & dependence, rats, 30072
sedentary lifestyle, song imitation, Neotropical sedge wrens, 16831
seizure disorders, inattention & learning processes , 2000
self-directed learning activities of physicians in light of recent research, doctors (age range 30–60+ yrs), implication for medical education, 38698
serotonin, conditioned olfactory learning induced by norepinephrine, neonate rats, 7243
service learning curriculum in science & advisory classes, service learning & self-esteem, 6th & 8th grade students, 25728
shaping of learning organization & development of mental models for understanding organizational events, 3098
simulation & electromyographic correlates of learning an internal model of reaching movements, 36206
simultaneous prompting procedure for teaching receptive manual sign identification in small groups & effect on learning of non-targeted signs, 29 & 44 & 49 yr old adults with mild mental retardation, 27966
situated dynamics of peer group interaction & learning, 12 yr old primary school students, 25794
social & cultural mechanisms, change & organizational learning processes, educational personnel, implications for personnel evaluation, 25706
social & learning experiences in higher education, university students with disabilities, 11706
socialisation & training vs socialisation vs training vs feeding programs, command responsiveness & social interaction, 6–16 wk old dogs , 10256
socioemotional selectivity theory & impact of time on acquisition of knowledge vs regulation of emotion & selection & pursuit of social goals, 20–83 yr olds, 11149
spatial associations & social learning of courtship & mating patterns, male & female juvenile cowbirds, 29685
spatial orientation by mental transformation in environments learned by reading narratives, college students, 23020
stimulus contingencies between tutor song & visual stimulation, song learning, male zebra finches, 29687
strategic vs nonstrategic learning, automatic & strategic retrieval of structure knowledge, college students, 13359
strategies for teaching & learning writing, commentary, 15829
structured tuition in Karmiloff-Smith model of representational redescription & beam balancing, cognitive development, 5–7 yr olds, 20514
subjective perceptions of learning & satisfaction & quality & length of report, computer-mediated learning networks, individual vs group & individual problem-solving, student instructors, 35474
synaptic strength among neurons, genetic enhancement of learning & memory, mice, 33080
techniques for & effects of organizational nonlearning & characteristics of nonlearning organizations, nonlearning in public sector budgeting, Norway & Sweden & poor countries, 9620
temporal &/vs spatial contiguity & visual &/vs auditory modality of multimedia instruction, learning measured by retention & transfer & matching, college students, 28940
test–retest reliability & age norms for Shum Visual Learning Test of visuospatial memory, 17–83 yr olds, 29408
text–melody relationship of songs in cultural contexts & cognitive processes involved in song-learning & recall, Cantonese-speaking & children in other cultural contexts, 20487
theory of authenticity in learning environments, use of computational media support thickly authentic learning, 35491
therapists mental processes & learning & teaching of time-limited psychodynamic psychotherapy, 28833
tomographically assessed spatial & temporal aspects of brain activation during covert recitation of forward- vs reverse-sequenced word strings, 19–36 yr olds, 10468
tone CS & airpuff UCS classical delay eyeblink conditioning, 4–5 mo olds, 10777
training in route learning using computer-generated 3D virtual environment, 53 yr old female patient with anterograde amnesia, 12491
training multilayer neural networks using global learning algorithm & least-squares & penalized optimization methods, 26024
transfer effect, well- vs ill-formed & within- vs across-domain vocabulary elements in artificial grammar learning, college students, 29652
tryptophan depletion, memory & learning & perceptual & psychomotor & other cognitive functions, 18–61 yr olds with vs without positive family history for depression, 10647
understanding of teaching & learning & knowledge & its influence on approaches to inclusive science teaching, 21–37 yr old preservice elementary teachers, 15897
unidimensional vs diagonal boundaries, decision rules in unsupervised vs supervised categorization, college students, 32896
use of learner centered design in educational computing systems, 9507
use of simulation games to promote organization learning for employees involved in organizational or technological changes, employees from process industry, 9632
use of trainer who repeated targeted labels & asked questions & rewarded attempts at label with object, facilitation of vocal learning from videotapes, grey parrot, 19951
V. P. Protopopov's perspective on habit formation & its relation to Pavlovian theory of higher nervous activity, dogs, 36317
value of learning outcomes, students in ambulatory primary care clerkship, 25612
vector-averaged smooth pursuit eye movement responses to 2-target vs single target stimuli before vs after learning, monkeys, 36424
verbal &/vs outcome feedback, learning & ability to make good decisions, adolescents vs adults, 36734
view- vs motion-specificity theories of visual object recognition, view-bias & recognition of 3D rotating objects, college students, 36180
vocal learning & community in pant-hoot vocalizations, adult male chimpanzees, 36312
word learning in context of adult referential & salience cues, 18 vs 24 mo olds, 7417
word–word vs property–property vs word–property vs word–word–property maps, learning of color vs size words, 13 yr olds, longitudinal study, replication with 2 yr olds, 20522
Learning [See Also Adult Learning, Cognitive Hypothesis Testing, Conditioning, Cooperative Learning, Discrimination Learning, Experiential Learning, Extinction (Learning), Foreign Language Learning, Generalization (Learning), Generation Effect (Learning), Incidental Learning, Intentional Learning, Interference (Learning), Mastery Learning, Maze Learning, Mnemonic Learning, Nonverbal Learning, Observational Learning, Perceptual Motor Learning, Probability Learning, Rat Learning, Relearning, School Learning, Sequential Learning, Serial Learning, Skill Learning, Social Learning, Spatial Learning, Spontaneous Recovery (Learning), State Dependent Learning, Transfer (Learning), Trial and Error Learning, Verbal Learning]—Books
The autonomous brain: A neural theory of attention and learning, 29616
Dynamic memory revisited, 36280
Educating new Americans: Immigrant lives and learning, 11000
Essentials of human memory, 23156
Evaluative inquiry for learning in organizations, 9643
Games and human behavior: Essays in honor of Amnon Rapoport, 6879
Generating natural language descriptions with integrated text and examples, 9710
How people learn: Brain, mind, experience, and school, 28951
Learning and individual differences: Process, trait, and content determinants, 10221
Learning experiences in sport psychology (2nd ed.) , 9650
Learning in likely places: Varieties of apprenticeship in Japan, 3603
Learning: Nineteen scenarios from everyday life, 32984
Memory: From mind and molecules, 10222
Neural networks, 16257
Reading research: Anthology: The why? of reading instruction, 15908
Wise up: The challenge of lifelong learning, 36279
Learning [See Also Adult Learning, Cognitive Hypothesis Testing, Conditioning, Cooperative Learning, Discrimination Learning, Experiential Learning, Extinction (Learning), Foreign Language Learning, Generalization (Learning), Generation Effect (Learning), Incidental Learning, Intentional Learning, Interference (Learning), Mastery Learning, Maze Learning, Mnemonic Learning, Nonverbal Learning, Observational Learning, Perceptual Motor Learning, Probability Learning, Rat Learning, Relearning, School Learning, Sequential Learning, Serial Learning, Skill Learning, Social Learning, Spatial Learning, Spontaneous Recovery (Learning), State Dependent Learning, Transfer (Learning), Trial and Error Learning, Verbal Learning]—Chapters
Activity formation as an alternative strategy of instruction, 12677
Behavioral and pharmacological analyses of memory: New behavioral options for remediation, 36321
Between "lifting" and "accepting": Observations on the work of *angst* in learning., 17740
Children's noun learning: How general learning processes make specialized learning mechanisms, 13984
Citizen response to the 1996 presidential debates: Focusing on the focus groups, 7730
Cognitive education and the cognitive domain, 22495
College reading programs, 38827
The community as a participative learning environment: The case of Centraide of Greater Montréal *1,2,3 GO!* **project, 28711**
Content integration and source separation in learning from multiple texts, 32986
Coordination in market entry games, 6930
Cultural perspectives on mathematics and mathematics teaching and learning, 6189
Development of children's self-regulations in idealized and mother–child interactions, 7478
The development of procedural metamemory in childhood and adolescence, 4458
Didactic models and the problem of intertextuality and polyphony, 12699
Discourse patterns for mediating peer learning, 19281
Down syndrome in cognitive neuroscience perspective, 30970
Drug addiction as a disorder of associative learning: Role of nucleus accumbens shell/extended amygdala dopamine, 27898
Effect of acute alcohol intoxication on recall and on judgments of learning during the acquisition of new information, 4313
Effects of differential experience on brain and cognition throughout the life span, 36479
Efficiency in acquisition and short-term memory: Study–Test–rest presentation programs and learning difficulty, 16678
Evolution of discourse during cross-age tutoring, 19288
An evolutionary perspective on insight, 10164
Experience-weighted attraction learning in games: Estimates from weak-link games, 6927
Expression mechanisms underlying NMDA receptor-dependent long-term potentiation, 26666
Functional dissociation of brain regions in learning and memory: Evidence for multiple systems, 33273
How the giraffe got its neck: An organizational 'just so' story, or continuous improvement and the limits to managerial orthodoxy, 25898

Individual differences in learning and memory: Psychometrics and the single case, 10224
Individual differences in motivation: Traits and self-regulatory skills, 10225
Individual differences in priming: The roles of implicit facilitation from prior processing, 10227
Innovative learning in work teams: Analyzing cycles of knowledge creation in practice, 12888
Intelligent organizations?, 25932
Intersubjectivity in early language learning and use, 17195
Learning about and teaching Lifecareer®, 28872
Learning and development in children with Down's syndrome, 14870
Learning from text: Structural knowledge assessment in the study of discourse comprehension, 6929
The learning of first and second person pronouns in English, 27017
The learning society: A human development agenda, 26965
Learning with text in the primary grades, 15921
Learning, automaticity, and attention: An individual-differences approach, 10824
Mental health professionals working with religious leaders, 1094
Metaphor and learning activity, 10689
Minding our p's and q's: On finding relationships between learning and intelligence, 10160
The missing link: Social and cultural aspects in social constructivist theories, 6226
New learning approaches: Conceptualizing the learning–teaching interaction, 9538
On the effects of the pricing rule in auction and fair division games—An experimental study, 7832
On the role of reinforcement learning in experimental games: The cognitive game-theoretic approach, 6928
Organizing and controlling learning processes within competence-performance structures, 35458
Perception of personality traits and semantic learning in evolving hominids, 33047
Pervasive developmental disorders: Listening training and language abilities, 38636
Phases of development in learning to read words, 32272
Reciprocation and learning in the Intergroup Prisoner's Dilemma Game, 7831
Religion and academia in mental health, 1072
Repetita (non) iuvant, 32992
The role of decoding in learning to read, 15912
Schools as knowledge-building organizations, 26973
Seven charactersitics of a traditional Japanese approach to learning, 4605
Sharing aspects within *Aspects*: Real-time collaboration in the high school English classroom, 2886
The short story as a bridge to content in the lower level ESL course, 38830
Social interaction as tutoring, 8709
Social software for a learning society: Relating school and work, 26972
Statistical learning in linguistic and nonlinguistic domains, 13878
Student role play in the world forum: Analysis of an Arctic adventure learning apprenticeship, 992
A survey on experimental beauty contest games: Bounded rationality and learning, 6888
Taking notes from lectures, 38854
Technology in executive learning, 32363
Theories of word learning: Rationalist alternatives to associationism, 10808
The validity of metacognitive predictions of widespread learning and long-term retention, 3604
Why can't we stop believing?, 17745
Word recognition: Research bases, 6265

Learning Ability—Serials

acquisition of new knowledge in integrated science & social studies unit on Antarctica, elementary school students, 15940
acute effects of ethanol on acquisition of semantic & figural memory, 21–29 yr olds, 613
antibodies for Fos vs Jun proteins in forebrain after passive avoidance training, 1-day-old chicks, 33060
asthma & allergic disorders, learning ability & school adaptation, children with asthma &/vs allergies, 28004
category learning, patients with Alzheimer's disease, 31260
concurrent discrimination task & explicit memory & habit learning in humans, 69 & 62 yr olds with amnesia, 37851
critical incidents of beliefs & behaviors & triggers & outcomes of effective employee learning, managers as facilitators, commentary, 35615
critical incidents of beliefs & behaviors & triggers & outcomes of effective employee learning, managers as learning facilitators, 35616
development of passive avoidance, Koltushi High Avoidance vs Koltushi Low Avoidance rats, 19958
development of teaching & learning skills within situated cognition in physical therapy graduate program, graduate students, 22460
disease & demographic factors & sex, cognitive functioning & academic achievement & learning problems, children with insulin-dependent diabetes mellitus, 28026
dynamic testing for assessment of cognitive processes & potential for learning, erratum , 128
importance of matching motivation & capabilities in regular & remedial personalized classroom instruction, students with & without learning difficulties, 38908
interest & motivation & learning from text, 23108
maintenance of learning skills within a community through generations, parents in innovative public elementary school program , 22446
occupational therapy services, capacity to learn & engagement in work & play & leisure activities, individuals with learning disabilities, 9260
performance on spatial memory task & reversal learning in visual discrimination task, active foraging vs sedentary predator congeneric lizard species, implications for models of spatial abilities, 13394
postnatal exposure to pentachlorobiphenyl, behavioral task performance, male monkeys, 13805
readiness kindergartens & pre-first classes, school adjustment outcomes & learning difficulties, 8–12 graders studied since first 3 yrs of schooling, 38806
statistical learning ability involved in word segmentation, learning of tone sequences, adults & 7.1–8.2 yr olds, 13953
vestibular autoration test using neural networks, assessment of ability to learn to fly, military student pilots, 36427

Learning Ability—Chapters

Diagnosing zones of proximal development, 7459
Mothers and fathers teaching 3-year-olds: Authoritative parenting and adult scaffolding of young children's learning, 7481

Learning Disabilities [See Also Dyslexia]—Serials

academic performance patterns, 7–13 yr old Chinese Americans with limited English proficiency classified as learning disabled, 18152
academic thinking & ideas & normalization & its reconceptualization as Social Role Valorization & relation to services for people with learning disabilities, UK, 30989
access & motivation & curriculum integration & labeling & funding as emerging issues in computer based solutions for teaching, secondary students with learning disabilities, 29011
actual vs hypothetical problem situation, strategies for managing limited resources, 9.2–13.4 yr olds with vs without learning problems, 8447
age & cognitive ability, verbal fluency performance task, 6–32 yr olds with learning disabilities vs autism, 14840
age & learning disability status, development of proportional structures of thought, 2nd & 4th–7th graders with vs without learning disabilities, 34461
articulatory loop & central executive working memory systems, phonological processing & long term memory & executive processing accuracy & speed, learning disabled vs skilled readers aged 8–11 yrs, 11713
assessment of patient's communication strengths & needs & staff training intervention, communication environment, man with learning disabilities & hearing loss & challenging behavior, 1 yr followup, 9096
attempts to influence Dearing Report & its impact on students with learning disabilities & difficulties, 11710
attitudes & practices toward providing teaching & examination accommodations to students with learning disabilities, university instructional faculty, 35554
behaviors during unannounced emergency evacuation, learning disabled residents living in community care homes, 15582
biological bases for generalizability of schizophrenia, adults with mild learning disability &/vs schizophrenia, 4941
changes in terminology used to describe people with learning disabilities, 14846
changes in use of antiepileptic drugs, inpatients with learning disabilities & epilepsy, 1993 vs 1995/96, 25147
characteristics & faculty assumptions & systems approach to instructional design of inclusive foreign language courses, college students with learning disabilities, 22549
characteristics of ADHD & neurocognitively oriented vs homework support treatment, academic treatment outcome, children with learning disabilities with vs without ADHD, 18149
chromosome 22q11 deletions as marker for velo-cardio-facial syndrome & aggressive behavior, patients with schizophrenia, reply, 1870
clinical value of diagnostic trends on behavioral & electrophysiological tests, children with auditory processing deficits associated with learning difficulties, 35877
co-occurrence of attention deficit disorder & 1 or more learning disabilities, 34437
cognitive interview technique, information recall, 19–59 yr olds with learning disabilities, 30987
cognitive therapy for anxiety or depression or anger or sex offending, clients with learning disabilities , 21770
cognitive-behavioral intervention, inappropriate masturbation, 11 yr old boy with mild learning disabilities, 1 & 12 mo followups, 8785
collaborative participant role in research process, experimental Ss with learning disabilities, 13163
collaborative teaching model, consumer perspectives & satisfaction, students with vs without learning disabilities & their parents, 34457
community health services for people with learning disabilities following deinstitutionalization, 35216
computer support for basic writing skills, students with learning disabilities, 16006
concurrent validity of Kaufman Adolescent & Adult Intelligence Test, adolescents & preadolescents with central nervous system disorders & scholastic concerns, 3290
conditions of employment & distribution of activities in residential facilities for people with intellectual disabilities, direct-care staff (mean age 30.6), 28813
conscious & unconscious subjective experience of disability & role of social policies & structures & modern medicine in oppression, individuals with learning disabilities or sickle cell anemia, 34040
contribution of individual & environmental variables to sociometric-status-group differentiation, mainstreamed 8–12 yr olds with moderate learning difficulties, 9547
coping & usefulness & source of information concerning disability, parents of children with physical & learning disabilities, 27483
copying strategies, recall of Rey-Osterrieth Complex Figure, 9–13 yr olds with vs without learning disabilities, 37673
counting & error detection, 7–13 yr olds with severe learning disabilities , 37680
definition & diagnosis & assessment of learning disabilities & accommodations provided by postsecondary educational institutions, implications of Guckenberger v. Boston University case, 29035
delayed intermittent reinforcement & programming stimuli common to reinforcement conditions, maintenance of responding on math tasks, 4th graders with math deficits, 25810
dementia & decline in social & cognitive abilities with age, 35–63 yr old Ss with Down's syndrome vs 45–68 yr olds with non-Down's syndrome learning disabilities, 12 mo study, 37703
demographics & IQ & academic achievement & foreign & native language aptitude & course grades & GPA, 17–51 yr old learning disabled undergraduates making foreign language course substitutions, 29037
determination of special education eligibility through academic referral & testing & team decision, 2nd & 3rd & 4th grade students, 15994
development & use of instructionally relevant writing evaluation system, middle school students with learning problems, 12721
development of alcohol awareness course, alcohol knowledge & attitudes toward sensible drinking, adults with learning disabilities or mental retardation in medium security unit, 19121
difficulties & improvement of detection & diagnosis of psychiatric disorders, people with learning disabilities, 21402
direct advanced story map instruction, reading comprehension, 6th & 8th graders with learning disabilities, 19348
direct observation & self recordings & role play & provocation inventory & relaxation & cognitive techniques, anger & aggression, 28–58 yr old males with learning disabilities , 8762
discrepancy formulas in classifying children as learning disabled, urban African American children studied at age 8 & at age 12, longitudinal study, 16017
distinguishing serious from play fighting, children with learning disabilities, 34468
effect of race & disability & gender in sexual abuse on lived realities, Black children with learning disabilities, 24387
effectiveness of conceptual vs procedural instructional approach to teaching decimals, 8th & 9th graders in remedial mathematics, 16019
effectiveness of instruction for planning strategies to improve writing, 10.4–11.8 yr olds with learning disabilities, 9559
ethical concerns in accommodation of students with learning disabilities in higher education, commentary, 2965
ethical concerns in accommodation of students with learning disabilities in higher education , 2808
ethical concerns in accommodation of students with learning disabilities in higher education, commentary, 2975
ethical concerns in accommodation of students with learning disabilities in higher education, 2806
ethical concerns in accommodation of students with learning disabilities in higher education, commentary, 2962
ethical dilemmas in attempting historical research with learning disabled people, 15822

ethical dilemmas in process of research into life histories, 18–20 yr old women with learning difficulties, 15803
ethical implications of including lonely people as partners in research as revealed in author's experience of continued post-research contact with learning disabled Ss, 15802
ethical issues related to conducting research on sensitive topics with learning disabled people, 15815
executive factors & failure on false belief task, 6.5–19 yr olds with autism vs moderate learning disabilities, 34439
executive function/attention deficits,8.3–11.9 yr old males with Asperger syndrome vs attention disorder vs reading/writing disorder, 37640
facts & issues related to & implications of Guckenberger v. Boston University case decision regarding accommodations for students with learning disabilities, 29262
feminist perspective on effects of culture of normalization on & oppressive nature of sex education, females with learning difficulties, 34470
forced-choice personal questionnaire method vs pictorial version, assessment of consumer satisfaction with community service, 16–68 yr olds with learning disabilities, 30980
free recall of science text as test of reading comprehension, 6th & 8th graders with learning disabilities, 15996
functional analysis & non-aversive interventions, self injury, adult male with profound learning disability living in long-stay hospital, 8713
fundamentals in educational reform, students with learning problems, 38909
goal setting & strategy use, essay writing & self-efficacy, 12–15 yr old 7th–8th graders with writing & learning disabilities, 27957
handwriting vs word processing vs word prediction with speech synthesis remedial programs, legibility & correct spelling, 9–10 yr olds with severe spelling problems, 34465
head circumference & low head-circumference growth velocity in 1st year, learning & cognition & ADHD at school age, extremely-low-birthweight infants tested through age 6, 31077
health care needs, review of primary health care models, people with learning disabilities, 35182
immediate memory abilities, 6–13 yr olds with ADHD or undifferentiated attention deficit disorder with vs without learning disability in reading, 17261
importance of specific aspects of service provision, adults with mild or moderate learning disabilities or mental retardation, implications for health care quality & quality of life, 18922
individual & environmental service characteristics, 23–51 yr old patients with learning disabilities & challenging behavior maintained in the community vs experience of placement breakdown, 30978
individually tailored behavioral intervention for sleep problems, challenging daytime behavior, children with severe learning disabilities , 21006
inequalities between general & learning disabled populations, opportunities & choices to be physically active, 34466
information processing task, 9–13 yr old males with learning disabilities &/vs ADHD, 14823
instructional components & direct vs strategy vs combined strategy & direct vs nondirect & nonstrategy instructional models, prediction of effect sizes of treatment outcome, learning disabled students, 35553
integrated communication & health care exercise program, communication & social interaction skills, 20–40 yr olds with learning disabilities or mental retardation & challenging behaviors, 18959
integrated reading & writing approach to teaching compare–contrast text structure composition, students with & without learning disabilities , 12719
internal scale & person response validity & intrarater reliability of School Assessment of Motor & Process Skills, 3–7 yr olds with developmental or learning delays, 9540
intervention strategies, text anxiety & underachievement, college students with learning disabilities, 9553
intervention to promote regulatory strategies over a range of activities, 13–16 yr olds with moderate learning disabilities, 9554
introduction of learning disabilities psychiatric care, epilepsy health gain, 17–66 yr olds with epilepsy & learning disabilities, 1-yr followup, 31864
IQ & SES & life stressors & academic achievement, employment & educational attainment level & living arrangements, 28–35 yr olds with learning disabilities, 20 yr study, 16014
issues in ethics & international standards relating to genetic research, people with learning disabilities, 11708
knowledge about & attitudes toward writing process instruction approach, students in Grades 4–8 with learning &/or language disabilities, 35552
lengthened formant transition duration, behavioral & neurophysiological ability to discriminate stop-vowel syllables, school aged children with learning problems, 37672
life satisfaction for people with learning disabilities using day &/or residential services, survey, 34467
light therapy, 34 yr old male with sleep disorder & learning disability, 5693
links between genetically or chromosomally determined syndromes & behavioral phenotype, implications for research & clinical practice in field of learning disability , 21464
manipulative vs number sentencing mathematical representation, computer-aided word problem solving skills, children with learning problems (mean age 11.3 yrs), 38813
Maternal Perinatal Scale ability to predict & distinguish learning disabilities, 6–16 yr olds, 1869
midline crossing inhibition, 6–8 yr olds with learning disabilities, 18136
mnemonic & traditional instruction, recall of difficult to memorize multiplication facts, elementary & middle school students with learning disabilities, 35546
model of teaching argumentative writing & role of evidence, middle & high school students with & without learning disabilities , 12720
nature & characteristics of epilepsy & seizure type & EEG findings, 20–83 yr old community residents with learning disabilities, 24626
nature & process & consequences of & adaptation to genetic counseling, professionals & family members of children with learning disabilities or mental retardation, 18101
nature & treatment of epilepsy & current access to services & frequency of injuries sustained and hospital admission, adults with learning disabilities, 7988
new research paradigms, people with learning disabilities as Ss & co-researchers, 34464
number sense concept in mathematics instruction for students with mathematical disabilities, 19349
occupational therapy services, capacity to learn & engagement in work & play & leisure activities, individuals with learning disabilities, 9260
optimal colours of overlays & lenses & reading rate, patients attending specific learning difficulties clinic, 34743
perception of nonverbal social cues, 7–10 yr olds with Attention-Deficit Hyperactive Disorder with or without learning disability, 37627
perceptions & practices of parental & child desirability & feasibility of home reading & writing practices & facilitators & barriers of them, Hispanic parents of learning disabled 3rd–5th graders, 34463
perceptions of grouping formats in reading instruction, 3rd & 4th & 5th graders with & without learning disabilties, 15997
perceptions of staff & services, 34–52 yr olds with mild to moderate learning difficulties living in community-based residential settings, 30983
perceptions of training program, view of work environment, individuals with physical or intellectual disability, United Arab Emirates & Jordan, 17779
performance & critical competence factors, care management arrangements in learning disabled facilities, 28656
performance on Cognitive Assessment System, cognitive ability & verbal learning deficits, hospitalized male offenders (aged 15–17 yrs), 6651
performance on paired associate learning & contextual generalization tasks, learning disabled 9.5–11 yr olds, 5152
personal account of undertaking research involving people with learning difficulties in context of emerging emancipatory paradigm, 30990
physical abuse of persons with learning disabilities in residential facilities, how to recognize & report & manage abuse, 25485
policy changes leading up to & events of & expert testimony during & impact of Guckenberger v. Boston University case decision regarding accommodations for students with learning disabilities, 29255
practice & policy of identification of specific learning & reading difficulties, Scottish local authority psychological services, 16028
predictors of daytime arousal & attention, 16–51 yr olds with epilepsy plus severe learning disabilities, 18368
prescribing of stimulants for learning disabilities, psychiatrists, 38215
prevalence & presentation & etiology of polydipsia, 21–65 yr olds with learning disabilities, 11711
prevalence of neurological abnormalities & behavioral & learning problems, 4–13 yr old children with dextrotransposition of great arteries, 1995
prior history of & in-season concussion & presence of learning disability & cognitive functioning as determined by performance on neuropsychology test battery, male college football players, 37743
process writing & increase in self esteem, students with learning disabilities, 34443
professional & research bases for use of Arithmetic & Coding & Information & Digit Span subtests of Wechsler Intelligence tests toassess pupils with specific learning problems, commentary, 29421
professional & research bases for use of Arithmetic & Coding & Information & Digit Span subtests of Wechsler Intelligence testing series to identify & assess pupils with specific learning problems, 22915
psychological & social & educational challenges to management of people with learning disabilities & epilepsy, 34738
psychopathology & learning disabilities & WISC-III subtest scatter, year 9 & 10 students, 9888
psychosocial adjustment factors, learning disabled college students, 29034
quality of letters sent to general practitioners after their patients were seen in follow-up clinics, psychiatrists & individuals with learning disabilities, 32116
reasons for lack of interest in & inclusion of people with learning disabilities in psychological research & practice, UK , 21396
recruitment of teacher attention in inclusive education settings, middle school students with learning disabilities, 9539
reform in mathematics & remedial techniques, learning disabled children, 16000
relationship of learning difficulties & psychological problems & DSM-diagnosis both concurrently & longitudinally, 11–12 yr olds, 17772
reliability & classification accuracy of cognitive screening, test to identify children at risk for learning problems, kindergarten & prekindergarten children with vs without learning disabilities, 6668
research difficulties in determining reliable reading & learning disability prognoses, preschool children, 4 yr study, 1871
research involvement of people with learning disabilities, Bristol Self Advocacy Group, 34471
response to computer use, college students with vs without learning disabilities, 27959
scholastic competence & self concept, 9th–12th graders with learning disabilities, 16001
scope & nature & quality of residential service provision following deinsititutionalization, people with learning disabilities or mental retardation, United Kingdom, 19003
seizure frequency & prescription of medicines, adults (mean age 47 yrs) with epilepsy & learning disabilities, 12 yr follow-up, 8875
self efficacy beliefs & source of efficacy information & outcome expectations in career interests & development, adolescents with learning disabilities, 16012
self- vs teacher- & parent-rated social skill ratings & patterns of neuropsychological ability, 10–12 yr olds with vs without arithmetic disabilities , 27958
semantic inconsistency, sentence grammaticality judgments, language learning disabled vs typically developing 10–12.5 yr olds, 34527
services for students with learning disabilities, medical schools, US & Canada, 1991 vs 1997, 9546
shunt for congenital hydrocephalus in spina bifida vs aqueductal stenosis, neuropsychologic & adaptive functioning & presence of nonverbal learning disabilities observed in childhood, adults, 18824
similarities & differences of definition & eligibility criteria for services among state agencies serving adolescents & adults with learning disabilities, 34460
simplified cognitive behavioral approach to anger management in group setting, 27–64 yr olds with moderate to severe learning disabilities, 8796
simultaneous & successive cognitive processing, school-age children with nonverbal learning disabilities, 21394
social & learning experiences in higher education, university students with disabilities, 11706
sociopolitical & psychometric & other issues raised by Guckenberger v. Boston University case decision regarding accommodations for students with learning disabilities, commentary, 29261
special program accommodations & course substitutions for & identification of students with foreign language learning difficulties & implications for liberal undergraduate education, 28914
Strategic Content Learning approach to promotion of self-regulated learning, 19–48 yr old postsecondary students with learning disabilities, 9543
tenant facial features & degree of disability, perceptions of tenant's disturbed behavior, staff working in group homes for adults with learning disability, 38551
treatment components & effectiveness of community-based day treatment program, 7–12th graders with emotional and behavioral disorders or physical or learning disabilities, 38902
trends in use of antiepileptic drug polytherapy vs monotherapy, 20–83 yr olds with learning disabilities & epilepsy, 28417

tutorials, handwriting & spelling & composition skills, 9.7–10.9 yr olds with severe writing disabilities, 8 mo study, recommendation for remediation, 34455
university–school classroom partnership & continuous progress inclusion model & team collaboration for educational restructuring, students with language-learning disabilities, errata, 29036
university–school classroom partnership & continuous progress inclusion model & team collaboration for educational restructuring, students with language-learning disabilities, 22557
unresolved issues regarding & implications of National Collegiate Athletic Association's freshman academic eligibility requirements for students with disabilities, 28908
use of activity boxes, parents of .5–8 yr olds who are blind or deaf-blind or have severe learning disabilities & visual impairments, 25509
use of autobiographical approaches for self representation, people with learning disabilities, 17807
use of dictation & speech recognition as oral mode of text production as means of composing, learning disabled individuals, recommendations for teachers, 34456
use of Mental Health Act at tertiary assessment & treatment facility, individuals with learning disabilities, England, 30977
use of paraprofessionals in providing services to learning disability populations, 15092
use of R. L. Payne's occupational stress model to identify predictors of job satisfaction & burnout, direct care staff of community learning disability service, 9351
use of Wisconsin Card Sorting Test to measure developmental trends, 7–13 yr olds with learning disabilities, 5153
utility of Learning and Study Strategies Inventory, usage of learning & study strategies & performance anxiety, college students with learning disabilities, 22919
utility of Nonverbal Learning Disabilities syndrome model for characterizing neurocognitive & psychosocial outcomes, children with brain tumors, 5197

Learning Disabilities [See Also Dyslexia]—Books

Designing preschool interventions: A practitioner's guide, 35468
Developmental perspectives on children with high-incidence disabilities, 18137
Facing learning disabilities in the adult years: Understanding dyslexia, ADHD, assessment, intervention, and research, 34472
Falling in love, 14853
I can get through it, 2183
Interventions for students with learning disabilities: A meta-analysis of treatment outcomes, 22559
Learning disabilities and psychic conflict: A psychoanalytic casebook, 21835
Our labeled children: What every parent and teacher needs to know about learning disabilities, 34473
What reading research tells us about children with diverse learning needs: Bases and basics, 6262

Learning Disabilities [See Also Dyslexia]—Chapters

Andy's analysis, 21849
Assessing educational disabilities, 9744
Becky: Motive in her mindlessness: The discovery of autistic features in a learning disabled adolescent, 37655
Challenged bodies, wounded body images: Richard III and Hephaestus, 24119
Counseling and psychotherapy with children and adolescents with disabilities, 2189
Emergent literacy: Instructional and curricular basics and implications, 6185
Emergent Literacy: Research bases, 4455
Improvement of schoolchildren's reading and writing ability through the formation of linguistic awareness, 12727
Learning disabilities, 30995
Learning to read Chinese, 27012
Metacognition in writing, 19365
Metacognitive strategies: Instructional and curricular bases and implications, 6180
Metacognitive strategies: research bases, 6266
Ms. Ames' analysis, 21844
Pervasive developmental disorders and learning disorders, 1866
Phonological awareness: Instructional and curricular basics and implications, 6191
Phonological awareness: Research bases, 6268
Programmatic research in learning disabilities, 18155
Psychosocial correlates of learning disabilities, 27960
The self-concept and friendships of students with learning disabilities: A developmental perspective, 19364
Text organization: Research bases, 6267
Utility of current diagnostic categories for research and practice, 19362
Vocabulary acquisition: Instructional and curricular bases and implications, 6263
Vocabulary acquisition: Research bases, 6264
A Vygotskian critique of self-instructional training, 8031
W is for woman, 34858
Word recognition: Research bases, 6265

Learning Disorders [See Also Learning Disabilities, Reading Disabilities]—Serials

case presentation of 7.5 yr old Black male with delayed reading skills, commentary & reply, 37684
characteristics of & medical & educational interventions for nonverbal learning disorders, children, implications for nurses' role, 37678
classroom newspaper as method of encouraging writing & improving writing skills, reluctant writers with & without disabilities, 38884
copying strategies, recall of Rey-Osterrieth Complex Figure, 9–13 yr olds with vs without learning disabilities, 37673
factor analyses of Dutch version of K-ABC & WISC-R subtests, children (mean age 8.6 yrs) referred for learning disabilities, Netherlands, 6620
importance of matching motivation & capabilities in regular & remedial personalized classroom instruction, students with & without learning difficulties, 38908
intelligence & memory capacity & educational achievement vs personality variables, 18–27 yr old college students who access special needs for learning disabilities, 14850
phonologic processing abilities & reading, children with language-learning disorders, 8481
policy & research & practice issues in addressing barriers to learning & enhancing student achievement, students with learning difficulties, 38882
practice parameters for assessment & diagnosis & treatment of learning & language disorders, children & adolescents, 1384
reliability of Motor Observations with regards to Sensory Integration, assessment of 5–12 yr olds with developmental coordination disorder, 14833
role of integrated school–community resources in addressing barriers to development & learning & teaching, students with & without learning problems, 38883
solution oriented brief counseling intervention model to resolve problems, 16–18 yr olds with learning disorders, 4 wk followup, 2176
suffix productivity, derivational suffix use, 10–12.6 yr olds with vs without language learning disabilities, 11767
vocational rehabilitation, personal adjustment & vocational outcomes, 15–55 yr olds with specific learning disorder subtypes, 28790

Learning Disorders [See Also Learning Disabilities, Reading Disabilities]—Chapters

Leah's analysis, 21839
Learning and motor skills disorders, 17793
Review of the literature, 21837
The world of the so-called "learning disabled" student, 22560

Learning Rate—Serials

acute vs repeated pyridostigmine bromide, lever press response acquisition with immediate vs delayed reinforcement, male rats, implications for pretreatment against chemical warfare, 13827
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, 15208
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15203
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15199
intensive early behavioral intervention, predictive validity of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15192
keyword mnemonic, learning speed & immediate recall & long-term learning & retention of 2nd language vocabulary words, college students, reply, 26450
keyword mnemonic, learning speed & immediate recall & longterm learning & retention of 2nd language vocabulary words, college students, commentary, 275
online gradient descent learning from finite training sets, 3215
protein synthesis dependence & short term expression vs long term consolidation of conditioned taste aversion memory, male rats, 13403

Learning Strategies [See Also Mnemonic Learning, Observational Learning, Social Learning, Trial and Error Learning]—Serials

achievement goal orientations & use of learning strategies, college students, 32269
acquisition & transfer of Control of Variables Strategy, ability to design & evaluate unconfounded experiments & make valid inferences, 7–10 yr olds, 36736
analysis of technological problem-solving strategies, novice 7th grade dyads, 30196
auditory vs tactile study, performance, blind vs sighted college students, 15999
computer-based business & consumer projects, motivation & behavior & academic achievement, at risk secondary students, 25721
concept-oriented reading instruction, reading engagement, teachers & 3rd & 5th grade students, 15869
difficulty of initial training & acquisition & transfer of strategic processing skills & memory for processed stimuli during visual discrimination tasks, 18–25 yr olds , 32769
elaborative interrogation vs self study learning strategy & unfamiliarity vs familiarity with subject & individual vs paired study, learning & memory, 10-12 vs 14-16 yr olds vs college students, 32243
errorless learning approach to memory retraining, retention, memory-impaired schizophrenic patients, 11432
evaluation of multicomponent & behaviorally oriented problem- based learning summer school program, 13–19 yr olds with diabetes, 3 mo followup, 8812
experience-dependent integration of texture & motion cues to depth, Os, 36156
food motivation, behavioral learning strategies, ants, 29677
framework of interorganizational collective knowledge development in strategic alliances, 6328
generation of summaries vs diagrams during science text reading vs reading alone, understanding of concepts & spatial/static & causal/dynamic aspects of science domain, 5th graders, 12658
hippocampal lesions, acquisition of & strategies used to learn serial feature negative vs positive conditional vs nonconditional discriminations & activity levels & behavior, male rats, 20105
holistic vs analytic haptic learning of categories by size & shape & surface texture & weight attributes, 3–9 vs 18–40 yr olds, 36764
home computer access & computer course enrollment, success in applying computers as learning resource in prealgebra class, mathematically weak 9th graders, 2907
inactivation of prelimbic-infralimbic or dorsal anterior cingulate areas, strategy switching in spatial vs visual cued cheeseboard task, rats, 10446
influence of background or prior knowledge on intentional vs incidental concept learning tasks, college students, 32979
instruction in professional acting techniques followed by rehearsal & performance of theatrical scenes, recall & recognition, 65–82 yr olds, 30261
intelligence & learning behaviors & demographics, academic achievement outcomes, 6–17 yr olds, 38850
interest & learning strategies & characteristics of text, old vs young readers, 7611
intuition-analysis style & process-based & cognitive approaches to studying & validity of short form approaches & Studying Inventory, undergraduates, 32976
knowledge about reading & use & skill application of strategies in reading comprehension, 6–8 yr olds, 20485
knowledge acquisition & strategies & individual differences in reading hypertext, college students, 29536
Leap to Excellence Acceleration Program, learning outcomes, supervisors & student employees, 12679
learning & study strategies, female Singaporean 9th graders vs US 9th graders, 9465
learning style preferences, 55–65 vs 66–74 vs 75 yrs olds & older adults, 23823
learning styles & Big Five personality traits & achievement motivation, college students, 7883
lecture-based distance education supplemented by individual study vs interactive multimedia vs cooperative learning, knowledge of lecture material & enjoyment of experience, college students, 12647
mental vs written networking, recall, female college students, 6901
motivation & dimensionality of measurement instruments & student approaches to learning, Asian students, 36038
name vs sound vs visual learning conditions, reading words, 4.1–6.4 yr old preschool vs kindergarten children, 30195
organizational strategies, nonverbal memory impairment, Ss with obsessive-compulsive disorder (mean age 32.7 yrs), 17946
organizational strategy development on same–different task, 4 yr olds, 30156
overlapping waves model of strategy choice & change in learning to spell, 1st graders, 1 yr follow up, 17280
parental & teacher influence on development of mathematics strategies, parents & teachers & male vs female 1st graders, 12681
parity effect on product verification & strategy selection in arithmetic tasks, college students, 16646
patterns of change in strategies for solving mathematical equivalence problems, 3rd & 4th graders, 7371

peer-assisted learning strategies, literacy development & beliefs about reading, junior high school students in remedial & special education with reading difficulties, 35545
peer-assisted tutoring & learning strategies for preventing reading failure, 1st grade readers, 15884
perception of learning difficulty of task, item selection vs increase of self-regulated study time, undergraduates, 25784
performance & learning goal orientation, social loafing & social facilitation effects, college students, 37055
personal frameworks for science learning & cognitive engagement with peers during collaborative knowledge-building tasks in science classrooms, 8th graders, 9479
prior knowledge & learning strategies & goals & interest & conceptual understanding, 5th graders, 19290
problem-based learning vs traditional curricula, learning processes, medical students, 2771
Questioning the Author vs Great Book discussion strategies, & interpretation of complex literature, 6th & 7th graders, 38849
reading strategies & development in skills based vs whole language classes, low income 1st graders, 19297
revision strategies during computer-aided French composition writing, native English speaking college students, 22514
role of different cognitive strategies & cooperative learning in computer-supported environments, 9 & 10 yr old individuals vs paired dyads in optimistic vs pessimistic vs defensive conditions, 32259
self explanation vs elaborative interrogation, retention of scientific facts, college students, 2918
self-regulated learning during classroom writing & portfolio activities, 2nd & 3rd graders, 9488
self-reported use of cognitive study strategies, high school vs university students, 9536
sociocultural psychology & service-learning as teaching method for developing critical thinking, college students, 22442
statistical learning ability involved in word segmentation, learning of tone sequences, adults & 7.1–8.2 yr olds, 13953
story problems vs shopping tasks vs continuation of counting, use of counting-on strategy, primary school students, implications for development of additive composition of number, 9484
Strategic Content Learning approach to promotion of self-regulated learning, 19–48 yr old postsecondary students with learning disabilities, 9543
strategic vs nonstrategic learning, automatic & strategic retrieval of structure knowledge, college students, 13359
strategies used in print identification, 3.7–5.9 yr olds, 28968
stress & learning strategies & test anxiety & attributions, college students, 2910
student generated higher order questioning during instruction, comprehension, college students, 9473
students' learning activities & teacher regulation of students' learning & thinking & congruence & friction between these modes of control, implications for process-oriented teaching, 19316
teaching strategy & assignment design to establish good practices in citing & using Web-based resources, undergraduate students, 19266
text-based instructional materials enhanced with graphics for verbal & imagery cognitive styles for learning computer programming concepts, adult learners, 30181
theory of authenticity in learning environments, use of computational media support thickly authentic learning, 35491
use of errorless learning principles to teach face–name associations, 72 yr old male in early stages of Alzheimer's disease, 11879
use of examples during problem solving, students, 250
use of external memory aid, development of problem-solving routine, undergraduates, 23128
utility of Learning and Study Strategies Inventory, usage of learning & study strategies & performance anxiety, college students with learning disabilities, 22919
willingness to study & reading comprehension of static vs animated electronic documents, 19–59 yr old females, 29657
writing anxiety & learning styles, graduate students, 9487

Learning Style [See Cognitive Style]

Learning Theory—Serials

age & Piagetian & Neo-Piagetian vs Pascual-Leone's potential for learning & individual differences for prediction of academic performance, 7–10 yr olds, 6213
collateral learning theory as explanation for coping with disparate worldviews between everyday culture & science education, students, implications for science teaching, 32175
conjoint-recognition model with identity–similarity distinction & process-dissociation model with recollection–familiarity distinction & related dual-process conceptions of memory, 10177
implicit learning in 3D object & face recognition & temporal context, model, 19494
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16628
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16657
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16633
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, 16661
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16665
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16660
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16638
J. Dewey & C. S. Peirce's metaphoric abduction & induction & deduction & postmodernist explanations for the learning paradox, commentary, 16634
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19106
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19110
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19111
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19112
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary reply, 19107
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, 19108
nonassociative connectionist model of perceptual learning & effects of similarity & experience on discrimination learning, 23213
normative justification for information gain in P. C. Wason's optimal-data selection task, commentary reply, 10087
normative justification for information gain in P. C. Wason's optimal-data selection task, commentary, 10110
operant conditioning theoretical model based on short-term & long-term memory in single-choice & multiresponse learning, 10267
operational & behavioral & theoretical perspectives of conditioned inhibition, 13422
school-to-work transition & the learning theory perspective of career counseling, 25840
self organizing learning algorithm of T. Kohonen & use of linear Kalman filter algorithm training feature maps, performance of filter on toy problems & crab classification problem, 29242
synthesis of elemental & configural theories of processing systems & role of hippocampus & neuropsychology in learning theory, 23131
test of developmental situativity theory of logic learning using computer-based instruction tools, college students, 22469

Learning Theory—Books

Dynamic memory revisited, 36280
How people learn: Brain, mind, experience, and school, 28951
Learning: Nineteen scenarios from everyday life, 32984
Selected papers from the 10th International Conference on College Teaching and Learning, 25702
Systems that learn: An introduction to learning theory (2nd ed.), 16671
Wise up: The challenge of lifelong learning, 36279

Learning Theory—Chapters

Experimental sealed bid first price auctions with directly observed bid functions, 6931
The influence of instructional approaches on reading procedures, 15917
Learning and teaching phonological awareness, 15916
Learning theory and research, 24554
The processes of learning to identify words, 13988
Proficient word identification for comprehension, 14854
Reading comprehension processes, 13980

Least Squares—Serials

empirical fit as an indicator of theoretic fit & performance of maximum likelihood vs generalized least squares estimation in structural equation models, 16411
formula-based vs traditional empirical vs equal weights procedures, accuracy of population validity & cross-validity estimation, 19669
partial least squares, brain tomography & left hemispatial neglect, acute stroke patients with right hemisphere damage, 21573
training multilayer neural networks using global learning algorithm & least-squares & penalized optimization methods, 26024

Lebanon—Serials

historical analogy & definition of interests in Reagan administration's policy toward American hostages in Lebanon, 27214
Lebanon Wars & pre-war depression & stressors, prevalence of major depression during war, 18–65 yr olds, Lebanon, 8103

Lecture Method—Serials

CD-ROM vs lecture based instruction & instructor facilitation, course achievement & attitudes, college students in course on health professions, 6168
cognitive complexity of graphical representations during ecology lectures, professor & college students & scientists, 19263
lecture-based vs computer based courses, pre-test study time distributions, college students, implications for designing computer-based courses, 25742
listening to lecture & own vs provided notes & review, effect of working memory & verbal ability & prior knowledge on quality of lecture notes & summaries & lecture recall, college students, 25771
spontaneous production of figurative language & gesture during college lectures, male college professor, 35462
videotape feedback & lecture methods, intervention skills & alcohol-related knowledge & attitudes & interactional skills, final year medical students (mean ages 23 & 25 yrs old), 35410

Lecture Method—Chapters

Taking notes from lectures, 38854

Left Brain—Serials

activation of left hemisphere temporal & frontal cortices during sentence processing & working memory, 19–24 yr olds, 520
auditory evoked potential P300 asymmetry & amplitude in left hemisphere, adults with schizophrenia, 37368
automatic vs controlled processing, generation of semantic category meanings in right vs left cerebral hemispheres, Ss (mean age 25.6 yrs) , 29778
brain organization for language, 8–33 yr olds with early vs late onset of left-hemisphere lesion, 24834
disease & lesion characteristics, spatial characteristics of acoustic responses & right vs left hemisphere involvement, healthy 23–69 yr olds & 20–69 yr olds with cerebral cortex lesions, 18435
functional organization of activation patterns, healthy 9–12 yr olds vs 12-yr-old with left-hemisphere encephalomalacic lesion, 24784
general happiness & depression & anxiety & impulse control & socialization after right vs left temporal lobectomy, patients with epilepsy, 18352

left hand inferiority in performing matching to sample tasks involving letter & color recognition carried out in full vision, 82 yr old male with cerebrovascular accident in left hemisphere, 5376
left hemisphere perceptual matching deficit, 45 yr old male callostomy patient , 34630
left hemisphere specialization for linguistic specificity & signed languages, deaf persons , 34519
linguistic processing & experience, left hemisphere advantage for brief & spectrally complex oral click consonants, 18–35 yr old Zulu vs English language listeners, 10393
reorganization of verbal memory from to right hemisphere, 19 yr old female with severe left mesial temporal damage, 11945
right shift theory of handedness classification in humans & relation to left cerebral dominance, implications for dyslexia & schizophrenia & autism, 448
utility & validity of Judgment of Line Orientation Test & Facial Recognition Test, measurements for detection of unilateral cerebral hemisphere lesions, children with left vs right cerebral lesions, 19642
validity of Kaufman Short Neuropsychological Assessment Procedure, 45–79 yr olds with left vs right-hemisphere stroke, 8581

Left Brain—Books

Of two minds: The revolutionary science of dual-brain psychology, 4796

Left Brain—Chapters

Are we in our right minds?, 33271

Leg (Anatomy)—Serials

cortical vs peripheral silent period during leg muscle contraction, adults with primary restless leg syndrome, implications for etiological role of human biological rhythms, 37831
dopamine receptor agonist pergolide, 43–80 yr old patients with restless legs syndrome, 8886
leg autotomy, competitive ability & development, intact vs injured male spiders, 16819
manipulatory ability & limb movements during food handling, raccoons, 10420
occurrence of symptoms of restless leg syndrome & periodic leg movements during sleep during treatment with olanzapine, 41-yr-old male with residual-type schizophrenia, 38267
somatosensory vs auditory vs visual EPs & generalizability of sensory gating during unilateral passive movement of leg, 22–36 yr olds, 3446
virtual robot to model use of regenerated legs, web-building spiders, 10250

Legal Arrest—Serials

development of delinquency & criminogenic factors that predict violence into young adulthoood, arrested adolescent offenders, 7 yr study, 18114
impact of arrest on job stability, young White males, US, longitudinal study , 1827
level of growth in covert antisocial behavior, correlation between childhood measures of overt antisocial behavior & adult arrests, 4th graders, 8 yr study, 24450
pre- and post-1994 Georgia legislative waiver for trial as adult regardless of age, juvenile arrest rates for specified crimes, 3248
sociodemographic & clinical characteristics & substance abuse problems & lifetime criminal behavior & arrests, offenders supervised by psychiatric probation & parole service, 25571
volunteer experience, occurrence & timing of arrest in transition from adolescence to adulthood, 14 yr olds followed to 22 yrs of age, 37610

Legal Decisions—Serials

accuracy conflict in procedural vs legal motivations, correction in judgments, mock jurors, 13008
analysis of judicial outcome of special education court cases, 29258
analysis of psychological examinations & opposing expert testimony & effect of psychological parent theory in contested parental rights termination case, 19527
Bournewood court case of informal hospital admission, persons with mental disorders unable to consent to treatment or voluntary hospital admission, United Kingdom, 29259
case law development in use of restraint & seclusion, institutionalized patients with mental disabilities, implications for legal & mental health care professionals, 35814
case of legal liability by local education authority & educational psychologist for failure to diagnose dyslexia in 12 yr old student, 39083
decisions involving psychiatry & psychiatric patients, US Supreme Court, 1990s, 19524
definition & diagnosis & assessment of learning disabilities & accommodations provided by postsecondary educational institutions, implications of Guckenberger v. Boston University case, 29035
due process rights & admissibility of polygraphic evidence in military criminal Court Martial, 19532
empirical findings & legal decisions regarding expert testimony on fallibility & effects of stress & testifying with certainty in eyewitness testimony, 19514
facts & issues related to & implications of Guckenberger v. Boston University case decision regarding accommodations for students with learning disabilities, 29262
history of sentencing & current role of juvenile judges, children & minor delinquents, France, 22792
impact of Omnibus Budget Reconciliation Act of 1987 on psychiatric services in nursing homes & other long-term care settings , 9185
implications of Supreme Court of Canada's 1999 decision in Smith v. Jones concerning duty to warn, psychiatrists, 29248
law & a child's consent to mental health treatment in England & Wales, 34729
legal & clinical implications of case ruling on therapist negligence & duty to warn in homicide case, 25689
legal basis for amendments to Individuals with Disabilities Education Act & 4-step approach to determine supplementary aids & services for children with disabilities, 9545
legal differentiation of secular vs religious aspects of work & findings on breach of fiduciary duty in sexual misconduct, clergy counselors, 19516
liability for psychiatric injury & treatment of medical expert evidence in case of Vernon v. Bosley, England, 3220
litigant status & higher authority mandates & dispute context, federal district court fair housing decision making, 9739
memory distrust syndrome & possible case of source amnesia resulting in unreliable confession, male convicted of homicide who served 25 yrs in prison before conviction was overturned, 26056
Ohio Supreme Court decision concerning liability of therapists in matters of duty to warn potential victims of harm by individual under their care, 19194
perceptions of gender & work & life experiences in compensation payable for psychological disability linked to workplace stress, expert witnesses & decision makers, 16116
policy changes leading up to & events of & expert testimony during & impact of Guckenberger v. Boston University case decision regarding accommodations for students with learning disabilities, 29255
pre- and post-1994 Georgia legislative waiver for trial as adult regardless of age, juvenile arrest rates for specified crimes, 3248
psychotherapy & disclosure & court decisions in Canada & US, implications for mental health professionals, 6072
race, diversionary decision making at intake, juvenile courts, 15691
regional variation & contextual pressures & technical complexity of decisions, EPA's toxic substances enforcement, 3111
rhetorical hierarchy of race & gender & 'paradox of purity' in case of Rhinelander v. Rhinelander, 23619
role of case of Regina v. Swain in modern modification of Canadian insanity laws, 26055
role of criminal law & responsibility & treatment of children in the criminal justice system, United Kingdom, 38638
same-sex sexual harassment, implications of US Supreme Court decision in Oncale v. Sundowner Offshore Services Inc for forensic evaluation of plaintiffs, 19509
short-term impact of Jaffee v. Redmond & strategies for therapists to address concerns with confidentiality of therapist-patient communications, 35441
significant US cases & judicial decisions, individuals with multiple personality disorder, implications for issues of responsibility & individuality & punishment, 1464
sociopolitical & psychometric & other issues raised by Guckenberger v. Boston University case decision regarding accommodations for students with learning disabilities, commentary, 29261
Supreme Court interpretation & opinion regarding due process & involuntary commitment for mental illness in O'Connor v. Donaldson case, 19521
tort cases involving patient who impulsively hurt or killed someone & legal & ethical duties of mental health professionals, 6065
validity of MCMI & its revisions for Axis II disorders & ability to meet requirements for admissibility of scientific evidence established by Daubert v. Merrell Dow Pharmaceuticals Inc, meta analysis, 26118

Legal Decisions—Chapters

Food refusal, forced feeding and the law of England and Wales, 19143
Improving the law relating to postdivorce arrangements for children, 22791
A plea against compulsory treatment of anorexia nervosa patients, 19144

Legal Detention—Chapters

The police and the mentally disordered in the community, 37616

Legal Evidence [See Also Legal Testimony]—Serials

due process rights & admissibility of polygraphic evidence in military criminal Court Martial, 19532
effect of pretrial publicity on juror verdicts, 22799
error vs expectation based descriptions of evaluation of probabilistic DNA & other biological profile evidence, jurors , 22798
ethical & legal issues in forensic psychiatric assessment, 3219
evidentiary reliability of DSM-IV & professional ethics & strategy for cross-examination of mental health professionals using DSM-IV for expert testimony, forensic psychologists, 9876
juror gender & evidence quality, juror decisions in hostile work environment case, 18–57 yr old undergraduates, 22795
sex, perception of evidence in recovered memory civil trial, 20–63 yr old, community members serving as jurors, 32524
sociopolitical attitudes, judgments about legal relevance of social science research in death penalty cases, lawyers (mean age 25.39 yrs) & judges (mean age 55.56 yrs), 16265
strength of evidence & juror sex & attributions from sex stereotyping & judgments of work-related sex discrimination, college students, 20855
use of video cassette recorders during traffic stops for drunk driving, case dispositions & prosecution rates, drunk drivers, 12978

Legal Evidence [See Also Legal Testimony]—Books

Criminal profiling: An introduction to behavioral evidence analysis, 29281

Legal Interrogation—Serials

alcohol, interrogative suggestibility & mood states, 19–28 yr olds, 13014
awareness of police officer & suspect movements & suspect credibility during interview, college students & police officers, 13015
cognitive vs other interview techniques in investigation of eyewitness memory, 32518
factor analytic approach to types of interview tactics used to elicit confessions of serious crimes & likelihood of court ruling of inadmissibility, police officers, 39097
interrogative suggestibility & anxiety & drug/alcohol withdrawal & memory disturbance, coerced false confessions to robbery, 21 yr old male & 22 yr old female, 37507
interview type & witness credibility & interviewer manipulativeness, college students, 32516
investigative interview training, 35808
task demand training with vs without comprehension monitoring training, preparation for simple vs complex language questions in courtroom, preschool vs kindergarten vs 2nd-grade child witnesses, 39065
training in use of verbal & nonverbal cues, judgments of true vs false denials during criminal interrogation for mock crimes, college students, 35822
use & perceived forensic effectiveness of cognitive interview, police officers, 32558
use of cognitive interview with traumatized crime victims, police officers, 32520

Legal Liability (Professional) [See Professional Liability]

Legal Personnel [See Also Attorneys, Law Enforcement Personnel]—Serials

legal professionals' perceptions of mental health experts, 39064
pressure from legal authorities, treatment retention, clients in long term residential drug treatment facilities, 9749
role ambiguity & situational stress, paralegal interns, 6251

Legal Processes [See Also Adoption (Child), Child Custody, Child Visitation, Commitment (Psychiatric), Competency to Stand Trial, Criminal Justice, Forensic Evaluation, Guardianship, Insanity Defense, Law Enforcement, Legal Evidence, Legal Interrogation, Legal Testimony, Legislative Processes, Parole, Probation]—Serials

analysis of court rulings & policies & professional educational programs, individuals with disabilities , 19525
applications for & concerns regarding & reform of trial consulting, 16266
applications for & concerns regarding & reform of trial consulting, erratum, 22778
assessment of factors influencing comprehension of legal documents, adults, 16267
battered female service provision & interaction with legal system, battered females, 9172
British Mental Health Act of 1983 & legal determination of capacity to manage property & affairs, 18 yr old female who brought legal action after brain injury in traffic accident, 39080
characteristics & legal & treatment issues, offenders & victims of parricide , 24563

child & adolescent sexual abuse as risk factor for teen pregnancy & prosecution of predatory adult males & role of health care professionals with sexually abused teenage females & rape, comment, 11573
child & adolescent sexual abuse as risk factor for teen pregnancy & prosecution of predatory adult males & role of health care professionals with sexually abused teenage females & rape, comment, 11533
child & adolescent sexual abuse as risk factor for teen pregnancy & prosecution of predatory adult males & role of health care professionals in supporting sexually abused teenage females, 5018
child & adolescent sexual abuse as risk for teen pregnancy & consent ability & prosecution of predatory adult males & role of health care professionals with sexually abused teenage females, comment , 11521
child & adolescent sexual abuse as risk for teen pregnancy & prosecution of predatory adult males & role of health care professionals with sexually abused teenagers & consanguineous parentage, comment, 11572
civil Protection Orders, effectiveness in preventing recurrence of & risk factors for abuse, couples, 2 yr followup, 29284
client & cost–benefit assessment & strategy choices, attorneys defending socially & economically deprived mentally ill offenders in court, 6486
clinical & administrative & legal & empirical aspects of right to refuse mental health treatment, psychiatric patients, 19530
cognitive status & need for surrogate consent through durable power of attorney for involvement in clinical research, Alzheimer's disease inpatients (mean age 69.3 yrs), 21545
cognitive status & need for surrogate consent through durable power of attorney for involvement in clinical research, Alzheimer's disease inpatients (mean age 69.3 yrs), 21552
constitutional & judicial & legislative developments, implementation of gender equality & women's rights in Southern African countries, 39076
content & context & ambiguity of & legal issues concerning competence to stand trial & criminal responsibility, 26057
court diversion plan for community psychiatric & mental health care, mentally ill offenders, 6-mo followup, 39086
cultural & political & legal factors in & government & grassroot responses to domestic violence, Chile, 11547
damages awards suggested by plaintiff's &/vs defendant's expert economist & decision making regarding lost wages & benefits & pain & suffering in employment discrimination case, mock jurors , 19526
death row prisoners' competency tests & right to waive appeal, 39090
demographic & legal & clinical factors affecting length of stay on maximum security in forensic psychiatric hospital, male & female mentally ill patients adjucated as not criminally responsible, 35372
developmental stages in & multilevel phase related intervention model during divorce & dissolution of families with children, 32525
differences between accuracy of client's personal injury self report vs nonlitigating client's self report, psychotherapists conducting forensic examination, 26043
dress code in workplace & public school & human behavior, legal practices & legislative actions regarding sexual harassment & rape, US, 26040
dress, legal practices & legislative actions regarding sexual harassment & rape, US , 26039
effectiveness of supervised visitation center program, maintenance of relationship between noncustodial parents & adjudicated children, participating families, 6496
elimination lineup procedures as identification procedure for child eyewitnesses, 10–14 yr olds vs adults, 22797
emotion management in court, rape survivors, 16282
ethical & legal implications of having a home office & possible domestic violations of confidentiality of client psychological information, 38750
ethical & legal issues in duty to warn third parties of client's HIV+ status & related interventions, psychologists, 15817
ethical & legal issues in evaluation & treatment, juvenile sex offenders, 1703
ethics & legality to inform third parties of potential harm & doctor–patient confidentiality & informed consent, psychiatrists, Canada, 9374
experiences with & views of due process hearing system for special education, school psychologists, 12612
expert testimony of mental health personnel, child placement proceedings, children (aged 1–16 yrs) referred to forensic psychiatry team, 29257
feminist approach on utility of community of practice concept in discourse analysis of language used in date rape disciplinary tribunal, male & female tribunal members & female victims, 26903
foresight vs hindsight vs hindsight debiasing strategies in closing arguments, level of hindsight bias, college student mock jurors, 9742
guidelines for avoiding due process hearings resulting from parents' dissatisfaction with their disabled childrens' special education program, individualized education program teams, 3252
history of sentencing & current role of juvenile judges, children & minor delinquents, France, 22792
identification & frequency of insanity acquittals, 36 states, 1970–95, 29266
improper statements made by prosecutor in closing argument during penalty phase of capital trial, death penalty recommendations, jury-eligible college students & community members, 29277
incidence & prevalence of domestic violence & cultural & historical influences & legal issues & specific challenges to ending wife abuse, Russia, 11528
Individual Psychology perspective on working with & educating court-ordered & mandated parents, parent-group leaders , 21827
issues in & necessity for incorporating legal knowledge into clinical psychotherapy practice, US & UK, implications for training of psychotherapists in law, 32095
legal & clinical issues in & biopsychological roots of post-traumatic-induced polarization of perception of others as friends or allies, 23983
legal & ethical issues for school psychologists as expert witnesses, 19126
legal & ethical issues in treatment of patients with psychosis, health care personnel, 38655
legal & ethical issues related to confidentiality & exceptions to privacy promise, counselors working with minors, 2804
legal aspects & concerns & procedures for handling mentally retarded clients in criminal justice system, 6485
legal issues associated with antipsychotic-induced tardive dyskinesia, 25684
legal management of HIV-related stigma & relation to HIV-testing behavior & protective privacy laws & psychosocial factors related to stigma, 19522
legal perspective on third-party liability for negligence & duty to care for non-patient family members in cases of recovered memory of sexual abuse, therapists, 25681
legal procedures for sentencing men convicted of sexual offenses from therapeutic jurisprudence perspective, implications for sex offender treatment & recidivism rates, 35374
legal protection in civil commitment & involuntary admitted patients & patients' rights & availability of mental health care, 3230
legal protection in psychiatry through jurisprudence of European Commission of Human Rights, 3227
legal status of involuntary first psychiatric admission as predictor of legal status & number of future admissions, patients with schizophrenia, 9 yr followup, 32523
legal status of mandatory parent education, US, 22782
legislative changes that give access to psychiatric patient records, implications for informed consent & confidentiality in psychiatric treatment, 9373
medical & psychosocial & legal approach to enhance decision making in ethical dilemmas & right to die issues, 39077
monitoring of patient seclusion & restraint practices in psychiatric facilities, compliance with legal & clinical standards, patients, implications for mental health performance improvement processes, 5822
obtaining informed consent for major medical treatment via statutory Surrogate Decision-Making Committee program, mentally incompetent patients in New York state, US, 1986–96 , 19515
opinions on Equal Employment Opportunity Commission sexual harassment suit against Mitsubishi Motor Manufacturing of America, residents in Bloomington-Normal Illinois, 35806
outcomes of employment discrimination charges filed under the Americans with Disabilities Act, individuals with psychiatric disabilities vs persons with other disabilities, 32528
parental alienation syndrome in custody litigation & role of mediators, 39096
perceived judicial hostility to criminal trials, frequency & intensity of conflict with clients & prosecutors, public defenders, 22806
perceived risks & options & familial relational considerations, decision to sue, 18–49 yr old women who were sexually harassed, 32527
perception of success vs failure of victim integration into criminal justice system, law enforcement officers & judges & state's attorneys & probation officers, 29270
pimozide, 52 yr old male with litigious delusions, 25184
plaintiff's requested award value & geographical location & defendant's location, civil juror judgment of punitive damage award, jury-eligible 18–73 yr olds, 29256
pre- and post-1994 Georgia legislative waiver for trial as adult regardless of age, juvenile arrest rates for specified crimes, 3248
prosecution of gender-related crimes in Rwanda, 9722
proxemics & attorney invasion of witness space during trials, 26037
psychiatric & legal processes to determine capacity to give informed consent, 38 yr old noncompliant male patient with diabetes & tuberculosis , 6079
psycholegal scholarship's contribution to false consciousness about injustice, 16263
psychotherapist-patient confidentiality & testimonial privilege, 6083
reasons for review board's revocation of involuntary hospitalization certificates, case reports, 1987–1996, 22241
recommendations & ethical implications of formal outcomes assessments regarding utility of forensic neuropsychology in resolution of legal disputes, 9723
reported medical & legal & mental health resources available to rape victims, 22–65 yr old rape victim advocates, 5867
requisite intellectual ability & aptitudes & legal knowledge & psychological stability for self-representation in post-conviction litigation, 20–68 yr old male death row inmates, 32534
role of expert psychological testimony in case of disputed confession, male sentenced to life imprisonment for involvement in murder, 13009
role of mediation in family law system reform, 39095
same-sex sexual harassment, implications of US Supreme Court decision in Oncale v. Sundowner Offshore Services Inc for forensic evaluation of plaintiffs, 19509
sequential identification lineup vs alternative identification procedures with police officer vs witness controlling the identification pictures, false-positive choices, students, 22796
significant federal initiatives for funding in forensic social work & role & contribution of forensic social caseworkers in various settings, 31957
sources of eyewitness identification errors during lineups, 35825
stress of civil litigation, mental health & psychotherapeutic processes, psychotherapy patients, 25016
the values & morality & legalities & ethics that arise in parental responsibility & child custody & the resulting therapy, 38739
use of electronic communication in patient–physician relationship, sociohistorical & legal & ethical implications, 2803
use of knowledge in social work & legal practice & research, 2611
use of MCMI-III in child custody litigation, divorcing couples , 35900
value & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, commentary, 39072
value & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, 39079
value & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, commentary, 39082
value & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, commentary, 39073
value & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, commentary, 39078
values & theoretical & empirical & measurement & legal issues in child custody evaluations in divorce cases, commentary, 39075
victim impact statements, sentencing outcome & processes, legal professionals, 22793
victimization through allegations of failure to protect child witnesses of domestic violence, battered mothers, 21251

Legal Processes [See Also Adoption (Child), Child Custody, Child Visitation, Commitment (Psychiatric), Competency to Stand Trial, Criminal Justice, Forensic Evaluation, Guardianship, Insanity Defense, Law Enforcement, Legal Evidence, Legal Interrogation, Legal Testimony, Legislative Processes, Parole, Probation]—Books

Complex issues in child custody evaluations, 22790
Dangerous sex offenders: A task force report of the American Psychiatric Association, 25573
The essentials of California mental health law: A straightforward guide for clinicans of all disciplines, 3239
The handbook of forensic psychology (2nd ed.), 9726
The jury & the defense of insanity, 9754
Law & mental health professionals: New York supplement, 29253
Law and mental health professionals: Alabama, 13000
Law and mental health professionals: California supplement, 19517
Law and mental health professionals: Connecticut, 13001

Law and mental health professionals: Minnesota supplement , 19518
Legal and ethical dimensions for mental health professionals, 22386
Mandated reporting of suspected child abuse: Ethics, law, & policy (2nd ed.), 39093
Mass communication law and ethics (2nd ed.), 10725
The MMPI, MMPI-2 & MMPI-A in court: A practical guide for expert witnesses and attorneys (2nd ed.), 32547
Out of hearing: Representing children in care proceedings, 14716
Psychology and law: The state of the discipline, 35809
Psychopharmacology and psychotherapy: A collaborative approach, 24930
Treating eating disorders: Ethical, legal and personal issues, 19142
Legal Processes [See Also Adoption (Child), Child Custody, Child Visitation, Commitment (Psychiatric), Competency to Stand Trial, Criminal Justice, Forensic Evaluation, Guardianship, Insanity Defense, Law Enforcement, Legal Evidence, Legal Interrogation, Legal Testimony, Legislative Processes, Parole, Probation]—Chapters
Addiction psychiatry and the law, 6482
Assessing educational disabilities, 9744
The assessment of criminal responsibility: Current controversies, 9757
Beginning an intervention in clergy sexual abuse, 37985
Children and the law, 22781
Chronic pain on trial: The influence of litigation and compensation on chronic pain syndromes, 8533
Civil competency, 9746
Compulsory treatment of anorexia nervosa patients, 19208
Control and compassion: The uncertain role of Mental Health Review Tribunals in the management of the mentally ill, 39069

Legal Psychology [See Forensic Psychology]
Legal Testimony [See Also Expert Testimony]—Serials
characteristics of legal trial involving repressed memory of child sexual assault, perception of repressed memory recall accuracy & verdict decision making, male vs female mock jurors, 19535
consistency & accuracy of eyewitness testimony, 18–53 yr old college students, 29623
court admission & omission of hypnotically refreshed witness testimony, Constitutional rights, defendants, 19512
development of strategy for testifying at Congressional hearing on tobacco settlement, 26038
effectiveness of closed circuit television for child witness testimony, 35820
empirical findings & legal decisions regarding expert testimony on fallibility & effects of stress & testifying with certainty in eyewitness testimony, 19514
evaluation of Child Witness Pack materials & pack's practical utility, teachers & educational psychologists & other carers supporting children & young people who have to attend court, 23650
investigative interview training, 35808
lay perspective on knowledge of accuracy of eyewitness testimony, jury-eligible college students, 12999
neurologic & neurophysiologic & neuropsychological & biochemical diagnostic tests to assess effects of exposure to chemical neurotoxins, neurologists, implications for deposition or testimony, 22306
reactions to testimony involving claims of repressed memory & effects of victim age & reporting delay in victim believability, case involving child sexual assault, mock jurors, 22783
reasons for & psychosocial factors in apathy & nonintervention, courtroom testimony of witnesses to events leading to homicide of 2-yr-old J. Bulger by 10-yr-old boys, 39088
stereotypes & testimony of elderly victim/witnesses, juror decisions, 18–91 yr old jury-eligible college students &/vs community members, 29276
training program effectiveness for interviewing child witnesses, 18–53 yr old interviewers, 22780
transactional aspects of human memory in mediating interpersonal relations, implications for legal testimony, 39060
understanding of truth vs lies & competence to take oath on witness stand in court, 4–7 yr olds, 13947
use of alleged sighting of John Doe 2 to examine possible errors of eyewitness identification in trials of Timothy McVeigh & Terry Nichols in 1995 Oklahoma City bombing, 26058
validity of MCMI & its revisions for Axis II disorders & ability to meet requirements for admissibility of scientific evidence established by Daubert v. Merrell Dow Pharmaceuticals Inc, meta analysis, 26118
Legal Testimony [See Also Expert Testimony]—Chapters
Forensic assessment of traumatized adults, 8231
Witnesses to crime: social and cognitive factors governing the validity of people's reports, 35832
Legibility [See Also Handwriting Legibility]—Serials
age & luminance, print legibility in homes & offices & public places, 20–89 yr olds, 26931
Legibility (Handwriting) [See Handwriting Legibility]
Legislative Processes—Serials
analysis of court rulings & policies & professional educational programs, individuals with disabilities , 19525
conflicts in construction of gay/lesbian identity & related legislative & civil rights issues, 22788
intervention strategies & legislative changes & rehabilitation, sexually &/or physically aggressive patients/inmates, 32072
issues in & recent legislation regarding confidentiality of medical information in relation to electronic media, 15479
legislative action & advocacy in passage of Ryan White CARE Act of 1990, social workers, 12450
need for mandatory legislation to enhance services, people with disabilities, Nigeria, 18911
Legislative Processes—Chapters
Challenges to inclusive education: A European perspective, 2978
Vocational preparation and employment options for adults with disabilities: An international perspective, 24620
Leisure Time—Serials
after-school activities & relation to child & family & contextual variables & adjustment over time, African American vs White 3rd graders from low-income urban households, 2 yr study, 20597
allocation of social time to self & family & friends & pets & income level & well-being, male & female community dwelling 35–55 yr olds, 37169
amount of leisure time spent with spouses as indicator of household behavior, spouses from religious vs nonreligious Jewish households, Israel, 7639
behavior & level of subjective stress & objective strain during work vs leisure time, blue vs white collar workers (mean ages 50 & 51 yrs), 22617
cultural participation & other free time activities, heavy vs light users vs nonusers of personal computers, 17685
development & validity of Adolescent Leisure Time Activity Scale (ATLAS), assessment of relationship between leisure activity type & delinquent behavior, low SES Mexican-American adolescents, 19582
effectiveness of constant time delay procedure in teaching leisure skills, 19.9–21.8 yr old male rural public school students with severe or profound developmental disabilities, 38912
expectations for retirement & relationship with gender & current work attitudes & leisure experiences, personnel (aged 40 yrs & older), 16105
feminist approach to impact of leisure on experiences of menopause & midlife, female 47–52 yr olds, 36710
individual differences in orientation toward intrinsic motivation in leisure behavior & life satisfaction, retired 57–92 yr olds, 7602
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, 37695
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary, 37693
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary, 37697
intrapersonal & interpersonal & structural descriptive categories in hierarchical model of leisure constraints, 58 males & 60 females (age 34–80 yrs old) with mental retardation, commentary reply, 37694
leisure & non-leisure time physical activity patterns, 25 yr old & older Chippewa & Menominee Indians, implications for improving physical & psychological well-being, 38448
leisure activity type & social skills & positivity, satisfaction & maintenance potential of joint leisure time, romantic vs friend adult dyads, 1224
leisure behavior pattern stability & change during the transition from adolescence to young adulthood, high school seniors with mean age 18 yrs, 3 yr study, 14036
leisure options, frequency of spontaneous communication & communication development, 4 yr old male with neurofibromatosis & multiple other disabilities, 11779
marital satisfaction & depression & anxiety & leisure time, married missionaries experiencing stress of cross-cultural adjustment, 27133
Mundo Maya government project to promote international tourism in Maya zone, impact on cultural landscape & survival, Yucatec Maya, Mexico, 36934
prior leisure preferences & current wandering behavior, 64–94 yr old patients with dementia, 8677
recess, class working & fidgeting & listlessness, 4th graders, 9520
recreation & activity social support programs to increase leisure opportunities, caregivers, implications for activity specialists, 18972
relation between leisure & career development, college freshmen (mean age 18 yrs), 3045
relationship between olfactory stimulus & leisure memory via stage of life cycle, 55–84 yr old females, 16461
sociodemographic variables, leisure participation & satisfaction & life satisfaction, 65–98 yr olds, 14086
VCR use as leisure activity, 18–81 yr olds, 3145
Leisure Time—Books
Leisure experiences and human development: A dialectical interpretation, 25973
Leisure Time—Chapters
Adjusting to role loss and leisure in later life, 30269
Children, advertising, and the Internet: An exploratory study, 17210
Leisure and persons with developmental disabilities: Empowering self-determination through inclusion, 24616
Time use by adolescents in an international perspective. I: The case of leisure activities, 10905
Work, leisure, and retirement, 17426
Leiter Adult Intelligence Scale [See Intelligence Measures]
Lemniscal System—Serials
trigeminal neuralgia triggered by auditory stimuli to right ear & pathophysiological mechanisms, 27 yr old male with multiple sclerosis, 31241
Lemurs—Serials
food presentation method & cage vs naturalistic island captive environment, harvesting & feeding behavior, captive-bred lemurs, 6983
fostering by related adult pair, alloparental & infant behavior & infant weight growth rates, adult & abandoned twin infant black & white ruffed lemurs, 16824
seasonal shifts & day length & climate, food availability & intake & activity patterns that are evenly nocturnal & diurnal, mongoose lemurs, 19977
Length of Stay [See Treatment Duration]
Lesbian Parents [See Homosexual Parents]
Lesbianism—Serials
attitudes toward heterosexuals, 18–25 yr old homosexuals, 17530
behavioral & morphological & hormonal correlates of lesbian butch vs femme erotic role identification, lesbian & heterosexual women, 20793
cognitive-environmental model on understanding unprotected sexual behaviors, gay vs lesbian vs bisexual 14–21 yr olds, 17527
conflicts in construction of gay/lesbian identity & related legislative & civil rights issues, 22788
corporate culture of gay & lesbian congregation, church members & leaders, 4579

drinking patterns & prevalence in gay & lesbian community, Swedish Ss, 37033
fusion & conflict in relationships, 21–40 yr old lesbian couples, 20789
health concerns & parenting & family structure & relationship & time management & discrimination issues, 26–51 yr old lesbian mothers & co-mothers of children conceived by donor insemination, 30273
health related behavior & cancer screening, 17–55+ yr old lesbians, 25364
historical & other factors influencing identity development & experience, 23–79 yr old self-identified lesbian social drinkers, 30364
internalization of sociocultural norms & body image, 18–58 yr old heterosexual vs lesbian females, 1168
interpersonal violence in lesbian & gay relationships, 24390
intersection of history & generations & life course, identity, 65+ yr old gay & lesbian individuals, 30366
issues in psychotherapy literature & practice & affirmative psychotherapy, lesbian & gay male clients, 15147
lesbian & gay collective identity as class-inflected process, US, 30368
lesbian & gay male sexuality in family therapy theory & practice, 12096
masculine vs feminine vs androgynous body image & social group affiliation, 18–55 yr old lesbian & bisexual females, 11073
need for cultural & historical diversity & subjectivity in psychoanalytic conceptions of sexuality for lesbians & heterosexual females , 4803
overt vs covert homosexuality & family relations & demographics & level of family health caregiving & child care duties, 17–81 yr old homosexual men vs lesbians, 15558
patterns of psychotherapy use, 19–81 yr old lesbians & gay men & bisexuals , 18528
perceived social support, gay & lesbian & bisexual 14–22 yr olds, 17525
perceived stigma & self-esteem & moderating effects of coping skills & disclosure of mother's sexual orientation, 11–18 yr olds with lesbian mothers, 23765
perceptions of stigmatization experienced by children of divorced lesbian mothers with vs without live-in partner, college students, implications for child custody determinations, 17523
perspectives on issues for gay & lesbian & bisexual children, early child development professionals, 13998
prevalence of harassment due to sexual orientation during medical school education & graduate medical practice, 30–70 yr old lesbian & heterosexual female physicians, 37014
prevalence of resistance relating across sexuality, heterosexual vs homosexual African American professional women, 7736
psychosocial & other factors influencing decisions to report sexuality-related violence to police, lesbians & gay & bisexual adults, 21257
rationale & recommendation for proposed Lesbian & Gay Psychology Section in British Psychological Society, comment, 11070
relationship maintenance behavior, gay & lesbian couples, 7795
relationship quality & outcomes, gay vs lesbian cohabitating vs heterosexual married couples, 5 yr study, 4615
risk factors for breast cancer & screening adherence, lesbian & bisexual females 40 yrs old & older, 1992
risk factors of suicide, gay & lesbian youths who committed or attempted suicide, 37500
sampling issues related to health-related research with lesbians, 20788
sexual & relationship experiences, lesbian survivors of male perpetrated childhood sexual abuse, 14672
sexual coercion, lesbian & gay couples, 24476
sexual identity construction & reconstruction, lesbian members of Exodus International ex-gay ministries, 27250
sexual orientation & years out & disclosure & sexual experience & community participation, lesbians , 37021
sexuality & social attitudes as correlates of perceived erotic value of & attitudes toward lesbianism, 17–33 yr old heterosexual college males, 30369
social expectations & morality of sexuality & appearance for lesbian women, 37022
strategies employed by lesbian birth mothers & comothers to gain acceptance for their marginal–mainstream identities in family networks, 30358
stress & stress management strategies, lesbian vs heterosexual females (aged 19–67 yrs), 31819
suggestions for understanding diversity & promoting tolerance toward lesbian & gay & bisexual students in secondary schools, 25844
tendencies of social distancing from lesbians & effect on expression of sexist beliefs & self-identification as a feminist, heterosexual females , 14280
travel & trip characteristics & expenditures & visibility & perceived host area reception, gay & lesbian Memorial Day tourists on beach in Florida, 33840
use of alcohol by lesbians, 1192
willingness to engage in interpersonal relationship with lesbian or child of gay parent, heterosexual college students, 20791

Lesbianism—Books

The Columbia reader on lesbians and gay men in media, society, and politics, 33844
Queer theory in education, 4684
Treating lesbians and bisexual women: Challenges and strategies for health professionals, 11994

Lesbianism—Chapters

The constraints of innovation: Commitment and stability among same-sex couples, 37031
Constructing knowledge: Educational research and gay and lesbian studies, 6114
Democratizing Internet access in the lesbian, gay, and bisexual communities, 4688
Experiences of coming out among gay and lesbian youth: Adolescents alone?, 30200
Fantasizing women in the Women's Studies classroom: Toward a symptomatic reading of negation, 4670
From the ridiculous to the sublime: On finding oneself in educational research, 4687
Gay men, lesbians, and bisexuals, 34385
A generational and theoretical analysis of culture and male (homo)sexuality, 4692
Lesbians on the frontline: Battling AIDS, gays, and the myth of the community, 7728
Qualitative methods for an outsider looking in: Lesbian women and body image, 22966
Reflexivity in qualitative analysis: Toward an understanding of resiliency among older parents with adult gay children, 30328
Same-sex romantic attachment, 20474
Sex, dating, passionate friendships, and romance: Intimate peer relations among lesbian, gay, and bisexual adolescents, 36846
Sexing the tomboy, 23807
Who am I? Gay identity and a democratic politics of the self., 4686

Lesions [See Also Brain Lesions, Neural Lesions]—Serials

bilateral auditory cortex ablation, differential conditioning to pure vs linear frequency-modulated tones, male gerbils , 33074
cytotoxic lesions of anterior thalamic nuclei, behavioral tests that tax spatial or recognition memory, male rats, 6979
mental functioning, 6–62 yr old patients with arteriovenous malformations of the cingulate gyrus, 8612
overtraining, impact of neurotoxic basolateral amygdala lesions, on Pavlovian fear conditions, male rats, 36435
prostacyclin analog beraprost, stress induced expression of immediate early genes & gastric mucosal erosion in stomach, male rats, 23472
pseudoakathisia in a 14-yr old female with a tumor involving caudate nucleus & globus pallidus & anterior hypothalamus & periventricular frontal parenchymal , 5329
septal lesions, song & courtship & aggression, male colonial zebra finches & territorial field sparrows, 7047
septal lesions, song & courtship & aggression, male colonial zebra finches & territorial field sparrows, erratum, 20102
spatial orientation, attention, rats with selective cholinergic lesions of basal forebrain, 36404
stimulation parameters & lesion conditions for plasticity in tentacle withdrawal reflex & behavior change, habituation &/vs sensitization, snails , 33077

Lesson Plans—Serials

use of ethnicity in lesson planning & implementation, female Mexican-American student teachers, 32198
views & practices toward lesson planning, secondary school science teachers, 19265

Lesson Plans—Chapters

The art of lesson preparation, 38772
Content: Still in question, 38771
Didaktik analysis as the core of preparation of instruction, 38767
Klafki's Didaktik analysis as a conceptual framework for research on teaching, 38764
Klafki's model of Didaktik analysis and lesson planning in teacher education, 38784
Oral and written communication for promoting mathematical understanding: Teaching examples from grade 3, 38773

Letters (Alphabet) [See Also Consonants, Vowels]—Serials

assessment of reading difficulties & dyslexia using letter-sound knowledge & alphabetic processing & logographic sight vocabulary as indicators, 6.7–12.1 yr olds with reading difficulties, 37683
automobile license plate alphanumeric codes & exposure time & readability & memorizability & reproducibility, male college students & field participants, Saudi Arabia, 29619
bidirectional relations of phonological sensitivity & prereading abilities, 4 & 5 yr olds, 1-yr study, 6198
cortical evoked potentials during visual imagery of letters vs during detection of intervening tones, healthy Ss, 23400
effectiveness of Touch Window vs mouse with enlarged on-screen arrow for on-screen letter-matching task, 9 yr old male with spastic quadriplegic cerebral palsy & visual & cognitive deficits, 15005
functional cerebral lateralization during face recognition & letter identification, 46–73 yr old hypogonadal males, 28054
knowledge about the letters in their own names, Australian first graders vs US preschoolers vs US kindergartners , 4449
lateral-masking flanker types & target eccentricity & spacing, recognition performance for target letter embedded in character string, 22–33 yr old Os, test of feature interaction account of vision, 10034
letter-naming task with threatening & nonthreatening word conditions, blocked vs mixed presentation effects & order effects & hemispheric facilitation, right-handed 19–28 yr olds, 20157
memory representation of alphabetic position & interletter distance estimations & comparative judgments of alphabetic order, college students, 16643
neuropsychological test norms for letter & category fluency based on age & education & ethnicity, 20–101 yr old Whites vs African Americans, 23092
number of letters masked vs size of mask in simulated scotomas, reading rates & eye movements, 22–44 yr olds, 16483
phonological & letter & memory task performance, prediction of reading disabilities, kindergartners, 1 yr study, 17275
practice, opportunistic stopping & priming of intermediate steps on alphabet arithmetic problems, college students, 10152
prelexical & nonspatial impaired encoding of abstract letter order & single word reading, female 47 yr old with severe acquired alexia after cerebral infarction, 34521
proactive vs retroactive demonstrations of signed alphabet, learning of signed letters, adults, 13358
rapid naming & reading & phonological awareness & recognition of letters during quick spell test, 2nd & 3rd graders, 10761
right hemisphere advantage vs right to left reading habits, visuospatial search as seen in cancellation performance, native readers of Aramaic or Arabic, 19725
short trains of transcranial magnetic stimulation over left or right dorsolateral prefrontal cortex or medial frontal cortex, random letter generation, healthy 29–39 yr olds, 10421
single pulse transcranial magnetic stimulation over occipital lobe, timing of visual processing in circumstriate visual cortex during forced-choice visual letter identification task, 22–32 yr olds , 10403
spatial pattern of omission errors on random-array letter cancellation task, 18–27 vs 60–83 yr olds, 10773
symbols vs letters & identity & position, orthographic priming, human Ss, 23042
time course of spatial attentional focusing during identification of pairs of spatially overlapping or neighboring letters at various locations around central fixation, 23158
visual selective attention & linguistic performance in letter cancellation task, 11–12 yr olds, 858

Leucine—Serials

sustained high serum postnatal concentrations of leucine, behavior, adult rats, test of chemically induced model of hyperleucinemia, 33385

Leucocytes [See Also Lymphocytes]—Serials

altered leukocyte differentiation antigen expression in conditioned humoral immune suppression, female mice, 3890
diagnostic tool for differentiation between stress & infection/inflammation related leukocytosis, 12–93 yr old emergency room patients, 31875
differences in leukocyte invasion, male vs female mice with injured murine skeletal muscles, 23431
familial leukodystrophy & adult onset dementia & abnormal glycolipid storage indicative of new lysosomal disease, 37 & 38 yr old brother & sister with early onset dementia, 5405
leukocyte & lymphocyte status, male Vietnam veterans with vs without PTSD &/or depression, 20 yrs post military service, 22683
lithium &/vs antipsychotic medication alone vs combination therapy, leukocyte & granulocyte & lymphocyte counts, 20–92 yr old psychiatric patients in long-stay psychiatric hospital, 21935
lithium with or without haloperidol, mononuclear leukocyte $Galpha_{is}$ protein levels, patients with affective bipolar disorder (aged 26–68 yrs), 25179
nerve growth factor, thermal hyperalgesia & neutrophil accumulation, rats, 628

Leukemias—Serials
alteration of memory of previous lumbar punctures, anticipation & procedural distress during subsequent punctures, 3–18 yr olds with leukemia, 1 wk followup, 28590
chemotherapy with vs without cranial radiation therapy, attention functioning, 9.6–14.75 yr old survivors of childhood leukemia, 12334
intellectual & academic functioning, 6–16 yr olds with cancer treated with vs without central nervous system-prophylactic chemotherapy, 4 yr follow-up , 38395
publicized cases of physician assisted death, subsequent physician assisted mortality levels, accident/coma & leukemia patients, 21259
Leukemias—Chapters
Chiidhood cancer and the family: Case of Tim, age 6, and follow-up at age 15, 34841
Psychosocial aspects of neurological impairments in children, 28223
Leukocytes [See Leucocytes]
Leukotomy [See Psychosurgery]
Levodopa—Serials
carbidopa, L-dopa plasma levels & time course & frontal components of somatosensory evoked potentials & motor performance, patients with Parkinson's disease, 38325
dextromethorphan vs L-dopa/carbidopa vs SK 77434, motor coordination, Lurcher mutant mice with genetically determined cerebellar ataxia, 26856
dose response profiles for antiparkinsonian & dyskinesiogenic effects of levodopa, 45–77 yr olds with Parkinson's disease, commentary & commentary reply, 5356
efficacy & side effects of levodopa & other dopaminergic & neuroprotective drug therapies & surgery options for Parkinson's disease patients, 31795
freezing of time as symptom of Parkinson's disease & use of levodopa for treatment, 68 yr old female, 38280
high-dose iv levodopa infusion & visual hallucinations, nondemented Parkinson's disease patients (mean age 69.4 yrs), commentary, 12323
high-dose iv levodopa infusion & visual hallucinations, nondemented Parkinson's disease patients (mean age 69.4 yrs), commentary reply, 12327
L-dopa with benserazide, drug-induced parkinsonism & tardive dystonia, 60 yr old female with chronic paranoid schizophrenia, 5649
latency & magnitude & duration of long-duration response to levodopa administered at different interdose intervals, patients with Parkinson's disease , 31809
levodopa, actions at nociceptive vs non-nociceptive spinal afferent pathways, decapitated cats, 4264
levodopa, stuttering, 44 yr old male with developmental stuttering & Parkinson's disease, 28392
neuroprotection with selegiline or vitamin E & neurorestoration as alternatives to levodopa treatment of Parkinson's disease, 5752
neurotoxic effects of amphetamine & L-DOPA, male mice, animal model of Parkinson's disease, 23556
NMDA receptor antagonist MK-801 &/vs levodopa, air stepping & gait coordination, developing 5–20 day old rats, 26815
SIB-1508Y & levodopa & chronic low-dose of 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, performance on visual memory task, monkeys, implications for Parkinson's disease, 33483
Lexical Access [See Also Lexical Decision]—Serials
acquisition of knowledge of sublexical print & sound correspondences from reading experience, 6–7-yr-olds, 20525
asymmetry in & effects of item attributes on lexical processing & conceptual memory, proficient Chinese–English bilinguals, 223
availability of syntactic information regarding words which could not be sound retrieved, college students in tip of tongue state & 31 yr old brain damaged male speaker in anomic state, 24854
base-word frequency, pseudohomophone naming latency, college students, 6838
cognitive processing computation of semantic operations with vs without expected syntactic processes & combination of lexical items in sentences, undergraduates, 23630
cortical language functions of lexical access & semantics, patients with thalamic lesions, 28140
cross-modal naming, RT to & accessing & processing of & integration into implicit agent information in lexical representation of sentences with passive vs intransitive verbs, college students, 29580
cross-modal semantic priming paradigm & initial vs final position embeddedness, word recognition & RT & lexical activation & decision, native French-speaking college students, 29566
cued activation of attachment relational schemas during lexical decisions on stimuli that represented if-then contingencies if interpersonal acceptance & rejection, college students, 30392
damage to semantic component & sublexical phoneme–grapheme but not grapheme–phoneme conversion processes, naming tasks using spoken & written responses, brain damaged male 75 yr old, 34523
deficits in semantic & lexical processing after brain damage & implications for models of normal language processing, 18422
dimensions of lexical access & cross-language evidence from morphemic & morphological categories in support of dual-listing model of lexical representation, 29608
distractor words & picture naming of objects with homophonic names, semantic & phonological information flow in lexical access, adult speakers, 10092
distributional analysis of Oxford English Dictionary to investigate mental lexicon structure & suffix morphology in relation to lexical access, 29533
divided visual field & time course & context, lexical retrieval of semantic features of unambiguous nouns in cerebral hemispheres, college students, 23125
dual system vs single-system theories of capacities of mental lexicon of words & rules of grammar, undergraduates, 10147
dual-route approach to word presentation in naming case alternated task, college students, 16585
emotional vs nonemotional lexical perception, patients with right brain damage (mean age 67.1 yrs) vs left brain damage (mean age 63.2 yrs), 37821
ERP scalp distribution during visual lexical processing of open & closed class words, college students, 23374
frequency effects & representations for inflectional morphology in lexical access & access of whole words & competition between access modes, undergraduate students, 10695
grammatical gender, lexical access in Russian, 18–23 yr olds, 36661
high vs low frequency words vs nonwords, effect of inhibition of return on lexical access, college students, 10183
iconic gesturing, lexical access & search for & retrieval of rare words in tip of the tongue phenomenon, college students, 10173
inadvertent use of prior knowledge in generation of novel nonwords, adults, 10120
inflection & 2 morphological levels of word affix attachment, lexica access & word recognition, college students, 29605
insufficient activation or increased inhibition & common or separate lexicons, tip-of-the-tongue phenomenon, 20–35 yr old bilingual Farsi & English speakers, 16629
interaction of lexical & sublexical routes of reading of words vs nonwords with 1 vs 2 pronunciations, French-speaking undergraduates, 26396
language encoding & partial activation of irrelevant lexicon & eye movements to distractor objects, bilingual speakers of English & Russian, 23152
learned associations based on lexical co-occurrence, sentence production, aphasic speakers, 8636
level of bilingualness & cognateness, picture–name agreement, 19–39 yr old French/English bilingual college students, 26912
lexical & nonlexical phonological priming in reading aloud, college students, 10134
lexical access & decision modes during polymorphemic word recognition & identification of verb forms in Polish, 32–45 yr olds, 26910
lexical access in isolated word writing vs naming, college students, implications for verbal production assessment in brain-damaged patients, 222
lexical codes, retention of verbal information in working memory & event-related brain potentials, 22–46 yr olds, 36234
lexical form class information & ambiguous referents, word-to-object mapping, 3–4 yr olds , 13939
lexical priming performance in free recall & recognition memory & verbal fluency assessments, 8–18 yr olds with heavy prenatal alcohol exposure vs Down syndrome, 27932
lexical retrieval of simple & morphologically complex words, 24 yr old with Broca's aphasia with severe agrammatic speech & phonological dyslexia, 28181
lexical-semantic processing, blind or low vision vs sighted 10–13 yr olds, 31361
lexicality (word vs nonword) of Kanji character partial-repetition priming, orthographic activation processes underlying lexical access, native Japanese-speaking college students, 29596
lexically based sources of information, phonetic categorization, 48–84 yr old patients with aphasia, 18350
masked homophone vs pseudohomophone priming, lexical access, college students vs 9–10 yr olds, 7392
masked phonological priming approach to visual word recognition, Dutch–French bilingual speakers , 6841
mechanical dimensions of word priming processes in mental lexicon structure & retrieval & lexical access, 29552
mental lexica estimated by semantic associations with sound-related vs not-sound-related words as measure of verbal concept knowledge organization, deaf vs hearing college students, 28232
model for lexical access to pronoun production in German, 17–38 yr old native German speakers, 13308
modularity hypothesis & context effects in early lexical processing, 19819
morpheme-based & full-form lexical access routes in morphological processing models in recognition of written Finnish nouns, undergraduate students, 10198
morphology & inflection of prime word, RT & activation & processing & lexical access of compound words, 20–40 yr old native Polish- vs Greek speakers, 29572
naturally occurring & experimentally induced tip-of-the-tongue experiences, 18–24 vs 60–74 vs 80–92 yr olds, 30124
nicotine, improvement in word recall & lexical association & role of effortful processing, 20–44 yr old minimally deprived smokers, 4259
non-stimulus-based response strategies & subjective threshold, magnitude of phonemic mask reduction effect, adults, 10151
object shape vs function, lexical extension, 3 & 5 yr olds vs adults, 33615
phonemic vs semantic vs alternation word fluency, patients with Parkinson's disease (mean age 66.4 yrs), 15051
phonological vs semantic processing RTs in object identification, young (mean age 20.8 yrs) vs older (mean age 67.5 yrs) adults, 13280
phonology & reading skill, activation of word meanings in texts & detection of homophones during reading, college students, 29567
priming & lemma access during anaphoric lexical access, incidental lexeme activation & reading errors, native English-speaking adults, 29598
probabilistic phonotactics & density of spoken-word phonological neighborhood similarity, RT & sublexically- vs lexically-biased processing of nonwords vs words, 29607
processing of palindromes, 64 yr old male with acquired visual neglect dyslexia, 1872
radical & semantic relationship between target & prime, processing of Chinese characters in character decision task with phonetic compounds targets, native Chinese speakers, 23622
repetition of word vs non-words & expressive language skills & influence of lexical stress on repetition skills, 5-yr-olds with language impairment, 27937
revised generate-recognize model of recall, production & recall & recognition of high-frequency & low-frequency words, college students, 36257
same- vs different language word pairs, picture naming in Catalan vs English, 18–25 yr old bilingual college students, 36665
semantics & lexical integration, 21–33 yr olds, 19808
sentence context & grammatical gender, lexical access in Italian, 20–27 yr olds, 36663
sex, phonological processing of matched letter strings & unfamiliar words & access to pronunciations of familiar words, college students, 16594
simple vs visual vs cross-modal priming & inflectional change during word derivation, RT & lexical access & decision of derived words, 19–24 yr olds, 29604
simulation model of priming effects & lexical access & related-word meaning retrieval & sense selection in context, 29547
singular morpheme vs precompiled words as unit of lexical access in Chinese speech comprehension & production, 29586
stimulus parameters & probe acoustic richness & lexical & phonemic recognizability, RT & oral word recognition & lexical access, Croatian-speaking college students, 29549
studied probability lexicon structure & hemispheric interaction in patients with depression or mania or schizophrenia, 34061
sublexical locus for repetition blindness during illusory words paradigm, Os, 26339
theory & computational model of lexical access in development of speech production, commentaries & reply included, 16541
use of lexical prosody for lexical access & decision following prosodically congruent vs incongruent auditory prime in Japanese, university students, test of lexical prosody in Japanese vs English, 23632
use of sense selection & creation for interpretation of eponymous verb phrases & ordinary lexical ambiguities during memory retrieval processes, college students, 32973
visual errors & disturbed lexical candidate activation of semantic representations in oral reading, male 52 yr old with acquired dyslexia & mild aphasia following cerebrovascular accident, 37804
word blend errors, word frequency effects occurring at lemma vs lexeme level of lexical access, 29577

word familiarity, differential cognitive processes in perceptual identification vs word stem completion priming, adults, 10132
word length effect, word recognition, college students, 23101
word morphological & mono- vs multimorphemic complexity, lexical access & decision & word recognition RT, native Turkish-speaking 18–36 yr olds, 29560
word morphology errors & lexical access & processing of compound words during oral reading, 46-yr-old male with dyslexia & Broca's aphasia, 31281
Lexical Access [See Also Lexical Decision]—Chapters
Competition, attention, and young children's lexical processing, 13979
Early lexical development, 23740
Effect of first language phonological configuration on lexical acquisition in a second language, 300
How is access representation organized? The relation of polymorphemic words and their morphemes in Chinese, 13337
Is there phonologically mediated access to lexical semantics in reading Chinese?, 13344
Lexical deficits, 5436
On the emergence of grammar from the lexicon, 13967
Use of prelexical and lexical information during Chinese sentence reading: Evidence from eye-movement studies, 13329
The world of words: Thoughts on the development of a lexicon, 23742
Lexical Decision—Serials
ambiguity & high vs low lexeme frequency in semantic vs syntactic priming, time course of lemma retrieval in lexical decision, native speakers of American English, 29537
auditory–visual modality priming, orthography activation in lexical decision in visual word recognition task, adults with vs without surface dyslexia , 14852
backward semantic priming, N400 & RT lexical decision task, adult Ss, implications for spreading activation vs expectancy vs semantic matching/integration as source of backward priming, 3535
base morpheme position & prime characteristics & morphological vs semantic vs orthographic similarity, morphological processing & lexical decision latency, 29551
behavioral & ERP masked & unmasked repetition priming in lexical decision task, 63–86 yr olds with Alzheimer's disease, implications for theories of implicit memory, 24846
case alternation & orthographic neighborhood size & visual field in left vs right cerebral hemisphere during lexical decision task, college students, 26590
changes in speaker normalization & lexical discrimination, spoken word recognition, adults with dementia of Alzheimer's type, 8673
cognitive mechanisms of & hemispheric dissociations in semantic priming & lexical decision, college students, 33221
coherent motion detection & letter positioning performance in lexical decision & RT task, adults with good vs poor detection ability, 3428
contextual constraint in lexical ambiguity resolution in cerebral hemispheres, college students, 6872
contribution of lexical & semantic processes in automatic semantic priming of compound words, 17–51 yr old college students, 7298
dissociated backward priming effects in lexical decision & pronunciation, college students, 16589
electrophysiological analysis of between- vs cross-modality word repetition & priming effects, lexical decision, 18–30 yr olds, 29955
emphatic stress, children's novel word learning, 6–9 yr olds with specific language impairments, 8468
ERP correlates of lexical processing & repetition priming, 26–77 yr old stroke patients with anterior vs posterior lesions in dorsolateral prefrontal cortex, 2095
facilitatory English vs inhibitory French & Spanish neighborhood effects, lexical decision task, native English-speaking Australian adults, 3566
grammaticality & morphology & semantic interpretability, morphemic pseudoword lexical decision & acceptability & word naming RT, humans, 29539
haloperidol maintenance therapy & visual event-related potentials, sensitivity to semantic context & expectancy-based mechanisms, male schizophrenic inpatients, 25151
high vs low surface frequency of suffixed words, morphological processing & cross-modal priming & lexical decision, native French-speaking Ss, 29582
highly vs lowly similar auditory primes, interference vs facilitation in lexical decision strategies, adults, commentary reply, 29561
highly vs lowly similar auditory primes, interference vs facilitation in lexical decision strategies, adults, comment, 29558
importance of inhibitory abilities & semantic context to spoken word recognition, young (mean age 20 yrs) vs old (mean age 75.5 yrs) Ss, 30136
incremental masked priming, lexical decision vs semantic categorization of non-cognate translation equivalents, highly skilled English–French bilinguals , 7299
individual differences of sex & handedness & menstrual cycle & perceptions of masculinity, hemispheric specialization of lexical vs nonlexical routes in reading letter strings, college students, 16955
lexical access & decision modes during polymorphemic word recognition & identification of verb forms in Polish, 32–45 yr olds, 26910
lexical decision performance, competitor priming in spoken word recognition, 17–47 yr olds, 237
lexical representations & lexicalization processes & target–error resemblance in contaminational & semantic & formal & mixed French word substitution speech errors, 30090
lexical vs morphosyntactic features of noun numerosity, lexical decision & psycholinguistic processing & comprehension of mass & plurality & singularity, English-speaking 18-58 yr olds, 29557
lexical-semantic distinction in unaccusative vs unergative verb, English-speaking learners of Chinese, 33566
mediated priming performance in lexical decision task, younger vs older adults, 20482
models of & lexical effects during phonetic decision making of words & nonwords, listeners, 32922
nature of phonological encoding during spoken word retrieval, college students, implication for 2-stage sequential model of encoding, 26411
nature of phonological encoding during spoken word retrieval, undergraduates, implications for 2-stage sequential model of encoding, 10143
neighborhood size effects, word identification during reading & lexical decision tasks, Os, 26406
neural pathways, processing of concrete vs abstract words, 22–26 yr olds, 20111
nicotine administration & lexical decision-making, 19–25 yr old habitual smokers, 16583
novice vs advanced vs no computer programing knowledge, reliance on BASIC program semantics in lexical decision tasks, college students, 255
optional epenthetic vowel in pseudo- vs real words, lexical decision & word recognition & perception & processing as bisyllabic vs monosyllabic, Dutch-speaking college students, 23087
orthographic & phonemic resemblance of target to correct word, Chinese word recognition, Chinese dominant bilinguals, 23083
phonological interference & word frequency & Chinese character components, semantic judgements in Chinese character identification, native Chinese speakers, 23117
phonological processing & homophone discrimination, left vs right handed college students, implications for genetic influence, 26570
picture-word interference, determiner selection in noun phrase production, Italian speakers, 23103
pitch accent, spoken-word recognition & lexical decision in Japanese, college students, 13230
pitch accent, spoken-word recognition & lexical decision in Japanese, college students, erratum, 32868
primed picture naming & lexical decision & vocabulary performance, 10–13 yr olds with reading disability , 30979
priming in left &/or right visual fields, RTs in lexical decision, adults, 26616
priming, morphological decomposition of German past participle & noun plural formation, college students, 36240
processing lexically embedded spoken words in 1st-syllable vs 2nd-syllable position, college students , 6856
processing of gender & number features in selection of pronoun antecedents in Italian, students, 30093
psychotic symptoms & failure to maintain cognitive set & motor coordination & stereotypy & global functioning & IQ, lexical choice decision RT, schizophrenic patients, 4967
recency & lexical preferences in Spanish relative clause attachments, Spanish speaking students, 32911
referential context & lexical frequency, syntactic ambiguity resolution in discourse, college students, 246
representation & processing of tone in Mandarin Chinese via naturalistic slips of the tongue from tape-recorded radio call-in programs, 30092
role of word age of acquisition & word frequency & phonology in lexical decision task, college students, 32910
RT in recognition of scatological vs nonscatological words in lexical decision task, patients with Tourette's syndrome, 28205
self-esteem & body-shape & -weight concerns assessed in subliminal vs supraliminal lexical decision tasks, female high-restrained eaters, 18182
semantic priming for new word associations & storage in semantic memory & perceptual identification during study vs lexical decision after study, college students, 32969
signal detection assessed changes in discrimination & RT bias in lexical decision, healthy 18–27 vs 59–84 vs 58–84 yr olds with Alzheimer's disease, 28183
simple vs visual vs cross-modal priming & inflectional change during word derivation, RT & lexical access & decision of derived words, 19–24 yr olds, 29604
sources of sentence constraint on lexical ambiguity resolution, undergraduates, 252
spatial attention, lexical decisions to lateralized target letter-strings appearing either along with distractor or empty field, adults, 6778
stem homographic vs allomorphic word priming & level of lexical processing, inhibition of target recognition & confusion of inflectional stems & representation & processing, native Spanish speakers, 23051
subjective rating & lexical decision in irregular nouns within idiomatic verb phrases, native Finnish-speaking college students, 29585
sublexical processing during complex Chinese character reading, native Chinese speakers, 23118
syllabic strength & lexical boundary decision strategies & nature of dysarthric speech signal, mismatch, 21–50 yr old normal listeners, 194
task with single presentation lexical decision & high vs low proportion of directly vs mediated-related word pairs, RTs & N400 amplitude in ERPs in left vs right hemisphere, 20–30 yr olds, 29918
taxonomic assumption & shape similarity, word learning & lexical decisions on noun category bias task, 18–24 mo olds, 17279
unimpaired word & nonword reading & written lexical decision, adult male with graphemic buffer impairment, 5352
use of lexical prosody for lexical access & decision following prosodically congruent vs incongruent auditory prime in Japanese, university students, test of lexical prosody in Japanese vs English, 23632
vestibular stimulation, right ear advantage in dichotic lexical decision performance, males (aged 21–37 yrs), 23110
visual repetition priming, phonology in visual word identification, adults, 10702
visual word processing & word meaning priming, semantic activation, 16–18 yr old fluent in 2 Serbo-Croation alphabets & lexical decision, erratum, 13292
visual word processing & word meaning priming, semantic activation, 16–18 yr olds fluent in 2 Serbo-Croation alphabets & lexical decision, 3552
vocabulary ability, visual word recognition in standard lexical decision task, younger (ages 18–44) vs older (ages 61–93 yrs) Ss, 16494
Lexical Decision—Chapters
A cognitive theory of orthographic transitioning: Predictable errors in how Spanish-speaking children spell English words, 13971
Liberalism—Serials
beliefs in responsibility & improvement associated with liberal-conservative justice beliefs, 13–82 yr olds, 17611
liberal commitment to individual autonomy vs communitarian concern for cultural integrity & survival of group identity, 1215
state support for cultural identity school in a liberal democratic state, 6101
Liberalism—Books
Doing justice: Liberalism, group constructs, individual realities, 17444
Liberalism (Political) [See Political Liberalism]
Libido—Serials
evolution of psychoanalytic thinking on sexuality & remodeling of ambiguous potential space between "Lust" & libido, 30544
Librarians—Serials
career & organizational commitment, empowerment & service recovery & work attitudes, medical librarians, 16098
presence of school librarian & community environment, reading literacy, 3rd graders, 2917
prevalence of adaptive &/vs maladaptive narcissism, university faculty vs clergy vs politicians vs librarians, 1323
Libraries [See Also School Libraries]—Serials
eXpTools C++ class library for animation & tachistoscopic presentation & response timing & cognition & perception research utility, 36092
virtual corporate library, community building & knowledge sharing & collaboration, 35664
Libraries [See Also School Libraries]—Chapters
Accessing legal literature, 9735
Libraries (School) [See School Libraries]
Librium [See Chlordiazepoxide]
Licensing (Professional) [See Professional Licensing]
Licensure Examinations [See Professional Examinations]

Licking—Serials
detection of dodecyl propionate & anogenital licking responses, Wistar rat mothers with surgical removal of vomeronasal organ vs zinc-sulfate nasal irrigation, 29674
factors in measurement & control of licking behavior, rats, 590
icv glucagon-like peptide-1 amide, sham feeding & licking, male rats, 4095
interaction of nicotinic or muscarinic receptor mechanisms with apomorphine-induced licking behavior, male albino mice, 17124
intermittent amphetamine, lick speed acceleration hypersensitivity, male rats, implications for involvement of internal clock, 13692
length of fluoxetine treatment, excitability & fearfulness & dominance & territorial aggression, dogs with acral lick dermatitis, 14 wk study, animal model of obsessive-compulsive disorder, 3786
parental care & anogenital licking received by parents & exploration of novel stimuli, infant marmosets, 29726
serial feature-positive discrimination training within conditioned lick suppression preparation, latent inhibition & learned irrelevance of occasion setting, rats, 19950
Lidocaine—Serials
lidocaine in histaminergic neurons of tuberomammillary nucleus, memory & learning during inhibitory avoidance paradigm, male rats, 33398
response to lidocaine, males vs females assessed in pressure- pain paradigm, 4255
Life Change [See Life Experiences]
Life Expectancy—Serials
ad lib feeding vs food deprivation & cage-switching-induced stress, body temperature, female Ames dwarf mice, implications for thyroid-hormone thermogenesis &/vs longevity hypotheses, 33340
adult religiosity, longevity & physical health & health behaviors & psychological well being & SES & social support, male vs female Ss from LA. M. Terman's 70-yr Life Cycle Study, 28562
classroom demonstration of estimation of life expectancy, undergraduate psychology students, commentary, 32236
classroom demonstration of estimation of life expectancy, undergraduate psychology students, 32216
contribution of social arrangements to attainment of successful aging & positive well-being & high life, elderly members of Kibbutz communities, Israel, 1978–1998, 33702
gene mutations in extension of life span & stress resistance, Drosophila melanogaster, 702
life expectancy & causes of death, persons treated for serious mental illness, 1989–1994, 30566
life experiences & prevalence & life expectancy & early aging & changes in social policy & needs & expectations, individuals aging with intellectual disabilities, Canada, 1886
perception of life expectancy, mental representations of social partners, healthy 18–88 yr olds vs HIV-negative vs -positive asymtomatic vs -positive symptomatic gay men, 1972
phenomenological approach to research on perceptions & experiences of living with illness, females of childbearing age with ovarian cancer, 18323
positive vs negative initials of personal name, male vs female life expectancy, 37222
presence of Alzheimer's disease or vascular dementia vs physical or psychiatric disorders, prediction of 7–yr survival rate, 85 yr olds, 5299
simultaneous nutritional manipulation & laboratory selection, life span & starvation resistance & early fecundity, fruit flies, 20209
social network functions & patterns, longevity, Swedish vs American elderly, 25 yr study & 19 yr study, 23810
trust & self-rated health & psychological well-being & life satisfaction, 55–80 yr olds, 8 & 14 yr follow-ups, 7590
Life Expectancy—Books
The changing nature of pain complaints over the lifespan, 31088
Life Expectancy—Chapters
Life-span perspectives on development, 17225
Life Experiences—Serials
acknowledgement of regret about life choices, decision to make changes in life course, women in midlife, followup study, 11237
age & gender, experience & consequences of life stress, 8–12 vs 13–18 yr olds, 23783
age & period & family life course events, religious influence on daily life, adults, 12 yr study, 36919
age & sex & marital status continuity vs change & psychological well-being, 19–65 yr olds, 1987–93, 1124
age & stressful critical experiences, just vs unjust & benevolent world view assumptions, 25–59+ yr olds, 7774
analysis of narratives of chronic pain in later life & conventions of storytelling, adults' stories of pain experiences, 14078
autobiographical account of relationship with dance/movement therapy & personal life/group experiences, C. Schmais, 31755
Big Five personality traits & correlations with life course variables, male college students, 45 yr study, 20944
changes in daily hassles & life events & coping & type A behavior, biological & lifestyle risk factors for coronary heart disease, 27 yr olds, 2 yr study, 12290
child experiences & personal background & intentions & content of projects providing assistance & care, urban street children under 18 yrs old, Kenya, 27081
cognitive styles & life events, prediction of depressive & hypomanic mood swings, college students meeting criteria for cyclothymia or dysthymia or hypomania, 17856
conceptual model & outcome measurement of palliative care based on life cycle/developmental model of human experience in critical transitions, 16366
contribution of life events in pseudoseizure occurrences, adult precipitants, 11777
coping strategies & responses to intrusive memories & PTSD & other psychiatric symptoms, ambulance service workers, 37397
crisis & critical incident stress management interventions & group debriefing, 38480
cross cultural validity of Thinking Styles Inventory & relationship between Thinking Styles & age & sex & college class level & work & travel experience & creativity, 19–50 yr old students, Hong Kong, 14340
defense mechanisms & narrative strategies in life stories, 7922
developmentally-based life skills approach to mental health counseling, contributions of D. K. Brooks, 34783
discrete stress of negative life events & family environment, behavioral adjustment, 8–16 yr olds with chronic diabetes, 28027
disease risk behaviors during major life transition, men vs women 14–21 yrs old, 31823
distress & professional impairment due to work factors & life events, psychologists in clinical practice, implications for training & administration & the profession, commentary, 9381
early attachment experiences & sexuality-related indices, male vs female pornography readers vs nonreaders, application of life history theory, 27083
ethical dilemmas in process of research into life histories, 18–20 yr old women with learning difficulties, 15803
experience of & traumatic emotional reactions to restraint & forced medication, psychiatrically hospitalized female patients (aged 32–53 yrs) with history of childhood sexual abuse, 32006
experience of loss & other life situations & events, onset & maintenance of drug use, inner-city African American women, 34374
experiences & development of missionary children & their families, 27131
exposure to traumatic events & social support & self-efficacy & ethnicity & gender, self-health assessments, 13–17 yr olds, 36788
Guided Imagery & Music therapy, life changes, 16–83 yr olds, 21997
impact of flood, psychosocial factors & cognitive performance, elderly (mean age 71 yrs), 22743
importance of Scale of Central Issues variables & relation to ratings of developmental transition & life experiences, college students, implications for model of Centrality, 27396
individual differences in subjective happiness for perceiving & interpreting & thinking about life events, college students, 4786
individual life experiences & working status vs institutionalized retirement criteria, self identification as retiree, 55–75 yr old Black vs White vs male vs female nursing home residents, 33716
inter-rater reliability of War Events Questionnaire, psychiatric patients, 22837
intersection of history & generations & life course, identity, 65+ yr old gay & lesbian individuals, 30366
life context & personality, individual differences in intellectual development, 62–79 yr old World War II veterans, 6833
life course cohort studies as form of research on schizophrenia, 24295
life events & infections & symptoms during year preceding disorder, patients (mean age 39.5 yrs) with chronic fatigue syndrome, 21492
life experiences & prevalence & life expectancy & early aging & changes in social policy & needs & expectations, individuals aging with intellectual disabilities, Canada, 1886
life history & satisfaction & suicidal intent, older women, 1696
life history calendar applications for gathering retrospective event history data, 33720
life stress & aging, interleukin-6, caregivers of Alzheimer's patients (mean age 70.9 yrs) vs women assessed before moving residence (mean age 79.6 yrs) , 36895
life stressors & alcohol drinking behavior, late-middle-aged & older females vs males, 4 yr followup, 24514
lifelong productivity, female researchers on L. Terman's longitudinal study of genius, 35564
lived experience & meanings of caregiving for children with end stage renal failure, 19–57 yr old mothers & their 1–18 yr old children, 24713
long-term impact on affect & life experiences & understanding of sudden infant death syndrome, 33–55 yr old parents, 12–15 yr follow-up study, 37152
materialism–status concern & money attitudes & life-task dimensions & Big Five personality correlates & career decision making, 16–36 yr old college students, 38943
maternal psychopathology & family climate & life stresses as correlates/predictors of stability & change in psychiatric disorders, 2–5 yr olds, 42–48 mo study, 8005
measurement & nature & consequences of stressful life events, homosexual HIV-positive males, 18312
methodological issues in use of women in construction of life narratives in feminist research, commentary, 27246
methodological issues in use of women in construction of life narratives in feminist research, 27224
model of relationship between stress & negative life events & suicidal behavior, adolescents, 5052
motivation & life circumstances & patient's ability to participate in therapeutic process, assessment of suitability for psychotherapy, 18534
motivation for collective action & personality & life experiences & women's rights activism, midlife women & women's rights activists, 33817
narratives of aging & life as a story, 14080
neighborhood, experience of life stress, urban 14–17 yr olds, 27023
optimism, depression & coping & anger & life events, rural 14.05–19.82 yr olds, 10873
personal competence & meaning of experiences living with memory-impaired partner & use of formal support services, spousal caregivers, 35254
personality & teasing history, perceptions of & life narratives of childhood teasing events, college students, 33969
positive & negative life events & perceived stress during transition to supported community accommodation, 21–38 yr olds with intellectual disability, 5 mo study, 8449
premorbid lifestyles & type A behavior & life events & coping behavior, patients with vascular dementia vs dementia of Alzheimer's type, 2063
premorbid risk factors & life experiences, elderly patients with late paraphrenia & depression, 21028
psychoanalytic reconstructions of past events & possibility of dynamics in analytic present displaced to historical past, 18640
psychodynamic & object relations & self psychological perspectives on money taboo as it affects everyday life & psychotherapy, 38200
psychometric properties of Trauma History Screen, measure of frequency of & age at which trauma occurred, females with trauma-related psychiatric disorders, comparison with 3 other measures of trauma , 29354
psychosocial resource loss vs gain & change in life events & depressive symptoms in structural equation modeling of stress & coping dynamic processes, adults, 10 yr study, 30501
quantity & types & timing of stressful life events & perception of causality on current life situation, homeless adults, 10867
rates of violence exposure & perpetration, male Army recruits vs adolescents from suburban & inner city high schools, 24394
recent adverse life events & completed suicide, victims with vs without schizophrenia, 30717
recent death vs myocardial infarction of husband, event decay & onset of depressive & anxiety disorder, wives, test of vulnerability/resilience models, 21053
reliability & validity of Appraisal of Life Events scale, adults, 19593
social phobia & negative events & chronic stress in childhood, adolescent & adult drug problems, 16–64 yr olds, retrospective study, 11607
sociotropy vs autonomy personality styles & perceived stress associated with interpersonal or achievement focused hypothetical life events & vulnerability to dysphoria, 18–48 yr olds, 12-wk study, 4913
strengths & vulnerabilities via life experiences prior to assault & factors influencing recovery, 18–40 yr old sexually assaulted females with high vs low distress response, 30838
strengths perspective on benefits of adversity & introduction & management of benefit content in social work practice, clients who have experienced adverse events, 38529

stressful life events & maturity of defense mechanisms, 11–18 yr old female psychiatry patients, 37255
stressful life events 12 mo prior to incarceration, psychological well being, 19–49 yr old incarcerated female offenders, implications for nursing, 11669
structures and processes of transformational experiences, individuals with Type I diabetes (24–81 yrs old), 38423
survivor characteristics & experience, 54–92 yr old Holocaust survivors in long stay psychiatric setting, 9210
theoretical expectations vs lived experience, children growing up with parent with multiple sclerosis, 34607

Life Experiences—Books

Adolescence, adulthood and old age, 20626
Face[t]s of first language loss, 17167
Gifted grown ups: The mixed blessings of extraordinary potential, 14344
Identity's architect: A biography of Erik H. Erikson, 19562
Life after trauma: A workbook for healing, 21010

Life Experiences—Chapters

Culture, sexuality, and shame: A Korean American woman's experience, 21714
Diverse directions: Young adults' multiple transitions, 14076
Field research on the relationship between stress and disease activity in rheumatoid arthritis, 28063
Identification and treatment of traumatic life experiences, 99
The normal development of subpersonalities, 20646
Psychoanalysis, the life story, and aging: Creating new meanings within narratives of lived experiences, 2260
Rheumatoid arthritis, personality, stress response style, and coping with illness: A preliminary survey, 27503
Social cognition and a psychological approach to the art of life, 33949
Toward a temporal–spatial model of cumulative life stress: Placing late-life stress effects in a life-course perspective, 1023

Life Review—Serials

acknowledgement of regret about life choices, decision to make changes in life course, women in midlife, followup study, 11237
attitudes toward life review therapy, 60+ yr old Chinese- vs European- vs Mexican-Americans, 15069
effectiveness of Visual Life Review as therapeutic art framework, 50-yr-old female with end-stage AIDS, 31756
ego & identity development as understood from continuity perspective & continuous nature of life themes as seen in life reviews, 68–98 yr old Catholic women religious, 27095
